

A Life Upside Down Chapter 581 – 590

Chapter 581

Wayne Lin watched the clown leave in the car, and soon disappeared from sight. He was already safe, his mood was completely relaxed, and he smiled.

In the end, his efforts were not in vain, he successfully rescued Alma Chu, and all the efforts were worthwhile.

Finally, when he took his gaze back, Wayne Lin's momentum changed. It was no longer affectionate and gentle, but changed, becoming a knight who never moved forward and regarded death as home.

People are inherently dead, or heavier than Taishan, or lighter than Hongmao. Wayne Lin knows that he is doomed to escape this time. There is a high probability that he will die. Maybe he is not heavier than Taishan, but it is definitely not lighter than Hongmao. He died without regrets. , This is enough.

Jian Rushuang's speed is very fast. It can be seen that he is really angry. As a peerless powerhouse of Dzogchen in the congenital realm, his invincible existence under the invincibility of the King Kong is actually under his nose. The person in the fourth stage of the realm robbed him of the heaven and earth spirit fruit. This was clearly slapped him in the face. How could he stand it?

Soon, Wayne Lin saw the sword bursting down from Qilian Mountain, nearly one kilometer apart, staring at each other.

Wayne Lin can feel it, Jian Rushuang's anger and murder, like a surging river, surging forward.

If you change someone else and are stared at by such a master of Innate Realm Dzogchen, you will be scared to death, even if you can't scare you, you will have to be frightened and regretful.

But for Wayne Lin, there was no fear or regret at all. Instead, he smiled, showing a sincere smile.

Jian Rushuang was even more annoyed when he saw his smile. Wayne Lin clearly didn't put him in his eyes!

However, Jian Rushuang also had to admire Wayne Lin. He was so kind that he dared to snatch the heaven and earth spirit fruit under his nose, not to mention it. Now that he has caught up with him, he can still laugh, nothing else. , This courage is not comparable to ordinary people.

“Lin! Zi! Ming! You are so bold!!”

At this moment, Jian Rushuang's angry shout came from Wayne Lin's ears, and it could be so clearly transmitted to Wayne Lin's ears from such a distance. It is conceivable that Jian Rushuang's cultivation base was How terrible.

Wayne Lin stopped staying, turned around and ran away.

Through the rest just now, Wayne Lin has recovered a lot of physical strength. Although his body was injured, it did not affect his speed.

Run, run with all your strength!

Wayne Lin's desire to survive at this moment is very strong, even if he has made plans to fall before doing this, but when it is really implemented, he definitely does not want to die. It wasn't that he was afraid of death, but that after he died, he could no longer see Alma Chu, and Alma Chu would feel guilty and sad because of his death, which was not what he wanted to see. Moreover, after he died, he couldn't rescue his mother from BRAGRUN organization...so he couldn't die, even if he was chased by a peerless powerhouse like Jian Rushuang, he would explode his potential!

“Want to run? Huh, wishful thinking!” Jian Rushuang saw his movements and let out a disdainful sneer, thinking that Wayne Lin was whimsical and idiotic, if he could really let Wayne Lin escape in his hands, then he Just find a piece of tofu and kill it!

Suddenly, Jian Rushuang's speed has increased a lot, almost becoming a phantom, which is a distance of tens of meters.

It's too scary.

Wayne Lin felt Jian Rushuang's speed, getting closer and closer, and a huge wave rose in his heart. He was considered a person with very fast physical fitness, but compared with Jian Rushuang, there was still a lot of gap.

&n;

b Innate Realm Great Perfection, it is really powerful, with his current strength, he is not Jian Rushuang's opponent at all!

The distance is getting closer little by little, from one kilometer, to nine hundred meters, to eight hundred meters, to the last five hundred meters!

Five hundred meters, for a peerless powerhouse like Jian Rushuang, is about five meters, and it will be smoothed out soon.

And once Jian Rushuang caught up with Wayne Lin, that would be Wayne Lin's death!

Wayne Lin himself understood this very well, so he didn't run aimlessly, his brain was running frantically, thinking about any way to get him out of Jian Rushuang's hands!

At this time, the others behind also rushed to Qilian Mountain.

Nishang, Zhong Tao, Peng Zhuo, Luo Hongyang, Fang Xingping, etc...

Their speed can be considered very fast, but compared with the powerhouses like Jian Rushuang, they are still a lot worse.

They are also extremely shocked and afraid of the sword Rushuang's speed and demonstrated strength. With the sword Rushuang there, the Colorful Origin Fruit is out of their turn.

Luo Hongyang cursed at the moment, "Grass! The colorful origin fruit that he got, this time was destroyed by the surname Lin!"

Fang Xingping also cursed: "Peng Zhuo! Look at the person you are looking for, this mission is ruined by your Xuanyuan 3rd place! You people from Xuanyuan 3rd place have swallowed the Colorful Origin Fruit privately, and were also the sword organized by BRAGRUN. Rushuang snatched it, you wait for the anger above!"

Zhong Tao also angrily cursed: "You can't succeed in failure! You Xuanyuan three places are rubbish, this time we will all be burdened by you, the mission failed, you Xuanyuan three places wait for death!"

Peng Zhuo, Zhao Xia and others listened to their scolding without saying a word. In fact, they were also very uncomfortable in their hearts. They never thought that Wayne Lin would have swallowed the colorful origin fruit privately, which was equivalent to betraying them.

Sun Liang said at this time: "Instructor Lin, he is not such a selfish person. He should be. What are the difficulties?"

He said this quietly, without any confidence, and immediately met with other anger.

"It's a bitter ass! He just swallowed it! It's all to blame for the three of you Xuanyuan, who you found, this is causing trouble!"

"This Wayne Lin is a traitor. I can tell at a glance that he has a problem. As expected, something has happened now!"

"You three places in Xuanyuan, wait for death this time!"

Peng Zhuo couldn't listen anymore, and he violently shouted, "Enough! Wayne Lin is from the third place of Xuanyuan. This time he did not do a good job. The mission failed. This is my responsibility. I am willing to do my best. bear!"

Zhong Tao sneered and said, "Peng Zhuo, can you afford it?"

Peng Zhuo snorted coldly, "If you can't afford it, you will die. Instructor Lin is the one I found. He has made mistakes. I will not shirk responsibility. I will punish whatever I punish. No! You don't need to be sneered there!"

Hearing what he said, Sun Liang also stood up and said loudly: "Director Peng said rightly. Wayne Lin is the one I have found. I am willing to take responsibility!"

Zhao Xia, Xiao Cangmang, and many people from the three places of Xuanyuan stood up.

Their hard-heartedness and their unity made Zhong Tao and Fang Xingping's faces very ugly, and it was hard to say anything for a while.

Peng Zhuo looked at the direction of Wayne Lin's disappearance, his eyes were deep, and he murmured, "Instructor Lin, I hope you did this for a reason, not betraying the motherland..."

Chapter 582

Wayne Lin is under great pressure now, unprecedented!

Jian Rushuang has been chasing him behind, like a maggot attached to his bones, unable to get rid of it.

But he also knew that Jian Rushuang was too powerful, and he was the most powerful person he had ever encountered.

He knows that there is a high probability that he will not be able to run. What he has to do now is to delay as much as possible to see if he can escape to the place he designed, and then he will survive!

As the distance gets closer and closer, Wayne Lin's pressure is getting heavier and he can almost feel the breath of Jian Rushuang.

"Wayne Lin, you can't run away."

Jian Rushuang's playful voice heard in his ears, he hurriedly chased Wayne Lin, his face looked relaxed and comfortable, and there was even a smile on his face, which shows that he did not use all his strength.

On the other hand, Wayne Lin seemed to be struggling. His cultivation was lower than Jian Rushuang. In addition, he had consumed the physical strength and attitude on the Lion Mountain just now, and was injured. It was sooner or later that he was caught up by Jian Rushuang.

“Wayne Lin, because you are the son of the sacred daughter of the previous generation, as long as you hand over the heaven and earth spirit fruit, I can spare you not to die.” Jian Rushuang spoke again, like a god in the sky, judging the life and death of mortals.

Wayne Lin didn't say a word, and rushed on his way.

Jian Rushuang seems to be running out of patience. He frowned, and his tone became colder: “Wayne Lin, I don't have much patience. You toast less and not eat fine wine! Heaven and earth spirit fruit is not something you can get involved. , Everyone is innocent and guilty of his crime. This is in the bag of the Saint King. I count to three. If you don't hand it over, don't blame me for being rude to you!”

It can be seen that Jian Rushuang is really angry. He is no longer as polite as before, but is full of anger and murderousness.

Facing the pursuit and killing of the Dzogchen masters of the Innate Realm, it is impossible to say that there is no tension at all. If one is not careful, then what is waiting for him is gone.

He was never afraid of death, but he was afraid that after he died, too many people would be sad for him, so he definitely couldn't die!

Under such stimulus, his speed suddenly rose up a step, smashed, and rushed out, the speed turned out to be a bit faster than before!

Jian Rushuang's eyes became colder, and he was also completely angry, and snorted heavily, “Since you are dying, then I don't mind making you perfect!”

As the voice fell, Jian Rushuang's speed suddenly increased. In just over ten seconds, he had already caught up with Wayne Lin and took a picture of Wayne Lin with a palm.

In an instant, Wayne Lin's scalp was numb, and the goose bumps all over his body stood up. Jian Rushuang asked that this palm was too powerful, and he would definitely fall when he touched it!

Fortunately, his fighting instinct is very strong. It was almost when the palm of Jian Rushuang was hit, he had already reacted, without any hesitation, a quick sideways, and able to avoid the sword of Rushuang. This palm.

Jian Rushuang gave a cry, as if he didn't expect that Wayne Lin had this ability to escape his palm.

"There is something, it's no wonder you are so bold. Unfortunately, you don't know how far the fourth stage of the Innate Realm is from Dzogchen." Jian Rushuang sneered. He was completely crushing towards Wayne Lin.

Wayne Lin didn't run away anymore, because he knew that it was useless to run away. In front of a peerless master like Jian Rushuang, once he was caught up, there would be no possibility of running away.

So the only thing he can do now is to do his best to resist with Jian Rushuang, anyway, there is not a long way to go from where he designed it!

Surviving from desperation, he believes he can do it!

But I have to say that Jian Rushuang's cultivation base is too high, the innate realm is complete, and the strongest realm under the undamaged King Kong, even if Wayne Lin has reached the peak of the fourth stage of the innate realm, he is He Jian Compared with Rushuang, there are still many gaps.

It's because the time of his cultivation is too short. If he is given another three years, he is confident that he can break through to the congenital realm of Dzogchen, when Jian Rushuang will not necessarily be his opponent. But now, he really can't beat Jian Rushuang.

"The Spirit Fruit of Heaven and Earth is not on my body, I have already given it to Zhong Tao at Xuanyuan No.2." Wayne Lin said loudly. Under Jian Rushuang's attack, he was under tremendous pressure and only had the ability to parry.

Jian Rushuang snorted and said, "You still want to lie to me? You obviously stole the heaven and earth spirit fruit! Wayne Lin, because you are a talent, I will ask you one last time, heaven and earth spirit fruit, you are Hand in or not!"

In the last sentence, Jian Rushuang said so loudly, Wayne Lin could even see a sound wave emanating from Jian Rushuang's mouth, as if thunder fell to the ground, and Wayne Lin's eardrums were humming. The pressure it brought was extremely huge. In an instant, Wayne Lin even had the idea of surrendering to Jian Rushuang.

Fortunately, his will is strong enough, far from ordinary people can compare, otherwise, he has been subdued by Jian Rushuang now.

The more at this time, Wayne Lin behaved more calmly. Although his cultivation is not as deep as a sword as frost, his martial arts are not necessarily inferior to that of a sword as frost. His every move is extremely exquisite. Said to be the master of martial arts in the world, Jian Rushuang could not take him in a short time.

This made Jian Rushuang's brows frown deeper and deeper. Originally, he was able to deal with a little Wayne Lin with him. But the facts are in front of him. Wayne Lin's strength greatly exceeds his. Expected.

He was really a little angry now, and he cursed for good or bad. He speeded up abruptly and began to launch a stormy attack on Wayne Lin. No matter how sophisticated Wayne Lin's martial arts were, it seemed inadequate in front of the absolute.

"Since you don't hand it over, let me die!" Jian Rushuang yelled violently, and the speed increased a bit. The surrounding air currents were all affected by him, generating countless vortices, which actually led Wayne Lin. , It seemed that many black holes had been born, making Wayne Lin's movements a lot slower.

Wayne Lin was suddenly shocked, "What kind of trick is this?!"

Jian Rushuang didn't answer him, but punched it out and hit Wayne Lin's shoulder directly. With a click, Wayne Lin's shoulder was dislocated and his whole figure flew out.

Wayne Lin was defeated.

Just in time, Nishang, who was catching up with her behind, saw this scene, her face paled suddenly, and her heart was suddenly pierced by a needle.

Jian Rushuang hit with a punch, did not stop, and continued to chase Wayne Lin.

His fists were like wind, covering Wayne Lin.

Wayne Lin's left shoulder was severely injured, and he couldn't even lift his hand, and he was not even Jian Rushuang's opponent. Within a few seconds of resisting, he was subdued by Jian Rushuang and lifted him with one hand. Said coldly: "I'll give you one last chance to hand over the spiritual fruit of heaven and earth."

It hurts. Now Wayne Lin is covered in cuts and bruises, with multiple fractures on his body. The Dzogchen in the Innate Realm is still too terrifying. This is the first time he has suffered such a miserable defeat since he entered the Inborn Realm.

But he didn't have the slightest fear or panic. On the contrary, he even laughed and said, "You will never get the Heaven and Earth Spirit Fruit, because I have eaten the Heaven and Earth Spirit Fruit."

"What?!" Jian Rushuang suddenly furious, and forced Wayne Lin's neck to choke Wayne Lin to death on the spot!

Wayne Lin faced Jian Rushuang's anger, he felt the breath of death, but he didn't scream, let alone begging for mercy. He closed his eyes and seemed to have risked himself, waiting for the end of life.

At this time, Nishang caught up with the fastest speed. She couldn't take care of that much anymore, and hurriedly said: "Master Jian Rushuang, please keep someone!"

Jian Rushuang looked at the neon clothes with cold eyes, "Why, you are going against me?"

Ni Chang clenched her lips, she shook her head and said, "I didn't mean it, but based on my understanding of Wayne Lin, he must not have eaten the heaven and earth spirit fruit. If he eats the heaven and earth spirit fruit, it must not be possible. In this state, he still hid the heaven and earth spirit fruit! So Master Sword Rushuang, if you want to obtain the heaven and earth spirit fruit and give it to the holy king, you still cannot kill Wayne Lin."

When Jian Rushuang heard this, his eyes flickered. This is indeed the truth, so he relaxed Wayne Lin and said coldly: "Say, where is the spiritual fruit of heaven and earth, you say it, I will spare you not to die !"

Wayne Lin opened his eyes again and did not answer Jian Rushuang. Instead, he looked at Nishang and saw the worried, angry, puzzled, and distressed look in Nishang's complicated eyes. Wayne Lin said softly, "It's too late. , You run away."

Nishang snorted in his heart, with a bad feeling, and quickly said: "What's too late?!"

The voice fell, and at this moment, a shocking explosion suddenly came from all around.

“Boom!!!”

The power of this explosion was too great, producing a huge sound wave and destructive power, and Jian Rushuang was startled, and his face suddenly paled.

Moreover, the explosion did not disappear, but immediately there was a second and third explosion.

“boom!”

“boom!!”

And getting closer and closer, and the smile on Wayne Lin’s face became stronger and stronger. He said to Jian Rushuang, “I have buried several tons of potent explosives here. You are a master of Innate Realm Great Perfection. dead.”

Jian Rushuang finally changed his face, showing horror and panic, and opened his eyes to Wayne Lin and cursed: “Madman! You madman!!!”

After saying this, he didn’t dare to stay any longer, pushed Wayne Lin away with a palm, turned and ran, he didn’t want to die here.

Nishang also reacted, she looked at Wayne Lin deeply, full of sorrow and sadness, and turned to leave.

Wayne Lin was left, and was overwhelmed by a loud explosion.

Chapter 583

This time Wayne Lin indeed buried a lot of explosives here, but not as much as a few tons, only a few hundred catties, but it was enough.

For this plan, he prepared a lot of things in advance, and the current explosives are his last killer.

Fortunately, he was carried here.

You know, here is a full 20 kilometers away from Lion Rock. If other people know his plan and can calculate it so accurately, it will definitely feel incredible and even panic.

Wayne Lin has such a powerful computing ability to count this point. You must know that there are dozens of innate realm masters who stare at the heaven and earth spirit fruit, and among them are the masters of the level of Jian Rushuang. With such a long distance in between, there may be too many variables. If any one of the links goes wrong, then all previous efforts have been lost.

But Wayne Lin still carried it through perfectly. Under the eyelids of dozens of innate realm masters, he grabbed the heaven and earth spirit fruit, not to mention it, and was able to swallow the heaven and earth spirit fruit to Alma Chu midway, and finally in Jianru It's really unimaginable that a strong man of Shuang's level escaped!

Facing the explosion, Jian Rushuang and Ni Chang ran away in a hurry. They did not see that Wayne Lin was not torn apart in the end, but at the last moment, he used the strength of the milk to rush to a person ten meters away. In the pit, escaped the frontal impact of the explosion!

But even so, he was very uncomfortable, and the whole person was directly shocked to pass out.

The explosion lasted for half a minute before it stopped. When everything calmed down, it was already in ruins.

The resulting movement spread far and wide, scaring countless people.

Jian Rushuang was frightened in the end. He could clearly feel the power of this explosion, which was almost ruining the world. Even with the cultivation of his Innate Realm Great Perfection, he could not be in this explosion. Survived!

Fortunately, his reaction was fast enough to throw Wayne Lin out in time and escape.

But even so, he was still injured, shocked by the shock wave of the explosion, his face was pale, and blood was flowing from the corner of his mouth. He had no doubt that if he walked slowly for even three seconds, he would be seriously injured, or even fall!

The neon clothes on the side were not much better. She looked a little embarrassed now, with blood dripping from the corners of her mouth, no blood on her face, and her body began to tremble.

Now she was looking straight at the direction of the explosion, her eyes wouldn't move, she seemed to be stupid!

She had never felt this way before. At this moment, she seemed to have lost consciousness, her whole person was numb, and the whole person could not feel her own existence.

I don't know how long it was, it seemed that it was a century, and it seemed that it was only a blink of an eye that her thoughts started to work again, and she realized one thing, her nose suddenly sore, and she actually had the urge to cry!

At this moment, it seemed that something important was lost, lost forever and ever.

Wayne Lin is dead...

Was bombed alive.

She stopped breathing, pressed her chest firmly, and shed two lines of tears silently.

She didn't understand why she was crying, knowing that her tears appeared in her sight, dripping on her clothes, and she recovered.

"Myself, is this crying?"

She muttered to herself, smiling on her face, and seemed to be crying again. This kind of expression had never appeared on her face before.

She stared at the ruins in front of her and felt the power of the explosion just now. She knew very well that under such an explosion, Wayne Lin would not be able to survive, even in the congenital realm of Great Perfection. Survival, let alone Wayne Lin.

She can't tell what it feels like. It's hard to describe with pen and ink. If she has to describe it, it is uncomfortable, different levels and different kinds of uncomfortable.

She closed her eyes, and what emerged in her mind was Wayne Lin's confident, elegant, yet unrestrained and unrestrained face, as well as the scenes and scenes she had spent with Wayne Lin, which made her most memorable. It was also the scene of her in the secret room, repairing with Wayne Lin.

That was her first experience in her life, and it was her only experience. She used to think she would be disgusted and disgusted, but then she realized that she was not disgusted, and even often recalled afterwards...

And this has become a passing moment, because Wayne Lin is gone, and has been blown out.

Jian Rushuang also had lingering fears. He looked deeply at the ruins in front of him, and remembered Wayne Lin deeply. He had lived so many years, and he had never seen Wayne Lin so bold and bold. Such a fearless person!

"This son of the saint of the previous generation is really extraordinary." Jian Rushuang exclaimed sincerely.

Nishang bit her lips tightly, and said with great loss: "No matter how extraordinary it is, it is still dead after all..."

Some regrets flashed in Jian Rushuang's eyes. It was a pity that a talent like Wayne Lin died just like this.

But immediately, he wiped out this pity, no matter how talented Wayne Lin was, it would be a capital crime to oppose BRAGRUN organization and not worthy of sympathy!

Three days passed in a flash.

Tiandi Lingguo was snatched by a person named Wayne Lin, and escaped in front of dozens of Innate Realm masters, and killed many masters. This incident was spread all of a sudden, and many people knew about it. The name Wayne Lin.

Not limited to Hwadrid or G province, many foreign forces also know this name.

But soon, another news came out, shocking countless people.

Wayne Lin died in the end. He was chased by the sword Rushuang of the Innate Realm Dzogchen, and finally died in a huge explosion. The heaven and earth spirit fruit did not know whereabouts.

Some people say that the spirit fruit of heaven and earth was snatched by Jian Rushuang, and some people said that the spirit fruit of heaven and earth melted together with Wayne Lin in the big explosion. More people said that the spirit fruit of heaven and earth was hidden by Wayne Lin. .

On Alma Chu's side, since she swallowed the Spirit Fruit of Heaven and Earth, by that night, she had recovered her health, and her life origin was extremely rich. When the doctor came to check, she was shocked. It was totally unbelievable. People who have a terminal illness and are about to die suddenly have a new year, which can be called a human miracle.

Even Candice Liu and Berry Chu were surprised, and couldn't understand why.

But for them, the process is not important, as long as Alma Chu has recovered health, that is enough.

On the next day, Alma Chu was discharged from the hospital, and now she has fully recovered her health, and her beauty is back, even more beautiful than before, but she is not happy at all, she stands every day At the door, looking into the distance, waiting for someone she wants to see...

Chapter 584

The sky began to rain slightly, and there were seven or eight young people in a certain place in Qilian Mountain, and they came here to explore.

One of the men walking in the forefront spoke in a mysterious tone deliberately, "Hey, do you know why there was a legend in Qilian Mountain long ago?"

His expression and tone were too mysterious, and it aroused the appetite of others, and a girl immediately asked, "What is the legend?"

Others also stopped and looked at him curiously. He moistened his throat and continued to say in a very mysterious manner: "It is said that there was a fight on Qilian Mountain, and many people died each time. At twelve o'clock in the evening, a lot of evil spirits will run out, day after day, and it hasn't stopped for decades!"

"Cut." Someone immediately raised a middle finger to him disdainfully, and said: "You lie to ghosts, what age are you, and still use superstition to deceive people?"

Others also looked at him mockingly, feeling very disdainful of him.

The man was not angry at all, and said, "Hmph, I knew you would not believe it, but it doesn't matter. It's almost twelve o'clock anyway, and it's too late for us to go down the mountain. When the time comes, you will know that Is it true? Haha! Don't blame me for not reminding you, when those things come out, don't be scared to pee your pants!"

He had a very determined look, which made the girls in the team start to get scared, and now it is late at night, on Qilian Mountain, it looks particularly gloomy and terrifying.

Suddenly a girl said: "Wang Gang, don't joke anymore. In this world, there is no wrongdoing."

"Sakura, just listen to him bragging, he proposed the adventure tonight, so he deliberately made up stories to deceive us."

Wang Gang snorted heavily, and he said angrily, "Hmph, don't believe it! Do you know that there was a huge explosion on Qilian Mountain three days ago? Bang, bang, I heard it for several kilometers. It was done by the government in order to blow up these wronged souls!"

"Really?" Two girls started to be scared and shivered.

"Of course it is true. When did I lie to you?" Wang Gang deliberately shone a flashlight on his face, looking terrifying, and deliberately said in a gloomy tone: "But we are here to explore. Interesting, hehe."

Hearing what he said, the girls in the team suddenly became scared a lot, and their heartbeats accelerated a lot. They couldn't help approaching the boys around them, making those boys feel refreshed.

However, at this moment, suddenly, on their left, there was a whispering voice. It seemed that something crawled out of the ground. At this moment, their nerves were highly concentrated, and they immediately held it. Take a breath!

A girl screamed and threw herself into the arms of the boy next to her, shivering.

Wang Gang was also stunned. He was just making up a story just now, in order to deliberately frighten these girls so as to give them a hug. Didn't expect there to be any movement?

"Oh my God, did you hear it, there is a voice!"

"What should I do, is there really something dirty?"

These voices still haven't disappeared, and even faintly, I heard a trace of gasping.

Wang Gang swallowed, took the opportunity to hug the girl next to him, and said, "Don't be afraid, I am here."

Then he flashed it with a flashlight, only to see a scene that made his scalp numb!

I saw in that pit, a hand stretched out, as if there was something, crawling out of it.

Everyone saw this scene, and they were so scared that they screamed and lost their souls, especially those girls who were so scared that their whole bodies were weakened.

Can't stand still.

Wang Gang was also stunned. He never expected that there would really be dirt on Qilian Mountain, which was too terrifying.

There were originally two boys who were very courageous and vowed to get rid of if there were any dirty things, but now they were so scared that they turned pale, turned around and screamed while running.

"There really is something dirty, what, what should I do? Wang Gang... I'm so scared..."
A girl was so scared that her feet became soft and collapsed.

Wang Gang was also panicking now, his lips were trembling, he pushed the girl away, and began to rush down the mountain.

Two girls were left there, alone and helpless. Soon, they saw that arm came out, and then another head came out. It was a blood-stained person. They were so scared that they fainted!

On Qilian Mountain, silence was restored again, and the faint moon shone, and it seemed that only the moon in the sky could see the scene in front of him.

Not long afterwards, the blood-stained person in the pit crawled out of the pit with difficulty, coughed a few times in pain, and then lay weakly on the ground. He looked at the full moon in the sky and began to laugh.

“Hahaha, I’m not dead, I survived, haha...cough cough cough...” He laughed, laughing until he was choked, and tears fell.

He is Wayne Lin, Wayne Lin who survived catastrophe!

For three days, he was unconscious in the pit for three days and three nights, and was buried in the soil. Fortunately, he prepared in advance to ensure that even if the pit was buried, there would still be oxygen supply so that he could survive successfully. Come down!

In these three days, several waves of people have come to search, in addition to Jian Rushuang and Nishang, there are also three places in Xuanyuan, one place in Xuanyuan, two places in Xuanyuan, and other forces, but he has not been found.

Because of this explosion, he was buried alive directly, and he could survive this way, I have to say, this is a miracle, an absolute miracle! If Jian Rushuang knew about it, he would definitely admire him even more, and even fear it!

However, even if he is alive now, the injuries on his body are really too serious. Not to mention the impact of the final big explosion, the injuries that Jian Rushuang brought to him were also extremely serious. Peng Zhuo was replaced. , Zhong Tao and others were already dead, and it was a miracle that Wayne Lin was able to survive.

He gasped for breath, feeling the injury on his body. He couldn't help but smile. It was still too heavy. He didn't know how many bones had been broken. It would be almost impossible to return to normal.

This is the price he paid for grabbing the heaven and earth spirit fruit in front of Jian Rushuang.

After resting for a full half an hour, he started to stand up staggeringly, ready to go down the mountain, first find a place to hide, and heal his injuries.

He staggered, taking every step very hard, not because he was weak, but because he was really injured. The bones of his body were at least half broken, and every step was extremely painful.

From the mountain to the mountainside, it was only about one kilometer away. He walked for three full hours, and on several occasions, he almost couldn't stand still and rolled down the mountain!

But even so, all his strength has been exhausted, and he had to stop and start to gasp, but he did not dare to gasp, because his internal organs were injured too badly, and gasping like this would aggravate him. Internal injuries.

After resting for a while, he regained some strength, and stood up staggered again, ready to go down the mountain.

However, at this moment, from the bottom of the mountain, a jeep drove up, and the lights came over. Someone was driving up the mountain. It happened that the lights hit five meters to his left, making him stare. , Showing an incredible expression!

"How is this possible?!" When Wayne Lin saw what was in front of him, he was dumbfounded.

Chapter 585

But isn't it? The one lying quietly in front of him is actually another spiritual fruit of heaven and earth, or a colorful origin fruit! ! !

When he saw it, the whole person was completely confused, and he suspected that he had hallucinations.

How is this possible, Heaven and Earth Spirit Fruit, isn't it only one in 112 years? And it ended up on the Lion Rock, how come it ended up on the Qilian Mountain? The most unbelievable thing is that such a precious treasure of the spirit fruit of heaven and earth has attracted countless people's coveted and fought for it, but now, this spirit fruit of heaven and earth is blooming on the roadside, no one cares?

This contrast was so great that Wayne Lin was completely taken aback for a while before he came back to his senses.

Without saying anything, he walked over quickly, squatted down, and carefully looked at this spiritual fruit of heaven and earth!

His heartbeat suddenly accelerated a lot, his eyes widened, and he was even afraid that he had an illusion. He pinched himself hard and felt pain. He realized that this was not an illusion, but a real thing. The one in front of him is really another heaven and earth spirit fruit!

He really wanted to laugh out loud, quite a feeling that there is no way out of doubt, and the willows are in the dark!

With this heaven and earth spirit fruit, as long as he swallows it, the injuries on his body can be recovered, and the rich life source can even make him break through to the congenital realm of great perfection, and even impact that the legendary King Kong is not bad. , It's not impossible!

He took a deep breath, calmed himself down immediately, and quickly swallowed the heaven and earth spirit fruit.

Mainly now there is a jeep going up the mountain, if he is also found out, and the Heaven and Earth Spirit Fruit is taken away, that would be bad.

So he quickly picked off the heaven and earth spirit fruit, and immediately found something wrong.

"What's the situation, how can this heaven and earth spirit fruit have eight colors?" Wayne Lin was stunned, and he counted it carefully again, and was sure that the

heaven and earth spirit fruit in his hand actually had eight colors. Kinds of colors, not the first seven colors!

This couldn't help but stunned him. Could it be that this is another kind of heaven and earth spirit fruit, the eight-color origin fruit?

Seeing that the jeep was getting closer now, he couldn't take care of that much anymore, and with all his strength, he peeled off the skin of the heaven and earth spirit fruit, and then swallowed it in one bite!

At the beginning, I didn't feel anything. It seemed that he had just swallowed an ordinary fruit. Wayne Lin's mood immediately fell. "Could it be that it's just an ordinary fruit?"

However, immediately, an unprecedented strong medicinal power melted in his stomach, with a boom, too domineering, and stunned him.

And this strong medicinal power directly impacted his mind...

"Not good!" Wayne Lin realized that it was not good, his face changed abruptly, he stood up quickly, and rushed down the mountain. At that moment, the jeep that had driven up from the mountain had already drove in front of him and banged him into flight. Got out.

And under this collision, he also passed out.

"Oh my God! Sister Hong, you seemed to hit someone just now!" A girl exclaimed when the co-pilot boarded.

In the driving seat, there was a woman with a nice face and a panic. She had seen it just now, and she slammed on the brakes, her face was pale.

She was gasping for breath, her mind was pale, she had hit someone just now, and she was driving so fast that the other person was knocked out.

"What should I do? Sister Hong, that person doesn't seem to move anymore, maybe he's already dead?"

? "The girl next to her said very worriedly. She was so frightened that she even wanted to cry.

Sister Hong bit her lip tightly. She came out this time because she had a conflict with her family. Angrily, she drove out and drove aimlessly all the way to Qilian Mountain without knowing it. Originally, she was only planning to go to Qilian Mountain to relax herself, but she never expected that she would hit someone, and it seemed that the other party was already, no longer...

She knew how fast she was just now, and it was very likely that she would kill someone.

The girl next to him said again: "Sister Hong, it doesn't matter, anyway, there is no camera in the wilderness, we can escape, and we will not be caught! Let's go quickly!"

The temptation of this sentence was so great that Sister Hong was immediately moved.

But the next moment, she shook her head and resolutely said: "No! I can't just leave, if the other party is still not dead and still saved, then I didn't kill a life!"

The girl next to him said: "Oh Sister Hong, what are you talking about? Even if you die, his life is not good. What does it have to do with you? Besides, this man ran into the wilderness in the middle of the night. Linglai, maybe he was the bad guy who robbed him, and he deserved it if he died! So let's go quickly, no one knows anyway."

The temptation of these words was great, but for Sister Hong, she did not listen, but her eyes became more determined. She took a deep breath, then opened the door and walked out of the car.

And her behavior made the face of the girl in the co-pilot even more ugly.

Sister Hong's heartbeat is also very fast now, especially nervous and panicked. She walked over slowly under the light of the car lights, and finally saw Wayne Lin lying on the ground.

When she saw Wayne Lin clearly, she immediately covered her mouth, because Wayne Lin looked too embarrassed now, not to mention her ragged clothes, her body covered in cuts and bruises, covered in blood, and she looked very scary.

She was trembling with fear, but she still endured the fear, squatted down, stretched out her trembling hand, and tried Wayne Lin's breath, and found that Wayne Lin was still breathing, and there was a heartbeat, she breathed a sigh of relief, Said to himself: "It's good if you don't die, it's good if you don't die."

Then, she waved to the girl in the co-pilot, asked the other person to come together, and carried Wayne Lin back.

At first, the girl was reluctant to live and die, but later Hong Sister became angry, and she knew she agreed.

And they didn't see that the wound on Wayne Lin's body was slowly healing, and the blood from the wound no longer flowed out.

.....

Time flickered and another day passed.

Wayne Lin had a very long dream in this day. In the dream, he dreamed of many things, some good and some bad.

Suddenly, he opened his eyes wide and yelled, "I can't die, I can't die!"

His exclamation shocked the two people in the room.

"Hey, you are sick, what are you doing so loudly?!"

A sharp voice sounded and said annoyingly.

Wayne Lin heard the voice, looked over, and saw a beautiful face, a woman in her early twenties, very strange, he had never seen it before.

Moreover, the layout of this room is also very unfamiliar, and he was stunned for a while.

Chapter 586

"you are?"

Wayne Lin asked, his voice was hoarse, and he was very thirsty and hungry.

The beautiful-looking woman rolled her eyes and said angrily: "You are ashamed to ask me? It was not me and Sister Hong who rescued you, you are already dead! You

unscrupulous fellow, we have served you day and night. Well, you wake up now and scare us.”

At this time, on the other side, a much gentler voice sounded, “Hello this gentleman, do you feel better now?”

Wayne Lin looked over immediately, and suddenly saw a delicate and beautiful face, a long-haired shawl, a very intellectual and elegant woman, looking at him with a smile.

I have to say that even if Wayne Lin has seen a lot of beautiful women, the woman in front of him is still considered to be in the top rank, feeling like a big sister next door.

Wayne Lin asked, “Did you rescue us?”

Now Wayne Lin’s brain is slowly regaining consciousness. He probably guessed something when he saw the situation before him. He couldn’t help but sigh with emotion. He didn’t expect that he survived a catastrophe and was actually rescued by two women.

Before the intellectual and elegant woman had time to speak, the beautiful woman just said, “Of course! You ran to Qilian Mountain all night, and you were all dirty, bruised and broken, with broken bones. If it weren’t for our kindness to rescue you, you would be dead now! We are your saviors, and you will repay our kindness in the future!”

When Wayne Lin heard this, his face immediately became straight. He sat up from the bed and quickly apologized to the two women, and said seriously: “Thank you for the life-saving grace of the two young ladies. Lin will certainly repay them well in the future. Miss!”

He was very serious and serious, but it made the delicate woman stunned, and Sister Hong immediately said: “Mr. Lin, you must not listen to her nonsense! In fact, I should still say sorry to you if it’s not that I drove too fast, I wouldn’t hit you, and your injury wouldn’t be so severe! Speaking of which, I should apologize to you!”

With that, Sister Hong stood up and wanted to bow to Wayne Lin.

The delicate woman stomped her feet next to her and rolled her eyes frantically. She really convinced Sister Hong and told the other party the truth. Didn’t this make the other party hate herself! The credit has become a fault, stupid, so stupid!

Wayne Lin just remembered that that night, he woke up from Qilian Mountain, then walked to the mountainside, and then under the light of the car lights, he found the second heaven and earth spirit fruit, and he quickly swallowed it, and the result was surging. The strength of the medicine broke his whole body, and even rushed into his brain, causing him to lose control on the spot, ran out, and was hit.

Thinking of this, he suddenly realized something, and immediately checked himself quickly!

Soon, he felt that these injuries on his body had actually recovered more and more, and even the broken bones had been on the street now!

And most importantly, his life origin is too rich!

He now feels that he is full of power. Although his body is quite weak now, his life origin is too rich, several times what he was before! He has a strong feeling that when these injuries on his body are completely recovered, then he will soon break through to the innate realm of Dzogchen!

And can rush

It's not impossible that shocking King Kong is not bad.

From this point of view, he survived a catastrophe this time, a blessing in disguise, hahahaha...

It was really so excited that he couldn't control his emotions for a while and laughed loudly: "Hahahahahaha..."

With his appearance, the two women in the ward were shocked, and they looked at him in astonishment.

The delicate and beautiful woman was completely looking at her insane eyes. From the beginning, she did not advocate saving Wayne Lin. She was so miserable and suffered such a serious injury. She knew at first glance that it was not someone. She rescued this kind of person. Just cause trouble for yourself.

In the eyes of Sister Hong, there were more worries. She was afraid that Wayne Lin was stunned by her, and there was a problem in her mind.

“This person is crazy.” The delicate woman rolled her eyes wildly.

Sister Hong asked worriedly: “Mr. Lin, are you okay? Do you remember your name and the contact information of your family?”

Wayne Lin stopped laughing, he was particularly excited now!

This is not to blame him, who has been changed, such a big ups and downs, a blessing in disguise, or such a big blessing, will not be able to restrain his emotions, ecstatic!

Now that Wayne Lin was able to stop so quickly and restrain himself, he was considered restrained.

He clenched his fists, and his eyes burst out with unprecedented light, as dazzling and terrifying as the sun. After Sister Hong looked at it, she immediately dared not look at each other.

“Sword Rushuang, you wait for me! When I cultivate to the congenital realm, I will definitely visit you!” Wayne Lin gritted his teeth. This is his declaration, “Mom, wait until I successfully break through to the congenital realm. The realm of great consummation will definitely go to BRAGRUN organization to pick you up!”

Now Wayne Lin’s mind is turning very fast. In just a few seconds, he thought of many things, not only with BRAGRUN organization, but also with Alma Chu, the clown, Damon Wang and Jeff Han. , And the three places of Xuanyuan...

The current status quo, as well as what he should do when he returns, began to practice in his mind.

Although his injuries are still serious now, he is recovering quickly. The life source of this heaven and earth spirit fruit is too rich, in Wayne Lin’s perception, it even exceeds the one that Alma Chu swallowed. Stars!

Because this heaven and earth spirit fruit has eight colors, and the shape of the fruit is even bigger.

As for why the second heaven and earth spirit fruit was born, and it was more precious than the first, this was not something he could figure out for the time being.

Seeing him like this, Sister Hong thought that he had a mental problem, so she hurried out, found a doctor, and came back to examine him.

After an examination, the doctor opened his eyes wide and said in amazement: "This... the injury on his body has healed more than half overnight. How can this be possible?"

He took the results of Wayne Lin's report and couldn't believe it. Especially, it was obvious that some bones had been broken, and now they have been repaired by themselves. This is totally subverting science!

Several other doctors were alarmed. Later, this incident was really weird. They didn't believe it was true at all. They all agreed that the machine must have malfunctioned during the first inspection.

Chapter 587

Sister Hong and the Qingxiu woman were also surprised. When they carried Wayne Lin over that night, they knew how much Wayne Lin was injured. As a result, it has only passed one day and one night, and the doctor told them that they would be discharged in two days. ? This is incredible!

It is said that they have been injured for a hundred days. Wayne Lin is more than just hurting the muscles and bones. They are all dying, and they can recover in such a short period of time, which really subverts their cognition.

But the doctor had already said that, and Sister Hong couldn't say anything.

Only Wayne Lin knew that this was the contribution of the second heaven and earth spirit fruit, the rich source of life, which quickly repaired his injury, and in one day, he would completely recover and be alive and well.

Sister Hong said: "Mr. Lin, since you can be discharged from the hospital tomorrow, why not contact your family first?"

These words stopped Wayne Lin's question. Given his current situation, rashly telling his family to come over would definitely be at risk.

He dare to say that the entire Chu family must be under surveillance right now. If it's only Xuanyuan three places, he is not very worried. The BRAGRUN organization he is most worried about, so he sighed and fell silent. .

The delicate woman was immediately dissatisfied, and said, "Hey, what do you mean? I'm not going to rely on us! I tell you, although our sister Hong accidentally knocked you down, but you too It's okay. It's best if you contact your family as soon as possible and settle the medical bills. We won't pay for you!"

Wayne Lin frowned slightly. He was embarrassed when someone said that. Money is just a number to him, but now he has no mobile phone or bank card, so he can't take the initiative to go. Contacting Damon Wang and others caused him to be unable to pay for it for a while.

"You have misunderstood. I never thought about asking you to help me pay for the medical expenses, but I don't have money on my body now. When I recover, I will pay you back as soon as possible." Wayne Lin said this too. Embarrassing, he is the chairman of ziqiong media, with a net worth of hundreds of billions, and now he can't afford to pay for medical expenses.

Sister Hong glared at the delicate woman, "You tell me a few words!"

Then she said apologetically to Wayne Lin: "Mr. Lin, I'm sorry, my cousin was joking just now. Don't take it to heart. In fact, I have already applied for insurance. Your medical expenses will be covered by insurance. From the company."

Wayne Lin saw that Sister Hong was so talkative, he had a much better impression of Sister Hong, and said, "Then I will trouble you."

Sister Hong smiled and said: "No trouble, this is what I should do. I haven't said sorry to you yet, and hit you so hard. Fortunately, your life is not in danger, otherwise I will be guilty."

Wayne Lin waved his hand and signaled that Sister Hong shouldn't take it seriously. In fact, Wayne Lin would be very grateful to Sister Hong. If Sister Hong hadn't sent him to the hospital, he would still be lying on the Qilian Mountain, unconscious all day and night. It may be discovered by people with ulterior motives.

For the next two days, Sister Hong would come to visit Wayne Lin every day, and she would buy food for Wayne Lin and take good care of Wayne Lin. After two days of getting along, Wayne Lin learned that Sister Hong's full name is Yin Hong, and that delicate woman is her cousin, called Zhong Yiran.

Wayne Lin's eyes are so sharp, he suddenly

It can be seen that Yin Hong is worried, and there is a sorrow between her eyebrows, which seems to be troublesome.

Just when they were chatting harmoniously, suddenly, Zhong Yiran's cell phone rang, he took it out and saw the caller ID, his face changed slightly, and said to Yin Hong, "Sister Hong, it's the call from my uncle. ."

Yin Hong's face also showed some unnaturalness, she said, "Just say that I have left Fengcheng, and I won't go back for a while."

Zhong Yiran nodded, then ran to the balcony and answered the phone.

Wayne Lin saw this exchange between them and immediately realized that Yin Hong was in conflict with her family, and Yin Hong's age, 27 or 18 years old, must have a high probability of a marriage problem and was urged to marry by her family. It's a very common social phenomenon.

Although Zhong Yiran ran to the balcony, there was no secret to Wayne Lin and he could hear it clearly.

After a while, Zhong Yiran came back again, his face full of heavy and embarrassment, winked at Yin Hong and let Yin Hong pass.

Yin Hong politely smiled at Wayne Lin, then walked over and asked, "What's wrong?"

Zhong Yiran said worriedly: "Sister Hong, it's not good. The uncle said on the phone that the surname Lu has already been killed at home. If he can't see you within half an hour, he wants it. Uncle, they are welcome..."

"What?" Yin Hong was immediately surprised, clenched his teeth, and said angrily: "How can this surname Lu be like this? Can he do whatever he wants with his wealth

and power? I have said that many times, I I don't feel anything for him, let alone marry him!"

"Oh, there's no way now. They have a big backstage, but they are relatives of Lord City Lord. We ordinary people can't beat him." Zhong Yiran sighed and said: "Or cousin, you should go back. In fact, there is nothing wrong with marrying that surnamed Lu."

When Yin Hong heard this, her face became pale and her body swayed. She gritted her teeth, her eyes showed some sorrow, and then made a difficult decision and decided to go back...

Wayne Lin heard them clearly. He suddenly felt a little familiar. His surname was Lu, and he was also a relative of Lord City Lord. How could he sound familiar with this identity, as if he had seen it before?

However, seeing Yin Hong and Zhong Yiran in such a panic, it was obvious that the other party was someone they couldn't provoke. Wayne Lin naturally wouldn't stand by. He walked over and said, "Miss Yin, have you encountered any difficulties? "

Zhong Yiran was in a very bad mood. Now that she saw Wayne Lin, she became even more impatient, and she cursed directly: "You guy who can't even get medical bills, don't worry about it! You still think about how to do it. Live in society. Sister Hong and I met you. It's really bad for eight lifetimes."

Yin Hong became a little angry, and cursed at Zhong Yiran: "Yiran! You have been fierce to Mr. Lin again. How many times have I told you to be polite!"

Then she immediately said sorry to Wayne Lin and apologized for Zhong Yiran.

Wayne Lin waved his hand and signaled that he hadn't taken it seriously. He said solemnly, "Miss Yin, forgive me for talking too much. If you run into trouble, I can go back with you and help you solve it."

Chapter 588

Wayne Lin is a person who knows his gratitude. This time he was rescued by Yin Hong. He owed Yin Hong a favor, and he must repay Yin Hong.

After another two days of rest, under the nourishment of the powerful medicinal effects of the Spirit Fruit of Heaven and Earth, his injury has almost recovered, and he has recovered 80% of the combat power at the peak. As long as the opponent is not the metamorphosis of the Innate Realm Dzogchen, he Can be easily rolled!

Moreover, as long as he rests for another day, he will be able to return to the peak state, or even exceed the peak, as long as it is not the perversion of the Innate Realm Dzogchen at the level of Jian Rushuang, he will be able to fight.

So he has absolute confidence that he can help Yin Hong solve the trouble.

However, his words fell in the ears of Zhong Yiran and Yin Hong and turned into a frivolous performance. Zhong Yiran immediately laughed, as if he heard a big joke, even Yin Hong's expression was a bit embarrassing. .

Originally, during the two days of getting along, Yin Hong had a good impression of Wayne Lin, thinking that Wayne Lin was a very gentle, well-mannered man with a wonderful charm. But now, her affection for Wayne Lin has decreased a lot. It turns out that Wayne Lin and other men are so bragging.

She smiled and said: "Don't bother Mr. Lin, it's just a small matter, I can solve it myself."

What kind of eyes are Wayne Lin? He can't see Yin Hong's thoughts. He is not unfamiliar with this kind of scene. Over the years, he doesn't know how many times he has been despised, and he is used to it.

Zhong Yiran on the side also said weirdly: "Sister Hong, you see that he is very confident, so I believe him once, maybe, he is really a big man, especially the kind who can help us solve it. Trouble."

Yin Hong gave her a hand, whispered "Don't make trouble," and then said politely to Wayne Lin: "Mr. Lin, since you can be discharged from the hospital now, then I won't bother you. We have the chance to see you later."

With that, she was leaving.

It's just that she still can't hide the sadness and sorrow on her face. She knows very well what is waiting for her once she goes home.

Because the other party's background is really big, as a relative of Lord City Lord, it is not that ordinary people like her can offend. The strange thing is that her father was so obsessed with his heart, he actually agreed to this marriage!

Alas, maybe this is her fate.

She knew very well that the surnamed Lu was a big carrot. If she married a surnamed Lu, she would be ruined in her entire life, but what could she do?

"Wait."

Wayne Lin caught her sorrow and quickly stopped her.

"Mr. Lin, what else do you have?" Yin Hong forced a smile and asked.

Wayne Lin thought for a while, he realized that Yin Hong is a person with strong self-esteem and unwilling to cause trouble to others, so he changed his saying, "Ms. Yin, good people do it to the end, send the Buddha to the end, I am now Without money, I don't know where to go for a while. I don't know if you can let me follow you home for a few days."

As soon as he said this, Yin Hong was immediately stunned. It seemed that he did not expect Wayne Lin to say such a thing!

But at the moment, after Zhong Yiran on the side listened, he couldn't help but yelled: "Damn! Your surname is Lin, your cheeks are too thick! You can say this, then do you want us to cover you in the future? For a lifetime!"

&nb

; Yin Hong also frowned. Now she has a crush on Wayne Lin. She didn't expect Wayne Lin to be such a shameless person! There is even a little contempt. She hates unmotivated men who eat soft food the most in her life.

But she is a very cultivated woman, unlike Zhong Yiran, she can't say anything that is unpleasant, even if she hates someone, she is very polite.

She said: "Mr. Lin, there are not many rooms in my house. I am afraid it will be inconvenient to bring you back. Or, I will give you two thousand yuan. You will stay in

the hotel outside temporarily? Or, you can go to the police. Bureau, contact your family to pick you up, what do you think?"

I have to say that Yin Hong is very kind to Wayne Lin and is also very polite. It is precisely because of this that Wayne Lin's determination to help her has been strengthened.

He shook his head, still insisting on going home with Yin Hong.

Now Zhong Yiran became even more annoyed, and despised Wayne Lin even more. Even the red complexion was not very pretty, but her personality was so good that she could not say anything to refuse, and she looked at Wayne Lin. It's also very poor. Finally he hesitated and agreed, "Well, then you can go back with me."

Zhong Yiran immediately said: "Sister Hong! You are crazy, if you take him back and be seen by the surnamed Lu, it would be more..."

"Ahem!" Yin Hong winked at Zhong Yiran, preventing her from continuing to say, and said: "I have already decided, Mr. Lin is right, good guys are right, he needs help now, I should reach out A helping hand."

Zhong Yiran clenched her fist, she couldn't wait to punch Wayne Lin right away. Now she sees Wayne Lin too uncomfortable, and regrets it all the more. She knew that Wayne Lin was such a shameless person. She was on Qilian Mountain that day. You should be more resolute, and let Sister Hong rescue Wayne Lin back!

After finishing the discharge procedures, Wayne Lin went home with Yin Hong and Zhong Yiran.

He walked out of the hospital and was exposed to the sky again. When he looked up, he saw the clear sky. He had a special feeling, as if he had been reborn. He took a deep breath, it was all different fresh air!

Zhong Yiran looked at him very unpleasantly, thinking that he was trying to get his ambitions from a villain, and he must have seen Sister Hong's beautiful appearance, and became enamored, and planned to rely on Sister Hong!

She even thought that if Wayne Lin really dared to make Hong Sister's idea, she would prepare a pair of scissors and castrate Wayne Lin!

Along the way, Yin Hong was very absent-minded. She was distracted after driving several times. She could see that she was really upset.

Yin Hong drove the car very fast, striving to rush home within half an hour. During the period, Zhong Yiran received several more calls, all of them were from Yin Hong's family, urging them to go back quickly. can not wait anymore.

Unfortunately, during the rush hour, there was a traffic jam and time was delayed. I couldn't make it back within half an hour.

When Zhong Yiran saw this situation, she immediately lost her temper to Wayne Lin, "It's all to blame. It takes so much time to go through the discharge procedures, otherwise we can rush back in half an hour! It's fine now, more than half It's been an hour, and that surnamed Lu must be angry!"

Yin Hong is also full of sadness.

Wayne Lin said, "Don't be so scared. With me, the other party dare not do anything."

And his words directly ignited Zhong Yiran's anger, and he was yelling at him, and even Yin Hong shook his head again and again, extremely disappointed in him.

Chapter 589

"You are really enough! Will you die if you pretend less?" Zhong Yiran pointed at his nose and cursed, "Do you know what the other party is? He is a relative of our Fengcheng City Lord. He is rich and powerful. You can choke this kind of trash to death with a finger! You dare to pretend to be here, do you really think you are a big man?!"

She scolded her words very badly, and she still pointed at Wayne Lin's nose. It could be said that she didn't give Wayne Lin any face. If she changed someone else, Wayne Lin would have slapped it.

But he is not good at it now, so he had to endure it with a wry smile, and said, "Miss Zhong, you don't need to be so irritated. I'm just stating a fact. In fact, I taught Fengcheng City Lord's nephew six months ago. I'm not bragging."

Wayne Lin spoke as seriously as possible, so that he didn't seem to be bragging. In fact, he did this to comfort the two women so that they would not be so afraid. Especially Yin Hong, who drove absent-mindedly and almost hit someone several times.

If before the change, Yin Hong would still scold Zhong Yiran, but now, she is really speechless to Wayne Lin, and at the same time she began to doubt her vision, and she was too useless. Two days ago, she actually thought Wayne Lin. Ming is the kind of man who is very self-cultivating. Unexpectedly, he is no different from other men, and even worse in character. Not only is he bragging, he is also thick-skinned.

She sighed and satirized Wayne Lin with her character, and she couldn't say anything bad. She said, "Mr. Lin, I understand your kindness, but Lu Fan is not a good one. He has a lot of power. It's not something ordinary people like us can provoke. So when we get to my house, I'll have to trouble you to stay in the car for a while, and wait for me to solve the housework, then you can come out again, okay? Please."

Yin Hong was very serious and bit her lip tightly. She could see that she was really sad now, and she felt embarrassed.

Wayne Lin looked at her, his mouth moved. He wanted to say something, but when the words came to his lips, he still forbore him.

Because he knew that even if he knew it better, Yin Hong and Zhong Yiran would not believe it, and even more disgusted him, thinking that he was a thick-skinned and boastful person.

So he chose to stay silent, anyway, when he arrived at Yin Hong's house, he solved Lu Fan himself, everything was easy to say.

And when Yin Hong saw that he stopped talking, she thought he was ashamed and couldn't blow it anymore, and the last trace of goodwill for him was wiped out.

Fortunately, the traffic jam did not last long on this road, and it was reopened within a few minutes.

But even so, it took more than thirty minutes to return home.

Quickly parked the car, Yin Hong saw the opposite side. Several luxury cars were parked. Among them was a black Maybach, which belonged to Lu Fan. She could not help but bit her lip tightly, her face full of anxiety and sadness.

“Sister Hong, that is Lu Fan’s Maybach. It seems that he is really waiting at home...” Zhong Yiran also found out, and said in a low voice, his face was a little pale, as if he was afraid of Lu Fan.

Yin Hong nodded and took a deep breath, “Well, the soldiers are here to cover the water and soil, I don’t believe he dare to eat me!”

After speaking, she mustered up the courage, puffed herself up, and prepared to leave.

Wayne Lin was also about to get out of the car. Zhong Yiran immediately said, “Hey, hey, what are you doing? Didn’t I tell you, let you wait in the car! When we call you over, you go over again, your ears? Are you all deaf? There is still a problem with IQ!”

Wayne Lin said seriously: “Miss Yin, please believe me, I can really help you

, Lu Fan saw me...”

“Enough!” Yin Hong burst out and interrupted Wayne Lin’s words. An irritation rarely appeared on her face, because she really couldn’t help it. This man in front of Man was so annoying!

Wayne Lin was yelled at by her and was stunned. He and Yin Hong had been together for two days. They had never seen Yin Hong lose his temper. She is a woman with a very good personality, but now she loses her temper at him and makes him very embarrassed. .

Yin Hong quickly realized that she had lost her temper. She immediately showed guilt again and apologized to Wayne Lin, “Mr. Lin I’m sorry, I’m lost.”

“It’s all right,” Wayne Lin said quickly.

Yin Hong continued: “Mr. Lin, I’m serious, please stay in the car and wait for me to resolve the matter before picking you up in person. Don’t embarrass me because we are friends, okay?”

She looked at Wayne Lin tightly with her unprecedented seriousness. Wayne Lin could see that she was serious. If she persisted, she would really be angry.

Wayne Lin had to sigh heavily, and said helplessly, "Well then."

Yin Hong smiled again and said, "Mr. Lin, thank you for your understanding. I won't let you wait long... I shouldn't let you wait long..."

By now, Wayne Lin had no choice but to nod, and he added, "Miss Yin, I respect your decision, but if you are really bullied by Lu Fan and can't handle it, you must tell me, I really Can help you solve the trouble."

Yin Hong smiled faintly and said, "Okay."

After speaking, she left the parking lot with Zhong Yiran.

Wayne Lin couldn't tell why, Yin Hong hadn't taken his words to heart.

To be honest, he also feels very helpless now, thinking that the chairman of Michelle Media, a wealthy man with a net worth of over 100 billion, is the fourth stage of the innate realm, and he is about to break into the innate realm. The big man, who was so despised by two women and locked in the car, he shook his head helplessly.

If this spreads out, it will definitely be laughed at by many people!

But since Yin Hong has said so, he shouldn't go against Yin Hong's wishes, because he understands the character of a woman like Yin Hong. If he really goes out, Yin Hong will definitely be very angry.

He simply meditated in the car, began to meditate, and then tried to spread his thoughts out.

With his current realm, his mental power is unprecedentedly strong, even if he does not go out, he can still perceive things within a few kilometers through his consciousness.

Soon, he felt that after Yin Hong and Zhong Yiran walked out of the parking lot, they walked towards a single-family villa, which should be Yin Hong's home.

This kind of feeling is very strange, obviously others are still in the parking lot, but his thoughts can spread out and perceive everything around him.

On Yin Hong's side, after the two of them walked out of the parking lot, Zhong Yiran couldn't wait to say: "Sister Hong! I said you are still too good to talk. A shameless man like Wayne Lin, why do you give him so good? It's enough to bring him home!"

Yin Hong sighed and said, "I think Wayne Lin is still good-hearted, but people are too unaware of themselves."

Zhong Yiran sneered: "Isn't it? I don't look at what Lu Fan's background is, and he brazenly said to help us solve the problem, oh."

Chapter 590

The two of them chatted and walked home. As soon as they walked to the door, they heard a dissatisfied voice inside, "Hey, now forty minutes have passed. I haven't seen Yin Hong, Yin Fengmao, I Warning, you owe us more than eight million yuan to our son Lu! If Yin Hong does not show up today, we will sell your two properties and factories, and your family will not even have a place to live by then!"

It was the voice of a man, scolded very unceremoniously. Yin Hong saw it at a glance. A burly, fierce-looking bald man pointed at his father's nose and yelled at him. In the room, several people stood there, all watching. Among social people with wicked spirits, Da Ma Jindao sitting on the sofa is a young man covered with famous brands and with an evil smile.

He, Lu Fan, looked at the entire Fengcheng, he was ranked as the rich child, because his uncle was the city lord of Fengcheng.

He tilted Erlang's legs, with a cigar in his mouth, and said to Yin Fengmao, "Mr. Yin, we have said that, in half an hour, Yin Hong will come back and appear in front of me. Forty minutes have passed, and I still haven't seen her, which is equivalent to letting my plane go. Lu Fan, I am very upset."

He spit out a long breath of smoke and sprayed it on Yin Fengmao's face. He said with a smile but a smile: "I am a person who hates being put off the plane. Anyone who puts my plane will not end well. Mr. Yin, you It's not the first day I met me, I should know my character, right?"

Yin Fengmao was particularly afraid of Yin Fengmao, and quickly nodded, then shook his head, and said anxiously, "Master Lu, I didn't mean to let you off the plane. I did tell Yin Hong. She was in the People's Hospital for half an hour. I will definitely be able to rush back. I don't know why she hasn't rushed back... Lu Gongzi, or I will call Yin Hong again now!"

Lu Gongzi's face suddenly became cold, and he snorted heavily, and said, "No! Yin Fengmao, I think you have eaten Xiongxin Leopard, dare you not put my Lu Fan's words in your eyes! , Don't want your real estate and factory buildings! Waiting to live on the street!"

He then stood up and looked at Yin Fengmao coldly, intending to come true.

When the Yin family heard these words, they suddenly panicked and wailed! If the Yin family's real estate is sold, they will be homeless and really have to live on the street. This is not something they can accept.

Yin Fengmao hurriedly begged for mercy: "Lu Gongzi Lu Gongzi! Please give us some more time, Yin Hong is already on the way back and will be there soon! Lu Gongzi, you must not sell our house and factory. This is all of our Yin family!"

Yin Fengmao is over fifty years old. Facing Lu Gongzi, who was a generation younger than him, he was humbled to his bones. He felt very unhappy in his heart, but he did not dare to have any dissatisfaction. Because people like Lu Fan can't offend ordinary people like him! He regrets it now, why did he listen to the villain's slander, got on Lu Fan's thief ship, was defrauded of more than money by Lu Fan, and owed a debt!

Now, for the future of the Yin family, he has no choice but to betroth his daughter to Lu Fan, which is nothing more than selling a girl for glory.

Lu Fan snorted and said, "Yin Fengmao, I have given you many opportunities, you know, my time is precious!"

"I know I know..." Yin Fengmao nodded hurriedly, the middle-aged man's desolation and sadness, this moment was vividly manifested.

Yin Hong was outside the door. She bit her lips tightly when she saw this scene. Originally, she complained very much about her father Yin Fengmao, thinking that Yin Fengmao ignored her happiness and forcibly pushed her into the fire pit.

But the scene that happened just now showed her the sadness and helplessness of her father and the seriousness of the matter.

She took a deep breath and walked in strode, "Lu Fan, you don't have to embarrass my dad, I'm in a traffic jam on the road, so I came back late."

Her appearance immediately made the room look over.

When Lu Fan saw her, his eyes suddenly brightened, showing surprise and coveting.

Yin Fengmao breathed a sigh of relief when he saw Yin Hong's return, but there was a little more guilt in his eyes. He really had no choice but to sell his daughter.

"Yin Hong, you're back, my son has been waiting for you for a long time." Lu Fan smiled, walked towards Yin Hong, stretched out his hand, and was about to hug Yin Hong's waist.

Yin Hong's expression changed slightly when he saw this movement, and she twisted her body quickly, avoiding his salty pig's hand, "Master Lu, please respect yourself, men and women are not allowed to kiss!"

When Lu Fan saw Yin Hong dodging, he was not angry. Instead, his smile became even more wicked. He stood where Yin Hong just stood, took a deep breath, showed an intoxicated expression, and said, "It's so fragrant, Yin Hong, I'm already Can't wait to get you."

His appearance was so wretched, his face changed again, and he couldn't restrain his disgust and rejection.

Yin Hong could only pretend not to see, and walked to the Yin family.

"Dad, mom, are you all right?"

Mother Yin held Yin Hong's hand, her eyes flushed, and said, "Daughter, your parents are useless, and you are wronged."

Yin Fengmao also gritted his teeth, eyes full of guilt, and said to Yin Hong: "Yin Hong, it's Dad who can't help you."

Yin Hong took a deep breath and said to Yin Fengmao, "Dad, tell me honestly, how much money do you owe Lu Fan? Why did you mortgage our house and factory to him?"

Speaking of this, Yin Fengmao was particularly embarrassed and ashamed. He sighed heavily and said: "I owed Lu Fan a total of 3.56 million in principal, but after this year, Ligunli, The gold plus interest owes Lu Fan, which has exceeded 8 million."

"What? Eight million!" Yin Hong immediately reacted tremendously after hearing this. She widened her eyes and said, "Dad, you are so confused, how come you even borrow this kind of money! It's only a year, and the interest has nearly turned over. Twice, what kind of loan shark is this! This kind of loan is totally illegal, we can call the police!"

However, when Yin Fengmao heard this, he seemed to have experienced something horrible, and he said quickly: "Daughter! Don't talk nonsense, call the police, you can't call the police! If you call the police, our family will be dead!"

At this time, Lu Fan's voice came from behind with a smile, "Call the police? Okay! Then you should call the police. It just so happens that my uncle is the lord of the city. You can give it a try. What are the consequences of calling the police!"

He was an undisguised threat, making the Yin family even more afraid and panic after hearing it, and quickly admitted to Lu Fan and apologized, hoping to be forgiven by Lu Fan.

Yin Hong also realized that Lu Fan is powerful and powerful. Calling the police is not a good choice. She bit her lip and said: "Lu Fan, we are just ordinary people and have never offended you. Are you making things difficult for us like this?! "
