

Chapter 1103 – 1108 of Punished by His Love Novel

Chapter 1103

I thought that after adopting a child, the couple would be able to rely on them for the second half of their lives, but I didn't know that Skynet had recovered from the negligence.

After the couple were arrested, Alyce became an orphan completely.

Alyce, who could still work in the factory, had to leave the factory because he avoided the search of the Shu family.

She is homeless.

I dare not live in a hotel or rent a house.

When I was the most impoverished, I also lived on the flyover.

Under the overpass, I also encountered bad people who wanted to insult her.

She was Jarod when she was fighting with bad guys.

At that time, Jarod was a little white-collar worker in a factory.

Jarod recognized this girl named Sally Alyce at a glance, saved her and took her back. Then she was offered another job.

In this way, after more than a year, Alyce naturally began to fall in love with Jarod.

Two years later, when Alyce was 21 years old, Alyce and Jarod got married.

Their wedding is simple.

Jarod always thought that Alyce was a young girl from outside, who treated this girl nicely before marriage. After the marriage, that kind of male chauvinism was exposed, especially during that period, when Jarod was promoted to deputy factory director.

At that time, Alyce had just become pregnant, and Jarod, who was promoted, continued to expand. It didn't take long for him to get involved with the interns from the factory.

That was a female college student named Moira.

When Alyce learned that her husband had an improper relationship with a female college student from the factory, Alyce also had trouble.

However, before she did anything to the mistress, Alyce slapped Jarod sturdily: "You don't look at what you are! The origin is unknown, even the identity is fake! If you want to have no culture, Culture, education without education, you are still the daughter of a murderer!"

"Hey, I'll ask you, your adoptive parents went to jail for murder, wouldn't it be you who was ruined by the daughter back then?"

At that time, Alyce was so angry that he couldn't even speak.

She only crushed the silver teeth and said, “Jarod! I am pregnant with a child, and I will not divorce you!”

Jarod: “You...”

“I want to see, if I don’t divorce you, how do you marry Moira! How is the child in Moira’s belly born!” Alyce said viciously.

After speaking, she stopped making trouble in the factory.

Ever since then it has been troubled again.

Of course, Jarod continued not to go home and continued to be with Moira. Jarod and Moira looked like a veritable husband and wife.

Until the few days when Alyce was due to give birth, Moira was almost due to give birth.

Jarod, who had no choice anymore, bet Alyce at home and gave him a violent beating. He was playing Alyce to death, intending to kill Alyce and the child in his stomach.

In order to protect the child in his stomach, Alyce had to beg Jarod not to beat her again.

She agreed to divorce.

Alyce, who was more than eight months pregnant, was kicked out of the house by Jarod for misbehavior during pregnancy.

The day Alyce went out, she was going to give birth.

Chapter 1104

Alyce walked aimlessly on the street, not knowing where to go.

The pain in her stomach was falling, and she felt an extremely desperate feeling. She didn't know if she could survive, or if the child in her stomach could be born.

At that moment, Alyce suddenly understood his mother's dying pains.

Mother is dead, it is too hard for her to live alone in this world.

She also understood the reason why her mother had given birth to her in the first place. Alyce, who didn't blame her mother, went to her mother's cemetery and cried there all afternoon.

Towards the evening, her stomach hurts so badly that she can't even get out of the cemetery.

She squatted on the ground, shouting weakly: "Help, help..."

It was a lame man who came to save her.

The lame was bothering to help Alyce on the tricycle, drag Alyce with the tricycle, and drove her to the obstetrics and gynecology hospital. At the hospital, the lame had no money to pay for Alyce.

He could only ask Alyce over and over again: "Where is your family? How about your family?"

Alyce said painfully: "I have no family..."

Cripple: "..."

Seeing that this would cost one corpse and two lives, the cripple had no choice but to go back to the cemetery and told the leader that he was in a hurry and needed money, and asked if he could send him his son in advance.

The leader of the cemetery said: "Unless you resign! Not only the salary of last month will be sent to you immediately, but also the ten days you worked this month will be sent to you at the same time!"

The crip resigned resolutely.

After getting one and a half month's wages, the total is only two thousand yuan, but it is enough for Alyce to pay for the hospitalization.

I paid Alyce hospital fees, but the lame man was penniless. He didn't even have a place to live in the big city. He could only wait in the corridor of the obstetrics and gynecology department of the hospital, waiting for Alyce to give birth.

A day later, Alyce gave birth to a girl.

Mother and daughter are safe.

The crip was also extremely happy.

"Brother, I don't know what your name is, where do you live?" Alyce asked.

"I am also a bachelor, my surname is Lin, so you can call me Lin Cripple." Lin Cripple said to Alyce shyly.

He opened his mouth, originally wanting to say something, when he saw Alyce holding his little daughter extremely happy, the lame said nothing.

He has no money left.

Not only is there no money, but there is no job.

He doesn't know how to settle the mother and daughter

Later, when Alyce was discharged from the hospital, the lame said this to Alyce: "I...I am homeless, and I don't have any money anymore. See if you can find your child. Father..."

Alyce cried and nodded: "I see, lame brother, you are a good person, I can't hurt you anymore, you go, I and my child's father just got awkward, I'll go find him, yes. Cripple brother, can you tell me where you live in your hometown? I asked my child's father to ask for the money, and then I can go and pay you back."

Lin Lizi smiled and said, "No...no, as long as the child is well, it will be fine. I have two acres of farmland in my family, and it's the same for me to work in the county and work in the county."

After speaking, the cripple left.

"Brother lame!" Alyce shouted again: "Will you... leave me an address? When my child grows up, I will pay you back. I will take mine The child goes to see you and let her recognize you as a godfather."

Hearing Alyce's words, Lin Lizi nodded excitedly: "Eh, okay, okay."

He left the city with the address to Alyce.

Lin Laizi didn't know that after he left, Alyce was actually desperate.

She was holding her baby alone and walking on the street, but again aimlessly and desperately desperate.

As she walked, she didn't know why, and walked to the small courtyard where her mother was alive.

Chapter 1105

The small courtyard has never been sold. The lock on the outside of the courtyard door can be opened by hand. Alyce enters, and there is a musty smell inside.

The house is outdated and in disrepair, with water leaking everywhere.

But it can barely live in people.

After she lived in her mother's old house, she took out some paintings from the camphor wood box her mother had before her death and went to the gallery to sell them for some money.

Not much money, but enough to support mother and daughter for two months.

However, the good times did not last long.

In one afternoon, Alyce was pushing her child to buy vegetables, but on the way back, she saw people coming from her mother's yard. Those people belonged to the Shu family.

They changed a new lock for the house and locked the house.

Then throw away some of the daily necessities inside.

Before leaving the house, the servants of the Shu family also said: "These days, there are really everyone, even the shabby small courtyard where people have died of illness, there are people living in it! Can people live here! "

"Why can't you live here? Homeless people can live here, it's much better than living in the sewers."

The two servants of the Shu family passed by Alyce, and they did not recognize who Alyce was.

Even though at that time, the Shu family had sent out waves of people to look for the young lady of the Shu family for several years.

At that moment, Alyce thought it was really funny.

Is this the young lady who is really looking for Shu's family?

If you really feel bad, if you really want to find it, how can you not find it?

At the same time, Alyce also completely lost his residence on that day.

She also started to change the sewer pipe on that day.

She still had some money in her possession, bought some children's bedding, buns and so on, and threw some straw in the sewer pipes, and thus began her underground life.

When she slept in the sewer pipe, Alyce missed her mother very much.

They are all mothers, and mothers are more qualified than themselves.

Mother is a great mother.

My mother never received her father's love in her life, but her mother never resented Alyce. She alienated Alyce from the image of a good father in Alyce's heart, so that Alyce grew up without inferiority complex and distorted personality.

What about her?

One's own child has no father at birth.

It was just the full moon, and I was forced to live in the sewer with my mother.

What did she do, Alyce?

After living in the sewer pipe for a week, the child had a fever.

In the middle of the night, Alyce deeply hated the penny, and in desperation, she carried her baby to find Jarod overnight.

As a result, that night, Jarod's wife Moira gave birth to a child.

Alyce chased to the hospital again, without any suspense, Moira cried angrily.

However, Jarod fought and kicked Alyce again. The people in the hospital who only beaten couldn't stand it anymore. Jarod gave Alyce money and let Alyce show the child the illness.

The child's illness is optimistic, but Alyce heard that Moira's child died.

For this reason, Jarod beat Alyce again, and Alyce really didn't want to live anymore.

She scrambled to look at Jarod with black eyes: "Jarod, I don't know what I did wrong. If you bully me like this, don't you bully me just look at me helpless? I really live. Enough, I want to take my daughter to find my mother underground."

"Okay, you go to die now." Jarod kicked Alyce again.

Chapter 1106

Alyce was really desperate and wanted to die.

But before she died, she couldn't owe other people money, especially that she was still an honest poor.

“Jarod, we are a husband and wife, you give me three thousand yuan, I have two thousand yuan to exchange for Brother Shen, and I will use the remaining one thousand yuan as the travel expense.”

Jarod sneered coldly: “What you think is beautiful! I can't afford to pay 3,000 yuan, but if you lie to me...”

“I have reached this point, what can I lie to you?” Alyce smiled sadly.

“I'll go with you! If you didn't lie to me, I would naturally give you three thousand yuan!” Jarod said viciously.

He wants to go to places thousands of miles away with Alyce. Naturally, it is not because Alyce is touching him, but because he suddenly thought that if Alyce's mother and daughter were doubled and placed in that remote mountainous area, or to find a husband's house for this woman there, Then Jarod will have no worries afterwards.

After making up his mind, Jarod immediately set off to send Alyce's mother and daughter to Shen's lame hometown.

It was later Suzi's hometown.

When he arrived at Shen's home, he was quite surprised.

He didn't expect that Alyce really came to pay him back.

Shen Laizi also told Alyce the truth: “I have been lame since I was a child, and I can't have children, so no one wants to marry me. If you don't dislike me, let's live in a class. Although the days are poor, I have one bite to eat. Yes, your mother and daughter will eat in two bites.”

Alyce burst into tears when she heard the lame Shen say this.

She put down the sleeping child, protected the lame man, and shouted on the spot: "Husband, you will be my husband from now on. I will live here for the rest of my life, and I won't go anywhere. This is my life."

She cried for a long time.

She was still crying until Jarod left.

The lame Shen asked Alyce: "Who is the man who sent you here?"

Alyce said indifferently: "A distant cousin, he is here for money, and we won't be with each other again in the future."

In this way, Alyce took the child and settled in Shen Lizi's hometown.

She and Shen Lizi are married.

They named the child: Suzi.

Suzi was a sensible child like Alyce when he was a child.

However, Suzi's childhood was not as lucky as his mother's childhood.

At least grandma is a woman who has seen the world. Grandma's piano is excellent, and grandma's painting is also very accomplished. But when she comes to Suzi's mother, although she can play the piano well, can she play the piano as a meal?

Especially this remote mountainous area.

Alyce often said to himself to Xiao Suzi, who is only one or two years old, "Your mother should have been the eldest lady of a big family, but it's a pity

that your mother didn't have this life, and your grandfather would never admit it. Me. In the most popular sentence, your grandfather just provided a sperm."

"So, my mother was cast aside from birth."

"Because of this, your grandma has done her best to protect her mother. She has exhausted her life for her mother to have a good future."

"It's my mother who is not up to date. My mother didn't understand your grandma at the time."

"Now that my mother has you, my mother understands your grandma's hard work at the time."

"It's a pity, my child! Mom does not have the ability of your grandma to provide her with a superior life, but she will do her best. Mom must make you an excellent child for you to enter university and do your own business in the future. Make your own decisions."

The little Suzi can understand but not understand.

But she is a sensible child.

I've been sensible since childhood.

Before going to school, when he was only four or five years old, Suzi knew that he was helping his father with water.

Because Suzi knew that his father's legs and feet were inconvenient.

Dad is hardly literate.

Chapter 1107

But her mother graduated from high school, and Suzi's entire elementary school was tutored by her mother, so that Suzi's grades in the local area have always been excellent.

In addition, Suzi's grandmother, that is, the dead Zhou Qin, was actually a very particular woman.

She was born in the country's blood when she was in her grade. She had ideals, ambitions and enthusiasm for composing and painting. Such a woman must be indispensable, so Alyce actually inherited many habits of her mother.

For example, Alyce likes to pick wild flowers on the mountain and put them in his empty wine bottle.

Even if Shen Cripple's house was extremely dilapidated, Alyce was able to decorate a home with great taste.

The lame Shen felt that he had married a fairy.

And Alyce felt that she would never have to be displaced in her life, and she would never have to have anything to do with the Shu family anymore. She could never recognize her lover from the Shu family in this life.

She has lived in this land all her life.

She is content even if she is poor.

However, what Alyce thinks is that she will live a contented life, but she will not live in peace in this life.

She and Shen Lizi's family of three did not find much peace in this land.

Someone was staring at the land where the lame was originally.

That was the cousin of a courtyard gate of Shen Laizi.

They wanted to wait for the old bachelor Shen Laizi to die, or if they were not married, let their daughters inherit Shen Lap's homestead and this low house.

You can get demolition funds in the future.

But never thought that Shen Cripple would lead his family to come to a daughter-in-law.

They were still so celestial and beautiful, but they also brought back a daughter.

This made Shen Cripple's cousin extremely jealous and extremely annoyed.

They are finding fault Shen Lame every other time, not only that, the cousin's family also instigated the people from Murakami to squeeze the Shen Lame couple and their children together.

Even so, the Shen Laizi family still lived a strong life in this land.

However, Shen Cripple's health is getting worse and worse.

It wasn't until Suzi was twelve years old that the lame Shen finally died because of qi.

Even though the relationship between Alyce and Shen Laizi is good, Alyce can't save Shen Laizi's life.

She was heartbroken.

However, when she saw her 12-year-old daughter, Alyce insisted on surviving again.

She thought that her destiny was really bad.

She didn't know what her daughter would become if she lived in the countryside.

When Suzi was twelve years old, Alyce made a decision after the death of the lame man.

She decided to go to Jarod again.

Now, she is no longer as weak as a dozen years ago, she is already a woman in her thirties, and she wants to fight for the rights of her daughter.

Twelve years later, Jarod has already become soaring.

When Alyce brought Suzi to Jarod's door, Jarod wanted to punch and kick Alyce again.

Alyce sneered and said to Jarod: "Jarod, I have all the birth certificates of my daughter. I have both your marriage certificate and divorce certificate. My daughter is also your daughter. This is a fact that cannot be changed. You must be paid for support! The support for twelve years will be paid to me in one lump sum!"

Jarod: "..."

Alyce sneered: "Otherwise, I will sue you with these evidences!"

Jarod: "What do you say, I will do it!"

Chapter 1108

Alyce said in a calm tone: "Give me my daughter's support for twelve years, and then give my daughter a Nancheng household registration, and then arrange her to study in Nancheng! All of these can't be less!"

Jarod: "Don't think about it!"

Alyce sneered again: "Jarod, Sally Alyce has lived for more than 30 years, what do I dare to do! It doesn't matter what I live like! I have no other requirements, I just want you to be nice to your daughter She is your biological daughter!"

Jarod: "..."

"She is twelve years old and has always lived in the countryside. She hasn't even seen new clothes on her body all year round. Don't you feel bad about Jarod? Don't you want to take a look at your biological daughter?" Alyce asked coldly.

At that moment, when Alyce questioned Jarod, she thought of her mother.

How much her mother wanted her to recognize her biological father, and how much Alyce wanted Suzi and Jarod to recognize.

After all, Jarod is now successful in his career and doing business well.

Suzi follows his father, more or less, can have a good future.

It's just like a mother who looked forward to herself in those days.

What she said moved Jarod.

He asked angrily: "Where is the child, let me have a look?"

A day later, Alyce brought Suzi over to show Jarod.

The little girl was very shy and spoke very few words. She could blow away with a thin wind, but she was not short and her skin was fair.

Jarod was also very happy when he first saw the little girl. He rubbed his hands and asked Alyce: "This is mine...Is this the kid?"

Alyce said: "Please have mercy on her, give her a chance to go to school, give her a chance to receive a good education, she is your daughter! Your biological daughter!"

Jarod said for a long time, "I can give her the opportunity to go to school, I can give her living expenses, but I can't let her call my father!"

Alyce: "You..."

Jarod also said coldly: "I have a wife, a child, and a daughter about the same age as Suzi! Our family of three is very happy!"

Alyce: "Isn't your wife's daughter already dead?"

"Adopted, can't it!" Jarod asked viciously.

Alyce looked at Jarod incredulously: "You, you don't want your own daughter, but you want to raise an adopted daughter?"

Jarod looked at Alyce mockingly: "What about her biological daughter? I haven't seen her for a day after she was born. She killed my other biological daughter! Although my current daughter is adopted, she is very close to us! It's a good relationship with her mother, that's enough!"

After a pause, he said again: "If you want your daughter to have a good future, don't worry about my family affairs! Daughter can live with me, but can't call me Dad! You can't know our relationship! Otherwise, don't talk about it! "

Alyce: "..."

She was in pain.

She felt, how could the lives of herself and her daughter be like this?

When I was a child, my father didn't recognize himself.

And now, Jarod does not recognize his daughter.

Fate will really make fun of people.

She wanted to take her daughter away.

But where can I go?

Alyce was not even as good as his mother back then. At least his mother had a small courtyard to live in at that time, and her mother could recruit students to teach students.

And where is she Alyce?

She knows nothing.
