Read [Chapter 1155 – 1156](#) of the Novel **Punished by His Love**.

## Chapter 1155

She lay on the man's back and said weakly: "I...I don't have a home since I was a child. I did a lot of wrong things before. Master, you saved me. I thank you if you don't dislike it. , I've been at home to help you take care of your mother these days, and when my body recovers a little bit, I will go down the mountain to find a job and repay you at that time."

The man mellowly smiled and said, "Oh."

Just like that, Dalia was rescued by a middle-aged man living in seclusion in the mountains.

Sometimes she feels that although she has a bad fate, she is also fate.

He died several times and was rescued.

In the future, she won't rely on anyone, so she will rely on her own hands to do a little work, and never become rich, just eat enough.

This night, Dalia was in a stone house under the care of an old lady. He drank a bowl of wild vegetable pimple noodle soup, ate a bit of bacon from the mountains, and fell asleep very contentedly. “

This night, Elma returned to Kraig's leisure villa.

At ten o'clock in the middle of the night, Kraig was sitting in the living room, waiting for Elma to return.

He must resolve this matter quickly.

Otherwise, his heart is suffering and anxious day by day.

By eleven o'clock in the evening, Qiucun came back drunk looking for a drink.

She came to Kraig, grabbed Kraig's suit and tie, and looked at Kraig's expressionless face.

“Kraig, you have said since I was sixteen, you love me!”

Kraig still said with a cold face, “I can give you as much money as you want. I guarantee that you will have a good food and clothing for the rest of your life. If you travel the world, you can still go.”

“I'm tired from playing, I just want to marry you!” Elma said very domineeringly.

Kraig: “...”

“What you said, I am the white swan in your heart! You will protect me forever!”

Kraig: "But Elma, even love can't bear it. You go out and travel the world, and you won't come back for a few years. When you are headstrong, you always know that I will protect you secretly."

"Have you thought about me? What does it feel like to be alone?" Kraig finally said this sentence.

"I am a man! I have to bear the glory of the entire Jun family! I have to guard the site of Kyoto, so I can't travel the world like you! I can be as cool as you want!"

"Love! It's mutual!"

"I gave you all the love I could give you, and what did you give me?"

"You tell me,

What did you give me? Endless waiting, endless damage. "

"There is a saying that is very good. You have played enough outside, and you are tired of playing. You want to find an honest and peaceful man to live a peaceful life. Do you want to live that man?!"

His words are very light and calm.

Moreover, Kraig is not an honest man.

He is the king of Kyoto!

In Kyoto, he is a frightening existence!

Therefore, he is even less likely to be that hapless man.

Elma suddenly felt an infinite fear in her heart.

As soon as she bent her knees, she knelt in front of Kraig. She lay on Kraig's legs: "Kraig, Kraig, I'm sorry, I was wrong, I love you, I've traveled all over the world. I found out that the man I love the most is you. Kraig, I was wrong. Would you give me a chance?"

"In the future, I will definitely take good care of you like Dalia. I can do everything she can. Kraig..."

Kraig's face was still very calm.

In that calm, more of it is decisiveness.

"Kraig..."

When Kraig looked at Elma's face, he suddenly felt ugly and disgusting, with a contrived scent.

He got up suddenly and strode into the night.

"Kraig..." Elma roared heartbreakingly behind.

Kraig didn't turn his head either.

This night, no one knew where he went.

Early the next morning.

When Arron, Suzi and the only three of Shen's family were about to get in the car, Christopher said to the two of them: "Siye, madam, look."

Suzi sneered: "Kraig, you are a sc\*mbag!"

## Chapter 1156

Overnight, Kraig grew a lot of beards.

His decadent appearance is very distressing to outsiders.

If Suzi had an impression of Kraig in the past, she would also feel sorry for Kraig.

Until now, Suzi still remembers when she first saw Kraig, when she was in Arron's office, she always felt that her life or death was uncertain, and maybe Arron would be killed in the next second.

Not to mention what career and job she thought about at that time.

However, when she was extremely confused and confused, Kraig gently told her: "You can have your own business, you can do the job you like, and if you like the construction industry, you can develop in this direction."

Only that time, Suzi had a good impression of Kraig.

Later, when I saw Kraig's confidante, Suzi liked Dalia's gentleness and lack of airs.

Suzi is really rare for women like Dalia, who is gentle, elegant, without airs, and harmless to humans and animals.

But such a woman, who has been with Kraig for so many years, can be driven away by him!

At this moment, Suzi hated not being able to go up and slap Kraig.

Even the little dumpling around him rolled his eyes to look at Kraig: "Uncle Jun, you hate it! You are a badass uncle! You are worse than my father!"

Arron: "..."

At this moment, the man is very wronged!

What do you say about Uncle Jun, you want to get Dad in the car?

It's worse than Dad!

When did dad break down?

"I'm sorry, Arron. You are tired." Kraig looked at Arron with a bitter smile.

Arron: "Get in the car before talking."

There are many things, even if Kraig is scorned, he can't scorn others in front of a child.

Besides, Arron won't let anyone down at all.

This kind of scolding and burying people, Suzi has to come.

However, both husband and wife are less likely to criticize others.

This morning, Shen Weiwei was sent to kindergarten, and Suzi was in the company for a long time. It was not until the lunch break that she went out and planned to meet the extremely decadent Kraig.

Suzi really didn't want to talk about Kraig.

But she also urgently needs to find Dalia.

Anyway, there is a news, can you just make a phone call?

When Suzi packed up his work and went out, he happened to meet Lenny.

"Four aunts." Lenny smiles hippily

Shouted.

Suzi glared at Lenny, and suddenly grabbed Lenny's front skirt.

"Four...four aunts, you...what's wrong with you? Let's have something to say? Nephew...Where did the nephew offend you, can't the nephew change it?"  
"Lenny stammered.

Only then did Suzi put down Lenny, and said in a cool tone: "Young Master Jun, I know that your Jun family is also a symbol of power in Kyoto, second to none, but now that you are in love with Rayna, you must treat him well. She can't be because of her family..."

Lenny immediately cut off Suzi's words: "Aunt Si, where do you start with this..."

Suzi: "Start from your ba5tard second uncle Kraig!"

Lenny Anli pleased him and said: "Aunt Si, my second uncle is now back to righteousness. He is now back to my second aunt. My second aunt is also tired from playing outside. The two of them are now reconciled. Oh..."

"You! Say! What! What!" Suzi asked angrily.

Lenny: "Four, fourth aunt...You...I...Have I said something wrong?"

"When Sister Shan was with your second uncle! Where is that woman?" Suzi questioned!

Lenny: "..."

## Chapter 1157

Regrettably, he almost bit off his tongue.

He patronized speaking from the point of view of the Jun's family, and he forgot about the relationship between the characters.

At this moment, Lenny immediately thought that the fourth aunt, He Rayna, and Galia are all closely related to his temporary second aunt.

He stammered truthfully and admitted: "That...that woman...she is crazy outside."

Suzi asked again: "Does that woman have a marriage contract with your second uncle!"

"No...no."

"She and your second uncle haven't seen each other in a few years!"

"Almost...Almost ten years..."

Suzi couldn't help sneering: "That woman, who is your second aunt? Ah! You answer me!"

Lenny immediately weakened his knees: "Four...four aunts, Lenny is not good, Lenny...From now on, Lenny is responsible for finding my second aunt, who is truly genuine. Second aunt, and Wu is responsible for monitoring the second aunt I just came back now, I... can I make the difference, fourth aunt?"

"Go!"

"Oh, yes, fourth aunt." Lenny turned his head and went out.

After walking a couple of movies, he turned around and looked at Suzi with a bitter face: "Four...Auntie, this is my company, I am the one who pays you... ."

"Get out!" Suzi was really furious.

“Get off now!” Lenny ran away in a hurry.

Originally, I wanted to have a candlelight lunch with Rayna at noon today, but it seemed that I had to secretly make an appointment.

After Lenny ran away, Suzi came to her and her own man and Kraig’s better club box.

When I entered the box, I saw that Kraig was already drunk.

In half a month, the man seemed to be much older.

The beard on his face is matched with his shabby hair,

It was obvious that he was incomparably vicissitudes of life.

Suzi sneered and scared, so mentally that he had known this before, why bother?

Before Kraig faced him, Suzi said grumpily: “Kraig!”

She used to call Mr. Jun.

It’s not so polite now, and there is less respect.

“Kraig, you are so drunk all day long, how do you find Sister Shan? If Sister Shan can’t find her one day, she might be in a dangerous situation one day, have you thought about it!”

Kraig was silent for a long time.

As if comforting her own heart, she said to Suzi: “She has more than one million in her body. It is a small treasury that she has saved in recent years. She is not a woman who spends money like water. I Thinking of spending

more than one million for her for a few years, it should be fine. Suzi, don't worry, I will find her in the shortest time."

Suzi sneered: "After you find it? What do you plan to do? Let her be a nameless maid for you? Then you'd better stop looking for it! Freedom is best if you change another person!"

Kraig: "As long as I find her back, I will marry her."

Suzi: "..."

She didn't expect this.

Unexpectedly, Kraig would say marrying Dalia.

You know the two have been together for almost ten years.

For such a long time, he never even thought of marrying her, and even refused to give her a child. Are you going to marry her again?

Suzi's tone suddenly softened: "Mr. Jun, half a month ago, when I was in dire straits, I heard Arron say that you helped us a lot. Actually, I don't mean to blame you. I just feel that Sister Shan is...too pitiful."

While talking, Suzi's cell phone rang suddenly.

She picked it up and glanced at it. It was an unfamiliar mobile phone number. After hesitating for a while, she still connected: "Hello, hello, who?"

On the other end, Dalia's gentle voice came: "Suzi, are you okay? Has your matter been resolved?"

## **Chapter 1158**

Suzi stood up in shock.

Tears of excitement burst from her eyes: “Sister Shan, where are you, Sister Shan? How are you? I already know that you are separated from Kraig, but where have you been? Where do you live? Come to you?”

At the moment when he received Dalia’s call, Suzi thought of the bottle of water Dalia handed her when she was most embarrassed and at a loss, and Dalia’s extremely gentle smile.

Dalia smiled softly: “I’m pretty good, Suzi, I’m full...”

She was full with one sentence, and she seemed extremely happy and peaceful.

It was in Suzi’s ears, but it was so sorrowful.

What happened in the past half month that made Sister Shan’s requirement to be alive so low that she only needs to eat enough.

Is fullness the greatest happiness?

Suzi burst into tears instantly: “Sister Shan...”

Before she started talking, her mobile phone was suddenly taken away by Kraig: “Ashan...”

At that end, Dalia was taken aback, and then stunned.

Then she whispered: “Jun...Mr. Jun, you... why are you with Suzi?”

Mr. Jun.

She even called him Mr. Jun.

Why did Kraig hear this name harsh?

In the past, she always called him: Kraig.

When in love, she often called him: Yu.

Or, husband.

At this time, she called him Mr. Jun.

Moreover, he shouted so calmly.

As if there was never any intersection between them.

“Tell me! Where are you!” Kraig asked impatiently.

At that end, Dalia suddenly panicked: “Jun...Mr.Jun, do I...do I owe you anything? I...when I left your house, you I was there at the time, I didn't get anything...I...I had a card on my body, but it was also taken away by your wife?”

“What!” Kraig frowned suddenly.

Dalia immediately explained: “Mr. Jun, in fact, I have done a lot of things too far. If I had known that the password of the card was your wife's birthday, I might have not...no It's so close to you, but now this matter has passed, and the money...has been taken away by your wife.”

Kraig: “D\*mn it!”

Dalia: “No, no, Mr. Jun, you...don't do this, I'll bear my own fault, you say, what do you say you need me to repay you, I'll repay you...you Don't embarrass Suzi, don't embarrass her...”

Kraig: "Where are you!"

Dalia: "I'm on the mountain, what you need me to do, I can compensate you, don't you embarrass Suzi? She was overwhelmed by something like that happened in her family half a month ago. She didn't take care of me. Things, you don't want to embarrass the innocent, okay?"

Kraig asked eagerly again: "Which mountain are you on!"

Dalia suddenly smiled miserably: "Mr. Jun, I...your wife was on the top of the mountain trying to kill me. Did you instruct it? I know, it was my fate, I didn't die. , If you want to anger Suzi just because I am not dead, I will go there now and let your wife beat me to death in front of you, okay?"

Kraig: "..."

The phone was suddenly taken away by Suzi.

She choked up and asked, "Sister Shan, what did you say, that woman hit you?"

Dalia said in an apologetic tone: "Suzi, I really didn't expect that my affairs would hurt you. I'm sorry, I will make it clear to Mr. Jun and won't let him trouble you."

Suzi shook his head, "No, Sister Shan, no! Your business doesn't affect me. Tell me, did Elma hit you? He wanted to put you to death? He also put a million on you. Take it?"

## Chapter 1159

Dalia smiled sadly: "I am greedy, I shouldn't be greedy for one million people..."

“But she beat you! Want to kill you?”

Dalia: “Well, if a mountain man hadn’t saved me, I might have died on the top of the mountain last night.”

“A55hole, D\*mn it!” Suzi suddenly scolded.

Dalia smiled relievedly: “It’s okay, Suzi, I’m fine now, I’m full and it’s not cold. I haven’t seen you for more than half a month. What happened to you suddenly occurred to me? Going to the hospital to make trouble, did you hurt you? Are you okay now?”

“I’m fine Sister Shan, my matter has been resolved, thank you for your concern about me, where are you, I will pick you up?” Suzi asked with concern.

“No need, that... Mr. Jun, he... don’t you ask me for debts?” Dalia asked worriedly again.

As soon as her voice fell, Kraig grabbed the phone from Suzi again: “Ashan, where are you? Tell me I will pick you up now! Listen, you are too stupid, you can’t survive outside. , You come back! Come back to me!”

Dalia: “You...what did you say?”

“Come back!” Kraig ordered.

He is not actually an order, he is just anxious and anxious.

However, his tone became a kind of fear in Dalia’s ears.

Dalia immediately hung up the phone.

Kraig: “Ashan, Ashan...”

At that end, there is already a busy tone.

Suzi stared at Kraig with angrily: "Kraig! You idiot! Your Elma almost killed her! If you ask her to come back in such a commanding tone, you will scare her, don't you know? Know, idiot!"

She was really anxious.

If in normal times, she would not talk to Kraig like this.

After all, Kraig is a few months older than Arron, and Arron has always been polite to Kraig.

Why is she arrogant?

But at this moment, Suzi was mad at death.

"Why can't you let me talk to her slowly, tell her slowly, I might get her back, you said it yourself, she has no survival ability, you still scared her like this!"

Kraig: "..."

Suzi suddenly smiled sadly: "Such a good woman, I'm really afraid that I won't be able to find her in this life. I don't know if she will call again."

Suzi guessed right.

Dalia really won't call again.

When she was driven out of the house by Kraig half a month ago, Suzi was in dire straits.

And she remembered that at that time, Kraig blamed her for going to the hospital to make trouble, causing Suzi to be caught by the old man Shu, so at

this moment, when she got better, she immediately called to ask about Suzi's situation.

Since Suzi is safe and sound now, she feels less guilt.

As for Kraig, if she didn't owe Kraig, she would never want to see this person in this life.

Because I didn't have a face, because I felt that for so many years, I actually depended on Kraig.

In this life, she will no longer meet with Kraig.

There is no signal on the mountain. Dalia's call was made from someone else's mobile phone rented at the foot of the mountain.

Returning the phone to the family, Dalia stumbled back to the stone house in the deep forest and said to the man who had saved her: "Excuse me, Brother Han, I can't be here anymore, I have to go."

Han asked honestly, "Where are you going?"

"Outside, the farther the better." Dalia said.

## **Chapter 1160**

To be sure, Dalia looked at the old lady who had taken care of her all night, and yelled gently and gratefully: "Old grandma, thank you, I wanted to live here for a while to take care of you and repay your kindness, but I am now, someone is chasing me, I must go. I will repay your kindness later."

The old lady burst into tears: "My child, why is your life so bitter? You have the same bitter life as mine."

Dalia: "..."

She looked at the old lady with a slightly incomprehensible expression, and then at Colli Han in front of her.

Han honestly smiled mildly: "Why don't I leave this place with you with my old mother on my back? Shall we go to the Northeast?"

Dalia: "...Honest brother, you...what do you mean?"

Han said honestly: "I can hear that you are not a local accent. Nancheng is southerly, and your accent is Wu Nong's soft language, but your accent is very pure northern standard dialect. Tell you the truth, I am actually a northerner. ."

Dalia: "You...you are not an old resident in this mountain?"

Han said frankly, "No, my old lady and I had nowhere to go, so I lived in this mountain. I thought I would be like this in my life. Every day I catch a bit of meat in the mountains to improve my old lady, and then I just messed up like this. After the days pass, it's forgotten."

Dalia: "Honest brother, have you been wronged before?"

Han honestly smiled sadly: "It's no better than you."

Dalia: "..."

She immediately looked at Han Honshi with sympathy.

At the same time, the heart has a kind of dependence.

She looked at Han Honest, and listened to Han Honestly talking about his experience.

Colli Han's real name is not Colli Han. It is the nickname given to him after he joined a well-respected one-child family in Nancheng, Colli Han.

His real name is Collin Han.

Collin was born in a small mountain village in the northeast. When he was a child, his family was poor, and because his father died of illness when he was very young, the family owed a share of debt due to his father's illness.

Mother led her to a difficult life alone, and when others were in school, her mother reluctantly let him go to school.

Unfortunately, when others have shoes to wear, he can only wear small shoes with toes on the outside.

However, Collin's academic performance is very good.

He is simple and honest and obedient, but his academic performance is good, his brain is clever and easy to use, so his mother has always been reluctant to delay his studies.

Until he entered high school, his mother worked very hard for him to study, but unfortunately, his mother's health was getting worse and worse.

Later, it was too bad to get out of bed, let alone work on the ground.

Only then did Collin discover that his mother would often go to the black market secretly to exchange money with his own blood in order to help him study and study.

At that time, I had read that high school Collin suddenly knelt before his mother's bed in pain.

He vowed not to study anymore.

What if you don't go to university?

Although college is the only way for him to change the fate of a young man in the mountains, but if he is admitted to college, but his mother is killed because of it, then he has no one and only relatives. What does he want to do in a better life?

No matter how his mother beat and scolded Collin, Collin just stopped studying.

He wants to make money and support his mother.

At first in the small county in the mountains, he really couldn't find a lucrative job. At that time, the real estate hadn't been developed much, and he couldn't even find a job on the construction site.
