## Chapter 1195

After a pause, she said, “Galia, in fact, Darius’s character has always been good, don’t you...”

Galia sighed: “His character is good, but his grandfather! I really am... You said that old man is not a decent person, but he has a sense of justice.”

“You say he is a decent person? But he has done wrong things that he can’t make up for his whole life. These are not the main things. The main thing is that he has the concept of family and his own subjective thinking is that as long as he People who look down on, you are the bad guy!”

“Even if that person once saved his life.”

“Even if that person is just a three-year-old child, and the child is his own flesh and blood, as long as he doesn’t look down on it, he will give you a hat that you are a bad person.”

“To be honest, such an old man is really scary. Suzi, isn’t it because of this that you are determined not to recognize him?”

“Why does he think that others are good people, or not, he keeps suppressing and insulting you repeatedly and endlessly?”

Suzi: “...”

What Galia said was right.

It was for this reason that she chose to never recognize Elder Shu.

It doesn’t matter to hate it.

Just want to be a stranger.

But Suzi did not expect that her decision would affect Galia.

“Sorry Galia...” Suzi said guiltily.

Galia didn’t care: “Hey, my own decision! Darius is not the only handsome guy in the world, and I can’t stop him from not wanting his grandfather, so I can only choose to alienate him.”

Galia hasn’t officially broke up with Darius.

However, this period of time has been almost a month, and Galia has deliberately alienated Darius.

Suzi looked at Galia, and suddenly felt that this little girl was actually very clear in her heart.

“Respect your choice.” Suzi said.

“Yeah!” Galia relaxed a lot.

Lilly also heard what the adults were discussing: “Aunt Galia, in the future, I will introduce you a boyfriend! The handsome guy I know, I don’t know Uncle Darius.”

Galia suddenly smiled: “Yoyo you little thing! Tell me, which handsome Guoguo do you know?”

“My uncle!” Shen Only said.

Galia: “Your uncle?”

Lilly nodded: “My uncle went out for medical treatment, and he came back when he recovered. My uncle is the best. My uncle is a hundred times better than Uncle Darius.”

Christopher + Suzi + Arron + Galia: “...”

This little thing, boasting of his relatives, really has a way.

Christopher couldn’t help but said to Lilly: “One is your uncle and the other is your cousin. In terms of blood relationship, your cousin should be closer. Don’t wait for this. Your uncle heard it and twisted your nose.”

At the moment, Lilly’s brains are turning fast: “If my Uncle Darius dares to twist my nose, I will beat him by Aunt Galia! I guess that Uncle Darius is most afraid of Aunt Galia.”

This little thing!

Her logic shocked all the adults.

There is nothing wrong with this logic!

Christopher and Suzi laughed at the same time: “Puff...”

Galia glared at Shen Only.

The atmosphere in the car immediately improved.

The journey was also very smooth, and they arrived at the rural pastoral residence where Alyce was located in more than half an hour.

This is the place where Alyce’s adoptive father and adoptive mother used to live. Although the adoptive father and adoptive mother are no longer there, there are only memories of Alyce, with a sense of family, and the countryside here is still there.

The house is still there.

So Suzi bought it for his mother.

On weekends, I will come here for a short stay and enjoy the rustic and rustic style.

When the car was parked, a few people just got out of the car and saw another car approaching not far away. With the only sharp eye, she immediately screamed: “Wow, it’s my Uncle Darius’s car.”

While talking, Darius’s car had already drove up to them.

When the car stopped, Darius shook down, then opened the rear door again, and a woman got out of the car.

When Suzi, Galia and Shen Only saw the woman, they were stunned.

Lilly screamed instantly: “Bad woman, why are you here!”

# Chapter 1196

It was Elma who got off the car with Darius.

Seeing Lilly scolding Elma, Darius immediately said mildly and irritably: "One and only, don't speak so rudely. This is your uncle Jun's fiancée."

Shen Only + Galia + Suzi: "..."

Arron + Christopher: "..."

Also, another car was parked behind them.

Lenny and Rayna got out of the car.

Rayna is different from Galia. She has been homeless since she fell out with her parents. Although Rayna is also Darius's little cousin, Darius, his parents and grandfather have asked Rayna to live in Shu's house many times.

However, Rayna prefers to live with Lenny, and she doesn't want to go to Shu's house either.

Because it's uncomfortable.

Later, seeing that Suzi was resolutely not even his grandfather, Rayna and his aunt even more did not want to interact with him.

As a result, as long as Lenny was in Nancheng this time, Rayna lived with Lenny.

At this moment, Lenny and Rayna who got out of the car: "..."

But, too!

After all, Darius has been too busy these days.

Darius did not understand many situations.

Since the relationship between Suzi and Mr. Shu and the Lin family were completely unraveled a month ago, and after Suzi's mother came forward, the entire Shu family seemed to be rolling in a frying pan.

Darius didn't go to the company to deal with affairs.

Let alone ask about other things.

It's just that these people didn't want to understand, how could Darius bring Elma here?

Was it deliberately to anger these people?

It should not be.

Darius is not such a person.

Rayna and Lenny glanced at each other, and Lenny immediately explained: "Rayna, don't blame your cousin for this. Think about it, when you told me about Elma, I know that Elma is my uncle's girlfriend."

Just after Rayna, Galia, and Shen's only three children came to fight Elma, Rayna returned to Lenny's residence and asked Lenny, "What is that Elma? ."

After hearing this, Lenny suddenly covered Rayna's mouth: "My sister-in-law, grandma, don't you know that it's my second uncle's sharp-hearted person. You thought my second uncle would love my aunt Du Huanshan. Isn't it? The woman my second uncle really likes is Elma."

At that time, all those who made Rayna were planning to break up with Lenny.

Rayna said angrily: “Me and the only one, and Galia, gave Elma a violent beating today!”

“What, what!” Lenny fell directly from the bed in shock.

Lenny, who fell, didn’t rush to get up, but reached out and picked up the phone from the bedside table and called Kraig. On that end, Kraig’s tone was very decadent: “What’s the fcuking kid!”

“Second uncle, that, Rayna her... She didn’t know that it was my aunt, so she...”

Before Lenny finished speaking, he heard Kraig say impatiently: “If you hit it, hit it, and you didn’t beat her to death.”

Lenny: “...”

At that end, Kraig has hung up the phone.

Lenny was looking at Rayna at that time.

Rayna said fearlessly, “You think that Elma is your aunt, but I think Dalia is my aunt! What a drop!”

Lenny: “You little shrew!”

“I’m a little shrew! Humph!”

“Let’s see how I clean up your little b!tch!” Lenny held Rayna all of a sudden.

Rayna smiled badly: “You promise me that you will only recognize Dalia as your aunt. If you don’t recognize Elma, I will let you clean me up.”

# Chapter 1197

Since then, Lenny has deliberately avoided Elma.

Moreover, he also discovered that the second uncle really has no feelings for Elma.

Ten years!

Whose feelings can be stored for ten years without deteriorating?

Just kidding!

It is Aunt Dalia who waits by his second uncle's side every day to share his worries and accompany his second uncle, okay!

The young couple Lenny and Rayna decided to die at home, and will resolutely ignore Elma in the future!

However, at this moment, when the two saw that Darius brought Elma here, their jaws almost fell off.

They all looked at Suzi, Galia, Shen Only, Arron and Christopher.

Five or six people, all tacitly silent.

It depends on what Elma and Darius said.

Darius's expression was particularly natural. He looked at Suzi, "Suzi, there are gifts I bought for my little aunt in the car, as well as lunch ingredients. We will make them ourselves later..."

“Master Shu, don’t you tell them, who am I?” Elma interrupted Darius’s words at this time, and Yin and Yang said strangely.

Darius frowned, and then asked in a puzzled way: “Mr. Jun and Brother Arron have the best relationship. Are you more familiar than me?”

After a pause, he said again: “By the way, I asked you what happened to my grandfather along the way, and you have never told me. You can talk about it when you get to the place. Can you talk now?”

Elma did not answer Darius.

She looked at Arron, and said in a commanding tone: “Arron, right? My fiance’s life and death brother?”

Arron looked at Elma calmly: “Yes.”

Elma sneered in his heart.

Not horizontal anymore!

Isn’t it like the last time I went to the Fu Group to look for him?

Ha!

After all, it was Grandpa Shu and Jun’s grandfather who played the role.

It is an unchangeable fact that Elma is Kraig’s fiancée.

Thinking of this, Elma’s heart swelled even more.

She looked at everyone, including the two young men who were standing in the vegetable plot of Shu’s mother.

The two boys looked very young, both in their early twenties, and they wore very western style, but I don't know why they are busy working in Shu's mother's vegetable garden?

In fact, the two boys didn't look at Suzi and the others. They were busy with other people's affairs.

But Elma, she suddenly turned around and called the two young men: "Little fresh meat! Call you two! You two come here!"

The two boys were very angry when Elma shouted.

What little fresh meat!

The shout is so greasy!

"Call you, Xiao Xianrou! Come over!" Elma has always been arrogant, so at this moment, she felt that Darius was supporting her, and Mr. Shu was supporting her, even Arron. All were polite to her.

So she just wanted to get up and cry like she did when she was abroad.

Because it's fun!

The two young men were annoyed by her yelling.

They stood up one after another, both hands were holding mud, and the rubber boots were also muddy and walking towards Elma.

One of the young men asked unceremoniously and impatiently: "Mother, who are you calling! Who knows you!"

Elma asked every word: "You! You shout! Me! What! What?"

The young man raised his eyebrows: “Auntie, aren’t you?”

Elma was furious: “I will kill you...”

## Chapter 1198

Elma is arrogant.

She can’t fix this problem.

She never thought of changing it.

Because the pleasure of being arrogant and arrogant is something that no one else can experience at all.

In the past, no matter where she was, even if she was alone, she could be so arrogant. She often knelt down some local forces who thought they were too tyrannical and arrogant. Call her queen.

That feeling is indescribable.

But within a few days of returning to China, she was beaten by Shen Weiyi, Rayna and Galia. This kind of humiliation, she must move back at this moment.

Elma’s slap hit one of the young men’s face straight.

She wants to be small enough to make the young man stunned.

After hitting the young man, he had to make the young man kneel down and apologize to her and beg for mercy.

This is called killing the chicken and the monkey!

Today, Elma is going to borrow these two young men to give Suzi and the women off their horses. After a while, after cleaning up these two young men, Elma will take care of Suzi and the others.

Today, she won't let it go!

However, things did not go beyond the direction Elma thought.

Just when Elma's extremely sharp nails almost pierced the young man's face, the young man suddenly hid like a loach. The action he avoided was a very graceful arc of dance.

The young man not only hid, but also stumbled Elma slantingly.

That action is very hip-hop style.

Very casually.

It was as if he was dancing hip-hop hip-hop and Elma broke in hard-heartedly.

"Ah..." Elma squatted over with an unstable center of gravity. Just when she was about to lie on the ground, another young man shot.

No, it's a kick.

The young man raised one foot and caught Elma. After this, Elma did not fall, but her mouth was on the young man's feet.

Ouch!

Even Suzi Rayna, Galia and Lilly couldn't help but sympathize with Elma.

Oh my god!

Isn't the young man's feet more than mud?

It is soil with organic fertilizer.

The so-called organic fertilizer is some chicken, duck manure, pig manure and the like.

Rayna couldn't help it anymore, she said, "Puff..." smiled.

Then Shen Only laughed.

It is really ugly that Elma's cheating face and mouth.

After one of her mouths is muddy, it is just like two fat sausages.

And, like two moldy sausages.

After the young man caught Elma's feet, he only slightly raised Elma's heart and threw Elma to the first young man.

The first young man hooked Elma over again.

He was more ruthless than the second young man who had just started.

It is true that Elma scolded him just now, which made her feel unhappy. This young man's foot skills are really good. She picked this muddy Elma with one foot and made several consecutive laps.

His dance is still beautiful and smooth, and very handsome.

But Elma was thrown around and vomited constantly.

Ouch!

That was a mess. It was really Elma's unexpected ending.

Lenny smiled mildly: "In fact, I also like Aunt Dalia in my heart. This Elma has been away for so many years. What is it doing to come back! Wife, you played well!"

"We won't allow Elma from now on!" Rayna ordered.

"Resolutely ignore!"

## Chapter 1199

At this moment, Elma wanted to call Arron, Darius and Lenny for help, but she couldn't speak. Because she was turned faint.

It wasn't until the two young men cooperated with the end of the hip-hop dance that they left Elma on the ground.

Elma only felt top-heavy.

The first young man condescendingly said to Elma: "My little master, I have lived eighteen years old. This is the first time I have seen you such a arrogant old lady! You are so greasy, it is okay! Openly molested our minors! We! Take you to the police station today!"

Elma, who had been accustomed to standing still for a long time, was about to jump out of his vomiting brain.

At the end of the vomiting, the bitter gall bladder came out, and her mouth was even more uncomfortable. She raised her frustrated eyes and looked at the two young people: "Instead, it's you! Do you know who I am? Or? You don't want to die anymore!"

One of the young people also laughed angrily: “You said, who are you! Come and listen!”

“I am the unmarried Kraig of the Jun family in Kyoto...”

Without finishing a sentence, Elma heard a round of scolding.

“Elma, watch and fight!”

This is the voice of three people uniting.

As soon as the voice fell, Galia, Rayna and Shen Wei rushed towards Elma.

I don't know when, these three little nizis actually took sticks in their hands.

They ran to Elma, who was not standing firm, and beat Elma with sticks.

God!

“Aw...” Elma immediately hugged his head and squirmed.

However, no matter where she went, the three little nizi chased her and beat her, panicking, Elma ran to the vegetable field where the two young men were busy just now.

The geography is full of dung, wet soil, good fellow, this time not only her wicked face and mouth are covered with silt.

There was mud all over her, one end.

Even so, the sticks in the hands of the three Xiao Nizi still did not stop.

Elma repeatedly begged for mercy, “Don't, don't beat...”

The three little nizis stopped now.

Rayna crouched and yelled: “Elma! You are far behind me than a shrew! My old lady, I grew up in the market. I often tear my hair with people because of trivial things. Just you, two. You are not my opponent either!”

The little shrew is very disregarded of her own image now.

The little pepper next to it did not show weakness.

“Elma! You don’t take a picture of yourself with soaking urine! What kind of thing are you! Returning Kraig’s fiancée! Kraig would want you to be such a stupid woman who doesn’t wear lipstick on your lips?”

“Ah!”

“Think of a man like you are crazy! You actually got into my man’s car! When I look back, I have to ask my man to tear off the car seat and throw it away! I think you stinks!” Galia said to Suzi all the way. She doesn’t want to fall in love with Darius.

But at this moment, she herself didn’t know, she kept telling Elma that it was her man.

Elma hugged his head and squatted on the ground, not even daring to breathe.

How could Galia let her go, she hit Elma’s toe with a stick: “You black-hearted woman, you have been hanging around for ten years and will not come back! Once you come back, you will grab someone else’s man!”

“The men under you that day are idiots! Just sit at home and wait for you to wander outside. If you have enough wandering, you will come back to marry?”

“You are a dead pig!”

“Stupid pig!”

“You heartless pig! You are so cruel to my sister Shan, you are driving her to desperation! I tell you, if sister Shan is good, if sister Shan has a long and two shortcomings, we will see you once and beat you once! “

“Huh!” Lilly, the youngest boy, couldn’t organize so many vocabulary.

But she will take advantage of it: “Huh! See you once and beat you once!”

Elma: “...” She squatted on the ground with her head in her arms, like a female criminal caught and raped.

Behind him, Darius, who came here with Elma, looked dumbfounded.

This operation is... too foreign, right?

Darius looked at everyone innocently: “What’s the situation? Isn’t she... Mr. Jun’s fiancée?”

## Chapter 1200

When she heard Darius yelling like this, Elma’s courage didn’t know where she was, she suddenly stood up and rushed out of the encirclement to Darius.

“Shu Shao, tell them who I am!” As soon as Elma spoke, there was a stench in his mouth.

Xun’s Darius immediately pinched his nose.

Gentle and wide as Darius, he couldn’t help but blurt out at this moment: “You, stay away from me, you are too stinky! Kill people.”

“Haha...” Galia smiled and bent over.

Elma: “...”

Ouch!

Had it not been for this moment, Elma wanted to break these women into pieces.

But she didn't dare.

She was really scared of being beaten.

Watching Darius despise her so much, Elma could only smile awkwardly:  
“Yes...it's too stinky, but it's all those wicked women who beat me, Shu Shao. ,  
You have to tell them who I am!”

Darius: “...”

He looked at everyone for unknown reasons.

At this time, Arron spoke: “How did you tremble with Darius!”

Arron's tone was extremely cold.

Elma heard a cold war all over her body. She immediately looked at Arron and rushed forward to talk to Arron, but was frightened by Arron's expression.

Arron looked at Elma coldly: “Where were you when Dalia and Kraig were together?”

Elma: “...”

“Talk!”

“Country, abroad.”

“Have you got the marriage certificate?”

“No...no.”

“When Dalia and Kraig were together, you and Kraig were separated, and you were not married. That means Dalia didn’t infringe on you, right?”

“She’s not a junior, is she?”

Elma: “Fu...Arron, you...what do you want to say?”

“I found four or five men on the top of the mountain and almost didn’t beat her to death. The first time was not successful, and the second time I planned to kill her! It would be unfortunate if Kraig had a femme fatale by your side!”

“You...you...how do you talk!” Elma asked Arron.

“Stay away from me! You are too stinky!”

Arron made no secret of his disgust at Elma: “Dalia has a million in his possession, which Kraig gave to her in the past few years. It is also her salary. She legally deserves it, but you give her nothing left. .”

“Elma, do you know what your name is?”

“Robbery!”

Elma: “Arron, who are you towards? The one you are towards my fiancé or the little mistress!”

Arron: “I tell you very clearly that I am towards Kraig and towards Dalia. As for you... you better disappear from us now!”

If the words were necessary, Arron no longer looked at Elma.

He only looked down at Suzi and the only one: "Let's go, let's go in, you see my mother is standing at the door in a daze, she doesn't know what happened, so she is very worried about you and the only one."

Suzi nodded: "Well, husband, let's go in."

After turning around, Suzi looked at the other people: "Go, go in."

Behind him, Elma yelled at Arron very cruelly: "I am Kraig's wife, what can you do to me! I just won't disappear in front of you! I see what you want!"

Arron didn't look back.

He only said coldly: "If you don't disappear in front of me, or if you appear in front of them next time, I will let you die without a place to bury you."

Elma: "..."

Arron's voice was very flat and indifferent to her ears.
