

# Nothing to Give but My Heart Chapter 25-30

## Chapter 25

Those big hands were warm and powerful, and firmly supported Ana Shen's body lying down.

The surroundings seemed to be quiet for a while, Ana Shen's face was terribly pale, and her eyes regained light a little.

The straight and tight legs rushed into her sight first, and Ana Shen's gaze gradually went up, only to see the person holding her clearly.

The man's eyes were deep, his eyebrows were cold and sharp, his thin lips pressed tightly like a knife, and the whole body exuded a sullen air. Even though he was sitting in a wheelchair, the natural aura on his body slammed into the person next to him.

The crowd took two steps back under the pressure of this momentum, and looked at the man who suddenly appeared in surprise.

Who is he? !

Ana Shen didn't have much energy, and she was still sitting there for a long time, looking up at Walter blankly.

"You...you didn't leave?"

She thought that he felt that her clothes were too ugly, so he left. Who knew he was still here?

“Can’t get up yet?” Walter asked her in a low voice with his black eyes tightening.

Hearing, Ana Shen came back to her senses and wanted to stand up following his gestures. However, when she got up, she found that the skirt cracked loudly. The hem of the skirt was heavy and rusty, and it was quite heavy. Sliding down.

“No, no.”

Walter frowned, staring at her displeasedly.

Ana Shen bit her lower lip and said embarrassingly: “The skirt, the skirt will fall off, and it will go out.”

Walter’s narrow eyes narrowed slightly, looking at her.

Ana Shen felt that she was really useless, why was she so embarrassed at this time? Will Walter leave her alone? Leave directly?

As she was thinking, a coat was over her body, and Ana Shen raised her head in shock, and a pair of panic-stricken eyes slammed into Walter’s eyes unconsciously.

“you...”

“Not getting up yet?”

Ana Shen had to quickly pull on his suit jacket, and then stood up with Walter’s hand.

His hands were wide and warm, and the temperature was transferred to Ana Shen’s body through the blood along the palm of his palm, and penetrated

strongly into her heart. After Ana Shen stood up, Walter withdrew his hand indifferently, and Ana Shen suddenly had a feeling Feeling empty.

The coat on her body enveloped her with a strong masculine aura. Ana Shen, who was originally nervous and worried, suddenly felt that she seemed to rely on it.

After so many years, it was the first time I tried to feel protected.

“Who pushed her down?”

Walter’s voice was as cold and stern as the water across the bluestone in the mountains, cold and thin.

The clerk had already finished the phone call. At this moment, seeing the situation in front of her suddenly reversed, her eyes widened in fear. Previously, her attitude towards Ana Shen was okay because the man in the wheelchair looked unattractive, but after she came out just now, she obviously saw that man is gone. She thought the man thought Ana Shen was not saved. So I just left her and left.

It appeared again now, what’s the matter?

The clerk rolled his eyes, thinking of the scene just now, and dare not make a sound.

“I’ll ask again, who pushed her down?”

This time, Sen Han in Walter’s voice rushed toward his face like a broken bamboo, and the crowds were surprised.

This man is clearly sitting in a wheelchair, how can he have such a strong momentum? It makes people shiver.

Someone who had accused Ana Shen of eating melons just saw it, for fear of being hurt by Chi Yu, he quickly pointed to the clerk and said, "It's none of our business, it was the clerk who made a loud accusation, so we just came to watch."

"Yes, yes, the clerk said that the lady had broken her skirt on purpose and had already called the police."

The arrogant and arrogant clerk just now was too awkward to speak, and she didn't dare to speak at all. After being pushed out by others, she hurriedly waved her hands and said, "No, this gentleman, this lady and her It's none of my business if I accidentally bumped into it and fell over and broke my clothes."

Ana Shen lowered her eyes when she heard that she did accidentally fall and broke her skirt, no wonder others.

"Really?" Walter sneered disdainfully, his voice increased a little, "Really she fell by herself?"

The clerk was trembling with the cold pressure on her body, her lips moved, and she dared not speak.

Seeing the situation reversed, Shi Qinbao felt a little unconvinced. How did it become like this? Who is the man in the wheelchair? Just a lame, what are you thinking about?

Thinking of this, Shi Qinbao couldn't help but say: "Ana Shen, you fell down and broke things. Now someone runs out to support you. Do you think that you can just pass the blame on others? No wonder Ben Lin doesn't want you, because you are not only very vain, but also so irresponsible?"

When the words were over, Walter caught some information, his eyes lit up suddenly, and he swept towards Shi Qinbao.

Ben Lin, who was holding Shi Qinbao, felt the air pressure around him cool down, and raised his head to meet the man's eyes. The sharp eyes of the man and the dark shadows under his eyes made Ben Lin slightly frightened, his arms around Shi Qinbao tightened a little, and he whispered: "Boer, or let's go first, leave them alone."

"No way." Shi Qinbao took his arm and pursed her red lips and said coquettishly: "Ben Lin, if we go straight away, wouldn't anyone speak up for the clerk? It's obviously not her fault. It was Ana Shen who broke the skirt herself. That skirt cost 300,000 yuan. Ana Shen and the man definitely didn't want to take responsibility."

Since Ben Lin won the 5 million lottery, Shi Qinbao has always felt that he has reached the pinnacle of his life and they are rich people!

Shi Qinbao has a small vision, plus she is a pregnant woman, and she has a big belly where she has been letting her go. She has begun to swell slowly, plus now that Ben Lin is rich, she has thrown away the original general She supported the main room, Shi Qinbao can be said to be more swollen.

Having said that, Shi Qinbao looked at the man in the wheelchair and snorted: "Seeing you are in a wheelchair, you must not even have a job? I tell you, this dress is not an ordinary dress. It is worth three. One hundred thousand. If you want to help her, you have to weigh whether you have that ability."

After speaking, Shi Qinbao sighed, "Is anyone who can come to this store these days? Do you really think that you are a rich man by pretending to be yourself? Don't look at his pocket, Ana Shen Ah Ana Shen, I thought how good a man you found after leaving Ben Lin, it turned out to be just a lame man in a wheelchair. Your vision is too bad, right?"

Walter hates people saying that he is disabled.

This topic is taboo in Yejia, no one dares to say.

But Shi Qinbao said it so grandiosely!

Walter's eyes were raging, and Phillip knew that he was angry, and just wanted to step forward to stop...

"You are not allowed to say that to him!"

## Chapter 26

Ana Shen, who was standing next to Walter with low eyebrows, suddenly raised her head and resisted loudly.

The sudden sound shocked everyone.

No one thought that the pitiful Ana Shen, who was bullied so much that she could not answer her mouth, would actually change in order to maintain Walter!

"Why do you say that to others?"

Since the last time Mr. Ye called her to the study, Ana Shen found out that this family was not sincere to Walter, plus Walter didn't really let her knock out the child in his stomach, so Ana Shen was right. His attitude changed.

She knows that feeling of inferiority.

A man who sits in a wheelchair all the year round, this was originally the trauma in his heart, but it was mentioned like a waste by others!

How hurt was Walter's heart?

"Ana Shen, why can't I say? I kindly persuade him to dismiss him. Do you know how much your damaged skirt is worth? You can't afford it. Do you want

that disabled person to pay for it?” Shi Qin After Bao sighed, he looked very distressed: “In fact, for the sake of taking care of Ben Lin for so many years, if you kneel down and beg me, I might let Ben Lin help you.”

Ana Shen trembled with anger.

“Don’t be so angry. It’s only 300,000 yuan. As long as I am willing to speak, Ben Lin will still be willing to give it to me. After all, he has been spoiling me for so many years. It is nothing compared to you.”

A junior, although she has been corrected now, but let her show off in front of her, Ana Shen is still very angry, and she wants to hit her in the face.

“Ah!” Before Ana Shen could meet her, Shi Qinbao exclaimed and fell backwards, exclaiming: “I’m so kind to help you, but you still beat people, how come there are such people? , My husband!!!”

Ben Lin hurriedly stepped forward to support her, Shi Qinbao grabbed Ben Lin’s arm and said out of breath: “Husband, she beats me, this person is so ignorant to promote, you hurry up and teach her for me!”

Ben Lin was a little embarrassed. After all, anyone with a discerning eye could see that Ana Shen’s hand hadn’t touched Shi Qinbao just now. If he stepped forward to teach her this time, it would not be...

“Husband, my stomach hurts, so hurry up and teach her for me.”

Ben Lin was a little helpless and whispered: “Baoer, she didn’t hit you just now, let’s go first, and don’t cause trouble.”

Hearing, Shi Qinbao’s eyes reddened all at once: “Ben Lin, did you see her renewed love, don’t you love me? She bullied me and my baby.”

No way, Ben Lin had to pursed his lips, and then walked towards Ana Shen.

Standing in place, Ana Shen just watched him walk in front of her with his eyes intently, his eyes held back: “Ana, I’m sorry.”

Ana Shen smiled bitterly: “So are you going to teach me for her?”

“I’m really sorry, but I... must vent my anger for Boa!”

Speaking of this, Ben Lin slowly raised his hand, and Ana Shen bit her lower lip, tears already rolling in her eyes, “Why did I fail to do this? For two whole years, did you treat me like this?” “

Seeing her tears, Ben Lin’s eyes flashed unbearable, but the woman behind her coquettishly urged, Ben Lin raised his hand and hit her face.

The tears in Ana Shen’s eyes stopped, and she looked at the slap in the face in disbelief and closed her eyes in despair.

Crystal tears fell from the corners of her eyes.

I thought that Ana Shen’s face would swell up with Ben Lin’s slap, but after Ana Shen closed her eyes, the pain never came.

“The woman who wants to hit me at Walter, have you asked me?”

Ana Shen opened her eyes quickly!

I don’t know when, Walter actually came to her side, raising his hand to block Ben Lin’s wrist.

I usually see him sitting, so Ana Shen doesn’t know his height, but now he raised his hand to stop Ben Lin, and Ana Shen realized that Walter was very tall, even though he was sitting in a wheelchair. In front of Ben Lin who was standing, his aura was not weak at all!

Instead, he pressed Ben Lin's head.

"Walter!!! Did I hear it wrong?"

"The second youngest of the Ye family! Is that the president of the Ye family? My God!"

"I have long heard that the second young master of the Ye family was sitting in a wheelchair. Oh my God, why didn't we expect that? This man has such a strong aura, I am afraid that only Walter has it!"

"He looks so handsome, I just wanted to ask who this man is, but I didn't expect it to be Ye's nightclub! So who is the woman he just helped?"

"I don't know, I haven't seen it... But seeing him guarding this way, he must be a very important person, right?"

The comments from others fell into Ana Shen's ears.

When she heard the last sentence, Ana Shen's heart seemed to be hit hard by some heavy object.

Ben Lin stared at Walter blankly, obviously not reacting, Phillip stepped forward in time, threw Ben Lin's hand away, and sneered: "We Ye Shaohui can't afford to pay for a 300,000 skirt? Don't say it. It is three hundred thousand, even thirty million, three hundred million, the Ye Family Group will not take it seriously!"

Ben Lin stepped back a few steps to stabilize himself, Shi Qinbao hurriedly stepped forward to help, "husband, are you okay? Is there anything hurt?"

"I'm okay." Ben Lin was so shocked by Walter's dark eyes with gloomy eyes that he didn't come back to his senses until Shi Qinbao spoke next to him.

Seeing that his face was not good, Shi Qinbao stepped forward and argued with Phillip: “Who are you? You dare to do something to my husband, do you believe me or call the police?”

Phillip originally wanted to reason with her. After all, in his eyes, there were no distinctions between men and women, but when he saw her coming with a big belly, Phillip still hesitated.

One thing is good for pregnant women.

If she quarrels with you, you can't do anything to her, otherwise, if there is something wrong with her and the child, it will all depend on you.

Phillip took two steps back.

Shi Qinbao smiled triumphantly, gave Walter a glance, then looked at Ana Shen, mockingly said: “Ana Shen, where did you find the lame actor? Sitting in a wheelchair as the CEO? Looking for an actor to support the scene for you, can you be more reliable? I know that Ben Lin abandons you and you are very angry, but don't you have such a low taste? What empire president, is it all made by you? The purpose is not to lose money!”

Speaking of this, Shi Qinbao looked at the clerk who was stunned by the side, “Don't you come here, this skirt is 300,000 yuan, don't they say that you can afford it? You hurry up and find them to pay, I'm sorry. We have to see if we can really afford it or just talk about it!”

Under Shi Qinbao's reminder, the clerk girl reacted and stepped forward.

“I'm really sorry, this skirt is really expensive, if you can afford it, please pay it to me as soon as possible.”

Ana Shen's lips moved, but she was speechless.

Walter sat there with a cold face and didn't make any movement. Phillip naturally didn't move because his master didn't move either!

"I'm so ridiculous, can you not afford it? How about pretending to be the president?"

## Chapter 27

Walter's eyebrows were raised, and Phillip immediately leaned over. Ana Shen saw Walter's thin lips move, and Phillip's eyes flashed with surprise, looking at the place where Ana Shen was.

At Phillip's gaze, Ana Shen suddenly became a little nervous.

In fact, she didn't know anything about it. Just a few days after being his assistant, she got into trouble.

Soon Phillip left, leaving Walter and Ana Shen in the store.

Ana Shen knew that she was causing the trouble, but she didn't expect Walter to help her solve it.

So she stepped forward and said to the clerk: "I'm sorry, I broke the skirt accidentally. How much is this skirt? Could you please open a bill to me, and I will repay it in installments."

"Stages?" The clerk blinked, trying to resist, but due to the aura on Walter's body, she didn't dare to do anything, but her eyes were obviously unwilling.

"Yes, installment. Although I can't afford it now, there will always be a full day. Could you please help me talk to the boss?"

“Needless to say?” Shi Qinbao intervened again, taunting: “This is a skirt that starts at 300,000 yuan. You can pay it in installments. Then I can calculate it according to your salary for one month, even if you don’t eat or drink. It’s 3,000 yuan, right? It’s only thirty-six thousand yuan a year, plus interest, you have to pay back a full ten years. Ana Shen, you don’t think it matters to you. People are just a part-time job. Are you embarrassing them?”

The clerk was so anxious when she said that, “I have already called the police to come over. If you have anything to do, please tell the police!”

Ana Shen bit her lower lip, her face pale.

“Ana Shen, isn’t the crippled person behind you the president? You beg him and let him pay it back? Didn’t you pretend to be decent? Why don’t you pay it back now? It really makes people laugh!”

“What’s the matter? Didn’t the man say that he is Walter? The second young master of the Ye family can’t even afford a skirt?”

“Pretend to be.”

“But his aura is so strong, he doesn’t look like a fake.”

“Easy, check it online!”

“Yeah, Yeja’s information is impossible to find, please look for it.”

Just when the melon-eating crowd finally came out with news of Walter from Baidu, Phillip came back, and there were two or three people behind him.

The clerk saw one of them and greeted him immediately: “Boss, you are finally here, a female customer just broke the skirt, I...”

The shop owner ignored her and walked in the direction of Walter, humbly in front of him: “Young Master Ye, why don’t you come to my shop without a prophet? I can ask someone to entertain you.”

Everyone sigh...

Shi Qinbao blinked in surprise. What is going on?

“Your shop?” Walter raised his eyes, staring at him coldly.

The shop owner was so shocked by the look that his legs trembled. Phillip stepped forward and handed over a contract to Walter: “Young Master Ye, the things you ordered have been resolved.”

Walter raised his chin, Phillip nodded, walked to Ana Shen and handed the contract to her.

“Young Master Ye has already bought this entire mall under Miss Shen’s name. From now on, it will be Miss Shen’s property and will belong to Miss Shen.”

The lips were slightly opened, and the expression on the bottom of the eyes was unclear.

Everyone was surprised!

“Just buy the entire mall? This is the most prosperous area in North City!”

“Who said he was an impersonator just now? He can’t afford it by framing others!”

“The woman with a big belly seems to be a nouveau riche. It is estimated that she would be great if she had a few money.”

“And listening to her tone, it seems like it was Saner before? How come there are people like this now? People are still proud of it after Saner? Is this world changed or my three views are not good?”

The situation suddenly twisted, and Shi Qinbao was caught off guard.

She thought that Ana Shen was dead today and couldn't afford to pay for the skirt, so Shi Qinbao took the opportunity to ask her to look good, who knew she would turn around.

The man in the wheelchair next to her is actually the second youngest of Ye Family!

“Miss Shen, let's continue.” Phillip saw Ana Shen standing in a daze, and directly stuffed the contract into Ana Shen's hand.

Ana Shen was still dumbfounded. If Walter said that Walter was ruthless, why did he buy this entire mall and give it to her?

After Phillip stuffed the contract into Ana Shen's hands, Ana Shen subconsciously looked at Walter.

Walter raised his eyes and slowly stretched out his hand towards Ana Shen.

“come.”

His voice seemed to have magical powers, urging Ana Shen to walk towards him blankly. When she walked in front of him, Walter held her wrist, his eyes burning.

“Ana, now this entire mall is yours. If you don't want to see these unrelated people waiting, you can let them all go.”

Walter's voice was already low and deep, but now he deliberately lowered his voice and called her name, his voice was muffled.

Ana Shen felt her soul sucked in with those cold eyes and nodded blankly.

"Ok."

Shi Qinbao came back to her senses quickly and rushed forward: "How is this possible? Buy the entire mall? Ana Shen, should you play with me?"

She thought that after Ben Lin won the lottery, she was already rich enough, and finally she could show off in front of Ana Shen. Who knew that her new man bought the whole mall for her without blinking his eyes?

Her domineering attitude shocked Ana Shen. Walter grabbed her wrist and pulled her behind her, sneered: "Phillip."

Phillip stepped forward and reached out to block her way.

"The eldest sister, if you go forward again, I will call the police directly, accusing you of harassment, personal assault, and libel!"

"You, what do you call me?" Shi Qinbao was slandered by his address and stepped back in a daze. Ben Lin quickly stepped forward to support her: "Boer, let's go."

"I'm not going, listen to what he calls me? How old is I this year, he actually..."

"Let's go!" Ben Lin knew that they were not easy to provoke, and quickly took Shi Qinbao away.

The people eating melons gradually dispersed, and the clerk stood in place and her legs trembled.

It's over, she knew that the man was not an ordinary person, and she didn't want to offend Ana Shen, but... then it happened.

The clerk plopped and sat on the cold floor, her legs soft.

Phillip walked toward her with a sneer.

"This lady, we have all watched the video. It was you who grabbed the dress of the skirt before you fell. This skirt is indeed worth more than 300,000 yuan as you said. So, make compensation."

The clerk was sweating.

Where can she find three hundred thousand for compensation?

The clerk was dumbfounded for a long time, and suddenly climbed down to Walter's feet.

"Mr. Walter, Mr. Walter, I really didn't mean it! It was her!" The clerk pointed at Ana Shen, accusing with wide-eyed eyes: "It was she who knocked me down, so I would reach out and grab her skirt. I really Not intentional, Mr. Walter... please forgive me!"

"Ana, how do you want to decide?"

Ana Shen was still in a daze, and Walter's soft voice rang again.

## **Chapter 28**

why?

Why did a man who was so cold to her a second before becoming so tender at this moment?

Is she dreaming?

still is?

“Miss Shen, please forgive me! I really didn’t mean it, you know it yourself!”  
The clerk saw Walter inquired about Ana Shen, only to realize that she was the one who could be the master, so she did it. Zi crawled to Ana Shen’s feet, holding her calf in tears.

Ana Shen suddenly recovered and looked down at her.

The clerk was already full of tears and choked up and said: “I don’t have much money to work here for a month. I have a child waiting at home to go to school. Miss Shen, please raise your hand and let me go.”

It seems that her situation is very similar to her before. She doesn’t have much salary every month, but she has to subsidize the family, so she can’t save money.

She pursed her lips, bent down and helped the clerk up: “Get up first.”

The clerk wiped a tear and didn’t want to get up.

“You get up first, I am also wrong about this matter, and I can’t blame you all.”

“Really Miss Shen? Then I...”

Ana Shen pulled her up and whispered: “I know that work is not easy, and you didn’t mean it...” At this point, Ana Shen looked at Walter subconsciously, although Phillip had already said that this mall is home All of her, but it is still his Walter’s thing after all.

So Ana Shen still wanted to ask what he meant.

Walter's eyes were as cold as ice, as cold as the dull suit on his body.

"You make your own decision."

Ana Shen was stunned for a moment, and then whispered to her: "Forget it this time."

After that, Ana Shen looked at Walter again. Walter narrowed his eyes, but the expression on his face did not change. Should he agree with her decision?

"Miss Shen, you are such a wonderful person, I thank you for my whole family!"

The clerk was in tears with excitement, and almost hugged Ana Shen to call her benefactor.

Ana Shen was a little embarrassed to be praised this way for the first time, and could only smile awkwardly, "Don't thank me, you go ahead."

"Okay, then I'll tidy up my clothes."

After speaking, the clerk left soon.

As soon as the clerk left, a cold voice sounded.

"A man like this is also worth your effort to keep that child?"

Ana Shen was a little dazed at first, and it took a long time for her brain to freeze before recovering.

Walter regarded the child in her stomach as Ben Lin.

Yes, after all, except for Ana Shen, everyone else knows that she is pregnant, and they will grandly think that it is the child of her former husband Ben Lin.

After all, the two have been married for two years and it is normal to be pregnant with his child.

No one would have thought that Ana Shen was the child of a stranger.

Thinking of this, Ana Shen's lips moved, but she couldn't say a word.

Forget it.

What can she explain? Say the child is not Ben Lin? Whose is that? It just made myself more embarrassed.

Thinking of this, Ana Shen lowered her eyes.

"Stupidly unattainable." Walter's tone raised slightly, and a sarcasm smile rose on his lips.

Then, without waiting for Ana Shen's reaction, Walter turned his wheelchair and walked out. When Ana Shen recovered, Phillip followed him and pushed him. Ana Shen wanted to catch up, but found himself She was still wearing that skirt, so she had to go to the fitting room to change it.

When they came out, the clerk came over with another eye-catching skirt: "Miss Shen, are you going to the banquet? I just took a look. This skirt suits you well."

"But I..." Ana Shen looked at the empty doorway, feeling a little empty in her heart. Did Walter leave her behind this time?

“Miss Shen, don’t worry, Mr. Walter is so kind to you. He must be waiting for you outside. You can change your skirt first.”

Under the persuasion of the clerk, Ana Shen had to change out the skirt.

When she finished getting out, she couldn’t see Walter’s shadow.

She was a little lost, lowered her head and bit her lower lip.

Ana Shen, what are you looking forward to?

People just treat you a little better, so you start to fantasize?

Ana Shen lowered her head and walked forward.

“What are you still rubbing with?”

Unpretentiously, a familiar voice sounded, and Ana Shen suddenly looked up at the source of the sound.

There is a coffee shop next door, Walter happened to be in the outermost seat, with a cup of coffee in front of him, Phillip stood behind him blankly, before speaking, “Miss Shen, Mr. Walter has been waiting for you for a long time. , You really...”

It makes people wait! ~

Phillip thought about the last sentence but still didn’t say it.

The main reason was that Walter’s behavior today was too weird, and what he did completely exceeded Phillip’s expectations.

When was there a woman next to Walter?

Just a month ago, he suddenly called himself and told himself that there was a woman, but he didn't know what happened. It was not until a month later that he realized that the two were in a relationship, but at this time, the old man forced him to marry. Another woman.

This is now Ana Shen.

Originally thought that Ana Shen stayed in Yejia for a short time, relying on Walter's character, it would be difficult not to torture her to death.

But who knows, he actually shot when Ana Shen was bullied!

Even if it is shot, it is so generous!

I bought the entire mall at once, well, this is nothing in Yejia's industry, but that is Ana Shen after all, a woman who is not recognized by Walter.

Why is he still so caring?

And here, after seeing Walter, Ana Shen's loss in her heart gradually dissipated, her beautiful eyes glowed with joy, and then she walked quickly towards Walter.

"You didn't go?"

You don't need to listen carefully, you can hear a touch of joy in Ana Shen's voice.

Walter frowned, what's the matter with this woman?

Is the attitude towards him now completely different from the attitude towards him before? Walter narrowed his eyes, snorted, and did not answer her.

Ana Shen gave a light cough, and proactively asked: "Let me push you."

Upon seeing this, Phillip automatically stepped aside.

Ana Shen took his place, and then pushed Walter forward, Phillip followed blankly.

Ana Shen pushed Walter, the feeling that was still lost just now has become brighter, but this situation didn't last long, because she asked too much.

"Walter, you... why do you want to help me?"

I hesitated to ask this question, because Ana Shen was not so sure.

Walter, who was sitting in the wheelchair, was startled, his deep eyes narrowed dangerously.

"Woman, what are you dreaming about?"

In a word, like a basin of cold water poured on Ana Shen's head, dispelling all her illusions.

Ana Shen's movements obviously stopped. Before she could speak, Walter went on to attack: "I bought the mall and gave it to you, don't you think I have an idea for you?"

"I..."

"A second marriage, leaving a wild woman for a scumbag, I don't want Walter, understand?"

## **Chapter 29**

If it was said that Ana Shen had a little bit of fantasy just now, there was nothing left to criticize by Walter's cold words at the moment. Her face was pale and her fingers tightened silently.

"I... I didn't think so."

"Really? Who do you show with a smile on your face? Ana Shen, I warn you, Renqian you are just my assistant."

Ana Shen bit her lower lip and said nothing.

"I help you, but I don't want you to lose Yejia's face, understand?"

Walter, who was a little warm before, has now become the one who can't tolerate anyone in his eyes.

No wonder... he suddenly changed his temperament.

He also said that he bought the whole mall and gave it to her. It turned out that he only cared about Yejia's face.

She... actually still chuckles.

Now that Walter personally exposed, besides embarrassment, Ana Shen didn't know what was left.

Phillip, who was behind the two of them, naturally heard the conversation between the two. He didn't take Walter so coldly. He never knew that Walter was a person who cared about Walter's reputation.

Otherwise, he would not be so selfish in his usual work.

However, these words are indeed a bit too much for a girl.

It was obvious that Ana Shen's mood was depressed a lot, and her pace was a few times slower. Phillip stepped forward and asked, "Miss Shen, let me come?"

Hearing, Ana Shen reacted and shook her head: "No, I'll do it."

What she thought of, handed back the contract that she had been holding in her arms to Walter.

Walter raised his eyebrows and sneered: "Playing with me?"

Ana Shen was a little puzzled: "What?"

Facing his mocking eyes, Ana Shen understood what his words meant, and she pressed her lips together and pressed down the restless heart. A pair of Shui Yingying eyes returned to their original ruthless appearance, and said faintly: "I know you are acting, thank you, and the contract must be returned to you after the play is finished."

She didn't think that Walter would really buy the whole business fb3e7e45 and give it to her.

Even if he really bought it and gave it to her, she wouldn't necessarily want it.

He originally regarded her as a person who admires vanity. If he accepts these at this time, his image of admiring vanity will be nailed to the iron plate in his eyes.

"There is no reason to recycle what I gave to Walter."

Ana Shen paused, pursing her lips and replied stubbornly: "I won't want things that don't belong to me."

Walter seemed to be choked. After a while, there was a touch of sarcasm in those deep eyes, sneered: "Oh?"

"I know, in your eyes I am an unscrupulous woman. Since I am such a person, then you shouldn't give me these things. Otherwise, didn't you achieve my goal?"

"Woman, is your appetite so small?"

Ana Shen was choked, biting her lip and angrily said: "Of course not!"

The more she choked back with Walter, the more real she seemed to be, better than those who clearly wanted, but on the surface she kept showing that I didn't want it and I was not interested, and then she sneaked up on her back. People are much cute.

"Miss Shen, there is really no reason to take back the things we sent out by Mr. Walter, you should keep it."

Seeing that the two had been in a stalemate, Phillip stepped forward and said something kindly.

Ana Shen was angry. She didn't want others to look down upon herself, she clenched her fists and just wanted to say something.

"Do you think it was given to you for nothing? That skirt 300,000, do you think you don't have to pay it back?"

Hearing, Ana Shen opened her lips slightly, what do you mean?

When Ana Shen wanted to ask more questions, they were already in front of the car. There was no way, so Ana Shen had to get in the car first.

After getting in the car, her lips moved, and Walter closed his eyes.

“Don’t wake up Mr. Walter before you reach your destination, Miss Shen.”  
Phillip who was sitting in the passenger seat reminded me kindly.

“...” What a quirk!

Ana Shen was a little helpless. The contract in her hand was as heavy as a thousand catties. She looked at Walter’s closed eyebrows, and there was a faint cyan underneath his narrow eyes.

He shouldn’t rest, okay?

Ana Shen pressed back the words in her stomach, and leaned to the side with the contract.

When the car drove for a while, she suddenly became a little sleepy, leaning on the seat and fell asleep.

Just when she was about to fall asleep, the car stopped abruptly.

Ana Shen opened her eyes.

“Miss Shen, please.”

Phillip got out of the car and opened the door for Ana Shen.

Ana Shen glanced at him blankly, and then wanted to see Walter.

“Miss Shen, get out of the car, there is not much time for the night, there is only half an hour left before we go to the banquet.”

Only then did Ana Shen understand and nod her head, bending down and getting out of the car.

Phillip took her to a store.

“Oh, rare customers~” A stylishly dressed, tall, and charming woman in the store stepped forward and looked behind Phillip, “Where is Walter?”

“Young Master Ye is resting, Sister Jing, this is your task today.”

Phillip pushed Ana Shen to Sister Jing.

Ana Shen was a little hurried, “This is?”

Sister Jing narrowed her eyes and looked at Ana Shen for a while, “Walter’s woman? When did he...”

“Sister Jing, we are going to the banquet in half an hour. She is an assistant, please hurry up~”

“Well, come with me.”

Ana Shen didn’t dare to delay time, and was taken inside by Sister Jing. Phillip raised his hand and looked at the time again, hoping that Sister Jing could be faster.

Ana Shen followed Sister Jing, and after closing the door, Ana Shen realized that the inside and outside were actually two worlds.

It can be said that this is a very big cloakroom, sparkling everywhere.

“Tie your hair and take off your clothes and shoes.”

Hearing, Ana Shen's eyes widened: "But I just wore this skirt on my body."

Sister Jing looked back at her and smiled for a while: "This dress is indeed suitable for you, but it doesn't suit your identity tonight. The assistant should wear it smartly."

Only then did Ana Shen understand.

"I know."

Then she obediently hid aside to undress. Sister Jing glanced at Ana Shen while she was busy, and saw that she was hiding in the corner and undressing. When she met her gaze, Ana Shen's pale face It flew up to two red clouds at once, and then she dared not move.

what?

Where did Walter find such an interesting woman?

Blushing after changing clothes, how innocent is this?

Sister Jing cleaned up for a while and handed her a white suit.

"Replace this."

"Oh, okay." Ana Shen hurriedly reached out and took it, then turned around and changed clothes cleverly.

Sister Jing stared at her back for a while, then suddenly raised her lips and asked, "Are you boyfriend and girlfriend with Walter?"

Hearing, Ana Shen paused for a while, then bit her lower lip and shook her head.

“No? Is he pursuing you?”

Ana Shen frowned slightly, just about to explain the relationship between the two.

“Well, actually you don’t need to say that I also understand that Walter brought a woman to me for the first time.”

“Sister Jing, you misunderstood, I’m just his assistant.”

## **Chapter 30**

Ana Shen will never forget what Walter said to her.

She was just his assistant outside, but even if she returned to Yejia, she would not be his wife.

Ana Shen has all these self-knowledge.

This marriage is all about getting what they need.

“Assistant?” Sister Jing bit this name and looked at her playfully for a long time, and then sighed: “You say it’s an assistant, just an assistant. Come and sit here when you change your clothes.”

Ana Shen walked over, and Sister Jing began to trim her hair.

“Do you want to make hair too?”

“Of course, you can’t do that.”

Sister Jing’s speed is very fast, she took care of her hair, first cut her two pinches of bangs.

Ana Shen's hair is very good, and the hair is very soft. The two pinches of bangs that Sister Jing cut softly stuck to her cheeks, trimming her face, and the ends of her hair were curled and fluffy.

Apply makeup afterwards.

"Finish."

Ana Shen sat almost asleep, Sister Jing snapped her fingers in front of her suddenly, Ana Shen was startled, and suddenly opened her eyes.

In the mirror, a woman with white complexion, charming long hair and hot red lips was reflected.

Ana Shen was taken aback by this woman.

"How is it? Are you scared by your own beauty?" Sister Jing stood on the table with one hand, glancing at her with a smile.

Ana Shen leaned forward, looking at herself in the mirror, no matter how unreal.

Is this really her?

She has such a good-looking one?

"Don't doubt it, that's yourself. Your facial features are very three-dimensional and your skin is good. It's just that you usually neglect to take care of your skin and your skin is a bit dry. Take this bottle of spray. If you feel dry, just spray it. Buy more masks to take care of yourself."

Being taught by Sister Jing like this, Ana Shen stammered and nodded:  
"Okay, okay."

“Very beautiful, Walter will definitely like it.”

The first time someone praised her, Ana Shen suddenly became at a loss.

At this moment, Phillip was urging her outside, and sister Jing took her out.

Phillip was stunned when he saw Ana Shen, pointing at her and shaking his lips for a long time, but finally said: “Mr. Walter is already awake, Miss Shen, let’s go.”

“Oh.” Hearing Walter awake, Ana Shen subconsciously became nervous.

Sister Jing walked outside with her, the car door was opened, Walter sat inside, the notebook in front of him was lit, his slender fingers were flying on the keyboard, a Bluetooth headset was pinned to his ears, and his thin lips moved occasionally. , It seems to be processing work.

“Mr. Walter, all right.” Phillip stepped forward and said in a low voice.

Walter ignored him, just said something to the person on the other end of the notebook, and then turned off the notebook after it was over, and stared in the direction where they were.

At first, Walter just glanced inadvertently. When his gaze passed over Ana Shen, the ink-colored eyes flashed awe-inspiring, but it quickly disappeared. No one else found it, but Sister Jing found it, and put her arms around Ana Shen’s shoulders: ” How is it? Isn’t it beautiful?”

Hearing, Ana Shen bit her lower lip nervously.

Her lips are light, so Sister Jing chose the most classic male color for her. The color like a peach is applied to her moist lips. At this moment, she was bitten by her teeth, that pink and tender. Her lips seemed to have magical powers, and she grabbed Walter’s gaze tightly.

After the cleaning, Ana Shen is indeed more beautiful than before. The exquisite suit outlines her figure. She has a thin waist and a material on the chest. Under the warped and tight arms are a pair of straight legs and a pair of high heels.

The temperament is there, but...what are the shortcomings.

Walter's eyes moved upward, and paused when she slid over her pink lips, before moving away and falling on her eyes after a while.

Walter thought, he probably knew what she was missing.

Aura!

When she looked at herself, her eyes were timid and weak, like a little cat who was abandoned on the street looking for a few days without seeing her owner, a little cat with a confused future, how could she follow him to a banquet???

Thinking of this, Walter's thin lips lightly hooked, and his smile was somewhat mocking.

"Reluctantly passed the eye."

Ana Shen was amazed when he saw that he was transformed into this way, but he did not expect that Walter's evaluation was actually...like this.

"What is your vision, she is not suitable for this makeup at all." After Walter attacked Ana Shen, he started attacking Sister Jing again.

Sister Jing was stunned for a moment before reacting: "It's not appropriate? How is this possible? She..."

“I don’t have much time, I don’t have time to listen to your explanations, get in the car.” After speaking, Walter withdrew his gaze and looked forward indifferently, as if he was regarded as a king, without paying attention to anything. in.

His appearance made Ana Shen a little angry. Why did he directly deny something carefully prepared by others? Is it so difficult to say a compliment?

The weakness in Ana Shen’s eyes suddenly disappeared, her fists were silently tightened, and then she bit her lower lip, staring angrily at Walter.

Sister Jing glanced at Ana Shen and found that her beautiful eyes were filled with angry light, but it was this angry light that made her whole face glow, and those beautiful eyes were like sparkling lights.

Sister Jing looked at her, then at Walter, and suddenly thought of something and laughed.

She is stupid, Walter... is not a simple character.

Thinking about this, Sister Jing patted Ana Shen on the shoulder: “Well, you can get in the car quickly.”

“Sister Jing, I’ll go now, thank you today.”

Before leaving, Ana Shen thanked Sister Jing, and then reluctantly got into the car.

With the car door closed, Ana Shen sat down beside him, her faint sweet fragrance suddenly occupied the space in the car, and also got into Walter’s breath with the air.

The faint fragrance of perfume sandwiched the body scent of a woman, mixed into another.

This kind of smell is extremely weak, but refreshing.

Walter frowned slightly.

He doesn't like women spraying perfume, especially strong perfume.

But the smell on Ana Shen made him feel very comfortable, and he subconsciously deepened his breath.

When Walter realized that he had produced this kind of action, he suddenly recovered.

Damn, what's the matter with this woman?

"What's the smell on your body?"

He asked coldly.

Ana Shen recovered and pointed to herself: "Ask me?"

"Are there anyone else here?" In a bad tone.

Ana Shen: "..."

The driver driving ahead and Phillip: "..."

Although they have a low sense of existence, they should be reluctantly counted as people, right? Young night, don't ignore us, okay?

"Well, Sister Jing said that this perfume was just researched out by her, and she thought it was suitable for me, so she... gave me a bottle."

After speaking, Ana Shen also showed the perfume to Walter, completely forgetting what Walter had just said to her.

Walter looked at the bottle of perfume, a faint pink liquid flowing in the bottle.

Fearing that she could not see clearly, Ana Shen leaned forward for a while, her collar slightly opened, revealing a piece of white skin.
