Read [Chapter 1285 – 1286](#) of the Novel **Punished by His Love**.

Chapter 1285

“Okay, your mouth is hard.” Suzi sneered.

Then, she said: “Gu Xiaoqing! Find out the nursery where my daughter is located in advance to save your life, and contact me first.”

“You won’t miss the sensuality and win in front of me early. Your tall, cold and arrogant character set makes me have a good impression of you, because you think I will like you, a tall, indifferent and indifferent person, right?”

Gu Xiaoqing: “You...what are you talking about? I don’t understand what you are talking about. Please let me go! Your way affects Mr. Fu’s image in the company. Please let go! You are like a person like this. Vixen!”

Suzi sneered: “Am I a shrew? It’s not your turn to teach me!”

“Gu Xiaoqing! The set of your deliberate deployments is really bad!” When it came to this, Suzi had already pulled Gu Xiaoqing into the reception lobby.

At the front desk, the female clerk who was waiting for a good show did not expect her to see her good show so soon.

The female staff member was stunned.

Suzi suddenly flicked, staggering Gu Xiaoqing, and then fell to the ground.

Gu Xiaoqing is wearing a skirt today, and it is still a very short one-step skirt. After being thrown by Suzi like this, her one-step skirt suddenly opened a seam.

Gu Xiaoqing: “...”

She looked at Suzi with tears in her eyes.

Suzi’s expression remained calm.

There was not too much anger, not too much swearing.

At this moment, Suzi is very much like her usual cold personality.

Not only high cold, but also an extremely powerful calm.

It’s not at all like Suzi usually treats her, friendly and smiling, with a little appreciation and tolerance in his eyes.

At this moment, Suzi did not tolerate her Gu Xiaoqing at all.

“Suzi! I originally thought you were a sensible, different from their broad wife. It turns out that you were panicked like this, and then you were so arrogant! Why did I offend you? You took me from Mr. Fu’s office. Pull it out directly!”

“I want to sue you, I want to sue you! sue you!” Gu Xiaoqing said three times in a row.

“Report?” Suzi sneered.

Then he said: “In the realm of my man, you sue me? Gu Xiaoqing, I tell you, there are so many women in this world who want to covet my man, but there is no one like you, with such a method. Clumsy!”

“What’s wrong with me! You’re crazy, a woman like you is too unconfident, right? Just grab someone who comes to negotiate with your husband, and you say it’s here to seduce your husband? I don’t believe in Mr. Fu Don’t give me justice!”

As soon as Gu Xiaoqing’s voice fell, she saw Arron coming to the scene.

His expression is very cold.

A man with a slender figure, dressed in a navy blue suit, stood between the two women.

“Mr. Fu, I’m here to talk to you about cooperation. Mr. Fu, you have to tell your wife that your wife involuntarily dragged me out of your office and pulled all my hair off. Don’t bring this. Bullying, President Fu?” Gu Xiaoqing looked up at Arron pitifully and aggrievedly.

There were tears in her eyes.

Arron looked at Gu Xiaoqing and then at Suzi.

Suzi’s face was still calm, and the man looked down Suzi’s face again, seeing Suzi’s bare feet all the time.

Women’s feet are bright and white, slender and beautiful.

He often washes her feet before taking a break at night, but he has never discovered that her call is so beautiful.

The man's face suddenly became milder.

Then, he slowly bent down and placed a pair of high heels in front of Suzi.

“Raise your feet.” The man raised his eyes and looked at his wife gently.

Chapter 1286

Gu Xiaoqing: “...”

She stared blankly, her eyes almost fell out of shock, okay?

At this moment, Gu Xiaoqing even forgot that she was still sitting on the ground, and that she might be gone.

And the staff of the entire Fu Group, all of them looked dumbfounded.

But the man in full view did not twist at all. He slowly squatted down on his waist, placing the high-heeled shoes in his hand in front of Suzi, and leaned his shoulders towards Suzi: “Hold my shoulders.”

Suzi obediently supported Arron on the shoulder.

“You said you know you are going to fight Xiaosan, and you still wear such high heels, aren't you trying to make yourself suffer? Fortunately, you are not stupid. You also know that you take off your shoes and squeeze Xiaosan's hair.” Arron said slowly while putting on shoes for Suzi.

Gu Xiaoqing: “...”

All employees of the company: "..."

I always knew that Fu was always in fear.

This was sent by him on the official blog of the Fu Group.

I have always known that Fu is always a spoiled wife, but they have never seen how Fu, who has always been extremely abstinent, always dotes on his wife?

Today, I finally let all the staff of the Fu Group see it.

Especially female staff.

There were also some female employees who were eager to move towards Mr. Fu, always looking for opportunities to get closer.

And at this moment, when seeing the vice president's wife so sturdy, and seeing Fu always doting on her sturdy wife so much, all those women who have thoughts and schemes about Mr. Fu have all killed this idea. Budding.

Arron slowly put on high heels for Suzi, then slowly stood up, then put Suzi in his arms, and said calmly to all the staff present: "My lifelong lifelong leader, It is also the wife of the president of our Fu Group."

"Hello, madam!" the staff said in unison.

I don't know when, hundreds of staff have poured out from the corridor, and the entire corridor has been blocked. At this moment, they seem to have been courageous by Suzi's behavior. Always be beaten up or fired.

They shouted laughing and joking.

"Hello, Mrs. President."

“Hello, Mrs. President.”

“Mrs. President, I like you so much

, Can you sign me? “

“Mrs. President...”

Gu Xiaoqing sitting on the ground: “...”

At this moment, her humiliating tears flowed down.

“You...does your company treat your customers like this? I...how on earth did I offend your President’s wife? You want to treat me like this?” Gu Xiaoqing hysterically wanted to prove it for herself. Strive for reason.

At this time, Christopher squeezed from the crowd.

He put a small storage disk in front of Gu Xiaoqing, and said in a calm and disgusting tone: “Ms. Gu, this is the monitoring content of the president’s office, or else just play it in this hall now?”

Gu Xiaoqing: “...”

Chapter 1287

Her face suddenly turned blue and white.

At this time, Arron also spoke: “Miss Gu, if you wear such a deep V from the beginning and come to my office to talk to me about business, my company’s front desk won’t let you in once it is clear.”

At this time, the front desk also suddenly noticed the large white skin on Gu Xiaoqing's neck.

The front desk suddenly pointed at Gu Xiaoqing angrily: "You...how did you change your outfit?"

Suzi sneered: "She didn't change clothes. When she came in, the reason she looked conservative was because she wrapped her in front of her with a scarf, and now she missed a large area in front of her that shouldn't be exposed. , Because she took off the scarf as the bow tie."

The front desk glared at Gu Xiaoqing: "You...you woman, how can you do this? No wonder our president's wife came to pick you out personally. A woman like you should go parade and let everyone see. What kind of stuff are you!"

"Bah!" Someone vomited directly on Gu Xiaoqing's face.

At this time, Gu Xiaoqing couldn't take care of that much.

Anyway, she has reached this point, she might as well struggle a bit: "I...what the hell did I do! I am showing the vice president the information and the letter of intent. I am afraid that my hair is blocking the president, so I just put it on. The silk scarf was torn off and tied into my hair because I have to explain the above note to the president!"

"I Gu Xiaoqing has always been cold and arrogant. I have never done anything like that! The humiliation I suffered today, I must repay it, otherwise, I will die here!" Gu Xiaoqing cried and said.

At this time, Suzi sneered: "Miss Gu, do you have to let me expose you all?"

Gu Xiaoqing: "What do you mean, what do you mean?"

“You didn’t have a father since you were a child. Your son studied finance at a foreign university with great academic performance, but you have repeatedly frustrated when talking about boyfriends, because your mother won’t let you talk about men from abroad, even if you are of Chinese descent. “

Gu Xiaoqing: “...”

“So you had to go back to China. The so-called daughter you sent to the kindergarten was actually adopted by you. You once married a foreigner briefly in order to adopt a child.”

Gu Xiaoqing: “...”

“Gu Xiangyi was adopted by you from an orphanage abroad. Am I right?” Suzi asked.

Without waiting for Gu Xiaoqing’s answer, Suzi went on to say: “The purpose of your adoption of this child is to get closer to me, to get closer to my child, and to slowly approach my husband. I was right. Gu Xiaoqing!”

Gu Xiaoqing: “...”

“What you call cold, cold, and arrogant, these characters are all created by the concave people! And you had a chance encounter with my daughter in the mall.”

“You met my husband by chance, right?”

“You want your adopted daughter to establish a good relationship with my daughter. The children do play well with my daughter. The true friendship between the two little girls is under your control, Gu Xiaoqing?”

Gu Xiaoqing: “...”

There was a burst of blue, red and white on her face.

Suzi went on to say: "It's a pity that you are not as good as the sky. Your concave personality is extremely climax in your eyes, but in my eyes, it is extremely clumsy. The reason why I am polite to you is that Waiting for your fox tail to be exposed."

"Sure enough, you shot so quickly."

"Gu Xiaoqing, grab someone else's husband! Do you think everyone else is a fool! Do you think you are doing it perfectly! In fact, you are full of loopholes! You are as ugly as a clown!"

Suzi blamed Gu Xiaoqing mercilessly.

Gu Xiaoqing was so shy that he couldn't even speak. That was the case for the so-called winners and losers.

Suzi was too lazy to give Gu Xiaoqing a second look. She only said to Arron: "Arron, you can deal with her."

Arron said very short and cold words: "Throw it out!"

Chapter 1288

"Throw...Where to throw?" Christopher asked behind him.

"Smelly ditch, sewer." Arron said lightly.

What came out of his mouth was as if throwing a woman was throwing a bag of unstoppable garbage.

"Mr. Fu..." Gu Xiaoqing was extremely desperate.

She had always heard that Arron was cold-blooded and ruthless, but today she finally experienced it in person.

At this moment, Arron's cell phone rang, he picked it up and took a look, then said to Suzi, "You...your cousin."

The call was from Darius.

When Suzi answered the phone, there was a burst of gunfire: "Darius! What kind of pheasant customer did you introduce to my man! Ah, I'm almost naked when I come to my man's office! I ask you, are you my cousin? Isn't it!"

"It's my cousin, you hurt me like this!"

"What? You didn't know she was a pheasant?"

"What, she is your cousin!"

"What a joke! I'm your cousin, okay? When did you have a pheasant cousin!"

"I tell you Darius, I have known this pheasant long ago! Her daughter is the only one who is studying in a kindergarten. She is clearly a pheasant, but she dressed herself up as a cold and aloof peacock all day long. Actually, There are so many ugly expressions on the back butt, but she doesn't know it."

After a few words, Gu Xiaoqing, who was sitting on the ground in despair and tears, had a lot of blue, red and white on her face.

At this moment, if there is a hole in the ground, she can get in.

It was too embarrassing.

"Okay! I'll save you face this time, so I won't throw this pheasant into the stinking ditch!" After speaking, Suzi immediately hung up the phone.

After closing the line, she handed the phone to Arron, and then, one inadvertently stretched out his hand to grab Arron's tie.

Arron: "..."

Everyone present: "..."

Including Gu Xiaoqing: "..."

"Christopher!" Suzi ordered.

"Yes! Madam!"

"Come here with a pair of scissors!" Suzi snapped off.

Everyone was stunned.

Christopher didn't dare to refuse, he turned around and went to the administrative department to take a small pair of scissors and handed it to Suzi.

Everyone on the scene squeezed a sweat.

Some timid people didn't dare to see the bloody scene below, and simply turned and left.

Some daring, watching Suzi's movements helplessly, did not dare to speak out.

At this time, the silent needle drop at the front desk can be heard.

"Arron! Listen to my old lady! If you manage the company, you will manage the company! If you let my old lady see that your company has such a pheasant woman next time, under the banner of cooperation, when you get to the office, you can't wait to take yourself off. I just..."

Say yes, she clicked a pair of scissors and cut Arron's tie into a short fork.

Ha!

The short fork tie was pucked under Arron's neck, not to mention funny.

"I see! This tie is your destiny!"

Arron's fright is to obey: "Yes, yes, Mrs."

Everyone present: "..."

"Go, come back to the office with me!" The woman pinched the little bit of a fork, and dragged her man into it.

Chapter 1289

As he walked, he said to Christopher without looking back: "Christopher, since my cousin has come to intercede, now there is no need to throw this pheasant into the drain. He is smelly enough anyway. Just throw it out on the main road."

"Yes, ma'am!"

"Remember to disinfect the front desk to get rid of the smell."

"Yes, ma'am!"

Suzi pulled Arron farther and farther, and here Christopher said with a cold face to Gu Xiaoqing who was sitting on the ground: "Get out!"

Gu Xiaoqing: "..."

She wanted to roll, she wanted to roll a long time ago.

But there was a slit in the back of his skirt.

If she stood up at this time, she would definitely be gone.

“Hurry up!” Someone drove the company staff away.

Especially female staff members: “You women, no! Pheasants are really hard to guard against and are pervasive. They are obviously a pheasant, and they dress up so high-end, ahhh! Get out of here!”

“Don’t roll anymore, we lifted her and threw her into the street and stripped her naked!”

Gu Xiaoqing got up and ran out.

God!

It doesn’t matter if she doesn’t stand up. Many people find that she is wearing a very cool, rope-like kind behind her.

“Haha...”

Such a taste of walking out in public made Gu Xiaoqing really want to die. She hurriedly tore off the messy and shapeless silk scarf from her head, barely wrapped her A55, and ran out of the front desk in a very embarrassing manner. Elevator.

At this moment, downstairs, outside the gate of the Fu Group Company, Gu Xiaoqing’s mother Gu Jianing was waiting outside for her only daughter.

She was waiting for her daughter to come out and celebrate together.

As long as the daughter can take the first step steadily today, their plan will be half successful.

Before the daughter returned to China, she made a bold statement to her mother: “Mom, I Gu Xiaoqing fishing, naturally I want to catch the biggest one!”

“I know that Arron is an extremely cold-blooded, extremely cold-blooded man, but I also heard that Arron loves his wife extremely.”

Gu Jianing reminded her daughter at that time: “Since you know it, then it means that the chances of seduce Arron are not very great, you might as well go back to second...”

“No! Mom! The reason why our mother and daughter have repeatedly frustrated abroad is that we don’t understand the habits of Westerners. Westerners look quite civilized. To put it bluntly, they are more animalistic. They are not so particular and concerned. “

“Yes, the ancient country of the East is different.”

“After thousands of years of etiquette doctrine, in the bones of the old man of the East, in fact, he still cares about love. You grew up in the East. What do you think of your mother?”

Gu Jianing immediately praised: “Good girl, mother, a woman who grew up in the East, is not as transparent as you, you are right!”

“So, I want to seize this weakness of Arron. He didn’t love his wife at first. Why did he marry his wife? It was because of the child.”

“There is another. Her wife is a cold woman. If I talk about coldness, my temperament and my appearance, I promise to be more flavorful than his wife. I have to seduce a man, mother, the way you taught me since I was a child. , It’s not something that women who work as methods can learn.”

Hearing that her daughter is so confident, Gu Jianing praised her daughter more and more: “Of course! Even if it is a socialite, my daughter is also a noble princess-level socialite!”

“Have you heard of some down-and-out princesses in Tsarist Russia? Even if they are turned into socialites to accompany the wine, they are still noble and elegant at a glance. You can’t pretend that kind of attitude.”

“And my daughter is the noble princess!”

“Mom has confidence in you! Marry Arron! Our mother and daughter will have a fortune in the future.”

“Hmm!” This is what the mother and daughter planned before returning home.

However, no one thought that this plan had just been implemented, and it would have collapsed.

“Sally, you...what’s wrong with you?” Gu Jianing took off her coat and wrapped it up for her daughter. She looked at Gu Xiaoqing distressedly.

Gu Xiaoqing’s face turned iron cyan: “Suzi! That woman! She is so nasty!”

“Suzi...Why are you Suzi?” behind him, an old voice suddenly questioned.

Chapter 1290

The mother and daughter of Gu Jianing and Gu Xiaoqing looked back at the same time, and saw a tall, slender figure behind them, who looked about 50 years old, but looked at them with a frown.

Gu Xiaoqing was startled.

Gu Jianing tilted his head and looked at it again.

Then, Gu Jianing shouted in surprise: “You...you are...you are my brother Axiong?”

Brother Axiong?

Fu Zhengxiong’s eyes were startled.

How many years has he not been called Brother Axiong?

Think about it, at least for more than 40 years, right?

Even Qin Wenyu, his own wife Qin Wenyu, had never called Fu Zhengxiong like that.

“You are...” Fu Zhengxiong’s tone improved a little. He thought that if he could be called Brother Axiong, he must be an old friend.

Old deceased a long time ago.

Moreover, the relationship should be good.

“I’m Ningning, Brother Axiong, and I’m Ningning.” Gu Jianing, who was in her early fifties, changed her tone of voice like a little girl.

Ningning?

Fu Zhengxiong thoughtfully.

“That’s it...” Gu Jianing gestured two croissants on his head.

Fu Zhengxiong: “...”

“When I first met Axiong’s brother, Axiong’s brother was already eighteen years old, but at that time Ning Ningcai... was only six years old, and Ningning

sat on the shoulders of his uncle, so he was better than Axiong. Brother is half a head tall, Brother Axiong, you feed Ningning marshmallows, have you forgotten?”

Fu Zhengxiong’s eyes lit up.

Then, he almost cheered: “You... are you the little girl doll?”

In his mind, the little girl who was six or seven years old, even seven or eight years old, and later eleven or twelve years old.

The little girl was like a princess when she was young.

At that time, the relationship between the Fu family and the Shu family was very good, and the exchanges were very close.

And Ding Xing is a prosperous member of the Fu family, but there are more men than women.

The only girl in the Fu family was sent to a boarding school abroad by her father Fu Hengsheng early. Therefore, in the Fu family’s house, no chirping little girl can be seen.

Once, the Fu family held a banquet.

To put it bluntly, the banquet was for the concubine selection banquet for Fu Zhengxiong, who had just grown up at the age of 18.

The whole banquet scene was very big. Most of the girls from 14 to 20 years old from the southern city of Kyoto who came to the banquet could form a women’s school.

At that time, Fu Zhengxiong was a little bit young, but the noble son’s look of contempt for everything, his attitude of observing everything, really looked like the emperor in ancient times.

Very noble!

Very high above.

It made the rich ladies who came to run for the election at that time, no matter the larger ones or the smaller ones, all behave well, for fear that they would lose the election.

However, there are only exceptions.

At the banquet hall, there was a five or six-year-old girl wearing a western dress like a classic princess.

The little girl is beautiful and cute.

The voice of grandma is sweet.

Her laughter shuttled through the banquet scene, very pleasant.

The little girl asked from time to time: "Uncle and Aunt, today's banquet is so big, it's bigger than every birthday Ningning has ever had."

"Of course." The young old man Shu said to Gu Jianing with a gentle smile: "Today is very important to your brother Axiang."

"Why?"

"Because, your brother Axiang is an adult. In the future, he will find a girlfriend. Today is the beginning."

"Then, the sisters here are all for Brother Axiang to choose?" Gu Jianing asked milkily.

Elder Shu said: “Not all, because it is a two-way choice. For example, the girl your brother Axiong likes must be chosen by your brother. However, under normal circumstances, as long as your brother Axiong likes the girl. , That girl should also be able to see your brother Axiong.”

“Why?” Gu Jianing asked his uncle innocently.

“Because your brother Axiong is very handsome, and your brother Axiong is a prince.”

When he said this, Fu Zhengxiong was standing right behind Mr. Shu.
