

Nothing to Give but My Heart Chapter 91-96

Chapter 91

“Well, Walter and I are half brothers.”

Curtis explained softly: “The matter is a bit complicated, but Walter grew up outside and only returned to Yejia in recent years, so the way he gets along with us is a bit strange, plus his legs suffer. Injuries, flammability and anger are all within the normal range. Walter... has suffered a lot outside, and grandpa hopes to make up for him, so he gave Walter the position of company president. Of course, he himself has that ability, even if Grandpa didn't give him this position, and one day he can sit on that position by his own ability.”

Ana Shen: “...” I didn't expect this to be so complicated.

However, Walter grew up outside since he was a child? Are you a half-parent with Curtis Ye? Could it be... an illegitimate child?

When he thought that Walter's mother might be a junior, Ana Shen felt an indescribable feeling in her heart.

Probably because she had just been killed three times, so...

Thinking of this, Ana Shen pursed her lips, thinking of Walter's appearance, is he irritable because of this?

“I told my younger siblings about this. It's good for the younger siblings to know about it. Don't mention it in front of Walter. He will be angry.” Curtis Ye smiled slightly towards Ana Shen: “Can you understand?”

Ana Shen glanced at him, didn't say anything, just nodded.

After arriving at the Yejia intersection, Curtis Ye stopped the car intimately.

"Thank you, big brother, I'm leaving now." Before Ana Shen left, Curtis Ye stopped her, and then handed her a bag. "This is a cake my secretary bought, but big brother doesn't like sweet things. Give it to your younger siblings."

cake?

Ana Shen paused, she also... something that she didn't like to eat, it was greasy, and she could vomit it out in one bite.

"Big brother, don't you need it?"

"Take it, don't all of you girls like to eat it?" Curtis Ye just stuffed the cake into her hand. There was no way, Ana Shen could only take it, and get out of the car.

After bidding farewell to Curtis Ye, Ana Shen stood at the intersection for a while before walking inside, still carrying the cake in her hand.

I'm a little troubled, what should she do with the cake? She didn't think it was good to throw away the thing he gave, but if she ate...she couldn't eat it.

Yes, call Karla Han, she likes sweets the most.

Thinking of this, when Ana Shen took out her mobile phone to call Karla Han, a familiar vehicle passed by her, and the speed of the car slowed down.

Ana Shen subconsciously glanced sideways, just to meet Walter's cold eyes, all her movements stopped in place.

Walter... is he back too?

It's only a minute or so since I got off the car just now, so he...did he see it?
Thinking of this, the blood on Ana Shen's face faded instantly.

However, Walter only glanced at her coldly, then withdrew his gaze, and the car drove away, a cloud of dust was lifted.

At the same time, Ana Shen's mobile phone also opened up Karla Han's mobile phone.

"Hello? Ana? Hello? Speak."

There was always the sound of Karla Han's questioning from the other end of the phone, and Ana Shen recovered and put the phone to her ear.

"Karla."

"Ana, what did you do just now? Why didn't you respond for a long time?"

Hearing, Ana Shen smiled again and explained softly: "I was walking on the road, so I avoided the car just now."

"Are you okay?"

"It's okay."

"What are you looking for me?"

Ana Shen glanced at the cake in her hand, "Don't you like to eat cake? I happen to have one in hand, would you like it?"

When Karla Han heard this, she immediately agreed, “Okay, okay, where are you? I’ll come to you right away.”

So Ana Shen talked about a meeting place and went to a nearby coffee shop after hanging up the phone.

Not long after sitting down, Karla Han came.

Karla Han’s eyes almost lighted up when she saw the cake.

“Dear Ana, you really are my good girlfriend, you can even grab the cake of Happy Awakening Home!”

Happiness wakes up?

Ana Shen tilted her head: “Is this cake famous?”

“Of course!” Karla Han couldn’t wait to pick up the spoon and take a sip of the cream. “It is the hottest cake shop in North City. The owner is very strange. He only makes ten cakes a day. I won’t make one more after selling it. I often You can’t buy it when you queue up. I didn’t expect you to be able to buy it. It’s amazing.”

Is it so hard to buy? How did Curtis Ye’s secretary buy it?

But this is not something she should consider.

“By the way, how did you check for me? Is there any news?” Ana Shen asked casually.

Hearing, Karla Han looked up at her, the corner of her mouth was still stained with cream, “I knew that you were not so kind. I said, why did you buy me

cake suddenly today? You don't touch it normally. It turns out that something is asking me."

Ana Shen glared at her helplessly: "Yes, I have to rely on you for important matters, so I have to be more diligent."

"Come on, you know you squeeze me, but for the sake of the cake, I will tell you good news." At this point, Karla Han's expression suddenly became serious, and she put down the knife and fork in her hand, solemnly Openly said.

"We have now helped you find the place where the buttons are produced and the objects they use. Now my brother is already trying to contact the designer. But I heard that this designer has a quirk. All the things are sold by him. And only sold to acquaintances, or people who are destined. I remember the buttons used in this suit. I remember I told you last time that there are only two suits with these buttons, right? One of them sold quite a sensation because of this design The teacher is famous, and many people can't ask for it at a high price, so he directly sent a suit with this button to a charity, and the charity was handed over to an auction institution, and then bidding. I heard that it was a price of one million US dollars. I caught my hand. Of course, the person photographed is a famous foreign businessman who already has a wife and children, and we have investigated him. He has never been to China, so this person can be excluded."

Hearing this, Ana Shen couldn't help taking a breath, and she was a little shocked.

That button... I didn't expect the background to be so big.

One million dollars, how much is it?

“The other one, we are still investigating. As long as we contact the designer, we will soon know where this one is sold, but what is certain is... Ana, you are going to fly to the branch and become a phoenix!”

Hearing the latter sentence, Ana Shen’s face was a little unsightly.

Fly on a branch as a phoenix? She had never thought about it this way, and... the bigger the other party’s background, the more worried Ana Shen was.

She would rather be an ordinary person.

Seeing her lowering her eyes, her mood seemed to drop suddenly. Karla Han thought that her words hurt her, and explained in a panic: “Ana, don’t get me wrong. I said that you fly on a branch and be a phoenix does not mean to look down on you, I just Fortunately you met a very powerful man!”

Chapter 92

Ana Shen recovered and saw Karla Han nervously explain to herself, she squeezed a comforting smile at the other party.

“I don’t blame you for this sentence, I’m just thinking about things.”

“What’s the matter?” Karla Han looked at her worriedly, and reached out to hold her: “Are you worried about not finding her? Ana, don’t worry, I will find that man for you, sure!”

Seeing her always assuring herself, Ana Shen couldn’t help laughing: “Karla, why are you so stupid? This is obviously my business, but you have been working hard for me.”

“Because we are good sisters. It’s just...” Karla Han suddenly thought of something, paused, and asked softly: “Ana, we will always be good sisters, right?”

Ana Shen nodded: “Of course.”

“Then... If one day, I do something sorry for you, would you... forgive me?”

what? Ana Shen didn’t react for a while: “I’m sorry about my business?”

“That’s right, sometimes... you know me as a person, sometimes I do things recklessly, maybe I accidentally made mistakes, you must... forgive me when you come!”

Ana Shen: “...You are not rash. I haven’t blamed you for so many years. Besides, you have helped me a lot. I should be grateful to you.”

“Oh, what do we say about this, we will talk about things later, do you want to eat a bite of cake?”

Ana Shen: “Reject!”

The two played in the coffee shop and left together after eating. Naturally, Karla Han volunteered to send Ana Shen home. When she reached the door of Ye’s house, she blinked again: “Ana, shall I send you up?”

Hearing, Ana Shen thought for a while, or shook her head: “Forget it? It’s late. It’s dangerous for you to drive back in the evening, so let’s go back today.”

Karla Han showed a disappointed look and pursed her lips.

“Okay, then I will see you tomorrow.”

After Karla Han left, Ana Shen stepped lightly and returned to Yejia. When she was about to go upstairs, the servant stepped forward and stopped her.

“Second young lady, old man Ye wants to see you.”

Hearing Old Man Ye, Ana Shen’s petite body trembled subconsciously, “I know, I’ll go right away.”

When she went to the study, she thought that Old Man Ye was going to train her again, or when she had something to do, but when she went in, she saw Old Man Ye looking at her with a smile, and his face that looked a bit fierce in daily life. At this moment, there was a bit more kindness, making people less scared.

“Old...father?”

“Erika Shen, you are here.” The old man got up and walked to the table next to the coffee table to sit down, and then pointed at the other person: “Come and sit.”

This sudden change made Ana Shen overwhelmed, but she still walked over obediently, and sat down in front of him, “Master Ye? Are you looking for me...what’s the matter?”

“Erika Shen, you are married to Walter, so why call me the old man?”

Hearing, Ana Shen had a meal. Wasn’t he unresponsive when she called him old man before?

“It should be called Grandpa instead.”

Ana Shen was startled, her eyes widened subconsciously. What is going on? Why did Mr. Ye’s attitude toward her change so much?

“Master Ye, I...”

“Not long after you first arrived at Yejia, if there is something you are not used to, you can talk to your grandpa as much as possible, or if you need anything, grandpa can help you.” Having said that, Father Ye suddenly took out a bank card and put it in Shen. In front of Ana: “I know the situation of the Shen family. You are also very hard. These are the pocket money that grandpa gave you.”

Do not! This is so wrong!

Ana Shen stood up quickly and straightened her back: “Grandpa, I can’t ask for these money. I am now paid as an assistant to Walter.”

“Grandpa knows, but those don’t have much money? The second youngest grandmother of Yejia can’t let people outside look down on it.”

Ana Shen squeezed the corner of her clothes, her face pale.

“Grandpa, what’s the matter... do you want to tell me?”

Old man Ye stood up, stroked the beard of his chin, and looked at her with a smile.

“You are a clever girl.”

Ana Shen felt a little bit in her heart.

really! Nothing to show courtesy, you will steal if you do it!

“That’s it. Last time your friend was the daughter of the Han family. What was her name?”

Ana Shen bit her lower lip and said nothing.

“That’s a very good girl, Erika Shen, are you familiar with her?”

Erika Shen, she is Erika Shen now...Ana Shen lowered her eyes and said nervously: “It’s okay.”

“How did you meet?”

Ana Shen shook her hand and almost backed away, but before she moved, the words of Old Man Ye spoke out first for her.

“The Ye family has two children, Walter and Curtis. Walter is already married to you. I won’t have to work for him anymore. But Curtis is no longer young. I haven’t found a girl that suits him. I think Han’s That girl is good...”

Hearing this, Ana Shen finally understood, it turned out that Old Man Ye wanted to match Curtis Ye and Karla Han.

But...Does Karla Han like Curtis Ye? Or would Curtis like Karla Han? Ana Shen subconsciously felt that he would not. She had known Karla Han for so long, and Karla had never liked Curtis Ye.

When he was in school before, Karla Han liked those domineering little overlords, and those top students, no matter how handsome they were, she didn’t take a second look. Instead, she ran after the ass of the other school little overlord.

Although I didn’t catch it in the end.

But Ana Shen knew that Curtis Ye and Karla Han’s criteria for choosing a spouse were too far apart.

“Grandpa, maybe...no.”

“What?” Ye Old Man’s eyes became severe all of a sudden, and Ana Shen stepped back in fright, and explained in a low voice, “Karla...has a boyfriend!”

There is no way, I can only say so.

“Is there a boyfriend?” Old man Ye was stunned at first, and then he reacted after a while: “What does it matter? The boyfriend is not a husband. As long as she is not married, she has a chance. You can ask her as a helper. Han girl means.”

Ana Shen: “...” Isn’t it okay to say that? She bit her lower lip, “I know, I will ask.”

“You take this pocket money.”

Ana Shen didn’t dare to ask for it, but the eyes of the old man Ye were electrified and cloudy, as if she wouldn’t believe that she would help if she didn’t accept him. In desperation, Ana Shen had to temporarily accept the bank card before leaving the study.

She walked upstairs anxiously.

She didn’t want Karla to be with Curtis for another reason.

Yeja’s situation is too complicated.

Curtis and Walter, as well as Old Man Ye, are not of one mind. There is a fight here, if... marrying in, it will undoubtedly push her into the fire pit.

She and Karla Han are good friends, and she is already in the fire pit, so she must never be dragged down again!

Chapter 93

Ana Shen returned to her room in despair. After going in, she dragged off her shoes and put on indoor slippers and walked over to her bed. She sat down on her little bed discouragedly, staring at the bank card in her hand in a daze.

How to do? How would she tell Karla Han about this?

Head hurts.

It stands to reason that the Ye Family's marriage to the Han Family is equal to each other on the ground, but Ye Family is like this...

While thinking about it, Ana Shen suddenly felt that the air around her was cold, something was wrong, and when she raised her eyes, she ran into a pair of deep indifferent eyes. Ana Shen was startled, and the bank card in her hand also fell to the ground, and fell to the cold floor with a snap.

The eyes of the two of them looked at at the same time, and Ana Shen's face instantly turned pale, and stood up: "Listen to me!"

"Second married woman, you really surprised me." Walter sneered, and when he raised his head again, a dark shadow formed in his eyes. It's like the undercurrent flow in the unknown sea, which makes people fear from the heart.

Ana Shen's pink lips moved: "I..."

"This is the purpose of your marrying into the night house?" Walter glanced at the bank card, "Heh, the father is very generous, but are you worth the money?"

Ana Shen clenched her fists and bit her lip. "It's not what you think, can you listen to me explain it?"

“Explain how you persuaded the old man to let him pay you willingly? Perhaps, you can indeed explain to me, or...you can explain to me with physical actions.”

Ana Shen paled, “What do you mean by this?”

Walter glanced at her coldly: “The technology shouldn’t be bad, right?”

Ana Shen: “... Walter, you bastard!”

“Heh, instead of marrying me, why not just marry that old man at the beginning, and be more honest!”

Ana Shen finally couldn’t bear it, lowered her eyes and yelled: “Enough! I have had enough of you!”

Walter smiled coldly: “Have you finally had enough?”

Ana Shen bent down and picked up the bank card that had fallen on the ground, then walked to Walter and threw the bank card into Walter’s arms forcefully.

“I said earlier that I won’t want you a penny, and for the same reason, I won’t take Yeja a penny. This is your grandfather’s money, and I will pay you back!”

The bank card fell into Walter’s arms, and Walter raised his hand blankly and clamped the bank card to his fingertips.

“Woman, do you really want to give it to me? You earned it through hard work, are you sure?”

“Yes, I’m sure!” Ana Shen gritted her teeth: “Yes, I just went to accompany the old man as you wanted. He was very satisfied, so he gave me the money. I

said so... Are you satisfied? Walter, Do you want to be cuckold like that? Wait, I will do as you wish!”

After speaking, Ana Shen turned around and walked outside.

Curtis’s hand holding the card shook violently, and the blue veins on his forehead jumped suddenly, “Where?”

Ana Shen didn’t answer his words. When she turned around, her eyes were already filled with tears. She couldn’t help Walter’s bad words. It was clear that the two had already made a deal, but he always felt that she seemed careless. Feeling sad and sad, always saying those things to humiliate her!

She just wants to leave this room! Stay away from Walter!

“Stop! You dare to cuckold me and you are dead!” Walter suddenly became flustered when she thought of the words she said before leaving.

But Ana Shen was in anger now, no matter how he would listen to him, even if his words had a deterrent effect, it was useless. When Walter rolled the wheel to chase out, Ana Shen simply ran out.

“Damn woman, you take one step forward, believe it or not...” Before the cruel words were finished, Ana Shen’s body had run away without a trace.

Walter: “...”

Probably the noise was so loud that the servants nearby heard it, and couldn’t help but peek at it.

When they saw the expression on Walter’s face, they drew back in shock.

“The Second Young Master’s face is so terrible, how did the Second Young Master provoke him?”

“I don’t know, it seems that the husband and wife quarreled, right?”

“The second youngest grandma is too tough, she dare to provoke our second youngest.”

“In fact, the second young master is very good to our second young grandma. Last time I bought a lot of beautiful clothes and put them in the cabinet for the second young grandma to wear. But the second young grandma is not at all affectionate. I never saw her wearing a second The clothes the young master bought for her.”

“Why? The Second Young Master is so kind to her, why doesn’t she appreciate it?”

“Maybe... because the second young master is disabled, right?”

“Shhh, don’t talk nonsense like this!”

“But I’m telling the truth. Although the second young master is good-looking,... he has leg problems after all, plus that aspect is not good. Which woman would like him?”

Several maids were hiding in the door and talking, completely unaware that Walter had already appeared in front of their door with rolling wheels.

“Speaking ill of me in front of me, are you dead when you treat me as Walter?”

Like the sound from the deepest part of hell, several of the maids turned pale for a moment, and turned to look at Walter, who had arrived at the door somehow.

“Two, the second young master...”

Several people were so scared that their bodies were soft, and they knelt down directly at Walter, one of them was timid and fainted.

“Go out and find someone. If you don’t complete the task, you will pack everything and get out of the night house tomorrow.”

Ana Shen didn’t actually leave the night house, she ran towards the garden behind.

In the dark garden, she shed tears under a big tree, cursing the bastard Walter in her heart!

Half a year...

She will endure for another half a year, this half a year... how will she live? Ana Shen suddenly felt desperate for the days to come. He simply leaned on the roots of the big tree, closed her eyes and let the tears shed freely.

Let’s cry again for the last time, and you won’t be able to cry anymore when you encounter things.

She is a mother and cannot always be angry with these words.

Suddenly, a pair of warm hands touched the corners of her eyes, and wiped her tears gently, and Ana Shen’s eyelashes trembled.

who is it?

A helpless sigh came from above, Ana Shen opened her eyes and saw a pair of melancholy eyes looking at her worriedly.

Curtis Ye?

Why is he here? Ana Shen looked at the man in front of him with teary eyes. Unlike the time he saw during the day, Curtis Ye's eyes were full of sorrow at this moment, as if he was distressing her.

Do you love her? Ana Shen never knew that there are still people who feel sorry for themselves.

After all, someone like her who doesn't even love her parents, who else would like and love her?

"Fool." Curtis whispered, and reached out his hand to wipe the tears from the corner of her eyes once again: "You secretly hide and cry like this, others don't know how uncomfortable you are."

Ana Shen didn't move, but Curtis Ye in front of her was a little hazy again, tears surged crazily, and she couldn't bear the grievance in her heart.

Curtis smiled: "The pain is to be shouted out, and the uncomfortable is to be said out. If you don't shout or say it, others will never know."

Chapter 94

Come out, speak out, what if others know?

Ana Shen didn't speak.

He even pushed Curtis's hand off with a little disgust, and said in a dry voice: "You go, I want to stay alone."

After Curtis was pushed away, he didn't get angry. Instead, he smiled at her, then got up and walked to her and sat down beside her, leaning on the tree pole like her.

"If I leave, you will cry more sadly alone."

Curtis explained softly: "In fact, when you are in a bad mood, staying alone is the worst way. Because there is too much time to think about the process, but if someone speaks with you, you will slowly Forget about the reason for your sadness...what is it."

His voice gradually became sad, and Ana Shen turned her head to look at him blankly, "Have you... have you been so sad before?"

Hearing, Curtis turned to meet her eyes: "It seems to be quite effective. You are already concerned about my business now."

Ana Shen choked and realized that it was really like this.

Looking at Curtis Ye who was close at hand, Ana Shen turned her back, stretched out her hands to wipe off all the tears on her face, and sniffed.

"I'm different from you, I just stay alone."

The wound has always healed on her own, and she does not need to be treated for him.

"If you are always so stubborn, it hurts yourself." Curtis Ye said again: "Walter is not a cold-hearted person, have you ever thought of showing weakness in front of him? Maybe, he will feel sorry for you. If he loves you, how can he let you cry here alone?"

Ana Shen thought to him, I don't need him to feel sorry for me, and you don't know anything about me and him.

Seeing her silence, Curtis Ye looked up at the night sky and didn't speak any more.

After a long time, he suddenly stretched out his hand to hold Ana Shen's thin white wrist. Ana Shen was startled, and subconsciously wanted to withdraw her hand.

"I know that you are wronged by marrying Yejia. If you have anything unhappy in the future, you can come to me."

"Big, big brother..." Ana Shen withdrew her hand, facing Curtis Ye's gentle but infinitely powerful palm, she was a little at a loss. After retracting her hand, she turned her back to him, staring at the ground in a daze.

Phillip and Curtis Ye, who were not far away, took this scene into their eyes.

Phillip felt the surrounding atmosphere change, he wanted to speak for Ana Shen, but the scene before him really didn't know how to explain it, so he could only remain silent.

Walter looked at the two figures, and the moonlight passed through the gap between the leaves and sprayed softly on the two of them. The warm moonlight seemed to give them a layer of brilliance. From a distance, they were so matched. Correct.

All the movements of the two of them just now were collected by Walter. When Curtis's fingers touched the corner of Ana Shen's eyes and gently wiped away her tears, Walter almost rushed to hit someone. It was Xiao. Su held his shoulders and kept emphatically saying: "Young Master Ye, don't be impulsive!"

I don't know when it started, Walter's mentality changed.

If he can't see her crying in front of him, she will feel annoying that he shed tears.

But now seeing her weeping in front of other men, Walter felt as if he had two hands pinching his heart. It was more annoying than seeing her crying in front of him.

Before she ran out tonight, her eyes were all red, which was obviously hurt by his words.

"Do you want me to cuckold you like that? I will do as you wish!"

As he wishes?

So she came to look for Curtis Ye???

While thinking about it, Curtis Ye over there suddenly stood up, then bent down and handed it to Ana Shen, "It's cold on the ground, don't sit for too long, get up."

Ana Shen leaned there and didn't move, obviously not intending to bother Curtis Ye.

So Walter felt a lot more comfortable, but the next second Curtis Ye said: "There will be bugs at night, if you sit down, they may...crawl on you."

This sentence really touched Ana Shen's point. A panic flashed in her eyes, and she really looked around. This easy-to-spoof look looked particularly cute in Curtis's eyes.

"Don't get up yet?"

When the words fell, he didn't bother to wait for her to reach out in person, and directly reached out to hold her thin arm and helped her up.

After Ana Shen got up, he quickly checked whether he had any bugs on his body.

"Don't look at it. If you look any further, there will be worms. Let's go. I'll take you back."

"Thank you, big brother... I'm sorry." Ana Shen was embarrassed when she recovered. She was crying in front of him just now, and during the day, she cried in front of him while eating.

Although none of her intentions.

However, a gentle person... does make people take off their guard and all their vigilance, and then... the heart easily becomes soft, and it collapses with one blow.

The two walked back, because Lu Hei and Curtis were afraid that she would be knocked down, so they kept pulling her arm.

Ana Shen was depressed, so she kept his eyes down.

Curtis's steps suddenly stopped.

Ana Shen was a little confused, why didn't he leave? She raised her head, but saw two familiar figures blocked in front.

As soon as she saw that familiar face, the nasty words that Walter had just said flashed in Ana Shen's mind, and she bit her lower lip subconsciously, not wanting to look at Walter, and did not retreat from Curtis Ye's side. open.

Walter narrowed his eyes dangerously.

“Walter?” Curtis was a little surprised when he saw Walter. His eyes flickered, and he thought for a moment: “I met my younger brother and sister here, and just about to send her back, since you are here, then I I won’t do it for you.”

He is still very knowledgeable in front of Walter, and will not do anything more than thundering.

Walter’s eyes fell coldly on Curtis Ye’s face.

“Big brother appeared next to my wife over and over again, what is the purpose?”

But even though Curtis knew how to be decent, Walter didn’t plan to let him go tonight.

“Heh, I think other people’s things are good, so I have the thoughts of wanting to grab it, do you step by step?” Walter sneered, staring at Curtis Ye coldly.

Curtis paused slightly, then smiled after a while.

“Walter misunderstood the eldest brother. I just ran into my younger siblings by accident. They are all a family. I don’t have any reason to ignore it. It’s too early. Go back and rest.”

The atmosphere on the scene is very domineering.

“I should have known that even if you inherited your mother, you are also this kind of person. Other people’s things are always the best, and they will always be taken by all means.”

Speaking of Curtis's mother, Curtis's gentle face was a bit twisted for an instant, but it quickly returned to its original shape, except that the hands hanging on both sides were clenched into fists.

"Walter said this a bit too much, right? Big brother really doesn't have that kind of thought. Your eldest brother will do it for you. If I have that thought, how can I do it for you?"

Chapter 95

"Then I have to ask my eldest brother. After I gave my wife to you, there are frequent signs of good intentions."

"You really misunderstood Walter about this matter, the eldest brother bumped into him accidentally."

"Really? Was it accidentally or made an appointment in advance?" At this point, Walter glanced at Ana Shen.

Ana Shen then clenched her fists, then met Walter's eyes fearlessly, and moved his lips.

Everyone thought she would explain, but who knew that Ana Shen just said, "Whether it's intentional or unintentional, whatever you think is fine. Anyway, you can't listen to what others say as a self-righteous person like you. Then I don't need to explain too much to you."

"Brother sister!" Curtis frowned slightly, wondering why Ana Shen was not convinced at this time, so she had to fight Walter to the end.

"It's none of your business." Ana Shen pushed Curtis Ye away, her petite body in front, "Don't you just think that I am going to Qin Muchu? Then you think so, what you see is true. I'm that kind of person, I asked my eldest brother to come over."

Walter's eyes fell cold, staring at her dangerously.

"Do you know what you are talking about?"

Ana Shen was really fed up with Walter, and every word he said after these days stuck in her heart like a needle, one at a time, gradually increasing. Maybe she asked to stay in Yejia, but she is incompetent? She really can't control her emotions.

"Sister, have you forgotten what I just told you? You..."

"Brother, this is a matter between me and Walter, will you go back first?"

"Brother and sister..."

Ana Shen looked at him firmly, and he had to leave.

Curtis's thin lips moved, but in the end he couldn't say a word. He just nodded, then looked at Walter and made one last explanation: "Walter, your temper should really be tempered. , My younger siblings and I really didn't do anything out of the ordinary, and we also accidentally met tonight, so I'm just talking about that, leaving you two to talk."

After Curtis left, Phillip felt that he was superfluous in an instant. He pointed to the tip of his nose and said, "Or... I also go first?"

No one paid any attention to him, so Phillip touched his head nonchalantly. Was he a bit redundant? Isn't it just leaving? So Phillip also left.

In the deep garden, only Walter and Ana Shen were left.

The others were gone, and Ana Shen stared at him from a short distance. Because of the change in atmosphere, the moonlight seemed to no longer be soft. Zhou He who hit Walter looked deserted.

The stalemate didn't know how long, Walter spoke first: "Come here."

Ana Shen stood still, her eyes lowered, "I want to talk to you about some things."

Hearing, Walter curled his lips and sneered: "Say."

Ana Shen looked at the ground, "In the beginning we made a deal. I stayed at Yejia only to temporarily make Yejia my shelter, and my existence also allows you not to be forced to marry by Old Man Ye. Originally, we Cooperation is equal, right?"

"Who told you that you are equal?" Walter's indifferent tone made Ana Shen suddenly raise her head, and looked at him with evasive eyes: "No... no?"

Walter slowly rolled the wheelchair towards Ana Shen. Because his movements were very slow, Ana Shen didn't notice. As he moved forward, he said coldly, "It doesn't matter who the old man wants to give me. You can accept all orders as per the order, but if the marriage is conspired or designed by someone with a heart, it won't work. Ana Shen, don't forget, even if it's a transactional marriage, the person who married me in this marriage is your sister Shen Yuecai Correct."

Ana Shen's fingertips trembled.

"Ana Shen, you married on behalf of you, and you also brought a drag oil bottle. You begged me to let you stay that day."

Ana Shen: "..."

Walter: "Now, do you still want to say that this trading marriage is equal?"

Ana Shen bit her lower lip, and there was a trace of blood in her eyes: "Well, even if I beg you to let me stay, but we just trade marriage, aren't we? Why do you have to step on my dignity? Why? "

Walter smiled faintly: "It's fun."

Hearing that, Ana Shen widened her eyes in disbelief, "Fun?"

Putting the dignity of others under your feet and misunderstanding others is purely for fun?

Walter's smile was almost bloodthirsty, and his tone was as cold as ice: "Do you think my Walter's wife is so easy to do? Ana Shen, this is the price of your Shen family uniting to deceive me!"

The price?

Ana Shen stood under the tree with a pale face, the moonlight made her face whiter, and she was draped in her hair again, like a ghost.

It turned out that it was because of this aspect. Ana Shen suddenly understood why he treated her this way.

"So, in your eyes, I am the one who intends to use this marriage to marry into the night house by any means 30176190, right?"

Walter raised his eyebrows: "Aren't you?"

What can Ana Shen say? She lowered her eyes.

He thought he wanted to marry? She was also a victim of this marriage.

But telling him that he would not understand, Ana Shen smiled self-deprecatingly: “Yes, I am this kind of person.”

Walter raised his eyebrows, what happened to this woman? Suddenly he didn't argue again.

“What are you going to talk to me about?”

Ana Shen raised her head again, her eyes had returned to calm, she looked at him lightly.

“That's it, no more, I'm going back.”

After speaking, Ana Shen turned around to leave. Walter frowned deeply, gritted his teeth and said: “Come back.”

Ana Shen stopped, and smiled, “Is there any instructions, Mr. Walter?”

From now on, she will recognize her identity, no matter what he says, she will treat it as a transaction, and she will not have other thoughts.

She is indeed too hypocritical today.

Walter was right. It was originally an unequal transaction, and the use of methods was a price.

And she, Ana Shen, is the one who must bear it.

“What are you calling me?”

Ana Shen stood still for a while, then suddenly turned around. In the moonlight, her face was cold and her smile was not warm.

“Young Master Ye, what’s your order?”

Walter: “...”

damn it!

Suddenly this change made Walter very uncomfortable, and her eyes were so calm that he felt as if something was gradually being lost.

This feeling makes him very upset! !

“Who allows you to call me like that?”

Ana Shen smiled faintly: “Didn’t Mr. Walter say it? Let me call you like everyone else.”

Walter: “That’s outside and the company, and it’s the same at home. What do you want the old man to know?”

“Oh, then, what would Mr. Walter wish me to call you? You said, I just changed it.”

Surprisingly, Ana Shen became extraordinarily well-behaved and docile, as if she was a good subordinate.

Chapter 96

This made Walter extremely unhappy.

He wanted to trouble Ana Shen because he saw her with other men.

This feeling made him very unhappy, so when he saw her, he would only subconsciously say those words to hurt her.

But now he suddenly became so well-behaved, obediently like a lifeless puppet, not only didn't let the irritability in Walter's heart disappear, but instead became more intense.

What can he let her call himself?

Walter sneered: "You usually call my name directly, it's not very pleasant to call me directly, now who are you pretending to be cute?"

Ana Shen lowered her eyes, "I will pay attention to it later."

"Come here!" Walter was really going to be driven crazy by her.

Ana Shen paused, and finally walked towards him.

"Ask what I have to order? Push me back."

"Okay." Ana Shen walked behind him blankly, pushing his wheelchair forward.

Walter's face was gloomy, as if someone owed him the whole world. The breath of the two was cold and gloomy, and the other was widowed. When they passed the hall, this breath shocked the others.

Knowing that the two of them were in a bad mood, the servants left for refuge early.

Ana Shen smoothly pushed Walter back to the room, and then said: "Here, I'll clean up if there is nothing wrong."

After speaking, Ana Shen went to her closet and took the clothes, but when she opened the closet, they were all from Walter. Her expression changed slightly, and she wanted to close the closet with her backhand.

But before closing, the hand was held down.

Ana Shen turned around and found that Walter had come.

He stopped her from closing the door and stared at her coldly.

“Do you just hate the clothes I bought you? Don’t even wear them?”

Ana Shen stepped back and whispered: “What is Mr. Walter’s kidding? We are a trading relationship. I can’t bear these clothes.”

After speaking, Ana Shen turned around and walked away, but when she passed by Walter, he held her arm.

“What if I don’t wear it for you?”

Ana Shen raised her eyebrows and looked down at his hand on her wrist.

After a while, she nodded: “Okay.”

Walter’s hand loosened, and Ana Shen stepped forward and took a set and went into the bathroom.

Walter 6dcf52e1 Xuan punched the door of the closet!

damn it!

He wanted her to wear the clothes he bought, but now she has agreed to wear it, and he is still very dissatisfied!

Not long after Ana Shen entered the bathroom, there was a splash of water, and then the phone on her bed rang, but she couldn’t hear it in the bathroom. Walter pretended not to hear it at first.

Later, the phone continued to ring, and Walter sneered, rolling the wheelchair over.

He picked up the phone and took a look, saw that the caller ID of the phone was an unfamiliar phone number, and then picked it up.

Before Walter had time to speak, the other party couldn't wait to speak: "Ana, you are finally willing to answer my call."

Ana? Walter narrowed his eyes dangerously, screaming so intimately!

However, the people on the other end didn't know the danger here, and they continued to speak gently: "Ana, are you willing to forgive me? I really didn't mean to be in the hospital during the day. Those words were mine. Don't be angry with me for the jerk."

"Ana, I miss you and miss the days before, can you...give me another chance?"

"Ana? Why don't you speak?"

Walter sneered. It turned out that the ex-husband came to her to reminisce about the past. Walter took the phone away, looked at the phone number on the screen, and put the phone to his ear again, his tone was ironic: "I want to give you one. Looking for a chance to die?"

The head paused, and a busy tone came from the phone after a while.

Obviously, the other party had been scared by him and hung up directly, but he wanted to get back together but he couldn't do it.

Oh, how did such a man make that stupid woman fall into love with him?

Are you thinking about keeping a baby for him after remarrying?

child...

Realizing that she still had the ex-husband's child in her belly, Walter's eyes changed slightly. The reason why she kept the child was definitely because she had no feelings for her ex-husband.

If her ex-husband comes to get back together, will she do too???

Thinking that she might return to that scumbag ex-husband, Walter realized that he was about to explode.

He took out his cell phone and called Phillip.

"183XXXXXXX, please check the address where this number is located, that is, Ana Shen's ex-husband, and give me all his information."

Phillip just left with his front foot, and he received a call from Walter on the back foot, and he was still going to check the information of Ana Shen's ex-husband. He was immediately a little surprised: "Mr. Walter, what does Assistant Cha Shen's ex-husband do? That man is for us Doesn't make any sense?"

"If I ask you to check, you can check, what do you do with so much nonsense?"

Walter hung up Phillip's phone directly, and even if Phillip had any doubts, he could only swallow it back into his stomach.

Ana Shen took a bath very quickly. When she came out, her calmness had already recovered, but Walter was actually beside her bed. She walked over and took a look strangely.

Walter's eyes fell on her.

She was wearing a pale pink ice silk dress, and her straight neckline showed her beautiful collarbone. After the shower, she had fair skin and terrible blowing. With just a glance, Walter's eyes deepened.

Finally seeing her put on the clothes he bought as she wished, Walter didn't know what to use to describe her mood.

"What are you doing here?" Ana Shen walked over, only to find that the phone on the bed was missing.

Looking at it again, it turned out to be held by Walter.

"What are you doing with my phone? Give it back to me?" Ana Shen was shocked, and subconsciously stepped forward two steps to get it back. She moved eagerly and panicked at first glance.

Ana Shen was so nervous that Walter narrowed his eyes dangerously and hid the phone in his arms.

"Why are you so nervous? Is there something I can't see on the phone?"

Hearing, Ana Shen paused and realized something. She bit her lower lip: "Mr. Walter, you won't even have to confiscate my phone?"

There is a chat history between her and Karla Han. If she let him talk about her with Karla, wouldn't the matter of her child be exposed? Thinking of this, Ana Shen's face turned pale.

"What about confiscation?" Walter's eyes were cold, "You have now labeled my Walter, you are my Walter's woman, and your things belong to me, and I want to confiscate it. What about your cell phone?"

Ana Shen: "You can't do this, return the phone to me."

"Give you back?" Walter raised his lips: "It's not impossible."

"What conditions?" Ana Shen looked at his expression and knew that he must have the conditions, "As long as you return the phone to me, I am willing to do anything."

She couldn't let the third person know that she had a child with a strange man.

"Really willing to do anything? Well, come over and kiss me, and I will return the phone to you."
