

Chapter 2816

Yennie did not answer Darryl immediately but looked him up and down. A few seconds later, Yennie's eyes flickered and she said emotionally, " I didn't notice it earlier. You seem like a simple and unimpressive person but you've got the inheritance from the Ancient Goddess Nuwa. "

Darryl was shocked to hear that. ' Laura and I ran into a secret passage under the North Moana Palace, leading to the secret crystal chamber where the Ancient Goddess Nuwa cultivated. I never told anyone about this.

' Moreover, I've just started on the cultivation method from the Ancient Goddess Nuwa and I haven't even reached a certain level yet. How could she possibly see that? Who is she?'

Darryl thought and asked curiously, " Who are you?"

" I don't belong to The Nine Continent. I was sent by the Godly Region. You can call me Yennie or the Nine Saint Oracle," Yenni said with a faint smile on her face. Nine Saint Oracle What does that mean? Darryl's brain was buzzing in confusion.

" The Godly Region is another world that is completely above The Nine Continent. From ancient times to the present, the elites from The Nine Continent who have broken through the Level of Godly realm would go to the Godly Region. You'd probably know what I'm saying now, '! Yennie explained, looking solemn.

' So, that was it.' Darryl's eyes flashed and he nodded. At the same time, he was excited.

' It turned out that Yennie is from the Godly Region. Then, Ghost Valley Sage and Ancient Goddess Nuwa must be in the Godly Region too?' he thought.

" Since you're on Ancient Goddess Nuwa's team, I will take you around the Heavenly Spirit Realm to have a look," Yennie suggested when Darryl became excited. Then, Yennie raised her hand and a sacred breath of aura erupted as a dozen stone pillars suddenly appeared on the top of Kunlun's desolate peak. Darryl was stunned by the scene. ' There are stone pillars around here? Is there a formation?

Darryl saw the stone pillars were worn and each had weathered through wind and rain for at least tens of millions of years, giving it an archaic look.

" Don't be surprised. This is just a Portal Formation, " Yennie explained when she noticed Darryl's shock.

After that, Yennie flew up and she placed her jade-like hand on the middle pillar. Then, she raised her hand and a ribbon flew towards Darryl, wrapping him up. At the same time, Yennie raised her hand and a ribbon flew toward Darryl. The green pasture in front of him was full of exotic flowers and plants. The breeze hit his face and that was fascinating.

' It's so beautiful! Where is this? It's just like a fairyland! he thought.

Chapter 2817

Darryl was dumbfounded and he took a long time to recover from the shock.' Could it be that this is the Godly Region Yennie talked about? '

He asked numbly, " Is this the Godly. At the same time, Yennie raised her hand and a ribbon flew toward Darryl, wrapping him up.

Yennie did it so quickly that Darryl did not have a chance to react. " Hey ..." As soon as he spoke, he saw the Portal Formation enveloped both of them with a dazzling burst of light. Darryl felt that his body was light and fluttering while the surrounding light was so glaring he could not see clearly. The only thing he could feel was the fragrance scent from Yennie's body. Thud!

A few minutes later, Darryl felt his feet touch the ground and the glaring light disappeared. He opened his eyes unconsciously and was stunned by the sight in front of him.

The place looked like a fairyland with its tall mountains, flowing water and pleasant scenery. Not far from him, he spotted a mountain peak and above it, he could vaguely see a pavilion. He asked numbly, " Is this the Godly Region?"

" This is not the Godly Region, but the Heavenly Spirit Realm! This is where I live," Yennie replied softly. Darryl took a deep breath, raised his eyes and saw a few characters were written in cursive script on the mountainside in front of him-Heavenly Spirit Realm!

' Heavenly Spirit Realm? Where is that?' Darryl was startled and puzzled. Yennie saw his expression and said softly, " The Heavenly Spirit Realm is an

independent space, a place that links the Godly Region and The Nine Continent up." With that said, Yennie looked at the pavilions on the mountain emotionally." The supreme ruler in the Godly Region is the Heaven Emperor, who is in charge of the laws of heaven and earth and us. The Nine Saint Oracles were sent by the Heaven Emperor to safeguard The Nine Continent. "

" Us?' Darryl was perplexed as he scratched his head and then asked, " Do you have a companion?" Yennie nodded, " Yes, there are nine of us The nine of us have been stationed in this Heavenly Spirit Realm for thousands of years. Our duty is to maintain the balance between heaven and earth in The Nine Continent."

Darryl gasped and looked around. " It looks beautiful here, but it's deserted. I haven't seen another person."

Darryl was puzzled. Yennie told him that there were nine of them, but no one else showed up

' Could it be ... Did something happen to the Heavenly Spirit Realm?' he wondered. Yennie explained in a gentle tone when she saw Darryl's expression, " You guessed right. Ten years ago, something happened to the Heavenly Spirit Realm, The instigator was the King of the Dead from the Ghost World. The Ghost World is something like the Godly Region. It's another world, which is what you call hell. It's in charge of the cycle of life and death in The Nine Continent, but the King of the Dead is ambitious and has always wanted to rule The Nine Continent!

" Knowing the King of the Dead's ambitions, the Heaven Emperor deployed a Sky Earth Formation in the Nine Provinces to prevent the power of the King of the Dead from infiltrating into The Nine Continent. The Sky Earth Formation was the barrier between The Nine Continent

" However, ten years ago, King of the Dead destroyed the Sky Earth Formation, leading to the disappearance of the barrier between The Nine Continent. The disappearance of the Sky Earth Formation did not only destroy the stability in The Nine Continent but also caused the Nine Saint Oracles to lose contact with the Godly Region. "

Darryl was appalled by the news and he gasped.

So, the barriers between the various continents of The Nine Continent disappeared and so many issues were affected. It was in fact related to the Godly Region, ' he thought
Then, he asked, " Why have you lost contact with the Godly Region? "
Yennie breathed a long sigh and glanced at Darryl." Well, the Heavenly Spirit Realm we are now in is the only place that connects The Nine Continent and the Godly Region. Moreover, the Sky Earth Formation deployed by the Heaven Emperor in the past started from the Heavenly Spirit Realm. "

' So that's how it is! ' Darryl nodded.
Yennie continued, " After the Sky Earth Formation was destroyed that very year, the Nine Saint Oracles lost contact with the Godly Region and were trapped in the Heavenly Spirit Realm. In the past ten years, we thought of many ways to break free but failed miserably. Until recently, we have successfully left the Heavenly Spirit Realm, but we have been sent to different places in The Nine Continent as a result and temporarily lost contact with each other.

" Earlier, I was looking for the other eight Nine Saint Oracles and then I saw you fighting with the King of the Dead's minions. I shouldn't have told you this but you are the heir of the Ancient Goddess Nuwa and you've got special status, so it doesn't matter if I tell you this. In fact, I'll need your help in the future."

After that, Yennie slowly walked towards the peak of the mountain in front of her and said, " Let's go!"

Darryl was stupefied as his mind was bombarded with a lot of information. He found it hard to digest all of it in a short period of time.

Chapter 2818

" Come on!" Yennie nudged Darryl, who stood tooted to the spot
Darryl scratched his head and asked curiously, " Since you've lost contact with the other Nine Saint Oracles, the most important thing now is to find them. Why did you bring me to the Heavenly Spirit Realm?"

" You were poisoned by the King of the Dead before and you were stuck with the Soul Trap Knot; you were losing an alarming amount of internal energy. Therefore, only the Heavenly Spirit

Realm can you heal quickly," Yennie responded slowly. With that said, she glanced at Darryl. " Let ' s leave here as soon as possible once you recover.

Darryl nodded and then walked faster to keep up with Yennie.

Meanwhile, Jack was in an unnamed valley, ordering his followers to watch over the people of the major sects while he sat cross-legged on a rock and recovered quietly

Soon, he let out a sigh of relief and his huge body gradually returned to its normal state, but his eyes were still flickering with rage

' F * ck! I thought taking the pill given to me by the King of the Dead would help me catch that mysterious woman, but she managed to run away in the end. She even took Darryl away. Damn it! he thought. However, he would be able to explain to the King of the Dead that he had caught the people from all the major sects in The Nine Continent. He did not fail his mission entirely.

Jack thought and stood up slowly. Then, he waved his hand and commanded, " Let ' s carry on with our journey!"

Pitter-patter.

Upon the command, his followers immediately escorted the people of the major sects and slowly marched toward the depths of the valley Quincy, Parker and the others were incredibly nervous. They saw a bottomless black hole in the depths of the deep valley in front of them, where the dense fog floated over it and a wave of terrifying Yin Energy constantly permeated from the black hole.

' Where are they taking us?" they wondered.

Finally, Parker could not hold it in and shout at Jack, " Hey, where are you going to take us? I Let us go quickly, otherwise, you will die miserably."

Parker was threatening them.

Quincy also said coldly, " Yes, don't forget who we are. Have you thought of the consequences of doing this to us?"

Jack laughed, feeling amused. "

Consequences? I am not afraid of the consequences. When you enter the Soul Offering Road, you will no longer be human. Why would I be afraid of facing a bunch of dead people? "

' What? ' Quincy and the others were

dumbfounded

' Soul Offering Road? Is the black hole connected to the legendary Ghost World? ' Everyone was shocked to hear where they were heading and were in despair.

Rumors say the Soul Offering Road was the path people walked after death and led to the Ghost World. There was no way out of the Ghost World because it was a place for the dead.

Jack was entertained by their flustered looks and urged his followers to speed up.

" Jack! " a cold voice shouted suddenly as a dark shadow appeared next to the entrance of the black hole.

The black shadow was wrapped in a black robe. No one could see the face clearly.

The black shadow was wrapped in a black robe. No one could see the face clearly because of the dense fog, but they could feel the gloomy aura he exuded.

It was Chester

" Are you the envoy?" Jack was surprised to see Chester as he smiled and stepped forward to greet him. " Your Excellency appeared so suddenly. Do you have a message for me?"

Chapter 2819

No one recognized Chester's outfit, but Jack was no stranger to his appearance as a minion of the King of the Dead. Jack dared not treat the esteemed envoy to the king with disrespect

Chester responded curtly and said to Jack,

" Jack, His Majesty has found a gem indeed. You managed to catch all the people from the major sects in The Nine Continent so quickly."

Jack was overjoyed to hear the praise and said, " It is my duty to serve His Majesty."

" However, His Majesty has just issued a new order and told me to tell you specifically," Chester replied.

Jack looked solemn. " What is the order?"

Chester looked around and pointed to Quincy and the rest. " His Majesty wants you to let these people go."

' What? Release these people from the major sects? It took a lot of effort to catch all of them.' Jack was shocked.

Jack thought he heard it wrong and jokingly said, " Your Excellency, please don't joke with me. Before I left, His Majesty repeatedly told me that I must topple all the major sects in The Nine

Continent. Why Chester interrupted without waiting for Jack to finish."

Jack, the decision of His Majesty is not something you and I can understand. "

With a blank expression, he said,
Perhaps, this is just a test of your loyalty
toward His Majesty but he had no real
intentions to capture these people."
Chester glanced at Quincy and the others
calmly. The King of the Dead did not
order those people to be released; Chester
made up the fake decree.

Chester was imprisoned in purgatory
when King of the Dead sent Jack out on
the mission, but Chester learned the
situation from the ghost armies. Without
much consideration, the desperate
Chester found a chance to escape from
purgatory.

He knew that he was taking risks. After
all, the King of the Dead was powerful,
but he had no other choice. If all the
people from the major sects were
arrested and sent to the Ghost World, the
entire cultivators ' world in The Nine
Continent would be over.

Jack stood there with mixed emotions
and hesitated." Err ... "
Chester's face sank." Now what? Do you
dare disobey His Majesty's order? "
" No, I don't ... " Jack trembled and shook
his head profusely.

The next second, Jack waved at the
followers and said," What are you guys
doing in a daze? Quick! Let them go.
After arresting those people from the
major sects painstakingly, Jack never
wanted to let them go, but he had no
choice but to follow the King of the Dead '
sorders obediently
He did not know that he was deceived by
Chester.

Quincy and the away, but they did not leave immediately due to the
immense shock they were experiencing. They stood in place,
shaking uncontrollably.

" Aren't these people from the Raksasa
Tribe? How did they end up being the
King of the Dead's minions? And why
would the King of the Dead arrest us? '
they wondered

Just as Quincy and the rest were
wondering about what was going on,
Chester said to Jack, " Jack, you should go
quickly, His Majesty has a new task for
you!"

Jack nodded and led his followers into the
black hole and disappeared from everyone
' s sight in the blink of an eye.

Chester breathed a sigh of relief.' Oh, f *
ck! Finally, I've deceived Jack. '
The next second, he looked at Quincy and
the others." Leave here quickly! The King

of the Dead will definitely send his minions to chase after you all. "

" What?' Quincy and the others were shocked to hear that.

It turned out that the envoy of the King of the Dead had just given Jacke fake orders. Soon, they realized that the envoy was deliberately helping them.

" Thank you, Your Excellency!" Quincy and the others gathered around Chester and thanked him profusely.

They were confused at the same time.

Why would an envoy of King of the Dead fake an order to save them all?

Chapter 2820

Chester slowly removed the black hat off his head when everyone was perplexed by his unexpected action. Whoa!

Pandemonium broke out when they saw his appearance. It turned out to be the Eternal Life Palace Sect Master, Chester!

" You ..." Quincy and Parker were shocked and wore bewildered expressions.

" Sect Master Chester, there were rumors that said you were killed by Zhang Jue. Why ..."

" Yeah, didn't you fall into the abyss?" Chester smiled bitterly at the questions thrown at him by the curious group of people.

" It's hard to explain with words so let's not waste time talking. You better go quickly before the King of the Dead finds out!" he said.

Quincy nodded and then asked, " Aren't you coming with us?"

Although she was not close to Chester, she knew him as Darryl's eldest sworn brother. Besides, she was arranged to be married to Darryl and she saw Chester as a family member. In that case, she naturally would not leave him alone.

Chester smiled bitterly, shook his head and said, " I have other things to handle."

He wanted to run away with them, but his life was in the hands of the King of the Dead. The King of the Dead would know his whereabouts soon, so he could not be selfish and risk everyone's lives.

" Alright!" Quincy did not press Chester as he refused. She nodded and quickly left with everyone else. Chester took a deep breath as he

watched them leave. Then, his figure flashed and disappeared into the night. Meanwhile, on the Incredible Sky Mountain in the northern part of the New World Royal City.

More than ten years ago, Donoghue found the Sky Breaking Axe in the depths of the Incredible Sky Mountain, which had caused the sky to tremble and the mountain range to collapse. The entire Incredible Sky Mountain was in ruins.

More than a decade had passed and the Incredible Sky Mountain had regained its vitality with green trees everywhere and beautiful rivers.

In the woods, somewhere in the northwest of the Incredible Sky Mountain, laid a hidden courtyard with various flowers and herbs in a serene environment.

It was the sanctum of the Honorable Pianist, Celine.

Yvette, Yvonne, and Debra were sitting in the courtyard with sad faces. Dax and the others were also sitting outside of the courtyard, feeling dejected.

A month ago, Yvette and Dax were arrested by Zhang Jue. Chester went all out to rescue them and they finally escaped from the Endless Sky Organization Altar. Later on, they were pursued by Endless Sky Organization disciples. Fortunately, they met Celine and were saved.

After being rescued, they were brought to Celine's sanctum. They had lost their internal energy and became ordinary people after taking Zhang Jue's Scattered Energy Pills. A month had passed and they tried many methods to restore their strength, but nothing has worked.

They were anxious and angry.

Zhang Jue, the insidious villain, had done such a terrible thing to them.

Besides, they had no idea what was going on out there in the world.

Pitter-patter.

Footsteps came from outside the courtyard and soon, two slender figures entered the small courtyard. It was Celine and her disciple, Queenie. Dax, Yvette and the others hurried to greet the duo.

"What's the situation out there?"

Yvette asked, anxiously.

Celine had been taking care of them all while trying to figure the situation out there.

Sigh!

Celine's eyes flickered and she sighed softly.

After that, Queenie told them what she found out in detail.

In the end, Queenie clenched her fists and said angrily, " Zhang Jue is cunning and despicable; he tarnished my brother's reputation and claimed my brother had sullied Chang Er. He even

held the Supreme Conference ... "

' What?

Chapter 2821

Yvette and the others were taken aback when they heard the complete account of what had happened in the past month. There were too many unexpected events.

Bang!

The hot-tempered Dax slammed his fist on the table, gritted his teeth, and yelled, " Zhang Jue!"

' F * ck! Zhang Jue hurt all of us, and then he hurt Darryl.'

Dax was completely shrouded in anger.

Yvette was also furious, but she was smart. She calmed quickly and said,"

Our priority now is to regain our strength quickly! "

Everyone nodded; they agreed with Yvette.

" Yes! "

" Without our power, we can't do much even if we are worried sick! "

" Yes, we have to restore our strength! "

Everyone looked glum.

Zhang Jue's Scattered Energy Pill was extremely harmful. Over the past month, they had tried numerous methods to revive their internal energy, but nothing worked. Would it be that easy for them to restore their strength Celine and Queenie exchanged looks, and smiles appeared on their faces.

After that, Queenie approached them and said with a smile, " Don't panic, everyone. Master and I heard the news, so we went on a mission to find an antidote for all of you."

Then, Queenie retrieved a bottle of medicinal pill. " We got these Spirit Returning Pills from the black market. They may be useful!"

Wow ...

Yvette and the others looked surprised.

The Spirit Returning Pill was a rare pill for restoring one's internal energy; it was scarce and hard to find. They did not expect Celine to have brought so many of the pills.

Dax was overjoyed. He was the first to take the pill.

" Thank you, beautiful Honorable Pianist ..."

Dax smiled at Celine. " I thought I would lose my capabilities for the rest of my life. After I regain my skills, I'll fulfill any wish you may have!"

Dax took a Spirit Returning Pill and swallowed it!

Yvette and the others came around and took the pills, one after another!

Celine looked at everyone quietly with a faint smile as she waited expectantly for the pills to take effect.

However, ten minutes passed, and no one felt anything

' What's going on?"

Celine frowned and asked, " Yvette, how do you feel?"

Yvette frowned and shook her head sourly. " It seems like nothing is working!"

Yvette's eyes flashed resentfully when she said, " It seems like we are too optimistic. Zhang Jue has been famous for thousands of years, and his Scattered Energy Pills are probably no ordinary poison."

F * ck!

Dax sprang up to his feet angrily. " We've been working hard for nothing again!"

' How could that be?'

Celine furrowed her brows; she was very anxious!

She wanted to restore Yvette and the others ' strength, so she had tried various methods over the past month. However, none of them had worked.' Would they never recover their strength? '

Queenie, who was next to Celine, was equally anxious.

Pitter-patter ...

Suddenly, they heard footsteps in the woods; it seemed like a lot of people were approaching.

They walked out of the yard hurriedly and were pleasantly surprised when they saw the scene in front of them! Thousands of soldiers went in their direction; they were in uniform and

bright armor as they held long spears with domineering spirits. It was the elites from the New World Continent the Royal Army!

A handsome man in golden armor was riding a white horse; he led the Royal Army! He looked extremely excited. It was Ambrose!

Chapter 2822

" Ambrose?"

" Isn't that Young Master?"

The stranded group was excited to see Ambrose.

" Ambrose!"

Yvette was over the moon; she walked forward quickly and said to Ambrose, " So it is you! I thought that people from the Endless Sky Organization are here!" The group of people had lived in fear even though they took shelter in Celine's sanctum for the past month. After all, Zhang Jue's Endless Sky Organization was too powerful. Ambrose also beamed widely. " Auntie, I've finally found you!"

The young man shook when he noticed Yvette's state of health.

He noticed that Yvette's face was pale, and she looked weak. Besides that, there was no internal energy in her energy field at all! To Ambrose's horror, she was not alone. It was the same with Dax and the others.

How could that be? "

" Auntie, what's wrong with you? "

Ambrose asked.

After he led the Royal Army to fight the Endless Sky Organization, Ambrose was very excited to learn that Yvette and the Carter family had successfully escaped the prison. He had been looking for them ever since he realized that. Finally, he had found that, but he was shocked when he learned that they had lost their internal energy. It was a bitter truth to digest.

Everyone looked sad when they thought about their unfortunate circumstances. Yvette breathed a long sigh and briefly explained the situation to Ambrose.

At the end of the talk, Yvette bit her lips and said, " We've lost our internal energy, but it's nothing. It's a pity that Brother Chester was trapped in the Endless Sky Organization's altar to give us time to escape. Then, we heard

that he fell into the abyss and died ..."
Dax swore in grief. " F * ck! I swear that
I won't live if I don't avenge Brother
Chester! "

He got worked up when he recalled
Chester's ill fate. The three sworn
brothers had agreed to live and die
together. Unexpectedly, Chester had
died so miserably, and Darryl was still
nowhere to be found.

Everyone was furious.

They did not know that Chester had
not died. Instead, he had become part of
the King of the Dead's envoy.

Bang!

Ambrose's eyes were blood-red when he
heard of the events that had
occurred. He raised his hand and
snapped a tree next to him in half."
Zhang Jue! I will cut you up a thousand
times! "

Ambrose was shrouded in anger.
Even though Ambrose had not had
much contact with Chester, he had
always respected the man as his uncle
because Chester was his father's sworn
elder brother. Over the years, Chester
had made many contributions to the
Nine Mainland cultivators ' world and
earned Ambrose admiration. Hence,
Ambrose was furious to learn about
Chester's miserable death.

" Auntie, if that's the case, all of you
should come with me to the palace. "

Ambrose looked at Yvette and said
solemnly," There are countless
treasures from all over the world there.
If I pleaded with Father Emperor, he
would help me find a way to restore
your internal energy! "

Ambrose looked expectantly at Yvette;
he waited for her to agree with him.

Err ...

Yvette did not agree to the suggestion
immediately. She bit her lips and
began to ponder.

Celine's sanctum was not far from the
New World Royal City. However, in the
past month, Yvette had never once
wanted to go to the Royal City. After
the death of the New World Emperor,
Yvette had always thought that she
was no longer related to the royal
family.

Lord Kenny was the one who had
usurped her father's throne to be the
new Emperor. She did not want to see
him at all.

" Auntie!"

Ambrose was anxious when Yvette did not answer him. " Aren't you in a hurry to recover your strength?"

Yvette looked around subconsciously at Dax and the others.

She did not want to see Lord Kenny because of her grudges against him, but she should not deprive the people around her of the chance to seek remedies. Was she not selfish if she insisted on not going to the New World Palace?

Yvette breathed a long sigh and nodded finally. " Alright!"

Ambrose cracked a slight smile after Yvette finally agreed to go with him. He ordered the Royal Army to escort Yvette and others back to the Royal City right away

Celine and Queenie did not go with the group. They left the sanctum and continued their journey to learn more about the situation in the cultivators! world.
