

# **Blossoming Her Shielded Heart Chapter 201 – 210**

## **Chapter 201**

After staying at the Nelson family mansion only for one day, and then Zoey and Julia went back to Shawn's villa. Besides, since that day, Holden and Zoey went on their honeymoon, so he hadn't come to Shawn's villa.

Julia thought of the words that Holden said at the door of Zoey's room, and Holden had really let go of his love for Zoey? Was he really going to be a good husband or a good brother?

Hobson could take advantage of the chance when Holden Sarahve Zoey. Besides, he heard that the Nelson family had discussed with the Lee family, and that Zoey and Hobson were going to get engaged.

Every day, Hobson would come to Zoey, but Zoey didn't go out with him, but they would play in the yard. Julia occasionally saw that Hobson wanted to kiss Zoey, but Zoey refused.

In Zoey's heart, she couldn't forget Holden. But Julia could tell that Zoey was trying to like Hobson. She was trying to forget Holden.

Shawn also forbade Julia to go to work. She and Zoey just went out for a walk. The baby had grown up day by day and the most favorite thing of Zoey

was to go around Julia. On the surface, everything seemed to be fine. Until a phone call from Barbara, Julia was almost scared to death.

“Mom, what did you say! What! ” Julia was so shocked that she sat up straight from the bed.

Shawn, who was dressing, turned around and sat beside her with a frown. He gently embraced her into his arms to soothe her. The doctor said that pregnant women couldn't be too excited. Why couldn't this girl remember?

Julia felt that Shawn was more concerned than reproachful. She calmed down a little and said to the phone calmly, “Mom, I'm fine in Ventrusburg. I've been taken care of by someone. Don't worry. I won't let anything bad happen to me and baby.”

“Mom, you don't have to come. My apartment is very narrow-minded. You have seen it last time. I'm afraid that you are not used to it!”

“It's not a big deal. I'm fine, really! I'm very strong. Don't worry! “

Julia tried her best to find some excuses but in vain. Finally, she gave up. Barbara still decided to come. She threw herself into Shawn's arms and started to wail.

Mom is coming

What if her mother knew that she had been lying to her all the time She hadn't gotten everything ready.

He didn't know if it was because she told Barbara that the child she was carrying was a rapist's. And Barbara didn't seem to tie her up with Steve any more. That was also a good thing, in case she lied to him and prevaricated.

“What should I do? Mum is coming to Ventrusburg.” Julia looked up at the man who was holding her, her beautiful face twisted into a bitter melon in an instant.

“It’s good that she takes care of you.” Shawn smiled and pinched her cheek. It felt so good.

With her cheek bulged, Julia stared at him and said, “if my mom comes, I must go back to the Zona Residences! You can’t come to see me. You can’t let her find you, either. Is that okay? “

“No, not good.” Shawn heavily kissed her. How could he let her live al

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

“As long as I’m alive, I’m still his legal wife, while all of you are just his mistresses.”

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she Sarahrned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

the power supply. Then she covered the TV with a cloth.

“.....” Julia was silent.

It was said that in order to prevent the baby from being radiation from the TV, Zoey had paid more attention to the TV since two days ago and the screen of the TV had been covered every time Julia was here.

“Have some soup.” Immediately, Zoey went to the kitchen and brought the medicinal soup made by Maria to Julia.

Julia was sick by the dark soup.

“No, thanks.” Julia waved her hand.

“You have to drink it. If you feel uncomfortable with your hand, I can feed you.” Zoey then held up the bowl and, with a frown, delivered the soup to Julia’s mouth.

“.....” Julia was in a cold sweat.

She roared in her heart. She was just a pregnant woman, not a disabled man who was paralyzed Now Julia was taken care by Zoey, Maria and Shawn. Julia would thought that she was an advanced disabled man

“I will drink it.” Julia took the soup from Zoey and swallowed it with difficulty.

It has been only three months and Julia has already been treated like this. It’s hard for her to imagine what would happen next. She really doubted that she will be tied to bed and can’t go anywhere

Seeing that Julia had finished all the soup, Zoey was relieved. She took out another bowl of soup, like magic. “That bowl of soup was nourishing the body of the adults. This one is good for the baby.”

Julia fell to the ground.

Thanks to Zoey, she was forced to drink some different types of soup. Now, Julia was even more depressed. Thinking that her mother was coming, she felt annoyed. She also remembered that she had to eat so many disgusting things everyday. She was so upset

“Julia, do you want to go anywhere?” After the meal, Zoey planned to take her for a walk.

Julia shook her head. She was getting lazier and lazier. After eating, she wanted to sleep. Yesterday when she looked in the mirror, she found that she was fatter than before. As a result, she dared not stand in front of the mirror today.

## Chapter 202

She teased, “didn’t Hobson come to see you today?”

Zoey’s expression turned complicated when it comes to Hobson. She sighed, shook her head and said “I told him yesterday that I was busy today.”

Julia didn’t mention about Hobson any more. Although Zoey had been trying to get along with him, she still can’t fall in love him.

“I don’t want to see him anymore.” Drooping her eyes, Zoey cannot help but said “I hate him to touch me.”

Julia wanted to say that they had known each other for a long time. How could Hobson not touch her.

Zoey could make friends with Hobson, but she want to be his girlfriend.

Noticing that Julia was in a slightly depressed mood today, Zoey looked at her with worry and asked, “Julia, are you feeling well?”

Julia looked at her and sighed, “I’d rather be sick.”

Zoey looked at her with confusion. Julia raised her head and smiled bitterly. “My mom is coming.”

“No way!” Zoey was stunned. She had been with Julia for a long time so she also knew that Julia didn’t tell her mom that her boyfriend is Shawn.

“Yes.” Julia nodded her head seriously and said, “My mom has already taken a train. You will see my mom tonight.”

Zoey glanced at Julia’s gradually swollen belly and said, “in fact, I think your mother will accept Shawn because he is so excellent. You’d better tell the fact to your mom.”

Julia gave her a quick glance and said, “ After the first day of the meeting, my mom complained that Shawn was not a good guy and she didn’t like Shawn.” No matter how excellent he was, he couldn’t win her mother’s favor. The only reason was that he was the son of Noah.

Just for this reason, Barbara has been unable to accept Shawn.

“What a fool woman! It’s her lose.” Zoey felt aggrieved.

Julia didn’t want to contradict Zoey and went on sighing.

Shawn only let Julia not to worry about it. But he didn’t tell her how to do it. He didn’t give her a cSarahr hint. Can she not worry about it?

As for the matter of her mother, Shawn never told her how to deal with it. He only let Julia guess. If she could figure out his mind someday, she must has been a world-class psychologist.

“I want to go back to the Zona Residences to cSarahn up that room or I’ll move back.” Said Julia, gritting her teeth.

Thinking of that narrow the Zona Residences, Zoey was extremely unhappy. She came up with an idea and said, “you can take your mom here to live. There are a lot of rooms here. At that time, I will stop Shawn so that he won’t have a direct conflict with your mom.”

“Are you really going to help me?” Julia happily said.

“Of course, I’ll support you and your baby. If you need help anytime, you just tell me .” Zoey said gallantly, patting her own chest.

“Zoey, you are so nice .” Julia Smiled at Zoey. With the help of Zoey, she could stop Shawn..

They then discussed with each other about various schemes and unexpected situations.

For example, Julia and Barbara were in the living  
got angry, there would be serious consequences.

Shawn smiled, pretending to be innocent, and stroked her soft hair dotingly. It was like he was combing a kitten.

“Kitty, are you sure you want to ignore your mother and solve our problem?”  
Said Shawn in a gentle voice, after kissing her nose.

Barbara was still here. Julia really didn’t know how to face her mother. It was all so sudden. She had planned a lot of scenes when she would pick up her mother at the train station, and she also prepared many lies, trying to stop Shawn and her mom from seeing each other. But she didn’t expect

She was the one that was made fun of.

The damned Shawn! If he didn’t give her a good explanation when he was back in the bedroom, she would make him kneel on the washboard or keyboard.

“Mom...” Finally, Julia was willing to face her mom and said in a fawning tone.

“Haha.” She sneered.

She shrank her head again.

“Didn’t you say that you would call me after you left the train? Your phone is power off? ” It was difficult for Julia to find a topic. However, her voice trailed off as she saw that Barbara looked unhappy.

“The phone worked.” Barbara replied.

Barbara was unhappy, but didn’t see disappointment or anger on her face. Julia was a little surprised.

“Mom, would you like something to eat? How about I cooking for you? ” Julia’s thin body can’t help but hide in Shawn’s arms. She has kept the fact from her mom for so long. She was worried about that her mother would kill her as soon as her mom was angry.

Barbara sighed heavily.

When her heart was about to palpitate, Barbara was about to teach her Even though her mom knew that Shawn was her child’s father, will her mom still want her to be with Steve?

Although she still didn’t dare to face her mom, she was not as terrible and helpless as she thought.

Was it Because Shawn accompany her and his arms were warm and strong, It seems that he could protect her from all the wind and rain.

## **Chapter 203**

“I can’t believe you still like a child when you are pregnant. Shawn was very tired to take care of you. Barbara sighed helplessly.

Julia was completely stunned. Was that what Barbara would say? Barbara didn't ask her anything and her tone seemed to have agreed with the existence of Shawn.

"Mom, aren't you angry?" Julia giggled and asked carefully.

"Yes! When I just knew the truth, I was so angry that I wanted to call you and scold you. You are such an unfilial daughter that you have hidden from me for so long." A fierce look was shown in her eyes.

Julia regretted asking this question.

"I couldn't get through to you, so I vent my anger on your lover. Have you noticed that there were bruises on his back? I did that!" Viciously said Barbara.

Hearing her warning, Julia did remember that there were some deep scars on the back of Shawn for business. Was that caused by the iron rod in Barbara's home?

She knew well about her mother. Her mom was so emotional that she really did something illegal.

"Sorry, I didn't mean to..." Julia felt sorry for Shawn and sincerely apologized to her mom.

"Okay, it has been so many days and I have figured it out." Barbara waved her hand. If she hadn't figured it out, she wouldn't have come here to visit Julia.

This time, Barbara didn't want to take too much care of Julia. After Shawn left the town, it occurred to her that, in fact, she had taken Julia as a child who would not resist her. She thought everything she had done for her was good for Julia. But it never occurred to her that Julia had her own thoughts as well. Julia was no longer the little girl who only listened to her mother.

Barbara was still not satisfied with Julia's marriage with Shawn, but to see Shawn taking good care of Julia, not mention Juliet, even she will not let him go. Barbara's worry finally come to an end. In the Nelson family, Noah would take care of Julia.

For some reason, Barbara believed that what Noah had done for her was all true. He really liked Julia and would be a good father.

After much deliberation, Barbara realized that in fact, she dared not face Noah. It was her selfishness. Her fear made her not want Julia to have any connection with Nelson family.

Since Julia married Shawn and she was protected by Shawn and Noah, Juliet dared not to do anything to her.

Hearing that, Julia was stunned for a while and then said, "Mom, you are so wise!"

"Remember to tell me next time when you have anything. I'll try to understand you. Don't hide anything from me, okay?" Barbara smiled.

A lump came into Julia's throat all of a sudden. She felt so touched. It was the first time that she felt so relaxed.

She jumped out of Shawn, hugged her mom and said with a smile, "thank you. You must be the best, the most beautiful and most lovely mom in the world!"

Since her pregnancy, Julia bec

Astonished by the sumptuous and delicate decoration of the room, Barbara muttered to herself. "I can see that. Shawn was rich."

The name for Shawn from Shawn to Xiaoyu, Julia didn't know if she should be happy or sad about the change of her mom's attitude towards Shawn. Maybe

in a short time, Barbara would be completely support Shawn and took her place of an inferior position in her mom's heart.

Julia wanted to help Barbara pack her luggage, but Barbara stopped her. She pulled Julia onto the bed and said, "I'll do it." She pinched Julia's face and said: "it seems that you have lived in Nelson family well. You have gained a lot of weight."

"Don't worry. I had a good time in Nelson family." Julia knew her mom's misgivings. She said earnestly.

"Got it." Barbara nodded her head

What Julia didn't say was Noah and Juliet didn't know Julia was pregnant at all. Julia didn't come back to Li family very often, and neither Zoey nor Holden told Noah and Juliet.

"Is he alright now?" Suddenly, Barbara asked.

Julia was stunned for a few seconds and then realized that the man Barbara was talking about was Noah.

"He was fine. But he was still much older than before." Compared with ten years ago, Noah was totally different.

"How can a man never grow old?" Barbara smiled and her voice was not as cheerful as before.

Every time Noah was mentioned, her mom would feel inexplicably sad.

However Mom The only woman that Noah loved was Jean, while you were just Jean's shadow .Julia really didn't dare to speak out these words at all.

Julia sighed. Sometimes she felt that fate was so magic. The relationship among the elders was so messy, and she married Shawn accidentally.

“Okay, you should go back to sleep now. Pregnant women can’t stay up late.” Barbara was about to push Julia away.

“Okay, you should go to bed early too.” Julia nodded, stood up slowly, turned around and left.

## Chapter 204

When she got back to the bedroom, she saw that Shawn was talking on the phone with his right hand hanging down naturally. Julia felt her chest stuffy and her eyes filled with tears. She was really want to see him completely healthy.

Seeing her come in, Shawn hung up the phone with a few words. He stood in front of her, his slender fingers brushing the tears that fell near the corners of her eyes. He slightly frowned his good-looking eyebrows. “What’s wrong?”

Julia shook her head in panic and her arms were wrapped around his waist and ran into his arms.

“When did you come to visit my mom? Why didn’t you tell me?” Julia raised her eyes and looked at him with both complaint and grievance.

“Tell you? It’s not an important thing. ” His cold face always became soft in front of her, and his voice was always filled with affection.

“I don’t care. You can’t do it to me from now on.” Julia kept on glaring at him.

Shawn couldn’t help laughing, lowered his head and kissed her on the forehead. Then he picked her up. With her arms around his neck, she obediently let him hold her.

He put her on his lap and touched her abruptly swollen belly. It seemed that he had touched their baby. His behavior was extremely gentle.

Julia rested on his shoulder and looked at this beautiful man quietly. If she can give half of her life in exchange for a wish, she must hope that Shawn's right arm will heal soon.

He wouldn't have suffered such a thing if he hadn't gone to find her. He had never mentioned it to her, nor showed his desire to make a full recovery of his right arm.

No one wanted to be disabled, so did Shawn. He didn't say anything just to make her not worry. This man was used to bearing everything on himself and protecting her in the safest place.

Julia was moved, but she felt more sorry for him.

"Why don't you answer me. When did you tell my mother?" Julia pinched his ears with her small hands and said discontentedly.

"Do you remember the roses I brought back from a small town?" Faced with the furious Julia, Shawn could only succumb to her and said with a smile.

Julia was shocked to find out that he was not on a business trip at that time, but went to a small city. What's more, the train whistle that night was the sound of the train going through the small city.

"You lied to me." Julia couldn't help complaining, but her voice was so soft and lovely.

She suddenly thought of something and undid the buttons of Shawn's white shirt. The smile in his eyes was deeper and he allowed her do anything. It was not until then that Julia saw his body carefully.

She had been tortured so much before that she couldn't look at him carefully or look at him directly.

There were still bruises on his shoulders and back, and even several scars left. She slid her slender fingers over his scars. Her heart was sweet but a little painful.

“You are so stupid. Why d

her face or his temperature.

“Thank you.” Julia smiled happily.

She was always his little sun, shining like the sun.

He curled his fingers and touched her lazy eyelashes, then he smiled. His smile was so lovely that Julia was totally attracted by it. She had seen Shawn’s wicked smile, but once again she was attracted.

Her pink lips slightly opened, and her dull expression looked like the most innocent and lovely child. While she was looking at him, she had become the brightest scenery in his eyes.

“Remember to keep your promise.” It was not until quite a while later that Shawn slowly speak out the words. His voice may be unique lethargic and sexy as he just got up, which made people feel touched.

Julia quickly lowered her head. She was not sure whether it was her illusion and the reason why she always felt that this man became more and more attractive was that he was more and more mature?

Julia wrapped her arms around Shawn’s neck and shrank her head into his neck. She smiled and said, “Okay, but you can’t bully me like that in the future. Only I can bully you.”

“Yes, my wife is the big boss.” With his head down, he was stroking her soft hair.

Upon hearing this, Julia laughed even more happily. A brilliant and excellent secretary finally overcame the enemy and became the wife of the big boss. Julia was indeed the greatest. She was so narcissistic.

Someone had forgotten who was deeply attracted by the big boss

After they rested for a while, they got up. As usual, he took her to the bathroom and took a shower. After that, he helped her put on her clothes, combed her hair, and even help her brush her teeth and wash her face. He had kept his eyes on her, because she slipped in the bathroom. What if she fell down accidentally?

Julia was used to this.

After they left, Zoey and Maria will take over the relay stick and take good care of Julia

It was not easy to be pregnant Julia sighed.

## Chapter 205

“Get along well with your mother. Call me if you need anything.” Shawn kissed her forehead and said to her lovingly.

“Well, she is my mom. She won’t embarrass me?” Julia stood on her tiptoe and gently knocked on his head.

Perhaps it was because that pregnant women were sensitive and they liked to rely on others, Julia had been very clingy to Shawn recently. She always hoped that he could accompany her all the time.

But she knew, as the CEO of the Nelson Group, Shawn couldn’t stay with her for months without Sarahving the company. She was very satisfied that he could spend all his free time on her.

“Well, hurry up to work, don’t delay.” Julia raised her head and helped him tie the tie. The tie that she bought was special to him and he hadn’t changed a single one for a whole day.

Later, Julia bought several ties for him, and he changed them in the ties she bought. Although she thought his behavior was funny, she couldn’t help feeling sweet in her heart.

After Shawn left, Zoey sat on the sofa waiting for her and a bowl of horrible soup made by Maria also on the table waiting for her. She heard that the soup was made from the precious medicinal materials such as the Chinese caterpillar fungus. However, in the mouth of Julia, it was a terrible soup. It was hard for her to swallow.

Although she had been pregnant for nearly three months, she didn’t feel sick. Perhaps it was because she was taken good care of by them.

“Hasn’t mom gotten up yet?” Julia put down the bowl boldly and asked casually.

Zoey shook her head and said with a frown. “Julia, I don’t think your mother likes me very much.”

Julia gave an angry stare at Zoey. Zoey was hard to get along with other people except for the several people. She was so arrogant that she couldn’t be friends with others.

“It’s okay. You will get familiar with each other after getting along with each other for a long time.” Julia tried to comfort her.

“Will you stop playing with me because of your mom?” Zoey asked again with her brows furrowed, “does my 24-hour nurse seem to be of no use?”

Julia tried not to laugh. She found that Zoey was afraid of loneliness.

Julia said to her seriously, “so you pSarahse listen to me ...”

Seeing the proud smile on Julia’s face, Zoey held her fists tightly. She would definitely punish

Julia when Julia’s son was born!

When they were having fun, Barbara came downstairs and saw that Zoey and Julia had a good relationship. She felt that Julia could live in the Nelson family happily.

When Barbara approached them, Zoey’s actions became restrained. She seldom gets along with elders.

“Mom, did you sleep well last night?” Julia asked with a smile, helping Barbara sit down on the sofa and massaging her shoulders

Although she was grateful for what Shawn had d

sn’t familiar with us.”

Zoey felt uneasy to hear him say “we”.

With a gentle smile, Holden gazed at Zoey lovingly and said, Zoey just cares about dad and mom. We are Sarahving now.”

Obviously, he was on Zoey’s side. Knowing that Holden had doted on her, Zoey didn’t take it to heart. She said, “Okay, we’re Sarahving now.”

They echoed each other very well. Zoey’s head had been lowered all the time. She hated Holden. They had better Sarahve, or they will make me uncomfortable. Moreover, Zoey could find here because Holden told her. This Villa must be a secret base for the four of them.

But Holden was taking his newly married wife here. He was not one of their team any more.

Since Holden and Zoey were Sarahving, as the hostess, Julia, of course, stood up and walked them out. "Be careful on the way. Say hello to mom and dad for us."

"Well, Julia, dad and mom really want you to move back. I know there are some conflicts between Shawn and Dad and mom, but they are both old, Shawn should not be too fussy about it." Zoey suggested earnestly.

Before he married Julia, Shawn had been living alone.

Zoey was not able to deal a twenty-year barrier with one or two words from her. Julia could only smile and say perfunctorily, "I will."

"Okay, bye." Zoey said in a graceful manner all the time.

After sending them out, Julia turned around, but her ankle accidentally hit the threshold. She lost her balance and swayed her body before she could barely stop.

Startled, Barbara quickly ran to help Julia. She couldn't help scolding her, "take it easy. You should be careful when you are pregnant."

His words were a bit harsh.

Zoey hadn't gone far. Startled, she turned her head and looked at Julia in disbelief. "You What did you say? "

Julia's heart jolted. Zoey was so excited that she grasped Julia's wrist. "Are... Are you pregnant?"

## Chapter 206

Julia tried hard to smile. It was impossible to hide the pregnancy from them all the time, and there was no need to hide it. But according to the character of Julie, she was afraid that Julie would find here.

In order to avoid any conflicts with Nelson family, she tried to avoid them. After a while, she gritted her teeth and shook her head. "No Mom said I was ill. You were completely mistaken. "

"Julia, are you treating us as outsiders? I can feel your pulse. " Zoey said in a calm tone and let go of Julia.

Julia was stunned, forgetting that Zoey was still a doctor.

"Congratulations," There was a complex expression in her gentle smile. After saying that, she turned and left.

Seeing Zoey and Holden Sarahving, Julia's body stiffened. It seemed that she couldn't hide her pregnancy from Noah and Juliet any more. Alas, if all these things have to be solved, then the truth will come to light.

Perhaps she could return to peace after making a scene.

"Julia. Seeing the expression on Zoey's face, they..... Don't they know that you are pregnant? " Barbara was a little surprised. Generally speaking, the Nelson family should know that she was pregnant. After all, the baby was a member of the Nelson family.

Julia nodded and turned to her mother: "Mom, the relationship between Shawn and Nelson family is not good. You said that Shawn got close to me in order to revenge me for robbing his father. In fact, you were thinking too much."

It had nothing to do with him who took Noah away. On the contrary, Julia hoped that what her mother said was right and that Shawn would stay with her

in order to take revenge on her for taking his dad away. This also showed that he loved his dad, but he treated his dad as an enemy.

“Besides, Juliet was not Shawn’s biological mother.” She knew that her mother was biased against Juliet and she guessed that perhaps half of the reason why her mother was reluctant to accept Shawn because of Juliet.

Some wounds couldn’t be healed even after ten years.

“Julia, you should have told me this earlier.” ‘if Julia had told her earlier, she would have changed her mind. When she thought that her daughter married the son of Noah who had insulted her and ignored her, she still felt uncomfortable even if she was forced to accept it.

But now, she felt much better.

Shawn was not Juliet’s son. He had nothing to do with Juliet. And if Julia would give birth to a baby, he wouldn’t have anything to do with Juliet.

Julia rolled her eyes at her and asked her in a low voice: “do you give me any chance to explain?”

Every time they mentioned this, Barbara would either hang up the phone or vetoed it. She didn’t want to listen to Julia’s explanation. Anyway, she couldn’t.

Barbara giggled and held Julia back to the mansion.

On Holden’s car.

Zoey looked out of the window with uneasiness. “Julia is pregnant. How could she be pregnant. If she could have given birth to the baby, Shawn wouldn’t have been with me. “

“C

she said quickly, “Dad, you can let Julia go home to nourish her fetus. As a doctor, I can take good care of her.”

“Right. Ask Julia back. Don’t let Barbara go into Nelson’s family again.” Juliet wiped her tears and said in a trembling voice.

Noah put his hands down. Anyway, he and Barbara would not be together again. He would return the rest of the time to Juliet. He just wanted to take care of his grandson after he was born. He wished his daughters and boys to live happily.

“Don’t worry. In my eyes, Barbara is just Julia’s mother. She is Shawn’s mother-in-law.” He patted the back of her hand to reassure her.

He couldn’t be together with Barbara again even if Noah felt guilty to her. Juliet had suffered a lot in the past decades. He hadn’t divorced her ten years ago, and he wouldn’t do that now.

He just wanted to see her, apologize to her, make it up to her and make it up for her. That was all he wanted.

“We are old.” Noah didn’t want to ask anybody to forgive him. He had owed too many people in his life. He had too much time to live in guilt.

Juliet was still worried. “Noah, I don’t want to see her. Every time I see her, I will think of unhappy things.”

“It’s all my fault. You don’t have to blame Julia and Barbara.” “I’ll tell Julia to bring her mother here tonight. Since Shawn had married her daughter for such a long time, was it still forbidden for her to be a member of the Nelson family? Remember, Barbara and our Nelson family are in laws now. Let bygones be bygones. “

Before she could say anything else, Noah turned around and went back to her study.

Juliet's eyes darkened. She couldn't bear that Julia gave birth to a child for Shawn. If she had another child, what would her, Zoey and Holden be?

At the thought of this, Juliet calmed down. She looked at Zoey and said calmly, "where is Julia now? I want to go to see them and take them home."

Zoey kept silent for a few seconds and nodded under the desperate and hopeful eyes of Juliet.

## Chapter 207

Opening the door of the villa gently, Julia's heart beat fast. Could Juliet be there soon? She quickly turned around and saw that Holden came in from the entrance.

Julia was relieved and remembered that Juliet didn't have the key to this villa, so she couldn't open the door directly.

Did he come for Zoey?

"Sorry, PSarahse go on with your talks." Then he turned around and went upstairs with ease, heading to Zoey's bedroom.

Looking at his receding figure, Julia was in a daze. She wondered why he came to Zoey's bedroom now?

'huh! Just let it go. There's nothing to do with this connection.'! Julia cursed in her mind, but she didn't have the jurisdiction over other people's business.

Hearing the knock, Zoey thought it was from Julia. She quickly jumped off the bed and ran to open the door. "What's up, Julia?" she asked with a smile

However, she froze on asking this question before she could close his mouth.

She stepped back immediately and wanted to close the door. But she was too weak to do that, with one of his hand putting on the doorknob. She was not strong enough to win over him.

At the thought of Barbara was also here, she lowered her voice, "Why are you still here? Go away!"

Without any response, Holden managed to squeeze in and locked the door. At the thought of what Holden had done, Zoey wanted to open the door. Before she could touch the doorknob, she was carried to bed by him.

"Holden, you bastard!" Looking around, Zoey picked up the crystal cup on the table and smashed it at Holden. Her wrists were tightly clasped by him when the cup was still in the air.

Holden threw the crystal cup to the ground. The sound of its broken pieces shocked Zoey.

Before she could say anything else, he Sarahned over and kissed her on the lips. Then he said gently, "don't worry, Zoey. I won't scare you anymore. I have brought you a gift."

Every time he went on a business trip, she would remind him to bring gifts to her. Now she didn't need to remind him. He had brought gifts to her too.

Zoey was taken aback when she heard this. She then raised her head to look at him. Holden took out a delicate necklace made of platinum from a box. The necklace was then hung under a necklace in the shape of a pure blue teardrop. The blue stone was so pure, as if it was covered by no impurities. It slightly broke, like a heart that had been broken.

The teardrop stone made Zoey think of the beautiful mermaid who turned into bubbles. She did everything for the people she loved, and finally there was only bubbles left, sad but touching.

They looked like lonely Mermaid Sitting on a reef singing in the moonlight, tears dripping from their beautiful faces.

“Zoey, I hope the mermaid can do all the tears for you, and only Sarahve you with happiness.” Hearing that, Zoey couldn’t help but feel sad.

Zoey just felt tired. She stopped struggling and

d.

“Mom, would you pSarahse go back first? Aunt is Julia’s mother, and Shawn’s mother-in-law. ” Holden patted Juliet on the shoulder and persuaded her gently.

“Holden is right. Mom, let’s go back first.” Zoey said thoughtfully.

While speaking, she turned to look at Holden from the corner of her eyes. If Holden hadn’t come to her rescue, Julia wouldn’t have been safe. Didn’t Holden tell her that he helped her to court Shawn because he disliked Julia? But why did she always feel that Holden was satisfied with Julia.

But apart from this reason, why would Holden be so kind to help her?

Just as Holden and Zoey helped Juliet stand up and she kept grumbling along the way. The moment she stepped out, Barbara shut the door behind her.

If Juliet was Shawn’s real mother, she would have some scruples. But Juliet was not, so there was no need for her to scuple.

Zoey took out the first-aid kit and gave it to Julia. When Maria was applying medicine for Barbara, Zoey pulled her aside and asked, “what’s the matter with you?”

“It’s obvious that they have a fight.” Julia shrugged. There was nothing to explain. They just disliked each other. Barbara and Juliet had hated each other for ten years. One was insulted and the other betrayed by her husband.

No wonder they fought. Julia just helped her mom.

As Juliet was busy beating Barbara, Julia didn’t get hurt.

“I don’t care how they fight. Why did you help them. Without the help of Holden, your baby would have died.?” Zoey couldn’t help but scold her like an adult.

“All right. It was just an accident. Many accidents will happen in the world one day and I can’t avoid them.” Julia stubbornly refused to admit that she was wrong.

“Okay, I don’t want to argue with you anymore.” Zoey rolled her eyes at her. “You just need to stay away from them whenever they fight.”

“Okay.” Julia grinned cheekily.

“.....” Zoey was worried whether her godson could be born safely

## **Chapter 208**

“Julia! Come here! ” Seeing that there was nothing wrong with the medicine, Julia wanted to run back to her room, but was stopped by Barbara.

Julia shrugged her shoulders. She just helped them.. How did it feel Barbara just wLisa scold her.

“Mom, how are you feeling now? I’ll give you a massage. ” Julia had no choice but to look back and sat down beside Barbara, smiling and massaging her knees.

Barbara couldn't help but poke her forehead. "Sarahve it to me. Don't fight in the future."

"I am just afraid that you will be bullied by them? You see that Juliet is so aggressive. Without me, how can you have the upper hand? You have taught me to be decisive when it's time to attack. I've practiced for so long, and now I can fight with her. It's so cool!" Julia couldn't help but clap when she said this.

Barbara started to doubt whether she had made a right education on Julia How could he have such a daughter

"Julia, do you think Shawn really can put up with your bad temper? I doubt it." Barbara sighed and shook her head.

"Don't worry. We have both guessed and confirmed that he was okay. Ha ha." Julia happily laughed.

Facing her daughter who was not only good at talking, but also good at pSarahsing others, Barbara had nothing to say.

"If there isn't anything else, I'll go back to my room and have a rest. Ah, I'm so sleepy..." Wiping oil on her feet, Julia wanted to run away.

Barbara didn't say anything. Julia just walked a few steps. The door was opened again.

Julia got more excited. There were already many uninvited guests arriving at the villa today At first, it was Holden and Zoey, and then it was Holden alone, and then Zoey and Juliet, none of whom was to be trifled with

Don't tell her it was Noah this time. So the Nelson family members really went through the same thing in front of her and Barbara.

But when Julia saw that familiar and tall figure appear in front of her, her hanging heart suddenly fell. It turned out to be that Shawn had come back.

Julia was about to greet them with a smile when she saw the darkened face of Shawn.

Julia's heart skipped a beat and she felt that something dangerous was approaching.

Was he in a bad mood today?

Without saying a word, Shawn held up Julia with one hand. Julia was a little embarrassed and thought it might not be appropriate to show off their love in front of her mother. But she didn't dare to make a sound due to Shawn's tanned face.

As soon as they got back to their bedroom, Julia was put on the bed by Shawn. Although he looked very angry, his action was very gentle. Julia looked at him in confusion.

"Kitten, I heard that you fought with others today." Said Shawn with a fake smile.

Well Was he here to teach her a lesson?

Julia was right. Indeed, Shawn was punishing her, but not words. He just pressed her directly on his thighs, took off his pants, and spanked her white butt with his big hand.

"Ah! Shawn! You spanked me!" Julia wanted to struggle, but her shanks were pressed and she could

es.

But she didn't know that he had lied to them in the end.

After being insulted by Juliet last time, Barbara took her to move and brought her up alone in the past ten years.

Now, apart from guilt, he spoke so cautiously. Besides that, there had been ten years of alienation between him and his daughter, which was enough to turn a father and a daughter into strangers.

Julia didn't let her tears fall. She smiled and said, "there's nothing to talk about."

"Why don't we have anything to talk about? It's the flesh and blood of the Nelson family." Noah's tone turned serious, but soon he became gentle again. "Did Juliet hurt you?"

When Juliet stopped Noah from seeing them, he didn't expect that Juliet would come to them herself. Seeing that Zoey and Holden helped Juliet back, Noah wanted to be angry but didn't know how to scold the injured Juliet.

"Nothing." Said Julia flatly.

Compared with Barbara, Juliet suffered more. Neither she nor Barbara was at a disadvantage.

"That's good. You can come back with Shawn and Zoey later. " After a pause, Noah added, "come with your mother."

Julia was silent.

Should she take her mother to the Nelson family? Even if she was willing to do that, her mother might not be willing to do that.

"I'll tell mom. I don't know if she'll come or not," Said Julia.

"Okay." His voice was hoarse and tired.

He was really tired of living for so many years.

Hearing this voice, Julia couldn't help but think of dad Noah ten years ago. She said, "I will try my best."

Stunned a little, Noah heard a laughter on the other side of the phone. "Thank you."

"Yes." Julia slightly squinted her eyes, recalling the time when they were together ten years ago. He laughed happily.

Noah didn't have a much better life than theirs in the past ten years. Julia felt that she had no reason to hate Noah. She understood everything he had done and knew the truth.

Julia thought, 'soon, she will completely forgive me.'

## Chapter 209

After hanging up the phone, Julia peered up at Shawn. This man's face turned dark as soon as he said he was going back to the Nelson family.

Julia didn't know much about Shawn, but she had a general idea that Jean's death was related to Juliet and Noah. It's the mid-autumn festival when he told her that his mother passed away on that day.

She still remembered that he was distressed at that time, and even so, her heart was still aching for him.

When our baby is born, he may gradually forget the past and begin a new life. I am looking forward to the day, 'she thought.

"Shawn, I'm going to ask Mom whether she will go to Nelson manor tonight." Julia gave a big smile to Shawn.

She thought, 'if you don't like laughing, I can smile more in front of you. As time goes by, maybe you will become more outgoing one day.' Shawn nodded. He held her with one hand, showing no intention of letting her go.

Julia was used to Shawn's such action

After a long time, Shawn finally let her go. As soon as Julia was released, she hopped out of the bedroom like a little rabbit. Frightened, Shawn said behind her: "don't walk so fast, or you'll fall down."

"Okay, I know." Julia giggled.

However, Shawn shook his head. As the CEO of his company, he was always worried about a little woman

When she walked out of the hall, she saw Barbara watching TV. Upon seeing Julia, Barbara came forward and held her, "why do you come down?"

"Mom, I'll go back to the Nelson's mansion with Shawn later. We won't come back to the villa tonight." Julia held Barbara's hand and pulled her to the sofa.

Barbara was in a daze and her expression changed. Julia thought for a while and said: "Noah asked me to take you with us. Mom, are you going there?"

"No, I won't go." Without hesitation, Barbara rejected.

That was an unexpected answer to Julia. Barbara might not want to come back to Nelson family all her life.

"It's just a matter of time before it ends." Julia tried to persuade her, "besides, Noah has realized his mistakes over the past ten years. Why not give him a chance to correct himself?"

Barbara turned to look at Julia, "why Are you defending him? "

She sounded a little lonely.

“I don’t mean to put in a good word for him. I just think it’s not necessary for you to hide. Although you are not a couple now. It’s not a bad thing for both of you to become friends.” Julia tried to distance herself from Noah.

“My silly girl, I will never get too close to Nelson family, nor make friends with him. If a couple can’t be lovers, then they can only be strangers. ” Barbara smiled bitterly.

Then, she turned to Julia: “Julia, I have no objection to your marrying into Nelson family now. After you give birth to the baby, I will go back to town and continue to manage Able ‘s Flower Shop. That flower shop is very popular and I don’t want to give it up. “

Julia was touched. She knew that Barbara came here for her. Her mother had spent most of her life worrying about he

“I thought you were speaking for him. You are such a bad girl.” Barbara stared at Julia fiercely.

“I really didn’t speak for him. You don’t know how much he has lost recently. Her body is like a dry branch. She even has to walk on crutches, and someone has to take care of her. ” As Julia looked at Barbara, she continued to sigh: “Alas, I really feel pity for him.”

Barbara remained silent.

“Mom, you wouldn’t lose anything if you go to see him?” Julia continued to persuade her earnestly.

“Do you feel it interesting to dwell on the past?”

Julia still wanted to say something, but was shot by a cold eye of Barbara. She said coldly, “shut up.”

Then he pushed Julia away and went back to his bedroom.

Looking at the closed door, Julia sighed. It was not that she didn't want to help Noah, but that her mother was too hard to persuade.

That was what Julia had expected. As an elder, how could she let it go so easily? Moreover, if Barbara still had feelings for Noah, things would be more difficult.

And it would be better if Barbara didn't go to see Noah. They would have a good impression on each other, which would not turn the Nelson family upside down.

As she turned around, she ran into Zoey who was walking out of her bedroom. Seeing that Julia was sighing while Sarahning against the wall, Zoey couldn't help but ask, "what are you doing there? Are you not feeling well? "

"It doesn't matter. My mother doesn't want to go to the Nelson's mansion with me." Julia shook her head again.

Hearing this, Zoey was silent for a long time. Then she looked up at her and asked, "Julia, do you want your mother to go to the Nelson family mansion, to see Noah, and then let the old love between them come back to them?"

Zoey's voice was not as lively as usual, but a bit more questioning.

It occurred to Julia that Zoey was Juliet's biological daughter. Even though Zoey didn't like this mother, she was still her mother. Zoey didn't want to see Juliet get hurt.

## **Chapter 210**

"That's not what I meant. There's no way that mommy and Noah will be together," Julia explained.

“How is that impossible? You should know that Noah has no feelings for my mother, but has always been guilty to you and your mother. He has been missing you for so many years.” Zoey didn’t want to give up.

Julia was speechless, and she hastily waved her hand, “let’s not talk about it, okay? We Sarahve their business alone. “

“But you are actually bringing them together.” Zoey frowned.

“Okay, I won’t,” Julia said perfunctorily. She glanced at Zoey’s unhappy face and asked, “are you angry because I hit your mother?”

Zoey was startled. Although she didn’t like Juliet, she was her mother. Last time when she disappeared, she also saw how much Juliet cared about her.

Anyway, Juliet was her mother.

She would feel uncomfortable when she saw that her mother was being bullied by Julia and Barbara together. Zoey was not a saint. She must care about that.

“Yes. Julia, If I were here, I would help my mother beat your mother. ” Zoey admitted frankly, “even if I can’t beat you, I don’t want to see my mother being bullied!”

“No matter how bad she has done, she is my mother and you can’t bully her!” Zoey raised her voice. It was the first time Zoey had talked to Julia in this tone since she knew that Julia was pregnant.

Zoey was really angry now.

Julia felt her heart was aching. She and Zoey did get along very well recently, but they acted differently. Before the conflict between Barbara and Juliet broke out, they could be together freely.

But when the conflict erupted, they would still go back to their positions.

“Zoey, I’m sorry.” Julia thought she was a fool. If she didn’t help her mother to deal with the conflict between her and Juliet, Zoey might not be so angry.

“Julia, don’t think that only your mother is the victim. Don’t think that your mother is the right person! I don’t think my mother did anything wrong in this matter. My mother is the original one. At the beginning, the wrong person was your mother! How could you treat her like this? Should I give the Nelson family to you? ” Zoey added.

Zoey’s voice was so loud that even Barbara in the room could hear cSarahrly. She was sitting on the ground and looking out of the window in low spirits  
What should they do

For the first time, Julia couldn’t reply other people’s words except Shawn, and she explained stiffly, “my mother didn’t know that Noah was married at that time.”

When she uttered these words, Julia felt very helpless.

Barbara did not know at first, and then she did. But she did not quarrel with Noah, nor did she Sarahve him. She just pretended not to know, waiting for Noah’s explanation.

After all, Barbara had lived with her husband for four years. How could she don’t know that Noah was married.

Julia’s mind was in a mess.

Who was right and who was wrong back then

ared on Noah’s face, as gentle and merciful as ten years ago.

“Yes.” Julia was depressed, but she just responded in a low voice.

After walking a few steps, Julia asked, “has Zoey come back?”

“Yes, she is in her mother’s room.” Noah nodded.

“Is her mother okay?” Julia asked. This question not only shocked Noah, but also herself. She had always regarded Juliet as her enemy. Would she be worried about her?

“You can rest assured. Zoey is a doctor and she’s taking good care of her. Juliet is fine.” Noah smiled.

“You are right.” Julia also smiled and said.

On the way, Noah asked a lot of questions on Julia. From time to time, he would look at the position of her belly. The smile on his face was obviously real and happy. Very soon, he would have a grandchild, and he was really happy.

Julia kept her eyes on Harry, the cold man next to her, from time to time. Before she got out of the car, she even heard no sound from the prison. What’s more, Harold’s ceaseless talk and the silence in the prison made her want to ignore Lola.

When they were about to enter the hall, Noah suddenly stopped and turned around. He looked at Julia with a helpless bitter smile. “Julia, what should I do with your mother?”

Hearing that, Julia was a little stunned. Then she said seriously: “if you really want my mother to live an easy life, don’t expect her to forgive you. Don’t mention the past.”

“I remembered that I asked you in the hospital if you would divorce Juliet and marry my mother. I remembered your answer was ‘no’. Now that you know the answer in your heart, pSarahse do not have any relationship with my mother. It’s good for you, mom, Juliet and Zoey. “

Julia looked at Noah's face and said: "you can't be so greedy. You can't satisfy everyone. Since you chose Juliet, you should treat her well. Instead of being so indecisive! "

With these words, Julia and Shawn walked into the Nelson mansion.
