

# Blossoming Her Shielded Heart Chapter 211 – 220

## Chapter 211

There was no one else in the hall except a few busy maids.

Julia's room was in the opposite direction to Juliet's. she reSarahsed Shawn's hand and walked to the door of Juliet's room.

She didn't know why she came here to apologize to Juliet? Could she say something like that?

"Zoey, get out of here. Doesn't you get along well with Julia and Barbara? Do you still care about me, your mother? Why do you come back now?" Juliet screamed. Perhaps she was in a rage, so she didn't hit the nail on the head.

"Mom, pSarahse don't be angry. Zoey wasn't there when you were having a fight. If she was there, she would definitely help you," Said Zoey softly.

"Bullshit! She abandoned her mother a long time ago!" Juliet blurted out another vicious question.

Zoey did not say a word.

When Julia was about to knock on the door, she heard Juliet who was in the room saying with hatred, "I will never let that bitch, Barbara, step into our

Nelson family. Zoey, you'd better watch out for her. She has seduced your father by accident."

"As for her daughter, I don't know what magic she has used to captivate Shawn. The mother and the daughter are the same, either to cling to the Nelson family and make them wealthy. Maybe it was Barbara's tramp that her daughter was with Shawn! "

Juliet swore.

Julia finally put down her hand and turned around to Sarahve.

When she got back to the hall, Holden was already back. The father and son were sitting on the sofa and chatting with each other casually. Julia passed by and heard them talking about business.

After going back to her room, Julia strolled to the window, took a small chair and sat down by the window. She stared blankly at the scenery outside the window with her chin on her arms.

It was already evening. The dark sky was cSarahr. The bright moon was shining in the sky. The backyard of the Li family was decorated with sparkling lights. The whole backyard was dotted with beautiful flowers, which made it more attractive and gorgeous.

Cold wind blew in from the window. Julia pulled up her coat. She felt so cold.

She didn't know how to face all this.

She had known that she would face all this if she got married with Shawn, her mother and Noah Would they live like this for the rest of their lives? It's indifference, not like a family member living their whole life.

Besides What could she do to cure Shawn's arm? Julia had read a lot of medical books in her spare time. But as Zoey said, even Professor Ding thought it was very difficult, for her, a layman, it's more difficult to deal with it.

All she could do now was to stay in good condition and give birth to the baby. Maybe with the help of the baby, everything would be different.

Julia yawned. Although she had slept more recently, she still wanted to sleep all day long.

"Kitten."

Julia annoyingly waved away

Don't think that I didn't know he's disgusted with me. He misjudged me and chose me?

Shawn let her do whatever she wanted while preventing her from bumping something. Fortunately, the bathtub was big enough, so it was not crowded even if several Julia made a scene inside.

In the end, however, Shawn held the stray cat in his arms. Julia wriggled in his arms, trying to break free. She was a queen in his arms!

However The queen forgot that it was a man's interest, so she was "punished" again.

When Julia was moved back to the bed, Shawn slowly came to her senses. She looked at the man who was helping her put on her clothes and her eyebrows were knitted into a frown. She tried to say something but stopped.

He didn't even ask her. At last, Julia couldn't hold it anymore and asked: "Shawn, I won't let you touch me again. What are you going to do?"

Julia was very worried.

It's said that men are more likely to betray their wives at this time.

Squinting at her dark eyes, Shawn curled his lips, looked at Julia and slowly asked, "what do you think? You are responsible for it. "

Julia said, "Why am I responsible for it? It's your own business. "

"You..." Shawn stopped for a while, and then asked with a smile, "are you sure it's my business?"

"....." Julia blushed and turned her head away.

She shouldn't have talked this with Shawn. She knew what kind of person Shawn was Julia circled.

"Silly cat, I will only touch you." The next second, Shawn took her into his arms. His magnetic voice rang in her ears, and there was obvious dote in his voice.

Julia was moved, but when she heard this, she frowned. Was she a cat in Shawn's eyes?

"I told you not to call me silly girl!" Julia stared at him, pretending to be angry, but her face was covered with sweetness.

"You silly kitten." Called Shawn.

"....." Julia turned around silently and refused to talk to him

## **Chapter 212**

When Shawn and Julia came out from the bathroom, the dinner table was full. Julia hurried to take Shawn to an empty seat.

“I have never seen a daughter-in-law who is rude like this!” Juliet took a glance at Julia with discontent.

“I’m sorry. I almost bumped into the desk corner yesterday. I was reflecting on what I had done last night.” Julia smiled innocently.

Noah frowned, “be careful in the future and don’t be so imprudent.”

Julia took a meaningful look at Juliet and smiled, “well, I’ll be more careful.”

Juliet gritted teeth.

“Julia, you can stay at the Nelson family mansion from now on. I’m sure that you can rest assured. Besides, Zoey is a doctor. It’s more convenient for me to take care of you.” Glancing around the crowd, Noah said slowly.

“No, I know I’m not welcome here. I don’t want to upset them. What’s more, there are also family doctors in Shawn’s villa, who need care.” Julia smiled again.

If she stayed at the Nelson family mansion, she would face all kinds of difficulties and be constantly criticized by Juliet?

“Zoey is better than the doctor. Julia, tell me what do you mean by that?” Hearing what Julia said, Juliet became angry again. She didn’t forget what Julia did to her yesterday!

Although Julia didn’t hurt her that much, Juliet was still very angry that a young girl dared to hurt an elder.

“No, no, No. I’m afraid that it will affect Zoey’s work. Besides, taking care of a pregnant woman is very troublesome. I feel so sorry for her. Zoey is busy. She has just married into the Nelson family. How can I let her be tired.” Julia said shyly.

Zoey looked at Julia with a smile and spoke softly, "I don't think it's troublesome if I can take care of sister-in-law, and I've been trying to find a chance to contact you."

"Our Zoey is more sensible." After hearing Zoey's words, Juliet couldn't help but like it.

"That's settled then. I believe Zoey can take good care of Julia." Noah said

Hearing this, Julia stopped what she wanted to say. It was unnecessary for her to say no if Noah made a decision

"She doesn't like the crowds. Zoey and mother-in-law will take care of her," Said Shawn, who had been silent all this time.

Zoey slowly raised her head and replied, "yes."

When she heard the faint voice, Julia was suddenly overjoyed. Zoey had forgiven her in the end, and she still wanted to take care of her!

After a moment's silence, Noah looked at Julia and said, "since your mother has come, you can live in the villa first. Zoey can also move in. It doesn't matter if one more person lives there."

"Zoey and Holden just got married. I don't think it's a good idea." Julia protested weakly.

"Sister-in-law, the most important thing right now is to keep the baby." Zoey said softly with a frown. Her tone was gentle and touching. She looked quite considerate.

Julia was sensible and shut up. Zoey was right. If she refused, it would annoy Noah and Juliet. They were a family! What's more, they were going to make things harder for Shawn.

hieve nothing. Even if the Lee family is well matched with Nelson family, I will object to her relationship with Hobson. ” Said Holden gently.

His words were conventional and not too exciting or too flat. What’s more, they were reasonable. It was hard to refute for Noah.

“I think that Hobson is a nice guy. He is nice to Zoey. There must be some faults among the sons of the rich families. He will gradually change himself.” Noah and Hobson’s parents were about to make a deal, so how could they let Holden go out to object.

“Yes, you are right, Dad.” Holden didn’t argue any more, but his gentle tone turned stiff.

“Zoey, I and Hobson’s parents decided to arrange the engagement party on Hobson’s birthday next month.” Noah looked at Zoey peacefully. What he said was not discussion, but an order that could not be disobeyed.

Zoey nodded in agreement.

Julia looked at Zoey, and she was getting more and more confused about Zoey. This girl was not a girl who would only complain on her face.

What’s more, Noah’s attitude towards Zoey also surprised her. Julia remembered that Noah always discussed with her about everything and would not decide on her personal matters.

Was it because of her identity, or because of his attitude towards her?

Seeing that Zoey was not happy, Noah thought that she was unhappy about the kidnapping incident that happened last time. So he added, “you don’t have to mind. It’s just an accident. It has nothing to do with Hobson.”

A lump came into Zoey’s throat as she thought about this. ‘Carlos is Hobson’s cousin? How could it have nothing to do with Hobson?’? If Holden hadn’t

rushed to her in time, she would have died. In that case, he could Sarahve her at ease to Hobson?

But she still didn't say anything.

Her capriciousness also depended on the person. She had never been naughty in front of Noah.

They quickly changed the topic and talked about the Nelson Group. Seeing that Zoey was full, Julia also put down the chopsticks and followed her.

## Chapter 215

It was very late when Shawn came back. The villa was so quiet that only the sound of insects could be heard outside the window. When he opened the door, a figure suddenly stood up from the sofa and saw him rubbing his sleepy eyes. The person said softly, "You're back."

It was like a scene where a wife was waiting for her husband to come back late at night, but this "wife" was not Julia. With Shawn's eyebrows tightly frowned, he took a cold glance at Zoey and without saying anything, he went straight upstairs.

Unexpectedly, Zoey held Shawn in her arms gently from behind. "Shawn, you know I love you." Her body was weak, and her translucent clothes were very attractive. Her strength was all on the back of Shawn.

Shawn pushed her away mercilessly, and glanced at her coldly. There was no gentleness in his cold eyes. "PSarahse behave yourself."

"Shawn? Is it so difficult for you to be with me?" Zoey's voice sounded feeble. She gazed at the man in front of her, her crystal tears about to spurt out.

“Miss Zoey, we both have a family. I hope you can behave yourself from now on,” Shawn said, rubbing his temples.

Then Shawn went upstairs. Zoey stood at the foot of the stairs. With a gust of wind blowing over the hall, her sexy and translucent nightdress made her a big joke.

Zoey thought she hadn't been obvious enough so that Shawn didn't know that she loved him.

Looking at the disappearing figure of Shawn, Zoey clenched her fists. Zoey thought that if Julia lost her baby, Shawn would be less responsible for Julia and accept her.

A malicious expression flickered across Zoey's unwilling face.

Zoey's heart beat faster after she sneaked back to her bedroom. She was just hungry and wanted to find something to eat. But when she walked to the stairs, she was shocked by the scene that Zoey hugged Shawn. She pricked up her ears and listened carefully.

Zoey still liked Shawn so much that she came here not for taking care of Julia but for moving closer to Shawn. Over and over again, Zoey stroking her little heart. Since Zoey was still fond of her brother Shawn, why did she marry her brother Holden? Was it just because of their commercial marriage?

She would definitely not tell it to Julia, who was pregnant now. It was better for Julia not to get involved this thing. Then... Should she tell her brother Holden about it?

At the thought of this, her phone rang. Zoey picked it up and found it was from Holden. She was at a loss whether to cry or to laugh. She and Holden still had a tacit understanding.

“Brother Holden.” Zoey called out obediently.

Since Holden had sex with Zoey in the backyard of Nelson's mansion, he had been intimate with her as a brother and stopped having sex with her.

"Why haven't you gone to bed?" Holden frowned.

"I... I'm hungry. I'm going downstairs to find something to eat." Zoey faltered.

Besides, Shawn would not accept Zoey. If she told Holden this thing, it would ruin the relationship between Holden and Zoey. Zoey didn't want to

rowned and unhappily argued back, "You are amorous! Your whole families are amorous!"

Well, Julia was Shawn's wife. She finally succeeded in getting herself into trouble...

"Yes, all my family members are amorous." It seemed that Shawn was in a good mood. His serious face was now filled with a cheeky grin.

Julia reminded of Shawn who had been hardhearted and wondered why people changed so fast... Julia also recalled what the colSarahgues in the secretary's office had said about Shawn — There was a cold wind wherever the president went through.

"Hey, don't make fun of me. I won't talk to you anymore." Julia pretended to be angry and turned her head to the other side.

The next second, Shawn reached out his hands and held Julia in his arms. "You little kitten, although I care about my hands, but I care more about you. We can take time to find ways to cure my arm. But now, don't worry about it. Be a good girl and give birth to the baby. "

Shawn didn't mention his arm to Julia because he didn't want her to be bothered. But he didn't know it had been a pain in her heart for a long time.

“Okay.” Julia looked down and nestled in Shawn’s arms. His words that he cared more about her already made her heart jump with joy. It turned out that compared with the president’s arm, she was more important. She was actually more important than his arm.

This fact made Julia excited somehow.

“Good girl.” Shawn kissed her forehead, as if coaxing a kitten.

Hearing his words, Julia frowned. Then she found that he had changed the topic. “Why did you refuse to receive treatment from Zoey? Don’t be so sly. Answer me right now!” Julia asked.

“Yeah, the sun is shining brightly today.” Shawn turned his head to look out of the window, only to be pulled back by Julia. She was about to ask him when he smilingly looked at her and said, “It seems that Mrs. Julia has recovered her strength. Do you want to try it again?”

“.....” Julia thought that she would be driven crazy by Shawn sooner or later...

## Chapter 216

With satisfaction, Julia got up and dressed. Looking at the man who served her with all his heart, she smiled and said, “Mr. Shawn, you are so nice.”

“.....” Shawn fell silent and thought if it was really good for Julia to praise him.

“But Mrs. Julia, I want to be a bad guy.” Julia felt confused when she heard what Shawn said. Shawn looked up at her with his dark eyes and said again, “Because Mrs. Julia likes to call bad guy when she is asleep...”

Julia thought of the words she had scolded Shawn. Suddenly, she blushed with shyness and shut her mouth up. She lowered her head and scribbled on the paper again and again, commenting, "The president is a bad guy..."

After combing her hair, Shawn held Julia's hand and walked out of the bedroom. Maria and Barbara had already prepared the breakfast for them. Seeing that Shawn and Julia walked out hand in hand, Zoey's face darkened.

"Brother Shawn, do you have a day off?" Zoey asked jokingly.

"Yes. Julia told me that you're doing well in the final exam of the semester. Where do you want to go?" Shawn smiled. He seldom talked to Zoey in such a gentle tone.

Zoey was so shocked that she almost fell down from the sofa. There was something wrong with her brother Shawn today. But when she saw the even more abnormal face of Julia, Zoey immediately understood what had happened.

Zoey sighed softly and thought, "Zoey, don't bother anymore. Shawn and Julia love each other so much that it is impossible for you to break them up."

"Let's go to somewhere after Julia gives birth to the baby. I will prepare for College English Test Band Four later, and I heard that Hobson is coming for me." Zoey waved her hand and said generously, "You two just enjoy your date."

Julia was stunned, a date... This word was far from her. She recalled that since she was together with Shawn, she has not formally appointed with him.

That sounds good.

Julia couldn't help recalling the scene that she accompanied Lola and Ryan to watch movies, visit the night market and go to the amusement park... All places were suitable for dating.

“Sister-in-law, it’s not convenient for you to go out now.” Zoey said with a frown, her tone was full of concern.

“It’s fine.” Julia thought Zoey was worrying about her and said, “I won’t go too far.”

“Yes, you’re right. Pregnant women should also take some fresh air, otherwise it’s not good to stay at home all day. Sister-in-law Zoey, you have said that pregnant women should keep a good mood. Julia will be in a good mood as long as brother Shawn is with her.” Zoey looked at Zoey with a smile.

Hearing these words, Julia lowered her head and hid behind Shawn. She murmured, “No, I didn’t...” Well, women always say one thing and mean another...

Shawn nodded blandly and dragged Julia out of the room. Then he said with a sudden realization, “I’m so important in my wife’s eyes.”

“Zoey is just talking nonsense.” Julia raised her head and glared at Shawn.

“Okay.” Looking at the angry kitten, Shawn gave her a doting smile. He even reached out to r

o behave well and deliberately Sarahve some good memories. It seemed that... It’s unnecessary.

“Shawn, let’s go.” Julia looked around and said in a soft and sweet voice.

Shawn nodded, lowered her head and kissed her on the lips. Then he lifted her up. ‘Well, this little woman has become much heavier.’ Julia didn’t expect that he would do this, and she was shocked. She instinctively wrapped her arms around his neck.

“Put me down. I’m so embarrassed to be seen.” Julia said in a hurry.

Casting a glance at Julia, Shawn finally put her down. In the next second, his big hand was on her waist, which was as intimately as holding her.

Julia was speechless. What an overbearing man Shawn was!

After Sarahving the cinema, they went to the clothing shop, boutique and snack street.

If she felt tired, they would just sit in the shop and have a rest for a while. Along the way, this enchanting man attracted a lot of attention. Julia thought she could open a toll booth. If someone wanted to have a glance at Shawn, she would charge 100 Yuan; if someone wanted to touch him, she would charge 1000 Yuan; if someone wanted to kiss him, she would charge 10000 Yuan... If so, she would have earned a lot...

Thinking of this, Julia laughed.

Shawn pinched her face and asked, "Why are you laughing?"

Julia shook off his hand, while bearing a smile. She seriously looked at him and said, "Mr. Shawn, you're so rich. I don't need to worry about money in the future."

'He was just a money spinner.' Julia thought.

Hearing that, Shawn frowned and slightly tapped her on the head. "You're always imagining something."

However, while Julia was staring at Shawn shamelessly, he seemed to be a little embarrassed.

Well, would Mr. Shawn feel embarrassed when others praised him?

Julia laughed even more. But when Shawn's handsome face came close to hers, she couldn't smile anymore. Shawn just gave Julia a little kiss. Julia's beautiful face flushed immediately.

Shawn was more shameless than Julia. She complete defeated.

## Chapter 217

In the end, they walked around the amusement park. Since Julia was pregnant, they just went to have a walk there. Most of the people here were student couples from Ventrusburg. Among them, Julia felt she was several years younger.

Well, it seemed that she was not old...

The evening in autumn came early. There seemed to be a huge black curtain gradually covered the sky, and the lights of the city were gradually lit up. They stood by the river, hand in hand. The river was radiating bright lights. And under the colorful lights of the city, it was as beautiful as scattered silver pieces on the ground.

Breeze blew the hair in front of Julia's forehead, and her ponytail was dancing in the wind, which was like a naughty spirit. Julia felt cold, so she tightened her coat. Shawn put his coat on her directly and held her in his arms.

"I'm not cold." She was wearing a lot of clothes and she wasn't so delicate.

"Be a good girl." Hearing this, Julia was choked up.

Just be a good girl... Julia felt so comfortable with her face pressing against Shawn's chest that she didn't want to think about anything. She slightly closed her eyes and held him with her hands.

Shawna was her greatest love and support in her life.

Before they went back, Shawn took her to the foot of a mountain. Julia was speechless when she stared at the high stone stairs, wondering if Shawn wanted to take her to climb the stone stairs. Julia only guessed half right. They would climb the stone stairs, but Shawn would carry her on his back to climb the stone stairs.

A stone stair was about 1.33 centimeters high, and Julia dared not look back, Sarahning on the back of Shawn. They was in danger of going over if they didn't pay attention.

"Shawn, how many stairs are there?" Julia had already counted forty stairs but they still hadn't seen the top. Each stair was so high and the number of stone stairs is so large that Julia could know how high this mountain was

"There are ninety-nine stairs." Shawn's breath was still steady, as if he was not climbing high at all, but on a flat road.

"Are you tired?" Though Julia had known how tough Shawn was, she was still worried about him.

Shawn laughed and said, "You silly kitten. I'm not tired at all with you on my back no matter how high the mountain is or how far the road is."

Julia was stunned. It was very difficult to hear some honeyed words from Shawn. Though Shawn said that without any deep affection, she was already satisfied. She couldn't help giggling and burying her arms around his neck into his chest.

"No matter where you go, I will always be with you. You can never let me go." Julia said in a low voice.

"Okay." Answered Shawn.

They would be together for the rest of their lives, till death did them apart.

By the time they reached the top of the mountain, it was already completely dark. Here, they could even see the twinkling stars, just as they could see in the office that day. The stars were so beautiful and stunning.

Thinki

would bite them.

Shawn lowered his head and kissed her on the lips again. How dare Julia ask him to sing a song? If he didn't teach her a lesson, she wouldn't know who was her man.

The kiss was so amorous that she didn't realize when she came back to the bed in the tent

But before she could figure it out, Shawn who was just like a wolf had pounced on her and pressed her under his body. Julia's hands wrapped around his neck tenderly, and she looked at him in a silly manner, her pretty face covered with mist.

"Kitten, you are so beautiful." The expression in Shawn's eyes was as gentle as water, and he was almost obsessed with the woman under him.

As one of the two most beautiful girls in Ventrusburg University, Julia was very beautiful, both in appearance and figure. Her beauty was a fatal attraction to any man, let alone the man who loved her very much.

"Shawn... HMM..." Julia spoke in a soft voice, but before she could speak, Shawn's kiss caught up.

It was late at night. The moon was blushed because of the coquettish groan. The dark night covered the whole ground...

The next day, Julia woke up with the bird singing. She still felt tired, so she held Shawn to find a more comfortable place and fell asleep again. When she

woke up again, it was already noon. She slightly raised her head and looked at the dark eyes of Shawn.

Julia's face flushed again, and she pretended to giggle. She wanted to get up calmly, but she had to compromise after she moved her body. She threw herself into Shawn's arms in frustration.

She was so spoiled by him that she lost her viability.

Looking at the unwilling and helpless expression on Julia's face, Shawn tried not to laugh. "Let's take a shower first."

"Okay." In this case, Julia could only listen to Shawn.

Julia wondered if she could survive without Shawn. And the answer was 'No'.

However, she would not Sarahve him. Since her mother had accepted the fact, she had nothing to worry about. She would like to be a rice bug...

## Chapter 218

When they went down the mountain, Shawn walked down the other road, holding Julia. Julia was enjoying the scenery in the mountain as she was talking to Shawn. They had a good time.

"Can we come here for a vacation when we are free?" Looking at the stars at the top of the mountain was a wonderful thing.

"Okay." Shawn replied.

"We can bring some barbecue tools here and make the barbecue. It must be fun." Julia was still nagging.

Shawn nodded and looked back at her with an admiring smile. "Kitten, it seems that you are very satisfied with the life last night."

"....." Julia knocked on Shawn's head and thought, 'How shameless this guy is!'

After they went down the mountain, Shawn drove Julia home. Julia stared at the side face of Shawn and thought that her husband was really very handsome. How could this man drive so fast only by his left arm?

Julia shook her head and thought that Shawn was really out of his mind. He used his left arm so smoothly, but she even couldn't use her right arm slickly...

The car was running steadily all the way.

After a while, the car stopped at the door of the villa. Julia, who was sleepy, also woke up. Shawn opened the door of the car and pulled her out. She was in a deep sleep and fell into his arms accidentally.

The next second, Shawn put his hands on her waist and made her Sarahn against himself. They looked like a couple in love.

Seeing this, Zoey, who was standing by the window, could not help but clench her fists. Julia was nothing compared to her except for her appearance. How could she be willing to be occupied by such a woman?

When they came to the doorway, they suddenly saw Noah Sarahning against a round stone pillar in the doorway. Seeing them, Noah forced a smile, somewhat evasive, and said, "Julia, Shawn, you're back."

Julia nodded and broke free from Shawn and stood straight. Although she had married Shawn, she was still not used to it in front of the elders.

“Why don’t you come in?” Julia opened the door and turned to Noah. Noah shook his head with a bitter smile, “Your mother doesn’t want to see me. It’s useless for me to get in.”

Julia nodded and frowned, “But it is no use standing here.”

“Julia, don’t tell your mom that I’m still here.” Noah said in a low voice. Since he had come to find Barbara, he had already lowered his attitude.

Julia looked back at Shawn who was emotionless and nodded.

“Please go in now. The wind is strong outside. Take care of yourself.” Noah said. From the beginning to the end, the father and son did not say a word.

Julia thought the scene was very odd. Shawn’s father came to look for her mother which seemed that their relationship was going to recover.

“Did you come here just to say sorry to my mother?” Asked Julia all of a sudden.

Noah fell into silence. He knew that Barbara wasn’t as bad as he thought. He was not the only backbone of their lives.

Julia didn’t ask more questions. She couldn’t figure out what was going on, nor could she

“I will think more if you don’t tell me. Just tell me what happened.” Julia stared at Zoey and said indifferently.

Seeing that Julia had made up her mind, Zoey simply told her what happened last night. “I heard that Zoey expressed her love for brother Shawn last night, but he ignored her and went back to your bedroom.”

Expressing her love? Did Zoey express her love for Shawn? Hadn’t Zoey been married to Holden? Julia was shocked.

“That’s why I said Zoey harbored vicious intentions against you. She came here just to find a reason to get close to my brother Shawn.” Zoey assumed.

With a slight smile on Julia’s face, she said, “I see. But don’t worry. Zoey won’t poison me in public even if she wants to frame me. She is the only person who knows medical knowledge in this villa. If I have an accident, Shawn will know she did that.”

“We’d better be careful. Who knows if she will lose her sanity because of jealousy? Maybe she views you as a thorn in her flesh.” Zoey persuaded Julia.

Julia nodded. She was smart enough to keep an eye on Zoey. She knew what the society was in the school. Besides, she had worked in the commercial field for a while, so she didn’t trust someone wholeheartedly except Shawn.

“I didn’t tell this to my brother Holden. Zoey may give up if she failed to chase brother Shawn. I don’t know why she has a crush on brother Shawn, after all, brother Holden is also a perfect man.” Zoey frowned.

“Zoey, do you want to see Zoey be with your brother?” Asked Julia.

Zoey looked into the distance for a long time and then she said, “I hope so. As a matter of fact, the moment my brother Holden finished the wedding ceremony with Zoey, I decided to end this taboo love. “

Holden had married Zoey. Zoey was going to have an engagement to Hobson next month. Zoey just wanted to think that this relationship between her and Holden has never happened. The Holden was still her brother.

Even if when Zoey thought of it, her hearts would still ache, but this was their lives

## **Chapter 219**

The two girls wandered around the yard again before they returned to the villa. At this time, Barbara had just prepared the lunch and asked them to have lunch here.

Julia and Zoey were present. And Zoey also sat down. Barbara and Zoey seemed to have a good conversation. Zoey curled her lips and ate her lunch silently.

“Julia, eat more.” When Barbara called Julia to have lunch, she nodded her head frequently, but in fact, she was thinking about her dad, Noah. What if he was still at the door

As soon as they finished eating, a harsh scream came from the door: “Noah, you really came here. You said you wouldn’t see her!”

Astonished, Barbara stood in front of the table and looked at the door.

Julia walked to the door and was about to open it to see what had happened. Then she saw Juliet holding Noah’s arm and shouting at him, “go back with me! Go back with me right now!”

In front of the child, Noah might feel disgraced, and he shook off Juliet’s hand vigorously. “Shut up!”

Upon hearing this, Juliet’s eyes reddened. “You asked me to shut up. Did I lose my right to speak when I saw my husband cheating on me? Am I the original one or she is the original one? “

It was understandable for Juliet to be so scared, because after Jean’s death, Noah had only been in touch with Barbara. When Juliet saw Barbara, she knew that Barbara was the shadow of Jean, but now it seemed that Barbara was not as simple as a shadow.

“We are all grown-ups. Can you be rational?” Noah said helplessly.

“You ask me to be rational? Should I be rational enough to watch your husband being snatched away? ” Honestly speaking, Juliet liked Noah, but unfortunately, he had never fallen in love with her.

“Juliet!” Noah shouted at her. This woman’s words were getting more and more off limit.

As the door of the villa had been opened, Noah slightly raised his head and saw Barbara standing in front of the table dully. From afar, he could not move his eyes

He thought it was just an illusion to see Barbara in the Zona Residences. Later on, when he saw Julia and knew that she got marry Shawn, he knew that he could still see her. Now he did see her.

Barbara walked through the living room in a hurry and wanted to go back to her room. But she was stopped by Noah immediately. He pushed Juliet away and strode to Barbara with his crutch in hand.

“Sir, pSarahse get out of the way!” With her fists clenched, Barbara looked up at the man in front of her and said coldly.

As Julia said, Noah got old fast. His face was buried in scars, like he had experienced many vicissitudes of life.

“Barbara, let me explain. At that time...” Noah wanted to explain.

“That’s enough. I don’t want to hear it.” Barbara interrupted him anxiously.

Until now, Noah still wanted to explain to Barbara. Julia couldn’t help but wonder if she had already known the identity of Noah before she was tak

o do everything wrong, you know? ” Julia uttered the words that had been hidden in her heart for a long time.

Ever since Julia knew that the fact Barbara did not completely know Noah was married, her guard in her heart had been softened. The more she knew the truth, the less she hated Noah.

Everyone was to blame. Why should she take all blame on Noah? Julia felt a little sorry for him.

“Silly girl, I am a man, a husband and a father. It’s my fault. I can’t blame anyone else.” Noah forced a smile and said in an extremely kind voice.

Zoey just looked at them without saying a word. Anyway, it had nothing to do with her.

“If you want to correct mistake, you still have the chance to correct it. I think it’s not necessary for you to ask others to forgive you, but to tell them with actions that you are doing it. You should do that to both Shawn and Zoey. ” Julia paused and said: “it’s useless to feel guilty. If you keep on immersing yourself in your own world, you will forget the existence of other people.”

Noah nodded slightly. Over the years, he had been immersed in guilt, but he had neglected everyone. He had completely ignored the growth of the children. He had missed too many things in his life.

“When mom cool down, I’ll talk to her for you. We still have a long way to go. She’ll forgive you one day.” Said Julia with a big smile on her face.

They were family now and would stay together for a long time. There was no way for Barbara to escape from Noah for the rest of her life.

“Well, I’m indeed a little impatient.” Noah was persuaded by Julia’s words.

When Zoey was about to Sarahve, Noah took a seat opposite to Julia and asked Zoey, “Zoey, are you used to living here?”

Zoey was surprised. She replied with a polite smile, “yes, I am. Thank you for your concern.”

Her tone was as polite and alienated as ever.

After that, Zoey directly walked out of the villa.

## Chapter 220

“Alas, I haven’t got along well with her since I was a child. I am not a good father.” Noah sighed slightly.

Julia didn’t say anything.

Now, Noah didn’t know that Zoey was not his biological daughter. As long as nobody said anything about it, he would be able to know it.

Lying was the bottom line of human beings. Everyone of them had their own reasons to hide, and they did many things by hiding the truth from their elders.

“Zoey has grown up a lot. She will forgive you in the future.” Said Julia.

If Noah knew that Zoey was not his biological daughter, no one knew what would happen. How long could he hide this secret from her? The Nelson family could not suffer any more.

“Well, Julia, you are so sensible.” Noah looked at Julia and said with satisfaction.

Sensibility It turned out that she was a sensible child in Noah’s eyes.

Julia smiled and said, “thank you, Dad Noah.”

It was easier for her to let go of the past as she was a sensible girl. Life was not long, or short. It was really a waste of time to struggle with the past. They all knew what he meant, but only a small number of people could become the masters of emotions.

Julia and Noah chatted in a normal mood which was rare to see. However, Barbara didn't lock herself in the room. She hid behind a round pillar on the second floor. Seeing that they were happily talking with each other, her heart was filled with complex emotions.

She hadn't seen such a scene for ten years. A person didn't have many ten years in his life.

It was Barbara's selfishness that she had never told Julia the truth. She was afraid that she would completely despise her, who was willing to be a mistress of other people.

Since last time when Julia texted her and asked her if she had already known that Noah had a home, she knew that. Julia knew a lot, and she could no longer hide it from her.

Now seeing Julia and Noah get back together, Barbara wanted to laugh, but she felt choked and panic. Loneliness made her afraid.

Besides, her problem with Juliet couldn't be solved in a short time. The more close Julia and Noah were, the more disgusted Juliet was to Julia.

Juliet was so angry this time that she locked herself in her room as soon as she got back to the Nelson mansion. Zoey followed her and comforted her. Looking at Zoey, Juliet couldn't help but feel angry when she thought of Zoey, who was with Julia in the villa.

"I don't know what medicine Zoey has taken! She idiot!" Juliet swore angrily.

At the thought of the change in Zoey's attitude towards her, Zoey frowned and persuaded Juliet worriedly, "I'm also worried about Zoey. She didn't allow me to feed sister-in-law this morning. Her eyes were full of caution."

She thought for a while and smiled softly, "maybe it's because I have married into Nelson family not for long, she has a hostile attitude towards me. After all, she has been with her eldest sister-in-law for a long time. If I didn't feel her pulse, they wouldn't even tell me. "

hat had been missing since childhood. Occasionally, there were Noah, Juliet and Shawn's.

He even found some photos of Zoey, who was still in her infancy. The photos showed that she was chubby and adorable. Perhaps both Noah and Juliet didn't put the photo of Zoey in such a complete range, which fully showed how much Holden cared about his sister.

In the picture, Zoey, who was about ten years old, was lying on Holden's 16-year-old body. Holden's lips clung to Zoey's nose. The two's faces were covered with sweet cream, looking like conjoined twin babies.

Seeing that, Zoey was shocked. She still couldn't connect Holden and Zoey as a couple. She shook her head and drove that terrible idea out of her mind. Although sometimes, it was too much for Holden to dote on Zoey, they were just brother and sister.

It was a long time before Zoey closed the photo album. She didn't care much about other people's affairs. All she wanted was to stay with Shawn.

The door was pushed open. Zoey, who hadn't put away the album yet, stared at the person that came in and wondered, 'it's Holden. Why does he come back now??'

Seeing the photo album in Zoey's hand, something unusual flashed through Holden's eyes. But in an instant, he regained his usual smile and asked softly, "why did you come back?"

He took the album from Zoey and browsed through it. Then he put it in the drawer naturally and said, "I didn't expect you to like this, too."

"Yes, I did." Zoey said with a smile.

"Well, I just came back to take something. You don't have to be so polite here." Holden's face didn't change. He strode to the desk and took the documents he had left on it away.

Zoey didn't catch a close look, but found a file about her family firm?

Before she could open her mouth to ask, Holden had gone out. If Zoey knew what it wrote, she might not be so calm. Seeing that Holden didn't get suspicious about the photo album, Zoey dispelled most of her doubts, and just thought that she was thinking too much.
