

Nothing to Give but My Heart Chapter 1280 – 1289

Chapter 1280

A woman is questioning a man.

“Do you love me or her? Between me and her, you can only choose one!”

“Honey, you believe me, I have always been the only one I like, and never have her.”

Or maybe it's like this.

“Bane maid, I want to let you know today, what is the rule, what is the system.”

It was not a dog-blooded romantic TV series, or a variety of court dramas. Phillip heard the surprise from the beginning, but later discovered that there is such a plot in the magical TV circle.

There are still many people watching such a plot.

He also doesn't understand the brain circuits of these people.

For example, Marry Jiang can still see herself crying. Once when Phillip came back, he found Marry Jiang holding a pillow and throwing a pile of tissues in front of her. Her eyes were swollen from crying.

Phillip thought something had happened. After asking Marry Jiang, he pointed to the aborted heroine in the TV series and said, “How miserable she is. I have never seen such a miserable heroine. ...”

Phillip: "..."

He was wrong, he shouldn't ask too much.

This time, he opened the door, and at the same time he smelled the scent of rice, he heard Marry Jiang cursing there again: "Ah, the damn female partner is so bad. Give me a knife and let me kill her!"

Phillip: "..."

Really energetic.

He closed the door and changed his shoes into the house blankly. When he walked into the room, Phillip's steps suddenly stopped. Marry Jiang heard the footsteps and said casually: "You are back."

"Yeah." Phillip replied, and then thought of what the female employee said in the company just now.

It turns out that they thought that if someone cooks, they are married? If they can see this scene in their own home, it might be...

Phillip walked in and found that she was watching an ancient costume palace TV series. In Marry Jiang's words, it was the one that was very popular recently.

"I have prepared the meal, but this episode is almost over, so let's get it out when I finish watching it, or you can get it."

Naturally, Phillip didn't tell her much. He rolled up his cuffs and went straight into the kitchen.

After a while, he brought everything out, and when Marry Jiang finished watching the show, turned off the TV, and found that Phillip had already prepared everything neatly. She walked over and said, "You still Quite conscious, not like that kind of male chauvinist."

After speaking, you must sit down. Who knew that Phillip said coldly: "Don't wash your hands?"

Marry Jiang reacted, "Forget it, I'll go wash it immediately."

Then he turned around and went to the bathroom to wash his hands clean. While washing, he was still thinking that there would be another day when Feng Shui turned around. Before, she called him to wash his hands, but now he called her to wash her hands.

Marry Jiang smashed her mouth, wiped her hands and went out.

The two sat facing each other to eat.

In fact, at the beginning, it was hard to say that it was not embarrassing. After all, it would have been embarrassing for two strange men and women to sit face to face and eat together, but Marry Jiang supported it thickly.

After these days, she got used to it.

Recently, every time his mother called, Marry Jiang was able to deal with it every time, saying what happened to her boyfriend's house, her mother would squint and be fooled by her.

But in a few days it will be the grandmother's 70th birthday. Her mother called her this morning and asked her to take her boyfriend to the birthday party.

In fact, Marry Jiang is really not interested in her eccentric grandma, and she doesn't want to go to her birthday party. Moreover, her grandma is eccentric,

she also prefers sons, because her family is an only daughter, so this Grandma has always been dissatisfied with her mother. She even said in private that her mother would not have a son, and sometimes humiliated her mother in front of her.

But her mother is not easy to bully, and she will go back horizontally and vertically.

Although every time I go back, unhappy is also a real emotion.

So Marry Jiang didn't want to participate in this grandma's 70th birthday, but Jiang's mother had to let her go, saying that grandma was very dissatisfied with her. If she didn't even go to the birthday party, she would have to be pierced. Scolded.

Marry Jiang had no choice but to agree.

Finally Jiang's mother said that she would bring her boyfriend along when she went.

Marry Jiang actually didn't have much to do with him, so she just went. If Phillip was really her boyfriend, she could take it with her to see what her grandma was like.

But the problem is that the two are now pretending to be boy and girl friends, and if they let him go to the banquet with them, they will inevitably be run on all sides, and maybe people will come up to attack.

Thinking about it, it feels annoying.

"If you don't eat, what are you thinking?"

Suddenly Phillip's question came from the other side, and Marry Jiang recovered, only to realize that she had been in a daze just now because he was thinking about things.

Now Phillip stared at her curiously, and she could only explain awkwardly: "It's nothing, just thinking about my grandma's 70th birthday."

"70th birthday?"

Marry Jiang nodded, her smart eyeballs rolled, and suddenly she looked at Phillip who was sitting in front of her with a full smile, and asked with a smile: "My grandma's 70th birthday will have a lot of food, no Know if you have..."

"No." Phillip directly rejected her without hesitation.

Although it was expected, Marry Jiang did not expect that he would refuse so quickly and accurately, and was a little empty in her heart, but she still smiled and said: "You really don't leave me any affection, just can't you refuse to be tactful? For example, you have to work and have a meeting that day, so you can't go with me."

Hearing, Phillip frowned and glanced at her, the expression on his face clearly said, is it necessary to be so troublesome?

"Sure enough, he is a straight man, and he doesn't understand the weak psychology of caring for girls."

"Weak?" Phillip pursed his lips, then said: "You?"

"It's alright." Marry Jiang waved her hand indifferently: "Then I will go by myself when the time comes. You are not allowed to talk about the other things, eat."

The birthday party is very close, just three days later.

Early in the morning, Marry Jiang sent a message to Phillip, saying that he probably didn't have time to go to his house to cook for him all day, so let him solve it by himself today.

Phillip stared at this message for a long time, and then replied, "Is going to attend your grandma's birthday party?"

Marry Jiang replied um.

Phillip recalled the way Marry Jiang suggested to him with a smile on her face that day. She looked very happy, and there should be no problem.

However, when the ghosts and gods sent the land, he actually asked again.

"Can you be alone?"

After the post, Phillip felt that he was a little troubled, but Marry Jiang recovered quickly.

"No problem, you will take care of today's meal by yourself."

Chapter 1281

After Marry Jiang sent this message, she put down her phone and continued to make up for herself.

Originally, she wanted to dress as usual to attend the banquet, but Du Xiaoyu came over early in the morning and stared at her, saying that she had to put on makeup today before attending.

The children of other people's families are all in pairs, and how to dress up, you must make Marry Jiang do the same.

Marry Jiang couldn't help Jiang's mother, so she reluctantly agreed, and then changed clothes.

"It's almost the same, by the way, what about your boyfriend? Remember to call him over today."

Marry Jiang thought for a while and coughed lightly: "I see, he will deal with something, and he will go over later, let's go first."

Hearing, Du Xiaoyu frowned suspiciously, "He won't come to pick you up?"

"Yes, he has to do something first, let's go first mom."

Jiang Mu stood still and stared at her motionlessly.

"Mom, don't you believe me? I said he will go, don't worry."

Marry Jiang dragged Jiang's mother to the outside, and then the two got in the car, and Jiang's mother couldn't help but mumble.

"What is so important, he won't come after you make an appointment?"

"Mom..."

"Marry, you don't want to have a blind date. You want to have a boyfriend. Mom doesn't limit you. But what kind of things have you moved to your house? You moved everything. Doesn't that guy have these things in his house? Poor?"

Marry Jiang: "...what are you thinking about?"

But Marry Jiang really didn't know that Phillip was poor, and whether he had money or not was not so so-called to him. Marry Jiang was not that kind of material woman.

She has money herself, and she can earn bread on her own, so it is not important to her whether a man has money or not.

What is important is the charm, temperament and character of a man.

Du Xiaoyu took a serious look at her daughter. She has inherited her beauty well, and her facial features are very delicate even if she doesn't dress up. Now she puts on a makeup and wears a small skirt, which is even more dazzling.

It stands to reason that this beauty should be able to find a good man.

However, Marry Jiang has the ability to make money, and she has not put her mind on other things, so she has always been single until now.

And Du Xiaoyu is not the kind of person who sells women for glory.

If Phillip is really a poor man, and Marry really likes it, then she will fulfill them too.

Thinking of this, Du Xiaoyu stopped talking.

The procedure for the 70th birthday this time is like this. Originally, it was planned to have a birthday banquet in Jiangzhai, but later the eldest son of the Jiang family proposed to go to the hotel to have a birthday banquet. Because he used to be in Jiangzhai, I wanted to have some Fresh.

So she went to the hotel to hold a birthday banquet.

Jiang's three sons, Marry Jiang's father ranked third. The eldest had nothing to do with his wife after three years of marriage. After the divorce, he remarried a woman and spent his life as three sons. In addition, Jiang's eldest had a career. Cheng, opened a small company, so he was especially loved by the old lady of the Jiang family.

Although the second child did not have as good achievements as the boss, he still gave birth to a boy and a girl, and the old lady naturally had no opinion on them.

Only the father of Marry Jiang, Jiang Yanke only gave birth to a daughter like Marry.

After that, the two were determined not to have a second child.

Because Jiang's father and Jiang's mother's thinking is in a different state, they feel that if they have more children, they are afraid of being unfair to their children, so they will only give birth to Marry. They will bring her up properly, and they will not be worthy of being a parent. Responsible.

But the old lady of the Jiang family doesn't like it. She thinks Jiang Yanke is stupid. At any rate, she should have a son, but only one daughter.

In addition, Marry Jiang is not the kind of person who is good at talking and flattering. Over time, the old lady of the Jiang family will look at her even more unpleasant. No matter what Marry Jiang does or say, the old lady of the Jiang family will think that this child has a problem.

So Marry Jiang didn't like this grandma either.

Even when she was talking about having to give birth to a son, she wanted to make a point.

“Do you have a throne to inherit? If you have to have a son, it’s a new era, and women are no weaker than men!”

Fortunately, she is still a woman, it really destroys a woman’s own ambition and grows the prestige of a man.

When she arrived at the hotel, Du Xiaoyu took out the small mirror and cleaned up her makeup again. After confirming that it was correct, he said: “Marry, see if there is any problem with your makeup. If there is no problem, we will get out of the car.”

After calling, there was no response, Du Xiaoyu was puzzled: “Marry?”

Then she turned her head and saw Marry Jiang who was asleep leaning on her seat. Du Xiaoyu was taken aback for a moment, then broke out, and shouted: “Marry Jiang!!!”

Marry Jiang was still dreaming when she was suddenly awakened by Jiang Mu’s roar.

“What happened?”

Marry Jiang subconsciously stretched out her hand to rub her eyes, but when she reached halfway, she was held by Jiang Mu.

“What do you want to do? Don’t forget that you applied mascara and eyeliner when you went out in the morning!”

Marry Jiang paused, then her consciousness slowly returned, and finally remembered what to do today. She took a look outside and realized that they had reached their destination.

“Ah, are you here so soon? It feels like I haven’t slept for a while...” After Marry Jiang muttered, she was suddenly slapped on the arm by Du Xiaoyu.

“Are you awake? Others are trying to fight for beauty, but you do it well. After putting on makeup and fixing your hair, you fell asleep in the car, don’t hurry to see if you drool!”

Marry Jiang took a look in the mirror and touched her mouth: “It’s okay, it’s pretty clean, I don’t drool when I sleep.”

The makeup is fine, perfect!

“Hurry up and fill up the lipstick, and then we are ready to enter the venue. Originally, your grandma was very dissatisfied with our mother and son. If you have any problems with your makeup, she will definitely hate us even more. Today is a birthday party. There is a problem.”

“Oh oh.” Marry Jiang took over the makeup mirror, and while facing the mirror to add lipstick to herself, she said unconsciously: “Actually, I always feel that grandma already hates our mother and child, even if we do anything else, she still won’t like us. Yeah.”

“Oh.” Mother Jiang sighed: “You are right, but she still has to live on her face. How can I say that it is your father’s mother? If it is not for your father’s face, I really don’t want to Coming to this kind of occasion will only be sour. By the way, when will your boyfriend come over?”

Speaking of Phillip, the expression on Marry Jiang’s face became a little subtle, and she could only change the subject quickly, “Mom, do you think my mascara is a little off?”

“What?” When Mother Jiang heard this, she immediately noticed the danger, and immediately leaned in to examine Marry Jiang.

Chapter 1282

After the inspection, Jiang Mu found that there was nothing unusual, and she was relieved.

“No problem, is the lipstick patched up too?”

“Hmm.” Marry Jiang stuffed the makeup mirror and lipstick into her bag, and then took the initiative to say: “Shall we go in?”

“Row.”

Because of the small episode of eyelashes, Jiang’s mother quickly forgot what Phillip had just done, got out of the car with her daughter, and when she walked into the hotel, she said, “This is a different occasion today, you Uncle invited a lot of people, so you have to behave well and let them all know that although my dad and I only gave birth to a daughter, you are much better than them, you know?”

Marry Jiang: “Mom... why should I compare others? I don’t want to, I’m too lazy.”

“Silly girl, where does this make you compare with others? It’s you who are fighting for face, but you are the only daughter of your parents, so of course you have to take on this responsibility.”

“Oh.” Marry Jiang sighed, really tired.

The two were walking inside, and a few people next door also came over here in groups. Marry Jiang looked familiar from a distance.

When she was about to ask Jiang Mu if those people were acquaintances, she heard a shout: “That’s Marry, right?”

Mother Jiang heard the sound and looked sideways, her face suddenly ugly.

“It’s your second aunt and Mei Jiang.”

Mei Jiang?

Hearing this name, Marry Jiang’s interest fell a bit.

Mei Jiang was the same age as her. She used to like to compare with her when she was in school, and she always liked to snatch her things, which was not hers.

Just seeing what Marry Jiang had, Mei Jiang wanted to have something, and anyway, she was anxious to prove herself.

For example, when Marry Jiang was in high school, there was a boy who was very good in all aspects of family and learning chasing Marry Jiang, but where did Marry Jiang have time to care about him? In addition to going to the cafeteria to eat every day, she is holding various literary works while reading, and she reads books even after class.

So the boy gave Marry Jiang several love letters, and in the end they were all used as bookmarks by Marry Jiang.

Mei Jiang didn’t know where she heard the news, and then started chasing the boy backwards, and finally after taking the opponent easily, ran to Marry Jiang to show off.

Marry Jiang at that time: “...”

Later, during the school celebration, Marry Jiang was instigated by the monitor to sign up for a marathon, and Mei Jiang immediately followed suit.

Anyway, as long as there is Marry Jiang’s activity, Mei Jiang’s shadow will definitely be lost.

And Mei Jiang will do better and better than her every time, and then show off in front of Marry Jiang.

Of course, every time these things Mei Jiang would talk to the old lady Jiang, the time has passed, and the old lady Jiang will take it for granted that Marry Jiang can't do anything, worse than the first place.

Nothing is better than Mei Jiang, everything is crushed by Mei Jiang.

Until later, Marry Jiang hid at home after graduation to write manuscripts, Mei Jiang finally had no choice but to use her.

Because Mei Jiang doesn't, loves to read, even if she wants to learn from her, she doesn't have that ability.

And Marry Jiang finally cleaned up for a few years, but she didn't expect to meet again now.

From a distance, Marry Jiang saw Mei Jiang wearing a long green vest skirt, a small jacket inlaid with pearls, and a very expensive bag on her waist. Long hair became popular. Her big curly hair is very attractive and beautiful.

He was quite good at dressing up, Marry Jiang said silently in her heart.

When someone approached, Mei Jiang pretended to come over intimately and took Marry Jiang's hand: "Marry, I didn't expect you to come too. I thought you were going to stay at home until it became moldy."

The smell of gunpowder was so heavy in the first sentence of the meeting, ha ha ha ha.

Marry Jiang sneered twice in her heart.

Then on the surface nothing was obvious, and she called to Mei Jiang's mother: "Second Auntie."

The second aunt replied, her eyes were brushed on Marry Jiang's body like a brush. After seeing the clothes she was wearing, her eyes became a bit disgusting, and she sighed: "I said Marry, you graduated. From now on, I will stay at home every day and will not come out to walk around with my relatives. This is so easy to come out once, so why don't you buy better clothes to wear?"

Nani?

Marry Jiang looked down at her skirt.

This dress was first sold at the auction house. It was said that the style was special and it was very scheming. It looked particularly good when wearing it. However, after I bought it, I found that my waist was too thick. She couldn't wear it, so she changed hands and gave this small skirt with an auction price of nearly half a million to Marry Jiang. Marry Jiang was unwilling to accept it at first, and the sugar cubes were stuffed into her, and she was wasted if she didn't wear it.

The skirt was too expensive, Marry Jiang dared not wear it, but when she opened the cabinet today, she suddenly realized that she had such a skirt, so she wore it.

The key point is that Marry Jiang has long waist and thin legs, and she looks taller after wearing this skirt.

From a distance, Mei Jiang saw that Marry Jiang had such a good figure, and she was jealous. Now that she was wearing ordinary styles, the corners of her lips and eyes couldn't help but feel proud.

“That’s right, Marry, we are all out of society now. To buy clothes, it is better to buy that kind of brand. Only when you wear it, you have the brand. You bought this dress on a certain treasure, right?”

“Ah?” Marry Jiang said, “Do I have to wear a brand when I go out of society? Whose rule is this?”

Du Xiaoyu watched by the side, frowned unhappy after hearing the words of these two people, and then turned to look at the skirt her daughter was wearing.

This skirt is excellent in terms of fabric and design. How can it be possible to buy it for a small amount of money? But she has never seen this brand either.

“Of course it’s not a rule, but we are from the Jiang family. Today is grandma’s birthday banquet. You dress so casually, don’t you have grandma in your eyes at all?” Mei Jiang covered her mouth and smiled. , And then patted Marry Jiang on the shoulder: “Or, your income from writing is not very optimistic. I heard that this Internet writer actually has a very low income. Sometimes he can’t even support himself, so he has to rely on his family to help. It.”

After speaking, she looked at Du Xiaoyu, “Marry is so ignorant. Aunt San must be very hard, right?”

Marry Jiang’s lips couldn’t help but twitched, wanting to ask if you are mentally retarded?

When she was in school, she liked to compare with her. She didn’t expect to see her for so long, still like to compare with her?

Thinking of this, Marry Jiang smiled indifferently, and said softly: “Yeah, yeah, my mom has worked hard. But Mei Jiang, you said you have been out for work for so long, so why are you still so speechless? How did your eloquence survive in the workplace?”

No one thought that Marry Jiang would suddenly stun people.

And it was still in front of her second aunt, so the four people at the scene, except for Marry Jiang, the other three were taken aback.

Chapter 1283

Du Xiaoyu knew that her daughter, like her was a character unwilling to suffer.

However, she also knew that Marry knew how to measure in front of her elders, and she would normally not have an attack if the other party was not too excessive, as she used to be indifferent to three lines.

Yes, yes, you are right.

Why is it so sudden today?

But Du Xiaoyu soon reacted. She supported her daughter anyway, and it was better to be stunned, so that the mother and daughter didn't know what shamelessness was, and it was unpleasant to come over to them if there was nothing to do.

After the second aunt reacted, she immediately looked at Marry Jiang displeasedly and said, "Marry, how do you talk."

Mei Jiang also recovered, the expression on her face was a little embarrassed: "Yes, Marry, what do you mean by this?"

Marry Jiang smiled slightly, and drew out the arm she was holding in her arms: "It means to be courteous and kind, Mei Jiang, I'm boasting that you are eloquent. You can't hear it?"

“Marry Jiang, where are you boasting about my eloquence? You are clearly insinuating me. Why are you doing this?”

Compared to Jiang Mei’s anger and depravity, Marry Jiang was calm and relaxed.

“What’s wrong with insinuating you? Just the words you said, I didn’t scold you, and they were all light.”

“You!”

The second aunt looked at Marry Jiang in disbelief: “Marry, how did you become like this? You used to be a little polite, but now you really don’t have any quality. If you can’t make money, it’s fine. Unreasonable. Xiaoyu, what’s the matter with you and Yanke, is this how you teach your children?”

Du Xiaoyu was named, and she smiled coldly: “I said Ersao, you have this leisure time to talk about my child-rearing, why don’t you watch Mei Jiang more by yourself? From meeting to now, she hasn’t even the third aunt Call me, anyway, Marry from my family called you second aunt. This is not educated, I am afraid you are worse than me, right?”

The mouths of the two mothers and daughters are both powerful, but Pingjin is too lazy to stun people, but if stunned people, they will not leave room for each other and affection.

Sure enough, the second aunt and Mei Jiang were speechless by Du Xiaoyu, their faces turned pale and angry.

Marry Jiang couldn’t help but feel refreshed in her heart.

Haha, let you be mean, so like Taoist right and wrong, and find others unhappy, then let you know what it’s like to be unhappy.

The smell of gunpowder here is full, and there is another group of people over there. It was the elder mother who arrived with her sons. This time she got off the bus and saw that the other two rooms were all together, her face couldn't help but smile.

"Second sibling, third sibling, why are you all standing here, why don't you go in?"

Marry Jiang smiled slightly, and gave priority to her elder aunt. Mei Jiang reluctantly called her elder aunt because he had just been trained.

The elder mother responded, and then stepped forward, "Let's go, we all go in together, today we are all here, mother should be very happy."

The eldest aunt held her second aunt with her left hand and Du Xiaoyu with her right hand. Marry Jiang had to slow down and follow behind.

The three sons born to the eldest mother were all sons, and the three sons had different personalities. The younger one, who was in charge, slowed down like Marry Jiang, and then walked with her.

"Marry, I heard that you are now a freelancer and you don't have to go to work every day, right?"

Marry Jiang glanced at him and smiled, "It's okay, you can try it if you feel uncomfortable."

"Never mind. I got a headache when I read the text. Alas, now we are all grown up. You girl was half of my height before. I didn't expect that after so many years, you are also a big girl and have a boyfriend. Are you ready? When are you going to get married?"

These familiar questions made Marry Jiang's head hurt suddenly. When he was about to ask the next sentence, he hurriedly said: "Stop it, I said Brother

You, you are only a few years older than me, can you not ask? Is it such a horrible question? Don't you know how I feel when I hear you? I think you should know it well."

Brother he couldn't help but smile a little on her lips, "Sister Marry, I asked because I knew how you would feel."

Marry Jiang: "..."

"Seriously, have you made a boyfriend?"

Marry Jiang thought of Phillip, and thought that he was just her pretended boyfriend, and curled her lips and said, "No one wants it."

"How is this possible? Our little white girl is so beautiful and outstanding. Those men are blind? Would you like to introduce some to you?"

"Don't," Marry Jiang quickly declined, "the introduction is unnecessary."

"You girl, I'm ashamed to say that you don't have anyone wanting it. I think you don't want to find it, right?"

The two talked and laughed, and walked in along the way.

Mei Jiang was so angry all the way, she looked back at Marry Jiang from time to time, and then turned her head angrily.

She's really mad at her, why did she become so sharp and awkward to speak?

But she was proud of it now, and she would see her grandma later, to see if she could still be like this, if she dared to fight herself in front of her grandma, Mei Jiang would sue her severely.

Marry Jiang didn't know Mei Jiang's thoughts at the moment. After entering the birthday party, the adults went to help, and these juniors could only find a place to stay by themselves.

Marry Jiang felt that it was a bit boring here, so she turned and went out to breathe, and waited for a later time to come in again.

When she was out, she could only take out her mobile phone because she was bored. When she was about to send a message to Tangtang, she saw Phillip's name.

She doesn't know what he is doing now, alas, if only she was willing to accompany him to such an occasion.

Unfortunately...

Marry Jiang shook her head and called Fangtangtang directly.

Then she leaned against the window and talked about sugar cubes there.

When it came to this skirt on her body, Tangtang was so excited.

"I wiped it, did her eyes grow as decorations? You actually said that your clothes were bought from a certain treasure. Even if you can't recognize it as a design, you should look at things and know the goods? You can also look at such good materials. If I can't come out, I'm blind. Marry, please help me and tell your relative, don't donate your eyes to people in need."

Hearing, Marry Jiang couldn't help laughing: "She probably wouldn't be willing to donate. After all, she still has eyes to look at me, so she can run on me."

"We Marry are so powerful, are you afraid that she will run you? By the way, didn't you bring Phillip over?"

Speaking of Phillip, Marry Jiang was quiet.

“Why do you bring him here? This kind of occasion looks peaceful on the surface, but in fact it is bloody and bloody. Who would want to come to this kind of place? Besides, he and I weren’t real at first. Let people accompany me to the run. It’s not so good either.”

Sugar cube: “That’s true...”

Chapter 1284

Phillip actually had a socializing today, and he happened to have an appointment at the hotel in the same place as Marry Jiang.

The people in the box smoked, and the smell of smoke was heavy. Phillip used the excuse to let out a breath when he came out of the bathroom. As a result, he heard the voice of a girl talking as soon as he got out of the box.

The girl’s voice is smart, elegant and full of vigor.

Familiar with it, Phillip turned the corner and saw a tall and thin figure leaning against the window making a call.

“Why do you bring him here? This kind of occasion looks peaceful on the surface, but in fact it is bloody and bloody. Who would want to come to this kind of place? Besides, he and I weren’t real at first. Let people accompany me to the run. It’s not so good either.”

“Right? Well, if it wasn’t for my mother to let me come over, I really want to stay at home and watch TV dramas, and sleep. Now that the birthday banquet has not officially started, I already want to sleep.”

“Yinyiren? This forbearance is one day, it’s so heartbroken.”

Her face was full of expressions that she didn't want to stay here. Phillip, who was standing around the corner, couldn't help but frown as he heard these words.

Bloody rain?

Isn't it the birthday feast of your grandma? How could it be bloody again? Phillip was a little puzzled, but what was even more surprising was that he would run into her here by such a coincidence.

When Phillip hesitated whether to go out and say hello to Marry Jiang, a person came out behind her.

"So why don't you want to come to grandma's birthday banquet, why do you have to run over here pretendingly? When you come, you ran outside here to call, Marry Jiang, you are so hypocritical."

The person here is Mei Jiang.

After being humiliated by Marry Jiang's remarks, she was suffocating her breath. It just so happened that the birthday party hadn't started yet, so she couldn't control her temper and wanted to trouble Marry Jiang.

After looking around, she found out that she had run out.

Then, let her hear Marry Jiang's words that he didn't want to stay here.

"Who is it?" Fang Tangtang asked gossiping when he heard a sudden extra voice.

Marry Jiang glanced at the visitor, a sarcasm smile appeared on her lips, and then said: "The annoying fly is here."

The adjective fly changed Mei Jiang's color. She gritted her teeth and walked in front of Marry Jiang, asking loudly.

"Marry Jiang, what the hell do you mean? Did I offend you? As for asking you to target me this time?"

"Tangtang, I won't tell you anymore, I will call you after the birthday banquet is over, right?"

After speaking, Marry Jiang hung up the phone, then put the phone away and looked at Mei Jiang with a funny expression.

"Mei Jiang, are you aiming at me or am I aiming at you?"

Mei Jiang: "..."

"I ran out to call, and you chased me out and scolded me, who is this against whom?" Marry Jiang pulled a strand of hair from his forehead to the back of his head, with an expression of boredom, "I'm still in the shadows. Blame others for being an eyesore?"

"Don't be hypocritical! If you didn't talk about me like that before, would I follow you out? Obviously it was me who you said first!"

"Are you sure Mei Jiang, whoever saw me from a distance rushed over to insinuate me all kinds of innuendo, I just used the human way to treat the other person."

"You!"

Seeing Mei Jiang's appearance, Marry Jiang laughed playfully, and approached her and tapped her nose: "What? You feel wronged? Since you can't afford to play so much, then you can be honest, don't always do it. Come over and provoke me, I am not as annoying as I was when I was studying."

After speaking, Marry Jiang retracted her hand, the smile on her face disappeared, and then walked inside.

Mei Jiang stood there, her face turned blue and white with anger, but she couldn't help it.

After Marry Jiang left, Mei Jiang scolded angrily: "Marry Jiang, you bitch, man, I will see how you make a fool of yourself in front of grandma!"

After speaking, she waved her hand and walked in.

After everyone had left, Phillip walked out from the corner, frowning.

He had obviously heard the conversation between the two girls just now, and he naturally heard Mei Jiang's last words.

Although he doesn't know what happened between the two of them, Phillip can also guess from the dialogue that the two of them didn't deal with each other, and Marry Jiang was not the kind of object to lie down, so the two of them would tear up. It's so powerful.

Unexpectedly, a birthday banquet is actually like this...

Phillip took out his phone and was about to send a message to Marry Jiang, but someone behind him patted him on the shoulder.

"Assistant Xiao, what are you doing? I thought you didn't come out in the bathroom for so long."

Phillip returned to his senses and turned his head.

"Mr. Zhao."

“Let’s go, everyone in the box is waiting for you to go back.”

Phillip paused, thinking of Marry Jiang, and finally pursed his lips and went back with Mr. Zhao.*

When Marry Jiang returned, the birthday feast had almost begun.

Du Xiaoyu tugged her arm and asked in a low voice: “Where did you go, you still run around in such a place, for fear that your grandma’s impression of you is not bad enough?”

Hearing that, Marry Jiang shrugged indifferently, “Mom, there is no worst, only worse. Anyway, her impression of me will not be better anyway, so she will go with her, and why should I ask for it? Her liking?”

This grandma didn’t show her a good face since she was a child, because she was a girl.

Marry Jiang didn’t think there was anything wrong with girls, but her grandma’s attitude always gave her a kind, you are a girl and you is wrong.

So don’t say that grandma doesn’t like her, she also dislikes this grandma very much.

“Who wants you to please her is to make you be yourself, don’t let her pick your faults. There are so many people here today. If you are to blame your faults in front of everyone, then, do you want a girl’s face anymore?”

Marry Jiang: “Mom, you look down on my grandma too much. Even if I do something flawlessly, she will definitely find faults, believe it or not?”

Du Xiaoyu: “...”

How could she not believe it, because this happened more than once, alas?

“Then you blame your mother for letting you come?”

“No, after I came here today, I stunned people, it feels very cool, hehe.”

After she had beaten Mei Jiang and the second aunt, and then saw the expressions of those two people, Marry Jiang was so happy that she was so comfortable.

So she made a decision at that time, that is, she will not tolerate anyone being picky or insinuating on her.

No matter who it is, as long as she dares to insinuate her, she will definitely fight back without mercy.

Anyway, no matter what you do is wrong, then let yourself be cool first.

“By the way, where is my dad?”

“Help in the back.”

“Well, how long will the birthday banquet begin?”

“Quickly, you will give it away when you go to give the gift. Remember to say a few more words.”

“Oh.”

She can't say good things? Well, you have to think about how you want to say it, the most basic Furu Donghai, longevity is better than Nanshan?

Chapter 1285

Before the birthday banquet began, everyone gathered in the hall. Because there were so many people invited today, some saw Marry Jiang standing tall, so they came over and asked about her age and education.

After she heard that she was a freelancer, she also praised her for her greatness and asked her to continue to work hard.

Mei Jiang listened uncomfortably beside her, and her whole heart was twisted with jealousy.

Although the Jiang family had three sons, these three sons gave birth to two daughters.

Mei Jiang has liked to compare with Marry Jiang since she was a child.

She would do whatever Marry Jiang did, but there was one thing she could never catch, and that was Marry Jiang's skin.

Because Marry Jiang inherited her mother's beauty and at the same time acquired her father's height and long legs, she not only possesses enviable long legs and height, but also an enviable face.

She is the kind of person who is beautiful without dressing up, and she can suppress the audience once she dresses up, so Mei Jiang has deliberately dressed up before coming today.

And over the years, she had been worried about her single eyelid for a long time, and finally made up her mind to find a doctor to cut her double eyelid.

She has done a lot of water injection, hyaluronic acid, various medical products, and operations.

Mei Jiang thought that she was already very beautiful, but Marry Jiang was very simple, and she was definitely not as good as before. Now, when we met Mei Jiang, she realized that she was wrong.

Because she is not only beautiful, she is also naturally beautiful, and she doesn't care much about her skin, but she is still fair and smooth, which really madden her! ! !

Now that most of the guests present talk to Marry Jiang, Mei Jiang is even angrier.

So when someone asked the question of whether Marry Jiang's monthly income from writing is enough for her own life, Mei Jiang couldn't help it. Regardless of whether she was polite or impolite, she just stepped in and said: "Where does she earn enough money to live on her own? Life? She didn't really like to study when she was in school. Why didn't she find a job well after graduation? Marry, although we are sisters, I really can't help but say that you are no longer a kid. If you want to get married and have children in the future, you should hurry up and find a decent job, save some money, and stop making your parents so hard."

Marry Jiang: "..."

This annoying fly really flew out again.

Oh, sure enough, the flies are coming.

Thinking of this, Marry Jiang looked at her and smiled faintly: "My parents? You are a junior, don't you know how to call your elders?"

Mei Jiang's expression changed. She didn't expect that she would use this topic to make an essay again, so she could only remedy it quickly: "I was just okay. The third aunt and the third uncle worked hard for you. Originally, your

family was a daughter. It's really not good for people who work and don't make money.

"Then what should I do as you say?"

Marry Jiang wasn't angry either, there was always a faint smile on his face, as if he was accumulating his energy to expand the move.

Mei Jiang had a vague premonition, but after seeing the surroundings listening to her words, after showing a little contempt at Marry Jiang, her heart began to feel dark again.

"There are so many people here, why don't you let everyone help you see, is there any job you can introduce?"

"Ah? Her academic performance is not very good, and she has lived for so long at home for nothing, doing nothing, and can't do anything when she goes out to work, right?"

"Yes, I haven't had any hardships, how can I come out to work?"

Mei Jiang coughed slightly, "Marry, the company I work for has a colleague who runs a western restaurant at home. I heard that they happen to be hiring waiters recently. Although the salary is not very high, but fortunately they provide three meals. Although being a waiter is a bit tired, depending on your current conditions, why not try it, don't let Sanshu and Sanyi bother for you."

"Waiter?" Marry Jiang lifted her lips, "it's a good job."

In Marry Jiang's eyes, as long as she is self-reliant, what she does is worthy of respect. Everyone is working hard to do what he can, not stealing or grabbing, and relying on his own labor ability to exchange money. There is nothing to be ashamed of.

But Mei Jiang wanted to humiliate her with the profession of waiter.

“Right?” Mei Jiang heard her say that she was a good job, thinking she was really tempted, and at the same time sighing in her heart for how cheeky she was. She was humiliated in public like this, and she didn’t turn her head and left.

“If you think it’s okay, I’ll introduce it to you then.”

Marry Jiang: “Okay.”

Mei Jiang felt that something was wrong. When she was outside before, Marry Jiang didn’t talk like this.

So she leaned close to Marry Jiang, lowered her voice, and asked her in a voice that only the two of them could hear: “What the hell are you doing?”

Hearing, Marry Jiang blinked innocently, “Ah? I’m not doing anything.”

Mei Jiang didn’t believe it: “I have said so, you are not angry yet, Marry Jiang, you are really thick-skinned now.”

“Where, no matter how thick-skinned I am, I can’t match your one or two. I relied on a man to enter the company. As a result, my virtue was not matched. In the end, I still depend on the man to live. Mei Jiang, as a woman, I have to remind you. If that man is willing to let you cling to you for a lifetime, then you are lucky, but if he runs away halfway, what else do you have?”

Mei Jiang was stunned.

“Do you think you can stand here with majesty like you do now, wearing beautiful clothes, spraying big-name perfume, and arrogantly saying that you want to find a job for me. I’m afraid that when the time comes, you will be able to introduce the job you want to introduce. Can’t find it.”

After finishing speaking, Marry Jiang showed a delicate smile and said softly: “You said this in front of everyone, don’t you just want to tell everyone that you are doing well now, you have a position in the company, and you know very good people? , And I, Marry Jiang, don’t have anything? Want to see me jumping and making a fool of me? I tell you, don’t even think about it.”

After that, Marry Jiang looked around and said to everyone generously: “My current job is indeed relatively free in terms of time. If you want to introduce me to work, I can take time to work part-time, after all. Make me honorable.”

Everyone didn’t expect her to be so humble or arrogant. She touched her nose in a whisper and didn’t know what to say. Mei Jiang’s goal was not achieved and she was extremely unhappy.

She grabbed Marry Jiang’s hand, and when she wanted to say something else, the old lady Jiang was surrounded by her.

“What do you want to do by holding my hand? Grandma came out. Ms. Mei Jiang won’t let go of my hand and go flattering? Go later, I’m afraid there is no chance for you.”

When Marry Jiang said this, Mei Jiang realized something. After saying something, you waited, then turned and squeezed into the crowd.

Those who want to be courteous just can’t stand the excitement.

Marry Jiang turned around and smiled helplessly.

Chapter 1286

Because the eldest son of the Jiang family is a bit accomplished, those who are invited to participate are willing to give the old lady of the Jiang family a face, giving gifts, and saying good things and saying good things.

Marry Jiang's mother squeezed to her side at some unknown time, and the two stood there.

The mother and son glanced at each other, but they didn't speak.

There was a thin conversation behind him.

"Look at this old lady of the Jiang family. I heard that her family's conditions were very bad earlier, but she desperately gave birth to three sons. Now that her sons are up for their arrogance, they start to put on airs. The children were still young before. At that time, who didn't know the frustration of this old lady of the Jiang family, her face was gray every day, she was a dirty and ugly yellow-faced woman, because of this, her husband abandoned her and ran."

After hearing this, some people chuckled.

"Then this old lady is a bit too miserable. She thought she gave birth to three sons desperately, and her husband would obey her? Who knew that life was too ugly and her husband ran away."

"Yeah, although I haven't seen her before, but look at her face now, there are many wrinkles."

Marry Jiang heard this conversation, but couldn't help frowning Xiu.

Although she didn't like the old lady, it was limited to herself. No matter she didn't like it, it was her grandma and her father's mother.

Even if she didn't like this grandma on weekdays, she wouldn't keep telling it outside.

So when she heard someone talking behind her back, Marry Jiang could not listen to the old lady's bad things. She subconsciously glanced at Du Xiaoyu, and both of them could see in each other's eyes. Yue emotions.

It seems that her mother is just like her.

The two exchanged glances at each other, then turned around and smiled and looked at the two people who were just chatting.

“Today is my grandma’s birthday banquet, but the cleanliness and hygiene of this hotel are not in place. There are so many flies flying everywhere, which makes me really a headache.”

As soon as Marry Jiang said what he said, Jiang Mu immediately understood, agreeing with her daughter, exaggeratedly sniffing around, and then exclaimed, “Marry, you smell it, what is this?”

The two gossiping people saw the sudden movements of their mother and son, and they were embarrassed at first, but then they heard Du Xiaoyu say: “What a sour smell, Marry, You said that the sanitation of this hotel is really good. Even if there are many flies, there is still such a big sour smell.”

Marry Jiang nodded solemnly: “I can smell it too. It’s so sour, well, we don’t want to wait until the banquet is over, let’s sue, the staff of this hotel is passive and sabotaged, so you can’t indulge it like this.”

“That’s right, our Jiang family paid for this banquet today, and we didn’t clean it up. Letting these flies stay here is simply affecting appetite.”

One of the two people who were said to be stupid was also stupid. Hearing what they said, he looked around curiously, and then said inexplicably, “Where are the flies? Why haven’t I seen them? And I There is no strange smell either, where are you from...”

Before she could finish her words, she was interrupted by her companion, “Fool!”

The man was scolded by his companion for an idiot, and blinked, not understanding what happened.

“Fool! Don’t be embarrassed anymore, Marry Jiang’s mother and son are talking about Sang and Huai, they are talking about us!”

“We!?”

“Correct!”

The woman replied angrily, and then looked in Marry Jiang’s direction, “I said Marry Jiang, what are you going to do? You rank third in the ordinary days, isn’t it because of the old lady’s neglect and cold eyes? She is an old-minded person. When she is patriarchal, your dad gave birth to a daughter like you. Compared with her who gave birth to three sons, you are exactly her staring nail. Now I say so. A few words, do you need to speak out?”

Hearing that, Marry Jiang sneered disdainfully, and walked two steps forward and approached her with a light and fluttering voice.

“This aunt is really funny. You said in front of me that the Jiang family is not. I am not the Jiang family? Hearing you say that I am not grateful to me? I know how my grandma treats me. , But that’s also my Marry Jiang’s business. What does it have to do with your foreign surname?”

Du Xiaoyu leaned over and patted Marry Jiang on the shoulder, and said in a gentle tone: “Marry, how do you talk to this aunt? Do you know how to be polite? Although she is a foreigner, she is full after all. Yeah, I like to tell people right and wrong, let’s be generous and don’t care about her.”

Her words sounded generous, but she made a sharp cut.

The woman was flanked by Marry Jiang’s mother and her son, and soon lost.

“You guys, you are really kind of not repaying it, I am repaying the injustice for you!”

Marry Jiang pulled her lips: “Is it embracing the injustice, or is it to satisfy your jealous thoughts? This person is a bit nasty, but you have to hide it by yourself, don’t show it all the time, like today’s occasion everyone knows that I, Marry Jiang, have a bad temper. If you continue to be like this, I may do things that I can’t even predict.”

Du Xiaoyu: “Marry, calm down, you are a girl.”

The crowd onlookers: “...”

The youngest of the Jiang clan married a really powerful woman. The daughter he gave birth to was a cruel. I don’t know what kind of status the youngest of the Jiang clan was in the family. I guess it was miserable.

Everyone thought.

At this time, the youngest of the Jiang family, Marry Jiang’s father, and Du Xiaoyu’s husband, suddenly walked over here.

He first searched in the crowd for a long time. After seeing his wife and daughter, a smile appeared on his face, and then he quickly walked in front of the mother and daughter.

“Xiaoyu, Marry, why are you two still here? It’s time to go over and celebrate your mother’s birthday.”

Marry Jiang’s father is Jiang Yanke.

Although Jiang Yanke is not as good as Du Xiaoyu’s face value, he is also the one that looks good, plus he cleans himself up, there is no extra beard on his

face, and he is not as shiny as most men. I feel pleasing to the eye, and even very attractive as a middle-aged man.

He was linked by Sven, he was a little bit stuck in front of his wife, and he listened to his wife and daughter very much.

Everyone thought he had no status at home, but who knew that Marry Jiang took her father's arm and her tone softened: "Dad, there were too many people on your side just now. We are here to talk to everyone casually. Let's talk about it first.

Marry Jiang hugged Jiang Yanke's left arm, and Du Xiaoyu naturally hung on Jiang Yanke's right arm.

Chapter 1287

"That's right, my husband, there are too many people, and I couldn't have a birthday in the past, so Marry and I will wait here for a while. We had a good chat with you just now."

The people who watched the battle of words just now: "..."

Have a good chat?

"I believe you a ghost!"

"You are so happy, right?"

Jiang Yanke showed a relieved smile, watching the two most important women in his life just holding his arms one by one, feeling very happy!

"Just have a good chat, I'm afraid you are not used to it today, I didn't expect it to be I think too much."

“No no no! You really think too much, but they are not uncomfortable, they are too sturdy!”

Everyone shouted in their hearts.

And where is Du Xiaoyu’s previous strong look, now nestling next to Jiang Yanke, it is obvious that he is a little girl.

Look at Marry Jiang again. Although not as tender as Du Xiaoyu looks, she is obviously also playing the role of a good daughter.

One person, one father, one person, one husband, and a family of three walked close to the crowd.

After they left, everyone looked at each other, and suddenly someone sighed softly.

“Why do I suddenly feel that this Jiang family’s third child... looks pretty...happy?”

It was a man who was speaking, and his words also expressed the voice of the men present.

His wife is tender and affectionate, his daughter is obedient and strong, but she is very obedient to him. One is a wife and the other is a daughter. She doesn’t know how to fight and gets along well. Isn’t that the ultimate joy in the world...

Alas, the men who were still pitying Jiang Yanke suddenly envied him.

The old lady of the Jiang family was surrounded by big guys.

Today is her 70th birthday. Back then, she struggled to give birth to three sons. At a young age, her husband left her and ran away. Then she pulled the three children up by herself. Now she finally sees that her son has In order to achieve her accomplishment, she even hosted such a big birthday banquet, and her heart was full of accomplishment.

Although when she was young, her husband left her and ran away, she felt unbalanced, angry, and grievances, but as a mother, it was impossible for her to leave her child and run away.

So she gritted her teeth and brought three children here.

Marry Jiang knew these things, and had heard her father talk about it many times, how difficult it was when her grandmother brought three children by herself.

Because of this, Marry Jiang's impression of this grandma is not that bad.

She is just too ingrained in the idea that she is patriarchal, but in a sense, Grandma Jiang is a particularly strong and great woman.

It would be great if she could get rid of prejudices about herself, her father and her mother.

“Mom, Xiaoyu and Marry are here.”

Jiang Yanke brought his wife and daughter to the old lady of the Jiang family and reminded them slightly.

The wife and children of the eldest and second child have already asked Mrs. Jiang well, and they are all standing nearby, watching them.

As a mother, Du Xiaoyu first wishes her birthday as an old lady Xiangjiang.

Marry Jiang came back, and both of them had a simple birthday celebration, unlike the second wife's wife.

Although Mrs. Jiang did not like the youngest wife and daughter, after all, it was a birthday party today. She was an old man who knew very well how many outsiders were on the court. At this time, she naturally didn't ask them to say anything, she just nodded indifferently. Not so enthusiastic about the boss and the second.

After celebrating birthdays, Marry Jiang and Du Xiaoyu also followed everyone to the side.

Mei Jiang was standing next to her mother. When she was celebrating her birthday, she said a long time to make the old lady happy, in order to make her grandma like her more.

And what she suffered from Marry Jiang today is going to get it back from grandma.

But she didn't expect that grandma didn't bother with Marry Jiang's mother and son today, and didn't even have an extra sentence. How could this be possible?

Mei Jiang was not convinced, so watching Marry Jiang standing back, she immediately got out of the queue and ran to the old lady Jiang and took her arm.

"Grandma, Meimei has something to tell you."

Seeing Mei Jiang suddenly rushing to the old lady's side, Marry Jiang only felt her eyebrows jump, and she had an unclear premonition.

This Mei Jiang, wouldn't she still want to make trouble at this time?

Thinking of this, when Marry Jiang was about to say something, the eldest aunt's eldest son Jiang You suddenly said: "Mei Jiang, today is grandma's birthday banquet, the guests are waiting, what do you have to say, wait? Talk to grandma later."

Mei Jiang didn't expect her cousin to stop her. She was taken aback for a moment and then said: "I, I'm going to tell grandma now, just a few words."

Jiang You's expression is not very pretty and authentic: "You can't wait for a few words to talk later. There are so many guests at the scene, should everyone wait for you?"

Hearing this, the old lady Jiang smiled and patted Mei Jiang's hand: "Mei Mei, if you have anything to say later, you can go back first."

"But..." Mei Jiang didn't give up, staring at where Marry Jiang was.

Seeing her looking at him, Marry Jiang raised her eyebrows at her and blinked.

Judging from Mei Jiang's eyes, this reaction was simply a demonstration and provocation. She immediately became angry and said directly: "Marry Jiang, what are your eyes? I just want to talk to grandma. Are you so proud of seeing me being kicked out?"

Marry Jiang: "..."

She is afraid that Mei Jiang is not mentally retarded. The old lady Jiang told her to stop talking. It was obvious that she was very concerned about today's birthday party.

"Can you ignore it?"

This is the first time that the three sons of the Jiang family have hosted such a big birthday banquet for their mother, and they have invited many people. No one knows that Mrs. Jiang loves face, and this is her 70th birthday, Jiang By doing this, May is slap her in the face.

“Grandma, I don’t want to tell you anything else, I just want to tell you, Marry is too much, she won’t go out to make money after graduation, so she stays at home and waits for her third uncle and third aunt to raise her. Grandma, before you Taught us that we must rely on our own efforts in everything, not just my parents, right? But Marry didn’t remember anything in her heart. She didn’t work hard when she was in school. Now she is still so useless when she is out of society. Grandma, Taking advantage of her coming today, you can talk more about her. If she continues like this, I really feel sorry for the third uncle and the third aunt...”

Everyone: “...”

Marry Jiang: “...”

She looked at Mei Jiang speechlessly.

Before, she thought Mei Jiang had a little brain, but today she has completely seen what is a dumb hat, Er Que.

How much she hates herself, that’s why she is anxious to sue her blackness at this time, and even put herself in it.

Marry Jiang held her chin with one hand, her expression thoughtful.

Chapter 1288

Could it be that what she said today pushed her hard?

Also, Marry Jiang used to be too lazy to care about her. Today, she smashed her several times, so Mei Jiang feels a sense of crisis?

Want to take this opportunity to step on her?

Mei Jiang's mother almost cried stupidly by her own daughter. In the past, her daughter was very good at giving her family strength and made the old lady happy, so the treatment at her family was not much worse than that of the eldest and his family. .

And also put the youngest and his family away.

But now? Mei Jiang actually did such a stupid thing on such an important occasion!

The second aunt whispered Mei Jiang: "Mei Mei, what are you talking about? Come back quickly!"

Mei Jiang refused to comply, pursing her lips and said: "Mom."

"Come back!"

Mei Jiang was still standing there still. She looked bitterly in the direction where Marry Jiang was. Marry Jiang stood there and had no plans to explain. Compared with Mei Jiang, who was full of resentment, she was completely calm and relaxed. Looks like.

The old lady Jiang was really furious. It was her birthday banquet. Today's theme and core should be hers. However, this Mei Jiang ran to her for no reason. She wanted to destroy her birthday banquet. What?

But after all, she stabbed it out, and now it's hard to stop her to shut up.

Probably the second aunt saw that Mei Jiang was lingering, so she simply went to pull Jiangmei, trying to pull her back into the crowd.

“Wait.”

She didn't want old lady Jiang but stopped her.

The second aunt's face changed slightly and she explained: “Mom, Mei Jiang is ignorant. How can I listen to her nonsense? Today is your birthday banquet. You should be happy. I will let her give it to mom late. Apologize.”

Old Mrs. Jiang was already unhappy, so she didn't take the second wife's rhetoric at all. She just stared at Mei Jiang: “Mei Jiang, do you repeat what you just said?”

Mei Jiang: “...”

She suddenly persuaded.

Because she saw sternness in her grandma's eyes, and her grandma didn't call her Meimei anymore, calling her by her first name and last name.

“Grandma, I...”

“Let's talk about it, since I have already started to say it, there is nothing to taboo.”

Everyone already knows what should be known, and it may not be so easy to take it back now.

“Mom, today is your birthday banquet, I think you shouldn't let these things affect the progress of the birthday banquet?” The second daughter-in-law was still trying to save it, and even the second child came forward to speak.

But the old lady Jiang didn't eat this set, because the boss hadn't come over yet, so the old lady beckoned and called the eldest wife over.

"Eldest daughter-in-law, can you tell me how to deal with this matter?"

The eldest daughter-in-law was named, and she felt a little helpless, but she couldn't help it. After all, she was the biggest here. She looked around and then softly suggested: "Mom, today was your birthday banquet, except for your mood and Other things that are related to you are not mentioned. Moreover, what Mei Jiang said just now is between juniors. Little children are still young. As long as they don't do something that violates morals and conscience. Some mistakes can be understood even if you are lazy. Marry and Mei Jiang are also considered to be grown up by me, and these two girls are also grown up now. If Mom wants to have some fun, then you can let them reason, but After all, this is a dispute between the juniors. Don't get angry, mom, just listen."

Her meaning is very obvious.

It's what the juniors say, and they don't represent the elders of the Jiang family. Today, no matter what Marry Jiang and Mei Jiang say or do, it's all young people's squabbles. Her old lady is just boring and wanting to have fun, so listen to the young people. The interesting anecdote between, is not worthy of attention at all.

After hearing this remark, everyone couldn't help but glance at the Jiang family's eldest wife.

It's no wonder that the old meeting's career has been accomplished. It turns out that there is a good help in the family.

Seeing that his mother was called out to preside over justice, Jiang You became more disgusted with Mei Jiang. He deliberately moved his steps to squeeze behind Marry Jiang, and whispered: "You offend her?"

Hearing that, Marry Jiang was taken aback for a moment and blinked, “Who knows?”

“If it hadn’t offended her severely, why would Mei Jiang drag you down on this occasion?”

Marry Jiang smiled: “Yeah, I am also puzzled. She sacrificed too much in order to drag me into the water.”

Jiang You looked at her and didn’t panic at all. On the contrary, the old god was in no way. His cousin couldn’t help showing some interest, and asked amusedly: “Now that people are pointing at your fault, you are not at all. Afraid?”

In fact, these two cousins, Jiang You have never liked Mei Jiang.

He always feel that the girl has too many eyes, and the look in people’s eyes is not right. She will please their cousins and pretend to be behaving, but Jiang You has seen her curse Marry Jiang in private.

And Marry Jiang, he thought she would fight this Mei Jiang life and death, who knew she would not even fight.

For example, when the school had a party at the beginning, Marry Jiang signed up, and then Mei Jiang immediately signed up, deliberately grabbing a spot for dancing with Marry Jiang.

Jiang You thought Marry Jiang would definitely be angry, and felt that his spot had been robbed, and he would definitely fight back.

Who knew that she said lightly: “She wants it? Then give it to her. That’s great. I didn’t want to dance at all. Now I can finally go back to the bedroom to sleep and watch the series.”

At first Jiang You thought she was acting, but actually cared very much.

Who knew that she really slept in the dormitory on the day of the party, and then because she was hungry, she ordered a roast chicken by herself, and then ate the whole roast chicken.

Finished...

When Jiang You went to find her, her mouth was full of oil.

Jiang You will never forget this scene until now, and it is still so clear even in retrospect.

He shuddered, then gave Marry Jiang a deep look.

This girl is too heartless.

“I didn’t miss it, why should I be nervous?” Marry Jiang grinned, and suddenly turned back and blinked at Jiang You: “Brother Jiang You, do you believe in harming others and destroying yourself?”

“Hurt others and end up hurting yourself?” Jiang You recalled a meaningful sentence, “It seems that you are already in control.”

“No, no.” Marry Jiang waved her hand and whispered: “I just think that God will be biased towards innocent people. You see, I didn’t do anything, so I was dunked by someone else. God will definitely treat me well. , Helped me, right?”

Jiang You: “...”

Seeing Marry Jiang’s appearance, he always felt that she was going to make a mess, and he was a little expectant.

At this moment, Mei Jiang had already looked at Marry Jiang.

“Marry Jiang, dare you come out and make it clear?”

Marry Jiang came back to her senses, raised her face slightly, and looked straight at Mei Jiang.

“Mei Jiang, what are you doing so fiercely? Although we are not sisters, we are cousins anyway, so you can’t be gentle, ladies?”

Chapter 1289

After finishing speaking, Marry Jiang seemed helpless and regretful, shook his head, and then asked: “I’m not sure, what do you want me to say clearly? I’m a bit stupid, otherwise you can just say it, OK?”

The more innocent Marry Jiang looked and the more she said that she didn’t know anything, the more Mei Jiang was furious.

And Jiang You on the side saw Marry Jiang using this method to deal with Mei Jiang, and couldn’t help lowering his eyes and laughing faintly.

It seems that she intends to use the radical method.

The harder Mei Jiang jumped, the calmer Marry Jiang was. In this case, Mei Jiang lost face in front of the elders. Although this seemed a bit mean, he looked very excited. What’s the matter?

Who makes Mei Jiang mess with things all the time.

“Marry Jiang, don’t pretend. You have heard what I said just now. Now you still let me say, don’t you feel ashamed? You are almost 30 years old when you have three uncles and three aunts raising you. , Not a kid anymore.”

The crowd onlookers listened to the conversation between the two and compared their appearance.

Marry Jiang was calm as usual, Mei Jiang yelled, it was a point of view.

The second daughter-in-law, Mei Jiang's mother, had been paying attention to the surrounding movements. After seeing that the eyes of their daughters were a little contemptuous, they realized that things were going in the wrong direction, and immediately secretly pulled Mei Jiang's hand.

"Mei Mei, stop making trouble, what are you making about this kind of occasion?"

Mei Jiang withdrew her hand: "Mom, I just want to ask for justice for the third uncle and the third aunt. None of them had a son, but only one daughter. Now the daughter is so ruined, I can't stand it. "

But Marry Jiang's lips twitched, because Mei Jiang actually said that she was almost thirty years old.

Please, is she just in her early twenties? What does it mean to be almost thirty?

Thinking of this, Marry Jiang sneered, and then said: "Mei Jiang, we are the same age. You think you are thirty years old, but I don't think so. But you want to fight for my parents so much. , Then let's talk about it. Listening to your tone, it seems that you have a very opinion on the matter of my parents giving birth to daughters?"

When mentioning this, Mei Jiang looked proud, "Originally, everyone knows that there are three kinds of filial piety, one of which is that you have no son, and you have a daughter in your family. You are so unbelievable."

"Oh, what do you mean, women are inferior to men?"

Mei Jiang has an older brother, so she has a tall chest at the moment, “I only know that I have an older brother, but you don’t.”

“Heh.” Marry Jiang sneered, “Mei Jiang, you are a girl, but you are not proud of yourself, but proud of men. Where do you put all the women in our scene? Where do you put grandma? What?”

Marry Jiang threw the problem to the old lady Jiang.

She clearly knew that although the old lady Jiang expressed dissatisfaction with her family, she never said in the face that not having a son is filial piety, but now Mei Jiang points it out directly.

So Marry Jiang took this as an essay and went directly to her.

Sure enough, when Mei Jiang heard the sentence, where do you put your grandma, she panicked a bit, and subconsciously looked at Mrs. Jiang.

Old lady Jiang was also taken into the pit by Marry Jiang, and at this time she looked at Mei Jiang with a little displeasure.

Mei Jiang panicked, and quickly explained: “Grandma, I didn’t mean that. Grandma gave birth to three children so good, and grandma must be very good too.”

She persuaded Mrs. Jiang, but the people who came next to me were not happy.

“Mei Jiang, what you said, is it wrong for us not to have a son? You are a little girl, or a new-generation child, why are you so rigid?”

“Oh my God, why is your little girl thinking so terrifying? Will you have no face to live if you marry and don’t have a son?”

“The second wife of the Jiang family is also true. How did she teach her? In this kind of occasion, she stabbed her cousin and devalued our women.

“What did people do?”

The discussion is getting louder and louder, all of which are dissatisfaction with Mei Jiang.

She was completely panicked, wanted to explain but was powerless, she said something to others, and finally Mei Jiang yelled and pointed directly at Marry Jiang.

“It’s her! She brought me into the pit, Marry Jiang, you deliberately let me jump into this pit, you just want everyone to scold me.”

Marry Jiang looked surprised, “Mei Jiang, how could I make you jump into the hole? If you didn’t think so, I would never have forced you to say it.”

“How can this little girl, at a young age, be so vicious to her sister?”

“Jealous? Look at Marry Jiang’s looks so good, so I feel dissatisfied? Look at her face, her nose is padded, her chin is neat...”

“So that’s the case, but don’t tell me, this Marry Jiang looks really good-looking, it’s all her mother’s beauty.”

Women’s mouths are very scary, especially when it comes to mocking people, and when treating people of the same sex, as long as you want to say, you know exactly what the pain points of the other person are.

So everyone has been picking Mei Jiang’s weaknesses to attack. Mei Jiang was said to be in front of everyone. Her eyes were red, and the tears immediately came down. Then she ran to the old lady Jiang and cried: “Grandma... ..”

After all, Mrs. Jiang used to spoil her very much, and she didn't like Marry Jiang's.

"Now that I see my granddaughter cry like this, Lihua is raining, she can't help but frown and look at Marry Jiang, and said in a deep voice: "Marry, anyway, you are all sisters, you shouldn't lead everyone like this. Scold Mei Jiang, she is just a girl."

Marry Jiang was speechless.

Are they sisters? When she wanted to lead everyone to spurn herself, why didn't she consider that they were sisters?

Also, is she only Mei Jiang a girl? Is it possible that Marry Jiang is a boy?

Of course, Marry Jiang was embarrassed to put these hard words directly on Mrs. Jiang's face.

She just smiled faintly, her voice calming down a bit.

"Grandma, you misunderstood me. I didn't lead everyone to scold Mei Jiang, but as a girl, she laughed at our girls for uselessness. As a girl, I would be angry too."

Old Mrs. Jiang lowered her face, "What you mean by this is that I'm partial to her?"

"No, no." Marry Jiang shook her head: "Grandma is the most fair and just, everyone knows this, right?"

Everyone: "..."

Oh just a wool.

But they are willing to sell the face of old lady Jiang.

“Yes, Mrs. Jiang is the fairest and most just, and she will certainly not be partial.”

“Yes, yeah, Mrs. Jiang, your Mei Jiang is a bit too much, but since she is a junior, we will not care about her too much. But you know this person, it’s always easy to be impulsive and moved when you are angry. Don’t take the words we said earlier, Mrs. Jiang, into your heart.”
