

Nothing to Give but My Heart Chapter 175-180

Chapter 175

Walter stopped with the wheelchair and the person, he raised his eyes, and his gaze fell on Ana's white face.

He looked at Ana mockingly, even his tone was full of mockery.

"Intentionally? Second married woman, you are too overestimating yourself."

Ana Shen's face turned pale, and she clenched her lower lip and said, "You know whether I'm telling the truth or not."

Walter's face was indifferent: "Get away."

Ana: "..."

After forbearing, Ana didn't back away, but turned around and left him behind.

Before he came, the elevator was closed, and he thought angrily, let him wait down again.

Bastard!

After Ana returned to the room she immediately went to take a bath, ready to get into the bed after washing.

As soon as she lay down, Jessica sent her a WeChat message, asking her if she was asleep and if her dress was ready for tomorrow, indicating that she

would come over to find her to do makeup together, and then go to the scene together.

Ana Shen thought of Karla's appointment, so she asked Jessica.

After learning that he could bring his family, Ana Shen's mood also improved.

So Ana asked Jessica to make makeup with Karla Han tomorrow, and then went to the event together.

After that, when Ana was about to take a break, she saw a new message in her friend list, which was a very strange avatar.

She clicked on the message.

{Tomorrow's dress ready? }

Ana thinks this news is a bit inexplicable. She doesn't know this person, right? So Ana planned to ignore the other party, and when she was about to quit, she suddenly thought of adding of Victor Han on we chat.

She clicked in and found that the other party's circle of friends was blank, and the character account was also in English.

Ana Shen silently replied for a while: {Mr. Victor? }

Then there was no response for a long time, and after a while, the other party directly sent a message.

{I asked Su Jiu to prepare a dress for you, and she will send it to you tomorrow. }

Ana : "..."

Victor Han asked Su Jiu to give her a dress? Did she read it wrong?

{Excuse me... is it really President Han? }

The other party did not respond, and Ana sent two more messages without reply, so she had to give up.

Before Walter went into the bathroom, she saw her holding the phone all the time, and after he came out, she was still holding the phone, and he was staring awkwardly. There was a cold mood in his sharp and cold eyes, and he spread out like a bamboo.

Ana was looking at the phone, and suddenly felt that the air pressure around her body had cooled down.

He glanced in the direction of Leng Ana and found that Walter was staring at her coldly, thinking that she was chatting with Victor just now, and when his eyes swept away, she suddenly felt guilty.

Ana retracted his gaze, then turned off the screen of the phone, pulled the quilt and turned her back to Walter and closed her eyes.

Even if you talk about the sky, you still have to show her face, it's really tyrannical.

This man has a really big temper.

Ana quickly fell asleep holding the phone.

The next day, when Shen was still asleep, Karla Han unexpectedly came over, and Walter directly let her into the room and dug Ana from the bed.

“When are you still sleeping?”

Seeing Karla Han, Ana thought she had hallucinations: “Karla, why are you here?”

“Of course I came to get you up!” Karla Han poked her head with a finger, “You sleep like a dead pig.”

Ana looked around and found that this was her room, and she was hitting the floor.

“How are you...”

“I’m okay today, so I came here early. Grandpa Ye asked me to come up, and Shao Ye agreed to let me in.”

Walter also agreed? Ana was searching everywhere for Walter’s figure.

“Stop looking, he is not in the room.”

Hearing that, Ana finally breathed a sigh of relief. When she sat up and was about to change her clothes, she heard Karla Han approached mysteriously and asked, “You and Walter... didn’t you sleep in the same bed?”

Ana paused and shook her head.

“I don’t know, the relationship between the two of you is actually so bad.” The meaning in Karla Han’s words seemed pity, but her tone was very brisk.

“Yes, they weren’t real husbands and wives, so the relationship is naturally poor.”

Ana’s tone was self-deprecating, “He has given me a place to sleep, it’s already calculated.”

Like when she first started, she could only sit outside.

Karla Han was in a good mood when she saw that their relationship was so bad. After all, the worse the relationship between Ana and Walter, then she didn't have to take them apart. But now, seeing Ana depressed and mocking herself, she again Feel uncomfortable.

Thinking of this, Karla Han's lips moved, and she suddenly felt bad.

“Ana...you had such a miserable life in Yejia, or...”

Ana Shen took the clothes and got up: “Wait for me, I'll change my clothes first, and then go to eat breakfast with you.”

Ana Shen went directly into the bathroom. Karla Han saw that the door to the bathroom was closed tightly, so she got up and looked around, and finally opened the closet curiously. She couldn't walk when she saw Walter's suit hanging inside.

These are Walter's things...

Thinking that those suits and shirts had been on Walter's body, Karla Han couldn't help reaching out, touching the suits and shirts, wiping her fingers one by one, and finally stayed on top of a suit.

When she saw the buttons on the suit, she felt familiar.

In the next second, Karla Han suddenly thought of something, staring at the suit in her hand with wide eyes. Isn't that golden button that Ana gave her before?

I didn't expect this suit to be kept here without the buttons.

If Ana saw this...

No way!

Karla Han's face immediately turned pale. Hearing the sound from the bathroom, she hurriedly reached out and got the suit off, then folded it and stuffed it into the grid below.

When Karla Han closed the cabinet, Ana just came out of the bathroom, "Karla, what are you doing standing there?"

Hearing, Karla Han took a deep breath and looked back at Ana: "Just now I saw that the clothes you took from the closet were pretty. I wanted to come and have a look. I didn't expect you to share a closet. And these clothes are not cheap, right? Did Walter buy it for you?"

Lifting those clothes, Ana was stunned for a while before nodding.

"Yes, he thinks I didn't wear it decently."

"It turns out that this is the case, then he... is actually quite good to you, but... it is really too much for you to hit the floor, and he is not a gentleman at all."

Gentleman? For Walter, he probably never knew how to write the word gentleman?

Thinking of this, Ana sneered and turned around: "Let's go downstairs and have breakfast,"

"Okay, okay." Karla Han glanced back at the cabinet, still thinking about the suit. How can she take that suit away? Or-take the button off.

“Ana, I suddenly feel sick in my stomach. Go downstairs and wait for me. Let me go to the bathroom.”

Chapter 176

Ana didn't doubt her, nodded: “Okay, go to the bathroom, I'll wait for you here.”

Hearing, Karla Han hurriedly waved her hand: “No, you don't have to wait for me, you can go downstairs first, and I'll be fine in two minutes.”

Ana: “...All right, I'll go downstairs and wait for you first.”

After speaking, Ana Shen went downstairs with her mobile phone and bag.

When Ana left, Karla Han was finally relieved.

She felt that she should be thankful that Ana was a woman with no thoughts, so she could just let her go so easily.

boom!

After the door was closed, Karla Han reopened the cabinet and took out the suit she had tucked in the grid just now, cut off the remaining two buttons, and hung the suit back.

She put the button in her hand into her bag, her lips curled up triumphantly.

Take the button off, so it's foolproof, right? Even if Ana came to see this closet at that time and couldn't see the button, then she wouldn't be suspicious.

It's just...Karla Han's expression became serious again.

There is also a button in Ana's hand. She made a mistake at the beginning and shouldn't be returned to her so early.

It seemed that besides getting the two buttons in her hand, she had to find a way to get the one in Ana's hand.

When Ana Shen went downstairs alone, she found that the breakfast table was very lively. Not only was the old man Ye, but the two brothers of the Ye family were also there. When she walked past, both Mr. Ye and Curtis Ye looked over.

Elder Ye looked at her behind, "Isn't that girl Karla looking for you? Why didn't she come down?"

Hearing, Ana stepped forward and explained: "Master, Karla will be down soon."

"Ok."

As soon as the voice fell, footsteps came from behind, Karla Han smiled and walked over: "Sorry, old man Ye, I was a bit late. I accidentally twisted my ankle when I was upstairs, so it was delayed. A bit."

Hearing, Old Man Ye glanced at Ana, seemingly displeased.

"Erika Shen, Karla twisted her ankle, you don't know how to help others, why did you get down first?"

"Uh, I..." Ana didn't know why Karla Han changed her rhetoric, and was stunned. Karla Han took her arm and explained with a smile: "Master, it doesn't matter, I let her come down. Of."

“Okay, let’s sit down and eat. Girl Karla, this position is for you.” Old man Ye pointed to the position next to Curtis Ye. Ana remembered that he was going to be a matchmaker with the two, and he didn’t say much. .

Karla Han was stunned for a while at first, and then smiled and sat next to Curtis Ye.

Ana Shen wanted to go with the flow at the beginning, who knew the old man directly scolded: “Erika Shen, sit next to Walter.”

Ana: “...I see.”

She didn’t dare to defy Father Ye’s order and walked slowly to sit beside Walter.

The aura on Walter’s body was very icy and cold, and Ana felt cold in her neck after sitting down for a while.

Old man Ye liked Karla Han very much, and kept talking to her, and Karla Han was able to pick up his words, and then he said directly: “Girl Karla, how do you think our family is cold?”

Karla Han: “...”

Ana: “...”

Sure enough? Elder Ye still wanted Curtis and Karla Han to be together.

If Ana married well by herself, if Karla Han liked it, it would be nice to marry the two of them as relatives, but her marriage to Walter would end sooner or later, and in Yejia’s situation, it would not be a good choice for Karla Han to marry in.

Karla Han was embarrassed for a while and then smiled and said, “Big Brother Ye is among the dragons and phoenixes, and the gentleman is considerate, very good.”

The old man Ye was very satisfied, and touched the beard on his chin: “That Karla girl thinks...”

“grandfather.”

Curtis Ye, who had not spoken much, suddenly interrupted Old Man Ye. He still had a gentle face and spoke decently, but there was no smile in his eyes.

“There are still things to deal with in the company, I have to rush to the company first.”

Old man Ye looked a little ugly: “I haven’t finished eating, why are you going to the company now?”

Curtis smiled, “Grandpa, the company really has very important things. You also know that today is the anniversary banquet. There are a lot of things to be busy with. I will leave. If I have time in the evening, I will come back to eat with Grandpa.”

After that, Curtis didn’t care whether Old Man Ye agreed or not, so he got up and walked outside.

“You come back to me!” Old man Ye called him angrily, but Curtis Ye didn’t seem to hear it.

The others were left sitting awkwardly in place.

Ana grabbed the chopsticks, her face awkward.

She did not expect that Curtis would openly rebellious against Old Man Ye, clearly speaking of an important juncture, people with a discerning eye could see what the Old Man would say next...

But he actually left like this.

But Walter was always ignorant, as if this matter had nothing to do with him.

When the old man became angry, he coldly snorted: "Are you leaving everything to Curtis in the company?"

Hearing, Walter glanced at him.

"What did you do there?"

Walter's thin lips twitched slightly and sneered.

"Old man, don't you think he really left because the company is busy?"

"Otherwise?" Old man Ye widened his eyes with anger. In fact, he knew in his heart, but he just wanted to put this nasty breath on Walter's head.

"Heh." Walter was too lazy to argue with him, but dropped the chopsticks in his hand: "It seems that if I don't go to the company, someone can't see it."

After speaking, he turned the wheel of the wheelchair and left directly.

Ana: "..."

Karla Han was stunned for a moment, and then got up: "Master, then we will go back too."

After speaking, Ana winked, Ana stood up in embarrassment, “Master, we have gone to the company.”

She followed Karla Han out, and Karla Han ran into Ana: “Aren’t you going to push him?”

Ana pursed her lips and shook her head: “He doesn’t need me to push.”

“You are really...he is in a wheelchair, at least I have to help.”

After speaking, Karla Han took the initiative to step forward, pushing Walter’s wheelchair.

“Young Master Ye, let me help you.”

Her voice was soft, soft as a flower.

Walter frowned when she smelled the perfume on her body, but from the corner of her eyes she saw Ana following behind her, her thin lips curled up with an arc of evil charm, and then nodded.

“Okay, thank you.”

Ana: “...”

I felt very uncomfortable.

She bit her lower lip, her hands hanging on both sides couldn’t help grasping the corners of her clothes.

I don’t know what’s going on with Karla, I always help her. Why can’t someone be so wicked to stay away from her?

The more she think about it, the more bored Ana is.

She didn't even know whether she was angry with Walter or Karla Han.

Chapter 177

At the side of the car, Karla Han pushed Walter up, and then didn't get down again. Ana Shen stood there and was very angry. At this moment, a car drove in front of her. After rolling down the window, Ana saw Ye Lin. cold.

"Are you going to the company? I'll drop you off." The chill in Curtis Ye's eyes had disappeared before, and he was still gentle, considerate and polite.

Ana subconsciously looked in the direction of Walter, just in time to see Karla Han bending over to organize something for him, and Walter's cold gaze seemed to pass this side intentionally or unintentionally, but he took it away indifferently. Go back.

"Ana, come here soon." Karla Han remembered something and waved back to her.

Ana: "...no need."

Inexplicably, Ana Shen said the refusal, and before they could respond, he drove the co-pilot of Curtis Ye's car and got in.

"Thank you, brother, for giving me a ride. Let's drive."

Curtis glanced at the rear through the rearview mirror and nodded: "Yeah."

The car drove out, but the car behind did not move.

Phillip sat in front and couldn't help but glance at Karla Han behind him, and couldn't help but said, "Why didn't Miss Stella call our second young grandma?"

Hearing, Karla Han looked innocent and said: "I called her, but... she doesn't want to come."

Karla Han looked sad: "She seems to have a good relationship with Walter's elder brother, otherwise I would like to get out of the car and bring her here."

Phillip frowned when he heard it, and looked at Karla Han more.

Isn't this woman a good friend of Ana Shen? But why is the tone of this speech like digging Ana's corner?

From the time she appeared, Phillip had always had this kind of hunch, and this feeling has become even stronger now.

"If Ms. Han doesn't get in our Ye Young's car, maybe our second youngest grandmother won't have a place to sit?" Phillip couldn't help but stunned her.

Karla Han's face suddenly turned pale.

"In that case, it seems to be my fault. I didn't consider that much, Mr. Walter... I'm sorry, I will get off now!"

After speaking, Karla Han turned around and wanted to get off the car.

"No need to."

Walter prevented her from getting out of the car, and said with a cold face, "Drive."

Phillip: "But Mr. Walter..."

Walter snorted coldly: "When did you decide?"

Phillip: "I see!"

He gritted his teeth and looked at Karla Han unwillingly.

This woman must be uneasy and kind!

And pretend to be pitiful!

It seems that he has to find a chance to remind Ana Shen that silly woman, so as not to be dug into the corner by his girlfriend.

The car was slowly moving forward, Curtis Ye turned on the music in the car, and it happened to be an ancient European folk song. The female voice was clear but slow, and the wonderful music seemed to bring people into that ancient folk song.

“Are you unhappy?” Curtis Ye asked suddenly.

Ana: “What?”

“You are jealous when you see him with other women.”

This time, Curtis said directly.

But Ana’s face changed drastically.

“Big brother, don’t talk nonsense, Karla is not another woman, and she doesn’t have that kind of thought for him!”

Hearing, Curtis couldn’t help but smiled softly. The laughter seemed deep and sweet in the old folk songs, “How do you know she doesn’t have that kind of mind? What if she does?”

“Impossible!” Ana said firmly!

She was determined, stubborn and looked as serious and cute as a child.

Curtis couldn’t help looking at her twice, “You believe her.”

“Karla is my best friend.” Ana said seriously.

Curtis couldn’t help but glance at her more, then suddenly smiled faintly.

“Just believe that, no matter what happens, don’t you doubt it?”

Ana nodded without thinking, she was so good with Karla Han, and she saw all the things that Karla Han had done for her in recent days, a girlfriend who did her best to help her.

She would never believe that she would do something sorry.

She was worried about Walter...

While Ana was thinking about this, he didn’t know that Curtis Ye stared at her for a long time, until the red light stopped before he took his eyes back, and his voice became a bit low.

“Are the dresses ready for the event tonight?”

Only then did Ana come back to her senses, remembering the exposed red dress Karla Han bought for herself yesterday, her lips paused without speaking.

“What’s the matter? Isn’t it ready?” Curtis Ye suddenly picked up a beautifully wrapped box from behind and handed it to her.

Ana looked at the box, but did not reach out to take it.

“Considering that you might not prepare in advance, so I chose one for you. I don’t know if you like it or not.”

Without waiting for her answer, Curtis put the box into her arms: “Try to fit later.”

Ana Shen held the box at a loss.

What day is this today? Why do so many people give her dresses?

Karla bought one for her yesterday, and later Victor Han sent her a message that Su Jiu would send one today.

Suddenly, Ana felt as if she wear the least lacking dress in the world.

Thinking of this, Ana quickly handed the box back: “Big Brother, no need... Karla prepared it for me.”

Hearing, Curtis Ye was taken aback for a while, then smiled leisurely after a while.

“What does it matter? You can take it back and try it at that time. You can wear whichever one you like. The gift has already been given out. Wouldn’t you let the older brother take it back again?”

With that said, Ana would be really embarrassed if she returned it to him.

So Ana had to accept the box.

“Thank you, brother.”

“The family don’t need to be so polite. Don’t hide from your eldest brother anymore. The eldest brother lent to your mother last time without any meaning. It’s just that I was distressed when I saw you standing on the street and beating and scolding.”

“You can’t let eldest brother die, right?”

It seems to make sense to say that. Ana Shen pursed her lips and nodded: “Thank you, eldest brother, for helping me out last time. It’s just that...the 300,000 yuan was lent to me by eldest brother, and I will slowly return it to elder brother.”

“Fool. Big brother is not in a hurry to use the three hundred thousand, and haven’t I said that? The three hundred thousand will be regarded as my gift to you.”

“No!” Ana solemnly shook her head and rejected him, “Big Brother, I will definitely pay you back the money, please don’t give me psychological pressure.”

“You have said so. If I refuse, it doesn’t seem very good. Well, you work hard to make money and try to pay off 300,000 early. It’s just that...300,000 is not easy to make, so you have to do well when you make money. Take care of your body.”

“Thank you, brother, I see.”

After arriving at the company, when Ana got off Curtis’s car, many people did not come out because they were going to attend the anniversary banquet today, and it was still early, so there was no one in the company.

Chapter 178

Ana stood at the door of the company holding the box and waiting for Karla Han.

When Walter’s car stopped, Karla Han opened the door and pushed Walter down and looked at Ana with a smile: “Hey, Ana, what are you holding?”

As soon as the voice fell, Ana felt a sharp, knife-like gaze fall on her.

Walter’s icy vision was as cold and terrible as a poisoned snake, so that Ana couldn’t help shrinking her neck and subconsciously hugged the box in her arms.

This action was only subconscious, but in Walter’s eyes, it became the box that was very precious.

Obviously, the car in hand is now holding the car under the box.

What does this mean?

Oh, really a woman who has worked hard.

“Nothing.” Ana said softly after tightening things up.

Karla Han smiled and pushed Walter forward, very close to her, and Ana could even feel the cold air emanating from Walter’s body covering her strongly.

She took a step back, trying to get out of his air-conditioned encirclement.

“Ana, is it a gift from Big Brother Ye? You obviously didn’t bring this box when you got on the bus?”

Hearing, Ana’s face became a little difficult to look, and she wondered if she could stop talking.

So she winked at Karla Han, but Karla Han didn’t know what was going on, as if she didn’t understand what she meant.

Ana was anxious, but she couldn’t say it openly.

It just so happened that Curtis Ye had already parked the car and walked over, and took Karla Han’s words with a light smile.

“It’s not something, I asked her to help me bring it to my colleagues.”

“It turned out to be like this, I thought it was from you.” At this point, Karla Han pursed her lips and smirked, her eyes...like a cat stole the fishy, Ana thought at first that Karla Han couldn’t understand her. Make a wink.

Now she understood that she did it on purpose!

Because!

Karla Han knew that the person who had a relationship with Ana that night was Curtis Ye! ! !

Thinking of this, Ana’s face turned pale, she turned around and said, “Go in first.”

Then she quickly left the place.

“What’s wrong?” Karla asked quietly.

Curtis narrowed his eyes to look at her, and then left.

After they had all left, when Karla Han wanted to push Walter forward, Phillip rushed out.

“Miss Stella, let me come next.”

“It’s okay.” Karla Han didn’t back away, but stood still, as if she didn’t want to give her the job of pushing Walter’s wheelchair.

How could Phillip do as she wished, with a tall body squeezing forward, “No need, Miss Stella, after all, you are not familiar with the road of the company, I will do it.” After saying that, without waiting for Karla Han to react, she just pushed. Walter left.

Karla Han froze in place, staring blankly at Phillip's back.

I don't know if it was her illusion, she felt that Phillip seemed to be very hostile to her! why? Is it because of Ana?

Phillip walked forward quickly, and quickly caught up with Ana and Curtis Ye's feet and stepped into the elevator. When Karla Han was also coming soon, his figure moved to the corner and directly pressed the close button.

"Hey, wait for me!" Karla Han saw that the elevator door was about to close, so she hurriedly called out.

Humph, I'm not waiting for you, you white lotus!

Phillip cursed in his heart.

The next second, a petite figure rushed out of the elevator.

It was Ana who took the initiative to rush out, "You go up, I will go with Karla later."

Ding...

The elevator door just closed, and Ana returned to Karla Han.

"Karla."

"Ana..." Karla Han looked behind her and saw that the elevator door had been closed, a look of disappointment flashed in her eyes.

She still wants to take the same elevator with Walter, it seems that she has no chance again.

"Let me take you up. Let's take another elevator." Ana took her to another elevator. When the elevator went up, Karla Han looked at the box in her hand: "This is given to you by Big Brother Ye. Gift right?"

Hearing, Ana paused, then nodded.

"Ok."

"It's great. I said that Big Brother Ye likes you. If you are with him, you are definitely happier than with Walter." Karla said nothing, and the voice was not low.

But Ana was already guilty, her face suddenly changed when she heard her so loud, she stretched out her hand to cover her mouth.

“The wall has ears, don’t talk nonsense.”

Karla Han smiled and pulled her hand down: “What are you afraid of? I’m telling the truth. If you really let others hear you, you have nothing to be afraid of. After all, the child in your stomach...”

“Stop talking!” Ana’s expression changed drastically, and she sternly rebuked Karla Han.

The smile on Karla Han’s face froze, she stared at her blankly for a long while, and lowered her eyes: “I’m sorry, Ana, I don’t know if you mind so much, it’s a big deal...I will leave it alone in the future.”

She apologized, and Ana felt that she was a bit too much just now, so she had to explain: “I didn’t mean to blame you. It’s just that the company has so many eyes. I’m afraid that it will be heard by the caring people. Then... unnecessary trouble.”

“I know.”

Karla poked at both hands in a puffed manner, “But I’m just good for you. You see, Walter is ignoring you now. He doesn’t even look at you, and even lets you hit the floor. I don’t know. How can you bear it till now.”

“I have an agreement with him.” Ana sighed helplessly, her eyes seemed to become confused.

“It’s been almost two months anyway, and only a few months are left.”

“A few months...” Karla Han suddenly raised her head to remind her: “Ana, what are you thinking? Is it possible that you really have to wait until the agreed date to leave Walter?”

“No... Okay?” Ana Shen actually didn’t know what she thought, but if she let her leave now.

There seemed to be a little bit of reluctance in her heart.

Why don’t you give up, even she doesn’t know.

“What can you do?” Karla Han became anxious when she heard it, “Ana, do you know that in another four months, your stomach will show up, and if you leave Walter again, everyone will guess by then. The child in your stomach... is from Walter!”

Ana: “...Is that so?”

“According to what I said, you should leave him early and be with Big Brother Ye. I know you have been reluctant to speak, I can go and speak for you!”

Just as the elevator arrived, Karla Han rushed out. Ana almost stopped in fright, and stepped forward to stop her: “Karla, don’t be impulsive. This matter has to be discussed for a long time.”

“What is the plan? I can wait, he can wait, but can the kid in your stomach wait? Ana, why do you keep rejecting my proposal? Are you reluctant to leave Walter at all? You like him, right ?”

Chapter 179

The last sentence seemed to be questioning.

Ana didn’t know if she felt wrong, because she had never seen Karla Han’s such aggressive appearance before.

After a while, Ana looked at her.

“Karla, what’s wrong with you?”

Hearing that, Karla Han suddenly recovered and realized that she was overly emotional just now.

She shook her head, then sneered with her eyes down.

“You are so embarrassed to ask me what’s wrong. What’s the reason why I’m so sad for you, and the truth has been investigated for you? Isn’t it that I hope you can escape from the sea of suffering as soon as possible? You turned out to be good, everyone is already standing by you In front of you, you dare not say a word or admit it. I really don’t know what you think in your heart, so I want to know if you like Walter.”

“Actually... I don’t know.” Ana Shen lowered her eyes, feeling very depressed: “I don’t think I should like him, but...”

Seeing her tangled look, Karla Han's heart shook for a while, she was afraid that she really liked Walter, right?

"But what? Can't you tell? He doesn't like you at all."

When Karla Han's consciousness returned, the words had already blurted out, and it was too late to take it back.

Fortunately, Ana did not pay much attention to her emotions and expressions, but was hurt by her words, and then she nodded in agreement with a wry smile.

"You are right, of course I can see that he doesn't like me at all."

Not only did he dislike her, but she also disliked him.

Thinking of this, Ana's heart fell bit by bit, and the catastrophe was lost.

"I'm sorry, I didn't mean to say this, don't be sad..."

"I'm okay, let's go in." Ana took Karla Han towards her office, and then the two sat down. Karla Han couldn't help but open the box and found that there was a blue dress inside.

"This dress... looks really good, and... I have seen this one. It is the latest model designed by a well-known Italian designer. I heard that it was auctioned for one million."

Ana Shen trembled with the pen in her hand and looked at the dress skirt.

One million skirts...

What kind of crazy price is this?

Suddenly thought of the 300,000 he gave to his mother, but the skirt in front of her was 1 million. Ana Shen couldn't write anymore, so she put down the pen and got up and put the skirt away.

"What's the matter? Such a beautiful dress is better-looking than the one I bought for you, or you can wear this one tonight."

"No." Ana shook her head and rejected Karla Han's proposal.

"This dress is too expensive, one million... I can't afford it."

After finishing speaking, Ana stuffed the box directly into the cabinet, planning to find a chance to return it to Curtis Ye later.

"You, always refuse to be nice to him, really..."

Time flies quickly. In the afternoon, Jessica came to the company to look for Ana Shen and prepared three people to do makeup together. When Jessica saw Karla Han, the expression in her eyes changed, but remembering what Ana said beforehand, she still smiled and followed Karla Han said hello.

Karla Han called the makeup artist directly.

The setting sun is afterglow, and night falls.

The Yee's Anniversary Banquet finally kicked off under the anticipation of countless men and women. After nearly half a month of careful preparation, the number of people who attended the banquet except for Ye's Group's employees were all invited upper-class people. , Come and go are wearing men and women who are extremely noble and dignified and heroic.

The female employees of the group wore all kinds of dresses and long skirts, fighting for the red, and the foundations on their faces were thicker than one.

They stood at the entrance and looked at the brothers who came in, secretly snickering.

A few group elder brothers got together and couldn't help but laugh.

“Look at each of them like hungry wolves, as if we are their food, if not in full view, I'm afraid they will pounce on us and tear us.”

“Don't tell me, I think they are a bit scarier than hungry wolves.”

“Cut, look at those women, the pinks on their faces are thicker than the other, and the dresses are more revealing, but they don't look very good, and they don't have any temperament. They should not think that dressing up, wearing a skirt just Can you win our favor? Don't look at yourself as a thing!”

“It's okay to have fun. After all, there may be a few unexploded ones here.”

“Hey, where are the ones that haven't bloomed now? I think I'd better find a few who are in good shape, maybe...”

Several people laughed together as they talked, the smiles on their faces were particularly lascivious.

Suddenly, someone grabbed the man's hand next to him.

“Zhao Yu, I have a goal!”

“What?”

The others followed his gaze.

Three slender figures walked over here slowly.

Jessica carried a rainbow dress with a mermaid skirt, with a radiant smile on her cute face. Karla Han beside her was wearing a white tube top dress, and the pearls inlaid on it looked gorgeous. , Coupled with her fair skin and the right smile on her face, it naturally attracted a lot of attention.

As for Ana Shen, she wore that red dress. Because of the V-neck design, she asked to put on a light-colored veil shawl before she came out. Because it is veil, it can't cover her exquisiteness. A chic figure.

This kind of looming, makes people even bloodier.

She walked extremely unnaturally. Because of the skirt she took, she felt that she would be peeped at every step she took. Even though she was already wearing a shawl, Ana still felt very uncomfortable.

So her state at this time belonged to a devil-like figure, but her face was innocent, especially those cold eyes that attracted a lot of attention.

“Brother, the green dress next to him is nice, she looks spicy enough, and she has a dazzling smile!”

“I think it's not bad. She looks good. She seems to be the daughter of the Han family later? Miss Stella is different from others.”

“Don't tell me, I was fortunate enough to meet Madam Han before. I think this lost daughter... is ugly, and has not inherited Madam Han's half charm.”

“It's the one in the red dress next to her. Although she seems to walk unnaturally, but her charm is really good, especially her eyes...like the blue sea! Mom, how do I feel like I am going to fall in love,”

“F**k you, how many times do you fall in love a day?”

“I decided. If the woman in the red skirt doesn’t have a boyfriend, then I’ll follow her.”

The three of them received gazes from all directions, and Ana Shen was very embarrassed. As they walked, they hid behind Karla Han and Jessica, making them both resist some gazes for themselves.

“Oh, she’s so shy, she likes it so much...” Zhao Yu, the little brother who just said he was in love, couldn’t help but smile.

Chapter 180

“Zhao Yu, you are really enough.” Zhang Yuhua couldn’t help but gave him a popcorn, “You can stand with Miss Stella, and do you think they may be ordinary people? Which group do they belong? Miss, we can’t provoke casually.”

They are mainly playing women.

To those who have no power, can only take the money to send the other party away.

But they also have rules. They don’t play with celebrities in the circle, unlike Lu Zongyuan who only played with celebrities in the circle, as a result...

“You have seen Lu Zongchang before. It is estimated that the celebrity-playing celebrity was abandoned. The former Lu clan can still stand firm in Beich, but now... is being pulled up by the roots, and there is no place to breathe.”

“If it’s a group daughter, how could you have never seen it? It’s really a daughter, it’s also unknown.”

“Easy, just find someone to investigate it.”

Here Ana finally found a place to sit down, and after sitting down, she gathered her shawl together again, Karla Han couldn't help but laugh at her.

"Why are you so shy? The skirt is designed like this for you to wear it out for everyone to see. What's the cover..."

After Karla Han went to pull the shawl on her body, Ana's face turned pale in fright: "Don't..."

Jessica couldn't help but glanced at Karla Han.

"Don't you do that? If she doesn't want to show it, don't show it. I think it would be nice to add a shawl."

Karla Han looked at Jessica, always feeling that this girl seemed hostile to her.

"How am I? I am a good friend of Ana. I do this in the hope that she can surprise the audience. What's wrong? Is there a problem?"

Jessica sneered: "It's okay to be amazed by the audience, but it doesn't have to be difficult for others."

"Don't quarrel." Ana stopped the two: "You can eat something, I'll go to the bathroom to tidy up."

After speaking, Ana got up with the skirt, Jessica stood up after seeing this, "There are so many people here, can you find the bathroom? I'll go with you."

"No, you just need to wait for me here." Ana turned and walked outside. She remembered passing by a bathroom when she came, and she just had to go back the same way.

Ana carried the skirt and went to the bathroom to tidy up. She wanted to find a button to get the V-neck on, but it didn't work. The skirt was too close to the body, and the more the collar was pushed in the middle, the bigger the breast.

She stayed in the bathroom for a long time and didn't get it right, so she could only give up, tighten the shawl on her body, and then opened the bathroom door and went out.

As soon as she got out of the bathroom, Ana Shen was stopped by a delicate-looking man.

“Beauty, do you know the road? I'll take you there.”

Ana looked at each other warily, then took two steps back.

“Thank you, my friend is waiting for me in front, I can go by myself.”

After that, she stepped forward and walked to the side, but the man did not give up to follow up and stopped her again: “It's just a friend, what are you afraid of? My name is Zhao Yu, the only child of the Yue family group. I have absolutely no other bad things. Mind, I just want to get to know you. If you don't want me to send you back, you can give me a mobile phone number~”

“I'm sorry, please get out of the way.” Ana knew that the people who came to the banquet today were not those who could afford to offend them, and they could only ask them to leave by themselves.

The more she avoided, the more Zhao Yu liked it, and the closer she realized that she had only light makeup on her face, and the skin looked so good, the skin and tender flesh made Zhao Yu look more and more attracted.

“I really don’t bully you, I really want to know you, and can I give you my contact contact?” Zhao Yu showed a pitiful expression, staring at Ana like a little milk dog. Don’t mention how pitiful and sincere in her eyes.

This look made Ana Shen stunned for a while. After a while, she twitched the corner of her mouth awkwardly: “I really have something to do. My friend is waiting for me in front. I’m leaving now.”

Zhao Yu was nervous, and quickly reached out and grabbed her arm: “That...”

“Let go of me!” Ana shook her hand vigorously, Zhao Yu hurriedly retracted her hand when he saw her change face, “I’m sorry! I didn’t mean to offend you, it was just momentary...”

“Did Young Master Zhao come to the banquet today, or come to tease the women?” A cold voice came, and Ana looked at the source of the sound, Phillip pushed Walter towards them.

Seeing Walter, Zhao Yu disappeared like a Harpy just now. He looked at Walter with horror.

“Ye, young night, why are you here?”

Phillip glanced at the other person and snorted coldly, “Do we still need to report to you where we Young Master Ye are going? It’s you, are you the invited guest? What are you doing in the women’s bathroom?”

When Zhao Yu heard it, his face instantly turned pale, he glanced at Ana subconsciously, then looked at Walter again, observing the expression on his face.

“Ye, Mr. Walter, I just... lost my way, so just walk around,”

“Walk around?” Phillip continued to snort coldly, “Then what are you doing with our company’s employees?”

Walter raised his eyelids slightly, and his sharp eyes fell on Zhao Yu’s face like a knife.

Suddenly, Yue Yu felt the pressure on his shoulders, causing his waist to lower unconsciously, “That... I’m sorry, I didn’t know she was an employee of your company, I’m leaving now!”

After speaking, Zhao Yu turned around and left.

After he left, Ana Shen heard Walter sneer in a cold voice: “I just like to let men haunt you? One or two is not enough, how many do you want?”

Ana’s expression changed instantly when she heard the words.

“What does it matter to me?”

It’s obviously Zhao Yu who came up by herself. What does it have to do with her?

Walter’s gaze fell on her, looking at something, Ana lowered her head to find that he was staring at the skirt on her body, his gaze was mocking and contemptuous, and he sneered.

“Do you think it has nothing to do with you?”

Ana could see her eyes and bit her lower lip with anger: “Don’t you want to say that he pestered me because I was too revealing, right? Walter, your thoughts are simply shameless!”

“Is it because I am not ashamed or because you are not ashamed of yourself. As the second young lady of the Ye Family, dressed like this, do you think you are selling it?”

When he saw her appear so exposed in front of everyone, the fire in Walter’s heart burned inexplicably, and the eyes of those men were glued to her. Is she conscious of it?

It was sold out... These words completely ignited Ana, and her eyes suddenly became red with anger.

“Walter, you are such a bastard!”

Walter stared at her coldly: “Take off the skirt and replace it.”

“I don’t want it!” Ana refused him without even thinking about it!

“What did you say?”
