

Chapter 407

Even if I want to run, I will wait for you to run again when you are not on duty.

Besides, where can I go?

You have been captured by you when you run to a place as far away as Quxian, what are you afraid of? What's more, my daughter is still here. "

Strictly speaking, Christopher is in a dilemma.

He even felt that he was too authentic.

"Madam, I have retired now." Christopher said.

"Okay." Suzi would give Christopher a smile.

Walking out of Suzi's sight, Christopher immediately called Arron.

At this end, Suzi continued to stand outside the hall. She thought about it. If Arron and Suzi didn't ask her to go in, it means that she doesn't need her inside, and she can't go in. If Arron and the only one have to ask her to go in , It's not too late for her to go in again.

Just standing outside the villa, it's good to be an idler admiring flowers and plants.

"Are you the two women who bullied me just now?" A questioning voice came from behind.

When Suzi turned around, he saw another woman.

This woman is completely different from the two maids just now.

This woman is very exquisite in high-end fashion, and she has a very good figure and is well maintained. She looks about the same age as her. Her face is exquisite and shiny, and she is a standard noble beauty.

Does Arron have a half sister?

Suzi seems to have never heard of it. Suzi didn't care whether she was Arron's half-sister, she just walked around the woman to the other side.

Woman: "...Suzi! What are you dragging!" While she scolded Suzi, she stood in front of Suzi.

Suzi immediately covered his mouth and nose.

There is a pungent perfume smell on the woman.

Suzi has allergies.

Not all perfumes can't be smelled. For example, if the craft is qualified, the fragrance is not pungent, and the fragrance used is not inferior, Suzi can still smell the light fragrance.

And this perfume on a woman is definitely a poor-quality pungent perfume. This perfume is sprayed on a woman and mixed with her own body odor, which is simply an unpleasant smell.

"Why are you pinching your nose!" the woman asked angrily. The way Suzi pinched her nose completely annoyed the woman: "Why don't you tell me today, don't you want to escape here! My maid is afraid of you That's because they don't know your details, I'm not afraid of you!"

You say! Why are you pinching your nose! "

She wanted to see how Suzi would answer.

Unexpectedly, Suzi only spit out five words: "Because you think you are smelly."

"What?" The woman went crazy.

"I think the smell on your body smokes your mind!" Suzi added again.

"You!" A woman shivering, she slapped Suzi too much, "Look at me not crippling you today!"

The woman's raised hand did not fall, but was grasped by a powerful palm behind her, and then an extremely cold voice came from behind: "Qin Shuang, don't you want to live!"

Qin Shuang turned around and saw Arron with a murderous look. She burst into tears immediately, but didn't forget to cry for herself: "Brother Arron...this woman, she insults me!"

Arron looked at Suzi and asked, "You are bullied, don't you know how to call her husband!"

Chapter 408

Qin Shuang: "Brother Arron, what are you talking about? She...you let this woman call your husband?"

Arron pinched Qin Shuang's wrist very tightly. He looked at Qin Shuang coldly: "What's the matter, my daughter's mother, my Arron's wife, don't you ask my husband to call me?"

Qin Shuang: "...". She was shocked.

But at this moment, her tears came out of her pain from being pinched by Arron.

"It hurts..." Qin Shuang said cryingly.

"She insulted you, you have the final say on how to punish her." Arron ignored Qin Shuang at all, only looking at Suzi and said.

Suzi: "..."

She is not stupid.

She would not be a gunman for anyone.

She only said lightly: "It doesn't matter."

She really doesn't care.

Anyway, this woman was the same as the two domestic helpers just now. She didn't take half of her advantage. What's more, when Arron yelled out the word 'Qin Shuang', Suzi knew why this woman sent her such a message. Angry.

Qin Shuang, Aunt Arron's niece.

The last time Lilly only came to this house, he did Qin Shuang's good looks. Later, I heard the only one who told her intermittently. At that time, Qin Shuang and Lanita fought and bleeds each other with their hairs. Embarrassed and ugly.

Thinking of this, Suzi knew that this woman Qin Shuang must hate the itch of Shen's only tooth, and naturally Qin Shuang also hates Suzi.

"You don't care, I can't be indifferent!" If Arron used more force, he would be able to squeeze Qin Shuang's hand and neck. Qin Shuang immediately wailed and cried out: "Brother Arron, please spare your life."

"I beg the wrong person!" Arron said coldly.

"Sister-in-law, spare my life..."

Suzi: "..."

It's disgusting!

She didn't want to care about these skewers at all, and she couldn't bear Qin Shuang's anything to her.

"She is not your sister-in-law!" Arron said coldly.

"Madam, please, madam, please forgive me a lot. I have no eyes. I don't know that you are the wife of Fourth Master Fu. I offended. Please forgive me once, okay? Please, madam." Qin Shuang's legs were worthy of kneeling down for Suzi.

If she didn't kneel down, Arron would really break her neck.

She may become disabled for life.

Suzi: "...". After a pause for a few seconds, she came to Arron's place and said: "I and the only one will live in Fu's house in the future. I don't want to make enemies everywhere. Since she can call you brother Arron If you call my cousin, it means you have relatives, please spare her."

Suzi has no sympathy for this Qin Shuang.

If it wasn't because of her that Arron had broken her wrist or her neck, she would never stop her.

But now it is different. Since it is destined to live by Arron's side, it is better to do more than to do less.

"Since you want to spare her, I'm all up to you." Arron looked at Suzi and said angrily.

After speaking, he released Qin Shuang.
