

Chapter 1115 – 1118 of Punished by His Love Novel

Chapter 1115

He thought that this kick was to punish Suzi, and let her reflect in her shack today, where she was wrong, and she must be disciplined and disciplined in such a straightforward manner in the future.

The next morning, Jarod went to the shack where Suzi lived, took ten yuan from his pocket and handed it to Suzi: “Here you are, take it.”

Suzi looked at Jarod, but did not answer.

Jarod threw the money in front of Suzi and asked, “Do you know where you are wrong?”

Suzi lowered his head and said nothing.

“Take these ten dollars and buy yourself some delicious breakfast in the morning.” Jarod’s tone of disgust and charity.

Suzi didn’t take the money.

She got up, said nothing, didn’t even look at Jarod, only bypassed Jarod and went to school.

She was hungry that morning and the night before.

Not only was she hungry, she also had the pain of being kicked and beaten by Jarod.

But Suzi didn't know at that time. Jarod looked at her staggering back and cursed behind her: "I owe you! Do I owe you! I gave you life, and I owe you! Look! I'm not dead yet with your crying face! You drove me to death all the time, didn't you?"

Since then, Jarod hated Suzi even more.

I don't think it's my own daughter, but every time I see my own daughter, I want to kick her to death.

Jarod secretly shouted to Suzi: "Debt collector! It's better to die soon!"

For a long time, Jarod thought, what about his own life? If your own person is not filial, if not pleasing, if you hate your father all the time, it is better to adopt a daughter.

How nice to adopt a daughter.

Know that I love my dad, my mouth is sweet.

Even if the adopted daughter has poor academic performance, even if the adopted daughter spends money like water, Jarod is willing!

Until later, Jarod became more and more disgusted every time he saw Suzi. He did not want to let Suzi stay in his home for a minute, and wanted Suzi to die every minute.

Therefore, in the year Lanita stabbed the half-old man with a knife, Jarod did not hesitate to set a trap for his biological daughter, and easily rescued his adopted daughter Lanita.

Then, his biological daughter went to jail.

At that time, Jarod often snickered.

Finally, the evil barrier of the crying father's face was closed.

At that time, Jarod believed that Suzi would die in prison sooner or later.

Therefore, before Suzi died in prison, he took advantage of Suzi again.

Not only that, but in order to prevent Suzi's mother from taking revenge against him, he personally sent Suzi's mother to the well.

Sure enough, Suzi's mother had an accident after working in the mine for two years.

Suzi in the prison is completely helpless, so he can naturally let Jarod use it whatever he wants.

At that time, Jarod thought about it, anyway, Suzi was his biological daughter, and he gave her the life of her biological daughter, so the fate of her biological daughter is dead or alive. Isn't it normal to hold it in his hands?

Who can say anything?

That's it, Suzi's imprisonment, Suzi's prison was used by him, knowing that Suzi was persecuted by his Lin family again and again when he came out, Jarod took it for granted.

He often gritted his teeth with hatred, how could Suzi not die.

Suzi living in this world is harmful to others.

Only when Suzi is dead can the world be peaceful, and only his adopted daughter Lanita can have a happy life. In the future, his adopted daughter Lanita will marry someone and give birth to grandsons. Their Lin family can also be considered as a happy life.

However, she never expected that Lanita had a terminal illness.

When Jarod was desperate, Moira told Jarod that Lanita was his biological daughter.

Jarod was stunned on the spot.

Moira looked at Jarod with tears and excitement: "Lanita and Suzi have the same father, and Suzi's kidney can save Lanita's life."

Chapter 1116

Hearing Moira's words, Jarod at the time seemed to have won a million prize.

He grabbed his wife Moira's hand and said, "That's great. As long as Suzi's kidney can save Lanita's life, then we will dig out both of Suzi's kidneys."

This is what Jarod said to Moira a while ago.

After finishing talking, he still rubbed his hands and muttered to himself for a long time happy: "Oh, oh, my daughter is saved. Our Lin family will be able to open branches and leaves again in the future. Oh, I didn't expect Lanita to be my Jarod's. My biological daughter, whoops..."

Thinking of this, Jarod suddenly asked Moira: "Why is Lanita our daughter? Didn't our daughter died that year?"

Moira cried and said to Jarod: “Jarod, I gave birth to twins at the time. One of them died and the other didn’t. It was placed at my cousin’s house far away.”

Jarod asked inexplicably: “You, why did you do this? You know how painful I am to lose me and your daughter!”

Moira cried and said to Jarod: “At that time, you only had a little real estate. You and Sally Alyce just divorced. She went out of the house. If she finds out, you cheated in her marriage and she goes to the court to sue you. , You don’t even have that little real estate.”

Jarod: “...”

“I’m thinking about you, Jarod.” Lanita said to Jarod in tears.

Jarod was quite touched at the time: “So, you let our child be raised in your distant cousin’s house until she is two years old before letting her come back, telling everyone that it is our adopted child?”

Moira nodded: “Yeah, Jarod, you forgot, the child called your father as soon as he walked in, because she always knew you were her father.”

Jarod believed in this matter.

From that moment on, he and Moira united their camp and unanimously told Elder Shu that they wanted Suzi’s kidney.

They all have a tacit idea.

That is, while rescuing Lanita, she can also completely get rid of the evil barrier of Suzi!

In order to get rid of Suzi and to treat his other biological daughter Lanita, how much did Jarod spend this week?

He was able to find a woman from such a remote place to play the role of the family member of the man who was stabbed to death. The purpose was to completely put Suzi to death, so that Suzi could no longer stand up.

However!

What made him Jarod never expected.

He tried all his hard work to suppress the happy family that he had acquired in exchange for the extermination of his own daughter. It turned out that his wife brought her a green hat.

How stupid is Jarod to think about him?

How bad is it?

When Suzi was so calm and calm to the point of death, he said to him: "Dad, you can dehumanize your daughters and foster green-hat daughters. You are the most selfless man in the world! Are you supporting environmental protection?" "At that time, Jarod had all the desire to kill.

The entire hotel lobby here has been taken down by Arron.

No one comes in here.

Jarod suddenly shifted his target. He turned around and came to Lanita. He punched and kicked Lanita, who had just spent a hundred thousand yuan on dialysis and took medicine.

"Oh..." Lanita curled up on the ground painfully: "Dad, don't hit me, I'm your daughter, Dad..."

"Shit!" Jarod cursed: "Who is your father? Who is! You are your mother who gave birth to that man?"

Wild species! “

Every time he kicked Lanita, Lanita’s body was bruised.

She is a patient, she doesn’t get beaten at all.

She barely supported him when she came to Elder Shu, grabbing Elder Shu’s feet: “Grandpa...Grandpa, save me, my dad beat me...”

“Who is your grandfather!” Before Elder Shu had any reaction, Darius kicked Lanita away.

Lanita held her head and looked at everyone present like a mouse crossing the street.

Apart from Moira, no one sympathized with her in the field.

At this time, Jarod was going to kick Lanita again, but was stopped by Suzi: “Mr. Lin, this is a public place. It is illegal for you to hit someone.”

Chapter 1117

Jarod: “...”

He turned his head and looked at Suzi: “Suzi Suzi, Dad just wants to give you a sigh of foul...”

“You’re wrong.” Suzi said, “I’m about the same age as Lanita. Even if she bullies me, where can she bully me? If it wasn’t your father who supported her, how could she bully me?”

Jarod: “...”

“It’s you who don’t give me my birthday every year, and you who don’t feed me every day, and let me know that you are the one I owe you every day.”

“It’s you who didn’t tell me that you were my father, it was you who let me live in the shack, and it was you who let me watch the happy life of your family of three through the crack of the door.”

“It was you who didn’t let me go to college, and instead sent me to jail. You personally released me on bail. It was you who sent me to Arron. Seeing that Arron was overturned, it was you who wanted to kill me. “

“Jarod, the biggest enemy in my life is not Moira, let alone Lanita.”

“It’s you.”

Jarod: “Suzi...”

“Suzi was not what you called.” Suzi’s expression was calm: “From the time I was born until now, what you have given me is not only persecution, but also persecution.”

When it comes to this, Suzi’s tone is exhausted: “Mr. Lin, since I was young, I don’t know what I did wrong? Make you hate me so much, persecute me every day, and try to kill me?”

“Time and time again, as long as you see that I haven’t been killed by you, you think it’s my fault. I still live in this world and disgust you.”

“Why? Can you tell me why?”

Jarod: “...”

There is no why.

He wants to say, did he talk about Moira's bewitching?

Is he so innocent?

After all, I still look down on his ex-wife Sally Alyce.

In the end, it was because I had cheated in marriage, because I had Moira, and because I wanted to be with Moira, I had to suppress my ex-wife to the death.

It is also because the ex-wife is helpless, so Jarod feels that he can treat his ex-wife as he wants.

Even the ex-wife and his own children are still small children, and there is no way to fight back, so they bully.

Just bully to death.

Jarod looked at Suzi with a sad face: "Suzi, because I am your biological father, you..."

"No." Suzi was very calm: "I can't forgive you."

Jarod: "..."

Suzi also said: "There is no forgiveness or forgiveness between me and you, only hatred is as deep as the sea."

"You didn't want to support me before, and you didn't do my father's responsibilities to me. I can ignore it. However, you wronged me and sent me to jail for two years for no reason, and made me lose my qualifications to go to university. Go with a man

After being released from prison, he continued to chase me down, ruining my reputation.

Let your green-hat adopted daughter marry me into a wealthy family and chase me down for six years.

Most importantly, you tricked my mother into the well and imprisoned my mother!

Jarod, you should be a capital crime for all these crimes! “

Jarod normally sat on the ground.

His face was extremely pale.

He had a deep hatred and wanted to shave Moira and Lanita alive.

He felt regretful again, hoping that his own abuse could forgive him.

However, Suzi only said categorically to Jarod: “Jarod, today is the countdown to your death!”

Chapter 1118

Suzi didn't have any emotion at all.

There is never any nostalgia.

This made Jarod feel that his feelings at this moment were even more tormenting than death penalty.

Suzi no longer looked at him, but said to Christopher: “Assistant Yan, the grievances between me and Jarod's family of three have been clarified.

Please help Assistant Yan to hand them over to the escorts. Regarding Jarod's frame of me, For my mother's imprisonment, as well as the pursuit of me, I will always make a statement to the court."

"Good lady." Christopher said.

About to take away the Jarod family of three, Suzi said to Christopher again: "Assistant Yan, wait a minute."

Christopher respectfully said: "Madam, what do you have to say?"

Suzi looked at Mr. Shu, who was always in tears.

For the past ten minutes, Suzi has been confronting Jarod, she did not pay attention to the expression of Old Man Shu.

In fact, Mr. Shu has been crying.

No one knows why he shed tears?

Regret it?

Confession?

Or is it distressed?

That is not what Suzi wants to care about.

She has nothing to do with Mr. Shu.

It doesn't matter from start to finish.

Suzi looked at Elder Shu calmly: "Old gentleman, because you are the savior of my husband and my mother-in-law, I respectfully call you old gentleman."

“Suzi...” Elder Shu shouted ardently.

Suzi shook his head: “Old gentleman, if you call me that way, it will make me at a loss.”

Elder Shu: “...”

Suzi continued: “The misunderstanding between me and you has been six years, since the first time you saw me six years ago, you said that I was an incredibly cheap seller...”

“I’m sorry Suzi, I’m sorry...” Elder Shu was still a dare to act, and he apologized without hesitation.

Suzi shook his head, “No, no, please listen to me.”

Master Shu nodded awkwardly.

Suzi continued, neither humble nor arrogant: “What I want to tell you is that when you saw me for the first time, I dressed up like that. One of your granddaughters, Walton, asked me to dress up like that and said that I could give me some money. “

Old man Shu was startled.

He thought of Walton, the fake Shu family niece who had deceived the Shu family for more than 20 years.

“Suzi Suzi...I understand now...”

“Let me explain to you, okay?” Suzi asked patiently.

Old man Shu blushed and nodded.

Suzi continued: “Since then, you have been unilaterally biased towards me. I don’t even know you. I’m just the most difficult woman in this city. Is it because I live at the bottom? Accept your criticism?”

“If you say I’m depraved, I’m depraved? If you say I’m morally corrupt, I’ll be morally corrupt?”

“Then let me tell you that Jarod, the father of your granddaughter, admitted just now that he was setting up me and chasing me down.”

“So, you once saw a 70-year-old man named Huo trick me into the box, and then I stabbed me. That’s not what I want to happen to him, it’s because he was instructed by the Lin family to insult me. , I protect myself, you know now?”
