

Nothing to Give but My Heart Chapter 1680 – 1688

Chapter 1680

Today's Pamela Tang was extraordinarily bold, showing her inner feelings bravely, and she realized what she had said when she had finished roaring.

Pamella Tang stepped back abruptly, her face pale.

How could this be?

She shouldn't have said these words. It was obvious that his performance was already obvious. If he said it again, wouldn't it make him laugh?

Thinking of this, Pamela Tang's heart was flustered, and she turned around to escape.

Justin Yuchi grabbed her wrist, and he sighed helplessly, "I want to ask you something, what are you running?"

"I, I don't know, you let me go."

Not only did Justin Yuchi not let go of her, he looked around, and then said: "Let's find a place to talk seriously."

"I'm not going." Pamela Tang stepped back, "You let me go."

She didn't want to go, so Justin Yuchi had to directly hug her up. Pamela Tang was stunned. Before he could react, her feet were already floating, and her body reflexed and subconsciously encircled his neck.

Pamella Tang didn't realize what had happened until Justin Yuchi was holding her and striding forward. She was annoyed and angrily said, "You let me down!"

Justin Yuchi seemed to have not heard her words, and took her to a clean place before putting her down.

"There were too many people over there just now, so talk about it here."

He glanced at Pamella Tang and saw that her expression and emotions were still wrong, and he pursed his lips and asked, "Do you want to come down and talk, or do you want to stay in my arms and say?"

Pamella Tang: "?"

What does this mean? Does it mean that if she doesn't tell him well, he will always hold her like this?

"Huh? Choose one yourself."

Justin Yuchi whispered: "If you still want to run if I let you down, I will pick you up again and talk like that when the time comes."

He said so, can Pamella Tang still say?

Isn't that a disguise for him to hug her?

Thinking of this, Pamella Tang had to compromise.

"I want to come down."

"Don't run?"

“Don’t run.”

If you run, you will be picked up. It’s better to stand up.

Although Pamela Tang is indeed greedy for Justin’s embrace, at this time, it is better to be careful and clear.

“That’s it, if you run, then...”

Yuchi didn’t say the following words, but he still put her down. After Pamela Tang landed, she tidied up her clothes and pouted unhappily.

“What you want to say, just say it!”

Justin Yuchi stared at her amusedly: “Why did I say it?”

“Don’t you want to say?”

“Well, it’s okay, then you answer my question first, have you figured it out?”

Pamella Tang looked at him dissatisfied, “What do you mean?”

Justin Yuchi looked at her in silence for a long while, suddenly leaned over and bent over, clasped the back of her head with his hand, and put his forehead against her, the distance between the two suddenly narrowed.

“It’s not that you like me and want to be with me. Didn’t I tell you just now? If I identify a person, it will be for life, so do you think about it clearly?”

The sudden approach made Pamela Tang blush and her heartbeat accelerated. She tried to push him away, but found that she couldn’t move at all.

Her body and her heart are facing Justin Yuchi.

“If you don’t speak, you haven’t thought about it clearly?” Justin sighed, “Or you were scared by what I said?”

After saying that, Justin Yuchi sighed again, “So, you are not mature yet. Anyway, I can say it today. Why don’t you think about it again when you go back? Then, don’t see the male classmate.”

Having said that, Justin Yuchi paused, “If you still want to see the male classmate after listening to your brother’s words, you can.”

“Why?” Pamella Tang didn’t understand.

“I have expressed my heart. You still want to see him. It means that you don’t really like me, so I also respect what you mean. Do you understand the little girl?” Justin Yuchi nodded the tip of her nose, his tone of helplessness spoiled. Drown.

Pamella Tang bit her lower lip and did not answer.

“I’m not going to force you. I will send you back to school now. You have thought about it recently, and you will tell me the answer.”

After that, Justin Yuchi led Pamella Tang towards the school. On the way back, Pamella Tang was exceptionally quiet, keeping her eyes down and thinking about things.

In this way, until the gate of the school, the night is getting late and there are fewer pedestrians at the gate.

“go in.”

Justin Yuchi stretched out his hand and rubbed her head, "Think about it when you go back."

Pamella Tang stood still and looked at him for a long while.

"Brother."

"Ok?"

"You haven't given me a positive answer before, is it because you keep these words in your heart?"

Yuchi was silent.

"Really?" Pamella Tang, who couldn't wait for the answer, asked again unwillingly.

"Yes." Justin Yuchi nodded: "If you say these things at that time, you would treat your brother as a lunatic, right?"

In fact, he never thought of saying it, anyway, according to his temperament, as long as she wants to be more mature, if she is really together, then he won't let her go. There is no need to say it.

But after hearing that she was actually eating hot pot with her male classmate, Justin Yuchi's calm heart actually panicked, afraid that she would really be with her male classmate, and that she would really leave her side.

He also remembered the words Andrew Zhong said to him before, but unfortunately, he never had the opportunity. He couldn't be a beast or beast just to test his emotions?

In fact, Justin Yuchi felt that on the day of her coming-of-age ceremony, the things he gave were enough to show his intentions, but it was a pity that the little girl was innocent and probably didn't understand.

She probably wanted him to speak out directly.

So Justin Yuchi is as she wished today.

He just doesn't know what she thinks in her heart now, but since the words have been said out, there is no room for regret. In fact, you can go to the male classmate for his sentence just now, but you don't want to say it.

But not to mention, he is afraid that the little girl will be delayed by herself.

"Why? Why do you think I will treat you like a lunatic after saying these things? Is it a shame for you to like someone and want to be with her forever?"

"Of course not." Justin Yuchi replied confidently, "My brother is just afraid that I will be scared back when you move forward."

"I won't!" Pamella Tang bit her lower lip, staring at him with red eyes, "How can I be so timid?"

A smile appeared in Justin Yuchi's eyes: "Then you mean, you agreed?"

Hearing, Pamella Tang's face blushed: "When did I agree? I just said that I am not such a timid person. What does it have to do with whether I agree or not?"

"Oh." Justin Yuchi dropped his eyes slightly disappointed: "Yes, you won't agree so easily, you guessed it a long time ago."

Chapter 1681

He stood there with his eyes down, looking like he was abandoned.

What happened?

Pamella Tang's expression was wrong. Why did he look like he was bullied by her? She was obviously the one who should be wronged today.

"Go in."

Before Pamella Tang could react, Justin said again, his tone as if he was seriously injured.

Pamella Tang stood there and didn't move. After a while, Justin Yuchi looked at her: "Why haven't you entered yet? Didn't you ignore me?"

Hearing, Pamella Tang moved her lips, "When did I say I didn't want to care about you?"

"Don't you mean that?" Yuchi also looked at her bitterly.

"I didn't." Pamella Tang argued for herself, "If I ignored you, I would have..."

She went to school a long time ago, why is she still standing here and talking to him for so long?

"What the hell?" Justin pursed his thin lips and walked slowly in front of Pamella Tang.

Pamella Tang was speechless again.

After a long while, she raised her head and looked at Justin Yuchi with dissatisfaction: "It's obviously that you are mad at me. Why are you acting like I bullied you?"

“Yes?” Yuchi blinked innocently. “When did I get angry with you?”

Pamella Tang widened her eyes in disbelief, unexpectedly she would not admit it.

“Little girl, my brother didn’t say anything. I was afraid of scaring you away when I said those words before. Then you will be scared away by me. Where can I find someone exactly like you?”

“Since I am afraid of scaring me away, why do you want to say it now?”

“Why do you say it now, don’t you know?”

Justin Yuchi’s voice suddenly lowered, approaching Pamella Tang.

“Me, why would I know?”

She subconsciously wanted to avoid it, but Yu Chi Yizhu grabbed her arm, “You have a hot pot with other boys today, will you promise to be together tomorrow?”

“I didn’t!” Pamella Tang wrinkled her nose and shook her head: “We are just eating hot pot together, and we have no other ideas.”

“You have no other ideas?”

“No.”

“What about him? Can you guarantee that he has no other thoughts about you?”

“I...”

“Is it impossible to guarantee? There is no other person around you before, so I can hold back and keep silent. I want to wait for your idea to mature and take longer, maybe you can see it. But today I found out, I can’t stand the presence of other people around you.”

Pamella Tang was shocked, thinking that she had heard it wrong.

She can’t stand the appearance of other people around him?

Does he like... himself?

But he didn’t clearly say that Pamella Tang bit her lower lip for fear that she would be wrong, and just stared at him blankly.

“Why don’t you speak?” Justin Yuchi squeezed her cheek: “Stupid?”

“Brother, do you mean...”

“Yes.”

Without waiting for her words to come out, Justin Yuchi replied, “It’s what you think.”

“So, go back and think about it, do you want to promise me?”

Justin Yuchi held her shoulders, turned Pamella Tang’s body to face the school gate, “Go in, give me an answer after thinking it through.”

Although he also wanted to have the answer now, Justin Yuchi felt that it was too difficult for the little girl to have the answer now. After all, she should be confused now.

“Go ahead and don’t look back.”

“For...” Pamela Tang wanted to turn her head subconsciously, but Justin said: “If you look back, you may not be able to go back to school today.”

Pamella Tang got stuck in her movements and twisted back for the last time.

Finally she walked forward slowly.

Justin Yuchi watched her move forward step by step, and the light in her eyes became darker and darker. It really wasn't that simple, it's fair to her.

Seeing Pamela Tang's figure disappearing in front of her eyes, the little girl's steps suddenly stopped, and Justin Yuchi's eyes were tightened by her figure.

She wants to look back?

It's a pity that the little girl stood there without moving for a long time, neither moving forward nor going back.

The hope that rose in Justin's heart was extinguished.

It turned out that it was this kind of feeling. Every time he looked at her expectantly, but was always rejected by her she probably felt like this.

It really deserves Justin Yuchi.

In the end, Pamela Tang took a step away and disappeared in front of him.

Justin Yuchi sighed and stood for a long time, confirming that Pamela Tang would not come out again, then turned and left.

Pamella Tang almost dragged her steps back to the dormitory. He was exhausted, as if he had gone through some major decisions and vicissitudes of life.

In fact, she wanted to turn back countless times just now, but when she thought of the way her brother had neglected herself before, Pamela Tang felt that she could not agree to him so easily.

Therefore, she resolutely left.

Pushing open the door of the dormitory, Zhang Xiaolu and Yuan Yuehan were both inside. Seeing her back, they hurried to greet her.

“Pamella, are you back?”

“Xiaolu, Yuehan, didn’t you say...”

“Yeah, we came back long ago, how is it? How did you and the senior have developed after eating hot pot tonight? Did you find that he is very considerate and caring?”

“He sent you back, right?”

Pamella Tang didn’t know what to say about what happened tonight, but she was very clear about one thing in her heart, so she took the hands of the two of them and said seriously: “You guys, don’t match me with Senior Zong anymore.”

Hearing, the two of them looked slightly changed, and Yuan Yuehan said, “How can there be a match, it’s just for you to understand, and no one wants you to be with him.”

“Yes, Pamella, and you are still young. If you have more love, you have experience.”

“I, I don’t need experience.” Pamela Tang shook off their hands and walked to the bed to sit down, “Anyway, you don’t want to match me with him in the future. I don’t like Senior Zong, and I won’t have any development with him. “

Zhang Xiaolu walked over and sat down beside her.

“If you don’t like it or don’t like it, then let’s change it. Anyway, there are so many outstanding people in the school. Just tell who you like and the sisters will help you get it.”

“Yeah, although Zong Yongran is good in all aspects, if you don’t like it, you can’t force you, right?”

Pamella Tang shook her head: “I don’t want anything, no one.”

After speaking, she got up and took the clothes, “Okay, I’m going to take a shower.”

Zhang Xiaolu hurried to catch up, “How can you think of nothing? Are you going to hang on your brother’s tree all the time? If he cared about you, he would have come to see you a long time ago. You see, school starts this year. Now, I haven’t seen him for so long. Maybe you already have a girlfriend, so don’t think about it anymore.”

Hearing, Pamella Tang turned around and retorted her seriously, “My brother doesn’t have a girlfriend.”

Chapter 1682

“How do you know if he has a girlfriend? Maybe he already has one.”

“Impossible.” Pamella Tang shook her head earnestly and surely.

Zhang Xiaolu and Yuan Yuehan walked up to her, one of them wrapped his arms.

“Why are you so sure? Could it be that he has told you? In fact, many times, you don’t want to believe what a man says, even if he tells you personally, it may not be true.”

“Yes, this is the experience of our people.”

Pamella Tang pursed her lips: “I don’t care, anyway, I just know that my brother is not the kind of man you mentioned, I believe him.”

After speaking, Pamella Tang went directly into the bathroom, closed the door, isolating the two voices.

After that, she stood in front of the mirror and looked at herself, before reaching out and poking her cheek for a long time. Why? She felt that she was really disappointed, and she had been left out for so long, but after listening to Justin Yuchi’s words tonight, she actually forgave him completely in her heart.

Moreover, those words he said are still thinking back to now.

He didn’t want to, but he was afraid, afraid to scare her away. To be honest, when he said these words at the time, Pamella Tang found it very beautiful.

As she walked back, she almost couldn’t help herself turning around and rushing up.

Forget it, don’t think about it.

Pamella Tang rubbed her head, discarded those complicated thoughts, and took a rest after washing.

Next day

Pamella Tang ran into Zong Yongran again outside the school. Because of what happened last night, she was embarrassed when she saw Zong Yongran and turned around and wanted to run.

“School girl.”

Zong Yongran stopped her behind him. It was okay if he didn't speak. Pamella Tang had to stop as soon as she opened her mouth and looked back at Zong Yongran.

“Study, senior.”

“Run when you see me? When did Senpai become so scary?”

Zong Yongran walked to her and looked at her helplessly.

“Sorry senior, I just...”

“Well, you don't need to explain.” Zong Yongran told her what he wanted to say: “That boy from yesterday, is he who you like?”

Hearing, Pamella Tang's ears became red, and she subconsciously wanted to refute.

“You don't have to rush to deny it, you can see it.” Zong Yongran smiled slightly, “and the relationship between you is indeed very close.”

Pamella Tang did not answer.

“If you like it, don't miss it. Seniors don't mean anything else, they will remain friends in the future.”

“Good.” Pamella Tang nodded.

“Don’t be restrained, just ask the senior if you have anything.”

After people left, Pamela Tang breathed a sigh of relief. Fortunately, she thought Zong Yongran would say something that would make her stressful, but he didn’t expect him to say anything.

Because of Justin Yuchi’s remarks yesterday, Pamela Tang couldn’t even take classes well, was so depressed, and finally got through school.

Zhang Xiaolu and Yuan Yuehan took her again and prepared to go out of school to splurge.

As a result, as soon as the three of them left the school gate, they ran into Justin Yuchi who was standing at the school gate.

He is particularly conspicuous in the crowd, and can be seen as soon as he looks up.

Pamella Tang was worried, so she kept her head down and didn’t look forward until the two people around her stopped.

“What’s wrong with you? Don’t you want to go out shopping?”

Yuan Yuehan and Zhang Xiaolu glanced at her with complicated eyes, “People are waiting for you at the door, and so they have to go shopping, what you want to buy?”

People?

Pamella Tang then followed the eyes of the two and saw a slender figure standing there.

Justin Yuchi?

Why is he here again?

“It seems that you can’t buy it today, let’s go there.”

Yuan Yuehan pushed Pamela Tang a hand, and Pamela Tang just walked two steps forward and was pulled back by Zhang Xiaolu, “Wait, you have to work harder. Didn’t you say that your brother doesn’t have a girlfriend yesterday, if you treat him again? Don’t give up, just be brave and pick him up.”

Pick it up?

Pamella Tang blinked.

“Go go, if he can really be your boyfriend, then you will be complete in this life.”

Pamella Tang was still standing silly on the spot, and Justin Yuchi had already waved to her.

Zhang Xiaolu and Yuan Yuehan had already left hand in hand, helpless, Pamela Tang had no choice but to move forward until she stopped in front of Justin Yuchi.

She pursed her mouth, and finally said, “Didn’t you say that I will tell you when I think about it?”

“Yes.” Justin Yuchi nodded, and when she saw her wanting to stop, he asked, “What’s wrong?”

“Since I told you to wait until I think about it before telling you, what are you doing today?”

Doesn't he want to ask her the answer today? Pamela Tang was still confused now, even though she knew what she would choose in the end, she just didn't want to say it now, she couldn't let Justin Yuchi find it too easy.

Hearing, Justin Yuchi took a step forward, and the aura on his body instantly enveloped him.

"What? What conflict does this have with me coming over today?"

Pamella Tang was so frightened by him that she took a step back and almost fell. Fortunately, Justin Yuchi reached out and gave her a hand in time.

"Why are you unsteady? Didn't sleep well last night?"

Pamella Tang gritted her teeth: "You didn't sleep well, I sleep well."

Yuchi also looked at the blue and black under her eyes with a low smile: "Okay, I didn't sleep well, you sleep well, then go to dinner together?"

"Who is going to dinner with you?" Pamela Tang muttered.

"If you don't have dinner with me, do you want to eat with the boy yesterday?"

"I do not have!"

"Then follow me."

After speaking, Justin Yuchi couldn't help but took her hand and walked forward. Pamela Tang had to follow him forward. His steps were so great that Pamela Tang almost had to trot to keep up.

After a while, Justin Yuchi's pace suddenly slowed down, and Pamela Tang breathed a sigh of relief.

After a few days, Justin Yuchi would show up at the school gate on time every day, and pick Pamela Tang to have dinner with him on time, but he never mentioned what she was thinking about.

It was like this every day, his expression calm and leisurely, as if Pamela Tang was the only one who was anxious.

She thought that Justin Yuchi would ask several times, but every time he sent someone to the school gate, he didn't say anything, and Pamela Tang was too anxious.

But seeing him saying nothing, Pamela Tang had to turn around and walk back.

In the blink of an eye, a week passed.

"It's been so long, haven't thought about it yet?"

During the first meeting today, Justin directly asked important points.

Pamella Tang pursed her lips, "Aren't you going to eat? Let's eat first."

The two of them ate together, it felt like they had become a habit, and Pamela Tang felt that her attitude was also very obvious. If she didn't agree, she would never come out with him every day.

Like the senior Zong Yongran, she was very afraid of meeting him and then forced to sit and eat with him. This feeling was extremely bad.

Just two steps, Pamela Tang's wrist was grabbed by him.

"Speak clearly before going to dinner."

Chapter 1683

Speak clearly?

Pamella Tang blinked: "Don't you eat first?"

Justin Yuchi earnestly said: "If you don't tell me today, don't eat."

Pamella Tang curled her lips suddenly, not knowing what to pick up.

"Isn't it enough to escape for so long?" Justin Yuchi laughed softly, "It's been so many days, so I should think about it."

"No." Pamella Tang denied: "I haven't thought about it yet."

"Oh?" Justin Yuchi raised his eyebrows, "I haven't thought about it for so long? Is it because I'm with you every day? So it's hard to think about looking at me?"

It was obvious that Pamella Tang was in control of this matter at the beginning, and she also planned not to tell Justin Yuchi, making him anxious.

But now it seems, how come this initiative is controlled by Justin Yuchi again?

Pamella Tang was simply angry and annoyed.

In the next second, Justin Yuchi took her hand and walked to a more remote place in front of him, "Since I haven't figured it out for so long, it's better to just think about it here and tell me the answer. ."

"Brother, how are you..."

"Because I can't wait."

Pamella Tang was startled.

“Yes, or not?”

Justin Yuchi stared at her deeply, his eyes were as deep as night, “Just one sentence is fine, tell me.”

Inexplicably, Pamella Tang felt her heart beating faster, and her lips opened, “You, you are forcing me, I clearly told you that I haven’t figured it out yet.”

When the words fell, Justin let out a deep laugh.

“Okay, then just take it as I am forcing you. From now on, I will count for five minutes and tell me the answer in five minutes.”

Pamella Tang: “...”

Is there such a thing? She became a little anxious. In five minutes, wouldn’t she give him the answer in person?

In fact, if possible, Justin Yuchi didn’t want to force her like this, but he had waited enough time. These days, she went in and out with herself every day, and never went out with her senior, which was enough to prove her intentions.

Justin Yuchi also knew that he shouldn’t be in such a hurry, but as time and days increased, he felt more and more that if she waited like this, she might regret, slacken off, and feel indifferent.

If you refuse him then...

Yuchi couldn’t even think of it.

Saying five minutes is really five minutes, because since Justin said that the timing started, he has been watching the time on the watch, no matter what Pamela Tang said to him, he remained silent.

The attitude is very obvious, that is, he didn't say anything during the five minutes, didn't interfere with her, and whether he agreed or not was all based on her thoughts.

Pamella Tang was really panicked, she wanted to agree, but she was a little shy, she could only bite her lower lip and stomped her feet, and then squatted down beside Justin Yuchi, holding her knees to ignore him.

Time goes by every minute

"Five minutes is almost here, have you thought about it, little girl?"

Justin's voice came over his head, and Pamela Tang resignedly raised his head, her eyes were clean and clear.

"Ok?"

Yuchi also bowed his head.

At this time, the sky was dark, and the light of the street lamp hit Pamela Tang's small white face, and Justin turned his back to the street lamp, and his facial features became deeper and deeper.

"If I don't agree, will my brother go to find a girlfriend immediately?"

Hearing, the smile on Justin Yuchi's lips gradually faded, and after a long period of silence, he said, "If you can't say it, maybe you will get married directly to heal your heartache?"

“No!” Pamela Tang immediately retorted loudly, “If I don’t promise you, you will run to get married. You have no sincerity at all!”

Justin Yuchi squatted down beside her, stretched out her hand to pinch her cheek, “I rushed over after knowing that you were eating hot pot with boys, and brushing your face in front of you for the past few days just to wait for a word. The answer, now you ask me, if I don’t agree, will I find a girlfriend, little girl, who is not sincere? You are heartless.”

After being so judged by him, Pamela Tang suddenly felt that he was the one who was insincere.

“So what?” Pamela Tang snorted heavily, “These are all things you deserve. Who made you think about it before? Do you know my pain and discomfort now?”

“Yes, I see.” Justin gently wiped her eyebrows with his thumb, and stared at her seriously: “I was wrong in the past, but now I know I was wrong, and sincerely apologize to you. Sorry.”

Pamella Tang was stunned, never expected that he would actually bow his head and apologize to her.

Such a tall and thin man actually bowed his head in front of her?

“Little girl, are you willing to accept my apology?”

Pamella Tang noticed that these days, when Justin was in front of her, she didn’t actually call him elder brother anymore. He would only say something accidentally, but most of the time, he called himself me.

Is this also a kind of change in his attitude?

Pamella Tang bit her lower lip and watched him not answer.

“No?” Justin Yuchi lightly tapped the tip of her nose, “Couldn’t you think about connecting or not accepting my apology?”

“I, I didn’t. Since you apologize so seriously, then I will forgive you.”

“Well, since I have forgiven all here, it means that I am no longer angry with me, so let’s go back to our previous topic.”

Back to that embarrassing topic again, Justin held her soft cheeks, “Five minutes has already timed out, what’s the answer?”

The time fell silent, and the two stared at each other. Don’t know how long it had passed, Pamela Tang blushed and turned away, “You’ve already asked me that, do I dare not agree?”

At this moment, Justin’s heart was completely relaxed. Looking at the little girl in front of him who had experienced countless ups and downs in his mood, he suddenly reached out and hugged her from the ground.

“What.”

Pamella Tang exclaimed, and subconsciously stretched out her hand to tighten his neck, “Brother!”

Justin Yuchi hugged her slender waist tightly and bowed her head, “Since I have agreed, I won’t call my brother again.”

His big hands were as hot as fire, and they were attached to his waist. The heat on Pamela Tang’s face rose and weakly asked, “No, I’m not called Brother, what is his name?”

“Boyfriend.”

Pamella Tang: "..."

Called boyfriend?

From the elder brother to the boyfriend, this identity change is quite wide, and Pamella Tang can't call it out.

Justin Yuchi: "What? Didn't you always rush me before? Only now I know I am shy?"

The answer to him was Pamella Tang's hungry voice. After a while, she raised her eyes and blushed and said, "I'm hungry."

She looked at him pitifully, the color of her cheeks was like pink cherry blossoms, and the color of her lips...

Justin Yuchi retracted his gaze and coughed slightly, "Then go to dinner first, but remember what you said just now. If you promised me, you can't go back."

Chapter 1684

That's...Is it promised?

Pamella Tang's eyes were a little confused, she always felt that a lot of words hadn't been spoken yet, and this had already become like this.

But she didn't seem to resist at all in her heart, and even when she heard Justin Yuchi said that she could no longer regret it, she felt the slightest sweetness.

After all, it was what she wanted in her heart, and now she finally got it, she should be happy indeed.

The two went to eat, and the two people got along as usual during the meal, nothing special, so this scene made Pamela Tang feel that their conversation just now was a dream?

Or, it was a scene she had imagined.

With such thoughts in mind, Pamela Tang ate something indiscriminately, and Justin Yuchi rubbed her head when sending her back to the school door: "Go in."

Pamella Tang raised her eyes to look at him, and suddenly walked in front of him, stretched out her hand and pinched Justin Yuchi's arm forcefully.

At first, Justin Yuchi's expression was slightly wrong, but after a moment, he frowned when he looked at his pinched arm.

"What happened?"

"Does it hurt?" Pamela Tang asked.

Justin Yuchi chuckled, "Naturally it hurts, you can also try."

Justin Yuchi stretched out his hand and pinched Pamela Tang's cheek. With a little effort, it would make her feel pain, but it would not hurt her.

Pamella Tang's beautiful eyebrows were twisted, loosened his arm, and then went to grab Justin's hand.

"Brother, don't pinch me."

However, Justin Yuchi held his hand instead, and he squinted his eyes, his eyes looked a bit lingering.

“Didn’t you say, don’t call me brother?”

Pamella Tang broke away from his hand, took a step back, sticking out her tongue and making a face: “I’ll shout!”

“Sure, I want to call my brother, too. I’ll pick you up in two days.”

“What are you doing?”

“Dating.”

Appointment? Pamella was red on the round face.

“Date together like normal men and women fall in love.”

After Justin Yuchi finished speaking, Pamella Tang groaned who was going to date you, then turned and ran away.

When returning to the dormitory, Pamella Tang quickly rubbed against Yuan Yuehan and Zhang Xiaolu.

“Yuehan Xiaolu, pinch me quickly.”

Yuan Yuehan and Zhang Xiaolu: “?”

“What happened to you?”

“Hurry up.”

So one of them reached out and pinched her arm.

“Why doesn’t it hurt?”

Zhang Xiao showed up expressionlessly: "Because I didn't use any effort."

When the words fell, she used a little bit of strength on her hand, and Pamela Tang was so painful that her facial features almost twisted into a ball: "It hurts!"

"If it's not important, you don't even know it hurts, what's wrong, so why let us pinch you?"

"Nothing." Pamela Tang didn't get angry after being pinched. She sat down on the side of the bed, her lips curled up a little, and the joy and happiness in her eyes couldn't hide.

"It seems that Tiantian and Justin Yuchi are going out recently, right?" Yuan Yuehan narrowed her eyes: "He confessed to you today?"

"Are you together?"

Three consecutive questions asked Pamela Tang directly, "How did you know?"

"You have written everything on your face, how do you say we know?"

"Really together?" Yuan Yuehan expressed shock. "How long has it taken you to be taken down so quickly?"

"Pamella, you are so true, why don't you tell us in advance that you were taken down so easily, what should you do in the future?"

"Huh?" Pamela Tang didn't understand what they meant.

"You came back empty-handed?"

“Yeah.” Pamela Tang glanced at her hands, “Is there any problem with this?”

“That means he didn’t give you anything when he courted, did he?”

Do you still have something to give away? Pamela Tang didn’t quite understand, she only knew that she liked him and he liked her. These two points are enough, right?

Seeing her look dumbfounded, Yuan Yuehan couldn’t help poking her forehead: “You are really confused. Boys chase girls must ask for flowers, gifts and chocolates. These are all necessary, okay? Even if they don’t, they have to. Little gifts, lipsticks, necklaces, etc. If you don’t have these, you promised him? How can he cherish you in the future?”

Pamella Tang pursed her lips, “I think he will cherish me, as if it has nothing to do with these things.”

“Why is it okay?” Yuan Yuehan wanted to say something, so Zhang Xiaolu stopped: “Don’t talk about her, her thoughts are different from ours, she will instill in her and we have to train us. And I think Yuchi is not that. For those who are short of money, do they want to give away anything in the future, maybe they will not pay attention to this at all.”

Yuan Yuehan could only curl her lips: “That’s what I said, so let’s do it, just be happy for yourself.”

Anyway, it was originally a class with ordinary friends.

“Yes, no matter what, I still wish you all the best.”

Pamella Tang showed a sweet smile: “Thank you.”

That night, Pamela Tang woke up many times, and was finally sure that the two were together. She hugged the quilt with a sweet smile and went to sleep.

In the days that followed, the two of them were like other lovers, going out to meet, eating and dating, Justin Yuchi would occasionally buy her things, but he was not the kind of person who would prepare surprises.

But sometimes when the two of them saw something, Pamela Tang said they liked it, but Justin Yuchi just bought it without saying a word.

Time flies, Pamela Tang quickly promoted to the third year of high school, and the pressure of study was suddenly increasing. A few months before the college entrance examination, she refused to meet with Justin Yuchi every day to study seriously in order to study seriously.

In the end, with her efforts, Pamela Tang was admitted to a very good university. Zhang Xiaolu and Yuan Yuehan failed to pass the exam, so they had to part with her.

On New Year's Eve, the two families gathered together for a New Year's Eve dinner. Stella specially prepared a gift for Pamela Tang. Because the two children had a stable relationship, the two decided to settle the marriage first, and then wait for Pamela to graduate marry.

Or, when Pamela Tang wants to get married before getting married, the decision is in Pamela Tang's hands.

The two families are harmonious, but Pamela Tang is sad.

Because she and Justin Yuchi have been together until now, the two still seem to be making no progress.

Although it was a relationship between boy and girl friends, Justin was very restrained and hugged her at best. Pamela Tang felt that it was normal at first, but was later raised by two friends.

Yuan Yuehan and Zhang Xiaolu are best at performing brainwashing/brainwashing behaviors.

“What? You have been together for so long, haven’t you kissed yet?”

“No? Does he really like you?”

“If you like it, how can you not help it?”

“And you are all getting engaged, and he actually treats you like this, then there are only two possibilities, either he is a gentleman, or he doesn’t like you.”

Pamella Tang thought about it, thinking that Justin Yuchi must be the prince, after all, how could he not like her? If you don’t like her, why should you be with her?

Chapter 1685

When Pamella Tang was worried, little bean sprouts embraced her and whispered: “Sister-in-law, you were still shy when I called you like this before. Now the two families are going to make arrangements for your marriage with my brother. You won’t let me call that way in the future. Right?”

Although this claim still made Pamella Tang a little shy, she has accepted it now.

After all, she and Justin Yuchi have been together for a long time.

After the New Year’s Eve dinner, everyone deliberately made room for Justin Yuchi and Pamella Tang, and drove them out to be alone, and Justin Yuchi brought them out.

“Where do you want to go?”

Pamella Tang pursed her lips, “Everything is fine.”

“Why is it always like this?” Justin stroked her head lightly, bursting into laughter, “Can’t you make a more difficult request?”

Make a more difficult request?

What is a more difficult requirement?

Pamella Tang tilted her head, watching Yuchi and not speaking.

“Forget it, do you want to see the fireworks?”

“It is good.”

During the New Year, there will be a special place for fireworks. When Justin Yuchi brought Pamella Tang to the scene, the fireworks had not yet started.

A lot of people gathered in the square, including a family who just finished the reunion dinner, couples, or groups of friends.

Most of them are mainly lovers, like Justin Yuchi and Pamella Tang.

The time has not come, the fountains and fireworks have not started yet, but just looking at the preparations in front of him, Pamella Tang has already predicted how grand the fireworks will be.

People had already occupied all the seats in the square, and Pamella Tang had to stand with Justin Yuchi.

However, she noticed that some lazy girls are snuggling in the arms of their boyfriends. The boys will unbutton their coats and put their girlfriends in them, or whisper or laugh, and get close when talking. From time to time, the lips are pressed against the opponent's cheek or neck.

Looking really close, Pamela Tang looked at this couple after another with envy. After all, after she and Justin Yuchi were together, it seemed...they rarely have such a close time.

As she was thinking, her wrist was suddenly clasped, and Pamela Tang turned her head abruptly, but it was Justin Yuchi's face that came close to her coldly.

"Looking at what?"

His voice was low and his face was handsome. When he got close, the masculine aura on his body immediately enveloped her, causing Pamela Tang's heartbeat to miss a beat.

Why, suddenly got so close?

"No, I didn't watch anything."

"I didn't see anything, I just called you, you didn't respond?"

Pamella Tang blinked, "I was just thinking, when will the fireworks be set off."

"In half an hour, the fountain and fireworks will start together."

"Oh."

Justin Yuchi glanced in the direction Pamela Tang was looking at just now, and the corners of her lips slightly curled up: "I envy them?"

Hearing, Pamela Tang's face flushed, and her body shook his head subconsciously.

"That's not it."

"It's all written on the face, and I said no."

When the words fell, Justin backed away a few minutes, then unzipped his down jacket, and said to Pamela, "Is it cold?"

This, isn't this just learning from others? Pamela Tang didn't expect that she just took a casual look just now, and was discovered by Justin Yuchi.

Her face burned more severely, and she stood still and did not go over, "I, I'm not cold, you hurry up and put on the down jacket."

Probably he has never done such a thing before, so Pamela Tang is not used to it.

"I am cold."

When the words were over, Justin stepped forward to tighten Pamela Tang's petite body.

Pamella Tang breathed.

The down jacket with the temperature of his body just wrapped Pamela Tang tightly, the breath of Justin Yuchi's body was full of breath, Pamela Tang stood on the ground in amazement, not knowing how to react.

"It's so warm now." Justin smiled and hit Pamela Tang's forehead with his chin, "Is it?"

Pamella Tang's face was burning badly, and she buried her head without replying.

"So shy?" His voice gradually became low: "When you stared at someone's young couple earlier, I thought you liked this."

Hearing, she subconsciously refuted.

"I didn't, I just looked at it."

"That means, don't like it? Don't you want me to do this?"

Pamella Tang: "..."

It wasn't annoying, but Pamella Tang felt that Justin Yuchi was deliberately teasing her. He obviously didn't have any intimate behavior after being together. Now it's finally hard for the two to get closer, he actually said these bastards.

Thinking of this, Pamella Tang simply stretched out her hand to push him.

"Yes, I don't like it, you go away!"

Who knew that she had just pushed the person away by half an inch, and Justin leaned in again and circled her tightly again.

"No kidding."

Pamella Tang bit her lower lip, a pair of watery eyes with moist air: "You are deliberate. You know that we are now boy and girl friends, but you deliberately said these things to anger me, how other people get along. How do we get along? Do you not like me at all?"

Justin Yuchi: “?”

God knows, he just wanted to tease her, who knew that Pamela Tang was irritated, and seeing tears in her eyes, Yu Chi also panicked immediately.

“Silly girl, what nonsense are you talking about?” He held her face, “How can I be together if I don’t like it? How can I tell you forever if I don’t like it?”

Tears slid/falled along the corners of Pamela Tang’s eyes, as if she couldn’t hold her back, her mouth was flat, and the tears fell like a broken thread, and Justin Yuchi couldn’t wipe it off anyway.

“But...you have been with me for so long, and you haven’t kissed me.” Pamela Tang couldn’t help crying, and the people nearby couldn’t help but look over here.

After Justin Yuchi heard her words, he felt distressed and funny for a while. What does it mean to never kiss her after being together?

“Just because I never kissed you? So you think I don’t like you?”

Pamella Tang has already lost control of her emotions. She doesn’t care about the strange eyes of passersby, she said directly: “Yuehan and Xiaolu have said, how can this be possible if you really like it, unless you don’t like me at all, so that’s why.”

Discussing this kind of matter in a large court is not what Yu Chi had wished.

The little girl cried and cried, he simply picked her up, Pamela Tang let him hold her while wiping tears, but fortunately, there was no makeup on her face, so there were only tears when she wiped it.

After being picked up by Justin Yuchi, Pamela Tang thought, she must feel embarrassed, after all, she is crying here and complaining to him, everyone is watching them.

But Pamela Tang didn't care, she held back these things for too long, and she didn't feel happy if she didn't say it today.

Seeing that Justin Yuchi hugged her further and further, there were no people around, only a few thick trees.

Before Pamela Tang realized anything, she was hugged behind the tree, her back pressed against the trunk, and Justin Yuchi's voice followed.

"Your two roommates are really good at talking nonsense."

Chapter 1684

That's...Is it promised?

Pamela Tang's eyes were a little confused, she always felt that a lot of words hadn't been spoken yet, and this had already become like this.

But she didn't seem to resist at all in her heart, and even when she heard Justin Yuchi said that she could no longer regret it, she felt the slightest sweetness.

After all, it was what she wanted in her heart, and now she finally got it, she should be happy indeed.

The two went to eat, and the two people got along as usual during the meal, nothing special, so this scene made Pamela Tang feel that their conversation just now was a dream?

Or, it was a scene she had imagined.

With such thoughts in mind, Pamela Tang ate something indiscriminately, and Justin Yuchi rubbed her head when sending her back to the school door: “Go in.”

Pamella Tang raised her eyes to look at him, and suddenly walked in front of him, stretched out her hand and pinched Justin Yuchi’s arm forcefully.

At first, Justin Yuchi’s expression was slightly wrong, but after a moment, he frowned when he looked at his pinched arm.

“What happened?”

“Does it hurt?” Pamela Tang asked.

Justin Yuchi chuckled, “Naturally it hurts, you can also try.”

Justin Yuchi stretched out his hand and pinched Pamela Tang’s cheek. With a little effort, it would make her feel pain, but it would not hurt her.

Pamella Tang’s beautiful eyebrows were twisted, loosened his arm, and then went to grab Justin’s hand.

“Brother, don’t pinch me.”

However, Justin Yuchi held his hand instead, and he squinted his eyes, his eyes looked a bit lingering.

“Didn’t you say, don’t call me brother?”

Pamella Tang broke away from his hand, took a step back, sticking out her tongue and making a face: “I’ll shout!”

“Sure, I want to call my brother, too. I’ll pick you up in two days.”

“What are you doing?”

“Dating.”

Appointment? Pamela was red on the round face.

“Date together like normal men and women fall in love.”

After Justin Yuchi finished speaking, Pamela Tang groaned who was going to date you, then turned and ran away.

When returning to the dormitory, Pamela Tang quickly rubbed against Yuan Yuehan and Zhang Xiaolu.

“Yuehan Xiaolu, pinch me quickly.”

Yuan Yuehan and Zhang Xiaolu: “?”

“What happened to you?”

“Hurry up.”

So one of them reached out and pinched her arm.

“Why doesn’t it hurt?”

Zhang Xiao showed up expressionlessly: “Because I didn’t use any effort.”

When the words fell, she used a little bit of strength on her hand, and Pamela Tang was so painful that her facial features almost twisted into a ball: “It hurts!”

“If it’s not important, you don’t even know it hurts, what’s wrong, so why let us pinch you?”

“Nothing.” Pamela Tang didn’t get angry after being pinched. She sat down on the side of the bed, her lips curled up a little, and the joy and happiness in her eyes couldn’t hide.

“It seems that Tiantian and Justin Yuchi are going out recently, right?” Yuan Yuehan narrowed her eyes: “He confessed to you today?”

“Are you together?”

Three consecutive questions asked Pamela Tang directly, “How did you know?”

“You have written everything on your face, how do you say we know?”

“Really together?” Yuan Yuehan expressed shock. “How long has it taken you to be taken down so quickly?”

“Pamella, you are so true, why don’t you tell us in advance that you were taken down so easily, what should you do in the future?”

“Huh?” Pamela Tang didn’t understand what they meant.

“You came back empty-handed?”

“Yeah.” Pamela Tang glanced at her hands, “Is there any problem with this?”

“That means he didn’t give you anything when he courted, did he?”

Do you still have something to give away? Pamela Tang didn't quite understand, she only knew that she liked him and he liked her. These two points are enough, right?

Chapter 1688

After teasing, Justin Yuchi stretched out his hand and rubbed her forehead, "Someone rushed over to ask for contact information, did you give it?"

Pamella Tang looked helpless, how could she give it?

She is already engaged to him, and it is impossible for someone to give it.

"You ask, if someone asks you how to contact, will you give it?"

Justin Yuchi raised his eyebrows: "It depends on our little girl. If our little girl agrees, I can't do it."

"No!" Pamela Tang retorted her words loudly, "Others want your contact information, but you can't give it. You already have a fiancée."

Justin Yuchi held her thin white wrist and pulled her into his arms, "If you don't give it, you don't give it to anyone but you. Is this satisfactory?"

Pamella Tang just snorted, "Not only are you not allowed to give contact information, you can't say more than three sentences with other women, and those women who have thoughts about you, you should stay away."

“Tsk.” Justin Yuchi curled his lips amusedly, “When did you become so overbearing? She was just a simple little girl before, but now she knows how to manage people?”

“You are my fiancé, why can’t I be in charge as a fiancée?”

Pamella Tang pursed her lips, “Yuehan and Xiaolu both said that you are too good. If I don’t keep an eye on it, someone might be snatched away. That’s why I...”

As soon as the voice fell, Pamella Tang felt that she was being held in his arms, and Justin bent down to hug her, and a low voice rang in her ears.

“Just have so little confidence in me?”

Pamella Tang was taken aback.

“My heart is on you, how can I be snatched away? Snatch my body?”

This made Pamella Tang blush. She bit her lower lip lightly. Of course, she herself felt that Justin could not be taken away. Otherwise, he would not have had a girlfriend for so many years. In fact, both of them are first love, and still Childhood sweetheart.

If Justin Yuchi would change his mind or be easily snatched away, there would probably not be a good man at the end of that day.

“Okay, just listen to what your two roommates said, and go home.”

“Yeah.” Pamella Tang opened her arms, “Then you carry me.”

“Such a big person, do you want to memorize it?”

“I don’t care.” Pamela Tang pursed her lips, “Don’t you often carry me before? After being together, you didn’t carry me much.”

Hearing that, Justin Yuchi felt funny and knocked her head: “I really don’t know what’s in your mind. I didn’t carry you after you were together. That’s because they all changed to hugs. You only said how to carry you, why don’t you want to. Think, how many times have I hugged you?”

It seems to be the same. Pamela Tang couldn’t help her face, so she had to bite the bullet and said: “I don’t care, anyway, the hug and the back are the same.

After she said that, she jumped onto Justin’s back, wrapped his neck, and smiled contentedly.

“Okay, take turns later.”

...

The Tang family originally wanted the two to have a wedding after graduation, but Ye family said that it all depends on Pamela Tang’s meaning. She will get married whenever she wants to.

However, Mrs. Tang felt that a man like Justin Yuchi was hard to find with a lantern. So after graduating from Pamela University, she asked various questions about her marriage date. As a result, Pamela kept saying that she was not in a hurry. After a few times, Mrs. Tang stopped. Anxious.

“You said you kid, such a good opportunity is in front of you. If you don’t cherish it now, when will you wait?”

Pamella Tang was inexplicable: “Anyway, I’m already engaged, and I can’t run away. What’s the hurry?”

“Who said that if you get engaged, you won’t run away? Men have bad roots. The family is never as good as the outsiders. You have been with him for so long. If you are not married now, what should he do if he changes his mind?”

“No.” Pamella Tang shook her head, “Brother is not that kind of person.”

“You are not him, how do you know if he is?”

“Mom, I don’t know how other men are, but my brother is definitely not that kind of person. There are so many girls who chase him before, and there are countless beautiful ones. When has he been with others?”

This makes it hard for Mrs. Tang to disagree, “This is also true. Then you don’t end it now, when are you going to end it?”

“Well, I haven’t thought about it yet. I just think I just graduated and finally ended my study life. It’s too fast to enter the palace of marriage like this. I want to be free for a while, and let’s talk about it if I have enough fun~”

“Does he know what you think?”

“Ok.”

Pamella Tang was still a little shy when he mentioned this, because when he carried her back on the day of graduation, he asked her on the road and agreed with her when he knew what she thought.

“It means he has asked you already? That’s okay. Knowing that you are asked means that he is also looking forward to getting married.”

So after a year of procrastination, Pamella Tang still had no thoughts of accepting her heart, and did not mention marriage. Seeing Justin Yuchi getting older and older, his parents began to urge him.

Even secretly asked the Tang family, what Pamela Tang meant.

Mrs. Tang was also helpless.

After another half a year, the two children still did not mention the marriage. When the parents of the two parents were both anxious, the news that Pamela Tang was pregnant suddenly came out.

It was discovered at a banquet that Pamela Tang vomited what he ate, and was so serious that he was sent directly to the hospital.

The parents of the two families and Justin Yuchi accompanied her together. At first, they thought she was suffering from a gastrointestinal problem or a cold. Who knew the results came out and shocked the two families.

Pamella Tang is pregnant.

So the two families began to prepare the wedding for the young couple nervously. Pamela Tang was so embarrassed that she wanted to hit Justin Yuchi, and kept hammering him while there was no one else in the room.

“I blame you, I haven’t played enough if I don’t take good measures.”

Justin Yuchi accepted all her fists, and finally shook her wrist, “I’ve hit and beat, and I’ve scolded. Isn’t it time to calm down?”

“How to calm down? Now everyone knows that I was pregnant first when I was unmarried! Shame!” It was embarrassing, rather than shy. Pamela Tang felt that such a thing was really embarrassing to say, when the doctor said that she was not having a bad stomach, but when she was pregnant, she wanted to find a seam to get in.

It’s really embarrassing!

“What shame?” Justin Yuchi pulled her into his arms. “We have been engaged for so long. This is not a normal thing? It is not normal if your stomach keeps quiet.”

“Why is it abnormal?”

“If you haven’t been moving, everyone will think that I’m not good. Isn’t it good now? Little girl, it’s time to take care of it.”

“But...” Pamella Tang pursed her lips: “I feel like I’m still young.”

Justin Yuchi sighed: “Yes, you are still young, but I am not young anymore.”

“Ah, it seems so.”

After all, Justin Yuchi was five or six years older than her. She was still young, but he was not.

“All right, then shall we have a wedding?”

“My parents have already prepared.”

“Oh, I’m a little nervous.”

“Don’t be nervous, I do.”

“Does it hurt to have a baby?”

“I will accompany you then.”

“If it hurts, can I just give birth to one?”

“Okay, we need one.”

“If my first child is a daughter, my parents won’t ask me to have another boy?”

“No, we have the final say.”

“Oh, all right, then get married.”
