

# Nothing to Give but My Heart Chapter 1440 – 1449

## Chapter 1440

It's just that she can't figure it out, why on earth would he do this?

It caused Jessica to have an accident and made Victor Han painful. He Lianjing didn't do any good at all. On the contrary, it made Xu Yanwan dislike him even more and felt that he was too hostile.

In the past, Xu Yanwan was reluctant to pay attention to him. The first reason was that he was too fond of flowers and grass, and the second reason was that he was too hostile.

Every time she look at his eyes, Xu Yanwan always has the illusion of looking at a beast, that is, a beast that is dormant in the night, it will give you a creepy feeling when staring at you.

She doesn't like it, she doesn't like it very much.

He Lianjing, did you do this thing?

Xu Yanwan's mind was messed up, and she bit her lower lip, hoping that Victor Han could turn the crisis into peace.

When Lin Xu rushed to the hospital, while Lin Xu was talking to Victor Han, Xu Yanwan was watching him, and she was so sad that he was very distressed.

Because Jessica was still in the hospital, Victor Han couldn't get out of his body. He himself was seriously injured this time. In addition, Jessica hadn't woke up yet, so Victor Han stayed with him all the time. Janis and Zhou's

father were many. Fan persuaded him to take a rest and let them guard Jessica as parents. Victor Han didn't listen, so he still insisted on guarding by himself.

In the end, I couldn't persuade him, so I just let him go.

Not to mention Victor Han, even Stella kept guarding, but there was still a small bean sprout waiting for her in her house. In the end, Stella could only confess a few words and then went back.

When Lin Xuzheng came with Xu Yanwan, Victor Han said a few words to Lin Xuzheng, without even looking at Xu Yanwan.

Xu Yanwan was still sad when she finally left.

The first thing Xu Yanwan did when she got home was to call He Lianjing.

After the call was made, the message that He Lianjing's phone had been turned off came from the phone. She was a little puzzled, where did this person go? Did he set off the fire that wanted to burn Jessica to death?

When Xu Yanwan was thinking about it, she opened the door of the room and was stunned right now.

Because on the bed in her room, lying on the bed is He Lianjing, who hasn't seen him again in this period of time. Seeing her come in, he squeezed a smile at her, "I'm back?"

Xu Yanwan was startled, and stopped at the same place. She didn't take a step forward, looking at He Lianjing warily.

"Why are you here? What are you doing here? Do you know this is my room? And, how did you get in?"

Her vigilant look hurt He Lianjing's heart, and she sat up from the bed, "Why guard against me like this? Last night you got drunk or I sent you back, so I took you a bunch of keys by the way. Is there a problem?"

Jingle bells...

While talking, there was a bunch of keys in He Lianjing's hand, and Xu Yanwan's face changed greatly when she saw the bunch of keys.

"He Lianjing, what do you mean? Why do you want to take my key? Do you know if you don't ask, you steal it!?"

"Stealing?" He Lianjing pulled his lips amused, "According to my relationship with you, how can you be considered stealing a bunch of keys? Besides, I asked you last night, and you promised me, even though you drank Drunk, but what you say after drinking counts, right?"

Xu Yanwan was so drunk yesterday that she couldn't remember anything. She didn't remember anything. How could she still talk after drinking?

"Besides, I did a good thing for you, shouldn't you thank me?"

Hearing this, Xu Yanwan breathed, her face changed drastically.

"What does this mean? Could it be that you..."

She called before to ask He Lianjing about the fire today, but just now because he suddenly appeared in her room, she was too surprised and forgot to ask.

Now that He Lianjing has brought it up by her, Xu Yanwan can be sure that He Lianjing did almost without asking.

While thinking about it, He Lianjing got up and walked to her side, holding her waist wantonly with his hands, pressing her against the door, and said in a low voice, "Do you like this gift I gave you?"

Knowing that he did this thing, Xu Yanwan felt that her whole heart was hanging up, and there was no blood on her face, she looked at him in shock.

What kind of person, with so much hostility in his heart, would do such a life-threatening thing?

He Lianjing squinted his eyes, and the smile on his lips became wicked: "You seem to be shaking?"

Xu Yanwan didn't speak, but her body seemed to be shaking more severely.

"So scared?" He Lianjing's fingertips walked along her neck, and finally stuck to her cheek, and got closer: "What are you afraid of? I won't hurt you. I said I would do it for you. Whatever you dare not do, I will do it for you."

"Let it go, let me go." When Xu Yanwan spoke, she didn't even say anything sharply. She looked at He Lianjing's eyes full of fear. She knew he was not an easy person, so she never wanted to give him any hope.

But he didn't expect that she would follow him to the country, and then investigate all her affairs clearly, why, why did he do this!

"Don't be afraid." He Lianjing embraced her waist, pulled her closer to him, bowed her head and sniffed the sweet fragrance that belonged to her, "I just like you, I do so much for you, you give I click to respond, okay?"

Without answering his words, He Lianjing only felt that the people under his palm were shaking more and more severely, which made him extremely unhappy, because he did this to please her, but not to make her afraid of himself.

After a long while, Xu Yanwan found her reason and voice.

“He, He Lianjing, it is illegal for you to do this, and you are going to prison.”

“I know.” He Lianjing raised his lips, “So I’m leaving soon, do you want to go with me?”

“No!” Xu Yanwan shook her head vigorously: “This is impossible, do you want to escape?”

“Of course, I, He Lianjing, don’t want to spend a lifetime in it.”

Xu Yanwan looked at He Lianjing in front of him, not knowing what she thought, and suddenly said: “Go ahead and surrender.”

Hearing, He Lianjing frowned and looked at her suspiciously.

“Turning yourself in can mitigate the crime. Although you set the fire, I went to the hospital. There was nothing wrong with either of them. As long as you surrendered in time, you can certainly mitigate the crime.”

Xu Yanwan really doesn’t want to admit that she has a relationship with this person, but when she thinks that he is doing this for herself, if she goes to jail because of herself, how will she deal with herself then?

Therefore, she can only persuade him to surrender.

“Turn yourself in? Oh, Yan Wan, do you think He Lianjing is the kind of person who will surrender? Unless...”

“Unless what?”

“Unless, you promise me, if I surrender myself, you have to wait for me until I come out.”

## Chapter 1441

Such an unreasonable request caused the blood on Xu Yanwan’s face to be lost. She didn’t like He Lianjing at all, and even disgusted him to the point that it was too unreasonable to ask her to wait for him.

After all, even if it is a serious boy and girl friend, if one party enters, this party will not necessarily wait for that person.

Not to mention, she has nothing to do with He Lianjing.

Seeing her face turning pale, He Lianjing was not surprised at all, but stared at Xu Yanwan and said, “So scared? Don’t worry, I’m just joking casually. You are not my girlfriend, let alone my wife. How could you be so heartbroken? Wait for me to come out?”

It turned out that he knew it, and since he knew it, why did he say that ridiculous thing.

Thinking about it, He Lianjing suddenly leaned over and leaned close to her cheek, “Since you don’t want to wait for me, then I don’t have to surrender myself, right?”

Xu Yanwan finally used her strength to push him away, stumbling back, leaning her back against the hard door panel, panting hard, looking at He Lianjing in fear.

“Don’t be so afraid of me, I didn’t do this to make you afraid of me.” He Lianjing reached out and nodded her forehead, “Well, I’m leaving now, don’t tell anyone that you have seen me. , If the police asks at that time, you will say that you don’t know about it at all, do you know? Fortunately, you were

drunk last night and didn't go out all night, so this matter will not affect you anyway. On the relationship.”

After speaking, He Lianjing smiled wantonly at Xu Yanwan, and then left her home.

Boom!

After He Lianjing left, Xu Yanwan felt her whole body lose her strength and slowly slid down against the wall. She let out a big sigh of relief.

She was really frightened just now, because she really saw the desire in He Lianjing's eyes, and she even worried that He Lianjing would be crazy and what to do to herself.

She was innocent in this life, if He Lianjing did anything to her, then she really couldn't live anymore.

Fortunately, He Lianjing finally left. Otherwise, if he did something to her, she would have no way of resisting it as He Lianjing looked fierce.

On the way home from the hospital, Phillip grinned with pain from the wound. He who was supposed to be lying on the hospital bed did not dare to lie down now, so he could only rush home.

But he didn't dare to go straight home like this. After all, Marry looked really angry today, so Phillip bought a lot of food for Marry Jiang on the way back, and returned it to her when passing by a jewelry store. Bought a pearl necklace.

When he entered with his injuries, the clerk still looked at him in surprise. It was not until Phillip paid for the pearl necklace that she couldn't help asking, “Mister, is this a gift for my girlfriend?”

Girlfriend?

Phillip pursed his thin lips and nodded, "Yeah."

He and Marry Jiang are already boy and girl friends.

The clerk smiled: "Sir, then you are so kind to your girlfriend."

"Okay?" Phillip was puzzled, how is he treating Marry Jiang? If it's good, she won't turn around and leave with anger.

"Of course, sir, you are all hurt like this. Remember to buy a gift for your girlfriend, and you should pay attention to your health."

Originally it was his injuries, Phillip was a little helpless, he provoke her, and shouldn't he apologize?

Soon Phillip bought the gifts and food, and hurried home.

On the way back, Phillip kept thinking about what he would say to make her happy when he saw Marry Jiang later. After thinking about it, he felt that his mouth was stupid and really didn't know what to say to please her.

When Phillip became too entangled and opened the door of his house, he found that there was no dark light in the house, and the house was quiet, and no one was there.

Is it asleep?

Snapped...

Phillip turned on the light in the hallway, opened the shoe cabinet and took a look. There were no traces of movement of the shoes. Did Marry never come back?

Thinking of this, Phillip's expression changed, and he carried his things to the bedroom.

The bedroom is the same as the living room. There are no people in the dark, and the quilt has no trace of passiveness. It is as well folded as when leaving during the day.

So, Marry hasn't come back all day? Where did she go after she left the hospital?

Phillip put the gifts and food on the table, then took out his cell phone and called Marry Jiang.

"Sorry, the number you dialed is turned off."

What rang from the phone was a sweet but cold female voice.

Phillip hung up the phone and tucked the phone back into his pocket, feeling very upset. After looking at the bed and gifts for a long while, he turned around and went out to find someone.

At this moment, Marry Jiang was dancing in a bar.

The music rang through Yunxiao and was deafening. Marry Jiang squeezed on the dance floor, her body swaying indiscriminately following the rhythm. This was the first time she set foot in such a place. She was still worried that she would never dance at all. Who knew she would come in and observe. After a while, I found that there were too many people who could not jump.

The better thing to say is that they are dancing, but in fact, it is a group of people listening to the music and dancing in the group of magic, with the lights, the rhythm seems to be the same.

But if you turn off the music and lights, and then put this group of people in hospital gowns, it fits perfectly.

So after seeing their dance, Marry Jiang didn't worry about it anymore. She shook and jumped along the rhythm. She just vented and vented casually, screaming while swinging her limbs, sending out the nameless fire in her heart. Let it go.

Fang Tangtang screamed loudly in front of her, as if talking to her, but Marry Jiang couldn't hear it.

After jumping for a while, Marry Jiang felt tired, so he turned to the bar and ordered a glass of wine.

"How is it? Isn't it a pleasure?" Fang Tangtang also ran over, then leaned against her and asked.

"Well, it's okay." Marry Jiang replied lightly, and drank the wine. She still has no interest, but the people around her are obviously enthusiastic and have fun.

"Beauty, dance well."

A tall and mighty handsome guy came over, and the cup in his hand touched Marry Jiang, his eyes fixed on her face, "Are you interested in jumping with me on stage?"

On stage?

Marry Jiang squinted her eyes and glanced at the high platform.

The dance floor underneath, but it's different when jumping on stage. Below are a group of men like wolves.

"You look so beautiful, dancing on stage, you will definitely make them scream, and you will surely burst the audience."

Hearing, Marry Jiang just sneered: "Really?"

The man leaned in cheeky, "Of course, if you don't believe it, we can make a bet."

Marry Jiang originally wanted to say, "Who are you, get out of my way, but suddenly my arm was caught. She raised her head and saw Phillip who was supposed to be in the hospital."

## **Chapter 1442**

The moment she saw Phillip, Marry Jiang felt as if her heart was hit by something, and it hurt a lot.

Fang Tangtang was also a little surprised when she saw Phillip appear here, and secretly sighed that this person was really amazing. They didn't tell him where they were, but Phillip could find it by himself.

However, Phillip looked a little embarrassed at this time, his whole body was wounded.

Today, when Marry Jiang called her and told her to come out for a drink, Fang Tang Tang immediately guessed that Marry Jiang's bad mood must be related to Phillip. Something must have happened between the two, but Marry didn't want to say. , She didn't ask too much as a sister.

Seeing that Phillip was injured so badly now, Tangtang suddenly didn't know what to say. She just felt that the two of them were so complicated. Doesn't it hurt her boyfriend to be so hurt? It seems that Phillip really made Marry angry this time!

"Go home."

Phillip said lowly to Marry Jiang.

Family?

Hearing this word, Marry Jiang felt very ridiculous. When she was in the hospital before, why didn't he tell her to go home?

"Beauty, who is this?"

The handsome guy who just wanted to tease Marry Jiang suddenly saw a man holding Marry Jiang's arm, so she narrowed her eyes to look at him.

Hearing the man's voice, Marry Jiang wanted to tell him to roll, but now in front of Phillip, she suddenly didn't want to do so. She pulled her lips, pulled her arm back, and smiled.

"Do not know!"

Hearing, the man immediately stood in front of Marry Jiang: "Hey, everything must be first-come-first-come. The beauty I invited first. If you want to invite her, then please line up?"

After Phillip's hand was thrown away, his thin lips tightened unhappily, his brows frowned, and his eyes looked dangerously at Marry Jiang.

Marry Jiang grabbed the man's tie: "Didn't you just say that you want me to dance on stage?"

"Yes, right?"

"Go, why not? I like dancing the most."

So Marry Jiang planned to follow the man. When she passed by Phillip, he grabbed her by the arm again with a cold voice: "Marry, you..."

Before he finished speaking, Marry Jiang threw away his hand again and said mockingly: "This gentleman, please be more self-respect, don't always behave with me, be careful I call the police to catch you. In addition, my husband is so hurt. If it's serious, it's better to go to the hospital as soon as possible. Don't spend time here, so as not to delay the illness and cause serious injuries and death."

Phillip frowned, and the displeasure in his eyes began to brew.

Even the sugar cubes on the side were dumbfounded when hearing these words, and the corners of his mouth twitched. Phillip was so angry that Marry had even said such words.

Soon, Marry Jiang disappeared from Phillip's eyes and followed the man to the high platform.

Marry Jiang's appearance is high, and she is going to the wedding today, so she has been specially dressed up. The blue silk, which is usually waist-length, has a special curl today, but it is a natural one. She was tied up, and when she got on stage, she simply untied the back hairband, and the curls of any head and waist were scattered on her shoulders.

Under the incomparably shining light, the girl's face is delicate, her eyebrows are flowing with moving light, and her lips are coquettish red.

When the men in the audience saw this scene, they screamed with face and cheered Marry Jiang, and even a bunch of whistling.

“Jump one, jump one!”

Now the shouts came one after another.

The man took Marry Jiang’s hand and lowered his head to drop a soft kiss on the back of her white hand, “You can definitely blow the audience up, come on.”

Marry Jiang glanced at him, then pulled his hand back, “Thank you.”

Phillip, who was not far away from the audience, watched this scene, his eyes getting colder, his thin lips were almost in a straight line, and the sugar cubes standing beside him could almost feel the unpleasant and fierce exuding from him. The breath, as if to kill.

Ouch, a little scary.

Tangtang didn’t know what she was thinking, so she coughed lightly, and then explained to Marry aloud: “Well, don’t be angry with Marry. I rarely see her like this. Are you angry? Is it her?”

Hearing, Phillip’s hostility dissipated a little, but only a little bit. Then he glanced at Fang Tangtang and said solemnly, “Well, I provoke her.”

But she doesn’t need to dance on stage, right? How many men are watching?

Doesn’t she know how beautiful she is? Just go on stage and dance for others to see?

Driven by the rhythm of the music, Marry Jiang's body jumped up without a teacher. A good-looking person can form a landscape even if he does not move, let alone move.

After Marry Jiang came on stage, she quickly attracted everyone's attention. When the dancers on the stage saw her coming up, they caused so many shouts and were a little unpleasant, so they twisted himself crazily like water. With a snake-like waist and body, he intends to compete with Marry Jiang.

Noting that most people's eyes were focused on Marry Jiang, the dancer was upset, so he curled his lips and decided to zoom in on the move.

So he deliberately walked around Marry Jiang's side, danced around her for a while, and finally took off her short coat in front of her, revealing the black vest inside.

“Wu~~”

When the men in the audience saw this scene, they suddenly screamed like a wolf.

Marry Jiang was also a little stunned, because she just danced with volition. She didn't expect that the dancer who was in the dance would actually have the thought of comparing herself with her. As for?

“Take it off! Take it off!”

Hearing this, Marry Jiang couldn't help but roll her eyes, but the dancer jumped up to her again and said to her in a voice that only two of them could hear: “Don't you dare to take it off?”

She didn't know what she thought, she was probably agitated. Marry Jiang lifted her lips and smiled disdainfully at her. Under the gaze of all expectations, she began to reach out and unbutton her coat. Her actions It

was very slow, and almost earned enough eyeballs when it was untied. The dancer in front of her saw her movements and couldn't help cursing in his heart: shameless.

Really shameless, taking off a coat is so slow, you want all the men's eyes to stick to your body, right? She really didn't have any intentions just now, and she took it off so quickly. Now it's okay, all giving this woman a chance!

In the audience, when Phillip saw Marry Jiang unbuttoning her coat in front of so many people, her lungs exploded. Sugar cube felt the pressure on her body getting lower and lower, and could not help quietly. To slip away.

The men underneath were all staring at Marry Jiang, Phillip really wished to gouge their eyes out, what to look at? Are other people's women so pretty?

Damn it! No one noticed that Phillip's hands on both sides were already clenched into fists, and blood was flowing out of his fingers!

## **Chapter 1443**

Tonight, the atmosphere was very hilarious, because a woman came on stage.

This woman looks exquisite and beautiful, and what is fatal is that this woman is pure and has a little charm, and this charm is point-to-stop, not too much, so it will not appear tacky, the more she jumps, it will only make you feel the more you want to stop.

Marry Jiang finally untied the last button, and then flew his coat out!

“What!!!”

This action provokes the men in the audience to frantically rob.

Looking at the group of men who acted like hungry wolves in the audience, Marry Jiang sneered in disdain. What's the matter with these people? Doesn't she just dance? Seeing a coat is so crazy? It's boring!

The dancer's eyes were red with anger, because after she saw Marry Jiang take off her coat, she revealed the small low-cut dress inside.

Her dress skirt is not short, it is covered under the knees, it is still irregular. This kind of skirt is very physical, and people who wear it well are very easy to appear fat and short legs. But Marry Jiang would not. The skirt was worn on her body, making her look like her arms were slender and her legs were slender.

After taking off her coat, the white jade-like shoulders were exposed to the air and light, making them even more eye-catching.

The dancer in residence started to feel a little angry with her, why did she give this woman a chance to take off her coat? But probably she was crazy. She was not convinced and lost like this. She is the resident dancer here. Why did such a little girl come over and steal her limelight?

Hey, it's just a little girl, still want to fight her? Don't look at how many cattles you have?

So Zhu Dancing decided to make a big move, she walked around in front of Marry Jiang, Marry Jiang looked at her a little impatiently, what did this woman want to do?

She has no coat to take off. Is it possible that she still wants to take off the vest?

If she really dared to do this, Marry Jiang would definitely not be able to accompany her, after all, she really didn't have the guts.

She was afraid of something, just when Marry Jiang wondered if she would take off her vest, the dancer in front of her had already started to move, she slowly put her hand on her waist and pulled it. The clothes moved up inch by inch.

Sure enough, the shouts from the audience went up a bit.

With a smug smile on the lips of the resident dancer, he deliberately took off the vest in front of Marry Jiang, revealing the corset with patterns inside.

This scene made Marry Jiang dumbfounded and looked at her incredulously.

Playing such a big one? Really admiring it, Marry Jiang gave the woman an admiring look, and then took it back and continued to dance with him.

The resident dancer looked dumbfounded, and she acted for the purpose of stimulating Marry Jiang, sure she would not dare to do it, after all, she was born in such a romantic place, so she was very relaxed, and Marry Jiang obviously could not be like this. She can let go, so the final result shouldn't be that she saw that she had attracted attention, but Marry Jiang couldn't do it by herself, and then left angrily?

But Marry Jiang was fine, she still stood there and danced calmly, as if nothing happened just now.

The dancer's mood now is that she punched out by herself, only to hit the cotton, so it made her very unhappy, she went around in front of Marry Jiang again.

“Why don't you take it off?”

Hearing, Marry Jiang glanced at her like an idiot, and then said: “I don't live by pleasing them, why should I take it off?”

The dancers in residence were speechless when she said.

Yeah, she just came up to jump and play, why did she take off her clothes to please those dog men?

“Bai Lianhua, then why did you take off your coat just now?”

Marry Jiang was even more indifferent: “Because I am hot!”

She has been dancing here for a long time, and the air inside is very stuffy. She has long wanted to take off her coat, but the dancers in residence gave her a good opportunity.

Resident dancer: “...you!”

Marry Jiang smiled and said, “Don’t you think that I took off my coat just to get angry with you?”

The dancer was so angry that she couldn’t say anything, and said angrily: “A lie, I don’t believe it.”

“Whatever you do, it doesn’t matter to me whether you believe it or not. In addition, this sister, blindly taking off doesn’t make a man want to stop. Haven’t you heard a word that you want to cover up, want to tease? Is teasing the most deadly? For example, like this...”

As soon as Marry Jiang’s words fell, she suddenly raised her hand and pulled the skirt, and stepped forward with one leg, revealing her white and slender calf.

She didn’t show much, the cloth covered her knees, but it was just a movement that burst the audience.

The face of the resident dancer suddenly turned black.

“Look.” Marry Jiang stared at her amusedly: “The effect you want can be achieved without taking it off. Why should you suffer such a loss?”

The dancer in residence felt that he was almost mad, but he couldn't refute her words, because Marry Jiang had indeed proved it with actual actions, and she had no reason to refute it.

In the end, she might be so angry that her head was short-circuited, and she actually said to Marry Jiang, “That's not because you are beautiful.”

After that, the dancer almost wanted to bite her own mouth. What happened to her, she obviously hated this stinky girl who robbed her of the limelight, but in the end she actually praised her for her beauty!

Just unexpectedly, Marry Jiang gave her a funny look, and then said: “Don't say that, sister, you are much more beautiful than me.”

Hearing, the dancer was stunned, “You, do you really think I am more beautiful than you?”

“Of course, I just came up to have fun, angry with a certain dog man, this is still your place, you are professional!”

She said so, and the dancers in residence felt comforted, so they no longer have to trouble Marry Jiang, and chatted with her.

“Are you trying to piss off men? Your boyfriend?”

“Hmm!”

“Then you can't do this, you can't breathe him just by taking off your coat.”

“Eh? What’s the point of that sister?”

Because Marry Jiang was unwilling to take off her dress, the dancers in the dance couldn’t really let her take off. After all, the price to be paid was too great, so she lifted her lips and took the microphone over and shouted directly: ” Gentlemen, the lady next to me said that the person who is willing to take care of all the consumption tonight can come up and dance with her for an hour.”

After a sentence came out, the scene instantly exploded.

And Phillip’s face underneath became even darker.

When Marry Jiang was still in a daze, the dancer-in-residence had already announced it for her. She was a little dazed, and then said: “Well, if someone really covers the entire consumption, I have to dance with that person? “

The resident sister smiled mysteriously: “What are you worried about? The opportunity to test your boyfriend has arrived. See if he is willing to cut love tonight. If he doesn’t, then the girlfriend is someone else’s bosom.”

## **Chapter 1444**

Marry Jiang felt that she might be dancing with other men for an hour tonight.

As soon as she thought about it, she felt uncomfortable, and she regretted why she had to tell her resident sister about this matter. Although she was arrogant, she didn’t really need to dance with other men. This was embarrassing herself.

Ugh.

Phillip, this guy, can even give his life to the woman he loved before, and in his heart, Marry Jiang doesn't know whether she has a position, how could he spend a lot of money for himself.

The consumption of the entire hotel staff is a lot of money.

And if he really paid the bill, wouldn't he be taken advantage of? That's a lot of money. The more I think about it, the more distressed Marry Jiang feels.

It's not easy to make money. Even though she doesn't know why she is still distressing money for him at this time, she thought about it and finally snatched the microphone in the hands of the dancer, cleared her throat and smiled slightly: "In fact, it's not necessary. It's too difficult for everyone to buy the purchase order for the whole place."

When the dancer on the side saw her saying this, he leaned in and said in a low voice: "You are too considerate of your boyfriend. He makes you angry. Why do you still feel bad about the money? If you don't spend it, what day will he do? Just spent it for other women."

Marry Jiang always smiled, "Although you are right, I still feel sorry for the money. After all, they are all strangers. Why should I pay for these people?"

Besides, many of these people still have a lot of hungry ghosts, she really doesn't want to pay for these pig heads.

"Then what do you want to do? Next..."

Marry Jiang took a deep breath and smiled again: "Well, let me think of another good way, if everyone can..."

She hasn't finished her words yet, and the bar counter has already started to report that someone has already paid for the entire consumption tonight!

When the news came out, everyone exploded, and everyone in the audience wanted to know who would be taken advantage of.

Some people even think that although the women on this stage are beautiful and attractive, they can only get a chance to dance for an hour after buying all the orders. They are not stupid, so many people are simply will not pay the bill.

Of course, there are also people who want to pay the bill. After all, it is very happy to be able to dance with beauties for an hour.

It's just that they didn't expect someone to be so fast. When they were still groping where to check out, they had already paid for them all.

Damn, who was it, who moved so fast, and actually took their chance!

Marry Jiang originally wanted to talk about a simpler requirement, and reduced the time she danced for an hour. She originally planned to lower the requirement and only dance for ten minutes. This is the minimum time she can accept.

But she didn't expect someone to pay the bill before she said her words.

"Yo." The elder sister who stayed in the jump came over to grab the microphone in Marry Jiang's hand and smiled and said: "You speak slowly, someone has already paid the bill, who is this person, and the speed is so fast, it seems that you are determined to win ."

Marry Jiang was so speechless and regretful. She only hopes that this person is not a fat, greasy middle-aged uncle, and she can stand a little longer when she is younger.

The speaker switched to the conversation over there, and the waiter asked.

“The gentleman who paid the bill, May I have your last name?”

There was an indifferent voice in the stereo.

“Xiao.”

There was only one word, but it struck Marry Jiang’s heart fiercely.

She probably won’t forget this voice in her life. This is Phillip’s voice, so is he paying the bill? Marry Jiang bit her lower lip, her expression became subtle, this bastard! Why can’t you wait any longer and consume the whole audience? How much money will it cost him! ! !

Seeing her face about to explode, the resident sister next to her curiously approached her, “What’s wrong? Seeing your expression seems to be mad, is this the person paying the bill your boyfriend?”

Marry Jiang gritted her teeth without speaking.

Sister Zhutiao said with a smile, “You won’t really get me guessed, right? But the voice should be a very young man, cold and cool, it doesn’t matter if it’s not your boyfriend.”

No matter what the resident sister said, Marry Jiang has only one idea now, and that is to blast Phillip’s dog head!

She was so angry that Phillip had already walked over here, and then stepped onto the stage under everyone’s attention, and the resident sister came over again and began to speak: “Wow, this man looks very stylish. Ah, especially the scar on his face, which is murderous, but why is he hurt so badly? Even so, I didn’t come to the hospital to the bar. I was also drunk.”

At the voice, Phillip had already walked to Marry Jiang, lowered her head and locked her eyes.

“Can you go with me now?”

Marry Jiang sneered and put her hand around him, “Why should I go with you, who do you think you are?”

After spending so much money and dare to come to him, he has a long life, right?

Marry Jiang really wanted to slap it, but seeing the wound on Phillip’s face, she couldn’t get rid of it. She was really mad at her!

“I will give you two choices, follow me by yourself.”

He only said one, Marry Jiang was a little curious, “What is the other choice?”

“I will hold you and go.”

“Hey, you are hurt like this, you still want to hug me away, you, ah!”

Before she could finish her words, Phillip took off his jacket and hugged Marry Jiang, and then carried her up. Marry Jiang felt that the sky was spinning before her eyes, and her head came down. After that, she could only see Phillip. Stepped off the stage.

by!

“Phillip, you bastard let me down, did you hear? Also, didn’t you say that you walked with me? Is this horse riding a hug? This is obviously carrying! It is carrying!”

This kind of carrying method caused Marry Jiang’s blood to flow back, and it immediately gathered in the brain, making her feel dizzy.

The resident sister thought that Phillip came to dance with Marry Jiang, who knew that he actually carried the person off. When he just wanted to catch up and say something, she heard the content of Marry Jiang's conversation with him, so she knew Phillip is her boyfriend.

Hey, it seems that her boyfriend is pretty good, and he said that he would pay the bill, right? When will this sweet love be her turn!

So everyone watched that the man who bought the entire market carried the little beauty away. After hearing the conversation, many people sighed.

"It turns out that it was a young couple quarreling. This quarrel cost a lot of money."

"Tsk tsk, if you don't have money these years, you can't afford to fight."

Tangtang held her face in the distance, watching Marry Jiang being carried away by Phillip with a grievance, and she did not go up to help. She was so resentful that her male god hadn't even made a fart, but his girlfriend's boyfriend He has already spent a lot of money for her!

It's really better than people, so angry!

## **Chapter 1445**

Marry Jiang was carried out of the bar by Phillip all the way.

The temperature in the bar was high, so Marry Jiang was not cold inside, but when she got out of the bar, she couldn't help shivering when she was blown by the cold wind outside.

But there was still a fire in his heart, Phillip carried her all the way, and she sprayed him all the way.

“Let me down, Phillip, did you hear that? Are you hugging? You are obviously carrying, and why do you touch me? Are you paying for everyone? You paid for others? Money, why should I bear the consequences for them?”

No one responded, and the scene in front of him was still constantly changing.

Marry Jiang was so angry that he continued to spray him: “What kind of order are you grabbing? Do you think you are rich? I just want to dance with other men for an hour. Did you get ahead?”

“You let me down, I have to go by myself, let me down!”

“Phillip, you bastard, did you hear that? Why are you looking for me? You go to your hospital and stay there. Your beauty is still waiting for you in the hospital. You won’t listen to what I say anyway. Then why should I listen to you? Let me down!”

Finally, Phillip probably couldn’t stand her broken thoughts anymore, and stopped, then gently placed Marry Jiang on the ground.

As soon as her feet fell, Marry Jiang gave Phillip a fierce look, then turned and left.

“If you dare to run, I will still pick you up directly and walk home like this.”

Hearing, Marry Jiang stopped for a while, then turned around and stared at Phillip: “Are you threatening me?”

Phillip walked a few steps forward and approached her: “There is no need to threaten. There is a mixture of snakes and dragons. You don’t know what kind of people are inside. I don’t worry about staying there by yourself.”

“Tsk, when you used to go to buy drunk yourself, why do you have to take care of me when I go to dance?”

“That’s because I am now your boyfriend. If you are not my girlfriend, do you care about me?”

“Phillip, you figure out the situation. You don’t listen when I am in charge of you. Why do I listen when you are in charge of me? You are a great boyfriend? If you are a boyfriend, you must control me. If you do, then break up.”

Marry Jiang felt calm when he said the last sentence.

She is not the kind of person who likes to talk about breakups, but today she really wants to break up.

Hearing the word break up, Phillip’s pupils shrank slightly and stared at her with squinted eyes: “You say it again?”

Marry Jiang lowered her eyes, “Why do you say it again? You don’t hear it, you can’t hear it? What happened today, if you regard me as your girlfriend and you as my boyfriend, you won’t ignore my thoughts, do you know how worried I was when you rushed into the fire? Did you know that you were rescued? I was relieved, the hospital followed along, but you did well, as soon as you woke up go to your confidante right away. Is there no one guarding her? No, she has a husband and family. What can you do when you go? I asked you to go back to the ward. If you still don’t love me, I’m leaving. You didn’t even chase after you, ha ha...”

Having said this, Marry Jiang didn’t know whether it was self-deprecating or amused. She couldn’t help but laugh, and finally her nose became sour.

She raised her head and stared at Phillip with red eyes like a rabbit, “You said, is there a tragic girlfriend like me in the world?”

Marry Jiang had always kept that sentence in her heart before. She didn’t say a word because he was seriously injured. Because the scene environment

didn't allow it, she tried hard to make herself a girlfriend with a deep sense of justice.

After all, everyone was injured, and she was still talking coldly there, not finding a place for herself.

But she is also wronged, she is a person, she also has a lot of emotions, she will also be sad, she can't be so righteous, she doesn't care about anything.

She didn't say it before, but now she can tell it all.

Phillip also knew that he had done something wrong this time. In front of his girlfriend, he did not fulfill his due responsibility.

Seeing her red eyes like a rabbit, Phillip felt very uncomfortable. He took a few steps forward and pulled her into his arms, pressing the back of her head.

"You can hit or scold as much as you want. Your boyfriend is standing in front of you now. You can do whatever you want, let alone break up."

His voice was low and scary, and his throat was dry, so he was a little hoarse: "We have just started, give me some time, and give me some time."

Marry Jiang restrained her tears from falling. She suddenly reached out and pinched Phillip's ears and rubbed them vigorously. The strength was many times stronger than usual. Phillip felt pain, but now she didn't even wrinkle her brows. For a moment, just holding the waist of the girl in front of him, he hugged her up, "Go home first, can you talk about it after going home?"

Although Marry Jiang didn't cry, her eyes were still red, and she looked scary.

"You can go home, but don't think that I will forgive you. I will not forget what happened today."

“Ok.”

“Also, the breakup I just said was serious. You didn’t want to break up with me. It was you who kept me hard. I pity you and promised you.”

“Well, I don’t want to break up, it’s me who keeps you hard.”

“In order to show your sincerity, just hold me home like this.”

It’s half an hour’s journey from here to home.

Phillip calculated it in his mind, but in the end he didn’t say anything. He said a good word and hugged Marry Jiang and walked forward.

Fortunately, Phillipgao and Marry Jiang are thin, so there is no effort at all when holding her to go. Marry Jiang originally thought he would refuse, if he refused, Marry Jiang would immediately ignore him, but no Thinking that he hadn’t complained, he hugged her and left.

She doesn’t know how long she walked, Marry Jiang felt that the man’s breathing became heavier.

Even though she was thin, she was an adult after all. She could walk for a short distance while holding her for a long time. Phillip was not a robot, and he was injured.

Injury. Speaking of this issue, Marry Jiang noticed that there seemed to be a strong smell of blood around him.

Marry Jiang felt something was wrong in an instant, and proactively said to Phillip: “You let me down first.”

But Phillip pursed his thin lips and did not agree.

“Phillip, did you hear that? You let me down first.”

Hearing, Phillip looked down at her helplessly, and said in a dull voice: “What’s the matter? Didn’t you let me hold you home? Now let you down, will you forgive me?”

“If you are obedient, I will forgive you and let me down!”

She wanted to look at the wounds on Phillip’s body. The smell of blood was too serious. He was already seriously injured. After walking around holding her for so long, the wounds must have been completely opened!

Phillip didn’t say a word, nor did he put her down.

## **Chapter 1446**

“Phillip, did you hear me talking to you? Put me down quickly. You still have injuries on your body. Now the wounds are open and blood is flowing out.”

Marry Jiang was angry with him earlier, and felt that even if Phillip fainted on the road, she would not feel distressed and would not pay attention to him.

But now that she saw blood stains on his clothes, Marry realized that he was still very distressed.

But Phillip just didn’t listen to her, and still stubbornly hugged her forward. Marry Jiang thought about struggling. After struggling for a while, Phillip hugged her tighter and the wound opened faster.

Marry Jiang was so anxious that she bit her lower lip: “Will you let me go down?”

Probably it was her tone that got angry, so Phillip cared a little bit, stopped and looked at Marry Jiang, and then said: "I made you angry, so I should bear this. It is not necessary. Love me."

Hearing, Marry Jiang stared at him with eyes, arrogantly: "Who cares about you? You are too affectionate, right? You are not hurt for me, if I love you, you will have ghosts. Up."

After finishing speaking, as if afraid that Phillip would not believe it, Marry Jiang patted his hand not tenderly at all: "Let me down quickly, do you think that the smell of blood on your body smells good? You can bear it yourself. Will it make me feel uncomfortable to be held by you?"

It turned out that she disliked the smell of blood on her body.

Phillip suddenly realized that Marry Jiang had said that he was unwilling for a long time before, but now he heard Marry Jiang disliked him, he really quickly put Marry Jiang down.

After Marry Jiang landed on her feet, she glanced at Phillip helplessly, and murmured silently in his heart. He was really flabbergasted. He believed everything that others said. With this IQ, you can basically say goodbye to bicycles!

But it's also because of his lack of IQ, that's why Marry Jiang coaxed him so well.

"Get a taxi and stop by the hospital to treat your wound again."

Phillip wanted to refuse. Marry Jiang had already walked to the side of the road to stop the car, and turned her head back and said disgustingly: "If your wound is still bleeding at night, then you can stay in the hospital by yourself. Don't go into the room and follow me. Sleep together."

When she said that, Phillip couldn't refuse any more.

After that, Marry Jiang accompanied Phillip to the hospital to re-treat the wound. The doctor dealt with the wound for him and confessed: "Don't touch the wound with water for the time being to avoid infection. Come and change the dressing tomorrow."

Phillip probably felt a little troublesome, and asked the doctor if he had taken the medicine home to get it by himself. After asking, Marry Jiang patted the head, and then she squeezed it up.

"Doctor, we must come to change the dressing on time tomorrow."

After that, she dragged Phillip away, and educate him as she walked: "What kind of medicine would you change yourself? You must come to the hospital to change it. If it's all like this, please be honest with me."

Back at home, Marry Jiang opened the door and found that there was a light at home. When changing shoes, she felt a little subtle, "Have you been back home?"

"Ok."

Phillip entered the door behind her and closed it smoothly. He bent down to get his shoes, "I will go out to look for you when I come back to see if you are not there."

Cut, he still has some conscience.

"Then how do you know that I am in that bar?" Marry Jiang turned her head, looking straight at Phillip.

"Intuition."

After all, Marry Jiang and Phillip had met there several times before. Phillip thought at the time that Marry Jiang would go there, so he went, but he didn't expect to actually meet her.

Instinct you are tall! If it wasn't for fear that you would be hard to find, would I go to the bar we met before? Marry Jiang murmured a few words silently in her heart, then turned and walked inside.

When she walked inside, Marry Jiang saw that there were several bags of food on the table, and there was a beautifully packaged gift bag beside her. She was taken aback and looked back at Phillip.

"You bought it all?"

"Ok."

He bought it for Marry Jiang to apologize, but he doesn't know if she will like it.

In fact, for girls, receiving gifts is a very happy thing. No matter whether the gift is what you like or not, girls are like dragons. They like to receive gifts just like dragons are born to collect shiny things, out of instinct. Like it.

Of course there will be some special cases. Marry Jiang is not such a special case. She also likes to receive and unwrap gifts.

Especially when Phillip used it to apologize to her, she immediately went forward to pick up the gift and shook it in front of Phillip deliberately: "You bought this? Give it to me, or keep it for your hospital. The confidante?"

The latter sentence embarrassed Phillip, because he bought it for Marry Jiang. He was really sorry for Marry Jiang during the day, but if he did it again, he would still rush into the fire the first time. To save people.

"Speak? Is it for me? If not, then I don't want it."

After speaking, Marry Jiang put the box back on the table, and stared at Phillip with her hands around him, as if she had to say why.

Phillip looked at her for a long while, and suddenly stepped forward, hoarsely saying, "Baobi repeatedly asked? It's clearly for you, can't you tell?"

"It's the same thing to see, and it's the same thing to want to hear you say it yourself." Marry Jiang raised his lips and raised his eyebrows. He took out the box and opened it. He saw a pearl necklace of high-quality color inside. It was small, full, and full. Although it was a pearl necklace, it looked very expensive. Marry Jiang liked it at first glance, and played with it for a long time.

Phillip suddenly said, "Should I wear it for you?"

Hearing, Marry Jiang glanced at him, after thinking about it, or handing him the necklace: "Okay, help me wear it."

Phillip took the necklace and walked behind her, Marry Jiang stretched out her hand to lift up her waist-length hair, and the faint fragrance that belonged to her came to her face like this. Phillip stood there in a daze, looking at the small white neck that she had revealed after lifting up her hair.

"Why? Don't you want to wear it for me? Why are you in a daze?"

Phillip recovered and put the necklace on Marry Jiang's neck. Marry Jiang's skin was as white as snow, and the pearls almost matched her skin tone, plus the little wipe she was wearing today. The breasted dress is silver-gray, so it fits perfectly.

Marry Jiang looked down and snorted softly.

"Don't think you gave me a gift. I will forgive you. Also, who asked you to buy pearls is not good at all!"

Phillip clearly saw her holding a pearl necklace and looked at it for a long time, thinking she liked it very much, but she didn't expect that she said it was not good, so she took it seriously.

"Then I can pick it off for you?"

"You dare!"

Marry Jiang yelled at him angrily, "Straight man!"

She really believes everything she says? I really don't know what kind of blessings a man like Phillip has accumulated in his life to find such a good girlfriend!

## **Chapter 1447**

The two were reconciled that night.

When Phillip lay down, his body hurt everywhere. He originally thought he would think of Jessica, but he didn't expect that Marry Jiang's angry and aggrieved face was filled in his mind. The eyelashes were stained when she lowered her eyes. A handful of crystals and her voice when she speaks.

Also, how she looked at Fang Shi on the stage.

Really beautiful.

Thinking about it, Phillip's lips smiled unconsciously.

"What are you giggling?"

Suddenly Marry Jiang's question came from him, Phillip paused, the smile on his lips disappeared, and when he opened his eyes, he met Marry Jiang's eyes.

"You haven't slept yet?"

Marry Jiang curled her mouth, squeezed to his side and looked at him sadly.

"Can't sleep, I feel so distressed."

Hearing her distressed, Phillip suddenly felt guilty again, thinking that she was referring to the day's affairs, enduring the pain of the wound on her body, turning over and facing Marry Jiang.

"Still angry about the daytime?"

As he said, Phillip held her hand and whispered: "Don't get angry, you know I won't coax people, if you get angry, I really don't know what to do."

"Who is angry about what happened during the day?"

Not for the daytime thing? Phillip was a little surprised, what was that for?

"Why on earth did you spend money to pay for others when you were in a bar? Tonight you bought food, bought necklaces, and paid for others at the bar. How much did you spend all night?"

When talking about the money, Marry Jiang's face can be described in two words: fleshy pain.

She really feels sorry for the money. As far as she knows, Phillip's job is not easy and his salary is not high, so how long will it take him to earn the money?

Really getting more and more angry, Marry Jiang cursed: "What can you do? Can't wait any longer? I will change later."

Phillip was surprised. He didn't expect that it was the money that she was distressed, nor that this matter could distract her so quickly. Seeing her face full of pain, Phillip's eyes deepened a bit, and he smiled low: "I'm afraid that if you wait any longer, someone is really rushing to pay the bill."

"How is it possible? The consumer prices are not low, who would be willing to be taken advantage of?"

"Some."

Phillip's voice was faint: "When I was going to pay the bill in the evening, there were still several others who saw me preemptively pay. They were still frustrated."

Having said that, he paused for a while, and then said seriously: "It can be seen that I am a step late, and you are going to dance with others."

She doesn't know why, Marry Jiang actually felt a little jealous in this sentence, is it her illusion? In order to confirm his guess, Marry Jiang blinked and asked, "What's wrong with dancing with others? Anyway, you can leave your girlfriend to save others, and of course your girlfriend can dance with other men? You? Say yes?"

Phillip couldn't refute the words like this, but thinking that she was going to dance with other men, Phillip accepted incompetence in his heart and could only muffled: "Then you regret it?"

"What?"

"I regret that I bought the order from the audience. I feel that my hands are too fast. If someone else buys it, maybe you can dance with other men."

“Yes.” Marry Jiang nodded: “I watched at night. There are many handsome guys who are young and handsome. At first glance, those guys must be very strong. Dance with them, maybe you can have a show. ...”

Before she could finish her words, Phillip suddenly approached her, and the hot breath spit out on her face. Marry Jiang had said this on purpose to anger him, but Phillip suddenly leaned over. The distance between the two of them also narrowed a lot in an instant.

Marry Jiang was bold and small, and when she was so close, her confidence was instantly weakened, “You, why are you suddenly so close?”

“Do you really want to dance with other men?” Phillip asked, staring straight at her.

“Try it, it’s not impossible? What’s the problem?”

“No.” Phillip said with a solemn face, “You don’t know the men there, how do you know if the other person is a good person? It takes an hour to do something to you, you Can you hide?”

“You also know that it was a public place, with so many people, what can he do to me? You think too much, right? Tell me first, how much did you spend tonight? How much did you spend in the bar? “

Phillip didn’t speak, but stared at her with heavy eyes.

“You underestimate the self-control of men too much.”

As Phillip said, he moved a little closer, and the two of them almost touched their noses, their foreheads against their foreheads, their breath blended.

Marry Jiang was startled, the heat on her face increased a bit, but soon she thought of something, and stretched out her hand to stand in front of Phillip:

“I’m asking you something. If you don’t answer me, I will join in. Near, what do you want to do? Want to kiss me? I tell you, I haven’t forgiven you completely, don’t think about it, um!”

The two were already very close, and she was still chattering like this in front of Phillip, her pink lips pressed together, as if she was inviting you to taste.

So Phillip didn’t think much about it, so he kissed it directly.

When the kiss was over, a satisfied sigh came from deep in her heart, and Phillip was thinking about it, just to let her have a long experience and see what a man’s willpower is like.

Marry Jiang pushed her hand in front of him to prevent him from coming up suddenly. Who knew he was still so strong after being injured, so he kissed her unexpectedly. Marry Jiang opened her mouth and wanted to say something, but the result was even better. Give him a chance, let him unscrupulous.

“Well, let me go!” Marry Jiang pushed him hard, and talked as soon as he talked. Why did he come up suddenly?

But when she pushed hard, Phillip heard a painful hum from her mouth, and stepped back half an inch in a dumb voice: “You push a little bit, the wound hurts.”

“Are you coming back when the wound hurts? Why not lie down and sleep!”

Marry Jiang was so angry that she wanted to say something, but Phillip was just as addicted and kissed again, her lips were sealed again, and her hand stretched out to push again.

Only this time, after touching his wound, Marry Jiang couldn't bear to push hard, because she was afraid that he would hurt, so after a short push, she withdrew her hand.

Bastard.

Marry Jiang cursed quietly in her heart, but soon, she was kissed by Phillip to be too old until Phillip turned over and pressed her underneath, leaving her lips to unbutton her. When he heard the confused Marry Jiang say: "Hurry up and tell me, how much money did you spend tonight?"

The movement of Phillip's hand suddenly stopped after hearing these words, and gave Marry Jiang a helpless look.

Is he not working hard enough or something? Why is it that she still has money in her mind?

## **Chapter 1448**

"Phillip."

After Marry Jiang asked, she didn't get a response. She stretched out her hand unwillingly to grab his wrist, with a soft tone: "Hurry up. I have asked you so many times. How much did it cost?"

"Want to know so?" Phillip narrowed his eyes and looked at the woman with a mysterious expression in front of him. He leaned close to her a bit, with thin lips falling on her ears, warm breath surrounding her, and said slowly. A number.

Marry Jiang's eyes were still a little mysterious, but after hearing the number, she immediately became sober and stared at Phillip.

"Flower, spent so much?"

Thinking of the amount of money, Marry Jiang felt that her heart was bleeding, and she was crying, “How can it be spent so much? You prodigal son, so much money, you spend all of it without blinking your eyes. After going out, how long will you earn? There is obviously no need to spend money...”

The more Marry Jiang said, the more painful she was, and her heart was bleeding.

The good atmosphere between the two was completely destroyed by Marry Jiang.

When Phillip heard that prodigal son, he couldn't kiss her anymore, and simply turned over and lay down on her side, “Without spending money, let you dance with other men?”

He accepts incompetence.

It seems to be the same. She really didn't want to dance with other men, and she didn't expect that the resident sister would actually play such a big one for her. Alas, I would not tell her if I knew it.

Phillip, her boyfriend, lost such a large sum of money for no reason.

Thinking of something, Marry Jiang suddenly rolled over and looked at Phillip faintly.

“By the way, after you spent so much money, will you still have money to get married?”

Phillip paused and looked at Marry Jiang deeply. She was actually worried about this?

The thin lips raised slightly, and Phillip also turned to face her, “I have been single for so many years, how could I have no savings, and my job salary is not low, it is more than enough to marry you.”

Facing his ridiculous gaze, Marry Jiang’s face blushed, and she immediately countered: “What are you talking about? I’m just worried that you won’t be able to marry a wife in the future. Who said you want to marry me? You want to marry me, I’m not yet I must marry you!”

“My boyfriend has only been a few days ago, so I want to marry him!”

Phillip didn’t speak, but just looked at her with a faint smile, the look in Marry Jiang’s eyes, as if he had seen himself through, she was a little furious.

“What are you looking at? I’m telling the truth. You don’t really think I want to marry you?”

“Well, it’s all truth, sleepy? If you are sleepy, go to bed early.”

With that said, Phillip stretched out his hand to get her clothes on, and then really stopped doing anything. Marry Jiang also realized at this time that the great atmosphere between the two seemed to have been destroyed by herself. .

Ay, regret is a bit regretful. Facing the young body, she actually missed it like this. Forget it, because of his injury, she still doesn’t tease him.

Marry Jiang blinked, leaned against his arms and closed her eyes, and her breathing soon became even.

After Phillip confirmed that she was asleep, he followed An Xin to sleep.

“I have checked it out. When the fire broke out that day, Jessica was the only person on the scene, but the fire was so severe that people couldn’t be

unaware of it. In addition, the door was locked by someone deliberately doing it. It is currently possible to do this. There are two people, one is the makeup artist of the day and the other is the assistant makeup artist. The confession of the assistant makeup artist is that she left the room and went to the cafeteria to find food for the bride when she was looking for food. I ran into an elevator broken down on the road, so I couldn't come back in time."

"Have you checked it?"

"Checked, her confession and monitoring are in line."

"Where is the makeup artist?"

"The makeup artist's statement that day was that the couple should apply a mask before putting on make-up, and the replenishment mask should be applied for nearly half an hour. She saw that there was still time, so she went out downstairs and called. When she came back, she found that the door was locked. The people inside did not respond, so she felt that the situation was wrong and went to the lobby to find the hotel manager. We also monitored and verified her words and deeds, and they were no different from what she said in her confession."

In that case, these two people seem to be very innocent.

After hearing this remark, Victor Han narrowed his eyes and asked after a short while: "Who was the last person to leave the room?"

"It's the makeup artist, the assistant makeup artist has never come back since he went out, so the possibility of her can basically be ruled out."

If the assistant of the makeup artist works on the door lock, the door should be locked when the makeup artist comes out.

"Check the last person who left the room."

“Good Mr. Victor.”

The visitor quietly glanced at the ward, and then asked, “Is Mrs. Han still awake? Actually, we suspect that she would be drugged that day, so she didn’t notice it?”

“She is still not awake, check the makeup artist first, and also start from the assistant makeup artist. If the confession between the two parties cannot match, you can start from this place.”

“Okay Mr. Victor, let’s go first.”

Victor Han gave a hum, then turned back to the ward, opened the door and met Janis’s tired face. He paused and said, “Dad, mom, please go home and rest. I will take care of this place.”

Janis looked at Victor Han with a haggard face, and wanted to say something, but after thinking about it, she didn’t say anything. She just nodded: “Alright, your dad and I will go back to rest. If we have a good rest, we can come back and change get off work with you. Jessica is not awake yet, when she wakes up, she must call and tell us.”

“Ok.”

When Jessica woke up, she felt her head dizzy, surrounded by fire, and the strong smell of smoke made her almost unable to breathe. Suddenly someone rushed over from the fire and hugged her.

“Victor Han!”

Jessica was taken aback, shouted his name quickly, and sat up with a carp.

The surrounding sky was already bright, and Victor Han, who had been guarding her side, saw her wake up, and immediately rushed up.

“Yan Yan?”

Jessica grabbed his hand and stared at him blankly, as if confirming his authenticity. Victor Han knew what she was thinking when he saw her eyes, and held her tightly with her backhand.

“Don’t worry, I’m real, I’m fine, and you’re fine, everything is over.”

Jessica should have been shocked by the fire. She always grasped Victor Han’s hand tightly, trying to say something, but her lips trembled and she couldn’t say a word.

“You don’t need to say anything.” Victor Han took her into his arms and stroked her back to coax her, “Everything is gone, now we are in the hospital.”

When speaking, Victor Han felt a warm, hot touch in her chest. After pulling Jessica away, he found tears in her eyes, and her heart suddenly felt like a knife cut.

He stretched out his hand to wipe away the tears from the corner of Jessica’s eyes, and promised as if: “Don’t worry, as long as I am here in the future, this kind of thing will never happen again.”

## **Chapter 1449**

Under the persuasion of Victor Han’s soft voice, Jessica’s sanity slowly returned a little, but the spirit was still exhausted, so she fell asleep deeply after leaning in Victor Han’s arms.

After she fell asleep, Victor Han kept guarding her. During the period when he wanted to call his father-in-law and mother-in-law, he just put Jessica back on the bed, and she immediately woke up and held Victor Han’s hand tightly. .

“Fire, fire, you, don’t come over, get out.”

“No, do not want.”

She didn't open her eyes, just grabbed Victor Han's hand and shouted in shock, obviously a nightmare.

Han cleared away the cold sweat from her forehead and neck to comfort her, but Jessica's condition did not improve at all. She was so muddled that she took Victor Han's hand and kept him running, saying In the end, it is inseparable from the word fire.

It seemed that she was really frightened.

The doctor in the middle came to see her once and said that it was caused by excessive shock and wanted to give her a tranquilizer, but because Jessica was pregnant, he gave up in the end and could only let Victor Han take care of her and talk more to comfort her. Her emotions.

This situation continued until Janis and Father Zhou came over, but Jessica still slept extremely restlessly.

Janis was too worried, “Will something happen if this continues? Yan Yan is still pregnant.”

Naturally, she didn't say the following words, but the people present all understood her meaning after listening to her. Victor Han stayed by the bed and was silent for a long time before raising his head again.

“I'll take Yan Yan home.”

Hearing, Janis was a little surprised: “Go home at this time?”

She couldn't understand Victor Han's statement. After all, Jessica was just admitted to the hospital. How could she go home at this time?

“Yes.” Victor Han stood up and looked at Janis solemnly and explained: “It is not necessarily a good thing for her to stay in the hospital in this situation. I will take her home and ask a private doctor to change her environment, Dad. Don’t worry, mom, I will guard her every step of the way.”

Janis originally wanted to say something, but after thinking about it carefully, Victor Han is a highly educated person, and he is an adult man with sound and mature thoughts, and should not be able to do unspecified things, so she agreed.

“That’s all right, you are ready to take Yan Yan back.”

The doctor heard that they were going to be discharged from the hospital, but at first they disagreed. Later, after listening to Victor Han’s description, he gave permission. So that afternoon, Victor Han took Yan Yan and was discharged from the hospital.

When Stella was carrying things and preparing to come over to visit, the news he learned was that the patient had been discharged from the hospital.

“Discharged? Is it so fast?”

When Stella was puzzled, she could only call her brother, and then left after clarifying the situation.

At the same time, the people sent by Victor Han were investigating the incident, Ye Moshen also found someone to confirm the matter, and Levi also hid in his room and tapped on his laptop.

Not long afterwards, Victor Han’s investigator received an email from a stranger. It was a surveillance video. When he opened it, it turned out that a makeup artist was talking with a strange man. The appearance was very clear, but the content of the conversation was inaudible.

Immediately afterwards, another unfamiliar email came in. This time it was the profile of the makeup artist and the introduction of family members. The video showed that a large amount of unknown funds was deposited in the makeup artist's relative account two days ago.

So Victor's people immediately called the police, and on the way to find a makeup artist, they found that she was carrying the money and was going to escape privately. After a struggle, she was taken back to the police station.

"It seems that you are not very courageous and have no consciousness. After doing this kind of thing, you dare to carry a huge amount of money to escape, for fear that others will not know the crime you committed?"

The makeup artist is a woman who is close to forty years old. She has always kept her duty at work before. It is precisely because she keeps her duty, that when she saw this huge sum of money, she couldn't help but feel uneasy.

Because the person told her that she only needs to move her hands and feet in Jessica's mask and she doesn't need to do anything else.

She felt that even if the matter was really exposed, she would not be able to find her, but the more she thought about it, the more frightened she became. She had never done anything like this in her life, so she wanted to take her money and escape for a while.

But in the current society, how could it be impossible to find this information, so once she starts to flee, the charges will be fulfilled.

Thinking of the children in her own family, the makeup artist couldn't help crying: "Please, I really didn't harm Miss Zhou. This matter has nothing to do with me, don't catch me."

The policeman looked at her coldly, “It doesn’t matter? What are you running? And how can you have so much money out of thin air in the accounts of your relatives?”

“The money, the money is not mine, it belongs to my relatives, how would I know that there is so much money in his account? I really don’t know this, comrade police, if you don’t believe me, you should check the hotel. After monitoring, I didn’t really do anything that day. The fire has nothing to do with me.”

“Hundreds of secrets have a sparseness. In the surveillance, you do look like you didn’t do anything, but the mask you put on the bride brought something.”

Hearing, the makeup artist was taken aback for a moment, and then immediately denied.

“Impossible, how could I bring something in the mask.”

“If you really don’t, then you will ask what you brought, instead of denying it so fast, you are so nervous, and you want to say you didn’t do anything.”

The makeup artist kept shaking his head as if being stepped on a sore foot, “I really didn’t, really didn’t. You caught the wrong person. I didn’t know anything other than applying a mask to her that day, and I found out that day after something went wrong, I went to the manager. If I wanted to harm her, why would I still look for someone?”

“Because you are falsifying the appearance of your innocence. Do you think the mask was destroyed by you? Then you may be disappointed. Bring people in.”

Soon, the assistant makeup artist was brought to the makeup artist.

The makeup artist's assistant looked aggrieved and didn't know what happened, but after seeing the makeup artist, he immediately said, "Sister Xia, what is going on? Why are we related to this case? That day? I obviously heard you and went downstairs to get some food. Then the elevator broke down and I couldn't get up for a while. Why did I later..."

The makeup artist did not answer.

"Do you still have the mask for the bride that day?"

The makeup artist assistant was hesitant and entangled at first, and then nodded: "Yes, when I arranged for Sister Xia, I made some and put it in a small bottle, because it was self-adjusted by Sister Xia, and it is usually for newcomers. The moisturizer used before makeup is a very ordinary moisturizing mask. I think the effect is good every time, so I keep a little bit for myself every time."

Hearing, the makeup artist widened his eyes in disbelief, "You bitch, you stole my mask!"
