

Chapter 1055 – 1060 of Punished by His Love Novel

Chapter 1055

“This company was smashed in the middle of the night last night? Zall, are you okay? How old are you still fantasizing about such a bloody routine?”

Song Zhuoer nodded: “It was really smashed, more than just smashed, it was not even a sc*m left, overnight, the owner of that entertainment company disappeared.”

All colleagues: “...”

They were all stunned.

Only Suzi, she is very calm.

Arron didn't tell her the specific situation, he didn't even mention a word.

Suzi knew that with Arron's character, he couldn't do anything to Elder Shu and the Lin family, but for those media that distorted reports about this matter, Arron could still make them disappear overnight.

This can be regarded as a slap in the face for Mr. Shu.

Suzi is in a good mood.

There was also a comfortable smile after the grievances bloomed on his face.

Rayna behind put down her bag and came to Suzi, yelling at her: “Suzi! You want your life! You still laughed at a loss! Yesterday you became ill and had a high fever and talked nonsense. The director gave you permission. It’s a week off, why don’t you rest at home!”

Suzi looked back at Rayna: “Oh, the anger from the day before yesterday was sent to Lanita in the hospital. Didn’t you finish sending it? Is it going to happen to me?”

Rayna: “Suzi, why are you like a okay person!”

Suzi smiled peacefully: “Otherwise, what about me? I don’t steal or rob, and I don’t owe anyone. I just want to go to work happily, work well, and whoever loves it.”

Rayna: “...”

After thinking about it, she suddenly smiled: “You are right! It is them who should be anxious! What is our business?”

“However, I still have to thank you, Galia, and Sister Shan. You really ran to the hospital to give her a wreath in order to give me a sigh of foul? Haha, I feel really cool when I think about it!”

After a pause, Suzi said: “I invite you and Galia to dinner at noon, to celebrate...”

She stuck to Rayna’s and said to her ear: “Celebrate Lanita... Go to hell soon!”

“Oh!”

This noon, Suzi, Galia, and Rayna gathered for a chic visit outside the company.

In order to replenish Suzi's body, the three of them ordered a lot of dishes.

Cod soup, American ginseng mutton pot, all kinds.

While serving the food, Galia suddenly said, "It would be good if Sister Shan was there, and go to the hospital. Sister Shan was also involved."

Rayna immediately proposed: "It's better to ask Sister Shan out now, and the four of us have dinner together."

Galia hurriedly interjected: "I really like Sister Shan. Suzi, you don't know. During your half month in Gasing Island, Rayna and I went to the villa of Sister Shan and Mr. Jun. Sister Shan personally Cook for us, the food she cooks is delicious."

Suzi: "Really, next time we have a chance, we will go together."

"Especially this American ginseng and lamb pot is a specialty of Sister Shan. Sister Shan said that women's bodies are more or less cold, so women should eat some mutton pot appropriately to warm them up."

"I have never seen a gentle woman like Sister Shan, who is as elegant, beautiful, and gentle as a big sister. I want to call her aunt in the future. I suddenly felt that there was an aunt like her in Jun's house. Marrying into the Jun's house is not so scared."

"Suzi, let's call sister Shan, you call."

Suzi shook his head: "Actually, I called her this morning and she is still sleeping. I guess she is a bit tired to take care of me these past two days. She wants a child recently, and finally Mr. Jun is at home, so let's not disturb her. ."

“Well, creating a human being is the most important thing. The three of us eat quickly. After eating, we can go to work.”

The three women were about to move the chopsticks, but unexpectedly heard the voice of conversation on the arm table.

“I’m telling you, guess what I saw on my wife’s WeChat today?” a man said excitedly.

Several other people scrambled to ask: “What’s rare, say it, say it!”

“There is a wealthy wife who can save her sister’s life, but she can’t save her!” the man said bitterly.

Chapter 1056

Suzi + Rayna + Galia: “...”

The chopsticks of the three people were all held up in the air, and they were not put down for a long time.

The three of them didn’t look back, but they were all listening.

Everyone at the table was in high spirits.

“Tell me, what’s the situation, the current rich man, shit! The richer the more selfish, the more selfish they are, and they don’t even save their own sister? This kind of person is not human!”

“Who can make her husband rich and powerful? Say, don’t let WeChat send it out. I also heard that this woman has been eating snacks at home and drinking at home. The family loves her so much, but when she grows up, she

has changed. Become a white-eyed wolf, specializing in snatching things from my sister.”

“This kind of person is just getting used to being selfish!”

“She not only snatched things from her younger sister, she even snatched two or three boyfriends from her younger sister.”

“Who is this!”

“Now my sister is ill with her anger, has uremia, and wants to get a good kidney for her. As a result, she is reluctant to live and die!”

“Unwilling or unwilling to chant, she even instigated her friend to go to her sister’s hospital to make trouble, hoping that her sister will die soon!”

“My grass! Is there such a ruthless and vicious woman in the world?”

“It’s true, it’s true! I just don’t know where it is, I can’t find it out.”

“This woman’s viciousness is really rare in the world.”

“No!” Rayna sitting here suddenly rushed to the table and said a word.

Everyone stared blankly at the sudden girl, who had been killed by Rayna, and no one dared to speak.

Rayna asked everyone back: “If it hurts her own body and treats her sister, sometimes my parents may not agree to this kind of thing! Let alone sisters, who among you here is so unselfish?”

Everyone was silent: “...”

Rayna raised his finger: “Just say you, do you agree?”

The accused man immediately lowered his head and frightened him.

She pointed to another person again: “You, do you agree?”

The other person got up to the bathroom.

Rayna went on to say: “It’s not in your own body, you will know what it’s like when it’s in your own body, especially when this woman is married, and if she has another child, she needs a healthy body to raise her child. How do you ask her to agree?”

“My life is gone? My daughter became an orphan, my sister was rescued, and then she could get married and have a family to have children. When one day my sister remembered, my sister still has a child. I took it over and raised it by myself, waiting for the child. When I grow up, my sister has become the child’s greatest benefactor? Is it ridiculous!”

At this time, someone on the table finally nodded: “Yes, it’s not a question of whether money is not rich or not rich. This kind of thing is related to one’s own life, who wants to make fun of one’s own life?”

“I hate moral kidnapping people the most!”

“This kind of news is just right not to be sent out!”

Suzi and you looked at me, I looked at you, and smiled at each other.

Suzi called Rayna again: “Rayna! Come here for me!”

Rayna ran back immediately.

The three of them sat down for dinner again.

Only then was Rayna apologetic and said to Suzi: “I’m sorry, Suzi, let’s go... go to the hospital to find fault with Lanita. Actually, I’m causing you trouble.”

Galia also self-examined: “Sister Shan still stopped us both from letting us go, but at that time we were really anxious and went away without holding back. We just wanted to give you a breath of anger, so we didn’t think about it. Consequences.”

Suzi smiled: “It’s okay, I’m happy. Otherwise, there is no way to punish Lanita!”

After a pause, she whispered to Galia and Rayna: “Lanita had only one month’s life. Now it might be only half a month. I just have to survive this half a month. It’s bright!”

Both good friends nodded.

Chapter 1057

“We eat, eat and drink, and work hard!”

After dinner, the three of them returned to the company together. They had just entered the elevator here, and two women got down in a car parked on the road opposite the company.

Elma said to Siu: “Siu, isn’t this construction company a partnership between your cousin Lenny and a noble son in Nancheng?”

Siu said angrily: “Lenny used to like that woman very much and was bewitched by that woman everywhere. Later, after learning that the woman was Arron’s wife, Lenny fell in love with that woman’s friend again!”

“So, that woman is still forming a clique?” Elma asked disdainfully.

“Didn’t you see all of this?”

Siu said bitterly: “She has ganged up on your man Kraig’s head, you! How many times have I asked you to come back, you just don’t listen, your man Kraig was almost snatched away by Suzi’s friend Dalia!”

Elma smiled coldly: “Kraig belongs to me. He was mine since I was sixteen when he fell in love with me. In this life, no woman should try to snatch Kraig away from me. That woman? She wants to do it. , It also depends on whether she has this ability!”

The morning scene suddenly appeared in Elma’s mind.

When she and Kraig were about to enter my bedroom for a fight, she found that Kraig was a little absent-minded and didn’t really want to get along with her for a hundred years.

At that time, Kraig received another call from Arron.

Kraig, who had taken up the thread, got up and walked out.

“Kraig, why are you going?” Elma asked.

Kraig said in a hurry: “Arron has something urgent over the past two days! I’ll go there first.”

Elma took Kraig’s arm: “Take me with you.”

“No! He and I have important matters to discuss, very urgent!” Kraig flatly refused.

Elma: “Then take me out. I will come down in the downtown area and go shopping in the mall. I haven’t been to Nancheng in ten years.”

Kraig agreed: "Also."

Yubi, took out a card and handed it to Elma: "Although you spend it, your husband's money is yours, and the password is your birthday."

"Have never changed?" Elma asked with a smile.

"Of course! It has never changed, nor will it change in the future." Yu Bing, Kraig kissed Elma on the forehead.

He loves this girl.

She's been in love since she was a little girl.

He watched her grow up day by day, watched her unscrupulously arrogant, but he liked it.

Kraig has this self-confidence. Under his protection, the little girl can walk sideways all her life enchanting, charming, and unreasonable.

The two set off together, Kraig drove, and Elma sat in the co-pilot.

When Kraig went out and turned left on the main road, Elma's eyes were not paying attention, and he caught a glimpse of the shrunken figure hiding behind a big tree.

Elma looked back at Kraig calmly and said nothing.

However, she knew that the woman was Suzi's friend.

Suzi's friend!

Great!

“I’m going to meet Arron for a while.” Elma said to Siu.

Siu was shocked: “You...you still don’t go.”

“Are you afraid of him?” Elma asked disdainfully.

“Don’t think that Arron has nothing to do with Mr. Shu now. That’s because Mr. Shu is kind to him. Apart from Mr. Shu and his wife Suzi, Arron is a cruel wolf to others!”

Elma: “Then I want to see Arron even more.”

Chapter 1058

It is necessary to meet Arron.

Her Elma is Kraig’s real girlfriend and the only wife in her life. She has to get everyone to recognize her.

Of course, the first thing that needs recognition is Arron.

Elma had heard Kraig talk about Arron before, but when Arron was abroad, she had no chance to see him. All she knew was that Arron was Kraig’s life and death brother.

Afterwards, Elma went abroad and met with Arron without a chance.

It’s cheaper than Dalia’s substitute, b!tch.

I heard that Dalia often followed Kraig to the dinner of Kraig’s good brothers.

Now that her true wife is back, the first person to see is of course Arron.

She had to let Arron admit her sister-in-law!

After separating from Siu, Elma went straight to the Fu Group.

It just so happened that Kraig just came out of the Fu Group, how to deal with Elder Shu, and what tricks Elder Shu would use to deal with Suzi. This is what Kraig and Arron want to discuss and deal with.

Arron refused to show his face on many things.

It wasn't because Arron was afraid of Elder Shu, and it was because of Elder Shu's face.

Rather, Arron didn't want to startle the snake.

Since Mr. Heshu can't come hard, he must be outsmart.

Therefore, Arron could not come forward, and Kraig came forward to do these things.

Not long after Kraig drove away, Elma came to the front desk of the Fu Group.

"Who are you looking for, miss?" When the front desk saw this woman in overalls, who was very arrogant, she didn't dare to underestimate it.

Elma didn't even glance at the front desk, but said, "Tell Arron to come out and see me."

The front desk was taken aback.

In Nancheng, almost no one dared to call Arron's name directly.

Of course, except for Mrs. Fu.

Sometimes, except for Shen's only little queen.

But the front desk doesn't know who this woman is.

The small receptionist said unceremoniously: "I'm sorry, miss, there is no appointment, our president will not see anyone!"

"I still need an appointment!" Elma immediately became domineering.

She grew up in lawlessness in front of Kraig.

Small front desk: "..."

The small receptionist is very kind. She is still very young, and she is a straight-hearted person who is not afraid of fear. She immediately looked at Elma with irony and sarcasm: "Auntie, are you a goddess?"

Elma: "What did you say?"

"Let me ask you, are you a fairy?" The front desk said again.

Elma: "I asked what you called me just now!"

Little receptionist: "Old aunt!"

"You die!"

Little receptionist: "Miss, I can call Yao Yaoling at any time, if you don't want to leave!"

Elma: "..."

She was mad!

Who is she!

Dignified lover of Kyoto's No. 1 powerful King Kraig! Even Arron called Kraig, brother!

"I am Arron's sister-in-law!"

Small receptionist: "I'm sorry, Miss, we don't have such an old sister-in-law, Mr. Fu."

Isn't the president no sister-in-law?

"You..."

At this moment, Arron hurriedly came out of it.

Several assistants followed.

Among them is strict and wide.

"What happened, why is it noisy here?" Christopher asked the front desk immediately.

The small receptionist immediately said respectfully and respectfully: "I'm sorry Yanzhu, a woman I don't know came here, and asked me to call Mr. Fu out when he came in, and then told me that she was Mr. Fu's sister-in-law. I asked him if he had an appointment. She said no..."

Rolling his eyes, the small front desk said unconvincingly: "The front desk is my job, how can I let others in casually!"

Chapter 1059

Christopher immediately boasted: "You are right!"

Little receptionist: "Thank you!"

Christopher looked at Elma: "May I ask you, Miss?"

Elma didn't look at Christopher, but directly looked at Arron.

She hasn't seen Arron in more than ten years.

When I saw Arron, it was also in the photo. Arron and Kraig took a group photo.

At that time, Elma felt that this man's facial features were better than his boyfriend Kraig.

Now that ten years have passed, this young and young boy has already become a man like a wolf king.

The man frowned and gave Elma a very impatient look.

Said coldly to the front desk and Christopher: "People who are irrelevant, don't come in!"

Elma shouted, "Arron, you dare to be disrespectful to me!"

Christopher + front desk: "..."

Even Arron was stunned. He glanced at Elma: "..."

Who is this woman?

He has no impression at all.

This woman's domineering appearance made him feel sick, not to mention that he was busy enough to deal with Elder Shu for Suzi in the past two days. Now there is a woman who finds fault, he wants to kick this woman and vomit blood.

However, when he thought that Suzi was still being calculated by Elder Shu, the man endured his breath.

He asked coldly: "Who are you!"

"Your sister-in-law!"

Arron: "..."

"Name!"

Elma was really angry: "I...good you Arron! I'm Kraig's fiancée! Your sister-in-law Elma!"

Elma?

Arron never heard of this name!

Have heard of alive, forgot?

He looked up and down Elma in disgust, "Kraig's girlfriend?"

"Fiancée!" Elma corrected.

Arron said coldly: "Kraig has only one woman, Dalia! Who are you?"

Elma: "..."

Arron looked at the front desk again: “Call Yao Yaoling, blast this woman out! If you come to the company to harass in the future, continue to call Yao Yaoling!”

Yubi, he never looked at Elma again, and went straight to the elevator.

In an instant, the elevator door opened, and Arron and a kind of entourage went downstairs.

Elma remained alone: “...”

It took a while before she suddenly roared: “Arron, you ba5tard! You dare to get someone to drive me away, I am your sister-in-law! I am Kraig’s fiancée!”

Small receptionist: “Miss, are you going out by yourself, or my name is Yao Yaoling?”

Elma: “...”

At this moment, another woman came out of the elevator.

The woman was thin and well-dressed, but her face was very pale.

After the woman came in, she politely and gently said to the front desk: “Little sister at the front desk, I... can I see your president?”

Front desk: “Sister Fairy, do you have an appointment?”

The woman immediately smiled awkwardly: “No, I’m sorry to trouble your little sister, you call the vice president and say...My name is Dalia...”

Dalia!

Elma turned his head and stared at Dalia angrily.

Dalia was irritated, so he looked at the small front desk and didn't notice that the woman next to her was the woman who sent her international express delivery a few days ago and then directly checked into the Kraig villa.

The front desk smiled and said: "Sister Fairy, it's not that I don't call the president. The president just went out. If you can come half a minute early, you can see the president in the elevator. Sister Fairy, if you have an emergency, you can leave a message and wait for the president to come back. I told him."

Dalia: "No...no more."

Yubi, she turned away in despair.

When I got off the elevator and walked on the vast street without knowing where to go, I suddenly roared behind me: "Du! Juan! Shan!"

Chapter 1060

Dalia was surprised.

Then, she turned her head and saw the woman.

The woman is still in overalls.

However, there is no lack of enchanting expressions on his face.

The woman in front of her is the kind of natural showy. Now, her eyes are full of cruel expressions when she sees Dalia. The combination of her showy and her cruelty makes this woman extremely insidious.

Dalia was startled first, and then she calmly and gently said: "You are Kraig's fiancée."

Elma stepped forward and slapped Dalia's face with a slap: "You old woman who dominates my husband for six or seven years! You are an old woman and you dominate my husband! Do you know why my husband doesn't want you?"

Dalia raised her hand and touched her face, she looked at the woman with a sullen and domineering expression in front of her incredible.

Since following Kraig, Dalia has been respected everywhere. No one has ever disrespect her, let alone be slapped in the street. Dalia will not do anything to others, let alone scolding individuals.

At this moment, she was beaten dumbfounded.

Dalia suddenly thought that it was time for her to be beaten up by her younger uncle seven or eight years ago.

That kind of fear immediately spread all over his body. Dalia looked around subconsciously, and shouted in panic: "Jing...Kraig..."

"You still dare to call my husband's name!" Elma raised his hand and was about to strike a second time.

Dalia turned around and ran away.

She ran fairly fast, and in order to avoid Elma, she hid in a small alley.

However, this is a small dead end.

Turning around, Dalia saw the two men behind him approaching her.

"Help..." She was knocked out without a word.

When he woke up again, Dalia found that it was dark.

She watched for a while before adapting to the dark environment, and she found that it was a mountain top.

There was a car parked in front of him. Elma was sitting in the car, and Dalia had nowhere to hide when the lights were on.

“Hit me! Don’t beat her to death, leave her to breathe!” Elma gave an order, and the two men began to punch and kick Dalia.

Dalia had no room to fight back, she could only curl up, holding her head and letting two men beat her up.

I don’t know how long it took before Elma shouted, “Stop!”

The two men stopped immediately.

Elma stepped forward and kicked Dalia like a dead pig: “Old woman! Why do you occupy my husband for so many years! And why did the little b!tch at the front desk call my old aunt and call you fairy sister! You old man! Immortal!”

Dalia had been beaten with a bruised nose and swollen face, and his head was dizzy.

There was blood in her mouth, and she couldn’t say a word.

Elma squatted down, grabbed the small bag she had been carrying from her shoulder, and pulled out a gold card from it.

“Your little treasury!” Elma asked.

Dalia: “Give...give me, don’t...take it away.”

There are more than one million in the card.

It is the private money she has saved over the past few years.

If Elma took away more than one million yuan, then she would be going to beg for food.

Elma smiled: "My surname is Du! My man has given more than one card, and the code on each card is the same. You always thought that face was my man's birthday, right?"

Dalia: "You...how do you know?"

Elma smiled very disappointedly: "Because you give me a man's birthday every year according to the code on the card!"

"However, I want to make you sad. Actually, my man Kraig's birthday is not the number on the card. The number on the card is my birthday, my birthday is Elma's!"

Dalia: "..."

At this moment, she felt that her heart was dead.

"If I guessed correctly, the password on this card of yours is also the six digits!"

"Sorry, this is all my man's money! I will be asking for the money he has spent on you! You are ugly and lowly, old and unwilling to die! You tonight Just die on the top of this mountain!"

Say yes, Elma took Dalia's card and turned into the car.

The two big hands who hit her also got into the car, and after a burst of black smoke, the car left.

Only Dalia, who was dying, was on the top of the mountain alone.
