

Chapter 2773

" Argh ..."

Darryl hugged Laura instinctively as he mumbled in his heart. Laura could not help but scream when she realized she was losing her balance.

Bang!

The secret tunnel was not very deep, perhaps ten meters deep. Darryl was carrying Laura, so he landed on the ground first

" You! Let me go!" Darryl had sealed Laura's acupoint and carried her in his arms. She was unable to move and was extremely embarrassed and angry. She was looking around at the same time! Sigh!

Darryl released his hand and looked around; he was stunned instantly! He noticed the secret tunnel was very long and dark, and he had no idea where it would lead. He could see that both sides of the wall were engraved with some exquisite patterns, indicating a restricted area for the royal family

' Where exactly is this?' It doesn't appear to be the Holy Emperor Place! Darryl was a little confused at that moment.

A few years ago, Darryl accidentally broke into Emperor Hou Yi's secret cultivation room. He caused Emperor Hou Yi's cultivation to backfire and died. Later, to obtain the Imaginative Image Pill, Darryl learned from Chang Er that Emperor Hou Yi had a Holy Emperor Place where he stored his treasures

Those two places were the North Moana palace's secret places that no one knew.

' However, this place seems to be even more mysterious than the Holy Emperor Place."

Darryl ignored Laura for a moment as he went inside to explore the place!

Rustle, rustle, rustle ...

However, after only a few steps, he was startled to hear a strange sound from the darkness ahead. That sound was so odd that it defied any description. It sounded threatening

Darryl clenched his brows and raised his eyes to look. He was utterly shocked. He noticed something crawling toward them with fire that flashed all over its body.

Hiss!

Darryl could clearly see its face as it approached him. He could not help but exhale coldly!

It was a Fire Enchanted Beast!

The Fire Enchanted Beast was a rare magical beast that usually hung out near the underground larva. Its entire body would be on fire as it absorbed the power from the larva's heat. Darryl had no idea he would run into one in the secret tunnel. 3

Furthermore, the Fire Enchanted Beast was a level-five Martial Saint with a body over three meters long!

" A Fire Enchanted Beast?"

Laura noticed the Fire Enchanted Beast at the same time. For a brief moment, she was stunned, but she could not help but scream.

Whoosh!

The Fire Enchanted Beast roared and charged directly at Darryl as she screamed. It opened its bloodied mouth and shot a ball of flames at the same time!

The surrounding temperature rose by more than ten degrees instantly, as if the air were burning!

At an instant, the surrounding temperature rose over ten degrees, as if the air was burning!

Laura's eyes blinked with delight when she saw that. This is fantastic. The Fire Enchanted Beast is attacking Darryl. I hope it'll kill him. ' Laura clenched her teeth in rage as she remembered what Darryl had done to her earlier.

However, Laura knew that the power of the Fire Enchanted Beast was too weak. It would not be able to harm Darryl!

When he saw the Fire Enchanted Beast charging toward him, Darryl scolded discreetly. He dashed away to avoid it easily!

Whoosh!

At that moment, a ball of flame flew past Darryl and instantly covered Laura, who was lying there!

Laura's acupoint was sealed, so she could not move at all. She could not avoid it at all!

Whoosh!

Laura's long gown began to melt the next second. Laura, on the other hand, was unharmed. She was the

Incandescent Sect's Sect Master before becoming the Saint Fire Sect's Sect Master. All of the techniques she honed were related to flames. She was unafraid of the fire unleashed by the Enchanted Fire Beast.

Chapter 2774

Whoosh!

At that point, the Fire enchanted beast turned around and locked its gaze on Darryl. Its massive body figure charged at him right away.

' What a beast!

Darryl cursed quietly, dodged to avoid it, activated his internal energy, and

slammed hard on the top of the Fire Enchanted Beast's head. The beast let out a deafening roar. It collapsed to the ground and struggled for a few moments before collapsing completely!

Sigh!

Darryl took a deep breath and relaxed his facial expression. ' A Fire Enchanted Beast dared to act irrationally toward me? It must have assumed that I am someone who can be bullied. He noticed Laura, who was not far away, as he muttered in his heart. Darryl could not help but take a cold breath, and his eyes could not move away from the scene.

Laura's body shape was very alluring. Her long dress was completely charred at the time. Any man who saw her perfect bodyline would not be able to control himself.!

" Darryl!"

Laura was embarrassed and enraged at the same time as she felt Darryl's gaze on her. " Shut your dog's eyes!" she said coldly.

' Shut my dog's eyes?'

Laura would have been wiser not to say that. Darryl immediately walked forward and observed her from a closer distance after she said that!

" You!"

Laura was enraged, and she secretly vowed in her heart. If she could break free from Darryl's grip, she would undoubtedly make him pay twice as much in the future!

" You, Darryl! You must release my acupoint now!" Laura was worried. " It has nothing to do with me that you are looking for Zhang Jue. Besides, I have no idea where he is!"

Laura's tone was not as arrogant as

before when she said that.

Given Laura's personality, she would never give in to Darryl. Even if she had to die, she would not furrow her brow, not even a little. However, she was completely naked at the time, and she would rather die than be looked at like that by Darryl.

Darryl chuckled inwardly, He smiled. " Laura, even if you do not know where Zhang Jue is, I will not let you go. This place is so mysterious; how boring would it be to investigate it alone? It will be much more enjoyable with the company of a lovely lady like you!"

As he spoke, Darryl walked forward and carried Laura in his arms!

What a great scent!

Darryl could feel a pleasant body scent washed over him at that time.

" You ... you let me go!"

" Let you go? Sure. However, I don't know if there are any other Fire Enchanted Beasts in this place. I know you are not afraid of fire, but the Fire Enchanted Beasts not only can breathe fire, but they will also eat people."

" You"

Darryl quarreled with Laura as they walked deeper into the long tunnel; he was in deep thoughts.

On the other hand, Darryl knew that the most important thing then was to find Zhang Jue. However, the location in front of him was enigmatic. He could not help but want to explore it.

They were not sure how long they had been walking when they noticed the light in front of them!

Darryl chuckled inwardly.

Darryl's face lit up when he saw the light in front of him. His entire body was tense. ' If there is light, it means there is something ahead.

Darryl sped up his steps as he thought about it.

Laura was also excited for an unknown reason at the same time. This is such a mysterious location; I wonder what is inside!

Sigh!

After a few hundred meters, the two of them could finally see an opened stone door in front of them! Ancient patterns were carved into the stone door. It was beautiful and emitted a mysterious aura at the same time!

Sh * t!

Darryl could not help but take a deep breath at that moment, ' Why does that place make me feel like I am in the underground palace where Kuafu used to be?'

Chapter 2775

Darryl was at Green Cloud Sect's back mountain about a month ago. Together with Woody and his siblings, he had returned to the Raksasa Tribe's ancestral homeland. They eventually made their way into Kuafu's former underground palace. The environment there was similar to the one he was in then.

Darryl carried Laura and walked through the stone door as he pondered. Wow!

Darryl and Laura were shocked when they entered and saw the situation in front of them. They were taken aback! They saw a massive secret room. North Moana Palace was half the size of that room.

The entire room was constructed out of translucent bricks. It gave the impression of being bright and shiny, much like a crystal palace.

The surrounding walls of the secret room were engraved with images of fairies and clouds. Enchanted beasts, sacred dragons, phoenixes, and unicorns were also depicted. Almost all of the magical beasts mentioned in ancient texts could be found there.

Darryl's eyes sparkled.

Laura was astounded as well, staring blankly at the engravings on the wall. She had the impression she was in the world of ancient myths.

Wow!

Darryl's vision landed in the middle of the secret room after being stunned for several minutes

There was an exquisite crystal throne right in the middle of the secret room. A gorgeous woman sat quietly on the throne; she was in a long white dress, had exquisite facial features and a peaceful expression.

Darryl could feel a strong aura rushing toward his face as she sat quietly. That aura made it impossible to disrespect her in any way; even staring at her felt rude.

That ... who is that woman? Her aura is so strong!

Darryl felt his brain buzzing at that moment, and he was completely stunned.

Darryl had met many women with powerful auras since the establishment of Elysium Gate. Sloan, Quincy, the South Cloud Empress, and even Laura, whom he carried in his arms, were some of those women. Any one of those women could shake the Nine Mainland.

However, the woman in front of his eyes had a stronger aura. Even Chang Er would be overshadowed if she were to stand next to her.

Laura's heart trembled as well; she was nervous for unknown reasons.

Gulp!

Darryl eventually regained control of his thoughts. He tried to keep the shock in his heart at bay. He clenched his fists and bowed to the throne; he said, "Excuse me, may I know your name?"

Darryl was very cautious when he said that, and he even dared to take a deep breath.

Sigh!

The woman on the throne looked at Darryl at that precise moment. "You two young ones are able to find this place, not bad! Not bad at all!" the woman said.

A smile spread across the woman's face as she said, "I am Nuwa!"

What?

Darryl and Laura's hearts trembled at that moment, and they were utterly stunned!

'Nu ... Nuwa?

Did I hear her wrongly; that woman is the Ancient Goddess Nuwa?'

Darryl stared at Nuwa, who was sitting there, blankly. His brain was ringing, and his body trembled. Ancient Goddess Nuwa's existence was even more powerful than Kuafu's.

After Pangu split the sky and the earth, the Ancient Goddess Nuwa created the five-colored stones to repair the sky, benefiting everyone. Her reputation was passed down over generations until that day. Nobody in the Nine Mainland was unaware of her existence.

"What is your name, Junior?" Nuwa asked Darryl gently.

"I am Darry Darby, Greetings, Your

Highness!" Darryl took a deep breath as he controlled the excitement in his heart and answered honestly.

Right!

Nuwa nodded. Then, she turned toward Laura. "Is this your wife?" Laura's long skirt was burnt by the Fire Enchanted Beast earlier, she had no cover, and Darryl was carrying her. Only a husband and wife could be so intimate in Nuwa's eyes.

Huh!

Laura's lovely face flushed with embarrassment at the time. She wanted to retort, but when she felt Nuwa's powerful aura, she was at a loss for words.

Chapter 2776

Darryl chuckled inwardly, He was delighted to see Laura's expression

Darryl turned to the Ancient Goddess Nuwa and said politely, "Laura, as you may have guessed, is my wife. A Fire Enchanted Beast attacked us, and our clothes were burnt. I apologize for appearing in such an embarrassing state.."

Laura had attempted to kill him several times before allying with Zhang Jue. Darryl, of course, would take advantage of such a good opportunity

"You--"

Laura bit her lips; she was furious. "Who is your wife? Don't blow your own trumpet."

"How could he say that when I kept quiet!

"You are not my wife? Then, why did you let me hold you like that?"

"Is that not your fault?"

"That is your fault, Laura. The secret tunnel was in your room. I don't believe that you don't know anything about it. As far as I can see, you must have admired me, so you deliberately fell in there with me, right?"

"Pfft!"

The two quarreled.

"Alright, alright!"

Their argument made the Ancient Goddess Nuwa frown. She said softly, "Just be quiet; this is my secret cultivation location. We must have a predestined relationship to be able to meet today! I will give you both a gift later!"

A gift?

Both Darryl and Laura were shocked and inexplicably excited!

' How lucky am I ?! I thought this mysterious place would be dangerous because we encountered a Fire Enchanted Beast; I did not expect to meet the Ancient Goddess Nuwa and receive a gift from her!

The Ancient Goddess Nuwa said, "' After I give you the gift, I will be gone as well. This is only a trace of my consciousness in the Nine Mainland. You are lucky to be able to see me! "

' Consciousness? '

Darryl was taken aback, but then he realized what it meant.

The Ancient Goddess Nuwa was the same as Kuafu that Darryl had met before that. They had already overcome the catastrophe and ascended, leaving behind a touch of their consciousness in the Nine Mainland. The consciousness only stayed in where the person once cultivated. When outsiders broke into that area, the consciousness would be woken, and then it would quickly disappear too!

" Those two beads are my gifts! You both should have it."

The Ancient Goddess Nuwa smiled and slowly raised her jade-like hand. They saw two streaks of bright light as it flew toward Darryl and Laura. However, the one that flew toward Darryl was black, while Laura's was white.

Buzz!

Darryl and Laura were inexplicably excited to see the flying beads. At the same time, they sensed a strange force that made them involuntarily open their mouths.

Gulp! Gulp!

Darryl and Laura both swallowed the bead as soon as they were free of the strange force.

Darryl felt an incomparably full force disperse into his limbs instantly, and the internal energy in his energy field increased sharply all of a sudden,

' What kind of a bead is that? Why is it so strange?'

Darryl was shocked

At the same time, Laura trembled. Her sealed acupoints were relieved. Not only that, but her energy field's

internal energy had instantly recovered to its peak.

Oh ...

Laura was inexplicably excited. Not only were her acupoints relieved, but her internal energy had strengthened as well. What an amazing gift from the Ancient Goddess Nuwa!

Laura, who was still recovering from the shock, did not forget to stare at Darryl next to her.

Chapter 2777

That b * stard! He humiliated me so much! When there's a chance, I will make sure he suffers!

Whoosh!

Just as Laura contemplated that in private, Ancient Goddess Nuwa smiled and beckoned at her. " Come on, you two! Come forward!"

" Yes, Your Highness." Darryl did not have time to think, so he responded quickly and took a step forward. At the same time, Laura also slowly went forward!

" Yes, not bad!"

Ancient Goddess Nuwa stared at Darryl and nodded approvingly. " It's really rare for one to have such a high level of talent at such a young age. I am relieved to pass my secret technique to you!"

Then, the Ancient Goddess Nuwa's eyes fell on Laura!

Buzz!!

The next second, Darryl noticed a tyrannical aura erupted from the Ancient Goddess Nuwa. Laura was completely engulfed in it in an instant! She had not yet reacted, but her delicate body trembled, and she was unable to move!

" Empress ..."

Laura was flustered inexplicably as she looked at the Ancient Goddess Nuwa blankly. She had been murderous toward Darryl previously, and she could not help but wonder if Ancient Goddess Nuwa was aware of it.

However, it was both Darryl's and her first time seeing the Ancient Goddess Nuwa. It was impossible for Ancient Goddess Nuwa to deal with that on her own.

A few seconds later, the Ancient Goddess Nuwa withdrew her energy, stared at Laura, and said softly, " Even though you are very talented, it is very

rare for you to achieve such a high level in the cultivation. Women are cold, and the fire is amazing. It should be helpful in the long run."

Then, the Ancient Goddess Nuwa pondered momentarily and continued to say, "It must be destiny for you to meet me here. I will help you take care of it later."

The Ancient Goddess Nuwa still thought that Laura and Darryl were husband and wife.

"Empress ..."

Laura's face was flushed, and she was very anxious. "Actually, we-"

'I can't wait to kill Darryl. I hate him; how could I be his wife?'

However, after only a few words, the Ancient Goddess Nuwa interrupted her.

"I'm running out of time." Ancient Goddess Nuwa smiled and said, "I have two types of unique techniques, one is a pure Yang technique, and the other is a pure Yin technique. Since you are husband and wife, both of you can learn one each."

The Ancient Goddess Nuwa raised her hand, and two books appeared in her palm. She handed them to Darryl and Laura!

"You are kind people. I hope that you will learn the techniques and be able to benefit the Nine Mainland!"

The Ancient Goddess Nuwa sat with a quiet smile on her face, and at the same time, the beautiful figure gradually faded away.

Darryl chuckled inwardly.

He was so excited that he looked at the Ancient Goddess Nuwa and said respectfully, "Thank you very much!"

He could not wait to open the secret manual. There was no word on the cover, but the techniques recorded in it were highly mysterious.

Soon, Darryl was immersed in it.

Laura, who stood next to him, changed her facial expression instantly. She was overwhelmed with feelings

When her eyes fell on Darryl, her resentment gleamed even more. Darryl had humiliated her, and the Ancient Goddess Nuwa had misunderstood

them as husband and wife. Then, both of them had received her techniques. The Ancient Goddess Nuwa Empress's techniques were extraordinary, so she must not allow Darryl to cultivate

them successfully.

The Ancient Goddess Nuwa's figure became more illusory as if she could disappear at any time. Laura gritted her teeth to calm her heart.

" Darryl, go to hell!"

The next second, Laura yelled. She raised her palm and hit Darryl's back. At the same time, Darryl was utterly immersed in the secret manual, and he did not expect that Laura would suddenly make a move to attack him right in front of the Ancient Goddess Nuwa.

Chapter 2778

" What are you doing?"

Ancient Goddess Nuwa was taken aback to see what Laura had done. She shuddered and looked at Laura in disbelief.

' Aren't they husband and wife? Why did she suddenly do that?'

The Ancient Goddess Nuwa did not know that she had completely misunderstood the two to be husband and wife. They were, in fact, enemies. Darryl was also alerted by the sudden danger. He instinctively tried to dodge i but he was too close to Laura, so it was too late.

Boom!

The palm attack hit Darryl's back, and the man groaned. He was sent several dozens of meters backward before falling heavily onto the ground and coughing up mouthfuls of blood.

Darryl's eyes were blood-red as he stared at Laura fiercely.

Laura was cruel. Even though Darryl had humiliated Laura, he did nothing more to her. At most, he only checked her out a few times and hugged her for a while. ' Did she try to kill me all because of that?'

What?

Darryl struggled and was about to speak, but he was stunned when he saw what had unfolded in front of him. Laura, who looked smug as if she was pleased with herself, was trembling. Her face was ashen, and then, she spurted a mouthful of blood. She looked like she was more injured than Darryl.

' What's going on?"

' Why did she attack me, but she looks injured herself? I did not use my internal energy to resist her attack just

now, but even if I did, it is impossible to hurt her so badly.'

Darryl frowned; he was rather dubious about what had happened.

Laura's eyebrows furrowed as her body trembled incessantly. She was also shocked.

' What happened? How did I get hurt?' Laura could feel that her heart vein was severely damaged, but no one did anything to her. The injury was too bizarre.

" You, "

The Ancient Goddess Nuwa sat on the throne and gave Laura a conflicted look. " Why did you attack your husband?"

The Ancient Goddess Nuwa rebuked Laura gently.

Laura bit her lips and replied, " Your Highness, you've misunderstood us. We are not husband and wife. On the contrary, that person is my enemy." After that, Laura threw Darryl a sideways glance.

' Darryl, the b * stard! He is way too powerful; he is still alive after my ambush. If I had known earlier, I would have used my full force in the attack just now.'

' Not husband and wife?'

The Ancient Goddess Nuwa was stunned; her beautiful eyes suddenly seemed conflicted.

A few seconds later, Ancient Goddess Nuwa sighed. " It turns out that I've made a mistake, but you two have already taken my Chaotic Yin Yang Beads; your destiny will be forever linked together. You will live and die together. Nothing can ever change that."

' What? '

Laura trembled and looked at the Ancient Goddess Nuwa blankly. " Your Highness, what are you talking about?" Darryl also looked very confused. He stared at the Ancient Goddess Nuwa as he waited for her answer.

The Ancient Goddess Nuwa breathed a long sigh. She smiled and said, " The beads I gave you two are called the Chaotic Yin and Yang Beads. The black bead is the yang, and the white bead is the yin. Those Chaotic Yin and Yang Beads are spiritual treasures formed when heaven and earth were created, Before heaven and earth were separated, I got them by chance from

the chaotic sky. I have been keeping them since then to this day!"

" That pair of beads look like they are two different beads, but they are actually a set. If the black bead is destroyed, then the white bead will also disappear and vice versa!"

" After you take it, both of you will share that characteristic. In other words, your life and death are tied together now. Therefore, you will also be injured after you attack him. If you had killed him just now, you would also die with him. Do you understand me?"

Chapter 2779

After the last sentence, the Ancient Goddess Nuwa looked at Laura quietly, Err ...

Laura trembled; she was utterly stupefied

' How could that be? I thought that Ancient Goddess Nuwa had given me a kind of peerless pill, I did not expect it to be something so special. Does that mean I would not be able to seek revenge from Darryl for the rest of my life?'

' Kill him, and I can't live ...'
Darryl, who was nearby, was also dumbfounded.

' What ?! My life is tied to Laura's fate? Are you kidding me?'

Then, Darryl cracked a smile; the way he looked at Laura was quite mischievous.

He chuckled inwardly

Laura would not be able to exact her revenge on him in the future, and she had allied with Zhang Jue in vain. The outcome had benefited Darryl instead of causing him harm

" Ancient Goddess Nuwa!"

Finally, Laura reacted and pleaded to the Ancient Goddess Nuwa. " I don't want those Chaotic Yin and Yang Beads in me then. Can you please take them out?"

Laura was in despair when she said that. She could not wait to cut Darryl with thousands of swords, but because of the Chaotic Yin and Yang Beads, she could no longer seek revenge from Darryl in the future. Worse still, she could no longer stand idly by and watch when Darryl was in trouble because if he were injured, she would suffer the same fate.

They were enemies, but their relationship had become a life-and-death relationship. No one would be able to take the drastic change with an open heart, and certainly not Laura. The Ancient Goddess Nuwa shook her head at Laura's plea and said softly, "Things are not as simple as you think. As I told you just now, those Chaotic Yin and Yang Beads are spiritual treasures formed when heaven and earth were created. They will be with the both of you for life once you have taken them. Even I can't do anything about it. " Then, the Ancient Goddess Nuwa pondered and watched Laura. She said, " I don't know what animosities you two have, but it's better to be friends than foe. Both of you took the Chaotic Yin and Yang Beads because of my mistake, but perhaps that was meant to be! Alright, my time is up. What happens in the future is up to you both." After she finished her last sentence, Ancient Goddess Nuwa's figure slowly rose before she turned into a wisp of smoke and disappeared into the air. Only Laura and Darryl were left in the vast crystal secret chamber.

Err ...

Laura bit her lips and stomped her feet; she was disheartened at how things had turned out

' What do I do? Is my fate tied to Darryl forever?'

" Thank you, Ancient Goddess Nuwa!"

Darryl bowed deeply at the place where Ancient Goddess Nuwa had disappeared. Then, he smiled and looked at Laura mischievously. Laura was like a goddess in the world of cultivators. After they took the Chaotic Yin and Yang Beads, her strength had improved by leaps and bounds, which was simply perfect.

" Darryl."

Laura blushed when she sensed Darryl's gaze. She got so angry and yelled, " Look at me again, and I'll dig your eyeballs out." Laura mustered her internal energy and was about to take action.

However, Darryl was at ease. He smiled and said, " Laura, do you still want to kill me? Have you forgotten what the Ancient Goddess Nuwa said? Our fate is now tied together. You kill me, and you will kill yourself!"

Darryl sat cross-legged as he continued to comprehend the secret manual given by Ancient Goddess Nuwa leisurely.

He was not afraid of Laura's ambush anymore. If she did that, she would not live as well.

Laura was furious when she heard that, but she was at a loss for words.
