

# My 18-Year-Old Wife - Chapter 51 I like you

It was already dawn.

Yuting Chen, lying down on Mike Feng's chest, opened her eyes.

Remembering what she and Mike Yue had done until one o'clock in the morning, Yuting smiled.

At this time, she has no time to think about Helen Liu. She knew that today was the wedding day of Helen Liu and Haoyang Li. All she could think about now was her own happiness and future.

Feeling Mike Yue's strong pectoral muscles and heartbeat, she closed her eyes and went back to sleep comfortably.

As time went by, it was already daylight.

There were several Volkswagen luxury cars parked downstairs of Helen Liu's house. Liu family could not afford to buy a Bentley or a Porsche, but they could still afford a BMW or a Mercedes.

Today, Liu family's relatives all came to Helen's wedding.

"Helen, be happy. You have to try to accept Haoyang." Xiaohui Yu said. She didn't want Helen to have a sad face today. It wouldn't be good for the wedding guests.

"Women have to take care of their husbands and give birth to children. It's so tired. If we want to have a good life, we have to find a rich husband, right?"

"Mike can't give you anything. But Haoyang is different. He can give you anything you want. He can hire a maid to help you take care of your kids. You don't even have to worry about household chores, which is something many women dream of, so why aren't you happy?"

Xiaohui Yu persuaded Helen to marry Haoyang patiently. She really wanted to put her own thoughts into Helen's head and make her obey.

Afterwards, Helen's grandfather, Peter Liu, arrived.

When he saw Helen's expressionless face, he was a little upset. But today was a special day, so naturally he couldn't get angry.

"Be happy, today is your big day. If those relatives and the people of Li family see your sad face, they'll think you are reluctant to marry Haoyang."

"You'll be the benefactor of our Liu family from now on. We'll be very grateful to you."

Looking at Peter Liu and Xiaohui Yu, Helen was sad. She was disgusted with them. The Liu family was just greedy for Haoyang's family background and wealth, so they forced her to marry Haoyang. They keep saying that it was for Helen's happiness. However, they actually ignored her feelings and manipulated her life.

Helen was now disappointed in the Liu family and finally realized the good of Mike. However, it was just too late. She would soon be forced to marry someone else.

"Lisa, you go let someone to dress up Helen." Peter said to Lisa.

.....

At the hotel, Mike opened his eyes slowly.

When he found himself lying naked on the bed and Yuting was still lying on his chest, he was completely confused.

Yuting also woke up. She looked at Mike with a flushed face, without saying a word.

But Mike didn't want to think about what happened last night. He didn't dare to accept the fact. He still had memories of those few hours last night.

He just didn't understand why he didn't control himself.

"We....." he whispered, but he was too embarrassed to face Yuting's gaze.

When he lifted the covers, he saw a bit of blood on the bed. Mike was a bit shocked. He realized that it was the first time that Yuting had sex with a man. He felt a strong sense of guilt.

"You don't have to say anything, I won't blame you." Yuting said with a blushing face, "This is my first time. From now on you'll be my man."

With that, she hugged Mike again.

Mike was stiff, not knowing how to face Yuting. Maybe he did so out of instinctive desire. Despite the fact that he and Helen had been married for two years before, he had never touched her.

Thinking back to last night, Mike can't help but feel a little attached to Yuting's body and her scent.

He embraced her tightly again. At that moment, he was filled with a sense of security and a hint of conquering pleasure.

He felt that this woman would never hurt him and leave him.

Both of them didn't speak again and just lay quietly on the bed for another hour.

After an hour, they were both dressed. Mike took another look at the red on the sheets and explained to Yuting, who was sitting on the bed.

"Yuting, I'm really sorry."

"I was really in a bad mood yesterday, that's why I asked you to come to drink with me. I really didn't have that intention. I also didn't even think that this would happen last night."

"I know that I did something terrible. I... I will be responsible for you."

Yuting hands stroked Mike's face and smiled faintly. "You don't have to blame yourself too much. There's no way you could have done that last night if I didn't want to."

"I like you not because of who you are, but because of your dedication and honesty. I didn't mean to sabotage your relationship with Helen. I really didn't think anything of you before your divorce."

"After you divorce Helen and she is already getting married, so I want to be with you. Will you be responsible for me?"

Mike was stunned at her words. He didn't expect that Yuting would like him.

He hadn't noticed it at all before, probably because he hadn't been in many relationships and he was a bit slow about it.

"I'm not that kind of man who doesn't have a sense of responsibility."  
Mike stammered.

"But I...I need a few days to think about it. For emotional matters, I think we should take it seriously."

Yuting smiled slightly, lowered her head and gave Mike a kiss on his forehead, saying.

"I can understand you. I won't push you."

"I like your responsibility and attitude towards relationships. Let's calm down for a couple of days."

Mike looked up at her, grateful. "Thank you. You're so understanding. I'll think about our relationship."

"Let's go have breakfast, and then I'll take you home. You just take a good rest."

Yuting, who was now like a happy wife, hugged Mike and said.

"Ok, I'll listen to you."

## **My 18-Year-Old Wife - Chapter 52 Mike's endless anger**

"All right, you're home now!"

Mike Yue drove Yuting Chen to her home.

After getting off the car, Yuting asked shyly,

"Don't you go upstairs to my home?"

With an embarrassed smile, Mike said,

"Next time, I've already remembered where your home is. I'll come to visit you again when I have time."

"You drank so much last night, and..."

Mike, with a blushed face, quickly changed his words,

"Just go home and have a good rest. You have to work tomorrow."

Yuting also blushed, nodding,

"Well, you can go back home and have a good rest, too."

With that, she stood on tiptoe and gave Mike a gentle kiss on his face. Then she blushed, turned and ran upstairs.

Mike was stunned for a long time before he got into the car reluctantly.

He still loves Helen Liu in his heart. It is impossible for him to put down the woman he has loved for so many years in such a short time. But after last night, he had another women, Yuting in his heart, and he liked Yuting's fragrance and greedy for her body.

This was what Mike can't cheat himself. His virginity for many years broke overnight!

He remembered how crazy he was with Yuting last night, and he believed that even Helen could not have given him that feeling. But the reality was that Helen Liu was about to get married, today.

In his heart, Mike was not as miserable as yesterday. Maybe it was because Yuting gave him comfort.

"I have to forget you, Helen."

"Yuting gave her everything to me. I must be responsible for her..."

He took a deep breath and sat in the car for a long time before driving away.

When he got home, he was about to go home and have a sleep when his mobile phone rang. He picked it up and looked at it. It was a strange number.

Mike thought it's strange. Most of the people who had contact with him had notes. Generally, no stranger would call him.

"Hello." He answered the phone finally.

"Hello, is this Mike Yue?" There came the voice of an anxious young girl.

"It's me. Who are you?" Mike had some doubts.

"Mr. Yue, I'm Helen's assistant. My name is Xiaoling Cai. Helen is in trouble. Go to help her, please!" Xiaoling's urgent voice came from the other end of the phone.

On hearing that, Mike became nervous and frowned,

"What's the matter? Tell me, what's wrong with Helen? Where is she now?"

Xiaoling said,

"Haoyang Li with his parents, the Liu family, and Helen's mother forced Helen to marry Haoyang. But Haoyang is not a good man at all, and Helen doesn't like him either."

"Helen broke up with him that day, but he slapped her twice. I wanted to call the police, but he threatened us. Later, he called all the people of the Liu family to force Helen to marry him. Helen has been restricted from her freedom these days and has been monitored by the Liu family. "

"Today is the day when she and Haoyang get married. Mr. Yue, please go and save Helen! She's really pathetic. I know you're divorced, but you must still love her. Do you want to see her marry a man she doesn't like, and that man is a jerk at all."

On the phone, Xiaoling was affectionate and even crying. It can be seen that Helen always treated her well, and she also liked this miserable girl very much.

"What! How could it be! "

After hearing this, Mike's eyes suddenly turned red. He was so angry that he gnawed his teeth and his forehead was full of blue veins.

He punched the door of the car and dented it.

"Haoyang Li! Asshole!"

Mike burst out a curse and wanted to kill Haoyang. Helen was the woman he has been guarding for so long and has been taking good care of. Why do they hurt her so much!

"Xiaoling, thank you for calling to tell me about it. How did you get my number? By the way, which hotel is Helen's wedding in? I'll go and take her away now." Mike Yue asked hurriedly.

Xiaoling said,

"The wedding was held in Huiyang Hotel, which is also owned by Haoyang's company."

"Helen sent me a text message this morning with your mobile number in it. She asked me to call you. She said you had made her in the blacklist, and she had no face to ask you to take her away. If you still want to take her away, she will go with you. If you don't want to, she's done it. She also asked me to tell you she was sorry. "

When Mike heard that, his tears fell down in an instant. This morning, he was still in bed with Yuting. He didn't expect that Helen was suffering from these. The Liu family were all bastards and forced Helen into this situation.

"Thank you. I see. I'll go to take her away now!"

With that, Mike hung up the phone and got into the car like he was crazy. He stepped on the gas pedal at the foot and rushed to Huiyang hotel.

In the car, he called Mark Duan and said directly,

"Mark, get people together immediately and come to Huiyang hotel!"

When Mark heard that Mike's tone was abnormal, he asked quickly,

"What's the matter? What's going on? Are you ok?"

Mike said coldly,

"I'm going to snatch marriage!"

With that, he hung up and concentrated on driving.

It's 11:50 at noon. It's about ten minutes to go to Huiyang hotel. He didn't know if he can make it, but in any case, he must take Helen away today and let her leave the Liu family.

Mike was very upset and tangled. He has already made love with Yuting and has taken away her virginity. He must be responsible for Yuting. But when Xiaoling told him that Helen had suffered, he couldn't bear it. He wanted to beat all the Liu family members to save her.

He had been in the Liu family for two years, and knew who they were and what position Helen was in the Liu family. Just listening to Xiaoling's description, he could imagine the recent devastation of Helen.

The more he thought about it, the more angry he was, and he almost crushed the steering wheel.

At this time, he could not make the most correct choice, but no matter which choice he made, he could not see that Helen was doomed and lived a miserable life in the future.

"Peter Liu, you old bastard, how dare you force my woman! If I let you live till next month, I will be your son! "

With bloodshot and murderous eyes, Mike has already wanted to kill Peter Liu.

"Haoyang Li, you dare to do something to Helen, you bastard! If I don't kill you by myself, you would never know what unforgivable thing you've done!"

For Haoyang, Mike was full of endless anger.

It seemed that the wedding was going to be bloody on the spot!

## **My 18-Year-Old Wife - Chapter 53 Yuting Chen's boyfriend**

After Mike Yue left, Yuting went directly to Huiyang hotel.

She received a call from Xinyi Cao, who asked where she was and whether she wanted to go to Helen Liu's wedding.

Yuting couldn't hide now. Even if she lied that she didn't receive a text message from Helen, she has also already knew that Helen was going to get married from Xinyi and Mike. If she didn't attend the wedding, it would surely arouse the suspicion of Helen or Mike.

So she went there with Xinyi.

" Yuting, Why are you absent-minded? What's wrong with you?"

In the car, seeing Yuting's nervous and anxious appearance, Xinyi couldn't help asking.

"Well, I'm fine. I'm just worried that we haven't prepared anything for Helen's wedding."

Yuting's answer was really absent-minded. She did something sorry to Helen. Naturally, she was guilty and anxious.

In addition, when she meets Helen later, she has to act, saying that she has not received a text message from Helen.

"It's not a birthday. You don't have to give a gift." Hearing that, Xinyi chuckled and said, "don't you want to give Helen a diamond ring? It's a gift from her husband, so you don't have to send it."

Yuting smiled awkwardly, nodded and didn't speak.

Xinyi felt that Yuting was a little strange today. She frowned slightly and looked at her carefully. Suddenly, she found something wrong.

"Yuting, are you... Which man did you hang out and make love with last night?"

Xinyi asked with a smile.

Hearing that, Yuting suddenly changed her expression and became more nervous. She quickly disguised herself and said,

"How... How is that possible? Don't talk nonsense, naughty girl. You know that I'm single."

Seeing that, Xinyi immediately laughed, and reached Yuting's ear and said in a low voice,

"Girl, the perfume on your body is" Seductive Enchantress ", which I know very well. Because I only use it when I'm dating a man."

"What's more, you didn't cover up the kiss marks on your neck. Don't you admit you've been having sex with someone? "

With a faint smile on her face, Xinyi looked at Yuting who was sluggish.

Yuting's excuses became useless, in front of Xinyi, a love expert. She was just a woman who has not been in love very much. How could she be the opponent of Xinyi.

In fact, she was going to take a bath when she got home. But as soon as she sat down and had a rest, Xinyi called her. She had no time to take a shower, and the perfume on her body was still there.

"Well... You know it all.You are so clever. "

Yuting was embarrassed to smile again, had to admit.

Xinyi got excited and asked,

"Come on, tell me the truth! Who is the one who took away Miss Chen's love and virginity? Do I know him? "

Yuting was blushing and said shyly,

"Keep your voice down!"

"You don't know him, and I won't tell you."

Xinyi refused to just let it go. She insisted on it and said,

"No! You must introduce him to me, and I will check the quality for you! "

Yuting didn't dare to tell Xinyi that the person she was in love with last night was Mike. If she said it, Xinyi would definitely have an objection on her.

"Next time, I'll introduce him to you next time."

"It is Helen's wedding today. Don't pay attention to me."

Yuting spoke thoughtlessly.

Xinyi pouted her lips in displeasure and said,

"Well, that's what you said."

After arriving at the gate of the hotel, Yuting pulled Xinyi and ran to the dressing room of the hotel.

Helen was sitting inside, and a professional makeup artist was making up for her.

"Helen..."

Seeing the haggard face of Helen, Yuting trembled in her heart and almost failed to control her acting skills.

Helen turned her head and looked at Yuting inconceivably. She didn't understand why Yuting arrived at this time.

"Helen, you... "Why didn't you tell me that you were going to get married today?"

Yuting had a reproachful expression, but also reproachful tone.

When Helen heard that, she was stunned. She frowned slightly and came over and said excitedly,

"I sent you a text message and asked you to tell Mike to come and take me away. Why didn't you return my message?"

"You know what? I'm going to marry Haoyang Li now. The Liu family have been keeping watch on me! "

Yuting was stiff all over her body with an incredible look and said,

"Did you send me a message?"

She slapped her forehead and said remorsefully,

"I'm sorry, I'm sorry! My mobile phone broke down a few days ago, and I didn't receive your message at all. "

"I heard from Mike that you were going to get married, and then I knew that it was your wedding today. I didn't know you were being watched by the Liu family. I'm sorry, Helen. What should I do now? How about Xinyi and I take you away now? "

As soon as the words came out, Xinyi looked at Yuting strangely. She had a strange feeling that Yuting was lying, and her lying appearance was obvious.

But Helen didn't realize Yuting's strange expression because she was in a low mood and didn't have a good rest recently.

The only thing that surprised her was that Mike knew she was going to get married.

"Well, let it go. I don't blame you. It seems that it's all my destiny..." Helen really accepted her fate and gave a bitter smile, but she couldn't help asking,

"Mike knew I was going to get married. Did he say anything?"

Yuting said awkwardly,

"Mike, he... He only knew that you were going to get married. He didn't know that you were forced. So... So he didn't say anything. He only said that you two had nothing to do with each other. It's none of his business for you to marry anyone. "

When Helen heard that, her eyes suddenly turned red and her delicate body trembled.

She said with a reluctant smile,

"Mike is right. We have nothing to do with each other any more."

"I shouldn't disturb him any more. Well, you and Xinyi should go to have a seat now. The wedding will start soon."

Seeing the appearance of Helen, Yuting's heart seems to be pricked by a needle. Her sense of guilt can never be alleviated. Because it was she who destroyed the happiness of Helen. When Helen reached out to her for help, it was she who pushed Helen into the abyss.

"Helen, don't be sad. Since you can't change it, you'd better take it easy. Haoyang is also a good man. At least he is rich enough to make you live a good life. You won't be bullied by the Liu family in the future. "

Yuting hugged Helen and comforted her.

Xinyi was observing Yuting. Recalling that Yuting had always opposed the company of Helen and Haoyang, she increasingly felt that Yuting was too strange recently.

Helen's tears came down, and she nodded as if she had accepted her life and said to Yuting,

"I know, thank you."

## **My 18-Year-Old Wife - Chapter 54 She won't!**

The wedding ceremony was held at twelve o'clock at noon.

When the door of the banquet hall was pushed open, Helen Liu dressed in a white wedding dress, looking like a fairy from the mortal world. She was holding Haoyang Li's hand, and they walked into the banquet hall slowly.

All the guests present turned their heads and couldn't help exclaiming at the beauty and elegance of the bride and the handsome groom. They marveled at the perfect match.

Xinyi Cao couldn't help exclaiming. She held Yuting's hand and looked very excited, "Yuting, look! She is so beautiful today!"

At this time, tears welled up in Yuting's eyes. She was looking at Helen who was expressionless, 'I'm sorry, Helen. If I had shown the message to Mike that day, he would have taken you away without hesitation.'

'With his identity, no one can stop him. You must be happy for the rest of your life.'

'I'm ashamed at the things I did. I robbed Mike. I'm sorry, but I really have no choice. Love is selfish. I'm sorry, Helen... '

Yuting apologized to Helen in her heart.

As she saw, there was no smile on Helen's face. Although her hand was held by Haoyang, there was no trace of happiness on her face. She was like a puppet being controlled by others.

"The bride is so beautiful. Why doesn't she smile? She seems to be crying. Today is her big day. Isn't she happy?"

At this time, many guests saw the tear stains on Helen's face and began to discuss.

"This should be the tears of happiness. The girl is remarried, and the groom is the boss of a big company. He doesn't mind her being remarried. If I were you, I would be so moved in tears. Ha ha! "

"I heard that the this man has run three companies on his own! This girl of Liu family should be satisfied."

The members of the Liu family frowned at the sight of Helen's expression.

"Even at this time, Helen still has that cold face. What does she want to do?" Lisa Liu said unhappily.

Peter Liu remained silent. He only hoped that the wedding could be completed smoothly.

So did Xiaohui Yu. As long as the wedding went on smoothly, Haoyang would be her son-in-law.

"Helen, be happy. Today is a big day for the two of us." Looking at Helen's cold face, Haoyang couldn't help but remind her in a low voice, "don't make waves today, be sensible."

Under the gaze of the crowd, the two newcomers stood on the stage.

When the host began to speak, the guests present gradually quieted down. The atmosphere in the whole banquet hall was peaceful, holy and sweet under the background of the wedding music.

"Groom, Mr. Haoyang Li, would you like to marry Helen as your wife?" The host began to ask Haoyang, "do you want to love her without reservation and be loyal to her forever no matter in prosperity or adversity, wealth or poverty, health or illness, happiness or sorrow?"

Haoyang looked at Helen excitedly, nodded heavily and said loudly, "I will!"

There was a burst of warm applause.

Then the host asked Helen, "Ms. Helen Liu, will you give yourself to Tom, to be his wife, to live with him according to God's word? Will you love him, comfort him, honour and protect him, and, forsaking all others, be faithful to him so long as you both shall live?"

Helen stared at Haoyang blankly, tears streaming down her face. She couldn't say the two words "I will".

Haoyang looked at Helen expectantly. Seeing that Helen didn't open her mouth, he reminded her anxiously in a low voice, "Helen, say it!"

At this time, not only him, but also the guests under the stage all were waiting expectantly for Helen to say the two words "I will".

"What's going on? Why doesn't she speak?"

"Is she unwilling?"

The audience began to discuss again.

Seeing this, Peter Liu frowned. This was the most critical moment.

"What the hell is going on with Helen? What does she want to do?"

The host on the stage was a little embarrassed and repeated, "Ms. Helen, would you like to be his wife?"

Tears coursed down Helen's face, but she didn't say the two words. At this time, Haoyang frowned and even clenched his fists slightly.

If Helen embarrassed him at this time, Haoyang swore that he would not let everyone of Liu family off the hook, especially Helen Liu!

At this moment, a loud shout came from the door of the banquet hall, "She won't!"

A sudden roar startled everyone in the banquet hall.

When they turned around and looked at the tall and straight body in disbelief, the man had strode over and roared again, "She won't!"

The man walked to the stage and stood between Helen and Haoyang. He looked at Helen and shouted at everyone again, "She won't speak it!"

Helen covered her mouth, Looking at the man in front of her in disbelief.

Yes, Mike Yue was coming!

She couldn't believe it. Didn't Yuting say that Mike Yue didn't care about her anymore? Mike Yue has already had a girlfriend?

"Really? Are you really here?" Helen burst into tears and asked in a trembling voice.

"Yes! It's me!" Mike Yue looked at her calmly and straightened his back.

No one could force Helen to do anything here today!

Yuting and Xinyi were stared at Mike Yue in shock.

Yuting didn't understand why Mike Yue would come here. She had lied to Mike Yue. Mike Yue was also completely disappointed at Helen. Why did he come? Why did he come!

'Why! Why?!' Clenching her fists, Yuting looked at the scene on the stage heartbroken.

## **My 18-Year-Old Wife - Chapter 55 Target of Public Criticism**

"Gawd damn, Isn't that Mike, the ex-husband of Helen!"

"Haven't they already divorced? Why does he come here again? What's wrong? Will he take bride-kidnapping?"

"It is said that Helen has divorced him. Why is the guy so shameless to destroy others' happiness."

"Wait! It may be they are part but still long for one another. If so, then she is too shameless. Almost married to someone else, she's still in touch with her ex-husband!"

The guests in attendance also recognized Mike, and they immediately burst into a frenzy of discussion.

However, all the buzz was overwhelmingly against them.

At this time, the Liu family and Shufen Wang's family could not sit still.

"What's wrong with you! Why do you come back again!"

Peter Liu stared at Mike with wide-eyed fury on the stage, and almost got up from his wheelchair.

Xiaohui Yu was also mad and yelled directly at the stage,

"Mike, what are you doing here! You gay, why so shameless, you have divorced with our Helen, but now come to harass her again!"

"Are you willing to ruin her?"

It could be said that everyone present was accusing Mike's arrival, including Shufen's family, who were even calling for someone to beat him up.

Except for a man present, he was different from others and didn't dare to accuse Mike.

He was Haoyang Li. Now he was more shocked than anyone else. He was kicked out of the Genting Restaurant that night when he was on a date with Helen for the first time. Because Yue family in the Capital City was coming to eat, they had to make room.

That night, Haoyang saw the face of the legendary eldest son of Yue family.

When Mike walked in, he had already recognized him.

That was why he hadn't said anything, otherwise with his temper, how could he be so calm when someone actually dared to rob his woman in public?

"Mike was the eldest son of the Yue family ..." Haoyang was completely shocked.

The ex-husband of Helen was the eldest son of the Yue family! Helen was the ex-wife of the eldest son of the Yue family!

Suddenly, Haoyang's head didn't work. He didn't know what to do now. Was he going to fight with Mike to snatch the woman?

If he did so, maybe Mike will let him even his family out of existence tomorrow!

"It is you who ruined her!"

Hearing Xiaohui's rant, Mike stretched out his fingers and vented all his anger at the Liu family,

"It's the Liu family, and you, her mom. You've ruined her, you know!"

"You force her to do things and marry the people she wouldn't like to do! She's a human being, not a machine that you manipulate at your will. Have you ever considered and cared about her feelings!"

"I, Mike, have never met a relative as irresponsible and vampire-like as yours!"

Helen looked at Mike with tears streaming down her face, and this time, she finally didn't help the Liu family blame him... Instead... she extended her hand and took the arm of Mike, who had always taken care of her, never left her, and now come back to protect her again.

After being oppressed by the Liu family for so long, Helen finally felt safe again.

"Wanton! You are a wanton!"

Peter Liu patted the wheelchair and pointed at Mike. He scolded,

"When do I need you, an outsider, to comment on the affairs of my Liu family! Especially you're the loser raised by us for two years!"

"Don't you have any sense of gratitude at all. You come to my house again and again to make trouble. Mike, you shameless piece of shit, get the hell out of here!"

Mike was not afraid of him at all. He just laughed to look at Liu's family as if they were the clowns.

"Am I trash?" Mike sneered and pointed at Peter Liu: "Old beast, old but not dead is a thief. Listen carefully, you old thief!"

"If it wasn't me who secretly helped you in the past two years, and if I hadn't asked Mark Duan to keep supporting your Liu family, would you have survived until now? Would I have been humiliated in your family for two years if grandmother hadn't begged me before she passed away to temporarily join the Willow family and help you?"

"Look at yourself! Without my Fengxing Group's help, your family is nothing more than a dog. You can only rely on a weak woman to help you develop your family business and earn a fortune!"

"Peter Liu! Even Grandma knows you're a loser. Who's a loser? You're the biggest loser you know!"

Mike was relentless, pointing at Peter Liu and yelling at him in front of hundreds of guests.

As soon as these words came out, the guests were all shocked. Moreover, the Liu family looked at him incredibly.

And Helen was also shocked and asked him,

"Mike, what...what were you talking about?"

Peter Liu was so damn angry and nearly dead. He cursed and yelled,

"Bastard! Don't confuse the crowd here!"

"Look at this man! How shameless! He is trash, an unwanted son-in-law without a job! Mark Duan. Would President Duan listen to him!"

"You are so shameless!"

Peter Liu was a little overwhelmed with the curse of Mike, and quickly asked the guests for help.

These guests were originally invited by the Liu family, so they naturally helped them to scold Mike.

And what Mike said just now was really absurd to them.

"He is too shameless! President Duan, like the dragon in the sky, how could he know him such a small potato?"

"He is an unwanted son-in-law of the Liu family, and wants to ask President Duan to help him. Who the hell is he?"

"I seem to hear that Mike hooked up with a female senior from Fengxing Group. He is just a little white guy raised by her. How shameless he is!"

"This Mike is too shameless!"

The curses to Mike surged towards him like a tide.

Peter Liu sneered and looked at the stage:

"Mike, you see, everyone is not blind."

"You're just a white face guy who was raised by others, and you still speak so righteously. How shame are you! You aren't deserved to be a man!"

The curses in the audience were already thunderous.

Helen was a little scared, clutching Mike's arm tightly, and said:

"Mike, take me away, let's get out of here!"

Mike patted her hand and said calmly,

"Don't be afraid. You will know what I said is true or false later."

"And I'm to blame to hide the secret for two years. And make it worse now. Even though we're divorced now, I don't want to get you hurt like this. Don't worry, I promise that no one in the Liu family will dare to hurt you again in the future."

Helen heard the words, like a spring breeze, which melted all the coldness and the desolation in her heart, and has renewed life.

"Mike, thank you, let's go."

"Today there are too many people. You may not be able to take me away. I don't want you to be hurt for me anymore."

When Mike heard this, his heart trembled suddenly.

He couldn't let go of Helen Liu after all, and one word of concern from her was enough to him.

Yuting off the stage was already slumped in a chair with a pair of blank eyes, like falling into an ice cellar.

"Haoyang! What are you doing! Someone is robbing your wife!"

At this time, Shufen also shouted at Haoyang angrily.

She didn't understand her son who was so powerful before didn't say a word. Didn't he know that his wife was robbed by someone else?

Haoyang was stunned, looking at Mike with a complicated expression. Instead of saying a word, he took a step back.

Mike turned around and looked at him coldly:

"I heard that you slap Helen twice to force her to marry you?"

Mike questioned him to his face, like an emperor.

Haoyang stiffened, looking at him in fear:

"I... I don't. It's not like that. Mr. Yue, let me explain it to you..."

After hearing this, Mike raised his hand and slapped him at once.

After the slap, the audience fell silent.

Helen was also stunned, and quickly persuaded,

"Mike, you can't beat him. He has three companies. You can't offend him!"

When Shufen saw that her son was beaten, her eyes turned red, and she yelled viciously at Mike,

"Asshole, you dare to beat my son!"

"You are dead! You are completely dead! I will not let you go!"

No one expected the next scene.

Seeing Haoyang knelt down to Mike hardly, shaking and begging for mercy,

"Mr. Yue, please beg me. I dare not!"

"I don't know that Helen is your wife. I really don't know, please let me go!"

There was dead silence throughout the venue, and at this time only the sound of breathing could be heard.

## **My 18-Year-Old Wife - Chapter 56 He is My Big Brother**

These people present had imagined that Li Family and Liu Family would surely beat Mike savagely, and they also imagined Haoyang would explode with rage and beat Mike black and blue for ruining his marriage.

But they never thought Haoyang would kneel down in front of Mike and beg Mike for forgiveness.

Everyone in Li Family and Liu Family was taken aback.

"Haoyang Li! What the hell are you doing??" Song Li, Haoyang's father, roared. He was furious when he saw what was happening.

"Dad, you know who he is? He is....."

Haoyang looked at his father and wanted to tell his father Mike's real identity, but he checked himself at the last moment because Mike

squatted down and warned him: "If you tell them my real identity, you will never walk out of this place alive."

Mike didn't know how Haoyang learned about his real identity. But it was obvious that Haoyang knows who Mike is because he knelt down.

Haoyang shivered when he heard what Mike said and kept quiet.

"He is here to take your wife away from you! Why are you doing this?" Song Li didn't know what was his son trying to say. He only knew what his son did brought shame on the whole family.

All the relatives of Li Family felt embarrassed. They couldn't get their head round what was happening, because Haoyang had always been a proud man.

"What is going on?"

"What is wrong with Haoyang? Why is he..."

"Is he serious? Why would he do that when he can make Mike disappear if he wants to, considering how powerful he is."

Liu Family was also discussing about it. But they were talking about something different.

Joe raised his brow and said: "What is going on? Haoyang has quite a temper. Why would he do that? Or did he really believe what Mike said? And he thought Mike is connected with Mark? He shouldn't kneel down even though that is indeed the case. This is so humiliating."

Peter's brow furrowed. He looked at the stage in silence.

Chengfeng said: "Is it possible that what Mike just said was real, and Haoyang knows Mike's real identity? Haoyang obviously knows Mike, but he may not know that Mike was once married into Liu Family."

What Chengfeng said shocked everyone. And they began to ponder whether Mike was really the person who had been helping them.

"That's not possible!" Peter banged his fist on his wheelchair, and the wheelchair was almost broken.

He continued: "Don't you be fooled by what he said. He was bullshitting. Don't you know what was he like when he was at our home? If he was really so powerful that he could even tell Mark what to do, why would he choose to be humiliated by us? What's his purpose? Use your head!"

Peter basically acknowledged that Mike was treated abominably during the two years he stayed at Liu Family.

Xiaohui said in a hurry: "Yeah! Don't listen to Mike. We know perfectly what kind of person he is. We wouldn't treat him so badly if he was an able man. But no, he is so useless. He is like a servant, and that's why we treat him like a servant. It's his fault."

Peter nodded. He agreed with Xiaohui.

Joe and the others all felt reassured. Mike couldn't possibly be the man who had been helping them secretly. And it had always been Mark. He was helping their family all because of Helen. And it was an incontrovertible fact.

"So what do you make of all this? Why is Haoyang kneeling in front of Mike?" Lisa was very curious.

But no one answered, because no one knew.

All of a sudden, Haoyang received another hard slap from Mike. Mike was rather strong, and Haoyang was slapped down on the ground, and blood oozed out of his mouth.

"You bastard! Bastard!" Song and Shufen Wang shouted. They then looked at Liu Family and said: "Mr Liu! What did you do? What is this Mike doing here? My son is beaten, and you are just gonna stand by?"

Peter didn't dare to displease Song. He shouted: "Security? Where is security? Someone is assaulting people here! Kick that Mike out of here!"

The guests never expected this wedding could be so exciting.

Joe rushed away and called for security. Soon, a group of guards rushed in and went towards the stage.

"Damn! Nobody move!!" Mike pointed at the guards and shouted. His presence was commanding.

The guards stopped in unison. They were obviously frightened by Mike's confidence. He was exuding an aura of power.

"What are you all afraid of? Beat him!" The leader of these guards recollected himself, produced a baton and charged towards Mike.

Helen was terrified. She was afraid that Mike would again be hurt because of her. And she was afraid that she would lose Mike, the man who can always save her.

Even though she was terrified, she was determined to face whatever would come together with Mike.

She embraced Mike tightly and buried her head in Mike's arms. Mike held her with one arm, and used the other arm to defend himself.

He looked at these people blankly, and not a flicker of fear had ever crossed his eyes.

At that moment, he was only concerned with Yuting Chen and Xinyi Cao, who got so anxious when they saw Mike was surrounded by the guards. They stood up and were about to tell everyone who Mike really is.

But at that crucial moment, someone shouted from the gate of the hall: "He is my big brother! I dare you to touch him!"

Everyone turned around. And the guards froze, their batons hanging in the air.

When people saw the person at the gate, they were all taken aback. Because it was Mark Duan, the director of Fengxing Group. Who could have thought that this wedding can attract someone so important.

"Jesus! It is Mark!"

"Why is he here? What kind of wedding is this? All the senior executives in Fengxing Group are here!"

"Mark was talking about his big brother just now. Who is his big brother?"

It was true. Not only Mark was there, all the senior executives in Fengxing Group were there, and, of course, the specialized security guards of Fengxing Group were also there.

These security guards are not some regular guards. Every one of them is qualified enough to be a bodyguard for some important people.

“Captain Liu, go and protect Director Yue. If he is hurt, you will take the responsibility.” Mark shouted.

Then, Captain Liu, who is exceptionally tall and strong, charged towards the stage together with his team members. And within a few minutes, they knocked every single security guard brought here by Liu Family down on the ground.

“Damn it! How dare you to assault Director Yue!” Captain Liu roared, and lift up the leader of Liu Family’s security guards with one hand, and threw him off the stage. A table was knocked over.

That leader puked blood, shivered violently and then lost his consciousness. It was very chaotic, and the guests on that table were frightened and they all ran away.

Liu Family and Song Li were all shocked to core when they saw Mark.

“What is happening?”

Peter’s heart sunk. He knew something bad was about to happen.

## **My 18-Year-Old Wife - Chapter 57 I'm the Boss of Fengxing Group**

“Big brother, are you okay? Why did you come to this place alone? You should have waited for me.” Mark said accusingly.

"It's okay. You really think these losers can hurt me?" Mike smiled slightly.

"Whatever you say, you should have waited for me. If something happened to you, how should I....."

Before Mark could finish himself, Mike gave him a meaningful glance, and Mark checked himself and realized Mike didn't want his real identity to be revealed.

"I'm fine. Don't worry." Mike said.

Actually, what Mark just said had already made things clear enough. Everyone present gasped, and stared at the stage in astonishment.

"So, what Mike said earlier was true?"

"He really knows Mark! Mark even called him big brother."

"So, who is Mike? What is his real identity?"

The way they looked at Mike had changed. They used to look at Mike with undisguised contempt, but now, they gazed at him with respect and awe. Those who insulted him earlier were shivering nonstop, as if they were afraid Mike would bear grudges.

"Big brother? Mike, you and Mark....." Helen looked at Mike and Mark in disbelief. She found what just happened surreal.

Mark wore a half smile, which could mean anything, and said to Helen: "Miss, you think this is unbelievable?"

He continued: "Mike is the person who was despised by Liu Family, the person you were once married to, and also the person that was deeply hurt by you. But he is also my big brother, the real boss of Fengxing Group."

"He has been helping you during the last two years, you and your company. And today, he still wants to take you away despite all the humiliation and degrading treatment he had been subjected to because of you and your family!"

Helen was shocked to the core. All of a sudden, she felt like she didn't know Mike anymore.

"Mike, is he telling the truth?" Helen asked. Her voice was shivering.

Mike nodded. "Yes. But I can tell you these things later. Now, the most important thing is to demand justice for you, and for me."

Helen gazed at Mike. She and Mike had been married for two years, but she felt she had never understood Mike, and she had never tried to get to know what kind of person he is.

The man in front of her was exuding an aura of confidence and power. Is he really her useless husband? Helen still couldn't believe it.

Mike looked at the crowd off the stage. There were members of Liu Family and Li Family, and Haoyang Li was also there. He escaped off the stage when they were fighting.

Mike looked at them and smiled coldly: "I'm done pretending. Today I'll tell you the truth. I'm the real boss of Fengxing Group. Mark is my brother. When I started Fengxing Group, me and my brother named this company together."

A commotion erupted from the crowd when he finished.

Who could have thought that Fengxing Group has a real boss, and the real boss is exactly Mike, the man currently standing on the stage. This news would surely send shock waves through the whole Chuzhou City, even through some cities nearby.

And who could have thought that Mark, who had been awed and admired for nearly three years, is not the boss.

Everyone in Liu Family was shocked to the core. They looked at Mike fearfully. They couldn't believe Mike had been telling the truth all along!

But they still couldn't comprehend why would Mike, the boss of Fengxing Group, choose to stay at their home for two years. Is Helen the only reason why he did that?

They had always thought that it was Mark who had been helping them. But turns out, it had been a man right beside them. And they, by treating Mike abominably, had killed the chance to become the biggest and richest family in Chuzhou City.

Everyone in Liu Family, including Peter, regretted bitterly. If only they had treated Mike better, and if only Mike and Helen stayed together, they would find themselves in a much better situation.

Xiaohui Yu's face was blank. She mumbled to herself: "That's impossible! Impossible! Just impossible!"

Mike kept saying: "Although me and Helen are divorced, it is still my obligation to protect the woman I once loved! Today I'm taking her away. If you have an opinion, just tell me frankly."

Everyone in Liu Family lapsed into silence. Haoyang, the bridegroom, hid himself in the crowd timidly.

But Haoyang's father, Song Li, said in a low voice: "Mr Yue, today is my son's wedding day. Don't you think what you are doing is a little bit inappropriate? You are divorced with Helen after all."

Mike glared at him. Song drooped his head because he was terrified by Mike's glare, even though he is an experienced person, even though he had been around.

"Wedding day?" Mike laughed coldly. "I will ask the bride now whether she is truly willing to marry your son!"

Then he asked Helen: "Helen, tell them, tell these people who don't know the truth. Are you willing to marry Haoyang Li?"

Helen bit her lips and said: "No!"

The guests were confused. "Why will she marry him, if she is so reluctant?" They thought.

"So someone is must forcing you to do this. Now, tell everyone, who is forcing you?" Mike asked.

Helen cast a glance at Liu Family, but she didn't dare to say it.

"Don't be afraid. Helen. I'll protect you today. Just say it." Mike patted Helen's shoulder. "I promise, no one in Liu Family will ever dare to hurt you again. Tell everyone how you feel."

What Mike said encouraged Helen greatly. Helen's fear disappeared, and tears sprung into her eyes.

"It is every one of them! They are forcing me! They are watching me! They are limiting my freedom!"

"They forced me to marry Haoyang!" Helen pointed at Liu Family and roared.

Members of Liu Family went pale.

Xiaohui shouted: "Helen! What are you talking about? We are your family! I'm your mother! Why are you saying that?"

Helen shut her eyes tightly. She had it enough. She could no longer put up with their oppression! She could no longer allow them to threaten her in the name of family.

She didn't have the courage to rebel. But now, she got Mike. Mike was there to protect her, and she exploded.

She shouted at Xiaohui: "I wasn't talking nonsense! You forced me into this! You have always been forcing me! Have you ever treated me as your daughter? Have you ever cared about how I feel? You are just using me as a tool! And I have had enough of you."

## **My 18-Year-Old Wife - Chapter 58 Those who have bullied her must kneel**

Now it was as if the Liu family was an identified suspect, and they were all scared.

Xiaohui Yu frowned and retorted, "What the hell are you doing? We're doing it for your own good How can you do this to us?"

As soon as she finished speaking, Mike said angrily, "Shut up. Do I allow you to speak?"

Mike Yue shuddered and tried to curse Mike, however she suddenly reacted that Mike was no longer the live-in son-in-law she could curse.

"Has anyone else bullied you?" Mike Yue eased his tone and turned his head to look at Helen Liu.

Helen raised her hand to point at Haoyang Li and said angrily. "He forced me to marry him and he slapped me twice. He also threatened me that if I didn't marry him, he would find trouble with every one of my family."

The arrogant Haoyang Li was now standing in the crowd, not daring to raise his head, trembling.

These guests probably didn't expect to be so many stories under this wedding. There was an outbreak of muttering at this.

How could he do such a thing? He's too shameless."

"No wonder Helen kept weeping when she came in. I thought they were tears of joy. It turns out she was forced to do it."

After hearing Helen's words, Mike's brows furrowed up and said to the crowd.

"Helen is unwilling to marry Haoyang Li. But the Liu family and Haoyang Li forced her to do so. Even though Helen and I have divorced, today I'm going to seek justice for her.""

"Now those who have bullied her must kneel." Mike spoke with an icy tone and roared at the Liu and Li families.

Mike was furious. His voice was louder than the host speaking with a microphone.

As soon as he finished, most of the Liu family members knelt down, including Haoyang Li and Shufen Wang.

"Helen's parents don't need to kneel, but others must kneel." Mike said again in a stern voice.

"Damn it. I told you to kneel down, are you deaf!" Captain Liu shouted. When he saw that Joe Liu was still standing, he picked up a chair and smashes it into his back, knocking him right down to the ground.

"Don't hit me. I'll get down on my knees." Chengfeng Liu's face turned pale and told the others to kneel down.

Seeing that Peter Liu was still standing there, Captain Liu directly picked him up from his wheelchair and threw him on the ground.

Peter Liu was too old to fight back. Now he was in a miserable state.

The other Li family members were busy drawing a line with Haoyang's family for fear of being implicated by them.

The guests in the banquet hall were so frightened by Fengxing Group that no one dared to utter a word or call the police. In Chuzhou City, no one dared to provoke the Fengxing Group, even these powerful families or entrepreneurs of the surrounding cities did not dare to become enemies of the Fengxing Group.

At this time all the people who had bullied Helen kneeled down.

Looking at this scene, Helen had mixed emotions.

Once the Liu family had manipulated her life, and even they wanted to ruin her life and happiness. She had always hated them. But when she had the chance to get back at them and had these people now kneel to her, she was a little sad.

What she hadn't expected was that all this was done for him by Mike, the man she had once despised the most. He had always been there for her and protected her.

She held onto Mike's arm tightly, feeling a sense of security. She was determined to stay with this man for the rest of her life and never leave him again.

Yuting Chen's heart hurt like a needle piercing her heart as she looked at Mike and Helen. She had just declared her love to Mike and then today's events happened.

"Will Helen and Mike marry again? What should I do?" Yuting kept asking herself.

Xinyi Cao who was standing next to her, also looked at Helen hatefully. Helen didn't know Mike's identity yet, but Xinyi knew that Mike was the eldest son of the Yue family in Capital City.

"If I become Mike's wife, I will have endless wealth. I can't let Helen and Mike reconcile. I have to do something." Xinyi thought.

When Mike had sent Yuting to the hotel earlier, Xinyi had happened to see them, so she had secretly taken a video of them entering the hotel together at the door. Now she was glad she hadn't deleted that video. As soon as she sent the video to Helen, Helen would be devastated.

"If she knows that her best friend has an affair with Mike, she and Mike definitely won't get back together." Xinyi snickered.

It was just that she felt sorry for Yuting Chen if she did this. After all, Yuting was her best friend. However, Xinyi didn't know yet that Yuting had already had a sex with Mike, and it happened last night.

"Yuting, I'm sorry. For my happiness, I have to do this." Xinyi sighed. She felt guilty about the things she would do. "When I become Mike's wife, I will definitely make it up to you."

At this time, Mike looked at these people of Liu family and smirked, "Now I understand why you guys humiliated me so much when I was in Liu family. Bullying seems to be really pleasurable, just like how I treat you guys now, while you guys can only endure it and don't dare fight back."

The Liu family was silent, all of them with their heads down. They had mixed emotions, anger and fear.

"In the past, I secretly helped you guys in the hope that Liu family's members would strive to go further ahead. At least after we become family, people won't say that you guys flatter my family."

"But you guys disappoint me. For two years, I treated you well and tolerated your bad treatment of me. I thought what I did could move you guys, but I was wrong. All of you only care money and power." Mike said, disappointed.

"I've helped you for two years, but your company has gone into bankruptcy." Mike said. "I make all of you kneel down today to punish you guys on behalf of Helen. I have no interest in avenging you for myself."

His words were like slapping the people of Liu family in the face.

Peter regretted what he had done to Mike before, yet it was too late.

## **My 18-Year-Old Wife - Chapter 59 Bossy, Mike**

“As you, Haoyang Li!”

After humiliating the Liu family, Mike Yue finally targeted at Haoyang.

Haoyang trembled on his knees and begged for mercy,

“Mr. Yue, I won’t dare to do anything to Helen Liu anymore!”

“You please forgive our family!”

He was scared, so scared to the extreme that he was afraid that Mike would just kill all his family.

“Forgive your family? Do you think I’m a homicidal maniac?” Mike sneered and said, “But after all, you have slapped Helen twice.”

Saying so, Mike said to Captain Liu,

“Captain Liu, cut his right hand.”

As soon as this was said, the guests took a few steps back. They could already guess what terrible thing would happen next, and some of them had already covered their eyes and even turned their heads away, not daring to look again.

As they expected, Captain Liu nodded and rushed straight towards Haoyang.

“No! No! No! You can’t cut my right hand!”

Haoyang screamed in fear.

But his pleas for mercy appeared useless. Captain Liu came over and directly broke his right hand, as if breaking a straw.

The screams were miserable. The people outside the hotel might not have imagined that such a cruel scene was happening here at the wedding venue.

Those guests were trembling with fear, and even Helen didn’t dare to watch.

“Don’t do this to my son! Please don’t do this. Let him go!”

Shufen Wang and Song Li was crying, rushing over to try to save Haoyang, but as soon as they got up, they were kicked back by some security guards.

Captain Liu tossed Haoyang for more than ten seconds, completely breaking his right hand before stopping. Haoyang, on the other hand, naturally couldn’t take the torture and fainted.

“Mark Duan, I want Haoyang’s three companies to go bankrupt within seven days.”

At this time, Mike Yue said again.

Mark laughed,

"Big brother, you think too highly of Haoyang. With so many talents in our company, we can let him go bankrupt within three days."

Mike Yue nodded, looking at the guests and said,

"I didn't mean to disturb you all today. It's really someone who went too far and forced me to be like this."

"I'm here to apologize to everyone and I'll leave immediately."

After saying that, Mike took Helen's hand to leave the banquet hall in a swaggering manner, surrounded by Mark and the others.

All the guests gave their way to them and no one dared to stop him.

...

When Helen came out of the hotel, she was still in her wedding dress. Mike said thanks to Mark and the others, and then let them go back to the office.

Driving the car, Mike brought Helen back to his home.

Seeing such a villa, Helen was completely stunned and looked at Mike incredulously.

"This is...your...your home?"

She was so shocked that she couldn't even speak as normal.

Mike Yue laughed bitterly and said,

"It's not exactly a home. I'm alone, so I can't call it home."

"It was supposed to be a surprise for you after I bought and decorated it earlier. But plans never catch up with changes. We got divorced before I could give you this surprise."

Helen couldn't help but feel guilty and regretful at the same time. She was now complicated and she could not even think.

"Forget it, let's not talk about this. Let's go in."

"Now that you're completely separated from the Liu family and your parents and it's not easy to find a place to stay for a while. This place is big and you can pick any room you want."

Mike took Helen inside the villa.

It was as if the first time for Helen to visit such a grand house. Looking at the structure of the villa's facilities and luxurious decoration, she was filled with shock. She didn't dare to imagine that this villa belonged to Mike, just as she still couldn't accept his true identity.

In fact, she didn't even know what his real identity was yet.

Seeing that Helen was a bit nervous, Mike took her to sit down on the living room sofa and said with a smile,

"Be yourself. Though we divorced, we're not strangers."

Although it was said with a smile, Mike was bitter inside.

Helen felt the same. They both had to face the fact that they divorced.

"Although you already know my identity, just treat me like you did before." Mike said, "I can't pretend to be someone else in front of you

either and the reason why I was so bossy in the hotel just now was just to help you revenge.”

Helen nodded and looked at him with gratitude,

“I know, thank you for today.”

“If it wasn’t you, I might have really been forced by them to marry Haoyang. I didn’t even think that you would come to rescue me. Did you... get the call from Xiaoling?”

Mike nodded.

“That’s right. I rushed here when I received her call. I actually knew that you were getting married before.”

“But before that I didn’t know that you were forced. Besides, last time at the Yunding Restaurant, you were the one who said that you and Haoyang were going to get engaged, and you didn’t act like you didn’t want to marry him at that time.”

Helen’s eyes turned red and said,

“Actually, that time I originally refused to get engaged to him, but his parents and my mom were pushing me.”

“Then I ran out of the restaurant and just happened to meet you. I was just trying to make you angry, so I agreed to get engaged to him. I regret it too, but it’s too late to call off the engagement.”

As soon as this was said, Mike frowned and couldn’t help but reproach,

“Why are you so stupid!”

"Even if you're going to be mad at me, you shouldn't be joking about your own happiness!"

Helen sobbed and said,

"I know I'm stupid and useless, otherwise I wouldn't be manipulated by them to do everything. I wouldn't even know how to resist."

Seeing her crying again, Mike melted with sympathy and said,

"Well, let's not talk about what happened before."

"You're free of Liu family now, and whether you go back or not, they won't dare to bully you again."

"You have a long road ahead of you, and you can start a new life, but no matter where you go, you have to be strong. You can't let anyone bully you anymore, especially your mother!"

"That company of yours, I'll send someone to warn Liu family that they won't be allowed to exploit you again."

At this time, Helen was pitiful, making him more eager to protect her.

She nodded, with her delicate body trembling. She sobbed sometimes, without speaking.

In the large living room, the atmosphere was somewhat dull and awkward. Only after a long time did she asked again,

"Don't you have anything to say to me? what are you really are? Why did Mark call you 'big brother'?"

Mike thought that since it's the case, there was no need to hide his true identity from Helen anymore.

"You know Yue family in Capital City, right?" Mike looked at her and asked.

Helen nodded and froze, looking at Mike incredulously,

"You're not supposed to..."

Without waiting for her to finish, he nodded,

"That's right, I'm a member of Yue family in Capital City."

"Tianxiong Yue is my father!"

## **My 18-Year-Old Wife - Chapter 60 Why did Mike join the Liu family back then?**

Are you... are you the... eldest young master of Yue family?"

When Helen Liu heard this, she was so shocked that she stood up from the sofa and looked at Mike Yue in disbelief.

When Mike Yue saw this, he smiled and said. "Don't get too excited."

Helen Liu sat down, trembling, not daring to imagine that her ex-husband was the young master of the Yue family in Capital City. Even if she was not informed, she had heard of the Four Great Families. In particular, the Yue family had always been the leader of the four big families.

It was very famous in Capital City. It was involved in almost every field, and in every field Yue Family had done very well. Yue family had also invested in the military industry. It was because of this that it had left the other three families behind.

"How is this possible?" Helen said with a trembling voice, "How can you be a member of the Yue family. If you really are, why didn't you tell us? Why did you put up with us for two years?"

Mike Yue smiled bitterly. "I shouldn't have kept my identity a secret from you, but there's a reason for that."

"Our family rules state that members of our family must never tell anyone who they really are when they are put to the test. When I went to school in Chuzhou City, I was being tested. I was very poor at the time, so I needed to work to support myself."

"When we weren't married, I went to your family for the first time. The Liu family treated me badly then because they thought I was poor. But your grandma was still alive and these people didn't dare to target me." said Mike.

"The first time I went to your family, your grandma talked to me for an hour. Do you still remember that?" Mike asked.

Helen nodded. "Yes. I remember it. None of my family liked you at the time, but grandma liked you."

"And then you wouldn't tell me what you two talk about. Not long after that, grandma had a wedding for us. I've actually been curious about what you two were talking about in the room at that time."

Mike smiled. "Grandma told me that I looked like one of her friends. This man was my grandfather. I look a lot like my grandfather. Your grandmother and my grandfather met in a township when they were young."

"That's what grandma told me. They were very close at that time. But the relationship between men and women was very strict in those days. If they fell in love, they had to report to the top, so your grandma and my grandfather never confessed to each other all this time. In those days, love was pure and beautiful, and they both regarded each other as their first love. But soon, my grandfather's family sent someone to call him back and then he joined the army."

"And then they two never saw each other again. Grandma called me into her room that day and the first thing she asked was if I knew Lei Yue. Lei Yue was my grandfather, but that name was his old name and he later changed his name to Zhenting Yue. Actually I was very hesitant whether I should tell her my identity at the time, but finally I told her."

After hearing all of this, Helen was a little startled. She didn't know until now that her grandmother and Mike's grandfather had such a story.

Mike continued. "Before they could even say goodbye, my grandfather was brought back to Yue family. After grandmother knew who I really was, I also asked my grandfather to talk to her on the phone."

"They two got teary-eyed with excitement when they talked on the phone. They both had their own families, their children and grandchildren, so they so they just talk about their families."

Helen was stunned. She never knew these things. The Liu family, including her grandfather, didn't know these things either.

"Why would my grandmother help you hide it? Even if she doesn't tell anyone else, she should tell me who you really are." Helen said.

Mike shook his head. "Grandma is different from the members of Liu family. She's educated and farsighted. She knows what kind of character these people of Liu family have. If I tell them my identity, then Liu family might be finished."

Helen looked at Mike. "Why?"

Mike snickered and said. "Haven't you known what the people of Liu family are like in the last two years? I had Mark help their company for two years, but the Liu family's company is still on the verge of bankruptcy."

"I just end cooperation with their company, and they're already going bankrupt. Grandmother knew that if the people of Liu family know my identity, they would do their best to suck up to me, and then they would do nothing and muddle through life. This was also grandmother's foresight, which is why she never revealed my true identity to you until she died."

Helen mumbled after hearing this, lowering her head. "Our Liu family is indeed what you said. They only have money and vanity in their eyes, and even their family members are not as important as money in their mind."

"You're not like them. In fact, you've done very well in the whole family. Grandma loved you the most when she was alive because she saw herself in you. She knew you were different from them." Mike said.

"Thank you." Helen forced a smile. "Why did you then join my family? You're the young master of the Yue family, do your parents approve of you doing this?" asked Helen.

"I guess they don't agree, or you wouldn't tell us that your parents were dead. And your parents hadn't visited us since we've been married." Helen continued.

Mike sighed. "It was grandmother who begged me to join Liu family. She wanted me to help the Liu family become the first family in Chuzhou City. Although the Liu family is no good, it's her family after all."

"I promise her. I can't refuse her plea. And I love you, so I'm willing to join the Liu family and work with you to make the family flourish. I want to make the people of Liu family have a good life."

"It's true that my parents didn't approve of my marriage to you at the time, and they do despise the Liu family. I made a bet with them that within two years, I will make Liu family the first family in Chuzhou City so that our two families can be a good match."

At this point, Mike laughed to himself and shook his head. "But I failed, I didn't move anyone in the Liu family, and I can't believe you guys forced me to divorce you. I let everyone see my joke, including my parents."

Hearing this, Helen sobbed once again, looking at Mike with guilt and tears on her face, saying. "I'm sorry we've been so mean to you these past two years."

"You do this for me and for the Liu family. Is it worth it for you to do this?" Helen asked.

# My 18-Year-Old Wife - Chapter 61 The Call from Yuting Chen

"Is it worth it?"

Mike Yue raised his head, looking at Helen with eyes welling up with tears, and said,

"I think it's really not worth it. However, I don't think it's not worth marrying you, but it's not worth at all for me to support the Liu family for two years. I shouldn't have agreed to grandma's plea so easily back then, because we have underestimated the ruthlessness and senselessness of the Liu's."

"But I think it's worth marrying you. I think it's worth it. Even though you had no feelings for me in the past two years, neither have we had sex. Even though you always beat or scolded me. That's because you are the first woman I loved in my best years. Although you disappointed me, I don't regret it."

Helen Liu was sobbing. Her face was full of guilt for Mike, and regrets for her ignorance over the past two years.

She cried and apologized to Mike,

"Sorry, I was ignorant. I shouldn't have treated you like that."

"I shouldn't have been a nose of wax and bullied you with them. I have not fulfilled my duty as a wife. I am not worthy of being your wife. You are the eldest young master of the Yue family, but you suffered so much in the Liu family. If I stood firmly on your side, you would not have been treated badly for the whole two years."

Mike also cried. He even wanted to hug Helen, but he could not be so impulsive. They were now divorced. Besides, he and Yuting Chen...

So no matter what, he was no longer qualified to hug Helen. They were now familiar strangers at best, or...friends.

"You don't have to apologize to me, and you don't need to blame yourself anymore. The previous things are over." Mike inadvertently wiped away his tears and said with a smile,

"I hope both of us will have a good future. If you want, we are still friends. You can stay with me in the last few days and have a good rest. I will support you whatever you want to do afterwards."

Speaking of this, Mike ceased to smile again,

"But I hope you won't be bullied by the Liu family again. I said that even if we divorced, I don't want to see you being hurt by others. Next time, I don't guarantee that the Lius will still be alive."

In the last sentence, Helen saw a killing intent in the eyes of Mike.

She had no doubt that Mike would really do this. Today, Mike made someone broke Haoyang Li's right arm without blinking his eyes. This kind of cruelty could not be pretended. This was the true majestic temperament of the eldest young master of the Yue family.

"Thank you. Will I bother you if I stay here?"

Helen asked carefully.

Mike smiled and said,

"How can it bother me? There's lots of space here. You can't bother me even if you want to. And the company is managed by Mark these days, so I'm not busy at all."

"Sit here for a while. I will let someone buy you some new clothes. You can't always wear this wedding dress."

...

It didn't take long for Verse Han to bring the clothes to Mike.

These clothes were the latest of this year, and Mark Duan asked her to buy them. Verse knew that Mike had messed the wedding. She also knew that Mike had taken Helen away, and she even knew that the clothes were bought for Helen.

Had it not been for Mike to speak in person, she would not have bought these clothes.

As soon as Mike walked to the door, he saw Verse walking towards him with many bags with a cold face.

"Xiao Shi, thanks for your hard work, I'll treat you a meal later," Mike said gratefully.

In Chuzhou City, he only knew Yuting except Verse. He couldn't ask Yuting to buy it.

"Humph!"

Verse walked over. She threw the clothes at Mike's feet, snorted coldly, and left without looking back.

Mike stunned for a long time, and muttered,

"Why are you so angry today..."

He didn't think much but returned to the villa with these sets of clothes, and then gave them all to Helen.

Helen's eyes straightened when he saw these clothes. They all turned out to be luxury items. Prada, Dior and Chloe, each set was of the latest style which worth tens of thousands Yuan. A set of clothes was worth her salary in the Liu family for a year.

At this moment, a phone call saved Helen's inferiority and embarrassment.

Mike's cell phone rang. Mike picked it up and it scared him. It was Yuting who called him.

"I... I'll answer the phone. You can take a look at these clothes first. There are pajamas inside. If you don't like them, I will ask someone to buy them for you."

Mike was covered in cold sweat and said with some guilty conscience.

"No... I'm okay. I think they are pretty good. Answer the phone. Don't let me delay your business."

Helen stammered,

Mike fled away from Helen's house, and then went to the third floor of the villa. He ran into the study room like a thief and locked the door before daring to answer Yuting's call.

"Yu...Yuting, what's the matter?" After the call was connected, Mike started to speak with a guilty conscience.

"Mike, why did you take so long to answer the phone? Are you busy?" Yuting's tone was calm and gentle.

"Ah, I...I'm okay. I was just dealing with some things." Mike smiled stiffly, "What about you, what are you doing?"

"I am resting, of course. But I miss you a bit, so I want to hear your voice." Yuting did not expose Mike, but acted coquettishly instead.

"It seems that it has only been a few hours." Mike still smiled stiffly, and then asked tentatively, "By the way, Yuting, today is Helen's wedding. You are friends. Didn't you go to her wedding?"

Yuting said,

"I wanted to go, but..."

Hearing this, Mike was nervous. If Yuting went to the wedding scene, he would have definitely seen him.

"But after thinking about it, I still didn't go. I feel sorry for you. She didn't know how to cherish you and hurt you so deeply, so I don't want to go. But her friend, I will wish her be happy in the future."

"I'm your woman now. Of course I must be on your side."

Yuting's tone was very coquettish, and suddenly he hooked Mike back to the feeling of last night.

He breathed a sigh of relief and said,

"Okay, have a good rest at home, and I will visit you when I'm finished my business."

After a few seconds of silence, Yuting asked tremblingly,

"Mike, will you... be responsible to me? Will you... abandon me..."

These two issues had become Yuting's most worried and the most afraid issue. She was afraid that Mike would make peace with Helen, and she would become the one to be abandoned.

"Yuting, stop woolgathering!" Mike said in a serious tone, "I said, I'm not a person with no sense of responsibility. Just take a good rest at home."

Yuting choked with sobs, and said,

"Mike, I love you!"

After speaking this, she hung up the phone.

Mike was stunned for a long time, and then slumped on the ground.

The phrase 'I love you' was so heavy that it made him breathless.

Yuting's I love you referred to him alone. However, his I love you referred to two women.

## **My 18-Year-Old Wife - Chapter 62 Internal Conflict of Liu Family**

Liu family seemed dead now, and all the people there were discouraged as if they lost their parents.

All younger generations gathered together in Peter Liu's house, including Xiaohui Yu and Ben Liu.

The hit they were facing was even harder than last time when Mark Duan decided to terminate their contract.

Mike Yue, they used to be looked down upon by everyone, was actually the real boss of Fengxing Group. Mike shined today and he made each member of Liu Family lose their face.

What's more important was Mike's real identity. People of Liu family were like slapped hardly when they learned that Mike was the boss of Fengxing Group.

Everyone was panic now for they were afraid Mike would revenge secretly. Especially Joe, He found fault with Mike last time when the old master celebrated his birthday. He slapped Mike in front of so many people. And that slap led the divorce of Mike and Helen Liu.

"How could that be? Mike is the real boss of Fengxing Group, how could that be? Why no one found his real identity in the past two years?"

Lisa kept asking and she broke the silence of the room.

"Mike is so good at disguising. Why did he pretend to be a servant in our family if he was the boss of Fengxing Group? Was he not right in his mind?"

Chengjiang Liu was also confused about that.

"what else could be the reason? Of course because he loves Helen. Surely he deeply loves Helen for he helped Helen today." Chengfeng sighed and said "And he mentioned today at the wedding that it was our

mother who asked him to help our family secretly. It meant that our mother knew his real identity.”

Others began to realize that hearing Chengjiang’s words.

Then Ben Liu said “I remembered the old lady invited Mike to her room for an hour when he first came here. I guess she already knew Mike was the real boss of Fengxing Group at that time.”

Chengfeng was little furious hearing that. So he replied “The old lady was not right to hide Mike’s real identity. If she told us earlier, how could things be like this?”

“If we knew Mike was the boss of Fengxing Group, surely we will treat him differently. And our family could prosper with the help of Mike, and Helen would not divorce him.”

“I’ve no idea how the old lady’s mind worked. She hid this from us on purpose. So everything was messed up. Well, now we not only lost face, but also some of our companies went bankruptcy. Our family offended Mike so much, I guess no one dare to have any relationship with our family from now on. And Haoyang Li is done now because of Mike.”

Lisa abused while holding her arms “The old lady made our family so miserable.”

Others also began to complain the past old lady unexpectedly.

“Enough, be quiet.” then Peter Liu who was silent just now suddenly patted the table and shouted.

He was like ten years older immediately. The strike Mike gave him this time made him shocked and it made Liu Family miserable.

"What are you complaining? Is that useful to blame the old lady? "He shouted with anger. "How did you treat Mike in the past two years? He would not treat us like this if you could be nice to him."

The people present were astonished. Chengfeng Liu who used to be deferential to his father rebuked unhappily "Dad, I don't agree with you. We all know that you were not nice to Helen's family before. And you dislike Mike. You only gave four or five thousand yuan's salary to Helen, how could him be happy for you treated his wife so bad?"

Chengfeng was not afraid even if Xiaohui and Ben who were sitting there. He directly told everyone there how badly his father treated Helen's family.

Xiaohui Yu and Ben Liu were embarrassed to sit there when they heard that.

"Shut up." Peter cursed. "You are such an ungrateful guy. You still have the nerve to tell that, why did I do that? For you and Joe."

"And now you come here to blame me. Everyone could blame me except you. You are so ungrateful."

Chengfeng was furious hearing that. So he didn't compromise. Liu family already went broke, his father had no status at all for now.

"Dad, as the master of the family, you decided everything. Don't you feel ashamed to lead us to this kind of situation? At least we were not so miserable when the old lady was still here."

Chengfeng didn't save his father's face at all.

Peter was so mad at Chengfeng that he kept coughing. Lisa couldn't stand Chengfeng anymore, so she rebuked "Brother, could you be moral? No matter how did dad treat Mike, dad treated you very well, right?"

"Your family was also not friendly to Helen's family. Joe wanted to grab everything from Helen, and she even got the contract between Helen and Mark. If Joe didn't slapped Mike on dad's birthday party, how could they divorce? "

"I think your family treated Helen the worst."

Lisa's words never spared anyone. Rose Zhong, Chengfeng's wife, couldn't sit anymore, she abused back immediately "what? We treated Helen the worst? Did you treat Mike as a human when you asked him to help you to unblock the drain? Then why you talk so proudly now? Aren't you feel ashamed?"

In a flash, the room was filled with dirty words. Everyone began to blame others when they met trouble.

Ben Liu just sat there. He was bitter seeing his sisters and brothers blame each other so badly.

Finally he couldn't bear that anymore and shouted at them for the first time "Enough, stop it. Will you be happy if dad died because of anger?"

"Mike said already that we had no feeling. You really want to be someone like that?"

"Now we are in trouble. What we shall do is unite together. You really hope our family collapse?"

Everyone was quiet hearing his shout.

“Ben is right. We shall work together.” Chengfeng said. Then his eyes went to Ben and Xiaohui.

Then he said “Ben, Xiaohui, Mike is your son-in-law. He must still love Helen for he came to take Helen away today. I believe they will be together again. Go to persuade them, okay? I hope he could forgive us and forget the past things.”

Chengjiang added immediately “Yes, Mike is the real boss of Fengxing Group. Our family could prosper again if he could be your son-in-law again. At that time, even Mark has to be polite to us.”

Now they were still thinking how much benefit could Mike bring them.

Xiaohui said embarrassingly “You think too high of me. I have no place in his heart.”

“And I treated him so badly before, how could I ask him for anything now.”

Ben also sighed.

“Mike and I have nothing to talk. He treated us as enemies.”

Lisa rushed to say “Then what shall we do? We will let our companies go bankrupt? Helen treats us as enemies now. If we don’t get along with them, we can get nothing from them even if they are together again.”

Peter who just calmed down said again “We need to find a person who had no gap with Mike to talk with him.”

"I think that person must be Ben."

"Ben, go and talk with Mike for our family. Beg him to forgive us."

All people looked at Ben. Ben never had any existence before no matter at home or in Liu Family. In addition, he couldn't decide big or small matter. therefore, he had no gap with Mike. He was the most suitable man to talk with Mike.

Ben also knew why they asked him to go to Mike. He was awkward because he had no face to talk with Mike.

"Ben. Go to Mike for us." Xiaohui was nice to Ben rarely. She persuaded Ben with other people "If Helen runs away with Mike, then no one will take care of us when we are old."

Ben looked at the people around, they were so hopeful. He sighed. He couldn't say no and he dared not to say no for so many people persuaded him to go to talk with Mike.

"Okay, I will go to Mike to ask him to forgive us."

Finally Ben compromised.

## **My 18-Year-Old Wife - Chapter 63 The Invitation of Ben Liu**

This morning, Mike Yue woke up from bed, remembering that Helen Liu was at his house, ready to get up to make breakfast for her.

When he was the live-in son-in-law of the Liu family, Mike would get up the earliest than everyone else in the Liu family every morning. And then

he would prepare breakfast for them. Regardless of the severe cold or the scorching heat, he was the first to get up.

There were still some fast food in the refrigerator, and Mike was going to make some casually before going out to buy vegetables. He still remembered what Helen liked to eat and what she didn't like.

But as soon as he came to the kitchen, he saw that Helen had already prepared breakfast and was preparing to come out with four or five pastries.

Mike was stunned, staring at Helen in a daze.

Helen was also stunned, and smiled embarrassingly:

"I'm about to wake you up for breakfast. I don't know how to cook. So I just make something out of the refrigerator. I don't know if they suit your appetite."

At that moment, Mike fell into a fantasy. In the fantasy, he and Helen had not yet divorced, at this time they were an ordinary couple. The wife took care of the family and got up early to make breakfast for her husband.

The more fantasized, the less likely Mike was to face the fact that he and Helen had divorced.

"Mike, don't you like to eat these? Or I'll order takeouts for you..."

Helen seemed a little overcautious. Seeing Mike was taken aback, she thought he didn't like to eat these things.

"Yes, I do. I just never saw you go to the kitchen, maybe I'm not used to it." Mike smiled, grabbed a piece of bread and tasted it, and praised: "Um... yes, the bread is baked just right, come out and eat together."

In the dining room.

Helen looked at Mike who was devouring, and couldn't help smiling slightly. Such a peaceful life was her most yearning life after the divorce from Mike. In fact, before her divorce from Mike, she lived this kind of life every day. At that time, Mike made breakfast every morning and then woke her up, Mike was able to make a lot of things she liked to eat for breakfast.

At that time, she was disgusted with Mike for his being worthless, like a slave who would only serve others.

Helen knew that she didn't cherish it, that's why she got into so many difficulties. She couldn't help thinking of a saying, the more someone is good to you, the less you will cherish him, and you won't know his value until you lose him.

Maybe this saying was satirizing herself actually.

"Think about it now, I was so dereliction of duty before, I have never performed my duties and responsibilities as a wife." Helen took a faint sip of the milk in the glass, and said with some shame.

Hearing this, Mike paused and smiled:

"Why do you talk about these things? People always have to experience, endure hardships and suffer sins. We have to fall down and accept lessons from life. Is there anyone who is sensible from birth?"

"By the way, you don't have to get up so early to make breakfast for me. You are my guest, not my nanny. You can live here with peace of mind, without thinking too much."

Helen felt a little disappointed when she heard the word "guest". She forced a smile and said:

"I used to be too ignorant. As I still have the opportunity to stay with you for a few days, let me make up for it so that I feel better."

Mike couldn't say anything more when he heard the words, or it would be too polite. In fact, he was also very disappointed. He knew that Helen would not live here long and would leave sooner or later.

"Then do you have any plans next, you can tell me about it." Mike asked.

Helen thought for a while and said:

"This time the Liu family, my parents and I are in a stalemate, so I should stay a few more days before going back."

"The company need to be taken charge of by someone. If Joe takes charge of it, I'm afraid the company will be closed down again just after it reopened."

Mike nodded and said:

"That's okay, stay a few more days before going back, and make your parents to reflect on it."

"Although you can deny the kin with the Liu family, it is impossible for you to break the blood relationship with your parents. As for the company, don't worry. I will let Mark Duan go to the company personally

and warn the Liu family not to covet your company. The legal person of the company will be directly changed to your name. From now on, you will not be the general manager, but the president of the company.”

“You own 100% of the company’s shares. Anyone in the Liu family who dares to reach out for a penny, I will chop off their hands.”

Mike’s toughness and dominance made Helen startled slightly, as if...this was the sense of security she always wanted.

“OK, thank you...” Helen said with a pursed smile.

At this time, Mike’s mobile phone rang suddenly. He picked it up and looked at it. The phone number on it suddenly made him frown.

“What’s the matter, who is calling?” Helen asked carefully when she saw that his face was abnormal.

“It’s okay. The call is from my company, and it might be something happened.” Mike smiled and said, “You can eat first, I’ll answer the phone.”

Mike went to the second floor and entered his bedroom before answering the call.

“Hey, what’s the matter?” Mike asked coldly.

“Is it Mike, I’m... I’m Ben Liu!” Ben’s nervous voice came from the other end.

This call was made by Ben, so Mike couldn’t answer in front of Helen. He could almost guess the purpose of the call.

"I know, I haven't deleted your phone number yet, what's the matter?"  
Mike asked blankly.

"Mike , I want to invite you out to meet me, in my...in my own name, is it okay?"

Ben's tone was like an employee begging for his leader.

Hearing this, Mike had already understood approximately in his heart. He was silent for two seconds and said:

"Well, you make an appointment, and I will see you."

Ben might not have expected Mike to promise so quickly. Instead, he froze for a long time, seeming to think about time and place.

"Just now please, in the cafe on Xingguang Road."

After hanging up the phone, Mike stayed in the study for two minutes and seemed to be thinking about something.

After he went downstairs, Helen was washing dishes in the kitchen. Mike stood at the door, looking at the back of Helen, suddenly there was an impulse to go and hug her from behind.

In fact, Mike was relieved from all the injuries Helen had done to him before. Helen was not bad in nature, and she was even cowardly. If it were not for the influence of the Liu family, she would not have treated him that way.

Now that he was relieved, Mike didn't blame her naturally. Thinking of the recent suffering of Helen, he felt distressed.

But so what, they were no longer husband and wife, even a simple hug was a luxury.

"Helen, I have something to deal with in my company."

"If you are bored at home, just go out to have a walk."

Mike said.

Helen turned her head and smiled faintly:

"Okay, go ahead and leave me alone."

"If you want to go home for dinner, please tell me in advance so I can prepare the meal in advance and wait for your return."

Mike was stunned, then smiled and nodded:

"OK, I get it."

After he left home, Helen continued to wash the dishes, but as she washed, tears could not stop falling.

## **My 18-Year-Old Wife - Chapter 64 You Shall Protect Her The Most**

"Mike, is Helen with you?"

Mike Yue and Ben Liu met each other at the coffee shop on Xingguang Road.

Ben rubbed his hands under the table to disguise his tension. Then he asked Mike while staring at him.

Mike leaned on the chair and looked at Ben as well. He nodded "Yes, don't worry, she is fine."

Ben felt relieved hearing that. He smiled cautiously and said "That's good, good."

Mike also smiled seeing Ben was happy. Then he said slightly "Ben, don't think too much, she just lives in my house temporarily. We are no longer couples. I suppose to help her when she has trouble as we were couples before. Now we are just familiar friends."

Mike's words pointed out the meaning hid in Ben's smile. Ben was embarrassed hearing that, he just smiled awkwardly and said "Divorce means nothing. Now many couples get together again even if they divorced."

"Besides, you took her away from the wedding regardless the former things. And Helen was willing to go with you, it means you two still love each other."

"It's common for couples to depart or to be together again."

Mike suddenly laughed coldly hearing that. He said "Ben, I am no longer a three-year old boy. You almost killed me and you think I could forgive you so easily?"

"I was hurt so badly by Helen and Liu Family. I can forgive Helen, but I can't forgive you. I can make friends with Helen, but it is not possible for us to get together again."

"Everything changed now. Do you think a broken mirror can be a good one again?"

Ben was frozen there, he never felt more embarrassed. He didn't want to come here to beg Mike today because he knew how did they treat Mike before. He didn't have face to talk with Mike. But he had to because all the people forced him to.

"I'm sorry, Mike. I know you were treated badly before by our family. I apologize to you representing Liu Family." Ben apologized sincerely.

Mike kept silent for two seconds and asked "You came to me for yourself? Or it was Liu Family or Xiaohui Yu forced you to come?"

Ben was bitter hearing Mike's question. Mike suddenly found he was like a little boy who didn't know how to lie. And Mike was no longer the boy two years ago. His momentum now was so powerful that Ben couldn't dominate.

"It's me...I want to come. I just want to come here to apologize to you and ask how is Helen now." Ben answered.

Mike smiled, he took a sip of coffee with a little bit bitterness and tart flavour. Then he said "Ben, at least I am a businessman. I am not capable if I could only make Fengxing Group strong. But I am good at observing people. Your reaction told me that you are forced to come here. Then tell me what are their purposes?"

Mike stared at Ben and asked "They hope you could persuade me to be together with Helen again? Then people from Liu Family could gain benefit again from Fengxing Group? Or from me? Or they want me and Fengxing Group to help Liu Family to be the No.1 respected family in Chuzhou City? "

"Did Xiaohui Yu forced you that you have to ask me to be with Helen again? Or you couldn't go back, right?"

Each of Mike's words was to the point. Ben was frozen there with empty eyes. He felt awkward again.

He didn't know how to reply hearing Mike's questions.

The atmosphere became embarrassing as well. They kept silent for around a minute then Mike smiled and said to Ben "Ben, maybe you are the only one I don't hate in Liu Family."

"Because basically you never embarrassed me. Maybe you did before, but you just wanted to follow suit."

"So I don't hate you. And I will not blame you for anything. That's why I still call you uncle today."

Ben rose his head to look Mike with a confused expression.

Mike continued to give his sincere ideas "I know your position in Liu family. You are not much better than me. Time or twenty times the sufferings you got in Liu Family was what I had there. You are clear about that, right? Why shall I forgive them? Why shall I help and support them as before? "

"Why shall I be a saint or the one who deserve those?"

Ben bent his head hearing what Mike said. He sighed and said "I know what kind of sufferings you had before. In fact, I had no face to come to you today. But I have no choice. I'm useless. I can't even protect Helen. I am not a good father."

"You are reasonable even if you don't forgive them when they all bent their knees to apologize to you."

Ben hauled deeply after saying that. His eyes were reddish when he looked up.

"You are right, so I can't deny. But my only request now is taking good care of Helen these days when she is with you. She suffered a lot in Liu Family. I never helped her as her father. It's time for her to have a good rest."

Mike nodded seeing Ben was so sincere when he said that. So he answered "Don't worry. I will take good care of Helen no matter what."

"Then I want to give you some suggestions. You can have a try. Though people of Liu Family are your relatives, they never treat you as their family. So you don't need to so obsequious, let alone in front of Xiaohui. You can't get their respect or their love no matter what you do."

Then Mike took out a card and handed it to Ben. He said "There is a million yuan in the card, take it."

Ben opened his eyes widely. He slowly lifted his right hand tremblingly. He was so entangled. But at last, he gave back the card and said "No, I can't get your money. Take it back."

Mike handed Ben the card again, and he added "It's not charity. Let me finish my words."

"It's a must for the closure of Liu Family. I can promise to you that Liu Family will totally go bankruptcy. You would be the second Mike in Liu Family's eyes with the one million yuan. You are the most suitable man to protect Helen in the world because you are her father."

"I don't have the quality to protect her anymore. But you are different. You have to protect her all your life. You can found a company secretly with the money in the card. I will ask someone to help you in the dark. You could talk confidently when you are powerful, then can you own the strength to protect Helen."

"But no matter what you have to be tough. I'm a lesson you shall draw from. I didn't get anything though I worked so hard in Liu Family. So don't learn from me. Listen to me, I will not hurt you, at least I will not hurt Helen."

Ben just stared at Mike hearing that. He suddenly felt that he might never find another son-in-law as nice as Mike. But he seemed also realize that Mike would not be with Helen anymore. Mike was like entrusting something to Ben from his words. It seemed he was trying to offer some guarantee for Helen in the future.

"Mike..." Ben wanted to say something.

But Mike already stood up and it seemed he was going to leave.

"I'm going back. Keep the card well."

Mike left after that. His eyes became fierce suddenly when he went out of the coffee shop.

Even if Ben could become the one Mike wished, Ben could not do any big business when Peter was still in Liu Family. And he knew Helen would have no good days when Peter was there.

"Peter, you never respect yourself as the elderly. It's your time to die. "

# **My 18-Year-Old Wife - Chapter 65 Peter Liu Must Die**

It was late at night. Helen cooked dinner.

Mike got back home, and when he saw a table full of wonderful dishes, he was shocked.

These dishes looked amazing, and delicious smells wafted through the room.

Mike asked in astonishment: "Did you cook all these?"

Helen nodded, and said shyly: "I rarely cook, and I made most of these dishes while watching the teaching videos online. I failed so many times and wasted so much food....."

Mike was touched. No wonder there were a few garbage bags at the door. It was obvious that Helen put lots of efforts in these dishes.

"You are amazing!" Mike took a seat, and looked at the table. He was obviously at a loss for what to say.

"I have nothing to do anyway. Cooking is so much easier than managing the company." Helen smiled, and passed Mike a pair of chopsticks.

Mike ate heartily, and he got so full. He wouldn't say these dishes are perfect, but considering these were cooked by Helen, a woman who was born with a silver spoon in her mouth and who hardly needs to concern herself with housework, he was absolutely contented.

"It's amazing. It's the best meal I have had in years!" Mike put down his chopsticks and said with great satisfaction.

"You don't need to flatter me. I know it's not that good." Helen said shyly. "I'll be more careful next time. This time I cooked too much and I can't guarantee the taste."

Then she stood up, and was about to do the dishes.

"Put them down. You've been busy all day. I'll do the dishes." Mike stood up.

"Don't worry. I'm not tired. To be honest with you, I enjoy doing housework pretty much." Helen raised her head and looked at Mike.

And then, their eyes met, and they froze.

At that moment they forgot about their divorce, and they realized this is the kind of life they would love to have. The simple, and real married life.

Mike broke the silence. He said smilingly: "I'll do it. I remember you used to spend a lot of time in the office and your back was always sore because you were always sitting. That's why I always gave you a massage for half an hour when you came back at night."

"I see you have a sore neck now. Get down on the couch. I'll give you a massage."

Then Mike urged Helen to go to the couch. Helen got nervous all of a sudden. She said: "Never mind. You can do the dishes now. I'll just have a rest on the couch."

Mike persisted. He dragged Helen to the living room, and said: "Don't worry. You think I'm gonna take advantage of you?"

Helen had to get down on the couch. When she felt Mike's hands pressing and rubbing her back, she felt perfectly relaxed. It felt like they were still married.

When they were married, she asked Mike to give her a massage every time she got back home from work. They were married for two years, and this tradition lasted for two years. Mike never complained, and his skills were gradually getting more sophisticated.

Helen forgot about her worries at that moment, and a brilliant smile spread across her face. She was so relaxed, and she fell asleep gradually.

Mike talked to her, and she didn't respond. Mike realized she was asleep. He stopped the massage, and ran upstairs and grabbed a quilt for Helen and covered her with it.

He stared at Helen. His heart ached when he saw her drawn face. He then moved his face towards hers, and despite all his inner struggles, he couldn't help but kissed on Helen's pale little face.

Mike got nervous. He ran into the kitchen and began doing the dishes.

What he didn't know was that after he got into the kitchen, Helen opened her eyes slowly.....

He finished doing the dishes, and tidied the kitchen. When he left, Helen was asleep. He didn't wake her up, and sneaked out of the room.

He called two people, and asked them to meet him under a bridge.

He had always wanted to kill Peter, but after meeting Ben today, he finally realized Peter was indeed a scourge, and Liu Family could be much better without him. And he was finally full of determination to kill him.

He couldn't believe that Peter was still trying to use Helen to make him go back to Liu Family, so that his family can take advantage of his power and influence. He found Peter disgusting and shameless. He realized that Ben would never see the light of day ever again if Peter kept living. And Helen would never have a good life in Liu Family if Peter didn't die.

That's why, Peter must die.

"Mr Yue, we are here. What's the matter?"

The two people Mike called arrived.

"Lei Chen, Xiangrong Chen. We haven't seen each other for a long time." Mike said smilingly. "I'll give you two brothers a chance. If you help me with one thing, I'll destroy all the evidence about your embezzlement. And then, we will never see each other again."

Lei and Xiangrong were shocked. Because since they were kicked out of Fengxing Group, they had been living in hell. Everyday they were worried about these evidence in Mike's hand. They were afraid that Mike would give these evidence to the police. It was like a sword was hanging above their head and they had no idea when the sword would drop and cut their head off.

"What is it? Tell us." Lei was excited.

Mike looked them and said: "I want you to kill Peter Liu in Liu family."

When they heard what Mike said, their face went pale. They looked at Mike in astonishment and said: "You want us to kill people?"

Mike laughed dryly and said: "What? Are you afraid? I remember you promised me. You want to change your mind?"

Xiangronng said, his voice shivering: "My dear boss, we wouldn't hesitate for a second if you ask us to do something else. But, you know, killing a person is....."

Mike smiled: "It's not easy, isn't it?"

Lei said: "Mr Yue, that's killing! To be frank with you, if you give the evidence to the police, we will at most be sentenced to fifteen years in jail, but if we are charged of murder, we would be sentenced to death!"

Mike nodded and said: "Let me put it in this way. I'll tell you what to do. And I promise you no thing will go wrong and no one will know who killed him. When it is done, I'll give each of you a million yuan, and destroy all the evidence. What do you think? You get the money, and you can stop worrying about going to prison."

"If you don't agree, I'll give the evidence to police right now and find some other people to do it. Then you don't get the money, and you live in prison. You should think about it carefully."

These two brothers were in a dilemma.

Then Mike took out a recorder and said: "If you don't trust me, I still have this recorder. Our conversations will be recorded from now on. When you bring Peter here, I'll give it to you, then you will have the evidence that I hired you to kill people. In the future, if I ever threaten you with my evidence, you can threaten me with yours. What do you think?"

Lei looked at Mike in disbelief. He thought Mike was behaving like a lunatic.

He hesitated for a minute, and then nodded and said: "Fine. We'll do it!"

"Tell us what to do. I'll bring Peter here."

Mike smiled and said: "Deal!"

## **My 18-Year-Old Wife - Chapter 66 I'm Not A Piece of Trash**

"It's already very late. Ben still didn't come back, and his phone is power off."

All the members of Liu Family were still in Peter Liu's house. Everyone was waiting for the good news from Ben.

However, Ben had been out for a whole day and he had not come back yet. It was wired.

"Ben will be fine, right? " Xiaohui Yu kept walking around in the living room. Obviously she was worried. She said "Ben met Mike in the morning. They can't talk whole day, right?"

Others began to worry about Ben hearing what Xiaohui said.

"Mike will not do that..." Chengjiang Liu said. "At least Ben is the father of Helen. Though Ben was Mike's former father-in-law. How dare Mike do anything bad to him? I guess Mike would not do that."

Xiaohui was so anxious that she kept stamping her feet.

“What Mike dared not to do? He even hit me before. Let alone Ben.”

“You also were there when he asked others to break Haoyang Li’s hand, he didn’t even blink his eyes.”

Peter Liu at this time said calmly “I think you don’t need to be worried. Think in another way, maybe Ben is visiting Mike’s house now. So he didn’t come back.”

“You think about it. Yesterday at the wedding, we even ...”

Peter coughed speaking of this to disguise his embarrassment.

“We bent our knees to him. Only Ben and Xiaohui didn’t. it meant that Mike would not do it too over to Ben. We will see, maybe he will be back soon.”

The door bell rang when the people there were worried about Ben.

“Ben is back. It must be Ben.”

Chengfeng screamed excitedly. He rushed to the door.

Indeed it was Ben. Mike asked a senior official of Fengxing Group to talk about the affairs with Ben regarding the new company when Mike and Ben departed. And Mike promised to let Ben study in a big company in Capital City for advanced study.

After all, Ben was not a genius in business. The company Mike asked Ben to go was the one Yue Family cultivated talents. Mike just would not tell Ben that company also owned by him.

Ben negotiated a whole day with the senior official of Fengxing Group. It seemed he was reborn. His thought was changed completely. He was ambitious now. He wanted to be a successful entrepreneur now and he hoped he could do his best to make full use of his life.

He would not let others look down upon him or trample him anymore. Instead, he wanted to be respected, he wanted to be someone like Mike mentioned. At least to be someone who was strong enough to protect Helen.

All the people looked at him anxiously. Peter asked him in a hurry with his hands shivering.

“Ben, how is everything going?”

Ben was little bit embarrassed, he sighed and said “Sorry, I didn’t change Mike’s mind. He said Helen and other members of Liu Family hurt him too much so he could not be together with Helen anymore even though they could be friends.”

“He also mentioned we are vampires that we would never be satisfied. He would not be stupid again to have any relationship with us.”

As his words fell, all the people changed their faces. Some were furious, some were upset, some were unwilling, and some were regretful.

But most of them were angry. They didn’t expected that Mike disparaged Liu Family like this.

“Bang.” Peter patted the wheelchair hardly, and shouted at Ben “Why you can’t even do this well? You are useless.”

"He was your son-in-law. And he still loves Helen. If I knew you couldn't do this I will not ask you to talk with him. Xiaohui may do this better."

Xiaohui also complained beside him. She complained while crying.

Others also didn't show Ben a good face. They complained that Ben was useless that he couldn't even persuade Mike.

Ben never dared to rebuke them, not alone shout at them. But he was really pissed off in mind. He thought what Mike said today was right. People of Liu Family could only saw profits. He never took relatives seriously. And they never treated Ben seriously.

"Dad, why I shall be the one to be blamed. " Ben tried to hold his anger and said. "Mike said already that we hurt him too much. You are not clear what did we do to him before?"

"Let alone him, no one wanted to come back here if we treated another man like that."

Ben's words infuriated all the people there.

"What's wrong with you, Ben? How could you talk for others?"

"You blame us when you didn't do things well? You never do anything in our family, and you can't do this successfully."

"Damn it, what can you do?"

Peter glanced at Ben disappointingly. He didn't even want to see him again.

Ben's heart was cold seeing this. His anger couldn't be suppressed anymore.

"Ben, do you know what we missed? Mike is the boss of Fengxing Group now. How could you fail our expectation? I was blind when I married you."

Xiaohui didn't spare Ben at this time, she cursed Ben and hit him.

"Bang."

Her imperious attitude finally irritated Ben. Ben couldn't stand her anymore. He slapped heavily on Xiaohui's face. Xiaohui immediately fell down because of the slap.

All the people present were shocked.

Chengfeng and other people looked at Ben surprisingly. Everyone knew Ben was afraid of Xiaohui. He dared not to rebuke his wife before. What's wrong with Ben today. He dared not only to rebuke his father in law but to slap Xiaohui. Did he take wrong medicine?

Was him a fake Ben?

"Ben, you dared to slap me? Divorce, I'm going to divorce you."

Xiaohui began to be mean again like a shrew.

Ben's eyes were red, he rushed to Xiaohui and caught her collar. He shouted at her fiendishly "You want to divorce? Well, let's divorce."

"We will divorce tomorrow. You are such a bitch that you acted like a shrew everyday. I'm so unlucky to marry you. I already endured you so long, you even take your daughter as your weapon."

"Xiaohui, you are such a shrew, a shrew."

Ben totally broke out so that Xiaohui dared not to say one more word. She was frozen there and stared at her husband tremulously. She suddenly felt Ben changed. Ben was no longer the man who was obedient and everyone could bully.

Right now Peter and others were also frightened by Ben. No one dared to stand out to propitiate them.

"And you."

Ben began to curse Peter and Chengfeng after Xiaohui. He shouted "Did you treat Mike as your family before? He was so nice to you before, he was willing to do anything dirty for you. Will you flatter him if he is not the boss of Fengxing Group now? Actually you only know money."

"Do you have any other things in your mind except for money?"

Ben broke out completely today. Mike's words reminded him totally.

"Why I am still here? Because of you. The old man loves the elder brothers so he never treated me as his son."

"Let me tell you today, I am not rubbish."

## **My 18-Year-Old Wife - Chapter 67 You killed anyone?**

"Ben Liu, what do you mean? Why you say for Mike Yue?!" Lisa Liu frowned and said.

"Ben, You don't do anything in our family, and we also give you and Xiaohui two thousand Yuan every month. You are so ungrateful."

Rose Zhong, the mother of Joe Liu, also said unhappily, rolling her eyes, "Shut up!"

To their surprise, Ben Liu pointed at them and scolded,

"You two are the most bad person!"

"You have the nerve to say that you give us two thousand every month. How much money did you get from the company every month? If you hadn't acted so recklessly, would the company of Liu family go bankrupt so soon?"

"Bastard! Even if Mike gave you the whole Fengxing Group, it won't be long before you guys will lose everything!"

Lisa was struck dumb with shame. But Rose was not a pushover. She was so angry that she stamped her feet and complain to the old man immediately,

"Dad, look at Ben. Is he crazy?"

Peter was too angry to say anything. He pointed at Ben Liu and scolded,

"Ben, you... "

With a gloomy face, Ben snorted before Peter finished his words, "I don't want to stay here any longer!" Then he slammed the door and left.

Xiaohui was so scared and cried, "Honey, wait for me!"

At this time, in Peter's house, everyone looked at each other in dismay.

"What's wrong with Ben today? Why is he so angry? Is he insane?"

"You all get out. I want to stay alone." the old man said in disappointment.

Seeing this, no one wanted to stay here any longer. In the past few years, each of them had saved a lot of money, all of which was embezzled as Ben said.

After everyone left, the nanny of Peter came down from the second floor. This nanny was hired by Peter after he became a wheelchair.

"Mr. Liu, are you going to bed?"The nanny asked.

Peter waved his hand, "You can go and have a rest. I want to be alone for a while."

Today, Chengfeng Liu and Ben both criticized him. He had a deep sense of crisis. In the future, he would probably be just an old man in a wheelchair in Liu family.

In fact, the Liu clan really had no chance to turn the tables this time. Not to mention the biggest family in Chuzhou City, now the Liu family was not qualified to be the bottom in Chuzhou City.

The nanny was about to go back to her room when the doorbell rang again.

Peter waved to the nanny and said, "go and see."

The nanny hurried to open the door. She thought it was the people of the Liu family who came back, but as soon as the door was opened, she saw two tall men standing outside. The two men wore hats and masks to cover their faces. They looked like bandits.

"You..."

The nanny's face changed. When she was about to ask, she saw two men rushing towards her fiercely.

One of them took out a handkerchief and covered the nanny's nose and mouth. Soon the nanny fainted.

They dragged the nanny into the room, and then quickly rushed towards Peter.

Peter's face changed dramatically and snapped,

"What are you doing? Robbery?"

"Get out of here, or I'll call..." Before he could say the word 'Police', his mouth and nose were covered by a handkerchief. There was medicine on the handkerchief, which could make people faint in one or two seconds. This was given to them by Mike Yue.

The two bandits were Lei Chen and Xiangrong Chen's two brothers.

They did as what Mike said to kidnap Peter.

It was about eleven o'clock in the evening. There were almost no people on the street, and only one or two people passed by occasionally.

At the back door of the community, Lei Chen pushed the wheelchair and left, while Xiangrong was guarding nearby.

They pushed the unconscious Peter to the bridge.

"Mr. Yue, we brought him here!" Lei Chen pushed Peter to Mike Yue.

Mike Yue looked at him and grinned, "I didn't expect manager Chen to be so skilled in this kind of work."

Lei Chen said with embarrassment, "Please don't make fun of me, Mr. Yue. If you didn't my secret, I would never to do such a thing."

Mike Yue nodded and said nothing. He took out a small bottle of medicine and smelled it on Peter's nose. Perhaps the pungent smell of the medicine made Peter sober up.

He trembled all over and stared at Mike Yue with his eyes wide open, "Mike Yue?"

Mike Yue also looked at him and sneered, "Mr. Liu, we meet again!"

"Mike, you asked someone to kidnap me. What do you want to do?" Peter looked around and found that it was under the bridge. He immediately felt a sense of danger.

"What do you think I should do in such a dark night?" Mike Yue laughed and said.

Hearing this, Peter's face changed and said in a trembling voice, "I warn you, be sensible. We live in a society ruled by law now. If you dare to do anything to me, you can't escape!"

Mike shook his head and laughed, saying, "I, Mike Yue, never do anything that I'm not sure of. Do you think it's the first time I kill someone?"

At this moment, Peter was scared to death. He looked at Mike Yue in horror, "You killed anyone?"

With his hands on the wheelchair, Mike Yue leaned over and said viciously, "Yes. At that time, I had become the live in son-in-law of your family. My father, Zhenting Yue, was murdered. I found out the murderer and killed him in front of my father. "

Hearing this, Peter widened his eyes and murmured, "Isn't Zhenting Yue the former head of Yue family in Capital City? "

"So you is..." Thinking of this, Peter took a deep breath and looked at Mike Yue in disbelief.

Mike nodded and chuckled: "You are right. I'm from the Yue family in Capital City."

"Tianxiong Yue is my father, and I am the Master of Yue family!"

## **My 18-Year-Old Wife - Chapter 68 Let me end you**

Hearing Mike Yue speak out his true identity, Peter was so shocked that he completely forgot that he was in danger.

He grabbed the clothes on Mike's shoulder excitedly and said in a trembling voice, "Are you from Yue family? How could it be possible? How could it be possible?"

Mike looked at him calmly and smiled, "Impossible? Why is it impossible? Haven't you heard that the Fengxing Group has something to do with Yue family?"

"Otherwise, how could I, a fresh graduate, can run Fengxing Group and monopolize the business circle of the whole Chuzhou City? I just received the family training. My father gave me a pocket money as compensation for those years. "

"The reward is really not much. It's only five million. With these five million dollars, I set up the Fengxing Group and expanded it in a short time. Now its total assets have exceeded one billion .Of course, one billion is nothing compared to the family business."

Peter's expression had changed from shock to trance. He felt as if he was dreaming and didn't want to believe it at all.

"Why, you the Young Master of Yue family have to be humble in our Liu family? Why do you want to be our live-in son-in-law?!" Peter asked excitedly.

Mike stood straight and said, "I have answered your questions at the wedding."

"Grandma begged me to come to your family and help you. I have helped you for the past two years. As for why I married Helen, because I love her."

"But everyone in your family let me down. I'm not a fool. In fact, I have already had the intention to give up on you a few months before your birthday, but I still gave you a few more months. "

"But you let me down more and more until I put forward a divorce to Helen and let you go bankrupt completely."

Peter stared blankly at Mike, tears coursing down his cheeks. He begged Mike, "Mike, I'm sorry to have made you suffer in the past two years."

"I'm sorry to disappoint you. I'm not a good grandfather. I apologize to you. Please forgive us for the sake of Helen."

"Since you still have feelings for each other, why don't you remarry and live happily together?"

Hearing this, Mike couldn't help but sneer loudly. "Forgive?" Mike shook his head and said, "it's too late. You, Peter, don't deserve to be Helen and my grandfather."

"What you have done is unforgivable! I will not let you off. How dare you force Helen to marry Haoyang Li? When I heard the news, you were already dead in my eyes! "

Mike's eyes became fierce, completely different from his usual tenderness. He said fiercely, "As long as you are alive, Helen will be oppressed by your family. As long as you are alive, Ben Liu will not be able to stand out!"

Peter was shocked again, "Ben? What does it to do with him?"

Mike sneered, "I gave one million to Ben and helped him set up a new company. I sent him to the training agency of our Yue clan for training. Ben is Helen's father. I want him to be strong so that he can protect her."

"After you die, he will take over your position as the head of Liu family. When he is rich and powerful, your useless descendants will naturally obey and respect him."

"I have done what is humanly possible to help Liu family, right?"

Hearing this, Peter was stunned. No wonder Ben Liu was so strange today. "So he has been bribed by you!" Peter said sadly.

Mike shook his head, "Well, I have told you enough."

"Old Master Liu, you are a disabled man now. I know your sons very well. they won't take good care of you and do their filial duties. Let me end you."

"Don't worry. I won't let you die too painful."

Hearing this, Peter closed his eyes in despair.

Just as Mike said, he was disabled. Neither Chengfeng Liu nor Joe Liu would be filial to him later.

The Liu family had gone bankrupt, and he was desperate now.

Mike waved at Lei Chen and Xiangrong and said, "Do your work now."

Lei Chen and Xiangrong hesitated for a while, but finally did as he said. Lei Chen was responsible for covering Peter's mouth and nose and passing him out. Then Xiangrong picked up Peter who was unconscious and threw him into the river.

When the two brothers did all this, Mike had secretly turned on the video mode of his phone and recorded the scene just now.

After that, the two brothers trembled with fear.

"Manager Chen, there are your fingerprints on the wheelchair. Aren't you going to wipe them out?" Mike looked at them and said, "we are creating the scene where Peter committed suicide in despair. But if Liu family call the police, the police will collect the fingerprints on the wheelchair."

Lei Chen saw light suddenly, the two brothers quickly took off their clothes and began to wipe the whole wheelchair.

Then, Mike turned on the video mode of his mobile phone again and recorded the scene that the two brothers wiped their fingerprints.

After that, Mike gave the recorder pen to Lei Chen and said, "Take the recorder pen. Come to my company tomorrow. I'll destroy the evidence of your embezzlement in front of you two. In addition, I'll give you two one million each."

Lei Chen nodded and kept wiping the cold sweat on his forehead.

Seeing this, Mike hurriedly said, "Well, let's part here. There are patrols nearby sometimes. We should not stay here any longer."

The two brothers were terrified. Hearing what Mike said, they didn't dare to stay any longer and left in a hurry.

Looking at the backs of the two brothers, Mike sneered.

It was impossible for him to let them go. These two brothers had stolen the money of his company and helped him kill people just now. He would be relieved only when he sent these two people to prison.

The recorder he gave to Xiangrong was not the one he had recorded before. There was nothing in it.

Tomorrow morning, Mike would send the recording anonymously to the police.

"Two idiots!" Mike sneered, turned around and left.

## **My 18-Year-Old Wife - Chapter 69 The person who made the video**

In the morning, Lei Chen woke up from the nightmare.

He and Xiangrong Chen killed Peter Liu last night, so he didn't sleep well and had nightmares all night.

He suddenly thought of the voice recorder that Mike Yue gave him, and he felt a little strange. How can people like Mike leave their own evidence in the hands of others? But when he got home last night, he was so nervous that he didn't check the recorder at all.

Lei Chen immediately got out of bed, went to the study to open the safe deposit box and took out the voice recorder. He had to listen to the recording and confirm it before he felt at ease.

However, no matter how he played the voice recorder, there was not a trace of sound coming out of the recorder.

"How could that happen! How could it be! "

He was so anxious that he broke down in cold sweat.

Lei Chen tried several times, and he has almost removed the recorder. He has not heard the sound recorded by Mike last night. He suddenly realized that he and Xiangrong were framed by Mike. This was not the voice recorder that Mike recorded last night.

"Mike! You son of a bitch! You want to kill me, right? I'll turn myself in. I'll die with you!"

Lei Chen hit the wall with a hard blow and took out his mobile phone to make a phone call to interrogate Mike.

But when the phone had not been dialed out, there was a bell ringing in the living room. Lei Chen temporarily put down his mobile phone and went out to open the door. After the door opened, two policemen stood at the door, took out their own certificates, and then solemnly said to him,

"You are Lei Chen, right? You are suspected of murdering an 80 year old man, Peter Liu. Come with us! "

Lei Chen was frozen on the spot, like falling into an ice cellar. He was in a trance. He didn't know how he was handcuffed. All he knew was that he came to the end, and everything came to the end.

At the same time, at Xiangrong's home, the police also came to take him.

Why is it so timely? And why the police can take both of them with such precision and handcuff them in the first place?

Because Mike secretly recorded the video last night and handed it to the police anonymously. The video contained the whole process of killing and wiping fingerprints. This case did not need to be tried anymore, and

the two brothers of the Chen family could be convicted by the video content alone.

However, the police were still looking for a third person at the scene of the killing, naturally the person who took the video. Who was the third person? They could learn from Lei Chen and Xiangrong.

But whether the third person can be convicted eventually is uncertain, because the person who took the video did not leave any evidence.

...

In the morning, Mike came to the company, sat in his office, made a cup of tea and read books leisurely.

After a while, Mark Duan rushed in with astonishment on his face, and he didn't even knock at the door.

"Come on, man! Something's wrong, Peter, he... He threw himself into the river last night!" Mark's face was full of shock and was inconceivable as if he had discovered some big news of the century.

Mike raised his head and looked at him with a faint smile, said,

"Is it? It seems that the old man is very resolute. I just humiliated him and he jumped into the river and killed himself."

Mark was stunned when he saw that Mike was so calm and asked,

"You... Why are you so calm? Peter is dead! Your reaction is too calm. "

"No, you didn't react at all. Did you know that he was going to throw himself into the river?"

Hearing that, Mike chuckled and said,

"You think too much. How can I know what he's going to do? I'm not with him 24 hours a day."

Although he said so, Mark saw the conspiracy in the face of Mike. The expression of Mike was not covered up at all. His expression seemed to say that I had something to do with the death of Peter, but I just didn't admit it.

Just thinking about that, Mark's cell phone rang and he answered the phone.

The man on the phone said something to him, and his face suddenly changed and his brow wrinkled,

"What, the police are coming? Looking for Mr. Yue? "

After hanging up, Mark's legs trembled. He swallowed his saliva and looked at Mike,

"The police are looking for you..."

Mike stood up slowly and said calmly,

"Is it? Well, let's meet them. I'm not a lawbreaker or a criminal. Why are you so nervous? "

They went downstairs to the reception room and received two policemen who came to talk to Mike.

Mike gently moved the tea to them and asked with a smile,

"I heard you're looking for me. Did I commit any crime?"

The two policemen, one was middle-aged and the other was young. Faced with the aura of Mike and Mark, the young policeman was a little timid, but the old one was definitely different. Instead of showing timidity, he said in a serious tone,

"Mr. Yue, this morning we received an anonymous package with a USB flash drive in it. There are two videos in the USB flash disk, which record the whole process of the murder of Peter by Lei Chen and Xiangrong. "

Mark, sitting next to Mike, was shocked to the extreme, but he remained calm.

Mark was a smart man. He knew that if he showed anything wrong, he would make the old policeman suspect.

"Oh?" On hearing that, Mike's expression was full of shock, "I just heard from my brother that Mr. Liu committed suicide in the river. According to your words, Mr. Liu was murdered? "

"Wait!" Mike was stunned. After thinking about it carefully, he said, "Lei Chen and Xiangrong, these two people used to be the general manager and deputy manager of the Sales Department of our company!"

"Right, Mark?"

Mike turned his head and asked.

Mark nodded and frowned slightly, "Yes, these two people stole our company's funds and were dismissed for a long time. I really didn't expect that these two people could even kill people."

The old policeman narrowed his eyes and looked at Mike, trying to see what was wrong with him. However, it seemed that there was no problem with his performance. If Mike was pretending, his performance was not flawed, even his micro expression.

"Mr. Yue, we have arrested Lei Chen and Xiangrong. There is substantial evidence, so they quickly admit their crimes. But they also gave a message that you told them to do it," the old policeman said, "You also secretly recorded those two videos. In fact, our police are also tracking down the person who made the video."

"The man was with the two brothers at that time, but they didn't know that their murder of Peter was secretly photographed by the third man. Mr. Yue, I think it's necessary for you to explain to us? "

In fact, if it hadn't been known in advance that Mike was the real boss of Fengxing Group, he would have been taken away.

But considering his status, no one dared to take him away from the company without conclusive evidence. Because Fengxing Group was almost the economic driver of Chuzhou City.

Mark heard that and looked at Mike with a smile,

"How could it be? Do you want to explain it to the police officers, or you will not be innocent. "

Mike also laughed and said without any nervousness,

"I have nothing to explain. My only explanation is that the they two are slandering me."

"I am in charge of the Fengxing Group. Why would I kill someone?"

Seeing this, the old policeman narrowed his eyes and looked like he wanted to see through Mike,

"But you do have a motive to kill Peter. You used to be the son-in-law of the Liu family. We have investigated it clearly. You've been treated unfairly in the Liu family in the past two years, and Peter forced your ex-wife, Helen Liu, to marry a man named Haoyang some time ago. "

"You took Helen away at her wedding and humiliated the Liu family. You hate Peter. You want him to die. This motive is very reasonable. Otherwise, Lei Chen and Xiangrong have no intersection with Peter. Why did they kill Peter? "

"Mr. Yue, can you give us a reasonable explanation?"

## **My 18-Year-Old Wife - Chapter 70 Keeping Helen Liu**

"Reasonable explanation?"

On hearing that, Mike Yue said with a laugh,

"Do you have to kill a man if you hate him? Isn't there going to be a lot of people dying of vendetta? "

"The explanation I can give is that I didn't instruct the Chen brothers to kill Peter Liu. By the way, I'm really angry about these two brothers. Before that, they two were the directors of the Sales Department of our company, but they stole the company's funds, as high as five million. "

"I'm a softhearted man. I didn't let the two brothers go to prison and just let them go." Speaking of this, Mike frowned, looked unbelievable, and

said, "I really didn't expect that these two brothers not only don't know how to be grateful, but also hate me. Now that they've done something to kill, they still want me to be their scapegoat."

"How can people's hearts be so dangerous? It's really chilling!"

Mike was excited when he said that. The young policeman had already ruled out the suspicion of Mike in his heart. He even sympathized with Mike, a good boss. He thought that the two brothers of the Chen family were so bad that they still slandered Mike.

At this time, the old policeman had nothing to ask. He knew that it was impossible to ask anything out of Mike's mouth. Unless there was conclusive evidence to prove that the third person at the scene of the crime is Mike, no one dared to convict him.

At this time, Mike said, "I will ask the assistant to send you the evidence that they two have stolen the funds of our company. Since they are not kind, I will not be merciful."

"As for why they want to kill Mr. Liu, you police officers need to discover the minutest detail in everything, but it really has nothing to do with me. If I really want to take revenge on the Liu family, I will retaliate not only against Peter. "

As he said that, Mike sneered, and his eyes really revealed his resentment towards the Liu family.

The old policeman was in a state of exasperation. He had never seen such a young cunning man for so many years.

"Well, we'll go back and have a good trial of the two murderers."

He stood up and was about to leave with the young policeman.

At this time, Mike said,

"By the way, I hope that next time, if there is anything else I can do for you, you can contact my assistant, Verse Han. After all, I'm also very busy. For such a large company, the two business districts in Chuzhou City are owned by Fengxing Group, and I'm usually very tired. "

"If I have to help with the investigation in person, I hope that it's your superior who contacts me in person, OK?"

The old policeman was stunned for a long time, and a sense of frustration and helplessness suddenly arose. He nodded and said,

"I see. I'm sorry to disturb Mr. Yue today."

With that, he took the young policeman and left.

At this time, Mark took a big breath of air. The whole person collapsed on the sofa, and his voice trembled,

"Next time, can you communicate with me in advance? You scared me to death."

With a faint smile, Mike said,

"Communicate what? It's not that I ordered Lei Chen and Xiangrong Chen to kill Peter. "

Mark sat up and said angrily,

"Do you still pretend in front of me? Are you afraid that I will report you?"

Mike looked at him and said,

"It's not that I don't trust you. It's that I really didn't do it."

"And you have to remember that the only way in the world not to leak out is not to tell anyone but yourself. It's not that you don't trust the people around you, but it won't bring trouble to the people around you, so don't ask me more questions."

Mark sighed. He understood what Mike said, so he didn't ask any more questions. He just advised,

"I mean, we don't have to worry about people like Peter."

"There is no need to bring unnecessary trouble to ourselves for such people."

Mike nodded and said with a smile,

"I see. Thank you for reminding me."

"Go to your own business, don't take this matter to heart. There will no trouble to come to me again."

In fact, if it wasn't for Helen Liu, he didn't want to do it.

However, Peter and his family forced Ben Liu to come to him even at this time. What the Liu family did made Mike have to do so.

After Mark left, Mike was about to finish his cup of tea when his right hand suddenly froze in the air.

"If Helen knew that Peter was dead, she must go back to attend the funeral of Peter as a descendant, isn't she... she is leaving... "

Mike suddenly thought of it, and he couldn't help but feel a little flustered.

He didn't want to let Helen leave. He could cheat anyone, but he couldn't cheat his own heart. He enjoyed the two days, even if he only cooked and ate two meals with Helen. At least... he also wanted to spend a few more days with Helen.

Thinking of this, Mike hurriedly drove home and planned to stay at home with Helen in the next two days, so as not to let her know about the death of Peter. As for Xiaohui Yu's phone calls, Mike knew that Helen had already put them on the blacklist.

...

At home, Helen didn't want to go out. After cleaning at home, she lay on the sofa and used her mobile phone to surf the Internet.

She saw the local news of Chuzhou City on her mobile phone, and a big news made the front page headlines. It said that a cargo ship in a river channel had salvaged the body of an old man on the way. The identity of the old man was not mentioned in the news.

But in the comments, almost everyone discussed that the identity of the body was Peter, the leader of the Liu family in Chuzhou City.

When Helen saw the following comments, she immediately sat up from the sofa in shock.

She quickly opened the phone's blocking software, suddenly found more than 20 missed calls. All these missed calls were made this morning. There were Xiaohui and Ben, as well as Chengfeng Liu and Joe.

In addition to the intercepted calls, there are several short messages. She opened the contents of the messages and looked at them. All of a sudden, she was stiff.

Peter... He was really dead. The body in the news was really Peter's!

"How could it happen..."

Helen frowned and couldn't believe it.

But her face, from the beginning to the end, did not show any worry and sadness, just shock. It's true that she had no feelings for Peter. In the whole Liu family, in addition to Xiaohui and Ben, she only had some deep feelings for her deceased grandmother.

As for Xiaohui and Ben, she was already full of disappointment and resentment towards them.

For her, the death of Peter was just the sudden death of a person that she often met. She was shocked and uncomfortable. That's all.

"Shall I go back..."

Helen hesitated. Although she had no feelings for Peter, they were related by blood. Now Peter was dead. Even if he did a lot of harm to her

in his lifetime, as the saying goes, the dead are the most important. It's reasonable to go back and mourn for him.

But if she went back, she would have no reason to come back to Mike again.

She just spent two days with Mike. She didn't know what it would be like in the future. For now, at least, she didn't want to leave Mike at all.

Just at that moment, the sound of opening the door rang, and it was Mike who came back.

## **My 18-Year-Old Wife - Chapter 71 He has a high social status**

Helen Liu hurriedly exited the news interface, pretending she knew nothing about it. She stood up to welcome Mike Yue.

"Mike, how come you are back so soon? You've finished the work in the company?" Helen asked nervously.

Mike was nervous as well, afraid that Helen might have heard of the death of Peter Liu when she was out shopping, as everyone out there was talking about it.

"Eh, yes. Work is almost done and I don't want to spend too much time in the company." Mike smiled, "I remember you used to love raising plants on the balcony; you said you desire a peaceful life, and that if you had a chance to live in a villa on day, you would plant various flowers and plants in your garden. What a coincidence that my garden is just bare with no one taking care of it! I bought some saplings and flower seeds. Shall we go and plant them in my garden?"

Hearing this, Helen said merrily, "Great! I love planting! With such a big garden, we can plant all day!"

As they went to the garden, Helen saw more than twenty saplings, dozens of kinds of flower seeds and countless rose seedlings.

"Oh dear! So many!" Helen sighed in surprise and covered her mouth.

It would take more than two days to plant all these!

Mike smiled, "Just to help you fulfill your dream, isn't it good?"

Right after he finished the words, both of them were dumbfounded, realizing that Helen might never have a chance to see the flowers blossom as she was about to leave soon in a few days.

Thinking of this, both of them got mixed feelings in their hearts. Helen smiled and said, "Sure! I am free these days anyway; let's get started!"

Then the two got busy planting in the garden. Everything was like what it used to be, warm and in harmony. Neither of them mentioned Peter's death.

...

Meanwhile at the Liu Family...

Everyone in the Liu Family panicked. No one could have thought their old master Peter got murdered right after his birthday.

They didn't know about it until Peter's nanny called, saying the old master had disappeared.

Chengfeng Liu and the others searched everywhere in town but found no shadow of him, then they called the police. Not long after they called the police, an anonymous package was delivered to the station, with a U-key, inside which there was the video of the two brothers of the Chen Family murdering Peter.

No matter how much they hated the old man, they couldn't bare to see their own father/grandfather murdered. They did feel great pains and wallowed in grief.

With clear evidence, the two murderers were soon caught. The Liu Family didn't have Peter's dead body checked and just brought it home.

On Peter's funeral, every relative of the Liu Family came to say last goodbye to him.

Xiaohui Yu and Ben Liu called Helen many times but couldn't get through. Ben was unhappy about it. No matter how badly the old man had treated Helen, she should have still attended the funeral.

So he called Mike, only to find that Mike's phone was off, too.

It's no using worrying, and they didn't know where he lived, so they went ahead with the funeral.

Inside the mourning hall, everyone was crying sadly. It was indeed sad. Peter was still alive yesterday but at the moment he's a cold corpse lying in the coffin. What's more miserable, Peter got murdered in a cruel way, which was too much for them to take.

"Dad! Why did you have to leave like this! Those two guys are too brutal!" Lisa Liu was already in tears.

Her nephews and nieces all came to comfort her.

Standing by the entrance of the mourning hall, Ben looked at Peter's picture and felt sad.

He was regretful for arguing with the old man the day before. The most painful thing in life was there's never a chance to say goodbye.

"Dad, the murderers have been caught already. Rest in peace!"

Ben wiped his tears and sighed.

As the oldest son of the Liu Family, Chengfeng was kneeling beside the coffin, burning some paper money for Peter to spend when Peter reached heaven. He looked depressed.

"Dad, a policeman is asking for you outside." Joe Liu came in and said.

With the help of Joe, Chengfeng stood up, shaking. They went outside of the mourning hall to meet the policeman.

He was the same policeman that went to meet Mike.

"Let me introduce myself. I am Hailong Wang. I am in charge of Peter's case." The old policeman said.

"What else can we do for you? Now that you have caught the murderers, please make sure they get what they deserve. Treating an old man like this, how brutal they are!" Chengfeng said in anger.

Hailong nodded and said, "Don't worry, laws won't let them get away with murder. But as the relatives of the victim, you have every right to

know something else. There's actually another man getting involved in this. We can also say, this person hired the two to kill your old man."

On hearing this, Chengfeng and Joe were shocked.

"Another man?" Joe felt surprised, "What did they do this for? There's nothing valuable in my grandfather's house and nothing was stolen. Why did they kill an old man?"

Hailong sighed, "We are looking into some details too but found nothing. That man was the one that took the video of the crime scene that night, which made him the third murderer. Though there's a suspect, we couldn't do anything to him because we don't have any evidence against him. What's more, that person has a rather high social status in Chuzhou City, so we wouldn't go disturb him so abruptly."

Hearing his words, Chengfeng and Joe looked at each other in puzzlement.

"Who do you suspect?"

Hailong hesitated for a long time and still didn't tell that person's name. He shook his head and frowned, "I can't say. I am not allowed to say anything since we don't have any evidence. But I can give you a hint. The two murderers Lei Chen and Xiangrong Chen used to be the directors of Fengxing Group. But they got dismissed by the boss for stealing the company's money."

Hailong finished his words and left in a hurry.

Chengfeng and Joe were already feeling annoyed.

"Dad, could it be...Mike?" Joe looked at his father and asked in a shivering voice.

Chengfeng rubbed his face then patted Joe's shoulders, "Do not tell this matter to anyone else, including your uncles and aunts. Whoever this person might be, Mike or someone else, we absolutely couldn't mess with him. According to Hailong, this person has a very high social status in Chuzhou City. They didn't even dare to disturb him. Didn't you hear that? Joe, we are just an ordinary family; we couldn't afford to mess with such person. After all, the old man was in bad health, and he was old enough to...Let's just accept it."

Joe had mixed feelings after hearing it. At last, he sighed heavily and nodded, "Alright, got it."

## **My 18-Year-Old Wife - Chapter 72 Go to Yuting's home**

After dinner, Mike Yue and Helen Liu seemed to be obsessed with planting flowers and trees, which was a special kind of physical work. After cleaning up the kitchen, they went to the garden to continue planting flowers.

But not for long, his phone rang. It was from Yuting Chen.

He hadn't contacted Yuting recently. He just was intimate with her the other day. Mike also felt a little guilty to Yuting.

"Is there something wrong in the company? Go and answer the phone." Helen saw that Mike frowned and hesitated. She thought he didn't want to be bothered by other things as he was with her. So she urged him to answer the phone.

Mike smiled awkwardly and nodded. Then he walked into the living room and went to a small room to answer the phone.

"Yuting..." After the phone got through, Mike felt a little guilty.

"Mike, where are you?"

Yuting's voice sounded a little weak, accompanied by a cough.

Hearing that, Mike asked with concern, "I'm at home. What's wrong with you? Are you sick? "

"I miss you. I'll come to see you." Yuting said sweetly.

Hearing this, Mike's hand holding the phone suddenly trembled. "No, you are sick. Be good, stay at home." Of course, Mike couldn't let her come over, "well, I'll come to see you and take you to hospital. Wait for me at home. OK?"

Yuting said obediently, "okay. I'll wait for you at home." Then she hung up the phone.

Mike, was stunned in the room for a long time and felt a little tired.

Helen was always in his heart, but he was infatuated with Yuting Chen. He wanted to end his relationship with Helen and only be with Yuting.

But facing Helen, he couldn't say anything cruel, nor did he want Helen Liu to leave here.

Mike felt that he was a thorough pest.

With a sigh, Mike walked into the yard said to Helen with embarrassment. "Helen, I'm sorry, something happened to a senior executive in company. I have to go there to have a look. I may not come back tonight."

Helen was stunned. She didn't want to Mike to leave, but she couldn't stop him. So she nodded and smiled, "Go ahead. You're the boss. It's your duty."

Mike nodded and told Helen Liu to go to bed early. Then he went to the garage and drove to Yuting's home.

.....

Last time when they came out of the hotel, Mike sent Yuting to her residential area. Yuting had also told Mike the exact address of her home, so Mike knew where Yuting lived.

This community was not high-end, but not bad, which also matched Yuting's income.

"Bang! Bang! Bang! "

Mike arrived at Yuting's house and knocked on the door in a hurry.

As soon as he finished knocking, the door opened. Yuting was wearing a spaghetti strap, short pajamas and pink slippers. She seemed to have been waiting for Mike at the door.

"Why are you still wearing such thin clothes when you are sick? I'll take you to ... "

Before Mike finished his words, she threw herself at him. She put her arms around the neck of Mike and wrapped her legs around Mike, holding Mike tightly like an octopus.

"I miss you!" She whispered in Mike's ear.

"I miss you too." Mike patted her smooth back and said, "go change your clothes. When did you get sick? You should call me earlier."

Yuting pouted, "I'm fine. If I don't tell you that I'm sick, will you come?"

Hearing this, Mike was taken aback and said crossly, "Are you not sick? You are so naughty. I thought you were seriously ill. I was so worried and even drove at seventy miles an hour. If I had a car accident, you would be the one to blame."

Seeing that Mike cared about her so much, Yuting was moved again in her heart and said coquettishly, "I'll make it up to you."

Her words gave Mike excited instantly. Before he regained his composure, Yuting kissed him on the lips.

Mike held Yuting tightly. But in a moment he pushed her away rationally and said, "Don't be like this. Isn't your cousin at your home? It's not good to be seen by her."

Mike remembered that last time when Yuting got drunk in his house, he asked Yuting if she wanted to come back home or to the hotel. Yuting said that she had a cousin at home. Afraid of being misunderstood, she asked Mike to send her to the hotel.

"She has been her home for a long time!" Yuting said coquettishly and got close again.

Mike's heart raced. After a while, he pushed her away, took a deep breath and said, "Oh, You get me so hot..."

Before he could finish his words, Yuting put her arms around the neck of Mike again.

At this moment, he burst into flames. He was like a wild beast out of control, tearing her spaghetti strap apart.

Only then did he realize that they were still standing at the door and the door was not closed.

So he closed the door immediately. Then he rushed into the bedroom with Yuting in his arms and slammed the door shut.

They enjoyed a wonderful night again.

At one or two o'clock in the morning, Yuting was lying in the arms of Mike, her face flushed.

"Mike, what are you thinking about?" Yuting asked weakly.

"Nothing. I'm just too tired recently," replied Mike.

Hearing this, Yuting kept silent for a few seconds and said, "I don't want to be apart from you. I move to my home, or I can move to yours."

Mike had a guilty conscience. When he heard what Yuting said, he became nervous again.

He tried to hide his panic and said, "Hmm, my relatives come to my house recently. They will stay there for a period of time. They are all men. It's not convenient."

To be honest, this lie was a little flimsy.

Of course, Yuting knew who lived in Mike's house. She turned to look at Mike and said seriously, "Are there another girl, right?"

Hearing this, Mike was stunned and his heart thudded.

## **My 18-Year-Old Wife - Chapter 73 I don't wanna leave you!**

The unexpected question raised by Yuting Chen, whether she did it intentionally or not, sent Mike Yue's nerves right through the roof as he was afraid of being found out that he was contacting Helen Liu without Yuting's knowledge.

"Ha ha!"

Suddenly Yuting laughed out loud and joked.

"I know you're faithful to me. I'm not worrying. You won't cheat on me, will you? Did you hide a beauty at home? Helen Liu?"

Mike felt relieved upon hearing her words at first, but suddenly was frightened again by Yuting's last question and held his breath.

Mike was afraid of being found out because he was really guilty. And that was exactly why he felt so nervous. What's more, everything Yuting just said were true, Mike did cheat on her, and the woman he was hiding in his house was exactly Helen Liu.

"Don't talk nonsense!" Mike said absent-mindedly, "I did hide a beauty, that is you."

They had been much closer and developed into a couple.

Hearing this, Yuting showed a wry smile and asked.

"You choose to be with me. Is it only for excitement? Or you like me from the heart?"

This question didn't make Mike nervous, but put him on the spot, he didn't know how to answer that.

Was it for the excitement? Helen was Mike's first love, but in the past two years of their marriage, they hadn't even slept in the same room, let alone have sex. Being with Yuting, Mike realized the excitement of having sex and gradually was attracted by her enthusiasm.

Was it because he liked Yuting? Mike wasn't sure, but in his eyes, Yuting was a nice and considerate girl. And he didn't resist the feeling of being with her. Maybe he liked her, but not as much as he liked Helen.

Thankfully, Mike was not stupid and knew that he could not hesitate while answering her question, so he said decisively.

"Of course it is because I love you, you shouldn't fill your head with nonsense. If you are feeling insecure, I'll spend more time with you when the current rush is over."

Whether Mike was speaking this sincerely or was just lying, Yuting believed it and took it seriously.

"It's a deal!"

She smiled sweetly, closed her eyes in contentment, and laid down in Mike's arms, falling asleep.

.....

Another three days passed by.

This morning, Mike woke up earlier than Helen, so he went to the kitchen to make breakfast.

But when he was about to go to wake up Helen, he found her standing in the living room with a small suitcase.

Mike was stunned and asked hurriedly.

"Are you leaving?"

Helen's eyes were red, it seemed like she had just finished crying. But she managed to force a smile and said to Mike.

"Yes, I've been troubling you here for so many days, I should be leaving."

At that moment, Mike suddenly felt a huge loss, as if he had lost something very important.

Mike was reluctant to let her go. The feeling of loss overwhelmed him, he could hardly breathe. However, his current relationship with Helen no longer allowed him to say anything to ask her to stay.

He could only smile stiffly, shaking his head mechanically.

"Never mind. You still have to go back to manage the company, it's time for you to go back."

Helen, who was also unwilling to leave Mike, forcing herself to pretend calm and said sincerely to Mike.

"Thank you, Mike. Thank you for taking me away recklessly, thank you for giving me help when I was at my most helpless. I will always remember how good you are to me, and if I can, I hope we can still be friends, I want to see you find your own happiness."

Mike, holding back his tears, masked his sadness with laugh.

"You too, we all deserve happiness. But you can have breakfast before you go, I've already made breakfast for two persons, I can't eat them both."

They returned to the dining room and started eating.

But no matter how good Mike's cooking skills were, this breakfast between them was meant to be silent.

The entire dining room was filled with an indescribable sadness.

Helen knew she couldn't stay here any longer, and Mike also knew he couldn't persuade her to stay.

Both of them were eating very slowly, perhaps it was because they wanted to stay with each other for a little longer, even an hour or a minute was enough.

But everything must come an end. After finishing washing the dishes, Mike was about to send Helen away.

Arriving at the gate of the community, Helen asked him to go back.

"You can go back, Mike. I'll just take a taxi to the office by myself, you don't have to worry about me, I won't let people of the Liu family bully me anymore." Helen choked up.

No matter how hard she tried to hold back her tears, women were always emotional and more fragile. There were tears streaming down Helen's face, and she turned around, not wanting Mike to see her in tears.

Mike also turned his back to her and said with a trembling voice.

"Okay, I'll stop here."

"Be safe, take care of yourself now that everything has turned better."

Helen whispered gently, "H'm."

After hearing Helen's footsteps getting further and further away, At that moment, Mike felt that something very important in his life was disappearing. He knew that after Helen left, it would be difficult to see her again.

Even if he could see her once in a while, they would only treated each other as ordinary friend. After all, he was with Yuting now, and Helen would have new boyfriend in the future.

This was the second time in Mike's life that he felt pain and despair, he was too painful to breathe. The first time was when he learned that his grandfather Zhenting Yue was killed. Now was the second time.

"Helen..."

Mike couldn't help but call out Helen's name, and then he turned back spontaneously.

Then he was shocked on the spot, staring at Helen in disbelief. At this time, Helen had put down her suitcase and turned around before Mike, looking at him with tears in her eyes.

She rushed towards Mike recklessly, threw herself into his arms and cried out.

"I don't wanna leave you! What should I do?"

Hearing Helen's confession, Mike felt that he was brought back to life, he hugged Helen tightly and said in a choked voice.

"I feel the same!"

They were holding each other close as if nothing in the world could separate them.

.....

It was already two o'clock in the afternoon.

In the living room, Mike was sitting on the sofa. Helen's head was lying on his lap, she had been sleeping for a long time.

Mike didn't dare to move as he was afraid of waking Helen. He was very satisfied with the beautiful time. He knew that his relationship with Helen had been heating up again. They were now even closer than when they were still in marriage. They were now treating each other equally and respectfully. There were only mutual affection and caring for each other. Mike had never dreamed about it.

To be honest, Mike was very excited, but at the same time, he was also worrying. If he was still single, he would have remarried to Helen without

hesitation. But now, if he really chose Helen, what would happen to Yuting?

Mike finally understood the old saying 'you can't have your cake and eat it'.

He didn't have the guts to confess his affair with Yuting to Helen, but he didn't have the courage to break up with Yuting either.

"Should I keep hiding this forever...?"

Mike found it very nerve-wracking, he felt that if he continued thinking about it on his own, he might not be able to come up with a good solution for the rest of his life.

Thinking it over, he decided to tell Mark Duan about his distress, so that Mark could give him some advice.

## **My 18-Year-Old Wife - Chapter 74 Toxic friends**

Here in a pub.

An attractive woman was drinking while chatting. Her two pairs of silky legs attracted countless men's prying and admiration. One was secretly planning something, while the other was absent-minded worrying about a lot of things.

"Yuting, what are you thinking about? Why are you so absent-minded all night?"

"You've argued with your boyfriend, haven't you?"

Xinyi Cao couldn't help asking her on seeing her absent-mindedness.

"What?" asked Yuting after she had brought back to herself. She forged a smile and said, "Absolutely not. He has never quarreled with me; instead, he has been very nice to me."

Hearing this, Xinyi looked at her with a half-smile.

"It turned out that you're thinking about your boyfriend. I've told you to take him with you, but you refused for fear that I would lure him away."

"Aren't we good friends?"

Yuting shook her head and then smiled.

"He's been busy with business trips recently, so even for me, it's hard to see him once."

During their chatting, several men tried to chat up, but were all denied by Xinyi.

But for Xinyi, she would first look them up and down on the brands of their dressings and the car keys as well, through which she could thoroughly assess them. Of course, she would never respond to any lower-class people who chatted up.

If the person came from a well-off family, she was willing to exchange contact information so as to keep in touch with each other; but if he was a man with a branded watch and luxury car, she enjoyed intimate conversations with him, for example in WeChat.

After all, adequate preparations though she has made, she wasn't quite sure that she'd be able to attract an eminent fop like Mike Yue. Therefore, she had to find some alternatives.

"Hey, dude. You must have bought your Rolex watch from a street vendor. It's so crude."

"That's what you wear today to pick up girls?"

With her hands held to her mouth to muffle her smile, she said irreverently to the man who was trying to hook up with her.

That man was embarrassed to the utmost. he couldn't stand staying in the pub anymore and ran away awkwardly.

"Xinyi, you'd better stop playing around. You're mature enough to find a man to get married."

Yuting Knew very well that Xinyi wasn't the one content with her situation. She originally didn't like to comment too much on her private life, because after all it was her life, none of her business. But as her best girlfriend, she still hoped she could restrain her dissoluteness and find a man to get married.

"My dear. I'm still young. Don't you think it reasonable for a young girl to get a little crazy?" said Xinyi leisurely while she was tasting the wine.

"So, when do you plan to get married?" asked Yuting.

After a quick thought, Xinyi put on a look of fascination.

"That's a matter of luck. Recently, I've had a crush on a top-notch dude. If he takes a shine to me, then I'll marry him and promise to be his qualified wife."

As she spoke, the image of Mike came naturally to her mind, the one who is among the few in Capital City that can be claimed to be a top-notch dude.

"Is it true?" asked Yuting who was happy to hear what Xinyi had said. "That's wonderful! You have to try to improve yourself to be his qualified wife. Oh, what's his name then? He must be the master of a big family, isn't he?"

Xinyi daren't to speak out his name.

"Ah. We haven't been in a formal relationship yet. I will tell you once I have managed to be his girlfriend."

Yuting smiled and stopped asking her again.

But Xinyi asked suddenly, "By the way, have you been in touch with Helen recently? Is she at Mike's?"

Yuting felt unhappy and in a complicated mood to hear the name of Helen. She had hoped Helen could remarry Mike, but now she has already thought Helen as her rival in love. Even she knew that Helen was now at Mike's home, she was still unable to do anything, because after all, she was the latecomer.

"What? I don't know either, and maybe she was at Mike's home for she had been taken away by him at the wedding that day," answered Yuting who didn't want to talk about her again.

Xinyi felt a little uncomfortable when she heard this. Even before she began to chase Mike there had already been so many obstacles, among which the biggest one was Helen Liu. She's been wondering for two days on whether to send her the video of Yuting and Mike in a hotel.

But after deliberation, she finally dropped the idea, because Helen would ask Mike to remarry her once she knew he is the master of Yue Family. And what if she doesn't care about his playing around with different women and is still determined to remarry him? In this case, it would be of no use sending her the video at the cost of sacrifice Yuting.

After all, Yuting is her best girlfriend and must be put in a right place to take the full advantage of.

Xinyi didn't talk about Helen anymore.

She's been considering inviting Helen out for shopping so as to test her sincerity for Mike.

...

On the other side.

Mike ordered a luxury balcony in the bar, inviting Mark Duan for advice.

But what beyond his expectation was that Mark didn't give him the chance to speak to him alone. The time he arrived at the balcony, he ordered two top dancing girls and entertained and sang with them to his heart's content.

Mike knew it was his taste and even most men's. He is a promising young man but at the same time a playboy who changes girlfriends as often as Xinyi changes boyfriends.

Finally, Mike couldn't stand it anymore. He patted Mark on the thigh and said seriously.

"I have something to talk to you."

Hearing this, Mark paused for a while, then said to the two hot women, "Get out of here. I have to talk to my brother."

Knowing that Mark and Mike are all big shots, the two women obeyed. One of them kissed Mark Duan on the cheek and left.

Mike Yue felt goosebumps all over again and shook his head helplessly.

"Bro, what's the matter?" asked Mark with a smirk on his face.

Mike was suddenly embarrassed and didn't know how to speak to him.

Seeing this, Mark began to laugh.

"Look at your long face. What's wrong indeed? Haven't you led a happy life with Helen? What else are you worrying about then?"

It took a moment for Mike to organize his words, but he finally confessed what happened between him and Yuting and his troubles as well to Mark, which he didn't want anybody knew except Mark. Honestly speaking, he is the only one he trusts without doubt, because he is not only his dear brother but also his loyal follower. He will definitely keep it a secret as long as he orders.

"Ha! Ha!"

Before Mike could finish his words, Mark had already burst into laughter. He looked at him in surprise and asked in tease, "My brother, you've done a great job in pushing over your wife's best girlfriend."

"You haven't slept with Helen since you got married. I always thought there must be something wrong with your sex orientation. Ha! Ha!"

Mike felt embarrassed hearing what he had said and complained angrily.

"I'm so worried now. How could you be still in the mood to make fun of me?! I asked you out to give me some advice. What should I do now?"

## **My 18-Year-Old Wife - Chapter 75 Send the video to Helen**

"Let me say, what's the trouble?"

Mark looked at Mike with a meaningful smile and said,

"One is the person you've loved for so many years, your ex-wife, and the other is a gentle and intelligent woman who loves you very much. If this kind of good thing happens to other men, they will laugh even in their dreams."

Seeing Mark's careless manner, Mike immediately regretted telling him about it.

"Are you kidding?" said Mike angrily, "shall I marry two wives? Even if I want to do, they may agree with me! "

"Helen is alone now and needs to be cared for and protected. Her heart is fragile and can't be hurt any more. And Yuting, she gave me her

virginity, she put all her feelings into me, and I don't want to hurt her, either ! "

After hearing that, Mark looked strangely at Mike and began his sermon,

"Hey man, how can you be as naive and ridiculous as a child? We are all adults. Do you see which successful man doesn't raise a third or a fourth lover outside? Isn't it normal that we're all adults, everyone taking what we need? "

"Take me for example. I've changed so many girlfriends, and I haven't seen those girls who want to die or commit suicide. You just have to be nice to them when you're with them. As for the result, why do you worry so much about it? "

"Look at the ancient emperors, princes and generals. Who didn't have many wives and concubines? Men are all like this, which are the animals that think in the lower body. If you feel tired of hiding it, you can confess to them. If they are willing to accept it, go ahead, if not, say goodbye."

"If you get tough, they may cry and beg you not to go. You are Tianxiong Yue's son. Why can't Tianxiong's son have two women at the same time? "

On hearing that, Mike frowned slightly and began to ponder.

He asked,

"You mean I just marry both of them and take both of them home? "

Mark sighed and said,

"Hey man, you are like an old fox in other aspects. How can you be a fool in love?"

"I mean, these little things are not for you to worry about. In such a small place as Chuzhou City, those so-called the second-generation rich change their girlfriends more often than shoes. "

"A man should indulge himself. Maybe you will have more girlfriends in the future. You are the eldest son in law of Yue family, and you will inherit the family business in the future. Even if you have a dozen wives at home, no one will think it strange. "

"Besides, aren't Helen and Yuting good friends? They're family! How nice to take them all home and serve you together!"

Mark finished with a smile.

Mike thought he's talking nonsense. He thought he shouldn't talk about love with an animal like man like Mark.

"Damn it! You're too much of a jerk!"

"Get out of here!"

Mike took up his glass and drank it down, then left.

"Why are you so impatient?" Mark was stunned and said to himself, "am I wrong?"

...

This afternoon, Helen was studying a new recipe at home.

In recent days, she has almost become a full-time wife, quite different from her before. She seemed to have figured out a lot of things. She wanted to be a good wife wholeheartedly and make up for all the bad things she did to Mike.

During this period, she went back to her own company twice and ordered Xiaoling Cai to do something. She directly promoted Xiaoling to be the director of the company and asked her to help look after the company.

Helen would eventually come back and continue to run the company, but she still wanted to increase her relationship with Mike and get married again. After their relationship was completely stabilized, she would come back to work.

At this time, she was preparing to go out to buy vegetables when she suddenly received a call from Xinyi Cao, who asked her to go shopping.

Helen didn't refuse either. After all, she was a bit bored when Mike was not at home, and she could buy vegetables by the way when shopping.

Xinyi was very enthusiastic and asked where Helen was. She would come first. Without much thought, Helen told Xinyi the address of Mike's house.

When Xinyi came and saw Helen come out of the top villa in Chuzhou City, she was completely stunned.

"This... This is Mike's home... "

Xinyi could not hide her surprise. She was so surprised that she took a breath of cold air. Several of her previous boyfriends were the second-generation rich, young masters of rich families and sons of nouveau

riche. But now Xinyi found out that her ex-boyfriends were just nonentity compared to Mike.

Is that rich? No!

What is rich? This is rich! This is the real life of the second-generation rich!

Xinyi, who had always despised the poor and curried favour with the rich, suddenly felt the inferiority for the first time. In front of this villa, she suddenly felt that she was also a nonentity.

She has already fantasized in her heart that she must change her temperament and make herself like a young lady of note, so that she could be worthy of the identity of young mistress of the Yue family.

She had already imagined that she was admired by everyone after she became young mistress of the Yue family. She did not know that Helen had come to her.

"Xinyi!"

Helen greeted her with a smile.

Xinyi came back to her senses and chatted with Helen warmly. There were always endless topics between women, and both of them were Yuting's best friends, so naturally they had a better time.

They spent a whole afternoon in shopping malls, buying here and there. Helen paid almost all of them.

Of course, the pocket money was given to her by Mike. It was only the pocket money that was worth several years' salary of Helen. Of course,

Helen didn't ask for it from Mike. But Mike offered it to her. It's not easy for them to make up. Naturally, Mike doted on her like a baby.

Seeing that Helen had been paying, Xinyi was jealous.

Sure enough, this was the treatment of the young mistress of the Yue family, she couldn't wait to sit in that position!

"Helen, Mike... What is his identity? "

After a stroll for an afternoon, they went to a coffee shop to have a rest. Finally, Xinyi couldn't help but start to test Helen.

She needed to know whether Helen knew the real identity of Mike.

"Ah?" Helen was stunned, remembering what Mike said to her. Don't casually tell others his real identity.

Helen quickly perfunctorily said,

"Mike is the boss of Fengxing Group. You and Yuting were also at the wedding ceremony that day. You all heard that."

After hearing that, Xinyi asked,

"How did he set up the Fengxing Group? Did his parents give him the money? "

"But I heard Yuting say that Mike's parents had already passed away."

Helen said with embarrassment,

"Yes, his parents passed away early. He was adopted by a rich man."

"So the Fengxing Group was founded by that rich man."

When Xinyi heard the answers, "Oh," she asked no more questions.

It seemed that Helen didn't seem to know that Mike was from the Yue family in Capital City. Of course, it's also possible that Helen knew, but Mike told her not tell anyone else.

If Helen didn't know, the effect of the video would be much better. But if Helen knew the real identity of Mike, after receiving the video, the chance of them breaking up would be only 50%.

But whether Helen knew it or not, Xinyi would send out the video and take a chance.

She had planned to plan again, but when she thought of the mansion where Helen and Mike lived, she couldn't calm down.

Xinyi excuse said to go to the washroom, and in the washroom, she took out another mobile phone from the bag. Then she input the number of Helen and send the video that Mike sent Yuting to the hotel without hesitation.

At this moment, her mood was a little bit uneasy, just like the mood of waiting for the lottery to open.

But she had a 50 percent chance of winning the lottery.

"Yuting, I'm sorry..."

Xinyi's mouth rose slightly, put away the mobile phone, and then walked out of the washroom.

# **My 18-Year-Old Wife - Chapter 76 Collapsed Helen**

When Xinyi went to the washroom, Helen took out her mobile phone to call Mike to ask him what he was doing.

Ever since she made up with Mike completely, even if he was not with her for only two or three hours, she would call to listen to his voice.

Maybe because they have just made up, and the relationship between them has gone beyond the time when they were together before, so their present state, just like the lovers who just fell in love, full of sweetness and greasiness.

Just found out the number of Mike, and before she could dial out, Helen suddenly received a strange text message. She subconsciously clicked in, only to see the message contains a video content.

To her dismay, the cover of the video was a car, which was the Bentley that Mike usually drove. Helen didn't think much about it, so she just opened the video.

The video began to play. She took a closer look and it was really Mike's car. And the next second, Mike got out of the car. Soon, he pulled another door and helped a woman down.

Seeing the woman's appearance, Helen's face changed wildly. The woman assisted by Mike was her best friend Yuting, and his car was parked at the door of a hotel. The next scene, of course, was that Mike walked into the hotel with drunk Yuting.

The time of the video was very short, and that's the end of the content.

After watching the video, Helen was stunned at the scene, her brain was blank, and even her breathing was stagnant. When normal people saw this kind of video, subconsciously they would think that the men and women in the video were going to have sex, and Helen was no exception.

And she didn't expect that the woman who had an affair with Mike was her best friend Yuting.

For a moment, anger and pain, as well as heartache, surged into her heart. Helen was shaking, and she felt that Mike was hiding something else from her. She suddenly remembered that she had been forced by the Liu family to marry Haoyang Li. When they were monitoring her, she sent a message to Yuting for help.

But Yuting has not answered her message, at the night before the wedding, she also secretly called Yuting, but the phone also indicated that Yuting has shut down. Later, Yuting explained that it was because the mobile phone was broken. Now it seemed that it may not be what she said at all. Yuting was lying! Yuting was lying to her!

Maybe when she sent a text message for help, Yuting was already with Mike. Yuting was afraid that she would be reunited with Mike, so she deliberately did not return the text messages or show them to Mike.

At the thought of this, Helen couldn't help but think about it and was afraid. She shuddered, and her tears fell on the screen of her mobile phone. When she thought of Mike's taking care of her and showing her true feelings, she couldn't believe that he had an affair with Yuting.

She calmed down her mood, and her subconscious could not believe it was true, even though Yuting had many suspicious things.

She felt that she had to find out whether the content in the video was true. In case Yuting was drunk, Mike just sent Yuting to the hotel?

Helen lighted up her phone screen again and replied to the phone number that sent the video.

"Who are you? How did you get this video? "

After texting, Helen waited anxiously, but only a few seconds later she was impatient. She couldn't wait to question the person who sent her the video, so she called the number directly.

But after dialing out, she found that the number had been turned off, and it was impossible for that person to reply to her. Moreover, that person turned off the phone after sending a text message. Obviously, he/she didn't want Helen to contact him/her.

At this time, Xinyi has already walked out of the washroom. Seeing the tears on her face and shaking all over her body, Xinyi sneered and hurriedly came over and asked in a changeable tone,

"What's the matter, Helen? Why are you crying?"

Xinyi's voice suddenly rang in her ear, which immediately scared Helen and dropped her mobile phone on the table. Xinyi was quick at the moment when Helen wanted to get her mobile phone back. She turned to the video.

"Don't look! I beg you not to look! "

Helen burst into tears. However, she had to suppress her crying in public.

But it was originally Xinyi's conspiracy. It didn't matter whether she saw it or not, but she still finished watching the video. Even more shocked than Helen, she took a breath and looked at the screen of her mobile phone and looked at her again.

"Helen, what... What's going on? Yuting and Mike... they... "

Helen covered her mouth with her hand and kept shaking her head in spite of her crying,

"I don't know. I don't know what this is about."

"Suddenly someone sent me this video. Why is it like this? It's not true!"

Helen's mood was almost on the verge of collapse. She had no defense against Xinyi. Now she even took Xinyi as the object of her talk.

Xinyi said to herself,

"No wonder Yuting told me she had a boyfriend, but I asked her to introduce him to me. She has been perfunctory to me, looking for all kinds of reasons and excuses."

Hearing this, Helen felt even more uncomfortable. Her voice trembled,

"I can't wrong either of them until the matter is found out. I must find out whether it is true or not."

Xinyi said in a more embellished way,

"With video as evidence, it should not be fake."

Without further comment, Helen ran out of the cafe. Xinyi followed her closely. After Helen got out of the cafe, she stood on the street and called Mike.

She tried to calm herself down as if nothing had happened. The phone rang for a long time before Mike answered the phone.

"Helen, what's wrong, miss me again?" On the other side of the phone, there was a gentle laugh from Mike.

Before seeing the video, Helen would have a few love words with Mike. But now, she suddenly felt that Mike was hypocritical.

She tried to endure the pain in her heart and said with a smile,

"Yes, I miss you again. Where are you now?"

"I'm in the company, didn't I tell you I'll be busy all day today," said Mike.

"Well, I just went shopping and bought some of your favorite desserts. I'll bring them to you. I have nothing to do anyway. After Sending it to you and I'll leave. I won't disturb your work."

On the other end of the phone, Mike was silent for two seconds and said with a smile,

"No, no, I don't want to trouble you to come."

"It's the same when I get home at night."

When Helen heard this, she felt more and more that Mike was not in the company at all, but was fooling around with Yuting, so he did not dare to let her go to the company.

"It's not troublesome." Helen frowned and said, "It's a freshly made dessert. It won't taste good when you come back in the evening."

Mike still refused to let her go. He said anxiously,

"Helen, I have an urgent meeting to hold. You'd better wait for me to come back in the evening."

"I should go to the conference room. I'll hang up first."

With that, Mike hung up the phone in a hurry, and then Helen dialed it again, and it was turned off.

For a moment, Helen was like falling into an ice cellar. She knew that it was very likely that the content in the video was true, and that Mike and Yuting have been together for a long time.

## **My 18-Year-Old Wife - Chapter 77 They are indeed together!**

"Helen, calm down! If the video is true, wouldn't it embarrass everyone if you go to see them now? "

Xinyi Cao was a little flustered. Seeing that Helen Liu insisted on looking for Yuting Chen and Mike Yue, she could do nothing to stop her.

As far as Xinyi knew, the video was about Mike sending Yuting who got drunk to hotel, and then Mike left the hotel. Therefore, Mike didn't sleep with Yuting.

Just now, Helen called Mike, and she thought that he was with Yuting. But Xinyi believed that Mike must be having a meeting in the company, because the content of the video was fake. How could he be with Yuting?

If Helen insisted on going there now, wouldn't she give a chance to Mike to make things clear? At that time, Yuting would definitely try her best to deny it. With Helen's character, she would definitely believe in Mike and Yuting. If so, wouldn't it be useless for her to send this video?

So she kept persuading Helen not to look for them, but Helen couldn't stop her when she was angry.

"Embarrass? When the two of them were together, have them ever thought that I, Helen, would be embarrassed?"

"They are just kidding and insulting me!" Helen cried and said excitedly.

"Mike is certainly not in the company now. He must be with Yuting. I have the key to Yuting's house. I must go there and have a look!"

As Helen spoke, she hailed a taxi. Xinyi knew that things were out of control. She couldn't help blaming herself for being too impatient. If she could make a good plan first, she wouldn't be unable to deal with such a small emergency.

So she had to follow Helen, hoping that things would go as she wished. After Helen got in the car, she quickly got in with Helen and arrived at Yuting's home.

Without knocking at the door, Helen took out the key of Yuting's house and opened the door.

After entering the house, it seemed that no one was at home. There were two pairs of slippers, a pair of lady's slippers and a pair of men's slippers.

Helen broke into the bedroom with a heavy heart and began to carefully look for the trace of Mike living with Yuting here.

Suddenly, she found several bags of imported snacks on the bedside table. Helen often saw that at Mike's home, which were the same as Mike's. Mike told her that these snacks were sent back by his sister Anya from abroad, and that couldn't be bought at home at all.

"They...They are indeed together! "

Helen burst into tears and collapsed on the ground.

Seeing this, Xinyi was confused. She hurried to hold Helen and asked, "What's wrong? What did you find?"

Helen pointed at the bags of snacks and sobbed, "Yuting never eats snacks. When she went shopping with me, she didn't even have a taste of cake and dessert. Because she said that eating these snacks would make her gain weight, and I have seen these snacks in Mike's house. He said that these snacks were not sold in China at all. How could Yuting have these snacks? "

Helen screamed and cried hysterically.

"What?"

Hearing this, Xinyi was completely confused.

Helen ran to the trash can again. She took out a leftover cake box and said excitedly, "Yuting doesn't eat cakes, and this is mango cake. She is allergic to mangoes, but Mike likes eating this the most!"

Xinyi was too stunned to say a word.

She just wanted to frame Mike and Yuting, but did she was really kicking it with him?

After Helen rummaged through the trash can and then ran to the wardrobe, which was full of Yuting's clothes and underwear. But there was a man's suit, which was very eye-catching.

Helen took out that suit and examined it carefully. Then she burst into laughter.

The laughter was like that of a person who was on the verge of breaking down, which scared Xinyi out of her wits and her voice trembled, "Helen, what else did you find?"

Helen smiled and then cried, "This suit is customized by a foreign designer. He has several suits. Only he has this style in the world. I recognize the logo on it!"

"They're really together, ha ha! They're really together! "

Helen cried and laughed like a lunatic.

Hearing this, Xinyi's face turned pale and looked at the whole room in disbelief.

She originally wanted to frame her, but she didn't expect that she made an unnecessary move.

The evidence showed that they were really together!

"Well.. This... " Xinyi was also shocked.

Helen sat on the ground and cried for a long time. Xinyi came over and comforted her, "Helen, calm down. What are you going to do next?"

Helen said dully, "I want to ask them face to face. I'll ask these two bastards why they did this to me! "

"I'll ask Yuting and Mike why they are so shameless!"

As her good friend, Yuting stole his man. As her man, Mike slept with her best friend. Thinking of this, Helen felt they were ridiculous, hypocritical and disgusting.

"But will they admit it? Besides, where are you going to find them now? Mike has turned off his phone. If you call Yuting now, she will definitely perceive something wrong." Said Xinyi.

Helen said, "I heard some noises on the phone when I called Mike."

"There is a park near Yuting's house. I remember that Yuting likes to go fishing there. I want to go there to have a look. They must be in that park!"

After saying that, Helen jumped up from the ground and stumbled out of Yuting's house.

Xinyi followed her, not knowing whether herself should be happy or worried.

For the current situation, With Helen's attitude, she would definitely break up with Mike.

However, even if Helen and Mike broke up, Yuting was with Mike. Xinyi guessed that Yuting also wanted to be Mrs. Yue, but Yuting was more resourceful than her. She had already hooked up with Mike.

Therefore, Yuting would definitely not break up with Mike, and Mike would definitely choose one of them two. In the end, she still had a rival in love! Besides, no matter which one Mike chose, she couldn't have the ability to deal with.

## **My 18-Year-Old Wife - Chapter 78 The inevitable thing**

"Mike, what's wrong with you? Are you absent-minded?"

Yuting Chen couldn't help but ask when she saw the look of Mike Yue.

Mike felt a little uneasy. Just now, Helen called him and insisted on sending him cakes to the company. He lied to Helen Liu and felt guilty, so he was very nervous when he lied on the phone just now.

He recalled that he was too flustered just now, fearing that Helen would find out something wrong. Besides, his eyelids kept twitching. He had a bad feeling that a disaster was coming.

"No, nothing. I was thinking about the business just now." Regaining his composure, Mike answered perfunctorily and took back the fishing rod in his hand.

"Yuting, it's time to leave. We have been fishing here for three hours, but we haven't caught any fish." Mike turned around and said to Yuting, who was also fishing.

Yuting took back the fishing rod unwillingly, pouted, "It rained heavily last night, and the current is too fast today. I wanted to cook fish for you, but it seems that I can't. "

Mike smiled and said, "Let's go fishing next time. If you want to cook fish for me, we can go to the water market and buy one."

The two of them packed up and left hand in hand.

"Mike, what else do you want to eat? I'll cook for tonight."

Yuting held the arm of Mike and leaned on his shoulder happily.

Mike smiled and said, "As long as it's cooked by you, it's all delicacies."

Hearing this, Yuting smiled and said, "You are so glib tongued."

At this time, the two of them walked to the bridge. Yuting acted like a spoiled child with Mike while chatting with him. The two of them looked sweet and happy.

On the other side of the bridge, Xinyi Cao accompanied the crazy Helen to look for Yuting and Mike.

From the moment Helen confirmed that Mike and Yuting had been together, the emotional entanglement among the three was destined to happen.

A bridge changed the fate of the two women.

When Yuting, Mike, Helen and Xinyi walked to the middle of the bridge at the same time, the other three were all stunned.

At that moment, Yuting and Mike froze with horror. Mike didn't expect that his bad feeling would come true so soon.

Xinyi looked at the two people who were holding hands in disbelief. She had never expected that the boyfriend Yuting had told her was Mike.

Helen, was only stunned for two seconds. Her expression changed again and again in a short time, and finally she sneered.

She walked towards Mike and Yuting with heavy steps.

For the first time in Gavin's life, Mike felt frightened and ashamed. As for Yuting, she took a step back subconsciously and called out the name of Helen trembly, "Helen..."

Helen walked over and slapped Yuting in the face, which made Yuting fall to the ground in panic.

Mike's face changed. He rushed up to stop Helen, "Helen, it's not what you think. You let me explain to you. "

Mike was like a child who had done something wrong and had no confidence in saying anything.

Helen laughed as horrible as before, which made Mike's hair stand on end. She sneered, "Okay, I'll listen to your explanation, your lies."

"Aren't you having a meeting in the company? Don't you say you love me? Why are you messing about with her?"

Helen was so excited that her face was distorted. Her eyes were red and tears were running down.

"I..." Mike opened his mouth. He wanted to explain it to Helen, but at this moment, he couldn't even say a word.

He had always thought that he was a man who was faithful to love, but now he realized that he was not. On the contrary, he was dating two women at the same time, fooling two women all the time.

He became the kind of person he hated most. He felt very guilty and could not face his own heart. He felt so guilty that he didn't even want to defend himself.

How to explain? Did he love Helen and Yuting at the same time?

"Helen, it's really not what you think."

At this time, Yuting stood up from the ground. Even if she was slapped by Helen, she didn't resent Helen. She deserved it. She owed Helen.

With clear fingerprints on her face, she explained while crying, "Mike is not the kind of person you think. He is really good. He loves you very much."

"It's my fault. I shouldn't like him. I shouldn't rob my best friend's man. It's my fault. Don't blame Mike!"

Seeing Yuting's reaction, Mike was stunned again. He looked at Yuting in disbelief.

Judging from Yuting's reaction and what she said just now, it was obvious that Helen had reconciled with him. Yuting might have known that he went to the wedding and took away Helen at the wedding.

Then why didn't Yuting quarrel with him? And even at this time, she was still on his side.

Mike felt extremely guilty. He didn't dare to think about how much Yuting loved him. She would rather take all the mistakes and blame herself.

"Ha ha!Hahaha! "

Hearing this, Helen lost control of her emotions again. Xinyi, who was standing next to her, was shocked. The development of the matter was completely beyond her control and expectation.

"You two love each other so much!" Helen pointed at Mike and Yuting, and looked at the two people she trusted most disappointedly. "Yuting, I take you as my best friend! My best friend!"

Yuting cried and said, "I know. I know it's all my fault. I let you down."

Seeing that Helen was out of control, Mike explained, "Helen, calm down. Listen to me."

"I'm sorry. I did something wrong, but it's not as dirty as you think. It's not Yuting's fault. I got drunk that day. When I was with Yuting, I was... "

Before Mike finished his explanation, Helen got excited again, "I won't listen to you! I won't listen to you! You are all liars! You are all liars! "

Xinyi shivered with fear, but she was afraid that Helen would continue to fight with Yuting, so she hurried up to hug her and comforted her, "Helen, calm down, calm down."

"Now all the people involved are here. Let's have a talk. You can't solve the problem in this way."

Helen screamed out of control, which attracted a lot of onlookers. She pointed at Mike and Yuting, "I can't calm down!! can't calm down! "

"What do you want me to do? Have you considered my feelings?"

"Mike, there is no turning back for me. I have severed the relationship with my family. I see you as my only support. What do you want me to do now? You lead me off a cliff."

Mike looked at Helen with guilt. He was at a loss and his eyes turned red, "I'm sorry, Helen. I shouldn't hide it from you. It's not what I want to see."

Yuting couldn't help crying and complained to Helen, "When I was with Mike, you had divorced and you were with Haoyang at that time."

"Do you know how painful Mike was at that time? I don't want to see him so painful. I know I shouldn't hide it from you, but is it wrong for me to be with Mike? He has become my boyfriend at that time. You took him away again!"

"Helen, you are my closest friend, but Mike is also the man I love the most. Do you know that?"

Hearing this, Helen stepped back. She smiled wryly and said, "Yes, you are right. It's my fault, Helen's fault."

"I shouldn't live in this world. My family, even my parents, only treat me as a tool to make money."

"Now even my best friend is with the man I love the most. I should bless you two. I don't deserve the love of Mike! I don't!"

"I wish you happiness!"

She shouted at Yuting and Mike excitedly, and then suddenly ran to the bridge and did a move that shocked everyone on the bridge.

Helen acted so fast that no one could react.

She jumped off the bridge. Without hesitation, she climbed over the fence and fell into the river.

## **My 18-Year-Old Wife - Chapter 79 An Emergent Treatment**

Mike Yue was frozen with fear because of Helen Liu's behavior, which even stupefied all those bystanders.

"She jumped into the river! Hurry! Save her Quickly!"

Someone was yelling hysterically with hands holding the security fence.

"Helen!"

Mike's mind went blank as if he was struck by a hammer.

Without any hesitation, he instantly dived into the water where Helen jumped.

Those bystanders around had no reaction to come over, and then they were all frightened by Mike's jump.

"Mike!"

Yuting Chen's face turned to pale with fear, and she also unconsciously headed the location where Mike and Helen jumped.

This time those bystanders quickly grasped Yuting and pulled her back with Xinyi Cao.

"Yuting, don't be impulsive. You can't swim. You will die if you jump into the water."

Xinyi's heart was beating wildly. She has regretted to send the video to Helen. If Helen was drowned in the river, ethically speaking, she would be possibly responsible for it.

"Help! Call the police, hurry up! Yuting was so anxious that she cried and jumped with fear. She was afraid that Helen Liu would die because she jumped into the river, and she was even more afraid that something would happen to Mike.

If something happened to Mike and Helen, she wouldn't be alive.

Fortunately, these onlookers are also warm-hearted enough to hurriedly help Yuting call the police and phone 119.

"There is a boat on the river in the park, and there is someone patrolling every day, just to prevent people from falling into the water!"

"Let's go and tell the men on the boat to go and help them, and maybe we can save the two young people!"

The elder man who has been playing in the park all year round suddenly reacted and hurriedly called everyone to go off the bridge to inform the worker on the patrol boat. Hearing that, Yuting and Xinyi also quickly followed up.

The river below connected to the moat of Chuzhou City, and much of it was enclosed. The waters where people can fish were in the shallow end, and the bridge was right under the deep water. Because of the heavy rain last night, the current in the river was very swift. Yuting got cold feet at the thought of it.

The waves were getting smaller and smaller, and no one's head floated out of the water. But the ripples did not stop, indicating that the underwater person has not died, and was still struggling.

Indeed, Mike was moving under water not to struggle out of the water, but to find Helen, because he could swim, and swimming is the compulsory course for the Family Yue. In order to stop being killed and thrown into the water, every member of Family Yue ought to learn to swim and many other skills.

The grandfather of Mike attached more attention on Mike when Mike was very young. He attached him by a rope and threw him into the sea so as to train him to survive the water.

At this moment, Mike has found Helen, but the river was rushing. When he hugged Helen and tried to lift her up the water, he was getting exhausted.

He pulled Helen to the bank so that she can be saved. But the river was so wide that Mike was exhausted when he swam 2 meters far.

He knew the big difference between the one who can swim and can't swim. Not all who can swim could successfully save the one who was drowning. And the one who was to save people was more likely to die together with the drowning one. This kind of accident was very frequent. And many were also reported.

Because the one who was drowning felt someone come to save him, he would try his best to grasp the saver. And once he was grasped by the drowning one, the saver was also likely to die. Both would sink to the bottom.

Under the rushing river, Helen was driven by her instinct of survival to slap the water constantly, which splashed on Mike's face. He has turned purple and couldn't breathe at all. He was about to emerge from the surface to take a breath when he was dragged into the water.

Mike thought that he was likely to die. If he could swim ashore, Helen would also die.

He was very ashamed that what he did forced Helen to commit suicide by jumping into water. If he had handled the relationship among the three people, this tragedy wouldn't have happened.

"Helen, I'm sorry."

Mike spared no effort to break the surface of the water and said the last several words. And then he gradually sank down the water.

Helen heard the words before she got confusion of consciousness.

However Mike was getting consciously confused, but before he was sinking under the water, he also heard the yell from someone.

“Hurry up! They are over there! Over there!”

The voice was getting close, and Mike couldn't hear it clearly and became unconscious.

...

An ambulance drove to the hospital and stopped at the gate.

As the door of the car opened, Unconscious Helen and Mike were sent to the emergency room.

Yuting was overwhelmed by sadness, and she with Xinyi followed the medical workers to the door of the emergency room, but they were stopped in.

“Sorry, you can't go in there, and please wait outside with patience.”

After that, the doctor walked in and closed the door.

At this moment, Yuting collapsed on the ground and couldn't help crying.

Xinyi was also frightened to cry. When Mike and Helen were saved, Helen was lucky to be alive still with a little consciousness, while Mike has completely lost his consciousness.

The last voice Mike heard was from the one on the patrol boat.

Helen was always lifted by Mike so she sank much slower. She was saved at first, so she was still alive with some consciousness.

However, when the worker on the boat went to save Mike, there was a few minutes delay, and together with the obstacle of rushing river, the workers spent about 20 second searching under water for Mike, and pulled him out.

"Yuting, don't be worry. Mike will be fine. He must be fine."

Xinyin hugged heartbroken Yuting, comforted her with trembling voice.

Soon, Xiaohui Yu and Ben liu, together with Chengfeng Liu and Joe rushed to the hospital after getting this bad news.

A friend of Xinyi was a worker of Fengxing Group, so Xinyi also told her to inform Mark Duan of the bad news. So after they arrived, Mark immediately reached the hospital.

Seeing the red light on, Xiaohui was frightened to sit on the ground and burst out crying.

"Helen. What's wrong with her? My only daughter, anything can't go wrong with you!"

Ben was also so worried that he was afraid to be told there would be something wrong with Helen.

Mark and Verse Han's mind also went blank. If there was something wrong with Mike, what should they tell to the Family Yue, to Tianxiong Yue?

When they received the news, their legs became so weak that they could hardly move.

“What exactly happened? What’s wrong with our Helen? Didn’t she be with Mike? Xiaohui was so anxious that she couldn’t wait to ask Yuting.

Yuting curled up in the corner, trembling with a pity look. Xinyi wanted to pull back Xiaohui, but she was so thin that she had no enough strength to pull up middle-aged Xiaohui with increasing weight.

Seeing this scene, Mark couldn’t bear it. He walked up to them and shouted with fury.

“Enough! Don’t force her. She has been so bad right now.”

“This is the emergency room. If you want your daughter to be safe and sound, shut up now!”

Xiaohui was afraid of Mark, so she stopped talking and didn’t question Yuting anymore.

Mark knew things about Yuting and Mike. Seeing Yuting’s condition at present, he patted on her shoulder to comfort her.

“Don’t be worried too much. My big brother will be ok with God blessing.”

Although he said this, he was still not sure. Both Verse and he didn’t know what happened to Mike. Ben also didn’t know why Helen was sent to the emergency room.

All people waited for more than an hour, and finally the door opened, and a doctor went out.

“Who is the family member of Helen Liu?” He asked?

Xiaohui and Ben rushed to the doctor and asked with a trembling voice.

"We are the families of Helen! How is Helen going now? Will she be fine, doctor?"

The doctor nodded and said.

"Just take it easy. The patient has been out of danger. There is a little water left in her lung and she has been infected and frightened a little, so she still hasn't woken up until tomorrow."

Hearing this, Xiaohui and Ben felt relieved finally.

"Doctor, what about Mike? What's going on with Mike?"

Mark and Verse asked with much anxiety.

This time the doctor changed his tone and sighed.

"Mike's heart has recovered to work, but his lung was severely infected and he was drowning in the water too long with little Oxygen in his mind, so he hasn't come to life.

"You should have mental preparation that he will be likely to be in a vegetable state and possibly never wake up."

Hearing this, Mark, Verse and Yuting were all shocked as if they were hit by a thunder.

Mark and Yuting even directly collapsed on the ground.

## **My 18-Year-Old Wife - Chapter 80 Mike might never come out of the coma**

After doctors rescued her, Helen Liu was finally out of danger, but she hadn't wake up yet due to her weakness.

Mike, on the other hand, was in much more critical condition than Helen. Doctors said he had been drowning for too long and had a severe lung infection. His brain suffered from oxygen deprivation, so he might never come out of the coma.

He was now under observation for another forty-eight hours. If he didn't make it through the forty-eight hours, it was possible that he would probably never wake up.

It was nighttime. Mark Duan, Verse Han, Yuting Chen and Xinyi Cao were all standing outside the ICU.

Mark's mind was blank now. If Mike died or was in a vegetative state, he didn't know how to tell this to Mike's father, Tianxiong Yue. After all, Mike was Tianxiong's only son. Mark didn't even dare to tell them about Mike's coma in the hospital.

Yuting was in pain. She loved Mike. She can even tolerate him bringing home Helen. If Mike couldn't survive the 48 hours, she would die with him. If Mike fell into a persistent vegetative state, she would stay at the hospital and wait for him to wake up.

Xinyi was afraid. After all, she was the cause of today's tragedy. If she hadn't sent that video to Helen, Helen wouldn't have lost control of her emotions and wouldn't have jumped into the river. She was filled with guilt.

Now she was also afraid that Mike really wouldn't wake up, and then her dream of becoming Mike's wife would be dashed.

"Mike, you have to wake up. I didn't think Helen would jump into the river after watching the video either." Xinyi thought and sighed.

Verse Han, who was standing next to Mark, was also very sad. She didn't know about Mike and Yuting's affair, but she knew that Mike had brought Helen home, so she hadn't contacted Mike during this period of time. She was ready to give up this hopeless crush.

She came to Chuzhou City for Mike two years ago, but Mike didn't fall in love with her even after he divorced Helen. Now that he was with Helen again. She can't continue to have a crush on him. Even if she liked Mike so much, she had to move on.

She had been drinking a lot lately because of Mike. Now something bad had happened to Mike, she was really heartbroken.

"Miss Chen, please come out." Mark suddenly called out to Yuting and brought her to the first floor lobby.

Yuting had gradually calmed down, but she was also a little frightened after seeing Mike and Helen jump into the river.

Seeing Yuting trembling, Mark said softly, "You don't have to be worried. I just want to know what's going on with Mike and Helen."

"Mike has already told me about you and him." Mark continued.

Yuting was slightly surprised. She didn't dare to lie to Mark, so she told him everything that happened at the park today.

After hearing her words, Mark leaned on the back of the chair and frowned slightly, "Helen is too impulsive. She knew Mike would go to save her and she still did such a dangerous thing."

"Mike can swim. He must try to save Helen, so he become like this. He doesn't care about his own safety at all." Mark continued.

Yuting choked and her eyes turned red. "I'm sorry, it's all my fault. If it wasn't for me, Helen would be fine with Mike now. I shouldn't have interfered in their relationship."

Mark shook his head and sighed, "You don't need to blame yourself. It's not your fault. At that time, Helen had already divorced Mike, so you didn't ruin their relationship. In a way, it was Helen who interfered in your relationship with Mike."

"It's just that Mike likes Helen for many years. He doesn't handle his feelings for Helen well." Mark continued.

"Actually I was there the day when Mike came to Helen's wedding. I was afraid I'd lose him, so I didn't tell him that I was there. I also know Helen is staying at his house." said Yuting in a choked voice. "I really love him. I know I'm selfish."

Mark looked at Yuting with some surprise. He could tell that she really loved Mike.

Mark found something wrong after hearing Yuting's narrative. He said, "I have a question. You just said that Helen came straight to the park to find you. Don't you think it's a bit strange? She's just made up with Mike, so she can't have known Mike has another woman outside, right? She went straight to the park to find you guys as if she knew everything beforehand."

Yuting was also stunned. "Yeah, how could she know that Mike and I were at the park. And Xinyi was also with her." Yuting muttered to herself.

"Who is Xinyi?" Mark asked,

"She's my best friend. But I know that she and Helen don't know each other well. They only knew each other through me last month. At that time, Helen was still with Haoyang Li."

Mark suddenly felt even stranger and said, "Why did she come with Helen to find you?"

"Xinyi Cao knew that Helen was coming to see you. As your best friend, she should have sent you a text to remind you."

Yuting pulled out her phone to look at it, finding that she hadn't received any text messages or a call from Xinyi on her phone.

## **My 18-Year-Old Wife - Chapter 81**

### **Infatuated Verse Han**

Back upstairs, Mark Duan patted Verse Han on the shoulder and told her:

"Verse, let's go back first. Miss Chen is here to guard the elder brother tonight."

Verse Han was in a low mood and worried about Mike Yue. She didn't want to go back. She shook her head and didn't even want to say anything.

"Go back, I'll send you back. Everyone takes turns to guard, and I don't know when my elder brother will wake up. We can't all be here, right? Who will replace us when that happens?"

Mark Duan knows that verse Han is upset, but there is no need for everyone to stay here all the time. People need to sleep and rest.

Verse Han thought for a while, and finally left with Mark Duan.

At this time, only Yuting Chen and Xinyi Cao were left outside the ICU ward.

Yuting has been observing Xinyi. The words analyzed by Mark Duan downstairs just now made Yuting also suspicious of Xinyi.

But she couldn't figure out why Xinyi knew that she and Mike Yue were already together. She remembered that she had never disclosed her relationship with Mike Yue in front of Xinyi.

Even if Xinyi already knew it, she, as her best friend, should know to keep secrets for herself, especially not to tell Helen Liu. Why did Xinyi get together with Helen Liu today?

Yuting wants to question Xinyi, but Mark Duan has warned her not to ask Xinyi casually. If Xinyi has really said something, she won't admit anything even if she is asked.

Mark Duan said: "you pretended that you didn't know anything now, and when Helen Liu waked up, I came forward to ask her".

Thinking of this, Yuting can only bear it down and force herself not to ask Xinyi. But in her heart, she has been estranged from Xinyi.

On the other side, Verse Han is already in Mark Duan's car.

In the car, Mark Duan seems to have something to say to Verse Han. After a long hesitation, he said it.

"Verse, don't stay in Chuzhou City. Go back to Capital City."

Verse Han was stunned and looked at Mark Duan and asked:

"Why?"

Mark Duan sighed and said:

"I know you like elder brother, but you can see that he doesn't like you at all."

"You have wasted two years here, and women can't afford to spend their youth. You've been out getting drunk during this period. You are also my friend. I don't want to see you like this."

"Go back, you're your parents' only daughter. Go back to Capital City and develop yourself. You are so excellent that you will surely find your Mr. Right."

Verse Han said with tears in her eyes:

"But Mike Yue has become like this now, how could I go back?"

Hearing this, Mark Duan fell silent.

No one knows what will happen to Mike Yue in the end. Even the doctors dare not say whether Mike Yue can survive forty-eight hours.

"What happened to Mike Yue and Helen Liu, why did they both become like this?" Verse Han asked suddenly, she looked at Mark Duan: "There is also a Yuting, what is the relationship between her and Mike Yue?"

Mark Duan knew that Verse Han was clever and could not hide it from her, so he told her about it.

He advised:

"Don't blame Yuting. It's a dispute between the three of them, and I don't think Yuting is wrong."

"When she was with my brother, my brother had already divorced Helen Liu."

After hearing this, Verse Han felt even more miserable. She thought that her rival in love was Helen Liu. Unexpectedly, another Yuting came out. However, she was not too shocked, because when she was in the hospital, she had already seen that the relationship between Yuting and Mike Yue was not simple.

"I know. I've seen it in the hospital." "In fact, I've been thinking about going back to Capital City these days, and I'm going to give up this piece of unrequited love that I can't see hope at all," said Verse Han, with a wry smile

"But Mike Yue is like this now. I can't go at this time. I want to watch him wake up and leave Chuzhou City when he's OK. "

Hearing that, Mark Duan felt sorry for the infatuated girl Verse Han.

In fact, in Mark Duan's mind, both Verse Han and Yuting are better than that Helen Liu. He didn't know why Mike Yue got divorced and still couldn't forget Helen Liu, who now put him in ICU for her.

"Well, I hope he wakes up soon."

.....

It was already the next morning, and Helen Liu had come to herself.

But she was weak, and her lungs were badly infected, and now there is oxygen in her nose.

She opened her eyes slightly and saw that she was in the ward, and she also saw Xiaohui Yu who was asleep on the bed. Besides Xiaohui, there is also Ben Liu in the ward.

When Ben Liu saw Helen Liu open her eyes, he was so happy that he burst into tears. Xiaohui woke up with a start.

"Helen, Helen you finally woke up, you scared us to death!"

Xiaohui suddenly raised her head and saw Helen Liu who was waking up. She burst into tears with excitement. Holding Helen Liu's hand, she cried:

"Helen, you finally woke up, you scared mom to death."

"My dear daughter, how did you come to this after a trip? Go home! I have done a lot of bad things in the past. I will never do that again. Can you forgive me?"

Xiaohui's tone is sincere. Her attitude is real, and her tears are true.

After all, it was her own parents. Seeing that they were so worried about themselves, Helen Liu also shed tears. Holding Xiaohui's hand, she said weakly:

"Mom, I'm sorry..."

Xiaohui shook her head quickly, and she was so sad that she couldn't cry:

"It's us who should be sorry. Your dad and I did not care much about you before."

"We shouldn't force you to marry someone you don't like. No matter what you do in the future, we will respect your opinion and will no longer force you to do things you don't want to do."

Helen Liu didn't expect that Xiaohui and Ben Liu would change so much, maybe because she almost died this time. But no matter what, a family reconciliation is the greatest happiness.

"Helen, what happened to you and Mike Yue? How could you two drown?" Xiaohui and Ben Liu suddenly asked.

The smile on Helen Liu's face disappeared, and what happened yesterday suddenly came back to her mind. She didn't dare to tell Xiaohui and Ben Liu about Mike Yue. If she did, she would be a joke of the Liu family.

At the wedding, Mike Yue helped her humiliate everyone in the Liu family. Did she tell the Liu family that after she left with Mike Yue, Mike Yue was out looking for other women?

"Mom, Dad, don't ask. I don't want to tell."

"Where's Mike Yue, is he ok?"

Helen Liu asked.

Xiaohui and Ben Liu looked at each other. They were afraid to tell Helen Liu what had happened to Mike Yue.

Seeing this, Helen Liu suddenly became nervous. After she jumped into the river, because of the fright, her memory was basically intermittent. But she still remembered that Mike Yue also jumped down at the end, and it was Mike Yue who dragged her out of the water. Nothing will happen to Mike Yue, right?

"Is there something wrong with Mike Yue?" Helen Liu was so excited that she wanted to get out of bed and asked in a trembling voice. But she was too weak to get up.

Ben Liu quickly said:

"Helen, I will tell you about Mike Yue, but don't get too excited, Mike Yue..."

"In order to save you, he has been drowning for too long, and he has not been out of danger yet."

"And the doctor said that even if he wakes up...maybe...will be in an irreversible deep coma..."

When the words came out, it was like a thunderclap. Helen Liu froze on the spot and burst into tears.

## **My 18-Year-Old Wife - Chapter 82 Xinyi Cao, the Video Sender**

Mark Duan rushed to the hospital early in the morning, first for the condition of Mike Yue and second for an inquiry from Helen Liu about what actually happened at that time.

He knew Helen would definitely wake up today since she was not badly injured. When he had just walked outside Helen's ward, a sorrowful cry came from inside.

The door was opened and, as expected, Helen was struggling desperately to get up from the bed and look for Mike Yue with cries.

"You'd better lie down here quietly. Doctors can't help it, let alone you. "

Mark Duan came in, rolling his eyes, and said to Helen.

"Sorry, may I have a talk with her alone?"

He was looking at Xiaohui Yu and Ben Liu.

Xiaohui was quite worrying Helen and ready to refuse his requirement, while Ben was pulling her to go out.

"I thought we shall give them some privacy now. It's perhaps better for Helen to talk with Mr. Duan. "

In the ward, it was just Mark and Helen. Helen sat on the bed, buried in tears with hands around his knees.

Mark walked to sit down and looked at her.

"I'm not coming to blame you. I just wanna know more details about that day. "

"Could you manage your emotions first? Mike has been lying in the ICU still. It's just a futile attempt even if you go there. He won't wake up. You'd better stay in safe hands now. After all, he saved you. If you're caught into another accident, I think it's unfair to him to risk his life to help you. "

"What do you want to know? "

Mark asked,

"I wanna know how you found out the things between Mike and Yuting Chen?"

"And, how could find them just in a short time in the park?"

If someone else asked her, she certainly couldn't give a clear account. But in the face of Duan's inquiry, she instinctively felt a sense of oppression. Therefore, she confessed all the details in the intermittent crying, including she received a video, and how she found Yuting's house and then found Mike in the park.

Mark frowned,

"A video? Who sent you that?"

Helen shook her head, "I have no idea. I was curious about this at that time. But it just turned off when I called the number. And that video should be a stealthie. "

Mark said,

"Could you show me the video? I thought I could find out the owner of that number. "

Helen handed her phone to him and said,

"The phone's not working because of water. You need to get it fixed first. I didn't bear the number in mind but I've kept that message in it. "

Mark got the phone and nodded his head.

He appeared to intend to leave the ward, but after a moment of thinking, he sat down again and said in an icy tone:

"I shouldn't have intervened the things among Yuting, Mike and you. It's your privacy. "

"But I have to warn you that you're really too impulsive you know that? You knew it clearly that Mike won't leave you alone. Why did you still do that? To make fun of the lives of you two?"

Helen huddled up in the corner with bitter tears and sobbed to apologize:

"Sorry. I didn't take the outcome into consideration at that time. I just wanna die. "

"I didn't mean to put Mike in danger. "

Mark said coldly:

"But how about the outcome? It would never happen to Mike if he was not attempted to save your life. His ability to swim allows him to survive if he know he can't save you. But he chose to die with you instead of surviving himself alone on condition that he clearly knew he can't assure your life. "

Helen was also choked by sobbing and began to introspect with remorse whether her reaction the other day was too nervous.

"I don't know if you have a clear understanding of the whole thing. Mark said, "Mike and you had been divorced when the relationship between Yuting and him was labeled, and you even had been with Haoyang Li already. You Got that?"

"Mike was quite anguished during that period. It was Yuting who always accompanied him and helped him out. She didn't undermine your relationship; rather, when you were in distress, it was Mike who took you away from your wedding and looked after you all the time regardless of what had happened before. You shall know that he can't get over you always, and he didn't want to hurt Yuting as well, and thus he has been held it back. He doesn't mean to have relationships at the same time with you two. "

"You perhaps has known these details already but you're unwilling to accept the reality. I guess you thought Yuting, as one of your best friends, is not supposed to fall in love with the man once beloved by you, and you thought you're very miserable, but I think you're not poor at all. "

Mark continued with his eyes narrowed,

"Do you think you're more miserable than Mike? He devoted himself to your Liu Family for two years, and finally got nothing but an order to divorce you. He is the most miserable one. He always chooses to give you a hand when you're got into trouble no matter how deeply you hurt him. "

"And you? You hurt him again, and this time you almost killed him. We all don't know if he can wake up. "

Helen Liu was at this moment bursting into loud wails.

Mark stopped talking at this scene. In fact, he had long tried hard to gulp back those words. Now that Mike had got badly injured, he cannot smother his anger anymore and thus spoke out all the complaint.

When he walked to the door, he turned his head and added,

"If Mike survive himself this time, I wish you stay away from him forever."  
"

"He is the eldest son of the Yue Family. He shoulders his own responsibility. You shall never stand in his way in the future. "

Then, Mark left the ward, leaving Helen crying alone.

"Please, you have to wake up, Mike. "

"As long as you wake up, I would never bother you again. I will bless you and Yuting. "

Helen got into bead, muffling her head up, and restrained herself from loud cries.

.....

In the next few days, Mark, Yuting and Verse Han took turns to keep long nightly vigils at Mike's sickbed.

Mike has been out of danger and transferred to the general ward. But, as the doctor said, even if he was out of danger, it is hard for him to wake up again. Because of a lack of oxygen in the brain, he totally went into a

went into a persistent vegetative state. He may keep in such a state until die if he was unfortunate.

Mark dared not to call Tianxiong Yue all the while. He hoped for a miracle that Mike could wake up at a certain moment. He was going to hide it from Yue Family if Mike's family didn't give him a call.

During these days, Xinyi Cao never came to the hospital, and Yuting didn't give even a call to Xinyi as well.

It was the day that Helen can be discharged from the hospital. When she just finished the discharge formalities, Mark arrived at the hospital. He called over Helen and Yuting and said,

"I have found out the owner of that number who sent the video. "

Mark said with a cold smile,

"As I expected, it was Xinyi Cao, that malicious woman, who sent this shit. "

Hearing this, Helen and Yuting were downright dumbfounded.

"Why?" Yuting asked in a bitter tone.

Mark said,

"I got someone to inquire about Xinyi Cao. She is a woman of sexual misconduct. She could change seven or more boyfriends in one year. She is good at seducing the rich boy. I guess she must know the family of Mike and thus wanna lure him. "

Mark looked at Helen, "But she knew you are Mike's true love so she should break up you two first. That's why she wanna send you the video. "

Then Mark looked at Yuting, continued,

"The first video was Mike sent you to the hotel because you were drunk, but it didn't take long for him to leave. At that time, she must have seen you two nearby. And she knew Mike left the hotel as well. "

"That is to say, she didn't know you had have relationship with Mike. She just wanna use that video to undermine their relationship. And thus you're involved. But she perhaps didn't expect that things would go worse and worse. "

Yuting ground her teeth with an angry frown,

"How dare she? I always regarded she as my best friend. "

Helen was said in an exasperated tone as well,

"Shameless! How could she be so vicious? No wonder she instigated the relationships all the time on that day!"

Mark said relentlessly,

"She is a woman. I can't make her learn the lesson in person, but you can. As the bane of the tragedy, she should pay a price!"

## **My 18-Year-Old Wife - Chapter 82 You shameless woman**

In a high-end coffee shop, Xinyi Cao was drinking coffee with a young man.

The young man was tall and handsome, with a Rolex around his wrist. He should come from a rich family at the very least.

"Xinyi, we have been together for almost a month. Go to my home together. My father bought me a villa last month. I live alone."

The man kept changing his posture, making Xinyi look at his Rolex, and then said to her with a smile.

As soon as Xinyi heard that there was a villa, her face was full of undisguised joy. Her biggest wish in her life was to be a rich lady and live in a villa. The ordinary house of more than 100 square meters didn't deserve her.

"What? Emm... " Xinyi pretended to be shy and said, "I don't think it's a good idea..."

Seeing this, the young man knew that Xinyi had agreed. He was very happy and said, "Come on, it's in 21st century. Besides, I think we get along well, but we seldom meet each other. So I think we should enhance our relationship. I showed your photos to my parents. They are very satisfied with you. They said that if you agree, we can get engaged next month. "

In fact, Xinyi was good-looking. She was well-dressed and he was very satisfied with this girlfriend.

Hearing this, Xinyi nodded shyly, "Of course I agree. In fact, this month is also a test for you."

Mike Yue hadn't woken up yet, so it was sure that he was in a vegetative state. Xinyi had to give up on him. So she hadn't been to the hospital since Mike Yue passed the dangerous period.

"Really? That's great! "Hearing this, the young man was very excited. He quickly said, "of course I really love you. Seeing that you don't pay much attention to me, I thought you don't like me."

They smiled at each other and fell in love at once.

Xinyi, who was about to be a rich lady, didn't notice that two people came in the cafe. The two women were Helen Liu and Yuting Chen.

Helen and Yuting saw Xinyi as they came in and walked straight to her.

Xinyi didn't notice the two until she heard the cold voice of Yuting, "Xinyi!"

Yuting was pissed off when she saw that Mike Yue was hurt so badly by her and she just seduce others here so soon.

"Yuting!" Xinyi was shocked. When she saw Yuting and Helen, she had a bad feeling.

"You you two... " She stared guiltily at them.

Clap! Without any hesitation, Yuting raised her hand and slapped heavily on Xinyi's face, "Xinyi, you are such a insidious person! I treat you as my best friend, but you set me up like this!"

The slap startled all the customers and shop assistants in the cafe. The young man was also stunned. He immediately stood up and scolded, "What are you doing! How can you hit her?"

Yuting looked at him and sneered, "I guess you are Xinyi's boyfriend. Listen, this woman has changed seven or eight boyfriends in a year."

"I'm her best friend, but she still wants to seduce my man. Do you dare to marry such a shameless woman?"

Hearing this, the young man widened his eyes and looked at Xinyi in disbelief.

Xinyi's face was covered with fingerprints. She explained in a hurry, "Honey, it's not what she said. Don't listen to her nonsense!"

As soon as she finished her words, another crisp slap came on the other side of her face. Helen cursed angrily, "Xinyi, you are such a vicious and shameless woman. How dare you seduce my husband!"

"My husband hasn't woken up yet because of you. But you just come here to date somebody?"

"If Mike can't wake up, you're dead!"

After scolding, Helen poured all the coffee on the table on Xinyi's face. Xinyi was like a drowned rat.

The customers around were happy to see this scene and pointed fingers at Xinyi.

Seeing this, the young man suddenly frowned. It would be misunderstanding if one person said that, but there was two women who swore Xinyi.

He clapped his hands with a sneer and looked at Xinyi, "Miss Cao, I didn't expect you're such a girl!"

"You are still pretending to be pure in front of me. No wonder you didn't talk to me much this month. It turns out that you are seducing her husband!"

He gave Xinyi a thumbs up and left without looking back.

"Honey, don't go! Don't go! " Even though Xinyi was in a difficult position, she didn't forget to ask her lover to stay.

"Xinyi, behave yourself. If Mike Yue can't wake up, I won't let you off!"

After saying that, Yuting left with Helen.

Xinyi sat there awkwardly and cried loudly.

The customers around were still talking about her. Seeing this, the manager of the coffee shop came over to her and said, "Lady, this is a high-end coffee shop. We only welcome those elegant people. You'd better leave here as soon as possible. Don't affect our business."

Xinyi picked up her bag and ran away with her face covered.

## **My 18-Year-Old Wife - Chapter 84 You two are the perfect match**

On the street, Helen Liu stood opposite Yuting Chen. Facing Helen, Yuting felt a little embarrassed and guilty.

"Helen, I..." Yuting wanted to say something, but was interrupted. Helen said expressionlessly, "Don't say anything. It's useless now. The most important thing was Mike wakes up, he has been in a coma for a long time. "

Hearing this, Yuting nodded, "Yes, he will definitely wake up."

Helen didn't want to stay with Yuting alone, so she turned around and was about to leave.

"Helen!" Yuting suddenly stopped her and asked, "if... I mean what will you do if Mike can't wake up?"

Helen trembled and didn't turn around, but she answered, "If he can't wake up, I will take care of him until he wakes up."

She didn't forget what Mark Duan had told her a few days ago. She knew that she had brought a lot of trouble and harm to Mike. She didn't deserve to love him. If Mike woke up, she would take the initiative to stay away from Mike and no longer have any connection with Mike.

If Mike couldn't wake up, she would wait in the ward. She shouldn't have left when he needed her most.

After answering this question, Helen hailed a taxi and rushed to the hospital to take care of Mike.

Yuting was stunned for a long time and suddenly burst into tears. She sniffed and muttered

"I will also take care of him all the time. If he can wake up, I will definitely quit."

"After all, you two are the perfect match, aren't you..."

.....

In the next few days, beside Helen, Yuting, Mark, and Verse took turns to take care of Mike. But no matter how many people took care of her, Mike didn't wake up and didn't respond at all.

One day, it was Verse's turn to take care of Mike in the hospital. Looking at the pale face of Mike, Yue felt inexplicably sad. Mike was a specially privileged one. His identity as the Master of Yue family aside, Mike was also outstanding and brilliant. The future of Mike must be so bright.

But now, it was hard to say whether he could wake up or not.

Verse couldn't help but sigh with red eyes.

Suddenly, her phone rang. Seeing that it was her dad number, she couldn't help but feel a little annoyed. But she still walked out of the ward and answered the phone, "Dad, what's up?"

A middle-aged man's voice came from the other end of the line, "Verse, have you thought about what I asked you? Come back as soon as possible. It's not a good idea for you to stay in Chuzhou City all the time. I admit that Mike is excellent. It will be a great honor for us to marry him. But the key point is that he doesn't like you. You have wasted two years in Chuzhou City. Can't we give up on him if there is no hope."

Recently, Verse received a call from her family almost every day, urging her to go back. Her family had arranged a lot of young men from Capital City for her to meet.

Although those young men were not as good as Mike, they also was a good choice to marry. Verse had been in Chuzhou City for two years, but she still hadn't won Mike's heart. If she continued to waste her time, it would only be a waste of her youth.

"Dad, don't press me. I'm an adult. I have my own thought!" Verse frowned and said impatiently.

"Alas!" The father of Verse sighed and said, "Why are you so stubborn? Your mother keeps urging me to call you, which annoys me. You know she is not in good health, and we two are getting old. Now we just want to retire and have a good rest at home. You are our only daughter. If you don't come back, what about your mother and me? Have you ever thought about it?"

Verse choked with sobs. Her father seemed to hear Verse sobbing and tried his best to persuade her for a long time. In the end, the family affection finally made Verse compromise. She sobbed, "Please tell my mother that I will be back tomorrow."

After hanging up the phone, Verse sat on a chair in the corridor, lowering her head and sobbing for a long time. After wiping her tears, she walked into the ward again. Looking at the unconscious Mike, she said to herself, "Mike, I have to leave."

"I'm sorry. I'm leaving before you wake up. I've been liking you for two years, but I know you don't like me. I have no choice but leave. I'm not getting any younger. My family has been urging me. My parents are not in good health. I can't let the two elders worry about me anymore."

"You must wake up. Wherever I am, I will pray for you."

After sobbing, Verse bent down and kissed on Mike's bloodless lips for a long time.

She stood up and walked out of the ward again, preparing to call Mark.

The moment she walked out of the ward, the index finger of Mike's right hand shook violently, and his eyelids twitched for two seconds. But then all calmed down again.

Not long after, Mark arrived at the hospital. He was not surprised to know that Verse was going back to Capital City. Instead, he was happy for Verse.

"Go back. It's good to go back. Your parents did it for your own good."

"In fact, my brother told me many times to persuade you to go back to Capital City. It's just that he doesn't want to tell you by himself. He's afraid that you would get tired of him."

Mark patted Verse on the shoulder and said.

Verse looked at the unconscious man, Mike, and shed tears again, "Does he really want me to go back?"

Mark nodded, "Yes, but don't get him wrong. He doesn't mean to get sick of you. He just doesn't want you to waste your time here. "

"Although he doesn't like you, your friendship is true. He has always treated you as his sister. In fact, he cares about you very much in private. But you also know that he is not good at expressing his feelings. He is afraid that if he cares about you, you will misunderstand that he likes you, which will easily cause misunderstanding."

Verse nodded with a smile, "Then I'm leaving. If he wakes up or is in any condition, you must call me."

Mark smiled, "Rest assured. You are going back to start a new life, and we will meet later. So you don't be so sad!"

Mark had to send Verse to the downstairs of the hospital and then returned to ward. After he sat down, he looked at Mike and sighed, "Brother, we all hope that you can wake up. Don't let us down."

## **My 18-Year-Old Wife - Chapter 85**

### **Tianxiong Passed Away**

It was Mark Duan again who was accompanying Mike in the hospital that night.

It was already ten at night. He was going to sleep on the bed beside Mike. Suddenly his phone rang. He almost threw his phone away when he saw who was calling him.

He was afraid of answering the phone since Mike had the accident. He feared to get Tianxiong Yue's call, but things often went opposite as you wish. It was Tianxiong who was calling.

His right hand kept shivering. Cold sweat hit him and he was panic.

But he had to answer it, or Tianxiong may doubt him. He forced himself to clam down. He

answered the phone when he made up an excuse.

"Uncle Yue, good evening."

Mark said hello to Tianxiong with a forced smile.

But he didn't expect it was not Tianxiong on the other side of the phone, it was Fangru Lin.

"Aunt Fang. Why is it you? I thought it was uncle Yue." Mark felt relieved slightly.

"Mark, where is Mike? Why his phone can't get through? His father had some bad news."

Fangru began to cry after saying that.

Mark suddenly sat up from the bed, he asked in a hurry with tremble voice "What's wrong with uncle Yue? What happened?"

Fangru held her crying and said chokingly "Tianxiong, he passed away."

Mark was frozen hearing that. His eyes opened widely.

He was like been struck by lightning. He dared not to believe what Fangru said was true. He was absent in mind.

Tianxiong, Mike's father, died?

"What happened? Why?" Mark was so surprised that he couldn't say a word.

"Mark, inform Mike to come back soon. Yue Family was in a mass now. His father and grandfather's business will be grabbed if he dose not come back as soon as possible."

Fangru cried hardly on the other side of the phone. She hung up the phone once she finished her words.

"Bang." Mark's hand shook and his phone fell on the ground.

"Uncle Yue died? What happened? He was well before. How could he passed away suddenly?"

Mark jumped down from the bed. He walked up and down in the ward in a hurry.

Yue Family was one of the Four Great Families. The master of Yue Family's death would make countless people get involved and numerous business would be affected. And the other three families already coveted Yue Family for a long time. The master of Yue Family suddenly passed away would make others much easier defend it if they work together.

And Mike was also in trouble now. What shall I do?

Shall I tell Fangru that Mike was a vegetable now? Mark dared not to tell her that. She just lost her husband, how could she accept the fact Mike was also in danger now? She would be crazy.

"Brother, Uncle Yue passed away. Please wake up as soon as possible."

"Yue Family is in danger now. "

Mark went to Mike's bed. Mike was pale and in a coma. He stared at Mike and said in a hurry.

However, Mike was not possible to wake up no matter how worried Mark was.

Mark's pressure now was huge, he was going to go back Capital City tomorrow to Yue Family. It seemed Mike was not going to wake up in short time. He could not hide it from Fangru for long. He would tell her Mike's condition and accompany Fangru at Yue Family. Otherwise Mark

was afraid something bad would happen on Fangru for she just lost her husband and her son was in coma.

Yue family would be tragic if Fangru had something bad.

He planed to fly back to Capital City tomorrow, so he had to have a good rest. Mark went into the quilt after he lied on the bed. But his body kept trembling.

He was not cold but afraid. He was frightened by the sudden death of Tianxiong. He guessed Yue Family didn't release the news of his death, otherwise the nation would be shaken.

Actually Yue Family was so famous because Yue's industries covered almost more than half areas of entire Huaxia. No one in Huaxia didn't use their products. So Tianxiong's death surely would shock the nation.

One event succeeded another. Mark was so fatigue now as an outsider. He couldn't help worrying about Yue Family.

He tossed on the bed long time before he fell asleep dazedly.

...

The next morning, Mark woke up when it was still dim.

He was frozen when he got up because there was nobody on Mike's bed.

"Shit, where is Mike?"

Mark thought he had an illusion because he believed he was in dream. Mike was in coma, he couldn't get up and run, right?

"He woke up last night?"

"Why he didn't wake me up if he woke up?"

Mark was frightened so that he rushed to the Nurse Station to ask them where was Mike.

"Nurse, did you see the patient in our ward?"

The nurse looked at Mark confusingly, then she said "He is in coma, right?"

Mark replied with worry "Yes, but where is him? He is not in the ward now."

The nurse opened her eyes widely hearing that. She ran to inform the head nurse. And then she asked several other nurses to look for Mike in the hospital. However, they had no result.

It was lucky that Mark was quick in respond, he directly ran to the monitor room to check the monitor of the ward.

Then he found Mike. Mike came out from the ward at five in the morning. He left the hospital in patient's uniform.

Mark sucked in a breath. He was surprised. He was shocked for Mike suddenly woke up and he left the hospital without a word. He was happy because Mike woke up, finally he woke up.

"The jerk. He didn't even tell me he left. What a psycho."

Mark went out of the monitor room while cursing Mike. He called Mike excitedly.

Mike's phone fell into the river thus it stopped working. But Mark repaired it for him.

Mike answered the phone after some beeps.

"You woke up?"

Mike said before Mark opened his mouth.

Mark was filled with tears because of excitement when he heard Mike's voice. He said with tremble voice.

"Brother, you really woke up?"

"Why you didn't wake me up when you left? I thought you were moved away as a corpse."

Mark was little bit angry.

Mike said slightly "I didn't wake up these days but I still have consciousness. I can hear you and others."

"I know you are with me. I didn't wake you up for I'm afraid you would be too tired."

Mark was relieved hearing that. So he said "It's good you wake up. It's good."

"I dared not to tell Uncle and Aunt when you were in coma."

"And brother, I have to tell you something. You'd better be prepared. Uncle, he..."

Mark supposed to tell Mike about his father's death. But he was interrupted by Mike "My mother called you yesterday, and I heard what you told me."

"My dad passed away."

Mark was grieved to hear Mike's weak voice. He comforted him that "Brother, restrain your grief."

"You can't fall now for you are the only mental pillar for Aunt now."

"Where are you now? I am going back to Yue Family with you. I have to say goodbye to Uncle."

Then Mike answered "I'm okay, I can handle that. I'm at the airport and I am going to board soon."

"Tell the general manager how to do the work later. Then...Inform Helen that I woke up. And help Ben to finish his license for his new company."

"Come here when you finish that."

Mike hung up the phone after that.

## **My 18-Year-Old Wife - Chapter 86 After Mike Yue wakes up**

Yuting Chen woke up early in the morning, and she seldom went to her own company recently.

Even if she didn't need to take care of Mike Yue at night, she would go to the hospital to accompany and talk to him in the daytime.

After washing, Yuting was about to go out to the hospital when her mobile phone rang. She picked it up and saw the caller ID, she was stunned for an instant.

She covered her mouth and looked at the word "husband" in disbelief. This was the note to Mike Yue.

Is... Is Mike Yue awake?

Yuting couldn't believe it and answered the phone in a hurry.

"Hello?"

There was a tremor in her voice.

Then, the voice she most wanted to hear came from the other end of the phone, that was Mike Yue's voice:

"Yuting, I'm awake."

Hearing his voice, Yuting burst into tears. She was also very excited

"Okay, great! You just wake up, just wake up!"

There was a gentle laugh from Mike Yue. He said:

"I have troubled you recently. Something happened to my family. Now I'm going back to Capital City."

"Wait for me in Chuzhou City, and I'll give you an account when I come back."

What Mike Yue said was, of course, between him, Yuting and Helen Liu.

"Well, as long as you're OK, I'll be relieved!"

Yuting said with tears.

She thought it would be difficult for Mike Yue to wake up again, but he woke up so quickly, which was the best news for her.

As Mike Yue was about to board the plane, he hung up without saying a few words.

Yuting didn't go out and went back to lie on the sofa. She was smiling and happy for Mike Yue to wake up. But tears of joy soon turned into tears of sadness.

"Mike Yue, thank you for your time with me. I'm very happy."

"I don't want to embarrass you again. I decided to leave you, so I may not wait for you to come back. You and Helen must be happy..."

.....

On the other side, Helen Liu receives a call from Mark Duan.

On the phone, Mark Duan told Helen Liu that Mike Yue had awakened.

"Really...really, how is he now, is he still in the hospital..."

After hearing the news, Helen Liu reacted exactly like Yuting, still crying excitedly.

"He's not in the hospital right now. Something's wrong with his family. He's been flying back to Capital City. Maybe he won't be back for a

while." Mark Duan sighs, thinks about it, and adds, "he may never come back."

What Mark Duan said was not intended to make Helen Liu give up. But something happened to the Yue family. Tianxiong Yue died. As Tianxiong's successor, Mike Yue must be busy in Capital City in the future to support the Yue family.

Not to mention Helen Liu, it may not be so easy for him to meet Mike Yue in the future.

"It's good that he wakes up!" Helen Liu sobbed with excitement.

Mark Duan said, "well," calmly:

"Now that he is awake, you can rest assured."

"Don't forget what I told you before. Stay away from him and stop associating with him. Now something serious has happened to Yue family. He is shouldering the responsibility of the whole family. If you contact him again, it will only hurt him."

When Helen Liu heard this, she said in a tearful voice:

"I know, I will never see him again, as long as he is all right, I am relieved."

The phone soon hung up and Helen Liu was in tears in her office.

"Mike Yue, you and Yuting must be happy. In the past, I was not good. In the future, I will not disturb you again... "

Helen Liu crouched under her desk and cried miserably.

After calling Helen Liu, Mark Duan immediately called Verse Han. He knew that Verse Han would be very excited if she heard that Mike Yue had woken up.

That's natural. Verse Han, who returned to the Han family, was worried about Mike Yue and prayed for him every day.

She even dreamed that Mike Yue had woken up. Of course, she had nightmares. She dreamed that Mike Yue did not wake up but...passed away, and she wanted to go to the funeral of Mike Yue, but she couldn't go there.

"Great! He finally woke up. Is he still in the hospital? How is he? What did the doctor say?"

On the phone, Verse Han also cried with joy and asked a series of questions.

"Don't worry. He's very lucky and well recovered." Mark Duan smiles. He wanted to tell Verse Han that Tianxiong is dead, and that Mike Yue is back at his home.

However, he did not tell Verse Han.

Mark Duan speculated that Mike Yue asked him to call Helen Liu and tell her he had woken up. But when Mark Duan asked Mike Yue if he needed to tell Yuting, Mike Yue said no, he called her himself.

It can be seen from here that Mike Yue may also be thinking about the relationship between the three of them. Between Helen Liu and Yuting, Mike Yue chooses Yuting. Mike Yue has already made his final choice. He's gone with Yuting. In fact, Mark Duan also thinks that Yuting is better than Helen Liu in any aspect.

If things about the Yue family were told to Verse Han now, she would definitely rush to the Yue family and entangled with Mike Yue.

Mark Duan thought that Verse Han should not meet Mike Yue now, so he didn't say anything.

After hanging up the phone of Verse Han, Mark Duan prepares to go to the company to hold a meeting to sort things out. Then he needs to help Ben Liu set up his company as soon as possible, and then go to Capital City himself.

As a brother of Mike Yue, he naturally needed to help Mike Yue when such a big thing happened to his family.

.....

On the other side, Mike Yue's flight has landed at Capital City International Airport.

He staggered out of the airport, stopped a taxi and went straight to his home.

Although he was awake, he had not recovered from his long slumber. He had eaten something in the morning, but his face was still not back to its normal color, and he even felt a little dizzy. Moreover, he was a little weak after catching the plane.

As soon as he woke up, he had to face the death of his father. Now Mike Yue is exhausted physically and mentally.

If someone else had suffered such a blow, they would have collapsed. But he couldn't. He was cultivated by Tianxiong and Zhenting Yue. He

was the hope of his father and grandpa. As soon as Tianxiong died, let alone the foreign invasion, there must be chaos inside the Yue family.

As the saying goes, all feelings are insignificant in front of the imperial power, and the position of the head of the family will certainly cause internal unrest in the Yue family. The more critical the situation is, the stronger Mike Yue needs to be. Otherwise, he will not be able to protect Fangru Lin and Anya.

Outside a villa area, the taxi stopped at the gate.

The driver didn't dare to ask any more questions. This is Yue family's territory, which is basically known by the citizens of capital city.

The so-called villa area, of course, is that the whole area is full of villas. There are different rich people living in each villa, but the villa area here is different. The owner of each villa is surnamed Yue.

The Yue family belongs to a surname with a large number of people. Since Zhenting's father's generation, the Yue family has taken root and reproduced here. There are as many as hundreds of people in the entire family.

In the generation of Tianxiong, although there are fewer children in the Yue family, there are still about a hundred people. These one hundred people are basically married. Therefore, the villa inside is occupied by Yue family members.

At this time, a middle-aged man with a rectangular face stood at the gate of the villa area. Although he was not angry, he still had a dignified temperament.

The middle - aged man had great invisible energy, and behind him stood a large group of people. There are his peers and his younger generation, but no matter who is standing behind him, dare not stand with him..

They seemed to be waiting for someone to go home, and soon they saw the one they were waiting for.

What they were waiting for, of course, was Mike Yue.

Mike Yue walked up to the middle-aged man and yelled to him with his head down:

"Second uncle!"

The middle-aged man looked at Mike Yue and frowned slightly. He raised his hand and slapped him in the face.

## **My 18-Year-Old Wife - Chapter 85 Mike, You Are Not Filial**

"Slap."

The slap was clear and resounding. Even the people who heard it felt hurt on their face.

Mike was weak before, and the slap made him shambling.

"My elder brother died and you come back so late. Are you his son?"

The middle-aged man stood there with rage. He not only slapped Mike but also cursed him in front of all the people present.

"You wicked boy. As the young master of Yue Family, you hang out everyday instead of working for our family."

"Even collateral descendants, your peers, work harder than you. You are not worthy of my brother's cultivation."

Mike was slapped and cursed, but he dared not to rebuke him. He hurried to stand still and apologize obediently "Sorry, second uncle."

"I had an accident so that I didn't get mom's call. So I come back late."

Surely he dared not to rebuke. It was his second uncle who was standing in front of him. He was the younger brother of Tianxiong Yue, Longcheng Yue.

There were five sons in Yue Family. The first was Tianxiong, the second was Longcheng, then De Yue, Wenlong Yue and Tian'ao Yue.

Actually Tian'ao was not the son of Zhenting Yue. Tian'ao was in fact the son of a past comrade of Zhenting. Although Tian'ao was not Zhenting's son but his comrade's, and Zhenting promised to take care of him. Thus Zhenting treated him as his own son.

The surname of Tian'ao was Wang originally, but in order to pay back the gratitude for the love and care Zhenting offered him, he changed it into Yue.

"What was more important than your father's death?"

Longcheng got more furious hearing that. He rose his hand and he wanted to give Mike another slap.

Then Fangru Lin and another middle-aged man rushed to come and stopped him.

“Longcheng, don’t slap him anymore for he already came back. He was also sad that his father just passed away.”

Fangru ran to them and interposed herself between Mike and his uncle. She was grief and gaunt.

The middle-aged man also said “Second brother, don’t haggle over Mike anymore. We can’t treat him like this because he just lost his father.”

Longcheng’s temper was irritable, so he shouted at Mike “Are you his son? My brother already left three days. And as his only son, you come back so late. How will others see you? My brother will not be sad? Tian’ao, don’t protect him here, otherwise I will slap you as well.”

The middle-aged man was Tian’ao. He was young, he looked like he was only thirty-five or six years old.

It’s well-known that Tian’ao had a good temper and he was close to Tianxiong’s family. Mike loved his fifth uncle when he was little. Mike thought he was even nicer than other uncles though he was not born by Zhenting Yue.

Tian’ao was little embarrassed so he comforted in a hurry “Brother, take it easy. Our sister-in-law is still here.”

“She will punish him if Mike did something wrong. Let him kowtow to his father and burn some paper money for his father first.”

Then others also persuaded Longcheng to clam down. Surely he felt it was not good to punish Mike anymore, so he sneered and left with his followers.

"Mom, Fifth uncle, sorry I come back so late."

Mike apologized with red eyes while bending his knees down on the ground when others left.

Fangru hurried up to help him up, she said lovingly "It's okay. Your father even feels sorry to blame you, how could we blame you?"

"Are you okay with the slap of your second uncle?"

Tian'ao hurried to help to effect a compromise and said "Mike, don't blame your second brother. His temper was not good."

Mike robbed his swelling face and said unhappily "I know he is the master of Yue Family now since my dad left. He was not convinced when my dad inherited the master of Yue Family. So of course he wants to show his dignity now. He just wants to lay a good basis to get my father's place."

As his words fell, the face of Fangru and Tian's changed suddenly.

Fangru covered Mike's mouth in a hurry and said "My silly son, what are you talking about?"

"Don't talk nonsense now because the situation in our family is special now. Your father died suddenly so he didn't even leave any word before he passed away. You supposed to be the successor of Yue Family pointed by your father and grandfather. But now no one will regard you

as the successor. You can't let others be dissatisfied anymore, or it will not be good for you to get your father's position."

In ancient time, all princes, no matter direct descent or collateral descent, wanted to fight for the throne when the emperor died.

Of course the one who got more support could inherit the position. Currently the situation for Mike was not good.

Tian'ao said "You came back three days after your father passed away, so that many people here complained that."

"Mike, listen to your fifth uncle. Don't talk nonsense here. Especially you need to respect elders. Your uncles are still there and they own high prestige. Don't make them dissatisfied with you."

"Don't worry, I support you. So you need to listen to me."

Mike nodded then he said after he patted the shoulder of Tian'ao.

"I got it, I will behave myself in front of them."

"I know you love me so much since I was little. So I will listen to you."

Tian'ao nodded in relief. He accompanied Mike to his father with Fangru.

The villa district named Wanxiang Garden was huge. There were not only villas there but also a big park. And it was even bigger than the park outside. And it was equipped with all kinds of recreational facilities and swimming pool. Of course, it only opened to members of Yue Family.

It's where people of Yue Family lived. Everyone in Huaxia would be respectful when he met members of Yue Family. That was the reason.

As the saying went, the strong were respected. Even among the four great families, Yue Family was the most prestigious. So of course all people respected Yue Family.

Just no one knew if they could continue their prosperity in the future.

There was a special building in Wanxiang Garden. The memorial tablets of the ancestors of Yue Family, including Zhenting Yue's, were placed there.

Tianxiong's body was also there, so was the mourning hall. All young generations of Yue Family were putting on mourning apparels there for Tianxiong Yue. And all of them were wearing white belts on their heads. But they could only wear that in Wanxiang Garden, it was not allowed to wear outside.

Because they couldn't let others know that their master passed away. Especially they could not let the people of the other three families know.

Mike came here with the lead of Fangru and Tian'ao. On his way here, Mike heard people around abused him not filial for being here three days after his father's death. Even some elders asked him why not come back seven days after his father's death

Mike didn't respond to their scorn and mock.

Mike bent his knees down with a plonk when he saw Tianxiong's memorial tablet was hanging on the centre of the mourning hall as soon as they got the hall. His eyes were blur and he was extremely sad.

Then he said "Dad, I'm back."

Many people of Yue Family were gathered here around the mourning hall. Some were the elderly and some were peers of Mike.

Many people pointed at Mike seeing this.

Actually, the current situation was bad for Mike. Even his uncles felt disappointed at him when they saw he came back so late.

In their mind, Mike was not qualified for the successor of Yue Family.

A young woman was burning paper money for Tianxiong beside his coffin. She stood up and came to Mike when she noticed Mike came. She slapped Mike and shouted in tears. "You are not filial to come back three days after daddy's death. Do you know that?"

Mike had got two slaps after he was home. He was dizzy.

He apologized in a hurry "I'm sorry, Anya."

The pretty and young woman was Tianxiong's stepdaughter Anya. She grew up together with Mike, and they even engaged when they were little.

"You feel sorry for me? You shall feel sorry for dad. He wanted you to come back before he died. But you didn't come back immediately even after his death. You are not obedient."

Anya scorned Mike when she saw him. She was so disappointed.

Fangru pulled Anya seeing this. She persuaded her in tears "Anya, don't blame him anymore. He is also upset now."

Mike's consciousness was not clear hearing Fangru and Anya's conversation. The sound around him became noise for him and he didn't know what they were talking at all.

He was weak because he just woke up from a long time coma. He was tired on his way here. He was slapped by Anya now just after Longcheng's slap.

Finally, he couldn't support himself anymore. Blood came out from his nose. He felt black and he fell down in the mourning hall directly with the shock of other people.

## **My 18-Year-Old Wife - Chapter 88 Next Master of Yue Family**

In a splendid villa.

The villa was even bigger than the villa of Mike in Chuzhou City, but not much bigger.

But the decoration was much more luxury than Mike's. It was the largest one in Wanxiang Garden, and only the master of Yue Family could live here.

Surely its last owner was Zhenting Yue, and now it belonged to Tianxiong Yue's family.

But now its owner passed away, no one knew who would be its next owner.

But now Mike's family still lived there. Many people were gathered in a room of the villa, and Fangru Lin, Tian'ao Lin, Longcheng Yue and Anya were among them.

And seven or eight doctors were gathered there as well. They just finished checking Mike's body. All the doctors were Yue Family's private doctors. Yue Family had to pay millions each year to them. Some of them were Chinese doctors and some were western doctors, but all of them were highly skilled doctors.

"Doctor, what's wrong with my brother? Why he suddenly fell down?"

Anya was so guilty. She just wanted to complain that Mike didn't be at home often and he came back so late after their father's death. She was so upset that she slapped Mike.

But she didn't expect Mike fell down directly after the slap. And blood ran out from his nose.

Then a doctor in his fifties frowned slightly and said "Young master is so weak, and his gets lungs infection and it is serious."

"And his brain damaged seriously. I guess he was in a coma for a long time. And he just woke up. And he didn't take medicine nor food after he woke up. That's why he fell down."

The people in the room were shocked.

Mike was in a coma for a long time?

"How...how could that be? Mike was well all the time. He learned Kungfu from our best guard since he was little. Did he have any accident?"

Tian'ao was even more excited than Fangru, thus he asked in a hurry.

"Doctor, what's wrong with him? Is he serious? Will he be okay?" Fangru began to cry because of fear. She asked as well.

The doctor rushed to reply. "Madam, fifth master, don't worry. Young master was strong so that he will not have life risk. The lungs infection will be fine within a week. And the brain damage needs time to recover. It is not serious."

Fangru and Tian'so were relieved hearing that.

Anya said with guilty "No wonder he came back so late. His phone couldn't get through before when we called."

"He must be in coma when we called. He came once he woke up. But I slapped him, I was so reckless."

Anya said, then she crouched and buried her head. She began to cry.

Fangru hurried to her to comfort her "Andy, don't blame yourself. We don't know he had an accident. He didn't tell us."

"He will not blame you. We will ask him what's wrong with him when he wake up."

Longcheng Yue was embarrassed now because he slapped Mike the first.

"Doctor Liu, when could Mike wake up? He already slept two days." Said Longcheng.

The doctor replied "Don't worry, Second master. I guess soon he will wake up. Young master fell down because he was too weak."

"We just gave him a nutritious injection, he will wake up soon."

Doctor Liu and other doctors left after they gave Mike some examination and medicine.

Then, Mike woke up within an hour as the doctor said.

"Mike woke up. He woke up."

Tian'ao shouted excitedly.

Fangru rushed to Mike and asked pitifully "Mike, what's wrong with you? The doctor said you were in a coma for a long time."

"Why didn't you tell me? You are such a silly boy. You scared me."

Mike comforted her with a smile "Mom, I'm fine. Don't worry."

Anya came to Mike, she threw herself into Mike's arms and said with guilty "Sorry, Mike. I should not slap you."

"I was just too angry that you came back three days after dad's death."

"Sorry, Mike, I didn't know you had an accident."

Anya's tone and attitude to Mike was not like his sister but like his girlfriend who was acting cute.

Mike felt pitiful to see Anya's eyes turned red because of crying. He patted her back and said "You don't need to apologize, I shall say sorry."

"Anya, I know you are sad that dad passed away. Me, too. But we have to be strong. Many people outside are waiting to see our joke."

Tian'ao rushed to distract their attention, after all, Longcheng was also there. He asked in a hurry "Mike, what happened to you? Why you fell asleep for long time?"

How could Mike tell Fangru and other people that he and Helen committed suicide by jumping into the river? So he just made up a lie "Nothing important. Just a small accident. Then I fell in a coma."

"But now I'm fine. I just need some rest for I am tired."

Longcheng came to Mike and said awkwardly " Have a good rest first since you are still weak. I will explain to others later and no one will blame you."

Mike's smile disappeared seeing Longcheng. He replied slight "I'm okay. I can see that many people are not satisfied with me."

"I was in a coma for two days this time. And my dad had passed away for five days. Today is the sixth day, right?"

"Anyway, I am going to accompany him."

Longcheng could not say anything else seeing this.

Mike came to the mourning hall with the help of Anya and Tian'ao to accompany his father.

Mike felt that Yue Family was filled of conspiracies.

Why Yue Family didn't announce the death of Tianxiong Yue until now? For one thing, they were afraid the other three great families might have a loophole to exploit. For the other, they hoped next master of Yue

Family could get the position stably. Yue Family might have trouble with both internal and external enemies.

Therefore, next master must be elected before the seventh day of Tianxiong's death. But no one knew how would be the next master be chose. The one who owned more rights would be next master of Yue Family.

So on that night, the elderly of Yue Family, including Longcheng, several other uncles of Mike, were gathered together. They asked all the people of Yue Family outside the mourning hall to have a meeting.

The topic of the theme was next master.

Every person of good sense knew Zhenting Yue and Tianxiong Yue cultivated Mike to decide him as their successor internally. And obviously some people with power in Yue Family wanted to take place Mike. That's why they had this meeting.

Tonight, Mike's family was in danger.

## **My 18-Year-Old Wife - Chapter 89 Meeting outside the mourning hall**

"Our family suddenly suffered this misfortune. Tianxiong died young. How could he have the heart to leave such a large family property and so many of us! "

Uncle Zhengshan Yue and two other uncles were clutching crutches. Sitting in front of the crowd, he sighed,

"Sons and grandsons of our family pervaded the hall. There are so many people have to make a living and support their families. As the saying goes, a country can't be without an emperor for a day, and a family can't have no owner for a day. We still have to choose one who is in charge of the family and stabilize the family."

"Otherwise, Tianxiong's death could only be concealed for a while. If the other three families knew that something was going on in our Yue's family, they would not miss this opportunity and attack us vigorously."

"At that time, if there is no one who is in charge of the family, we will be doomed."

As soon as Zhengshan finished speaking, he got almost everyone's response. Those collateral could only follow him and roar a few voices. After all, they were collateral, and basically could not inherit the position of the master of the family.

The position of the master of the family would fall on several brothers of Tianxiong or on the younger generation of Mike.

But no matter what, the Yue's family still needed to have a master. Otherwise, they would be defeated by the other three families, and no one of them would have a good life.

"Who is qualified to take over the position of the master of the family? That's why the three of us have called us here today."

Zhengshan continued,

"We are not the royal family, we are the common people. Therefore, we don't promote the son inheriting the father's career. Whoever has the ability is qualified to inherit the position of the master of the family and

stabilize our family. And when Tianxiong was alive, he did not draw up a will."

This was undoubtedly aimed at Mike. Tianxiong had only one son, Mike. What he said was not to let the son inherit his father's business. Wasn't this subtext that they has already eliminated Mike, saying that everyone was equal. This was actually aimed at Mike.

At this time, many people in the whole Yue's family began to talk about Mike.

Mike, sitting between Fangru Lin and Anya, looked at the crowd coldly.

"Uncle, I don't know if you three have any suitable candidates. You can tell us about it first."

At this time, Longcheng Yue, sitting in the front, suddenly said,

"You are the most senior and most powerful people in our family. We all want to hear your choice first."

Others echoed, shouting,

"The three uncles can talk about your candidates first."

"Then let's vote. In fact, in our family, they are all capable people."

Among the crowd, there are supporters of Longcheng, Yuede, and Wenlong Yue.

However, all of them implicitly excluded Tianao Yue.

Why? Of course, it is because Tianao was not born of Zhenting. Although Tianao was also surnamed Yue, the blood shed on him was not the blood of the Yue family.

At this time, Tianao's family was very embarrassed and said nothing.

Tianao had a gloomy face and looked at these people as coldly as Mike. He also knew that he was an outsider, but what he was upset about was that all the discerning people knew that the appointed successor of the master and Tianxiong was Mike. Now, as soon as Tianxiong died, these people began to rebel.

Longcheng and some of them had already canvassed for their votes in private. It was estimated that the three old uncles had been bribed by them.

Sure enough, uncle Zhengshan nodded and said,

"Then I, the old man, would like to talk about the candidate in my mind. My opinion is for your reference only. The final decision depends on the choice of all people."

"Well, I think Longcheng is the most suitable person to take over the position of householder. First of all, he is capable. Second, he has high prestige among you, so I think he can take over the position of Tianxiong."

After saying this, Longcheng's supporters immediately responded,

"We also support Longcheng, whose contribution to our family is obvious to all."

"Moreover, the pre-master of the family always appreciated Longcheng when he was still alive. We believe that he is capable of succeeding the master."

Longcheng was sitting there, expressionless, remained indifferent.

He didn't say anything, but no one knew how he felt in his heart.

Yuede and Wenlong, suddenly turned pale.

In the three uncles, the eldest uncle was the most influential person. He must have been bribed by Longcheng, so he supported Longcheng.

"I don't agree!"

At this moment, a discordant voice sounded in the crowd.

Hearing the sound, Tianao's expression suddenly changed. He quickly pulled Mike down and yelled,

"Boy, what are you doing? Sit down!"

It was Mike who said no.

At this time, everyone's eyes fell on Mike, and Zhengshan and Longcheng looked at him with gloomy eyes.

"Mike, why are you so impolite? Are you so rude in front of the elders?" Longcheng said with displeasure.

Being pulled by Tianao, Mike immediately shook off Tianao's hand, stood up with a cold face and said excitedly,

"I don't agree!"

"You can choose a person who can be the temporary master of the family. But if the official head of the family is elected so soon, where will my father be placed? "

"My father has just died, and you hold this meeting outside his funeral hall. If my dad knows it in heaven, how disappointed and sad will he be? Have you found out the cause of my father's death? He is always in good health. Why did he die suddenly? Did you give me a result for me and my mother?"

"Or is it that the murderer who killed him is among you, so you should hurry to choose the master of the family, for fear that I will find out the truth!"

Mike's words, like a thunderbolt in the crowd, let everyone's face change.

"Mike, you are presumptuous!"

"What do you mean by that? Are you accusing us?"

Zhengshan and two other old uncles almost fainted with anger. The three old uncles stood up from their chairs excitedly, pointed to Mike and swore.

Longcheng and Yuede were so angry that their faces turned red, and they denounced Mike,

"Mike, how did elder brother educate you when he was alive? How dare you talk to your elders like that?"

"Son of a bitch, shut up!"

At this time, almost all the people scolded Mike for his impolite words.

Frightened by Mike, Fangru and Anya quickly try to mediate them,

"Mike, don't talk nonsense. Do you want to be kicked out of the family by them?"

Tianao was even more frightened by Mike. He quickly came over and pressed him back and apologized,

"Uncles, brothers, don't be angry. Mike has just lost his father. He's a little excited and speaks without careful diction. Don't take him for granted. "

On hearing this, Wenlong said coldly,

"Tianao, we all know that you doted on Mike since you were a child."

"Don't help him here. Besides, you don't have a surname of Yue. You are just adopted by the old master. You have no right to speak here. You'd better sit back! "

As soon as he said this, Tianao looked embarrassed. He gritted his teeth and said,

"Fourth brother, what do you mean! If my family name is not Yue, what's my surname? I grew up in this family since I was a child. It's too hurtful for you to say so! "

Seeing that they were about to quarrel, Longcheng stood up and yelled,

"Sit down! It's not proper to quarrel outside the mourning hall!"

Then he looked at Mike and asked coldly,

"Mike, you said your father was killed by someone in Yue's family. You can tell us who killed him."

Longcheng was finally countering Mike.

Seeing that it had become uncontrollable, Fangru quickly stood up and apologized to Longcheng,

"Longcheng, Mike has just lost his father. He's out of control. Don't take him for granted."

"I apologize to you all on behalf of Mike."

Longcheng said coldly.

"Can he talk nonsense because he's out of control? He dares to say such words in the Yue's family. Is he trying to say that we killed the elder brother? Is it me? Or the other two brothers? "

"He's an adult and he should speak responsibly! Sister-in-law, don't defend him any more!"

As the wife of the master of Yue's family, Fangru had discursive power before. But now, as soon as Tianxiong died, her discursive power had lost.

In the face of Longcheng's attack, she was suddenly at a loss.

Just then, an old man's voice came from somewhere,

"Tianxiong was murdered by someone. I have evidence."

As soon as the voice rang out, they rushed to seek him. They saw an old man in a gray Chinese tunic suit and with a goatee. He looked like a real immortal and came with a large group of bodyguards.

When Mike Yue saw the old man, his eyes lit up and he exclaimed in surprise,

"Master!"

## **My 18-Year-Old Wife - Chapter 90 Wanshan Qi, the bodyguard of the Yue family**

"Mr. Qi?"

Seeing him, everyone was surprised.

The person who came here was Wanshan Qi, the bodyguard of the two generations of family masters, the head of the bodyguard of the Yue family, and the master of Mike Yue. The old man was 67 years old this year, but he was still used by Tianxiong Yue.

Although he was only a bodyguard in this family, no one dared to be rude to him, and was always polite to him. Because his Kung Fu was really powerful. He practiced traditional martial arts since he was at the age of five.

Now it's always said that traditional martial arts were not as powerful as free combat. That's because if traditional martial arts was wanted to be powerful, it must be practiced from an early age. But this master Qi has been practicing for 60 years, and he was once hired to be the chief instructor of a secret department for half a year. In those six months, the

leader of that department sent several professional soldiers to Zhenting as his bodyguard.

Wanshan called Zhenting the elder brother, so in the Yue family, he could be regarded as the elder of all.

Seeing Wanshan, Mike's depressed mood became better.

"Mr. Qi, you said you have evidence that my elder brother was killed. What evidence is it?"

When they heard Wanshan's words, they were all shocked. Longcheng Yue quickly got up and asked.

Wanshan, surrounded by a group of bodyguards, went to the front of the crowd and looked at Mike. Then he took out a transparent sealed bag, which contained a teacup.

People did not understand, quickly asked what it was.

Wanshan sneered,

"What is it? Can't you recognize that this is the tea cup used by Tianxiong. He liked to drink tea very much. He usually only used this cup at home because his son, Mike, gave it to him on his 40th birthday. "

"I found potassium cyanide in this cup, and I think anyone with a little knowledge should know that potassium cyanide is a highly toxic substance. Shall I tell you more about it now? "

As soon as the words came out, the whole audience stood up and looked at the teacup.

Even the three old uncles of stood up in shock.

Anya heard Wanshan's words and immediately covered her mouth and burst into tears. She looked at the family members angrily and roared,

"Who is it! Who poisoned my father's teacup? Why are you so vicious that you don't let go of the whole family! "

Fangru Lin hugs Anya with great grief. Mike walked out of the crowd and came to the side of Wanshan. He glanced at the people with his teeth clenched. His eyes were about to crack,

"Don't let me catch you! If you let me know who killed my father, I don't care who you are. I'll stab you to death and avenge my father! "

Longcheng's expression was dull, and he couldn't believe it.

At this time, De Yue spoke. He looked at Wanshan and hummed coldly,

"Mr. Qi, you are my elder brother's bodyguard. You are responsible for his safety."

"You are his bodyguard. Now he was poisoned and killed. Shouldn't you bear the greatest responsibility?"

Wanshan looked directly at his accountability and said without expression,

"I will apologize to the family of Yue, but that is after finding out the real culprit who killed Tianxiong."

Hearing that, De Yue looked at Wanshan strangely and said,

"It's just your words. I've seen the body of elder brother. There's no trace of poisoning."

"You said he was poisoned and he was poisoned really? Have you ever had an autopsy? I think you desire to stir up trouble and don't want my family to be better. Is it because we didn't let Mike inherit the position of the head of the family, you and Mike join hands to scare us! "

De Yue seemed to be at odds with Wanshan. With a sneer, he began to stir up the feelings of the rest of the family. He turned around and said in a loud voice,

"As we all know, Mike is the apprentice of Mr. Qi. Today, we hold this meeting to select the successor of the new master. Mr. Qi came here with all his bodyguards. He was an outsider. Why should he interfere in the affairs of our family! Is it that he and Mike have already discussed and wanted to force us to choose Mike? "

As soon as he said this, Mike and Wanshan suddenly changed their expressions.

De Yue's supporters were the first to join in, shouting excitedly. Then others believed his words and began to shout.

"It's a matter of our family. Don't interfere if you don't have the surname Yue!"

"Don't get involved!"

Seeing this, Tianao Yue rushed out to placate the people and persuade them,

"Don't be so excited! Mr. Qi is always our old master's sworn brother. He has been in our family for so many years, and has been working hard to protect all of us. The old master said before he died that he wanted us to treat Mr. Qi well. We shouldn't treat him like this. "

"We are all a family. Don't make such a fuss. We should have a peaceful discussion."

De Yue looked at Tianao with a look of displeasure. He pushed him away and scolded him,

"Why do you always help outsiders! Is your surname Yue or Qi? "

"Wanshan is pouring dirty water on us. You are blind!"

Tianao was roughly pushed away by him and almost failed to stand still. Fortunately, Wanshan helped him.

Wanshan stepped forward and looked at De Yue coldly,

"Why are you so excited when I say that Tianxiong was poisoned? Are you guilty?"

Hearing this, De Yue's face suddenly changed. He was so excited that he almost jumped up and yelled,

"Fart! You just give me a pot of shit on my head, don't you? "

"That's my elder brother. Can I harm him?"

"We respect you as an elder. Don't think you can bluff and bluster in our family. You are getting more and more aggressive. Do you know that?"

Seeing this, Mike walked up to De Yue, looked at him coldly and said,

"Uncle, if you're not the killer, you don't have to be so excited."

"I will find out who the murderer is. At that time, I will only look at the evidence, and I will not let go of this cruel murderer."

De Yue was an elder at least. Seeing the fierce look and threatening tone of Mike, he immediately became angry,

"Mike, you're too rude. How dare you talk to your elders like that!"

The scene suddenly became very chaotic, Longcheng Yue and Wenlong Yue were silent and watching all this.

Tianao, though his surname was Yue, was of the same generation as De Yue, but he had no right to speak at all. He could only be anxious but unable to do anything.

"Bang bang!"

Hearing only the sound of a strong crutch, Zhengshan gave a sharp rebuke,

"All right! Shut up!"

He coughed a few times with anger, and said in a sharp voice,

"How terrible! The old and the young are fighting here. This is outside the mourning hall, not the place where you quarrel!"

De Yue's face turned red with anger, and said without hesitation,

"I don't want to make trouble, but these people are messing around here."

"They said the elder brother was poisoned, so we should do an autopsy first. Without proof or evidence, this is to make our family in jittery. Now there's a poisoned one. Who can live in peace? "

Seeing De Yue so excited, Wanshan said,

"Autopsy is OK. I don't mind. But maybe we can't find out who put the poison after autopsy."

"You are so guilty that you can be cleared of your suspicion after autopsy?"

Seeing that Wanshan was constantly targeting him, De Yue pointed Wanshan's nose and said,

"Wanshan Qi, you..."

Just as they were fighting again, Zhengshan interrupted them,

"All right, all right, no more noise!"

"Manager Qi is an elder after all. You can't be too rude!"

After thinking about it, Zhengshan knocked on his crutch and said,

"About autopsy, I don't agree!"

## **My 18-Year-Old Wife - Chapter 91 Mike Yue lost the election**

"I don't agree with autopsy."

Hearing Zhengshan Yue's words, everyone suddenly didn't understand.

Longcheng Yue asked:

"Uncle, why? Now Mr. Qi said that elder brother was poisoned. Anyway, we have to show some evidence to prove how the elder brother died? "

Zhengshan shook his head and sighed

"Autopsy, that is to announce to outsiders that the Patriarch of my Yue family is dead, and he was killed by someone!"

"Moreover, the autopsy only proves whether Tianxiong was poisoned or not, and it doesn't prove who did it. No, autopsy will destroy the corpse. Do you want Tianxiong to die without a whole body? This is disrespect for the dead, it must not be! "

De Yue was not happy and said:

"How can we not do autopsy? What if the eldest brother is not poisoned, or some people want to disturb our Yue family and deliberately cover up the truth?"

Wanshan Qi and Mike Yue looked at him coldly, without speaking.

Zhengshan still shook his head and said:

"No, an autopsy cannot be done!"

"Everything must be based on Yue family's interests. No one of us can do an autopsy. If we handed Tianxiong's body to outsiders, it is difficult to

guarantee that the news of his death will not be leaked. Whether he was poisoned or not, we have to choose someone to preside over the overall situation. As to whether Tianxiong was poisoned or not, and by whom, you can find out for yourselves!"

"The dead is gone, but the living needs to live. After all, we have so many people."

Seeing that the Yue family still needed to choose a new Patriarch, Yue de was immediately relieved and beamed with joy

"Well, it's time to choose a new Patriarch. Our Yue family is so big that we can't have no Patriarch!"

Seeing that things had reached this point, Mike Yue turned around and nodded and said to Zhengshan:

"Uncle, my father has just passed away, how can you choose a new Patriarch now ? "

"I think it's inappropriate, it's really inappropriate!"

Zhengshan said impatiently:

"What does it mean to have just died? Your father's body is lying in it now!"

"There's nothing wrong with it. Everybody's very sad when Tengxiong is dead. Although you feel sad, you can't let other people stop eating and living because of sadness."

He didn't care about Mike Yue's feelings, and then announced to everyone again:

"Okay, now we will start to choose a new Patriarch. We just talked about Longcheng. Now let me see how many people support Longcheng to be our Patriarch. Let's take..."

Zhengshan couldn't wait to be partial to Longcheng. But before he finished speaking, Fangru Lin, who had been silent, finally stood up, wiped her tears and said solemnly:

"Everyone, listen to me first!"

"We in the Yue family should know that when the old Patriarch was alive, he and Tianxiong had been deliberately cultivating Mike Yue."

"They have already regarded Mike Yue as their successor. Although Mike Yue is young, he has experienced more ordeals since he was a child than his peers. I am not telling you as the mother of Mike Yue, but as Tianxiong's wife. "

"Only Mike Yue is qualified for the position of Patriarch, and only he can develop the Yue family even better!"

"We should follow the meaning of the two previous Patriarchs, trust their vision, and let Mike Yue take charge the Yue family!"

After Fangru finished speaking, Anya quickly said:

"I agree. My dad told me when he was alive. He said Mike Yue is a talent. The potential of Mike Yue is limitless. Among the younger generation of our Yue family, only he can make the Yue family more and more prosperous!"

Compared with the appeal of Longcheng and De Yue, Fangru and Anya were like talking to themselves, and there were almost no other voices in the audience.

Upon seeing this, De Yue and Wenlong Yue only sneered secretly. They were no longer ready to argue with Fangru and Anya.

Now everyone knows that Mike Yue has no status in the Yue family. A young master is not at home all year round, and no one knows what he is doing outside. Even his father's funeral can be late. Is it acceptable to let such a waste be the Patriarch of the Yue family.

No!

However, Longcheng seemed very calm from beginning to end, he never spoke indiscriminately, and generally did not express his opinions easily. He just stood there, speaking only when he needed to speak.

Seeing this, Fangru and Anya were a little embarrassed. Fangru quickly looked at Zhengshan:

"Mike Yue's uncle, what do you mean?"

Zhengshan didn't speak, as if he was thinking about something. In any case, Fangru is Tianxiong's wife, and he cannot refuse it all at once.

Since there is a need to be fair, then things must be handled in a fair way.

After a long time, he raised his head and said:

"In this case, let's vote."

"Now, please raise your hand if Mike Yue is elected as our Patriarch. Let me see how many people are there."

As soon as he finished speaking, Fangru and Anya raised their hands.

But in the crowd, apart from the two of them, there seemed to be no other people. But shortly afterwards, Tianao Yue's family slowly raised their hands, Tianao's wife and his 15-year-old daughter Shanshan Yue.

"I support Mike!" Shanshan raised her hand innocently. After looking around, she still raised her hand high.

Of course, Tianao Yue also raised his hand.

Seeing this scene, De Yue and Wenlong couldn't help laughing. Except for the Tianao's family and Mike Yue's own family, only Mike Yue's master Wanli Qi raised his hand. The number of people who raised their hands can be counted by ten fingers.

It's not an election, it's a disgrace!

The younger generation, headed by Longcheng's son Xiaofeng Yue, also looked at Mike Yue standing next to Wanli Qi sarcastically. Mike Yue is the eldest young master of the Yue family, and the eldest brother of all of them. He was spoiled by the former patriarch and Tianxiong. Now they like to see how miserable Mike Yue is.

"Okay, put your hands down, Mike Yue has six votes." Zhengshan was embarrassed to read the number of votes, and quickly asked another uncle next to him to write it down with a pen and paper.

There was a burst of laughter all around. Naturally, they were laughing at the ignorance of Mike Yue's family.

Fangru and Anya looked at these people with disappointment. They didn't expect that Tianxiong treated these people so well before, but these people were so ungrateful.

However, Mike Yue still stood there calmly. His face remained unchanged, as if the election just now had nothing to do with him.

"All right, please raise your hands if you support Longcheng now!"

After recording Mike Yue's votes, Zhengshan said again.

For a moment, a large number of people instantly raised their right hand. They were eager to raise their second hand to express their support for Longcheng.

When De Yue and Wenlong saw this, their expressions suddenly became gloomy. Longcheng's votes were not good for them!

"Longcheng, 97 votes!"

Upon seeing this, Zhengshan shouted the number of votes for Longcheng with a little excitement.

After recording, De Yue's vote will begin.

When it was De Yue's turn, there were also many people raising their hands, but when the final votes were counted, he was still far behind Longcheng.

"De Yue, seventy-five votes!"

As soon as this number of votes came out, De Yue's face suddenly changed, and Wenlong's face became even more worse. All the people

of the Yue family are here. Longcheng and De Yue have already occupied so many votes. Even if all the remaining people raise their hands to support him, he does not have many votes.

Zhengshan said with a smile:

"I don't think it's necessary to vote. It's obvious that Longcheng has the largest number of votes."

It can be said that the number of votes in Longcheng has become a conclusion. According to the number of votes, he is worthy of being the next head of the Yue family.

Seeing this, De Yue suddenly shouted:

"I disagree!"

## **My 18-Year-Old Wife - Chapter 92 De Yue had rebelled**

To everyone's surprise, another "no" came.

Seeing this, Longcheng Yue looked at De Yue coldly, "Third brother, what do you mean? Everyone agreed on the vote but you just changed your mind. What do you want to do?"

Zhengshan stared at De unhappily and scolded, "Third brother, why do you always change your mind? You have to obey the rules. The result of the vote has shown it all. You can't say you disagree!"

De was unsatisfied too. They had been fighting for the position of the Master long before the old Master died. Everyone wanted this position that everyone looked up to.

He would not miss the chance; no way!

"I said I don't agree!" he patted the table heavily and became furious suddenly.

Everyone, whether directly related or not, started to get confused. Was De going to take the position by force? It had to be said that this De was indeed unreasonable.

"How dare you!" Zhengshan stuck his pestle heavily into the ground. He was so angry that his beard almost stood straight. He cursed, "You'd better follow the rules! Or it is requested that you leave the meeting!"

Looking at Zhengshan, De looked bold and laughed coldly, "Old man, I mean, all of you three are old already, why not go and have some rest? I know you are the founding members. Who knows if you are helping my second brother secretly. What! You think I am easy to fool?"

On hearing this, the three seniors all got angry and stood up.

Longcheng Yue couldn't take it any more. He scolded De angrily, "You filthy bastard! How dare you talk to your uncles like this! Do you even have a little sense of discipline in your heart? Now that our big brother is dead, you have nothing to fear? You want to rebel?"

At the time, Mike Yue and Wanli Qi didn't say anything. They just stared these people with cold eyes.

De, at the moment, had no more fears or respect for Longcheng any more. He laughed coldly, "Come on, second brother! What discipline? What rebel? Speaking of this, I think you are the rebel. Maybe you are the one to have poisoned our big brother. You could naturally take his place after he's dead, huh? You have had it all planned well, haven't you?"

The meeting, at the moment, reached to the climax. It looked like they were fighting for the position of an emperor.

Longcheng got irritated by De and almost kicked him. He pointed at De's nose and cursed, "How dare you set me up! You are making up stories about me without any proof! If you want the position then go ahead, come at me! Shame on you to slander me!"

Seeing the second and third brother fighting for the position, the fourth brother Wenlong had been quiet all along. He just stood by the side, happy to watch what's happening.

"Come at you? Vote?" De sounded so confident from the beginning to the end. He stepped out of the crowd and shouted, "Son! You may come out now!"

His words made everyone shocked.

De's son was Wuliang Yue. He's serving in the military army and his rank was quite high. Shouldn't he still be in the army anyway? Why's he back?

Mike looked at Wanli and they were surprised too.

Here came wuliang, dressed in uniform, with thirty other trained soldiers following him, coming out of nowhere.

They looked like Wuliang's underlings, obviously, and they were armed.

People started to panic, so did Zhengshan and Longcheng.

"Looks like they have been around and observing us for quite a while already." Wanli frowned and whispered to Mike.

Mike frowned too and said, "I know my third uncle never respected any rules, but I didn't expect him to be so bold. He told his son to treat his own family with weapons!"

Zhengshan was intimidated too, though he had seen things like this before. He scolded, "De! What are you doing! We are family! Are you going to hurt your families?"

De laughed coldly, "Do not slander me! You said you want a vote. Well then, let's vote! I had seventy-five votes right? Son, it's time that you supported your dad!"

De looked to Wuliang who had been standing still and straight.

Hearing his father's order, Wuliang ordered his men, "Raise your hands, all of you!"

Shoo!

They were really well trained soldiers! They were so organized even when they raised their hands!

Wuliang raised his hand as well, "Father! Please inspect us!"

De nodded with satisfactory and laughed, "Thirty-seven. Hmm, with the previous Seventy-five, I have one hundred and twelve votes! Do I have the most votes or not? Should I be the master or not?"

Their shameless behaviors soon arose objection of the crowds. However, no one dared to stand out and accuse him. No one wanted to be the target of the guns.

““Are you kidding me?” Wanli couldn’t take it any more. He said angrily, “Your son’s vote counts, but his underlings’ can’t! If they count, then my guards and underlings will vote for Mike!”

Then Wanli and De started to argue.

De laughed coldly, “Fine, but do they add up to a hundred? If not, then quit the idea!”

As a martial practitioner, Wanli had a hotter temper than anyone else. He rubbed his fists and was about to teach De a lesson.

Wuliang seemed to have felt the murderous aura, so he took out his gun and held it against Wanli’s head.

Seeing Wuliang actually took out the gun, Longcheng and other guys shivered and looked scared.

“Mr Qi, steady. Bullets can’t see.” Wuliang said coldly.

Mike looked at Wuliang in anger and said coldly, “Wuliang, look at you! How big of you! You are pointing your gun at my master! How dare you provoke your own family with soldiers and weapons!”

Looking at Mike, Wuliang mocked, “Brother Mike! What are you to scold me? You have been sneaking around all the year round and you are such a useless fool! How could you understand the great ambitions we heroes have! You might as well go on sneaking around after big uncle’s funeral.

We Yue Family will give you monthly living expenses. Listen to me, just quit meddling with this matter!”

Mike said coldly, “Heroes? Did you just call yourselves heroes?”

Seeing the situation’s got under control, De said hurriedly, “Now I have the highest vote; I shall be the new master of the Yue Family! Is there anyone who disagrees? Step forward if you disagree! Or so be it!”

De’s voice was full of threats.

Anyone who dared to say no would die.

Even Longcheng dared not make a sound. The three seniors all sighed and seated themselves back.

Whoever holds the weapon is the king!

Seeing nobody’s against him, De said with a smug smile, “Well then, clearly everyone agrees! Then i shall take my big brother’s position and be the master!

De’s supporters started to cheer and others looked at them in anger.

De didn’t give a damn about them. As long as he had the weapon, he had the power to rule. He’s not worried at all whether these people would serve him or not.

Then De looked at Mike suddenly and laughed, “Now I’d like to fulfill my right as a master of the Yue Family! Mike Yue! You disrespectful rat! The most useless man in Yue Family! You didn’t even come back for your own father’s funeral! Now, in the name of Master of the Yue Family, I

shall kick you out of our family, and you are not allowed to set foot in here any more!"

Fangru Lin, Tian'ao Yue, Anya and Wanli all frozen there.

Mike, too, looked at De in disbelief.

"De Yue! You filthy rat!"

He could no longer hold his temper and rushed to De directly, regardless of the fact that Wuliang had an army behind him.

## **My 18-Year-Old Wife - Chapter 93 Fingers on the triggers**

"De Yue! You wretch!"

It was when Mike Yue broke out completely and rushed towards De Yue in a murderous manner. Wuliang Yue's face suddenly changed. He quickly turned the muzzle of the gun from Wanli Qi to Mike. He said in a sharp voice,

"Mike! If you dare to hurt my father, I'll shoot you!"

For a moment, everyone in the Yue family was scared and their faces turned white. They did not expect that a meeting of electing master of family would be like this.

Seeing that Mike was pointed at with a gun, Fangru Lin and Anya turned pale.

At that moment, Mike stopped moving and was frozen on the spot. He wanted to frustrate De Yue and Wuliang. However, he could not ignore Wuliang's warning. Wuliang, a man deeply inherited from De Yue, never considered the consequences when he did things. Mike had no doubt that if he hurt De Yue, Wuliang would definitely shoot him.

But Wuliang also forgot that beside him stood Wanli, the master of Mike. He aimed his gun at Mike, which undoubtedly made Wanli have nothing to fear. By the time he reacted, Wanli held his gun as fast as he could, and instantly removed the case, cartridge clip and spring of his gun.

"You..."

Wuliang's face changed wildly, and he raised his hand to cut Wanli. But he also forgot that Wanli was a master and had practiced Kung Fu all his life.

Only in an instant, he was held in the throat by Wanli and became a hostage.

"Let go of our boss! Old man, warn you for the first time, let go of our boss!"

"If you don't let him go, we'll shoot you!"

When Wuliang's subordinates saw that their boss was taken as a hostage, they immediately pulled out their pistols and collectively pointed them at Wanli and Mike.

"Don't shoot! Don't shoot!"

"Calm down, calm down!"

Longcheng Yue, which had been calm, was pale with fear that something terrible might happen to the Yue family.

He said to De Yue hurriedly,

"What are you doing! We are all a family. Why are you doing this? If you want to be the head of this family, we will not compete with you! Tell them to put down the guns, and we can have a good talk!"

"Mike, let your third uncle go. Don't mess! And master Qi, you must not hurt Wuliang, otherwise no one can bear the consequences! "

Just when Wanli held Wuliang, Mike also arrested De Yue. As the saying goes, catch the king first. Although the two kings have already been captured, more than 30 people have pointed their guns at Mike and Wanli.

So now the situation became a stalemate, and no one was willing to step back.

Wanli's disciples and those bodyguards were not equipped with guns. Although they had an advantage in number, they were basically useless at present.

Wenlong Yue and Tianao Yue had been scared to hide in the crowd. They couldn't stand the attack of knife and gun. Now their legs were still shaking.

"Mike! How dare you offend your elders!" De Yue turned his head angrily, glared and cursed.

"De Yue, you are unkind and I am not benevolent. Tell your son to let his people get out of my family!" Mike was uncompromising.

The deadlock was still stalemate. Seeing the situation, Zhengshan thought that if there was still a stalemate, there would inevitably be injuries and even deaths.

He sighed and said,

"De Yue, you shouldn't do that. Since Longcheng has said that he will not fight for the position of the master of the family with you, you should ask them to withdraw from our house! "

De Yue was choked by Mike. He cried out loudly,

"Didn't you see that Wuliang and I have become the hostages of Mike and Wanli now?"

"If I call my people out, what should I do if they hurt me and Wuliang in a moment?"

Zhengshan said in a hurry,

"Don't worry, I promise you that they don't dare to hurt you and Wuliang. We are all a family. Why should we be like this! "

Hearing this, De Yue hesitated. He was not afraid of what Mike would do to him. Based on his understanding of Mike, he should not dare to hurt him, but Wanli was different. Wanli was hot tempered and cruel. Wuliang was now in Wanli's hands. De Yue was afraid that his son would be hurt.

"Wuliang, tell your retainues to quit and guard outside first." De Yue sighed heavily and said to Wuliang.

Wuliang listened to De Yue and ordered his subordinates to withdraw first and wait outside.

"Mike, master Qi, let them go!"

After Wuliang' subordinates left, Zhengshan said in a hurry.

But neither Mike nor Wanli listened to him and did not move at all.

"Mike, you don't even listen to you uncle!" Zhengshan saw that Mike didn't take him seriously, so he became angry.

Mike was still motionless, standing there without expression, still holding De Yue as a hostage.

Seeing this, Zhengshan had to persuade Wanli,

"Master Qi, you are the bodyguard of our family. You can't interfere in the family affairs of our family. You are now holding the member of our family, has violated your duty! What's more, De Yue is now the head of the Yue family. You should listen to him. How can you still hold his son? "

Wanli replied with a frown,

"But De Yue wants to expel Mike from the Yue family. Tianxiong has just died. He treats his son like this. Aren't you afraid that Tianxiong cannot die in peace? "

Zhengshan sighed and said,

"Is there any other way? De Yue is right. As the eldest son of the Yue family, Mike never took up his responsibility. He had already finished the training given by his family, but he refused to go home and fooled around outside. He can't even come back even after his father's death. I can't tolerate such unworthy descendant! "

Then he looked at Fangru, the mother of Mike, and advised her,

"Fangru, please advise them not to let Mike do something stupid. If he dares to hurt the family members, he will be the sinner of the family! "

Fangru has been bitterly disappointed to these people, but she knew the etiquette and couldn't let Mike do anything out of the ordinary.

"Mr. Qi, let them go. As the mother of Mike, I thank you for your love for him." Fangru said sadly, "if you don't let them go, Mike won't let them go, either. Don't let him mess around, otherwise, he will become a sinner of this family. "

Wanli was now in a dilemma, but he had to listen to Mrs. Yue.

He sighed and finally let Wuliang go. He kicked him away and looked at Mike,

"Mike, let him go!"

## **My 18-Year-Old Wife - Chapter 94 Expelled Mike from the Yue family**

"Mike Yue, you worthless son of a bitch!"

"Remember, from now on, you are expelled from the clan, and you are no longer a member of the Yue family!"

De Yue, who was let go by Mike, didn't take him seriously. He almost pointed to Mike's nose and scolded him.

Anyway, Wuliang Yue's entourage were still outside. De Yue was not afraid of anyone, especially Mike. Fangru Lin couldn't let Mike mess around, and Mike would listen to Fangru.

"De Yue, I don't know how long you can be the master of the family?"

Mike looked at him coldly and said in a sarcastic tone.

De Yue sneered and said,

"You needn't worry about it, but it must be longer than my elder brother, your father."

"You are no longer a member of this family now. Get out of my house. But don't worry, your mother is my sister-in-law, and I will treat her well."  
"

As soon as he finished, Fangru came over with Anya, guarding Mike from left to right, looking at De Yue coldly and said,

"Even if Mike is expelled from this clan, he is, after all, Tianxiong Yue's son, which is an unchangeable fact."

"Now that his father is gone, no one has right to deprive his right of spending the last time with his father. "

"Don't worry. When Tianxiong's first seventh day after his death is over, all our family will move out of this family!"

Fangru's words made De Yue do not know how to answer.

At this time, Zhengshan Yue helped to effect a compromise,

"Fangru is right. After all, Mike is the son of Tianxiong. No matter what the situation is, he should spend the last time with his father. What's more tomorrow is the first seventh day after Tianxiong's death. Let Mike accompany his father for another two days. "

After all this, De Yue was unwilling to say anything more.

Besides, his position as the master of the family was about to come. It didn't matter that Mike stayed here for two more days.

"Well, after all, I've just succeeded to be the master after my eldest brother. I can't be too ruthless."

De Yue sneered and looked at Zhengshan,

"Uncle, should you solemnly announce to everyone who is the new master of the family?"

With a gloomy face and a heavy sigh, Zhengshan announced to everyone in public,

"Now I declare that the new master of our Yue family is De Yue!"

"In the future, everyone should listen to the master's words and not violate his orders. Everything should be based on the interests of the family and respect the master of the family."

After the announcement, Zhengshan didn't want to stay here for a moment, so he left here with two other old uncles clutching his cane.

"Master, I hope you can do your duty well, so that the future development of our Yue family will be better and better."

At this time, Longcheng came over and said to De Yue without expression.

De Yue laughed, patted Longcheng on the shoulder and said with a smile,

"Don't worry, second elder brother. Everything is based on family interests. I understand that."

"I won't let you down."

Longcheng didn't seem to want to see De Yue either, so he turned around and left.

Seeing this, De Yue sneered in his heart,

"What's that? You've got a stiff face all day..."

"From now on, I am the master of the family. I don't care who you are."

The crowd also gradually dispersed. All the people who came to the meeting today seemed to be scared and didn't want to stay here for a moment. No one wanted to stand as guards at Tianxiong's bier. It was the sixth day, and the next day would be the first seventh day after Tianxiong's death.

"Brother!" At this time, Wenlong came up and said, "actually, I didn't want to be the master of this family at all. I knew that I couldn't compare with you and my second elder brother."

"So no matter which of you is the master of the family, I will support you. Of course, we have the best relationship at ordinary times, and I am sure I am the most supportive of you!"

Wenlong was grass on the top of a wall which swayed with every wind. When he saw De Yue was in power, he naturally turned around and flattered him. The master of family could use and allocate all the resources and social relationships in the family at will. Who could have a good relationship with the master would benefit greatly.

De Yue seemed to like Wenlong to flatter him. He laughed,

"Don't worry, we have such a good relationship. I will take good care of you."

"Don't try to learn from some people who use our family name and turn his elbow out."

There was a hint in De Yue's words, and their eyes were directly on Tianao Yue.

Tianao was stunned there, his face turned pale, and his heart was extremely subdued. When the old master was fine here, no one dared to treat him like this. Even when Tianxiong was still there, no one dared to treat him like this. Now that the two backers were gone, he, a stranger, couldn't get the basic politeness in his family.

He endured the irony and went to Mike.

After a while, people were almost gone. De Yue, Wenlong and Wuliang also left. However, they didn't go home. They were supposed to go out to celebrate.

"Mike, you are so impulsive today. You know that De Yue is not easy to get along with. You are now expelled from your family. Do you know that?" Tianao came over and said bitterly.

With a indifferent smile, Mike said,

"I'm fine, Uncle. As you can see, these people only fight for fame and wealth, and they have no family relationship. It doesn't matter whether I leave this family or not because my father was gone anyway.

Tianao looked pale and sighed,

"How could it be like this? Your father has just passed away, and you were all driven out. How can I explain to him?"

Fangru said,

"Tianao, you don't have to be sad. Anya and I were going to leave by ourselves, not by them. We will also leave in a dignified manner. In the future, you'd better follow De Yue in this family. He is a narrow-minded man, and he always likes to target people. "

Hearing this, Tianao said with moist eyes,

"Sister-in-law, you must take good care of yourself when you are outside. If you have any difficulties, just tell me."

With a faint smile, Fangru said,

"You don't have to worry about us. We has several properties outside. Even if we leave the Yue family, we don't have to worry about our life. And I am a member of Lin family. If there is any difficulty, my mother's family will help us. "

Tianao nodded. He almost forgot that Fangru belonged to the Lin family in Jinling. The Lin family was also a big family in Jinling.

"Well, let's stand as guards at the bier for brother tonight and tomorrow night, and then he will be buried." Tianao said.

In many places, people were buried on the seventh day after their death. In some places, the burial was on the second day after the first seven days.

The custom of the Yue family was to bury the death on the second day after the first seven days, so the day after tomorrow would be the day when Tianxiong would be buried.

"I want to be alone with my dad tonight." Mike suddenly raised his head and said, "you all go back to have a rest. Come back tomorrow night to stand as guards at the bier for my father. I have a lot of things to talk to him tonight."

When they heard this, they all looked at each other, stand as guards at the bier alone?

Fangru sighed and said,

"Let Mike stay here alone. He wants to get along with his father alone, so we can't disturb them."

Finally, everyone left, leaving only Mike and Wanli.

The master and the apprentice stood face to face, and Mike nodded and said,

"Master, please keep your entourage close by. Don't let anyone come near the mourning hall and disturb me and my father. "

Wanli nodded, patted Mike on the shoulder, and then turned to leave.

# My 18-Year-Old Wife - Chapter 95

## Provocation

Today was the seventh day after Tianxiong Yue's death. The memorial was much better than that of the first six days.

This was the rule and also the custom of Yue family, so even the head of the family had to come. However, De Yue and Wenlong Yue were still late for the first rite. When they came, they were drunk and couldn't walk steadily.

It was obvious that the two brothers went out last night and didn't come back until dawn.

Seeing this, everyone was a little disappointed in the new head of Yue family.

"It's a sin and a shame!"

Seeing this, the three old men all shook their heads and sighed, thinking that Yue family might be destroyed by De Yue.

In the middle of the process, the butler of Yue family suddenly ran into the mourning hall in a hurry and reported to everyone, "Damn it! The other three families are coming. They are clamoring outside and want to come in, saying that they are coming to mourn Old master Tianxiong! "

As soon as he finished his words, everyone's eyes widened with shock.

"Why are they here! How did they know that Tianxiong passed away? " Zhengshan stood up from his chair and his face changed dramatically.

"I don't know. They said that they would come to see off and mourn Tianxiong. It seems that they have known that something has happened to our Yue family." The butler said in a trembling voice.

Yue family had already ordered to block the news of Tianxiong's death, and no one could spread it out. Unless Yue family had moles, no one else could know the death of Tianxiong.

"Who!? Who revealed the news of Tianxiong's death! Bastard! "

Zhengshan was so excited that he hit his crutch and shouted at everyone present.

The crowd began to discuss loudly, guessing who had betrayed the Yue family.

At this time, Derek who had sobered up came out and said, "Don't yell. It's not the end of the world. Now the new master of Yue family has been chosen. Even if they know that my brother has passed away, so what? Can't I support such a big family's business?"

"Butler, just take them in."

Zhengshan frowned and said, "The Lei family, Wang family and Ye family came to our Yue family at the same time. Obviously, they came with ulterior motives."

"Today is the seventh day of Hanley. What if they come here to cause trouble?"

De Yue said indifferently, "Don't be afraid. Our Yue family has so many people, and my subordinates haven't left either."

"Besides, Old master Qi is here. How dare the three families make trouble?"

Hearing this, Zhengshan and the other two old man were helpless. They couldn't control him before he became the head of the family, let alone let him be the head now.

"Butler, go and invite the them in. Don't make them wait too long!" Joseph said to butler in a hurry.

At this time, Mike Yue and Wanli Qi in the crowd suddenly looked at each other meaningfully.

Before long, the other three family heads were led to the mourning hall.

They were the head of Lei family, Wang lei; the head of Wang family, Shanhe Wang and the head of Ye family; Changgeng Ye. They was coming in the mourning hall with happy mood.

Obviously, the three of them were here to start something. The people of Yue family looked at them coldly with rage.

Mike couldn't help but walk out and said coldly, "This is the mourning hall, not a place for fun. How could you three laugh?"

Hearing this, Shanhe sighed, but still with a smile on his face, "Oh, it's the big nephew! We're also very sad about the news, but we can't change anything, and we should be positive. Do you want us to cry? Ha ha!" His words were full of provocation.

Mike clenched his fists to suppress his anger.

At this time, the head of Lei family, Wang Lei, also looked at Mike and mocked, "Nephew, we heard that you were kicked out of Yue family. Why are you still in here?"

"Oh, right. After all, he is Tiansong's son. Anyway, he has to perform his last duty. The head of Yue family is very kind."

As soon as Wang Lei finished his words, Mike's face changed. He frowned and asked, "Yes, I was kicked out of Yue family. But I was expelled from my family last night, and the new master of Yue family was also selected last night. How did you know that? Who told you?"

Hearing this, the faces of Zhengshan and others changed. These things all happened at last night. And it was very late after the meeting was over. They all went back to their own home. How did they know these two things?

Unless someone from Yue family sent news secretly, there must be a hidden traitor in Yue family!

"Mike, how can you talk to the elders in this way?" At this moment, De Yue came over in a hurry and scolded Mike, "You are not the member of Yue family now. It's none of your business! I've already been kind enough to you by letting you stay in Yue family for two more days. Don't make any trouble for me again. These three are all friends of our Yue family. How dare you talk to them like that?"

Mike, who had been deprived of his identity as the master of Yue, was now an ordinary person.

Mike looked at him coldly and said, "you must be the traitor. My father and my father have worked hard to establish their business. How dare you ally with outsiders? What do you want to do?"

At this time, Shanhe and Lei looked at them without saying a word.

With a livid face, he scolded, "If you keep talking nonsense here, I will kick you out!"

Seeing this, Tianao Yue hurried to pull Mike away and reminded him in a low voice, "Mike, stop it, or you won't even be able to perform your last duty to your father!"

Now almost everyone knew that the hidden traitor of Yue family was their new master, De Yue.

At this moment, even those who supported him before changed their faces. As the head of a family, what did he want to do by cooperating with the other three families?

## **My 18-Year-Old Wife - Chapter 96 Yue Family Was Being Robbed**

Shanhe Wang lit some incense as a tribute to Tianxiong Yue.

"Congratulations master De Yue. From now on we can work together, make money together, and develop our businesses together."

The heads of the four great families finally gathered together, and they chatted cheerily with each other.

Members of Yue Family all arched their brows. How could they talk so vigorously and happily at Tianxiong's funeral? Where is their respect?

Zhengshan Yue's face set. He was so angry that he wanted to kick them out with his crutch. But he didn't have the power to do so because De

was the new head of the family. These people who were conducting the ceremony felt rather awkward. They didn't know whether they should keep the ceremony going or not.

"We come here today with two purposes. The first one is to pay tribute to Tianxiong, and the second purpose is to make our attitude about Yue Family clear." Shanhe Wang, the head of Wang Family, said suddenly.

"Our three families want Yue Family to be our partner in business, not a rival. In this era, making money is a top priority, and how can we make any money if we can't even coexist peacefully?"

He continued: "That's why I hope we can stop competing with each other. We should develop the four families of ours with joint efforts, so that our families can be prosperous forever. What do you think? Old masters of Yue Family?" Shanhe then looked at Zhengshan.

Zhengshan and the other two masters of Yue Family looked at each other in confusion. They had no idea what did Shanhe want.

Zhengshan shook his head and sighed. He replied: "Of course. None of us can be benefited from head-to-head competition. We can only achieve a win-win situation if we cooperate with each other."

The heads of the three families laughed heartily.

Shanhe said: "Yes. We must live in harmony and we must treat each other like we are one family."

He then took out a few documents from his briefcase and said to Yue Family: "Since we are one family, I can be frank about my purpose. Wang Family has been doing the business of building materials in recent years.

So I want Yue Family to give all your building material companies to Wang Family. And I want Yue Family to stay out of this field altogether.”

Yue Family’s members’ face changed. Now they know the true intention of these three people. They were there to take advantage of Yue Family’s misfortune.

When Shanhe finished, Wang Lei stood up and said smilingly: “Lei Family is doing medicine business. So I hope Yue Family can give us your medicine manufacturers in Capital City. And stay out of medicine business from now on.”

Everyone in Yue Family was even more shocked.

And then, Changgeng Ye said: “Ye Family is doing financial management. So I want Yue Family to give your finance companies to us. Ye Family has many experts in management and investment. So your finance companies may gain better development under our family. We can also give your family thirty percent of the profits every month.”

They all made their unreasonable requirements in a tone that brooked no argument.

Every one in Yue Family went furious. They rebuked these three families for behaving like a bunch of robbers.

Tianao Yue could no longer hold his anger back. He shouted at them: “Why would we give our companies to you? Is this a robbery? You should forget about it because Yue Family will never allow that to happen.”

Tianao finished. Before Shanhe said anything, De glared at Tianao and shouted: "Fifth brother, who are you to represent Yue Family? Who is the head of the family? Is it me or you? Keep your mouth shut!"

When De finished, Longcheng Yue's anger flared up. He shouted at De: "Third brother! What do you mean? Are you going to say yes to their demands? Fifth brother is right. We can not give our companies to the other people! How will father and big brother feel in heaven when they see us doing this?"

De put his hands behind him and countered arrogantly: "Calm down! They were just saying! Nothing is settled yet! Why are you so excited? And also, I'm the head of Yue Family, and keep your mouth shut before I made my opinion clear!"

Shanhe said smilingly at that moment: "Please calm down. You are all too excited. I was not finished. This is not a robbery. This is a cooperation. We will also give some businesses to you, after all, we are all one family!"

Yue Family got further irritated. What they asked for were all profitable big companies, and what they planned give Yue Family were must some small businesses that can't make any profit. They were obviously trying to rob Yue Family when Tianxiong passed away.

"Never! I'll never agree!!" Zhengshan thrust his crutch angrily on the ground, and shouted: "These are the properties earned by the last two heads of Yue Family, and we will never give them away!"

The others all echoed Zhengshan's words furiously: "No! We will never agree! Cooperation is okay, but do not expect to take our property away!!"

Fangru and Anya all shook their head with great disappointment. De was obviously trying to destroy Yue Family. If he signed this unfair contract, the fortune made by Zhenting and Tianxiong step by step would soon be lost to the others.

“Shut up! What are you all shouting for?” De said angrily: “They made it very clear that this is a cooperation! The four families of ours must work together!! Besides, our Yue Family is a great family, and why are you so petty all of a sudden? You are being short-sighted! I am now the head of the family, and I believe we must show our sincerity if we want a cooperation. So I agree to their proposals.”

He then said: “Let’s sign the contract right here, right now! Just to show our sincerity.”

Then De took Shanhe’s contract and was about to sign on it.

Yue Family’s members’ face went pale. They cursed De inwardly. They knew Yue Family would never be one of the four great families when the contract was signed. De betrayed Yue Family.

Zhengshan and the other two old masters of Yue Family collapsed on chairs. Tears poured down their faces. They choked: “Zhenting! We let you down! We didn’t protect Yue Family!!”

Longcheng also collapsed on a chair. He clenched his fist and shivered nonstop. He said: “What a shame! What a shame!!” He knew Yue Family would be doomed once the contract got signed by De.

But unlike the other people, Mike and Wanli smiled coldly.

And at that moment, an authoritative and commanding voice was heard.

"I dare you to sign that contract!!"

The voice was very loud and everyone heard it. De got impatient because he was about to sign it. He shouted: "Who the hell is that? How dare you to talk to me like that!"

All of a sudden, everyone's face changed. Someone screamed: "That voice is... Tianxiong's voice!!"

De's face changed when he heard it, and his pen was suspended in air.

Longcheng's and Zhengshan's eyes widened. They also thought that voice was Tianxiong's voice.

Shanhe and the other two heads were shocked to the core. "Isn't Tianxiong dead? What is going on?" They thought to themselves.

And then, Tianxiong's commanding voice was heard again. "De Yue! Who gave you the courage to do this?"

Everyone heard it clearly. That voice was indeed Tianxiong's. They were so frightened, and the hair on their arms stood up. They then looked at that coffin with horror, which was half open.

## **My 18-Year-Old Wife - Chapter 97**

### **Unexpected reversal**

The coffin in the center of the mourning hall was unlatched. The official time to cover the coffin was the night before the burial.

So Tianxiong Yue's coffin was not covered tightly. At this time, the sound came from his coffin. When the dead man spoke, the other people in the mourning hall almost knelt on the ground.

"Tianxiong... Tianxiong, he spoke! He... the corpse spoke!" Someone yelled in horror.

At this moment, Shanhe Wang's face turned white with fear, and they even stepped back. De Yue was also scared to stay in place, afraid to move. He was afraid that Tianxiong would get out of the coffin and drag him into the coffin.

Tianao Yue and Anya were also extremely shocked. Everyone could hear Tianxiong's voice clearly. Anya had never believed in ghosts and gods. She was absolutely materialist. But now, she was also scared.

After all, who was not afraid of the dead speaking?

But there were only three people who were not afraid. They did not even change their expressions and even showed a meaningful smile. These three were Mike Yue, Wanli Qi and Fangru Lin.

"Who... Who can go to have a look? Maybe Tianxiong wasn't dead yet.. "

Zhengshan Yue clubbed his crutch, but he was so scared that he almost threw it out.

At this time, no one dared to have a look, no one had the courage, all of them shrank back.

"Longcheng, go to have a look!"

Zhengshan stabbed Longcheng with his cane.

"What! Shall I go to have a look? "

Longcheng looked frightened, completely lost the past calm.

"Who else but you will go? Shall I go? That's your elder brother. What are you afraid of? "

Zhengshan said in a bad way.

Hearing that, it was improper to refuse. After all, he was the second master of the Yue family. He should have the momentum and courage. He couldn't be laughed by others at this time.

Shivering, he slowly approached the coffin, trying to get closer and look through the gap to see if his elder brother was not dead.

At this time, not only he, but others also held their breath and became extremely nervous.

Suddenly, inside the coffin, with a sound of "bang", the whole coffin shook violently. Longcheng was scared to run outside.

Others also fled, yelled "living corpses", and then collectively rushed to the outside of the mourning hall.

Seeing Longcheng and these people in a mess, Mike and Wanli couldn't help laughing. De Yue and Shanhe, however, had been frightened to the corner of the room, shivering and looking at the coffin in horror.

"Mom, my... my father... he..."

Anya shrank in Fangru's arms and her pretty face was full of panic.

"Don't be afraid, your father was not dead at all..."

Fangru's face showed an unabashed smile and whispered to Anya.

Anya heard the words and looked at the coffin and Fangru. Her eyes were full of shock and disbelief.

Tianxiong was not dead? How could it be!

Just then, Mike and Wanli walked to the coffin and lifted the heavy cover of the coffin.

"Dad, come out. It's really bad inside."

With a faint smile, Mike said to Tianxiong, who was lying in the coffin.

Then, in all the eyes of fear, Tianxiong stood up from the coffin with a sneer. It seemed that he didn't want to come out yet. He was standing in the coffin with a pistol in his right hand. The pistol banged on the coffin and made a thump.

"Master..."

"Tianxiong..."

"Brother..."

"Damn it!"

At this time, all the facial expressions were very complex. They screamed with surprise.

"Tianxiong, you... You're not dead!"

Zhengshan was the first to react and exclaimed excitedly.

Tianxiong finally came out of the coffin, still holding the pistol in his hand. He glanced around everyone and said with a faint smile,

"I'm sorry, everyone, for a little joke."

"I'm not dead, and no one poisons me. But what make me feel wonderful is this farce let me find out a lot of things. Fighting for fame and wealth, regardless of family relations, someone even let me find out the traitor of the Yue family!"

With that, Tianxiong stopped smiling, raised his hand, and pointed the muzzle of the pistol at De Yue, saying lightly,

"De Yue, don't you think so, you scum!"

De Yue was frightened. He was pointed at by Tianxiong. He immediately knelt on the ground and begged for mercy,

"Brother, elder brother, I'm wrong!"

"Don't shoot. Don't shoot. I'm your brother!"

Hearing this, Tianxiong sneered. He quickly turned the pistol and aimed at Wuliang, who was standing next to De Yue,

"Wuliang, how dare you rush into the house of Yue with a gun and point the muzzle at your family. What do you want to do, and if anyone disagrees with your father's position as the master of the family, will you shoot and kill anyone? "

Wuliang shivered all over his body, and his face was in a cold sweat. He hasn't responded to this situation.

Seeing that his father De Yue has become the master of the Yue family, the status of their family in the future would be extremely respected. Unexpectedly, Tianxiong didn't die.

"Uncle, I..."

Wuliang's voice was so trembling that he couldn't speak. He knelt down to Tianxiong.

Seeing this, Tianxiong just shook his head and sneered. Then he pointed the muzzle of the pistol at Shanhe, Wang Lei and Changgeng Ye.

"Mr. Wang, Mr. Lei and Mr. Ye, you are too greedy to divide so many enterprises of my Yue family."

"Have you asked me about it?"

Tianxiong had a gun in his hand, which seemed to have become the person in charge of the whole situation. He would shoot anyone who dared to annoy him.

The three men were shaking, but at least they were the masters of the three families, and they did not kneel down.

"Tian... Tianxiong, misunderstandings, those are all misunderstandings! What's more, we don't know that you were pretending to be dead. How can we ask you... "

Shanhe said awkwardly.

Hearing this, Tianxiong sneered,

"Misunderstanding? When something goes wrong with my Yue family, you come to make use of our misfortune. Do you think it's a misunderstanding? "

"Now I shoot you, I said I killed by mistake, can you not hate me in heaven?"

As soon as the words came out, Shanhe was suddenly paralyzed and trembled,

"Mr. Yue, you... You can't mess around. My Wang family is just behind your Yue family. If you kill me, my family will never leave the matter at that."

Hearing this, Tianxiong sneered and put his hand down.

At this time, Anya, who had already been unable to control her emotions, ran to Tianxiong, threw herself into Tianxiong's arms and burst into tears,

"Dad, you're not dead. Why do you cheat us?"

"You scared me alot. I thought you were gone. What should my mother and I do in the future?"

Seeing this, Tianxiong quickly patted Anya on the back and said with some apology,

"Baby girl, dad knows you've been wronged."

"Sorry, Anya, if you want to blame, you..."

With that, Tianxiong pointed directly to Mike,

"You can blame him. He gave me the idea!"

## **My 18-Year-Old Wife - Chapter 98**

### **Tianxiong Yue's anger**

Tianxiong's feign death was indeed the idea of Mike Yue.

As early as the last time Tianxiong and Fangru went to Chuzhou City to visit Mike, Tianxiong talked about the Yues' internal and external troubles with him. The three families coveted the Yue family for a long time, and many people were playing tricks to destroy the Yue family.

But inside the Yue family, it was not united, everyone only cared about their own interests. Many people were fighting openly and secretly for personal gain. What makes Tianxiong even more upset was that he had found that some people in the Yue family colluded with the three families to seek more benefits.

Tianxiong suspected a lot of people, but they couldn't prove who was the traitor.

So the night before Tianxiong left Chuzhou City, Mike came up with a way to solve these problems thoroughly. This method was to feign death, not only to see through the hearts of the people, let the traitors themselves jump out, but also to let the other three families show their fox tails.

"Damn it! Dad, how can you betray me?"

Mike was betrayed by Tianxiong, and his eyes immediately widened.

Anya was so angry that she kicked at Mike's butt and scolded angrily,

"Go to hell! Do you know how sad I am? I thought dad was gone. How can you and mom kept it from me?"

After being kicked, Mike knew that he was in the wrong. He quickly grabbed Anya and whispered,

"Sister, I'm wrong. I'll explain it to you later."

"Let's let dad get down to business first."

At this time, Zhengshan looked at Tianxiong and said in a trembling voice,

"Tianxiong, you're not dead. You played such a big trick."

"We're old enough to stand the shock."

Tianxiong walked forward a few steps and said,

"Uncles, I'm really sorry. I really shouldn't keep it from your three elders."

"But I have no other way. I have been the master of this family for two years and have been doing my duty conscientiously. I know that I don't owe anyone of the Yue family, but during my two years in office, some people in the Yue family fought openly and secretly, and some even colluded with outsiders to plot the property of the Yue family! "

"In just two years, several of our big companies in Capital City, including some small companies across the country, had losses. All the losses add up to more than 800 million yuan. Do you know where the 800 million yuan went? "

As soon as he said this, Zhengshan and other people in the Yue family all turned pale and took a cold breath.

What was the concept of a loss of 800 million yuan in two years? Other small families may not make 100 million a year.

"Because of internal and external troubles, I have to do this to catch the traitors! Then it can shock the other three families and let them know my means. I hope they don't keep staring at the assets of our family! "

Tianxiong said majestically and solemnly that he was a well deserved master of the Yue family, and his actions and actions were full of heroic spirit.

"Gosh."

At this time, Zhengshan sighed and had nothing to say.

Now that the traitor has been caught, it was De Yue, who made his family lose eight hundred million yuan in two years. If the old master was still there, De Yue would be killed by him.

"And if I don't, I really don't know how my family treat their relatives!"

Tianxiong's face grew colder and he glanced at all the people and said coldly,

"You had a meeting last night, and I heard it clearly in the coffin. I didn't treat you badly, but what about you! What did you do to my wife and daughter after I died? What do you do to my son, Mike? "

"Except for the Tianao and his family, no one helped them, no one spoke for them! My son was going to be expelled from his family, and there was no one to intercede for him. You make me feel so cold! "

Tianxiong became more and more angry, and all the people of the family suddenly trembled, and they all hung their heads in shame.

Some people really wanted to defend themselves just now, but Tianxiong had already heard everything in the coffin last night. What else can they say?

"Sorry, master \*"

At this time, everyone apologized to Tianxiong.

Tianxiong looked at them coldly and put his eyes on Longcheng Yue,

"I'm not angry with you for choosing the owner of the house, because as soon as I die, the family must choose a new one to stabilize the situation."

"But as their second brother, as their second uncle, how did you take the lead?"

Longcheng was reprimanded and hung his head, and did not dare to refute a word.

"Mike is going to be expelled from the clan. You don't do anything. Do you deserve him calling you second uncle?"

In the face of Tianxiong's accusation, Longcheng was like a child who had done something wrong and said in a hurry,

"Sorry, brother! I know I'm wrong! "

Tianxiong snorted coldly and looked at Wenlong Yue again. His tone was colder,

"And you! You're a scum!"

This word have completely summed up Wenlong.

Wenlong trembled with embarrassment,

"Sorry, brother! I'm wrong!"

At this time, Tianxiong set his eyes on Tianao Yue and said,

"Tianao..."

"Thank you! Thank you for always defending my family. You are worthy of the member of the Yue family. You are born to be a member of the family, and death is the ghost of the family. No one is qualified to say that you are not a member of the Yue family! "

Tianao stares at Tianxiong, tears in his eyes and nods,

"That's what I should do, brother!"

At this time, Tianxiong's eyes fell on the three old uncles. Under Tianxiong's gaze, the three elders couldn't help but drop their heads.

Tianxiong shook his head and sighed,

"The three of you are the most senior members of the family. Although I am the master of the family, I can't blame you. "

"But you three, seeing that my son is going to be expelled, won't you stop it for the sake of me?"

Zhengshan sighed,

"Tianxiong, it's not that we don't help Mike. But he didn't make much contribution to the family in recent years. As the eldest son of the family, he didn't go back home for two years. When the old master passed away, he didn't come back to have a look, even you, his father... He came back late. "

"If we help him again, isn't it a grand way to pamper him?"

Hearing this, Tianxiong could not help but sneer.

When the old master passed away, even though he wrote a will to let him inherit the position of master. There were still many people who wanted to fight for the position of the master of the family. At that time, even the people from the side of the family were involved, and even several people died.

What's more, taking advantage of the chaos of the family business, they began to make money crazily, and these people were not a few.

At that time, only Mike found out the real cause of the old master's death without rest. He found the man who poisoned the old master and stabbed the enemy with his own hands.

These things, the family members did not know.

In order to hide himself, Mike didn't let Tianxiong tell anyone.

Tianxiong snorted coldly,

"Aren't you also canvassing for votes in a dignified place and bullying your own family? What else can't be grand? "

"Well?"

Tianxiong was angry, and the three old uncles were frozen on the spot, unable to say a word.

## **My 18-Year-Old Wife - Chapter 99 Mike's perfect plan**

"Since you always say that Mike is a piece of trash, I'll tell you today that the whole plan of my fake death is thought by Mike!"

"You said he was a loser, but his plan deceived all of you. You all are losers! If he is going to be expelled, all of you should be expelled!"

Mike Yue was his son and pride. As a father, he couldn't bear that his son was belittled and bullied by these people.

Everyone was so frightened that they didn't dare to argue. The three old men blushed and had nothing to say.

Mike stood beside Tianxiong Yue, with no expression on his face.

All this was designed by him. It didn't cost him much energy. Moreover, when he first proposed this plan to Tianxiong, he had already expected the result.

This plan was flawless and there would be no mistake.

"It seems that it's your Yue family's business. It has nothing to do with us. We have to go! " Shanhe Wang said and the three prepared to run away.

Hearing this, Tianxiong raised his hand and shot at the ground in front of the three men.

Bang! with a gunshot, everyone trembled with fear, and the three of them screamed weirdly and hurried to retreat.

"What are you doing?"

"How dare you shoot! We are the heads of three families, not your Yue family's men!"

Shanhe and Changgeng Ye seemed to be anxious too. They shouted at Tianxiong in shock and anger.

Tianxiong looked at them coldly and said, "Do you think I'll let you three off without paying any price?"

"You must have known the news of my death on the first day I faked my death, right? It was told by De Yue. You have launched an attack on our company on the first day. But the members of Yue family has been busy with my funeral these days, so they don't know it. "

"But I know that my company has lost a lot of money. How are you going to compensate me?"

Shanhe said, "Well. We can pay for it. But you shouldn't shoot at us." Tianxiong sneered.

"I also know that you have set an ambush outside Wanxiang Garden and arranged more than 100 killers. As long as we signs the company's

transfer agreement, you will let those hitmen rush in and force us sign other things so as to completely destroy our Yue family."

"Even if I don't let you go today, what can you do with me?"

The members of Yue family were all stunned after they heard what Tianxiong Said. They didn't expect that these three families want to completely destroy Yue family today.

"De Yue, you bastard! You traitor! "

Longcheng Yue raised his head and pointed at De Yue who was kneeling in the mourning hall.

"De Yue, are you out of your mind!" Zhengshan Yue was so angry that he scolded harshly.

With shock and grievance, De Yue hastily explained, "I don't know that! I don't know they had arranged killers outside!"

"Shanhe, you lied to me! Didn't you say that you would work together and make money with me? You fucking want to destroy our Yue family! "

The three of them were also shocked. What shocked them was that how did Tianxiong know that they had ambushed killers outside?

"Humph! We admit defeat, So what?"

"Tianxiong Yue, how much compensation do you want? We can compensate for your family!"

"That's enough. You don't have to fight to the death, do you?" Shanhe also put his hands behind his back and said, "the people we arranged are

all masters. If you insist on embarrassing us, then we are not pushovers. If they break in, it is uncertain how many people will die today! "

Hearing this, the people of Yue family were a little scared. If the killers really rushed in, it was inevitable that someone would die. They didn't want to die.

"Tianxiong, let them go. Some elders are too old to be scared."  
Zhengshan said in a hurry.

Tianxiong turned a deaf ear to them and looked at the three men coldly, "Are you threatening me? Do you think I don't dare to shoot?"

Changgeng stepped forward and sneered, "Master Yue, I don't believe you dare to shoot. You are not a fool. If we three families want to fight you to the end, can you have a good time? The worst result is we all suffer great losses... "

Before he could finish his words. Tianxiong raised his hand and shot without hesitation.

Bang, the fire spurted out and the bullet pierced through Changgeng's head.

Except for Mike and Wanli, everyone present widened their eyes in shock.

Tianxiong did shoot! He shot and killed Changgeng, the head of Ye family!

Mike hurriedly turned Ya An's head to prevent her from seeing the bloody scene.

"Tianxiong, are you crazy?" Shanhe and Wang Lei were scared to death.

After shooting, Tianxiong was very calm. He put down his right hand and sneered, "After all, I'm the leader of Yue family. If I don't shoot, how can I be dignified?"

Shanhe said in a trembling voice, "As soon as the gunshot is fired, the killers lurking outside will rush in immediately! Have you ever thought about the consequences? Have you ever thought about what Ye family will do to your Yue family?"

Facing with Shanhe's question, Tianxiong smiled again and said, "I'm sorry. Your killers will come in soon, but they must have been brought in by my men."

"As for the consequences, I have asked Mr. Qi and his people to secretly copy the account books and data of your companies these days. When you launched an attack on my company, you didn't expect that I was faking my death, so you were not prepared for me. I'm not afraid to tell you that I have got the evidence of your three families' tax evasion and some criminal evidence. The amount of money is more than one billion, which is enough to make your three families destroy."

"As for Ye family, they are involved in smuggling and poison production. The Ye family will disappear in Capital City tomorrow."

"Tell me, what consequences can I have?" Speaking of this, Tianxiong couldn't help laughing.

This was also a part of the plan, and it was also provided to him by Mike.

Hearing this, Shanhe and Wang Lei collapsed to the ground and looked at Tianxiong in despair.

## **My 18-Year-Old Wife - Chapter 100 Yue Family, the invincible!**

Changgeng Ye was doomed to die. It was not because he was provoking harder than Shanhe Wang. Now that Tianxiong Yue had seized the evidence to take down the whole Ye Family, so what Changge died?

Right at this moment, there were footsteps. Looking to the direction of the sound, people saw hundreds of well-trained, murderous looking men escorting hundreds of men in black uniform. They were walking over.

To Longcheng Yue's surprise, it was Wuliang Yue's underlings that were being escorted. The defeated soldiers looked discouraged with their head lowered.

The soldiers, as well as the killers sent by Shanhe, were made to kneel in front of the mourning room, one row after another and well organized.

Standing behind them, the hundreds of well-trained murderous looking men took out their guns and held the guns against those soldiers' and killers' heads.

Then a strong man ran over in small steps and stood in front of Tianxiong. He saluted to Tianxiong then Wanli Qi with respect, and said, "Master Yue and Chief Instructor, we've got everyone here with no one less!"

Tianxiong clapped and laughed, "Well done, Captain Zhou!"

Wanli came over and responded him with a salute. He nodded in satisfaction, "Nice job, Zhou!"

Obviously, the Yue Family was shocked at the scene. They almost forgot that Wanli had once been the Chief Instructor in some secret army, which meant these well-trained men belonged to that secret army.

Thinking of here, everyone was taken aback with a cold breath. In order to deal with the three families, Tianxiong called for this secret army! No wonder those killers from Shanhe and Wuliang's soldiers were all captured alive!

"Always at your serve, sir! As the leaders always say, you will always be our Chief Instructor! What's more, the Yue Family has been providing so many bullets and other military supplies for us, so we are happy to pay back the kindness."

Captain Zhou said humbly, then he added, "But it is not suggested that too many lives be taken. Things would get complicated if too many people die."

Tianxiong nodded and patted Captain Zhou's shoulder, "Don't worry, we'll be cautious. No more people shall die."

Then he said to Wanli, "Sir, now you can give Captain Zhou the evidence of Ye Family's crime."

Wanli nodded and walked to the coffin. He ripped a piece of document off the bottom of the coffin and handed it over to Captain Zhou, "Captain Zhou, the Ye Family has been sneaking around and doing dirty business. Now it's your decision to make, but my Master thinks it unnecessary for them to live on."

Captain Zhou took over the document and said, "Don't worry. Their wrongdoings have arouse the attention of our leaders. Thanks for the evidence. The Ye Family is doomed."

Shange and Wang Lei had been standing by the side all along. Seeing this, they were too scared to breathe, afraid that Tianxiong might give out the evidence of their families, too. If he did, the two families would lose at least half of their property.

In a place like Capital City where elites are everywhere around, once a family falls, other families will rise soon to take its place.

But luckily, Tianxiong didn't intend to do so.

"Master Yue, these soldiers were caught last night. They are my people, so I need to take them back to interrogate." Captain Zhou pointed Wuliang's underlings and said.

The soldiers were captured last night when De Yue, Wuliang Yue and Wenlong Yue went out for pleasure.

"Of course! They are your soldiers; I have no right to decide their punishment." Tianxiong laughed and said, "Take them away as you want, together with the other one hundred killers. These scumbags should be kept in jail."

Captain Zhou said thanks then left, together with all the soldiers and killers.

Actually, they were just showing up to frighten those people. Tianxiong needed to show those people, especially Shanhe and Lei Wang how powerful he was.

And the two indeed got intimidated. As soon as Captain Zhou left, they knelt down directly in front of Tianxiong.

"Master Yue, we are sorry; we are wrong! Please don't give our evidence to them! We would like to pay whatever amount you ask!"

Looking at them, Tianxiong laughed coldly and said, "Aren't you invincible? You were planning to take down my family and my company, and you even threatened me! Now what, you are kneeling down so soon? I'm having fun!"

Shanhe and Lei started to beg for mercy. They knew the power of the Yue Family. They couldn't fight against the Yue Family, nor Tianxiong.

"Fine. I have killed Changgeng, and I don't want to kill more lives. It's not right to kill so many people, is it?" Tianxiong looked at them and asked.

"Yes, yes! You are right! It's not right to kill too many lives!" Shanhe followed, "We will do whatever you ask us to do!"

Tianxiong nodded, "Now that you are behaving so well, I shall not give you hard time. But you need to return the money you have taken from my family through De Yue, not one cent less! And you also need to make up for my company's loss caused by your attacks these days, ten times more! What's more, you need to promise not to go against Yue Family any more. As long as you can do these, I shall keep those evidences forever locked in my safe."

After hearing this, Shanhe and Lei nodded hurriedly and promised, "Yes yes! We can do these! We will return the exact amount of money and promise never to go against you!"

Seeing them so nicely behaved, Tianxiong couldn't help laughing, "Fine, you can leave now. Take Changgeng's dead body with you."

The two sighed in relief. They dared not waste any more time here and hurriedly slipped away with Changgeng's dead body.

At the moment, everyone in the Yue Family cheered for victory and they started to say nice words to flatter Tianxiong.

Zhengshan Yue and the other two seniors all admired and appreciated Tianxiong's way of handling things. Tianxiong indeed deserved to be the Master of the Yue Family, and only Tianxiong could have things nicely done.

"Tianxiong, you are the perfect choice of the old Master. We will all follow you! We will all listen to you! We will never go against you!" Zhengshan sighed.

Tianxiong turned around and nodded laughingly, "Alright, let's work together to make our family better. I'll not blame anyone for the mistakes in the past, but right now we have a mole inside our family and what he did almost brought our family down. For this, I have no mercy. You honored three seniors, do you remember my father's rule when he was alive, concerning how to deal with the mole?"

Then he reloaded his gun.

It's time to deal with family matters since everything else was handled.

Seeing what Tianxiong just did, De and Wuliang frozen right away, looking terrified and shivering.
