

A Life Upside Down Chapter 771 – 780

Chapter 771

Seeing Jack's action, other people immediately stood up straight, and quickly backed away, and saw the leader coming, bowed respectfully and greeted: "The leader!"

The original noisy scene, because of the arrival of the leader, instantly became silent. Everyone looked at the leader, full of worship and awe. Looking at the leader, it seemed that they were not looking at a person, but a god.

In their sight, there appeared a foreigner who was not too tall, but with an extremely domineering appearance. His muscles were not very strong. He seemed to be no different from an ordinary foreigner, but his aura was extremely strong, as if the space around him is vaguely distorted, and it is particularly scary to look at.

The leader nodded lightly, said hello, and then said to Jack: "You and Tom were taught by a Chinese?"

When Jack heard this, his heart jumped, looking directly into the eyes of the upper leader, his heartbeat accelerated uncontrollably, and he was panicked, and quickly said: "Look back to the leader, this Chinese..."

He didn't dare to conceal a trace, and quickly explained the matter completely, because he knew that the horror of the leader in front of him, as a 5s-level super power, could kill him with just one punch.

In the international arena, the reputation of the leader is extremely loud. I don't know how many well-known strong men have been killed.

In particular, the leader's temper is very different, which is unpredictable. If he fails to explain a little detail and arouses the leader's anger, then the leader may directly act. Not long ago, he saw with his own eyes that a 4s-level powerhouse, because of a trivial matter, hit the leader, and was crippled by the leader with three punches and two kicks, and he has not recovered now!

After Jack finished the explanation, he was also beating the drums in his heart, lowered his head, and felt extremely worried.

After the other people listened, they didn't dare to speak. They also knew the leader's character, and they absolutely did not dare to taunt Jack like just now. Moreover, after they heard about it, they finally realized that Jack was not lying. The Chinese man who wounded Jack and Tom was really amazing!

After the leader listened, some brilliance flashed in his eyes, and he said with interest, "It's kind of interesting. Over the past few years, China has actually had such a powerful man. How old is this Chinese?"

The leader showed a smile on his face and asked curiously.

Jack recalled for a moment and said: "Looking back to the leader, this Chinese man looks very young, he seems to be only about 30 years old."

Hearing this, the leader, who had been expressionless, finally changed his face, "What? Only about thirty years old?!"

He lost his attitude, but the others lost his attitude even more.

They are all warriors. They know very well what the 30-year-old 5s-level supernatural powers represent. You must know that even the respected leader is known as the genius among the geniuses in the beautiful country. With the high-tech training of the beautiful country, it is also It's over forty years old to reach the 5s level. How is it possible for a small Chinese country to cultivate a 30-year-old 5s-level superpower? !

So their first reaction was to think that Jack was lying and bragging.

Jack seemed to have expected their reaction like this, and he said bitterly: "Chief, this is true. He is also the chief instructor of Hua Guo Xuanyuan No. 3, and his strength is really strong! They Xuanyuan No. 3 is facing this Chinese. Very respectful!"

The leader's face was uncertain, he tapped on the handrail lightly, and finally showed a meaningful smile on his face, and said: "It's interesting, 30-year-old 5s superpower, it seems that Hua Guo has made a breakthrough in technology this time. Only then did we cultivate such an outstanding ability. This time the Kung Fu Cup,

To be held in China, China definitely wants to win the championship. It seems that this is China's trump card. "

The smile on his face is very intriguing. After so many people present saw it, they couldn't help their scalp tingling. They had been with the leader for many years and knew the leader's temperament very well, knowing that once the leader showed such an expression, then it means that the Chinese leader is interested.

And this interest is not a good interest, but a hunter's interest in prey.

The leader of the beautiful country has been invincible for too long, and the leader feels lonely. This time he came to China with the Kung Fu Cup. He is 42 years old this year, but he concealed his age and claimed that he was only 39 this year. He is still eligible to participate in the Kung Fu Cup.

Jack and Tom were extremely happy when they saw the expression of the leader. They knew that the leader was eyeing the Chinese and wanted to avenge them!

When they think of the humiliation of the Chinese people back then, they are extremely angry. If they see that the leader can avenge them, that would be an absolute pleasure!

Moreover, they absolutely believe in the leader's strength. Even if the Chinese reaches the 5s level, they are definitely not the leader's opponent. You know, the same level of 5s, the same realm, the gap is also very large.

Just two years ago, the leader did something that shocked the world. At that time, the leader defeated two 5s-level supernaturalists in neighboring countries with his own power. Since then, the leader's reputation has become even more international. The earth is in the sky!

On Wayne Lin's side, he didn't put Jack and the others in his eyes. Even if he knew that Jack and Tom would go back, they would definitely report to someone more powerful, so as to focus on him, but what about it? With his current strength, he is invincible under the realm of the gods, no matter how strong the enemy is, he will not be afraid.

He is not worried that there will be masters of the God-Communication Realm staring at him, because he knows that, generally speaking, the masters of the God-Communication Realm will not arbitrarily set foot in a foreign country. For another country, it is a provocative behavior. That is to say, if the beautiful country really has the

realm of the gods to enter the country, it will immediately be the attention of the military god Cary. Furthermore, the masters of the God-Through the God Realm would not pay attention to him.

There was a light rain in the sky.

Wayne Lin came out of the house, got on the Rolls Royce, and drove to Lin's house.

Grandpa's death day is coming soon, and he should indeed go back and worship.

When I drove to Lin's house, the original light rain of Lei Li did not become smaller, but it fell even more heavily. Although it was not yet heavy rain, it was not too small. People walking on the street would get wet quickly.

But even so, when Wayne Lin went to Lin's house, all the Lin family members were waiting at the door. Just like that, all the people came out, including the children.

When they saw Wayne Lin's Rolls-Royce coming, they all cheered up and were extremely excited, without the slightest expression of being impatient or angry because of the long wait.

Wayne Lin saw this scene in the car and felt ironic.

Five years ago, in the eyes of the Lin family, he was just a dog. He was expelled from the Lin family after being humiliated, but now, the Lin family has turned himself into a dog and treated him with the most respect.

These Lin family members are not clear. The more sincere and respectful they are, the more disgusting Wayne Lin is towards them.

"Welcome the second master back to Lin's house!"

When Wayne Lin got out of the car, Hanson Lin took the lead, shouted at Wayne Lin and bowed. The scene was so vast that it gave Wayne Lin a lot of face.

Chapter 772

Wayne Lin saw this scene with a mocking smile on his face and strode up.

“Wayne, you are finally here. It’s raining today, there is wind and water. It’s a good sign. It must be your grandfather who knows under the spring. After knowing that you are coming back, you will come out to meet you, hahaha.” Hanson Lin Seeing Wayne Lin coming, he quickly took the umbrella and supported Wayne Lin.

I think he is the patron of the dignified Lin Family, or Wayne Lin’s uncle, his status is very noble, but now he has completely put down his posture in front of Wayne Lin.

Others didn’t think there was any problem, it was because Wayne Lin’s current status was too noble, and they were no longer at the same level.

There is quite a feeling of feng shui turning, 30 years in the east of the Hexi, 30 years in the Hexi.

Lin Zihao in the crowd, seeing this scene, he was not hostile to Wayne Lin, only endless despair and helplessness, he had been left behind by Wayne Lin too much, and he no longer had the strength to compete with Wayne Lin. He only hoped that Wayne Lin should not have the same knowledge as him, otherwise Wayne Lin would be able to choke him to death as long as he moved his fingers.

Returning to the Lin Family, looking at the familiar scene in front of him, to be honest, Wayne Lin’s heart is quite complicated, after all, he grew up here and has left too many memories.

He sighed deep in his heart, and tolerated the emotion.

“There are so many people.” Wayne Lin said with a smile when he saw so many people.

Hanson Lin hurriedly said: “It is necessary. Everyone knows that Wayne, you are coming back, so naturally you will come back. Wayne, do you want to see your room? In fact, I have asked a servant to clean you all these years. The room has remained the same.”

He looked at Wayne Lin with pleasing eyes, as if he was a servant, waiting for Wayne Lin’s praise.

As everyone knows, Wayne Lin felt sick when he saw him like this. He didn’t pay attention to Hanson Lin directly, but said: “You don’t need to waste your mind. I will come back this time just to pay homage to Grandpa, and I will leave after the worship. “

As he said this, the atmosphere on the scene became a bit awkward.

They really wanted Wayne Lin to come back, because only when Wayne Lin was back could they lead them back to glory, but they really didn't have the qualifications to ask Wayne Lin to come back, because five years ago, they did absolutely nothing.

"Wayne..." an older uncle said, "What happened five years ago was not what we deliberately drove you out. This is a misunderstanding. You are a wise man and grew up in Lin's family. The blood of the Lin family was still shed. If it weren't for the misunderstanding, how could we do this? But, now that the misunderstanding is solved, we do know that we were wrong. Now the Lin family needs your return."

This uncle was of the same generation as his grandfather. He lived a lifetime and had nothing to do. He would only eat and die in the Lin family. When Wayne Lin was framed, this uncle did not stand up and say a word for him. He was promising, but taught him.

Wayne Lin directly stared at him with cold eyes, "What do I need to do when I come back?"

The uncle said: "I need you to come back to save the Lin family. You are always a member of the Lin family. You can't just watch the Lin family decline step by step. Originally, our Lin family was the first family in Hwadrid and received the admiration of countless people, but since After you left, the Lin family declined, and now the seat of the first family has been taken away by the Chu family. How decent is this! The Chu family is just a small family that is not considered a third-rate family, Wayne, you are all I don't know what the outside is saying, saying that you are ungrateful and would rather support your natal family than

Chimoto! "

What he said was very cruel, and he also called Wayne Lin a culprit, but instead he became ungrateful.

The other elders also began to follow his words and teach him.

When everyone saw Wayne Lin was silent, did not speak, and did not refute, they all thought Wayne Lin had listened, and they were a little bit happy.

It seems that Wayne Lin is still soft-hearted, and his face is thin. After being said, he knows that he has done something wrong.

In their opinion, Wayne Lin's temperament is still very easy to grasp, both soft and hard, they are not afraid that Wayne Lin will not come back, but when Wayne Lin comes back, using Wayne Lin's current identity and status, then the Lin family will soon recover its glory and retake Huarvell The identity of the first family.

Even if Wayne Lin is now the chief instructor of Xuanyuan 3rd place, he is also an extremely strong man who is born Dzogchen, even if he goes further and becomes the first family in Province G, it is not impossible!

It's just that they underestimated Wayne Lin too much, and they didn't know what Wayne Lin had experienced in the past five years, how much his temperament had changed, let alone the extent of Wayne Lin's hatred for the Lin family.

"That's good." Wayne Lin laughed and even applauded.

The uncle's eyes lit up and said, "Wayne, according to your opinion, are you willing to return to the Lin family? Yes, yes, this is the unicorn of my Lin family! As a member of the Lin family, you have the obligation to lead the Lin family to glory. , I believe your grandfather will be very happy if he knows it in Quanxia, hahaha."

The others also began to smile, thinking that they had already grasped Wayne Lin.

However, just when they were all triumphant, Wayne Lin's voice turned and became colder: "I had already let you off the Lin family. This time I will just pay homage to my grandfather. I will no longer have the same knowledge as you. But you old folks, you just pretended to be me and teach me with your old ways?"

When the voice fell, I saw Wayne Lin's feet stamped, and the entire manor suddenly slammed, as if an earthquake had occurred, which was particularly frightening. Even the ceiling on the top of the building began to shake. Everyone was terrified.

"What's the situation? Is it an earthquake?!"

"Oh my God, what happened to this?"

Wayne Lin stomped his feet again, and saw that the ground under his feet was cracked and spread out like a spider web.

At this moment, everyone finally realized that it was not the earthquake, but Wayne Lin's masterpiece.

In an instant, they dared not speak anymore, looking at Wayne Lin in horror.

Wayne Lin's gaze swept them coldly, "Do you really think of me as a fool, or do you think I'm the Wayne Lin from five years ago, let you knead?"

Now Wayne Lin's aura exuded was too great, to them, it was like facing a violent storm, both feet couldn't help but swing.

Those few old things that leaned on and sold old, now dare not talk anymore.

Wayne Lin glanced over all of them, and finally said, "This time I came to the Lin family to pay homage to Grandpa, but I didn't come to listen to your nonsense! From now on, you dare to beep again and it affects me. Feeling, I don't mind erasing the Lin family from Hwadrid."

They all immediately shrank their necks, realizing that Wayne Lin was not joking, and they didn't dare to talk more.

Chapter 773

They didn't doubt Wayne Lin's words at all, because in the past few days, they had thoroughly investigated Wayne Lin, and they also knew that Wayne Lin had done feats during this period of time, and they were no longer on the same level. No kidding, if Wayne Lin really wanted to erase the Lin family from Hwadrid, it would really be just a sentence.

The atmosphere at the scene suddenly became embarrassing. They didn't dare to talk any more. Those elders who leaned on the old and sold the old, now their faces were green and white. They felt Wayne Lin's momentum, and they were already conscious. By now, Wayne Lin standing in front of them was no longer the kind and innocent Wayne Lin he used to, so they let them knead.

Wayne Lin didn't have any more ink marks, and when the time was up, he rushed directly to his grandfather's grave.

When I came to my grandfather's cemetery again, I saw the yellowed photo on the tombstone and the kind appearance. Wayne Lin stood there blankly, his mind was full of what he looked like before his death, and how he treated him for so many years. Education and care.

Because of his grandfather's existence, he was able to live happily in the Lin family, but because of his death, his good days have disappeared.

I don't know if Grandpa knew that he was here. The sky was still raining heavily, but the rain gradually stopped and turned into a light rain, then stopped again, and began to blow slowly with majesty.

"Grandpa, here I am, how are you doing down here?"

Wayne Lin knelt in front of the grave, muttering to himself, falling into endless memories. Behind him stood a large line of Lin family members, but no one dared to say anything. Now Wayne Lin is the one they can't afford to offend. The people, especially the majesty displayed by Wayne Lin, are like a high mountain, weighing heavily on their hearts, and they can't kick them, so they can't even think of going against Wayne Lin.

Wayne Lin personally sweeps his grandfather's grave, doing it bit by bit, doing his filial piety, as for what the Lin family thinks, he doesn't care at all.

After finishing everything, Wayne Lin left directly. From beginning to end, Wayne Lin never talked to the Lin family again. For him, not taking revenge is the greatest tolerance for Wayne Lin. Does the Lin Family still want him to go back to the Lin Family? That is absolutely impossible.

Everyone in the Lin family looked at the leaving figure of Wayne Lin and sighed deeply, regretting incomparably. If they hadn't driven Wayne Lin out so harshly back then, then their Lin family would not be what they are now. !

It's a pity that I didn't turn my head back when I opened the bow, and at this time, I didn't regret taking medicine. If something is missed, it will be missed for a lifetime. It is useless for them to regret it.

Wayne Lin came out of the cemetery and felt a lot more relaxed. This time when he came back to the Lin family, he saw how regretful the Lin family was. To be honest, he was very happy in his heart. Five years ago, the Lin family treated him like this, he did not forget!

However, after this incident, he should also let go.

When he came down from the mountain, he wanted to make a call to the driver and ask the driver to pick him up in a Rolls-Royce, but at this moment, from in front of him, a car stopped, the window rolled down and appeared. With a pretty face, he said to him, "Wayne Lin?"

Wayne Lin glanced intently, and was also taken aback. He didn't expect that he would meet an acquaintance here, which is a coincidence.

He quickly smiled, Li

Maely greeted, "Murong, it's you."

The woman in front of him is an old acquaintance, even a childhood sweetheart. She grew up together when she was young. Even when her grandfather was married to Murongxue's elders, she said that after she grew up, They both got married.

Only later, after Wayne Lin was expelled from the Lin family, this marriage was naturally cancelled.

Seeing Murongxue now, to be honest, Wayne Lin was still very emotional, and in his mind, he couldn't help but think of the bits and pieces he had experienced with Murongxue since childhood.

To be honest, at that time Wayne Lin really had feelings for Murong Xue, and he believed that when he grew up, he would marry Murong Xue as his wife, but reality made a huge joke with him. Is it because he and Murongxue have no relationship.

After five years, Murongxue has not changed much, she is still so beautiful, with white skin, and she is a big beauty.

If Wayne Lin was not married and met Murongxue again, his heartbeat would definitely increase. But now, he would no longer be the Wayne Lin he used to. Seeing Murongxue again, he would just feel sorry for the ancients.

Murongxue stared at him, looked at him quickly, and then said: "It's been a long time since I saw you, where have you been all this time?"

Wayne Lin also smiled and said, "Yeah, it's been a long time since I saw you..."

He just wanted to talk. At this moment, a face appeared on the seat behind him. He stared at Wayne Lin and saw the plain clothes that Wayne Lin was wearing, and he appeared on foot. His face appeared. Some ridicule and disdain, immediately said: "Murong, is this the childhood sweetheart you referred to? The one who was kicked out of the family five years ago? I don't think he looks good."

The tone of this sentence did not hide the sarcasm. After Murongxue heard it, she was a little embarrassed, and Wayne Lin also frowned slightly. Who he is, and where he can't be heard, is obviously Murongxue's words. I also know that he was expelled from the Lin family back then.

But Murongxue just pretended not to know about this, and asked him where he had been in the past few years...

Thinking of this, Wayne Lin sighed secretly in his heart. It seems that in the past five years, not only has he changed, but other people have also changed, and everything is right.

But he didn't make Murongxue embarrassed, smiled, and said, "Murong, I still have something to do, so I won't chat with you anymore. See you later."

Said he was leaving.

Murongxue's mouth moved. She seemed to feel a little embarrassed and said to Wayne Lin, "Wait a minute!"

Wayne Lin stopped and looked at Murong Xue, "Is there anything else?"

Murongxue said: "Wayne, I haven't seen each other for so long. Now that we have met again, let's have a meal together. Let's relive the past."

Murongxue looked at Wayne Lin, her eyes full of expectation. Wayne Lin hesitated for a while and agreed, "Okay, you pick a time."

Speaking of it, he hasn't seen Murongxue for many years. In any case, Murongxue was his childhood sweetheart who grew up with him. He almost got married at the beginning. Now that fate has allowed them to meet again, they have a meal together and reminisce about the past. , It is still possible.

Chapter 774

Murongxue's eyes lit up, and she seemed to be very happy. She smiled and said: "The opportunity is rare, then it is better to hit the sun instead of choosing a day. Shall we have a meal tonight?"

Wayne Lin thought for a while, he didn't have anything tonight, so he nodded and agreed.

Next, Murong Xue wanted to send Wayne Lin home, but Wayne Lin refused. It's not that Wayne Lin is hypocritical, but in the car, and Murongxue's other friends, who mocked him just now, it would be somewhat embarrassing to ride in the same car.

So he walked away by himself, and when he reached the side of the road, his Rolls Royce arrived, and the driver came down to open the door for him and enjoy the distinguished service.

And after Wayne Lin left, at Murong Xue's side, the woman in the back seat said somewhat puzzledly: "Murong, why are you inviting Wayne Lin to dinner? He is no longer the second youngest of the Lin family now. And you see that he was dressed just now and looked like a bottom of society, this kind of person, eating with us, didn't it lower our class?"

Murongxue was silent for a moment, and said, "Wayne Lin seems to be a lot downhearted now, but in any case, he used to grow up with me. My grandfather and Grandpa Wayne Lin had decided to kiss him. I almost got married. Now it's rare to meet again. Let's have a meal together, is it okay?"

The woman in the car immediately frowned when she heard this, and said in a little anger, "What? Didn't it, you actually have a baby kiss with this guy? This guy wants to

swan to eat swan meat! Is he worthy of you like this? He doesn't take pictures of himself by peeing!"

Murongxue thought of Wayne Lin's ordinary dress just now. The total amount of his whole body probably does not exceed 300 yuan, and he still walks. That ordinary temperament has completely lost the nobleness of the second Lin family. .

Originally, she still admired Wayne Lin very much, thinking that Wayne Lin was an individual talent, even if she did not rely on the power of the Lin family, she would be able to flourish with Wayne Lin's ability. It seemed that she had missed her eyes, Wayne Lin was just like that. He was not a genius at all. After being expelled from the family, he couldn't mix up directly.

Now she is even very fortunate that she married Wayne Lin without impulse, otherwise she would suffer along with it now.

"Just have a meal. After eating, I won't contact you anymore." Murong Xue said, her face now lacks the gentleness and elegance that she had faced Wayne Lin just now.

The woman in the back seat said, "It's best to be like this, Murong, you have already married the Lei family. If you are married to the Lei family, if you know that you are eating with your previous childhood sweethearts, I believe the Lei family will definitely do it. angry."

Speaking of the Lei family, the woman's eyes flashed with stars, full of admiration, envy, and even jealously looking at Murong Xue, and said: "To be honest, Murong, I really envy you, you can marry Young Master Lei Family, this is an absolute big man! The Lei Family doesn't know how many times stronger than the Lin Family. You will jump into the Dragon Gate when you enter the Lei Family. I really envy you!"

When Murong Xue heard these words, she also showed a proud and happy smile. Indeed, being able to marry the Lei family is a blessing in her life.

You know, the Lei family is a big family that can be counted in the entire province g, and that Lei family's youngest and youngest person is also extremely capable. When the Lei family's head abdicates in the future, maybe the Lei family's major can directly take charge of the Lei family. At that time she was the eldest lady of the Lei family, not to mention that honor

Now, kill many people of the same age in the circle.

Murong Xue smiled and said, "This is fate."

The woman in the back seat rolled her eyes and said, "Murong, since you have promised to have dinner with this surnamed Lin, I suggest you don't hide from Shao Lei. It's better to tell Shao Lei. Let Shao Lei accompany you, so that Shao Lei knows that you are loyal to him, and that fellow Wayne Lin will retreat from difficulties and dare not pester you again in the future."

When Murong heard this, she frowned slightly and said, "This, isn't it necessary?"

She had no idea about Wayne Lin anyway, and now she was only loyal to the Lei family, as if she was eating with a friend, if this had to be told to the Lei family, it would be too free.

However, the woman in the back seat said solemnly: "Huh, why is it unnecessary? It is necessary! You know, the Lei family is a man with strong masculinity. I know, you told him to eat with your previous childhood sweetheart, and this childhood sweetheart still has a zealous attitude towards you, what would he think? Murong, let me tell you that men are particularly sensitive in this regard. Don't underestimate it!"

Murongxue was shocked when she saw how serious her girlfriend was. If she really said it according to her girlfriend, it would be wrong not to tell the Lei family. Moreover, with the energy of the Lei family, his hands and eyes are open to the sky, maybe he will really be known by the Lei family.

After thinking about it carefully, Murongxue decided to do what her best friend said, tell the Lei family about this matter, and then go to dinner with the Lei family to avoid misunderstandings.

"In other words, after so many years, Wayne Lin shouldn't be interesting to me, right?"

After the car started again, Murongxue frowned and said uncertainly.

I was immediately rebutted by my best friend, "How to call it will not be interesting to you, it will definitely be interesting to you! You didn't even look at the eyes of the guy who looked at you just now, and your eyes won't move! As someone who came by, I I'm absolutely sure that this guy is making your idea. You must know that you are the

daughter of the Murong family, and you grew up with him. Now he is down, saying that he has no idea about you. Do you think it is possible?”

“Think about it, it’s really necessary to tell the Lei family, otherwise if you have this meal with him tonight, this guy will definitely find a way to stick to you!” My girlfriend analyzed with confidence, she said. With a certain look, Murong Xue began to believe it.

Indeed, Wayne Lin is already an ordinary person now, and he may earn only a few thousand yuan a month, which is completely different from her. Now that we encounter such a coincidence, normal people’s thinking will want to retell the old feelings.

The more you think about Murongxue, the more regretful she will be. If she knew this, she shouldn’t talk so much just now. If the Lei family knew about it, she might be really unhappy.

“Or? I just broke the appointment and I won’t go to the appointment tonight.” Murong Xue said after thinking about it.

What she said was immediately denied by her girlfriend, “This is not okay. I have already said what I have said. I still have to go. Otherwise, he is really shameless and goes to your house to find you? You know, he is yours. Childhood sweetheart, I know your details. So, the best way is to tell the Lei family and let the Lei family come out, humiliate him severely, and naturally let him retreat!”

Chapter 775

Wells International Hotel is a five-star hotel in Hwadrid, where the consumption is high.

Wayne Lin had also come to eat this time before. They were all business executives who invited him over to eat in order to flatter him.

This time Murongxue agreed to eat in this hotel.

Wayne Lin originally wanted Alma Chu to eat together, but Alma Chu said that she was not free. Now Alma Chu’s main energy is devoted to family business, which makes Wayne Lin quite helpless. But fortunately, since Alma Chu swallowed the heaven and earth spirit fruit, her realm has soared to the innate realm. Although she is not very strong in terms of strength, it is definitely enough for Alma Chu, a female class.

Therefore, even if Alma Chu gets busy, it is not easy to feel tired, otherwise Wayne Lin would not let Alma Chu work so hard.

Speaking of it, the chance to meet Murong Xue again this time still touched Wayne Lin and reminded him of many things that happened when he was a child.

Murongxue is his childhood sweetheart, and he has been in a good relationship since he was a child. The grandfathers of both sides had made a baby kiss. If it weren't for the incident five years ago, he would probably be married to Murongxue.

But fate is really hard to say. If it hadn't happened in reality, how could he have thought that his destiny would usher in such a big change?

Moreover, if this big change hadn't happened in the middle, it would be absolutely impossible for him to grow up to today's level with his easy-going personality.

It is not easy to say whether it is a blessing or a curse.

In any case, this is his destiny.

Wayne Lin didn't pay much attention to the pomp. He went to the Wells Hotel by himself. On the way, he received a call from Murongxue and asked him if he was there. In his tone, he conveyed something meaningful.

On Murongxue's side, after hanging up the phone, someone next to him immediately asked: "What's the situation, is this guy Wayne Lin here?"

Many people looked at Murongxue. They were all luxuriously dressed young people with extraordinary temperament. They knew they were from extraordinary background. They all showed mocking smiles on their faces and their eyes were full of teasing.

Murongxue nodded and said: "Well, I said I'm already on the road, I believe I will be there soon."

"Hahaha, that's great, speaking of it, we haven't seen Wayne Lin for a long time, and we don't know if he has been doing well in the past few years, whether he has made a fortune!"

“Haha, he made a big fortune. He was expelled from the Lin family five years ago by Hanson Lin, and he was already inferior to a dog. You don’t want to think about it. If Wayne Lin is really mixed up, he Will there not even be a car?”

“I feel that Wayne Lin is also a very capable person. At the beginning, he was considered a celebrity in Hwadrid. In our circle, he is also ranked high. Even if he is expelled from the Lin family, he will not live so poorly. ?”

“Cut, you don’t know anything about that. How good do you really think Wayne Lin is? He didn’t rely on the second youngest of the Lin family to be able to eat well in the circle at the beginning. After leaving the Lin family, you really think he still Be promising? It’s impossible!”

“It makes sense. By the way, he made a special appointment with Murong for dinner tonight, I’m afraid he wants to retell his old love, haha.”

At the scene, there were many young people with joking smiles on their faces. It seemed that they all knew Wayne Lin, and there were still a lot of them for Wayne Lin.

Grievances and ridicule.

They are all descendants of the Hwadrid family. Before, they were in the same circle with Wayne Lin. Although they were in Hwadrid, they did not have much ability and belonged to the category of the second generation ancestor, so they could not touch the class of Wayne Lin. So they didn’t know that Wayne Lin, who looked down on them, had already become a super big man, even if their family had to look down upon it.

When Murong Xue heard this, she immediately said hurriedly: “Don’t talk nonsense, Wayne Lin and I are innocent, and don’t mean anything to him. Even if he is looking for me now, I will treat him as a normal friend at best. !”

Immediately someone joked and said, “Murong, I remember that you and Wayne Lin were childhood sweethearts. They grew up together, and your grandfather had ordered a baby kiss. Maybe this time Wayne Lin came to you just because he wanted to be with you. Ask to restore the marriage contract.”

A person beside him smiled and said, “Yeah, you are the daughter of the Murong family, and you look beautiful and beautiful. When Wayne Lin sees you now, he must want to pester you.”

“Cough cough!” At this moment, a tall, suave man next to Murong Xue coughed twice, and some discomfort flashed across his face. He said to Murong Xue: “Murong, you and this Wayne Lin, still is there such a past?”

When Murongxue heard this, she immediately panicked and quickly defended: “Brother Lei, don’t get me wrong. Wayne Lin and I are just friends. It’s a very ordinary kind, and there is no such relationship at all. I treat you. Sincere!”

When Leighton heard this, his face reappeared with a smile, holding Murongxue’s hand, and said: “Fool, what are you panicking? I was just joking with you.”

Murongxue breathed a sigh of relief, and immediately heard Leyton say: “However, I am very interested in this Wayne Lin. I heard that he was in your circle before, and he was very beautiful.”

He squinted his eyes, with an intriguing look on his face, apparently staring at Wayne Lin.

He is a person with a strong desire to control, especially for women, he has a perverted desire to control, and now, his fiancée has suddenly appeared a childhood sweetheart, he will naturally not let this suppression. opportunity!

Moreover, he also has a secret that no one else knows, that is, he particularly likes to suppress rivals, this feeling will bring him a great sense of accomplishment!

Not long after, Murongxue’s cell phone rang again, and after a few conversations, Murongxue said, “Wayne Lin has already come, now I’m here.”

“Really? That’s interesting.”

“Haha, I really want to see how Wayne Lin has become.”

“Wayne Lin asked Murong to eat alone. I don’t know what kind of expression he would look like when he came up and saw so many of us? Still looking forward to it, haha.”

They all laughed meaningfully, taking Wayne Lin as prey for trickery.

For them, the theme of tonight is to tease Wayne Lin well, give Layton assists, and stammer well with Layton.

Leiton is the youngest of the Lei family, so it goes without saying that his status is honorable. If he flattered him, it would be good for them.

Furthermore, they were displeased with Wayne Lin. When Wayne Lin was the second youngest member of the Lin family, they had been suppressed by Wayne Lin. Now that Wayne Lin is down, they wanted to taunt them the first time, and get into trouble!

Chapter 776

Wayne Lin walked up according to the position Murongxue said. He didn't think so much. It wasn't that he was not smart enough, but that such a small matter was not worth his brains.

Murongxue wanted to invite him to dinner, so he came to the appointment. In any case, Murongxue was a childhood sweetheart from the past, and he still had to give it some face.

However, when he walked out of the elevator, he found something was wrong, because he heard the voices of many people, not just Murong Xue.

What's the situation? Didn't Murong Xue only invite him to dinner?

Wayne Lin frowned slightly, but Wayne Lin didn't think so much since he was satisfied with the rules. The fate between him and Murongxue was exhausted, and there was nothing to eat.

He opened the door, glanced at it, and immediately saw that there were more than forty people in the big box, all of whom were familiar faces, friends from the previous circle.

And his arrival immediately drew the attention of everyone in the box, and they all looked over.

"Look, Wayne Lin is here."

"I'm going, I'm not mistaken. Is this really Wayne Lin? Isn't this too shabby? The total amount of this outfit is probably less than five hundred yuan."

"It seems that after Wayne Lin left the Lin family, he really couldn't do it, it was too bad!"

“Haha, just like him, he has the face to retell his old love with Murong? Isn't this toad wanting to eat swan meat”

“However, seeing Wayne Lin's desolate look makes me feel so comfortable.”

“Haha, me too.....”

They still had some worries, if Wayne Lin really got mixed up with strength, then they still didn't care about being too ridiculous. But now that Wayne Lin is dressed so shabby for such an important meal, it shows that Wayne Lin is really bad.

Since this was the case, they had no worries at all, and returned the bullying Wayne Lin had brought them back all at once!

Who is Wayne Lin, his eyes are golden, and he can see the reactions of these people with just one look.

With his current ability and status, and these rich second generations, they are no longer in the same class, even their elders are all ants in front of Wayne Lin.

However, Wayne Lin was still quite disappointed. Originally, he thought that Murong Xue really wanted to reminisce with him, but in the end he was wishful thinking, and Murong Xue changed after all.

When he came, he was at peace. Wayne Lin didn't bother to leave, and strode directly to meet him, smiling and saying, “It's quite lively.”

Murongxue also walked up and said to Wayne Lin, “Wayne Lin, you rarely come back. I called my friends in the circle and came to gather together. Would you mind?”

She said in a joking tone, in her words, there is no longer the kindness in the daytime, but a bit more cold and ridiculous, and her posture is much higher.

She originally thought that even if Wayne Lin left the Lin family, she wouldn't be too bad at all, but now it seems that she still overestimates Wayne Lin. And such Wayne Lin wanted to retell her old relationship with her, without knowing it at all. Invisible, made her look down on Wayne Lin.

How could Wayne Lin feel

Not her mentality, and Wayne Lin also discovered that when Murong Xue was speaking, she secretly glanced at the man next to her, obviously caring about this man's thoughts, that kind of attitude, Wayne Lin immediately knew that this man is out of the question. Nine is Murong Xue's boyfriend.

He had never thought about continuing the relationship with Murongxue. Now that he sees Murongxue like this, he also shows a thought-provoking smile: "Mind, didn't you say that we had our separate dinner? You called so much. It's not convenient for people to come."

Hearing this, Murongxue's expression became even colder, and between her eyebrows, she couldn't hide the disgust and contempt, thinking that Wayne Lin was really unkind to her. It was really a toad who wanted to eat swan meat!

As for the others present, they showed such an expression as expected, and they despised Wayne Lin even more, and thought that Wayne Lin would definitely be humiliated by Layton tonight!

Murong Xue said, "What's inconvenient, everyone is in a circle."

At this moment, a man in a white suit with thick bangs came out. He first glanced at Wayne Lin, and then said with a playful expression: "Wayne Lin, you have dinner with Murong. You don't really want to chase Murong. ?"

"Are you?" Wayne Lin asked deliberately in confusion.

The expression on this man's face immediately stiffened, a little embarrassed, and his eyes showed shame. This guy, Wayne Lin, actually forgot him? Unreasonable!

He immediately raised his voice and said, "I am Liu Di, you don't remember me so soon?"

Wayne Lin suddenly realized that he seemed to remember it. When Liu Di's face returned to smile, he immediately said, "I don't know."

"You!" Liu Di was suddenly angry at him. He originally wanted to taunt Wayne Lin, but he didn't expect Wayne Lin to be so down and out now, and he is so cheap!

Immediately another person came out. It was a woman with a blessed figure. She looked up at Wayne Lin. Her eyes clearly looked down on Wayne Lin and were full of contempt. She squinted and said, "Wayne Lin, I heard that you have been expelled from the Lin family in the past five years, and now you are living like a bereaved dog."

She spoke without the slightest pretense, and she mocked Wayne Lin directly and relentlessly, especially the lofty and contemptuous expression in her expression, which was incomparably beaten.

Even if it was Wayne Lin's disposition, he was a little uncomfortable when he was stuffed with such a sentence by the other party. Of course, he would not express this emotion. He pretended to be surprised and said, "Are you Zhuang Yuan?"

Zhuang Yuan was recognized by Wayne Lin, the expression on her face became more arrogant, she straightened her shriveled chest, and said, "Yes, it seems that you still have some eyesight and recognized this lady."

Wayne Lin smiled and said: "Then you must be recognized. In the circle, you are the fattest, like a pig. I didn't expect that after the past five years, you are still so fat. You usually eat pig feed.?"

Hearing this, Zhuang Yuan's face suddenly became irritated, and immediately after being defeated, she cursed angrily: "Wayne Lin, you are looking for death!!"

Other people present wanted to laugh when they heard this sentence, but they laughed out embarrassedly.

Zhuang Yuan is indeed very fat, and it belongs to the kind where the meat should not grow, and the meat should not grow crazy. Her posture has no beauty at all. Many people call her to be a fat pig in private. .

Chapter 777

"Wayne Lin how do you talk!"

"There is no reason to say that Zhuang Yuan is a pig. I think you are living impatiently!"

“You, the abandoned son of the Lin family, you can’t even drive a car. Who gave you the confidence to mock Zhuang Yuan!”

“You’d better apologize to Zhuang Yuan immediately, otherwise you won’t be as fruitful!”

Suddenly, many people jumped out to scold Wayne Lin, aggressively and harshly speaking, with no intention of putting Wayne Lin in their eyes.

Wayne Lin saw this situation, he was naturally impossible to persuade him, it was not that he was stingy, but he didn’t need to show these people a good face.

But of course he didn’t scold the street either. He just snorted, and suddenly a strong aura emanated from his body. Everyone who was swept by his eyes couldn’t help feeling the fear, and his heart was all caught in that moment. Pinched tightly.

Their faces became pale, and they didn’t even dare to look at Wayne Lin’s gaze, joking, what realm Wayne Lin is now, if he wants to exude all his aura, he can directly scare these ants to death. In the past, even became a vegetable!

The spiritual power of the Innate Realm Dzogchen is so powerful that it is far beyond the ability of ordinary people.

Wayne Lin took it as soon as he saw it, and didn’t let the group of people pee their pants. There was no need. For him, these former playmates were already ants.

He came over today, originally just wanting to talk to Murong Xue about the past, nothing more.

Even the Lei family’s elder, when Wayne Lin’s gaze was scanned, his brain was instantly demented, and his heartbeat suddenly accelerated a lot.

When he reacted, he was very annoyed. The eldest young master of his dignified Lei family, of course, is noble to say!

If Wayne Lin is still the second youngest of the Lin Family, maybe you can compare him with him, but now Wayne Lin is just a downcast little person, and he is actually shackled by such a little person. To him, it is an absolute shame. !

So he was a little angry at the moment.

Not only him, but the other people present were in the same mood, looking at Wayne Lin more angrily and disgustingly. Some of the more energetic men even wanted to do something with Wayne Lin. Anyway, there are many people, and Wayne Lin has only one. Even if they beat Wayne Lin, Wayne Lin can't do anything about them.

Wayne Lin naturally saw their thoughts. Fortunately, they didn't do this. Otherwise, Wayne Lin wouldn't mind giving these "old friends" a lesson!

"Murongxue, since you have a meal, then I won't bother you."

Wayne Lin knew the nature of the dinner tonight, and didn't want to stay here anymore. For him, it was a waste of time.

Murong Xue was also shocked by the look in Wayne Lin's eyes just now. At that moment, she seemed to see the spirited Wayne Lin from before, and even the awe-inspiring and domineering displayed at that moment was even stronger than before!

She is now a bit of six gods, and she subconsciously looks at Leyton next to her, begging for Leyton's meaning.

Leyton snorted. Originally, he had no idea about Wayne Lin, knowing that Wayne Lin was only Murongxue's childhood sweetheart, but now he is completely desolate and has become a bereaved dog. For such a small person, he only needs to give a warning. It's almost enough to let Wayne Lin retreat. But just now, the look in Wayne Lin's eyes calmed him and made him angry.

However, Wayne Lin would not be let go so easily.

At the moment he showed a meaningful smile and said, "I've already come, so what are you going to do in a hurry? You are Murong's friend. As Murong's fiancée, I should treat you well!"

He deliberately bit the word 'entertainment' harder, and his face was full of meaningful smiles. Anyone who knew Layton at the scene knew that Layton was angry and wanted to humiliate Wayne Lin severely.

This kind of situation is something they love to see. They had hatred against Wayne Lin, but now they can see Wayne Lin embarrassed, that would be great!

Wayne Lin never paid attention to Layton. He looked at Murongxue from the beginning to the end. To tell the truth, he didn't care about who Layton was and didn't pay attention to it. He came here just Give Murongxue face.

However, from Murong Xue's eyes, he could no longer see the feeling that he used to. Murong Xue now is no longer the same Murong Xue.

He shook his head, sighed in his heart, sighed a little, and then just turned and left.

But as soon as he left like this, he was immediately stopped by Leighton, "Stop! Is this the place where you want to come?"

He said these words very unceremoniously, and his tone became much colder. In accordance with the current situation, if he changes to other people, he will definitely be very scared, but for Wayne Lin, it is naturally not at all.

Wayne Lin stopped and turned around, "Why do you want to force me to stay?"

Murongxue was a little nervous. She said, "Wayne Lin, you shouldn't be so stingy. I saw that you rarely come back, so I called my friends in the circle to greet you. I just made a joke with you, could it be you? Is that angry?"

What she said was to ridicule Wayne Lin just now. If Wayne Lin were to leave, it would become Wayne Lin's stingy.

Others also said, "Yes, Wayne Lin, wouldn't you really be so stingy? Everyone is a friend. I haven't seen you for so long. If I made a joke with you, you should take it seriously?"

"Hehe, after so many years, why have you become even more stingy than before."

"It's boring, not conscious."

What's more, he said: "I see, he is not angry, but afraid. After all, he is not a bad mess, hahaha."

The smile on Layton's face became even brighter. He looked like a protagonist. He stepped forward and said to Wayne Lin: "Wayne Lin, right? They were all joking with you just now. You don't have to. Take it to heart. You are Murong's friend. Let me

entertain you. Don't worry, I will treat you tonight. You don't need to spend any money, you can eat whatever you like."

Others also followed Wayne Lin hypocritically, joking. They were here to mock Wayne Lin and embarrass Wayne Lin. If Wayne Lin went back so easily, it would be boring.

Wayne Lin fell silent, seeming to hesitate.

At this time Murong Xue said again: "Wayne, come and sit down, I will toast you a cup first."

Murong Xue came over with a wine glass.

Wayne Lin showed a smile, and after clinking glasses with Murongxue, he began to sit down generously.

Leiton also sat down, Murong Xue snuggled against his friend, looking like a little bird, and deliberately holding Murong Xue's waist, with a serene expression on her face, which was clearly showing off.

Chapter 778

Wayne Lin's heart is like a mirror for Leyton's behavior, and he laughs in his heart. Such a naive approach naturally cannot affect his emotions. He has no such affection for Murongxue before.

After a while, a man said to Wayne Lin, "Wayne Lin, I don't know what company you have now? What is your annual income?"

When he asked this, everyone else's faces were full of jokes, and they were clearly watching Wayne Lin's jokes. They all knew from Murong Xue that Wayne Lin had been expelled from the Lin family five years ago, and now he is in a particularly desperate way.

Naturally, they would not let go of this kind of beating a dog in the water.

Wayne Lin said: "I really don't know the annual income. Subordinates help me take care of it."

Wayne Lin didn't lie about this. He has already handed over all the business matters. He really doesn't know how much he earns a year, because he doesn't care, but what he can be sure of is that he is one year now. The income is an astronomical figure. Even the dozens of rich second generations present will not earn him a year in total.

He didn't bother to say this kind of thing. It wasn't that he was embarrassed, but that it made no sense.

But his reaction fell in the eyes of other people, and it turned into an expression of guilty conscience, and another person said strangely: "Oh, listening to you say that, it seems that your company is very big? No? Do you know what company you start? Let's listen to it and see if there is any possibility of cooperation between us."

What he said was just ridiculing Wayne Lin, and ridiculing Wayne Lin round and round.

Murongxue is also very curious, will Wayne Lin actually start a company?

Wayne Lin didn't answer right away, but instead of drinking and eating vegetables in a hurry, his behavior was particularly unpleasant to others.

I think Wayne Lin is pretending to be coercion, and it is too shameless to pretend to be coerced in front of them!

After serving himself comfortably, Wayne Lin said, "The Lin Group, have you heard of it? I drove it."

"Which Lin group?" Leighton asked.

The Lin Group is not unfamiliar to them, because it is the largest enterprise in Province G. It is not only huge in scale, but also in many fields, and the development is particularly good. It can be imagined that in a few years, it will definitely become the business empire of China!

Wayne Lin gave the full name of the Lin Group.

The scene suddenly became quiet.

Then there was a burst of laughter.

“Puff! I heard you right, right now, the Lin Group, which is in the limelight in the province of G, was yours?”

“Hahahaha! I really laugh at me. I see a lot of people who like to brag, but I’ll see you for the first time if you grow up like you! Why don’t you say that the entire country of China belongs to you?”

“Interestingly, do you think your surname is Lin, and the Lin Group belongs to you?”

Wayne Lin’s answer immediately made them laugh to death, and ridiculed them unabashedly again.

“Is it funny?” Wayne Lin said lightly.

A man laughed out of breath and said, “It’s funny, this is the funniest joke I’ve heard this year! The Lin Group belongs to your Wayne Lin, haha. No, I have to take this. If you post jokes to your circle of friends, many people will like it.”

Murongxue also shook her head, thinking that Wayne Lin was crazy and wanted to suffer a lot. She even dared to say this, and there was a problem in her mind.

Leiton was also laughing, he naturally wouldn’t think that Wayne Lin’s words were true, what kind of existence was that of the Lin Group, even their Lei family would cling to it and be a behemoth to fudge.

Especially the chairman of the Lin Group, who is even more of a fairy-like character. I heard that he is still a great master, his realm is extremely high and his energy is huge, beyond the scope of ordinary people’s understanding!

And the Wayne Lin in front of him was just an abandoned son of the Lin family.

But anyway, to hear such funny jokes is still quite interesting for him, as it is a joy in life.

He waved his hand and motioned to everyone else to stop laughing, but said to Wayne Lin: “It’s amazing. It seems we have missed it. Unexpectedly, you are the chairman of the Lin Group who has never seen the end of the dragon, a super man. what!”

Wayne Lin couldn’t hear Layton’s ridicule, he said: “It is much better than you little people.”

The smile on Layton's face became a bit stiff. He was originally a yin and yang strangeness Wayne Lin, but he wanted to see Wayne Lin's embarrassment. He didn't expect Wayne Lin to have such a thick face and he really put it on.

He clapped his hands and continued to mock with yin and yang, "Awesome! It seems that we are really the big people we met this time. I heard that the assets of the Lin Group are close to 500 billion, which is a huge business empire. , And you are the chairman of the Lin Group, you must be very rich, right? Why don't you settle the bill tonight?"

He looked at Wayne Lin completely mockingly to see how Wayne Lin picked it up.

Others also cried beautifully, this move directly general Wayne Lin.

If Wayne Lin refused, he would immediately slap his face and become a laughing stock, and if Wayne Lin dared to agree, it would be even worse and would directly bankrupt Wayne Lin!

After spending this night, it is impossible not to have one million eight hundred thousand.

They just watched how Wayne Lin accepted the move.

Why can't Wayne Lin understand? He sneered and said, "Didn't you just say a treat? Why, you forgot to bring money?"

To Wayne Lin's bill tonight, it's not even a dime, but it doesn't mean that he doesn't cherish money. If he asks these guys to eat, he would rather throw the money into the sea.

Leiton suddenly laughed, "Hahaha, I'm not giving you a chance to show, after all, you are Murong's childhood sweetheart. By the way, I heard that you are still the second young master of the Lin family. You were expelled from the Lin family five years ago. I wonder if this happened?"

Layton said this, his face full of joking.

Others also looked at Wayne Lin mockingly.

As for Murongxue, her gaze towards Wayne Lin was also very cold, she felt that Wayne Lin had failed too much, and looked down on Wayne Lin from the bottom of her heart.

Wayne Lin looked at Murong Xue directly and said, "Murong, you called me over tonight, just to let these guys taunt me and taunt me?"

Murong Xue did not expect Wayne Lin to ask so directly. For a while, she was still a little flustered. After all, her image in front of Wayne Lin has always been very kind and elegant, mocking people such harsh things, and Her personal settings do not match.

Leyton immediately said: "Huh, that's what I meant! Wayne Lin, you trash, don't take pictures of yourself by soaking urine, you actually have the face to ask Murong to eat, and want toads to eat swan meat? I warn you, Murongxue is my woman. I don't care what your relationship with her was before. From now on, if you dare to pester her again, I can make you ask, believe it or not?!"

Leyton said this, incredibly arrogant and domineering, making Murongxue's heart instantly melted when he saw it, thinking that Leyton was the most domineering man in the world. In contrast, Wayne Lin was just a clown!

Chapter 779

Others are also gloating at Wayne Lin to see how Wayne Lin will react. As long as he is a normal person, under such circumstances, he will definitely feel the unprecedented humiliation when he is given such an unrelenting lesson. , Thus doing irrational things.

And they waited for Wayne Lin to do irrational things, as long as Wayne Lin did irrational things, then they would continue to concoct Wayne Lin immediately, and it was easy to beat Wayne Lin hard.

Sure enough, Wayne Lin smiled when he saw Layton so confident. Originally, he didn't want to be familiar with Layton, because he had no interest in Murongxue. Now Murongxue is just for him. Just a former old friend.

Seeing that Murongxue had found the one he liked, he should have been happy for Murongxue, but now Murongxue and Layton's operations really made him feel sick.

He laughed straight out and asked, "Is that right, if I refuse, I don't know how you are going to deal with me?"

When Leighton heard this, his face became more gloomy, with a grin on his face, he stepped forward, and the horses beside him also took a few steps forward, surrounding Wayne Lin. , Layton said: "Hehe, if you really dare to toast and not eat fine wine, then I suggest to teach you a bitter lesson!"

His eyes were full of threats and coldness. As long as Wayne Lin dared not to be obedient, he would shoot directly and beat Wayne Lin severely.

Wayne Lin laughed loudly. He wasn't angry, but he felt funny from the bottom of his heart. A small person like Layton dared to threaten him like this. It seemed that he was too low-key.

"Then I would like to learn your lesson." Wayne Lin also said with a smile, intriguing.

Originally, he had no feeling for a small person like Layton, just like the ants on the ground, but if the ants were always disobedient and dared to bite him and provoke him, then he wouldn't mind stepping on him to death. Only ants.

Murongxue frowned. She saw Wayne Lin look like this. It could be said that the last trace of respect for Wayne Lin was thrown away, leaving only endless contempt and disgust for Wayne Lin.

Originally, she planned that Wayne Lin was her childhood sweetheart anyway, but now Wayne Lin is down. As long as Wayne Lin corrects her position and gets along with her well, she is also ready to say something in front of Layton. Wayne Lin is arranging work.

But now it seems that there is absolutely no need for this. Wayne Lin is totally ignorant of good or bad. Such a person deserves a lifetime of despair!

She directly said coldly: "Wayne Lin, I urge you to dismiss your idea of me. The current me is not something you Wayne Lin can climb!"

When she said these words, she was completely cold, she had no feelings for Wayne Lin, only disgust and dislike.

Leyton heard these words, and the smile on his face became more intense, and he clasped Murongxue's small waist tightly, and kissed Murongxue, and then he gave Wayne Lin a demonstration. Raising the eyebrows is completely a gesture of a winner.

He was very satisfied with Murongxue's performance, nothing happened, and he felt more fulfilling than in the current situation.

You know, Wayne Lin used to be the second young master of the Lin family, and Murongxue was Wayne Lin's childhood sweetheart. Now his behavior is to grab women with Wayne Lin, and he likes this feeling the most.

Wayne Lin naturally saw Layton's thoughts at a glance. To be honest, he didn't care about Layton, but Murongxue's approach really disappointed him. A friend so good before became so realistic and realistic. The city is gone.

He shook his head and said, "Murongxue, do you really think that if I left the Lin family, I really can't hang on? You grew up with me, you should know me very well, in your mind In, I am so useless?"

Murongxue was moved when she saw his gaze, but she immediately shook her head and denied it, thinking it was just Wayne Lin's dying struggle, swollen face to fill the fat man, if Wayne Lin is really good, then It is impossible to wear so shabbyly on such an important occasion tonight!

And when Wayne Lin came just now, Wayne Lin didn't even drive, this is a completely desolate performance!

She can understand Wayne Lin's desolation, and even some sympathy, but Wayne Lin is clearly desolate, and she has to pretend to be very powerful, and even said that she is the chairman of the Lin Group, which is completely ridiculous. !

She sneered and said: "Wayne Lin, I am really disappointed in you. I originally thought that for the sake of friends for many years, I was planning to introduce Shao Lei to you, let Shao Lei arrange work for you, and let you My life is a little better. I didn't expect that you would not only not appreciate me, but also give me an idea! Humph, you don't take a piss and take pictures of yourself. Are you now qualified to pursue me?"

With these words, Murongxue felt a lot more comfortable, especially the encouraging and satisfying look in Layton's eyes towards her, which made her even more happy.

Wayne Lin sighed in his heart. By this moment, he had thrown away the last trace of his concern for Murongxue's old friend. Now Murongxue is no longer the Murongxue he remembered.

"You said so well, because we are all old friends. I originally wanted to promote your Murong family. I didn't expect you to put me in your eyes at all. You said a good meal and called it this. Many people came to humiliate me." Wayne Lin said with a smile. He faced the hostility and ridicule of so many people alone, without the slightest restraint or anxiety. It hasn't fallen, but anyone with a bit of foresight will find that such Wayne Lin can't be disappointed.

"Murongxue, I admit that I did have a good impression of you before, but you think, after so many years, do I still like you? You feel too good about yourself. Now you can't get into my eyes at all. ."

Hearing these words from Wayne Lin, Murong Xue's face became even more ugly, and she snorted heavily, "You!!!"

She originally wanted to see Wayne Lin regret, panic, and even confess, but she didn't expect that Wayne Lin was a dead pig who was not afraid of boiling water, and even dared to say such excessive words.

She said directly to Layton: "Brother Lei, he bullied me!"

Layton nodded, his gaze fixed on Wayne Lin, full of hostility and coldness, and with a big wave of his hand, he said, "Get me down with this surname Lin!"

He was going to directly attack Wayne Lin.

Chapter 780

Hearing what he said, many people immediately strode towards Wayne Lin eagerly, their mouths filled with grinning smiles.

"This Wayne Lin is finished, dare to fight Lei Shao? Isn't this looking for death!"

"I see Wayne Lin's desolate life in the past few years, there is a problem in his mind, otherwise, how could he do such a stupid thing?"

“There is a good show to watch here. Tell me, will Wayne Lin kneel down and beg for mercy?”

“Sure, I offended Shao Lei, he still wants to leave?”

“I will take this scene later and send it to the circle of friends, hahaha...”

At this moment, everyone was mocking Wayne Lin, thinking that Wayne Lin must be finished this time.

The corners of Wayne Lin’s mouth also rose slightly, revealing a joking smile. It’s ridiculous that these people are actually trying to harden him.

Since this is the case, it is also necessary for him to teach these guys a profound lesson.

“Wayne Lin, you rubbish, I used to rely on you as the second young master of the Lin family, and I didn’t know as much as you, but now you are an ant, and you dare to jump in front of us? It’s almost a death! In this case, I will give you A bitter lesson.”

Soon there was a taller young man who rushed in front of Wayne Lin for the first time, with a grin on his face, then shot directly, grabbing Wayne Lin’s neck, and wanted to take Wayne Lin down.

Obviously he has practiced some handles in this movement, which is a bit more powerful than ordinary people, but to Wayne Lin, it is no different from the ant.

Wayne Lin was not polite when he came over, he just slapped it and slapped it very loudly.

The man was beaten and rotated three times on the spot, and then fell to the ground. The whole person was dumbfounded, and half of his face was red and swollen, like a pig’s head.

At the same time accompanied by painful screams.

Wayne Lin didn’t use too much effort with this slap, otherwise he would have to knock off the opponent’s head. Although he didn’t use his full strength, Wayne Lin also penetrated some internal energy in, and this was enough for this guy to suffer.

Others saw that Wayne Lin settled a person so easily, they were stunned for a moment. They didn't expect that Wayne Lin had not seen him in five years, and his skills had become so good, let alone that Wayne Lin was so courageous, he was already in despair. , Dare to fight back, this is simply looking for death, absolutely looking for death!

"Damn, let's go together and kill him!" The young man who fell on the ground was already so angry that he yelled hysterically.

Others also started to get annoyed. Wayne Lin, this guy, didn't kneel down and begged them for mercy. He even dared to fight back and hurt someone. This is simply unforgivable!

In addition, they themselves have a grudge against Wayne Lin. They drank a lot of wine just now. As the so-called wine is full of guts, now they are full of anger in their chests, screaming in their mouths, in all directions Come over and rush towards Wayne Lin together.

They didn't believe it anymore. They went together, but couldn't take Wayne Lin?

They want to directly maimed Wayne Lin!

The arc of Leyton's mouth is even more exaggerated. He has already seen Wayne Lin's miserable appearance. Such an abandoned child from the Lin family dared to jump in front of him, it was almost death! !

He has a hundred ways to let Wayne Lin stay in China

.

Even Murongxue's eyes were half sentimental now, only happy, she wished to see Wayne Lin being taught.

However, what happened next stunned all of them, completely dumbfounded.

I saw that Wayne Lin didn't move either. He was still standing on the spot, facing people coming from all directions. His movements were very relaxed, exactly like swiping flies. He slapped and slapped, and gave these people to them in less than a minute. It fell to the ground mercilessly.

And it's still very clean, not one level at all.

After a while, the ground was full of people lying on the ground, all of them couldn't stand up, Wayne Lin's internal energy penetrated, and they screamed with pain. Not to mention how wonderful the scene was.

"This..." Leyton was completely stunned, his eyes staring out, and he looked at the scene in front of him incredibly. He did not expect that Wayne Lin's combat effectiveness would be so strong, and it completely exceeded his expectations. !

Especially when Wayne Lin looked at him with a single eye now, he immediately struck a spirit, and for the first time he had the thought of fear.

He swallowed his saliva, and said to Murong Xue with some irritation: "Didn't you say that Wayne Lin is a trash? What is the situation now, how is his skill so good!"

Murong Xue was also in a daze. In her impression, Wayne Lin had indeed practiced martial arts, but he was definitely not so powerful!

"I, I don't know, he could only say very general..." Murong Xue's tone also contained some grievances.

Wayne Lin clapped his hands as if he had done a trivial thing, and then he slowly walked towards Leyton and Murongxue, the expression on his face was very intriguing, and immediately made Leyton even more frightened. He stepped back and said quickly: "Wayne Lin, what do you want to do, I advise you not to mess around!"

Murongxue saw that there was something wrong with this situation, and Wayne Lin was about to beat people. She also immediately said: "Wayne, don't be impulsive. Just now Lei Shao just made a joke with you. Lei Shao is the eldest of the Lei family. , A distinguished status, if you move Lei Shao, you will never know how to die!"

"Really?" Wayne Lin already walked in front of Leyton and Murongxue, looking at them with a smile but a smile, "It seems that I really can't offend the Lei family."

Layton saw Wayne Lin seem to be shocked. He was afraid of the Lei family and didn't dare to attack him. He immediately breathed a sigh of relief. His rickety body also began to straighten up, coughing twice, and said in a majestic manner. "Wayne Lin, I just joked

with you just now. I can't see that your skill is so good. It's very good. I admire you very much. You can come to my company and be my security guard..."

With a snap.

As soon as Leyton finished saying this sentence, Wayne Lin slapped him in the face and slapped him in the face, spinning him on the spot, and fell to the ground. The rim glasses were also knocked off.

"You, you, you, you dare to hit me?!!!" Leyton was furious, his eyes full of anger and violence.

Murong Xue also pointed at Wayne Lin, shaking tremblingly, "You, you, Wayne Lin, you dare not thunder, you are done, you are done!"

Others also thought that Wayne Lin was crazy, and he really dared to strike Leighton. The mockery was nothing. If he really strikes Leighton, the nature is completely different.

For a while, they all looked at Wayne Lin like a dead person, thinking that Wayne Lin was going to die!
