

Blossoming Her Shielded Heart Chapter 311 – 320

Chapter 311

The Mid-Autumn Festival

Julia couldn't help but look at Shawn. His face darkened and he sat there without saying anything. It reminded her of his mother's death on mid-autumn.

"Let's eat, Barbara," Noah picked up a piece of bread and put it in Barbara's bowl. He smiled awkwardly.

Noticing the awkward atmosphere, Barbara switched the subject. After eating, Shawn said goodbye to them and left the table. Julia glanced at his back and didn't follow him.

After the breakfast, Zoey packed up the Bento and was about to send it to Holden. Before she left, she glared at Julia as if she was blaming her for keeping her second brother in the company.

Julia's wronged It was obviously a mistake of Shawn

Watching Zoey dashing out of the door, Julia sighed helplessly and went back to the study to comfort the depressed man.

When she opened the study's door, Julia saw that Shawn was staring against the window and looking at the picture in his hand with his dark eyes. His handsome eyebrows were tightly wrinkled. Julia felt sorry for him and slowly walked up to him.

Sensing that Julia was coming in, Shawn put down the photos and turned around to look at her.

"What are you looking at?" Julia paused a little and asked with a smile.

"Nothing." Lack of interest, Shawn turned and strode to the desk, trying to hide the photo.

Julia quickly walked behind him, stretching out her hands to take the photo from him. But before she could do that, Shawn put the photo into the drawer, turned around and held her in his arms.

"Check this out!" Julia frowned and looked up at him with dispassion.

Every time they stood face to face, Julia would find that this man was really tall, a head taller than her, and that every time she looked up at him.

"There is nothing to see." Said Shawn in an indifferent tone, ready to drag her away.

"I just want to take a look at it." Julia held the corner of the desk with her both hands and didn't move. She had a vague idea of what photos Shawn was looking at, but she didn't want the scar to be hidden in Shawn's heart for the rest of his life.

Shawn paused and looked down at her. The look in his eyes became somewhat gloomy. Julia looked at this man, and could not help but swallow, but she still bit the bullet and said, "do you know how to completely recover if you get hurt? After the wound was exposed to the air, it could naturally recover, and the new skin would be even more solid than before. Hiding the

wound in a dark heart would make it slowly decay You'll never be fine forever.
“

When Shawn was in a trance, Julia went under his armpit, opened the drawer and took out the photo. It was a photo of Shawn and Jean twenty years ago.

This photo was cSara hrer than the one in Shawn's villa. It was a photo of Jean. She was really pretty, with bright eyes, elegant demeanor and a slight smile. She was more slender, dressing in a cheongsam of the R

e of his rough fingers. He said in a slow voice, “I know.”

Julia simply nodded and put the photo into the drawer. She looked at him with a big smile on her face, “it's good for you to know that. Look, do you feel much better to have me share the burden for you?”

As she spoke, she put her arms around Shawn's neck for credit.

“Yes.” The love in Shawn's eyes was as deep and dark as ink. Seeing that she was in a daze, Shawn took the opportunity to bend over and hold her slender waist, precisely grabbing her lips.

The moment he kissed she, Julia closed her eyes, her cheeks flushed, her lips rosy, and her long eyelashes trembled slightly, which was as light and beautiful as the wings of a butterfly.

This girl was the most precious thing in his life.

There was unprecedented tenderness in Shawn's expression. Before Julia could react, his kiss fell again. She screamed in her heart, ‘what's wrong with this man? Kissing maniac!

After a long time, Shawn finally let her go. Julia curled up in his arms, her tiny body scratching his bare chest with her two small hands. This woman had no idea that what she did was totally encouraging him

As soon as she felt that Shawn was staring at her, Julia stood straight and pretended to be shocked, saying, “Oh, I have an appointment with Zoey. I am late. I have to go now.” With that, Julia jumped off his arms. Fearing that this rude girl would be knocked down, Shawn held her waist and stood up too.

As Shawn stood up, Julia fell into his arms again, and he whispered in her ear charmingly, “you are mine today.”

Julia, who was teased by him, had no courage to look up at him. She could only lower her head silently and look at her fluffy little cotton shoes. She could not help cursing herself in her heart, “You are already an old couple and even have children. Why are you so shy?”

Though she thought so, Julia still allowed him to flirt with her and do what he want.

Chapter 312

The kids were playing with Barbara and Noah downstairs. When she saw Julia and Shawn coming downstairs, Barbara was a little embarrassed. The topic she just mentioned touched Shawn’s scar.

“Daddy, Mommy, where are you going?” Seeing that Julia and Shawn were about to go out, the two kids dropped their toys and walked towards them.

“We’ll go out for a while. You just stay at home. Daddy and Mommy will buy gifts for you when you come back.” Julia bent down and said softly.

Clara and Easton were reluctant, but they had to frown and nod reluctantly when they heard that there was a gift. Clara said directly, “I want a doll of that size.”

As she spoke, Clara opened her arms and gesture the size of the doll.

“Okay.” Julia stretched out her hand and rubbed Clara’s hair. Then, she turned to look at Easton and asked, “Easton, what do you want?” Easton shook his head and refused, “No. uncle bought me a lot of things.”

Julia put her hand on her forehead and sighed. She didn’t know whether the twins were her and Shawn’s kids, or Holden’s and Zoey’s kids. They loved Easton and Clara so much.

“Galen, what about you?” Julia turned to ask her eldest child, Galen.

Before Galen could say anything, Clara cut in, “Mommy, please buy a doll of such a big size for brother Galen. My doll is SpongeBob. Why don’t you buy a little dolphin for brother Galen?”

“Clara, I didn’t ask you.” Julia had to raise her hand to her forehead again.

Resting her hands on her hips, Galen looked at Julia confidently and said, “everything that belongs to brother Galen is mine. He has ever told me that everything he had belongs to me, including himself.”

Upon hearing this, everyone laughed, covering their mouths.

“.....” Julia was completely silent. She looked at Galen, only to find that he didn’t care about it and just stood by the side of Clara. Julia was stunned and her mouth twitched. She thought that Galen was interested in her daughter now

In an instant, Julia was disturbed. She stood up and giggled, “OK, I know.”

Then she was pulled out the gate by Shawn like a ghost. As soon as she walked out, Julia looked worriedly at Shawn, “Shawn, do you think Galen likes our daughter?”

Shawn rolled his eyes at her, tapped her head lightly with his index finger, and said, “my daughter is only five years old, and Galen was ten years old. Do you think a ten year old child could be sensible? “

Julia was unconvinced and asked, “then when did Holden like Zoey? They were also a kid. “

The man in front of her suddenly stopped when Julia just finished her words. Julia had no time to stop, and her face accidentally bumped into Shawn’s back. Shawn looked back at her thoughtfully, but said nothing. He picked her up and directly put her into the car.

Julia looked at Shawn’s face carefully. Well, he seemed to believe her words

Alas! How could Shawn know that if he didn’t take care of his children, how could he know?

ecked out today. Julia, don’t worry. Even if I have a baby, Clara and Easton are still my godchildren. I am still their mother.” Zoey raised her head after a long while and said with a smile.

Julia nodded and said with a smile, “Zoey, Holden, congratulations to you.”

“Julia, I have calculated that our child has no blood relationship with your child. When our child is born, we can arrange a marriage for it.” Zoey smiled again.

“.....” All of a sudden, Julia didn’t know what to say

“How old?” Shawn also looked at Holden with a faint smile.

“Two weeks. Zoey has a headache. I didn’t know that until I accompanied her to the doctor,” The tenderness and joy on Holden’s face were not affected at all. He was very happy now.

Julia glanced at Shawn and then at Holden, with a sense of relief. One had a cold face, and the other was gentle. They were both handsome men. Even if Holden didn't belong to her, she still felt happy.

And everytime she saw Shawn and Holden together, she would feel warm. Though there was no blood relationship between this pair of brothers, Julia believed that their relationship was better than any of brothers.

After chatting for a while, Holden took out a box of medicinal materials from his briefcase and handed it to Julia. "This is what sister-in-law wants. I have found it."

This is Julia's eyes fell on the box. She opened it and saw a rare blood lotus. The flower which nourished with blood... This kind of flower Julia's eyes couldn't help but fall on Holden's arm.

She recalled that the other day, Clara, who got Holden's coat dirty, was scared to tear it off. When Julia saw the bandage on the arm, she also thought that Holden had fought with others again. Otherwise, how did these injuries come?

Blood lotus needed to be nourished with blood. If not for a month, it couldn't bloom all its life.

Was it possible that this lotus was raised by Holden In order to make up for the mistake he made five years ago

Chapter 313

"It's this. Thank you." Julia didn't ask Holden how the blood lotus came. Instead, she collected the gift box containing medicinal materials calmly.

Holden had changed a lot in the past five years. He was no longer as hypocritical and scheming as before.

With Julia's gaze, Holden smiled, "you're welcome."

Zoey only glanced at Holden for a second. Then she smiled and said, "I'm hungry. I'm hungry. Let's eat! I want to eat! "

"I'm hungry too!" Julia and Zoey took the menu, completely ignoring the other two people and gossiping about dishes. After a while, they ordered and handed the menu to the waiter.

The two women made Holden and Shawn speechless.

When the dishes were served, Holden considerably gave Zoey a glass of warm water. "Drink more water." He held Zoey's hands and warmed them up.

Julia curled her lips and thought that they were really enough.. This was not the way to show off love! She glanced at Shawn, who was also staring at her. She was stunned for a few seconds, Julia could not help laughing, and Shawn also gently smile.

'perhaps this is the happiness that I have always looked forward to, ' thought Julia.

Julia couldn't stand the couple showing love in front of her. She coughed slightly and said to Holden with a smile, "Holden, you really care about your sister."

Without the slightest trace of modesty, Holden smiled, his eyes still fixed on the beautiful face of Zoey, and said seriously, "sister should be cared." After that, Holden added, "Wife needs care too."

That's enough! Holden! You are a sister con Julia rubbed her forehead with one hand as she felt a headache.

After dinner, the four of them went to the downtown to buy some gifts and the moon cakes gift boxes. Their appearance inevitably attracted a lot of

onlookers. The men were too handsome, while the women were too cute or beautiful

Julia and Zoey walked in front. They looked at each other and then looked at each other. At the front, Julia got closer to Zoey and glimpsed Zoey's unchanged stomach.

She asked in a low voice Zoey, are you trying to escape school by being pregnant? "

Zoey glared at her. "No, we.. we... I don't want to do that, either... "

With these words, she hemmed and hawed and turned her face aside. Without asking further, Julia just snickered. Julia's smile made Zoey's hair stand on end. She couldn't help but glare at Julia. Julia pretended to be serious, keeping a straight face.

Her face amused Zoey. Zoey said with a smile, "Julia, you've already had two babies, why are you still so childish?"

"Yes You are very mature. " Julia nodded her head and turned around to look at Zoey, with a meaningful smile. Zoey wanted to beat her. She did so, but her fist was gripped by Julia.

Zoey cried out in pain, "Julia, be gentle to me. I haven't Sarahmed Kungfu yet!"

"How dare you attack me? You think I'm invisible?" Julia raised her chin proudly.

Holden fr

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

“As long as I’m alive, I’m still his legal wife, while all of you are just his mistresses.”

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she Sarahrned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

y struggled, “brother, let me go! I must hit him”

“Really? You hit me?” As if hearing a funny joke, Martin looked down at Zoey.

“Zoey, he is your brother,” Although Holden’s tone was light, there was an irresistible Majesty in it. It was rare for Zoey to hear Holden talk to her in such a tone. She opened her mouth, but did not speak, but she was still very unhappy.

Martin smiled, “boss, you seem to have trained Zoey very well.”

“Thank you.” Holden replied in a neither humble nor pushy way.

While they were talking, Martin had walked in front of Julia, who raised her head and looked at him with a little confusion.

“Julia, the hospital is closed,” He said slowly.

His action made Julia’s blood boil. He was here to tell her about it?

“And then?” Julia rubbed her aching forehead and looked at him.

“Would you like to take me in?” Martin spread his hands, squinted and smiled.

Take him in? Julia turned around to look at Shawn. His eyes were dark, but he didn't say anything. Julia came back to earth and raised her eyebrows. She looked at Martin and smiled softly. "Martin, shouldn't you explain to me what happened to my hospital?"

However, Martin didn't reply to Julia. Instead, he fixed his eyes on Shawn. "Brother, thanks for caring from my sister-in-law for the past five years. I can't forget what she has given me."

"....." If eyes could kill people, then Julia must cut Martin into pieces. This man must have come to make trouble!

Hearing that, Shawn smiled coldly and evilly. At that moment, Julia suddenly thought of Lycoris radiate on the road to netherworld.

"I don't like to beat around the bush. You can tell me your purpose directly or get out of here." Shawn said it in a cold and stiff voice. Hearing that, Julia, who was standing next to him, trembled.

Among so many people, Shawn was undoubtedly the most powerful one. As soon as he finished his words, there was silence all around.

Chapter 314

Even Martin, who didn't care about anything, couldn't help but shiver. The smile on his face suddenly froze.

Shawn glanced at Martin, then looked down upon him like a grasshopper at the top of a tree, his eyes devoid of any emotion.

Seeing that Martin did not speak for a few seconds, Shawn, who was very impatient, slightly frowned, took Julia by her hand and directly bypassed Martin, without the slightest pause.

Julia stopped him at once, “wait a minute, Shawn.”

There was a dark cloud in Shawn’s eyes, which frightened Julia. She lowered her head and said cautiously, “I just want to know why he came to Ventrusburg. I’m really just asking.”

“Kitten, you know what I hate most.” Shawn said in a low voice. The words were echoing around Julia’s ears and she nodded her head repeatedly. He hated deception and betrayal the most. At this time, the look on Shawn’s face softened a little, but his hand was still holding Julia’s little hand.

Looking at the four people standing together, Martin smiled with self-mockery. Maybe he shouldn’t have come to find Julia. He knew cSarahrly that what he would see was their harsh happiness.

Seeing that Shawn’s face was getting better, Julia looked at Martin and said with a smile, “if you really need help, I can help you.”

Martin had helped her a lot in the past five years, so she should pay off this debt.

Martin shook his head and smiled. “I was just kidding. There is nothing wrong with the hospital. I have something to deal with here, and after that I’ll go back to town. “

“Okay. Be careful.” Julia nodded, but didn’t say that she wanted to have dinner with him. In the past five years, she had spent the Mid-Autumn Festival with him, grandfather Ding, Easton and Clara..

The girl was back to her real home now,.

“Well, I should go now.” Stopping laughing, Martin said goodbye with a smile and was about to turn around.

“Martin, let’s talk,” said Holden from behind Zoey stared at him in disbelief. Holden let go of her hand and walked to Martin.

It had been five years. They didn’t care about many things now.

However, Martin didn’t reply to Holden. Instead, he smiled and looked at Zoey, who was about to burst into anger in her eyes. “Five, it seems that Zoey doesn’t welcome me.”

Zoey flared up at his words. She jumped behind Holden and yelled at Martin, “it’s so strange. Why should I welcome you? You kidnapped me, bullied my brother and even planted a bomb in the castle. Don’t you think I didn’t know that was what you did?”

Bully him? Julia giggled with her mouth covered. There was also a trace of smile on Shawn’s face. When he saw Zoey and Julia, his cold eyes softened.

“Zoey, you are always so mean. How can you even forget your grandpa gardener?” Martin smiled instead of getting angry. He put his hands into the bags gently and looked up at Zoey.

In their eyes, Zoey was just a girl who didn’t get candies.

Gardener? Zoey blinked in confusion.

“I’ve been with

of Holden was gentle, but it was a real reprimand. “Zoey, don’t talk nonsense.”

Julia took a sullen glance at Zoey and sighed, “I didn’t expect that you would look at me like this. Alas, it’s so depressing.”

At the moment, Zoey was left behind. She snorted and raised her nose without saying anything.

Holden pinched her small nose and took her in his hand.

Shawn and Julia looked at each other and there was a tacit smile on their faces. The warmth flowed in their hands, and the autumn breeze suddenly cooled down.

The moon was very bright tonight, as if a jade plate was glowing. Around the moon was a halo of red light, beautiful and incredibly gentle.

The stars scattered in the black sky, like mischievous spirits. They blinked their cSarah and beautiful eyes and looked up at the empty heaven and earth innocently.

The huge clouds formed a beautiful scenery in the deep blue sky, like a large area of cotton, which was soft with a faint golden light.

The road was very remote, and there were very few people and cars. The orange street lamp stood alone on the side of the road, like a row of straight and free guards.

None of them spoke. The wind was howling, and the Sarahves were falling. Occasionally, several insects chirped near their ears. The atmosphere was naturally relaxed.

Julia stealthily turned her head to look at Shawn. The moon shone on his handsome and extraordinary face, and for a moment, she really thought that he was a god who create the world, with a cold face and an air of coldness surrounding him, as if he was the creator of the world.

Then Julia secretly retweeted the scene that Shawn stood on the ground with a pair of axes in his hands, with his shoulders exposed, and his muscles outstanding. She couldn't help pressing her lips and turning her face to him.

At last, Julia couldn't help but laugh. With her shoulder twitching, Shawn looked down at her and frowned. He didn't understand what she was laughing for.

Chapter 315

Though Julia's laugh was cSarahr and melodious, it was a little weird in this desolate street.

Shawn didn't need to ask her. Zoey ran up to Julia out of curiosity. She stared at Julia's face and asked, "what are you laughing at?"

"Nothing.." Julia glanced at Shawn's soft face and said with a smile, "I just think your brother is like an emperor."

Everyone was silent for a moment. There was a sudden pain on Julia's forehead. With his index finger still on her forehead, Shawn naturally smiled and explained, "mosquitoes."

Julia's eyes twitched, 'it's time to sleep for mosquitoes in such a bad weather.'. She rolled her eyes at Shawn, bent her knees, kicked in the direction of Shawn back and jumped on it.

She put her arms around his neck and whispered in his ear with a smile, "honey, carry me home."

With an unprecedented tenderness on his face, Shawn gently responded to her. Then he slowly walked along the orderly arranged street lamps.

He was her back that could prevent all the storms and burdens for her. Julia lied on his strong back in peace of mind and couldn't help recalling the first time she was carried on Shawn's back.

Her lips were full of happiness.

When she returned to the Nelson family's mansion, Julia finally woke up. She really had a sound sleep just now, and she dreamed that they were all living happily together. They were the happiest family in the world.

"Present! I want a gift!" As soon as the four entered the house, they were under siege by the children, and the only one who were more troublesome was Clara. Easton and Galen were just watching aside indifferently.

After Julia glanced at Easton and Galen, she thought that since Easton was a boring boy, and Shawn was also boring, how could Clara marry another boring boy in this family?

Should she think twice about marry Clara to Galen? Julia looked at Galen thoughtfully, who was terrified by her mysterious expression

After the dinner, everyone took a chair and went to the top floor to enjoy the moon. During the dinner, Holden told everyone that Zoey was pregnant.

Stunned for a moment, Noah and Barbara's faces lit up with joy. Immediately, Barbara pulled Zoey to her side and asked her with concern.

Seeing that her mother was so familiar with other children, Julia curled her lips in discontent. Zoey pretended to be so obedient, as if she wanted to make Julia angry. They were a mother and daughter who really loved each other.

"Julia, come and talk to mom." Being ignored for a while, Julia was summoned by Barbara. Julia was going to proudly refuse Barbara, but when he caught a glimpse of Barbara's meaningful eyes, Julia lost his courage and Sarahned against her.

At the top floor, there were divided into three group. Zoey, Barbara and her were the women's gangs. Noah, his sons were the men's group, while Clara, Easton and Galen were the children's group. Julia took a glance at Zoey's belly. The Nelson family would have another baby soon.

In order to celebrate the M

nal herbs from the gift box given by Holden. A red lotus. She skillfully crushed the lotus and the bright red liquid was cSarahr. She put the liquid into another bowl and added other herbs.

After that, Julia put aside the medicine and continued the acupuncture to Shawn.

During the whole process, Shawn's eyes were fixed on her. Compared with five years ago, she was more serious and rigorous, more capable, and from time to time she would unconsciously frown.

After applying the medicine on Shawn's arm, Julia wiped the sweat off her face with ease. The medicine that Holden sent was not necessary, but with this taste, it would be easier.

'How loyal Holden is! For now, I has forgiven his previous mistakes. I've heard from Barbara that Holden has done a lot for the Nelson Group in the past five years.' Julia thought.

When Julia was cSarahning, she finally noticed Shawn's blazing eyes. A few seconds later, she quickly turned her eyes around and looked somewhere else.

Shawn smiled. He pulled her into his arms, and kissed her earlobe purposely. He whispered, "kitten, can we have another child?"

It was a pity for Shawn that he didn't see the baby grow up little by little.

With a red face, Julia lowered her head. After a long while, she looked up at him and said in a muffled voice: "no, I don't want a baby. You have no idea how hard it is to have a baby."

"Thank you, honey." Shawn held her tighter and kissed her as light as a feather on the cheek, soft and seductive.

Julia tittered. She turned around and put her arms around his waist, with her head on his chest. They could feel the warmth from his hug, which made the air in the room warm and sweet.

Shawn did not allow her to refuse. He held her waist, and easily pressed her on the bed, and hot kisses fell down.

They all became a little different in the past five years, but their love for each other didn't decrease at all. It was even thicker and thicker as time went on, like the mellow wine in the cellar.

Chapter 316

Perhaps it was because of Holden's blood lotus, or perhaps it was because of Julia's massage for several months, the strength of Shawn's arm had recovered a lot, and was about the same as before.

Now he could easily hold Julia up with his right arm, and skillfully use his right arm too.

Shawn's right arm was recovered.

His arm recovered completely after the last time of applying medicine.

The whole family was supposed to hold a party to celebrate the recovery of Shawn's arm, but, after discussion, they decided to celebrate themselves.

hospital.

It was in the evening when Julia and Shawn went out of the hospital. With uncontrollable joy on their faces, Julia was obedient like a little wife who had just got married to Shawn.

Because of Julia's suspected pregnancy, Shawn coaxed her to the hospital for an examination. The doctor gave her a cSarahr answer that Julia had been pregnant for seven weeks, and the fetus was all right.

The joy on Shawn's face was obvious, but Julia muttered in her heart, 'I really don't understand why she is always do same things with Zoey.'. They lost the unborn baby last time. Could anything happen to them this time?

Though she was muttering, Julia thought they had a companion since they both got pregnant.

After returning to the villa, the house had already decorated a style of banquet. As soon as they entered the door, Clara and Zoey sprayed the colorful fireworks on their heads. "Welcome home!"

Looking at Zoey who was in harmony with the children, Julia was in a sweat. Holden was nervous and helpless beside her, with a playful expression on his face.

Shawn took away the fireworks on her head and took her to the dining room.

The round table, with a diameter of 1.5 meters, was full of delicious dishes, which were made by Barbara and Zoey. Seeing delicious food, Julia immediately threw away the hand of Shawn and sat in front of the table.

“Take it easy. Everyone is not here yet.” With these words, Barbara knocked on Julia’s head with chopsticks.

Julia had to put down her chopsticks and glanced at Barbara with dissatisfaction. “I haven’t moved my chopsticks yet. Why did you hit me?”

‘What? Couldn’t I hit you?’ Barbara thought. Enraged by Julia’s words, Barbara waved her chopsticks and knocked on Julia’s forehead again.

Julia drew back her neck and kept silent.

After all the people got together at the table, Julia slowly moved her chopsticks. Shawn blankly glanced at Julia who lowered her head and couldn’t help smiling.

“Is Julia okay?” It was not until then that Barbara remembered that Shawn and Julia had come back from the hospital.

“She is pregnant.” Shawn said this while putting some of Julia’s favorite meat into her bowl, chuckling.

A broken silence fell on the spot. Easton looked at the adults with curious eyes, tugged at the corner of Shawn’s clothes and asked, “Daddy, what does pregnant mean?”

Shawn gently touched Easton's face which looked like his childhood and smiled, "It means you and Clara will have a brother or

The woman smiled and said, "you can't do anything to her. You can do something to her children. I heard that their children were sent to the kindergarten attached Ventrusburg University, and the only child of the Leng family was with them."

Claire thought for a while and asked with hesitation, "what if I am caught?"

Neither Shawn nor Holden was a kind person. As long as someone upset anything they cared, they would try their best to get him down.

"Huh, are you afraid of this?" The woman smiled with disdain and said, "Claire, if you're more brave, you may be Shawn's wife. Let alone Shawn, why can't you even handle Holden? "

Claire was annoyed by the woman's words, but she could not explain. She gritted her teeth, "OK, I'll find a way to kidnap their children. You have to help me, Lydia."

After she drank another glass of wine, Lydia Fu smiled and said, "let's cooperate."

Claire looked at her confusedly. Then, Lydia knocked on the table gently with her finger and said, "I want you to tie up Galen too."

"Okay." Before she thought much, Claire quickly agreed.

She would make sure that they couldn't get married. Shawn was supposed to be her husband. She didn't allow anyone to snatch her things in public. Absolutely no.

Claire could not help thinking of the day when she negotiate with Julia. She hated the calmness and disdain of Julia's provocation. Moreover, she put on a look of flirting with a small animal.

She gripped the wine glass more firmly. She sneered. Claire wanted to see that this woman was worried and bewildered. Even if she failed to stop them getting married in the end, she would still tear up Julia's calm face.

But Claire didn't understand why Lydia was interested in Galen. Did she have anything to do with the Leng family?

Without noticing the confusion in Claire's eyes, Lydia continued speaking to Claire in a sexy voice, "if you have decided, then do it." After that, she jumped off the revolving high chair in front of the bar counter and walked out.

Chapter 317

As expected, the day before the wedding was coming. For the wedding of brother and sister, the kindergarten was deprived of days, and Clara, Easton and Galen were waiting at the gate.

The two men who looked very honest walked to Clara and Easton and asked with a simple smile, "are they Clara and Easton? Master and Madam are busy. They want me to take you home. "

Looking at them suspiciously, Galen was about to take out his mobile phone and make a call to Julia to confirm it. Seeing this, that man thought that it was not good to do that, so he immediately picked up Galen, and the other man carried Clara and Easton, then walked a long way to the opposite side of the road with another hand.

The two men covered their mouths with their hands. They couldn't call for help. What was worse, the man had covered their faces on purpose, which made them look like a father who was dealing with a naughty child.

The three children were thrown to the back seats of the car and the car drove away immediately. Clara had never seen this scene before and was frightened to cry. "Let us get out of the car. I want mommy, I want Daddy, Daddy..."

Seeing her crying, the man in the copilot immediately put a towel in her mouth and gave her a fierce look as a warning.

Soon after the man left, Julia and Zoey came to the school gate together, but they didn't see the three children. When they got out of the car, they saw several teachers anxiously waiting for something.

Seeing Julia get off the car, the teacher quickly walked up to her and said, "Miss Able, I heard that Clara, Easton and Galen had been taken away by two men."

Julia's mind went blank for a few seconds before she responded.

"Have you called the police?" Julia hastily pulled the teacher's clothes and asked. The teacher's face was pale with fright. She nodded quickly and said, "I've called the police."

"Julia, let's go and look for them." Raising her eyebrows, Zoey held Julia's hand and tried to say it in a low voice.

Julia nodded her head in panic. At the same time, she took out her phone and made a call to Shawn. If the teacher hadn't told her that they were taken away, she would have thought that they were just wandering around.

"Kitten, don't move. I'll be right there." Said Shawn in a serious tone.

Julia had to nod. She held her fist tightly and comforted herself over and over again not to be anxious. Maybe the gangster just wanted money.

As long as the child would not die, she would give them whatever they could do.

It wasn't long before Shawn's car stopped in front of Julia. He got out of the car and hugged her into his arms. He patted her on the back and said: "it's okay. Don't worry."

His gentle voice and undulating chest indicated how hurried he was and how worried he was.

He didn't expect that they dared to kidnap his children at this time.

They split up to look for Clara and Easton and didn't see any of them. But the gangsters didn't call her, and Julia held her phone, with each move of it would frighten her.

If the kidnapers didn't want money,

n at her and said, "Claire, next time, it won't be as simple as Sarahving the footprint on your face."

Without thinking too much, when Julia and the two kids walked out of the factory's gate, the fire engine and police had already arrived and were in a hurry. Clara cried and pulled the corner of Julia's clothes and asked, "where is brother Galen? Where is he?"

Hearing that, Julia didn't know how to reply. The reason why Claire kidnapped them was to stop Shawn from marrying her, and the target of Lydia was Galen.

"Don't worry. Galen will be back." Julia had to bend down and kiss Clara's beautiful hair, then she coaxed her in a soft voice.

Overwhelmed by fear, Zoey picked up Easton. It was really a critical moment. She was scared to death. “Easton, it’s all right. It’s all right.”

Easton looked at his sister without saying anything.

They still couldn’t find Galen from that day, not even the dead body. He seemed to have vanished from this world. After checking that room, Shawn found an underground passage.

Maybe, Galen had already been taken away by Lydia.

After that, Shawn also investigated the whereabouts of Lydia, but he could not find her.

After bringing the two kids back to the Nelson clan’s mansion, Clara kept crying and refused to eat. Even Easton was in silence. Zoey was putting on a show, and Julia was making a face. Even Barbara was luring her with delicious food, but all was in vain.

The kidnap incident was serious. Claire was taken away by police. Hearing from Zoey, Claire would be in prison for at least twenty years. Shawn must have done something.

Julia felt a little speechless. Fortunately, she was a good person and she didn’t annoy Shawn. Ventrusburg was just an exclusive empire of Shawn. She couldn’t help but wonder if Shawn could do anything he wanted in Ventrusburg

After all, many things had happened today. At night, Clara and Easton would sleep with Julia. Clara and Easton were asleep when Shawn came back. Julia was reading a book on the table. But when Shawn walked over, Julia was asleep too.

Chapter 318

The wedding still went on as scheduled despite the episode. Julia sat in front of the dresser and looked at herself in the mirror. Suddenly she found it hard to believe.

Since she was a child, she firmly believed that she was good-looking. But in the mirror, she was completely as beautiful as a fairy. Her long black hair was folded at the back, and the fringe on her forehead was raised properly. Two wisps of slightly curly hair fell down from her ears, revealing two round ears.

Her skin was white and red, delicate and flawless with the light make-up. Her facial features were exquisite and beautiful, and her neck was as long and white as a white swan.

The wedding dress was customized by an international wedding dress designer. Hearing from Zoey, Shawn began to design this dress for Julia from five years ago and it took him five years to design.

The overall design of the wedding dress was luxurious and elegant. The color of white was the main focus, and there were a variety of kinds of diamonds, agates, emeralds, and other kinds of precious gems hang on the design. They were extremely eye-catching, but they were coordinative.

Every accessory on the dress was designed by famous designer. Julia thought she was lucky enough to be a beauty, just match the supercar.

Even Clara and Easton looked up at her in surprise. "Mommy, you're beautiful. You're particularly beautiful."

Clara's eyes were red and swollen. She cried a whole night and cried when she was asleep. She was calling Galen's name all the time. Julia gently pinched her nose and smiled: "thank you, Clara and Easton. You are both very cute and handsome!"

Although Clara was a little naughty in normal times, she was obedient at the critical moment. Even if she really worried about Galen, she would save face for Julia.

The make-up room's door was pushed open and a pair of shiny Sarahther shoes came in, but the upper part of her body was nowhere to be seen. Staring at the Sarahther shoes, Julia blinked in confusion.

It was not until a few seconds later that Julia saw cSarahrly who the man was. All of a sudden, her lips began to twitch.

The person was Zoey. Indeed, it was Zoey in a suit, a well cut Italian black suit, and a small round cap on her head. These non-existent match hit Zoey's lovely apple face, with a kind of unspeakable harmony.

"Zoey, are you sure you want to go to the hall in this way?" Julia put her hand on her forehead.

She knew that Zoey was a troublemaker, but this was a wedding ceremony. How could she be so casual.

"Yes. Isn't it good to have three prince by your side? I think it's interesting. " Zoey giggled, not noticing how exaggerated her outfit was.

Julia helplessly asked, "does Holden know about it?"

Hardly had her voice faded away, she saw Holden coming in from outside.

"....." At the thought of this, Julia's face started to twitch again. According to her local custom, the bride and bridegroom were not allowed to meet some time before the wedding ceremony, so that they could keep a bit of mystery.

the shiver of holding her arms.

Excited, excited, happy, happy

Julia was touched and hugged him tightly.

After a while, Shawn reSarahsed her, turned to hold her hand and walked into the hall.

Julia looked up at him and thought, 'he is very handsome today. He is dressed in a black handmade suit, looking decent and elegant. His tiny and exquisite bangs were also carefully smoothed. There is no blemish on his extremely handsome face, and his three-dimensional and deep features make people feel restless.

His dress and hers looked like a natural couple.

Though Julia looked gorgeous today, she still noticed that most people were still staring at Shawn. He looked like a powerful man in every move, which would make people surrender to him accidentally.

In the guests, Julia saw Nathan . Next to him stood a girl in a white dress. He smiled and nodded to her. His gentle and affectionate eyes were the best wishes for her.

He wished her happiness.

Julia gently closed her lips and smiled at him to express her thanks.

Under the cross, Julia called out her vows. When it's Shawn's turn, she carefully listened to his vows, which were exactly the same, and heard him say, "I will trust you and respect you.". I will love you with all my heart, good or bad, hard or happy. I will always be there for you I will hand over my life to you. "

His low, attractive voice rang in the quiet hall, like that of a Violoncello, melodious, low and melodious, making people can't help but sink in. Julia looked at him blankly. All the sounds disappeared from her ear. She only heard his vows.

“Now, pSarahse tell the bride the most affectionate words in your heart.” The host’s voice pulled Julia back to reality. Her heart rose to her throat again, her face turning red.

Shawn fixed his eyes on her. At this moment, she was the only woman in his heart. A few seconds later, he opened his mouth, “I wish you happiness forever.”

It was just a simple sentence, but it was enough to shock Julia.

I wish you happiness forever.

Chapter 319

After a few seconds of silence, a burst of thunderous applause broke out. Julia gently covered her mouth. Her eyelashes were trembling. He loved her all the time and treated her as the most precious treasure in the world.

“Then, next, pSarahse tell your groom your most affectionate confession from the bottom of your heart.” The emcee smiled with satisfaction and turned to Julia.

Julia was stunned for a few seconds. She didn’t expect that the bride would also say so, so she was a little nervous. She looked at Shawn’s eyes tenderly and peacefully, as if she was injected with power.

“You are the one I will spend the rest of my life with.” Julia bit her lips and looked up at him.

This was followed by a burst of loud applause.

After some greetings, the host continued, “now pSarahse let the groom and the bride exchange rings.”

They looked at each other and took the rings the waiter had sent to them and put them on each other. The shining diamond glittered with happiness. Julia lowered her head and didn't dare to look up at him.

Then the emcee said, "the groom can kiss the bride now."

This was the climax of the wedding. Everyone was looking at them, holding their breath. Julia never kissed Shawn in front of the crowd, and her head was lower.

Shawn held her face up gently, lowered his head, and gave her a bossy but extremely gentle kiss. Their lips were entangled. Julia's eyelashes quivered slightly, and a drop of crystal overflowed from the corner of her eyes.

Tears of happiness welled up in her eyes.

Shawn reSarahsed her gently, wiped the tears from the corner of her eyes. He looked at her dotingly, "silly cat."

Julia couldn't help but jump into his arms and held him tightly. From the moment they got the marriage certificate, they knew each other, then they fell in love, and at last they slept together

He finally waited for her and she finally came back.

All the endings were perfect.

The audience were touched by their deep love. Standing behind them, Zoey held a finger with Holden. Looking at them, they felt happy and joyful for them.

After the first wedding ceremony, it was Zoey and Holden's turn.

It was Zoey's first time to come to such a holy place, she was still terrified. Although she was twenty-three years old today, but she had been in a state of

coma for a long time. In the past eighteen years, she had been protected too well by Holden, so she was a little bit afraid of such a big scene.

Fortunately, Holden was with her, and they had a perfect wedding ceremony.

The banquet was going to take place at the most luxurious Sunny hall in Ventrusburg. The Nelson family had already booked the whole building. The new couple were shuttling among the guests very politely. Noah and Barbara were also standing in the middle of the guests with a smile on their faces.

Everyone had a happy smile on their face. For a moment, Julia felt the world was occupied by happiness. Everyone was happy.

“Miss Lesbian, I seem to be late,” A mocking voice came from behind. Julia turned around and saw John.

Lo

finger on your cheeks and sing.” Elmore was in high spirits to teach Shawn to sing.

It was definitely a messing up to Shawn.

In order to get the bride price, Shawn followed the action of Elmore, and the lovely music started.

“Little cutie, little cutie, they say I am too cute, full of fantasy head, pSarahse don’t be strange, little cutie, smile, they say I am most lovely, like a flower in bloom, sparkles and loves the most lovely expression...”

The stiff action, the stiff expression and the rigid voice made all the people laugh. In order to consider Shawn’s dignity, Julia smiled with the corners of her mouth twitching and her stomach twitching, but she didn’t dare to show it. In fact, this president looked really lovely and lovely.

He was cuter than Easton without his usual calmness and indifference.

But after that, Shawn was too impatient to continue. Elmore took him by the arm and said, “let’s play another round. We need to get the luck on the happy day.”

Suppressed by Elmore, Shawn could only wait for the next card with a straight face.

The second card was shown as a rule of creepiness.

Creepiness.. Julia put Shawn’s face on the face of some wretched man. She clenched her teeth and tried hard to hold back her laughter.

“You don’t understand?” Elmore restrained himself from laughing and seriously looked at Shawn. He pointed at another person in the crowd and said, “come here and perform for our CEO.”

Shawn gritted his teeth as he looked at Elmore, “Elmore, I haven’t taught you a lesson for a long time, have I?” With an invulnerable evil smile, Elmore pushed Shawn and said with a smile, “brother, don’t tell this to the face, especially in front of sister-in-law.”

“.....” Julia believed that one day, Shawn would be infuriated to death by Elmore

“Last one. When you’re done, get out.” With Shawn’s temples throbbing, he ordered in a low voice.

His voice was so cold, but Elmore’s face didn’t change at all. He continued to push Shawn closer with a smirk, “all right, let’s begin.”

Chapter 320

The atmosphere was very good with the provoking of Elmore and John. Even an indifferent iceberg like Shawn could get into this harmonious atmosphere.

The man who acted like a creepy man did some gestures as if he looked at the beauty, touched his buttocks, and was in a daze. While Julia was watching the man, Julia was so uncomfortable that she got goose bumps all over her arms.

As everybody was urging Shawn to do something, with no more hesitation but holding back his anger, Shawn made a series of moves. The people who had only dared to laugh at his stomach were now laughing on the ground.

In order to refrain from laughing, Julia almost bit off her tongue and her face twitched violently. She really wanted to roll on the ground with her hands on her stomach, but she dared not.

But Shawn didn't look so lascivious no matter how hard he tried, and that was why he looked so strange.

As soon as the performance was over, Shawn drove the crowd out. When he was kicking Elmore out, he kicked him hard on his buttock.

Julia ran to the bed pretending to be asleep. Actually, she really couldn't help but burst into laughter under the quilt. As she twitched the quilt, the gloom on Shawn's face slowly disappeared. Everyone was happy tonight, except him.

"Have you laughed enough?" Shawn poked the quilt with a frown.

Julia poked out her little head and looked at him with a laughing look. "Shawn, I find that you really have the talent to perform. Now go and be a daredevil!"

Shawn pinched her nose. "How dare you laugh? Don't you know how tired your husband is?"

"Thank you, honey." Julia lifted the quilt and jumped into his arms, shouting tamely.

Hearing her sweet voice and holding her in his arms, his anger disappeared immediately. He held her tight and was about to kiss her. But before he could kiss her, he heard Julia shouting, “wait.”

Under their gazes, Julia freed herself from Shawn’s embrace, jumped out of the bed, ran to the table and carried the cards to the bed. She was curious that besides “acting cute” and “creepy”, what were other cards.

Every time she opened one of them, Shawn’s face turned black.

“Tickling her hair in a rush; the maid in waiting; crying; shouting in a low voice

After turning over, Julia turned her head and looked at Shawn. Suddenly, she was shocked to see a man with a long face in front of her. When she was about to jump away, the man caught her and trapped her under his body.

Julia blinked with her big and round eyes and begged pitifully, “Shawn, don’t get mad at me. I’m afraid of pain.”

“I’m not venting my anger on you.” After a pause, Shawn’s voice was whispered in her ear with a smile, “but .”

Julia’s face suddenly turned red, and she closed her eyes tightly. Although they had been married for a long time, she still didn’t dare to look at him. She begged in a low voice, “Shawn, turn off the light, okay?”

“It’s too late,” Shawn’s voice was deep and

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

“As long as I’m alive, I’m still his legal wife, while all of you are just his mistresses.”

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she Sarahrned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

en broke free from his grip. With her cheeks bulged up, she stared at him. Shawn was in a good mood, and his depression last night was swept away.

Julia turned to the kids, as if she was saying : “help, Clara, Easton! Help me! Your daddy is going to beat me!”

The two kids winked and looked at Shawn, then they gathered together to discuss.

“It seems that daddy is not as easy to bully as we think. We’d better give up.”

“But Mommy...”

Clara said, “well, Mommy won’t blame us. Daddy is so powerful that we can’t defeat him.”

“You’re right.” Easton said

Everyone was shocked.

At this moment, Julia knew it cSarahrly that she would have no chance to change in this family She wanted a divorce! She wanted to be the master!

What’s more, Barbara gave a thumbs up to them when she heard that, and then Noah looked at them kindly and said with a tender smile, “This family has finally become complete and intact.”

A family could only be complete with parents, children and herself.

“I’m so proud of you two, Holden and Shawn,” This man, who was more than 50 years old, raised his glass and looked at the two children with delight. Having them was the most proud thing in his life. Seeing the children grow up with joy and being parents were happier than having the whole world.

Shawn and Holden both raised their glasses. The father and son’s glasses clinked, making a cheerful sound of glass colliding. Julia heard that it was the ringtone of happiness.

Holden poured a glass of wine for himself, and one for Shawn and Noah. He looked at his brother, and raised his glass, “brother, thank you for your tolerance, and I’d like to propose a toast to you.”

Both Julia and Shawn knew the meaning of Holden’s action. But Holden still felt guilty and would do his best to atone for his crime. Julia turned her head and looked at Shawn sitting next to her. In fact, five years ago, Shawn had forgiven Holden, but Holden never forgave himself.
