

Chapter 429

Sure enough, the grandpa at the other end immediately said angrily: "Humph! Don't mention that woman! As soon as she is mentioned, I wish I could beat her to death!"

"Grandpa, what happened to that woman?" Joan asked Fu Hengsheng and you.

"She, dogs can't change their food. Six years later, she is still the woman who cheats everywhere and wants to make a profit in the upper class. Just yesterday, she cheated our family heirloom away from our Fu family. , That pair of yellow wax stones! You

Who will blame your grandmother for this.

She is confused when she is over ninety years old! I even gave such a good treasure to such a woman! "

Joan coaxed grandpa's tone: "Maybe, my fourth brother really wants to marry her as his wife?"

"Your cousin?" Fu Hengsheng sneered: "Is he such a condescending person? Want a mess! A cruel person like him definitely won't want that woman! I don't know what he thinks. The whole Fu family The family is already in his hands, but he still resents us and your uncles and aunts, and still doesn't have one mind.

Actually use such a woman to deal with us.

He just wanted that woman to anger us alive and squander us.

After we died, he was dealing with the woman.

But we can't wait.

The descendants of the Fu family are now very withered, and now there is only one little girl. I think you let your cousin marry a famous family and inherit the generations of the Fu family. Am I wrong!

Hey!

I'm so mad at that woman!

My Fu Hengsheng is old, but if I kill a woman, I still have that ability! "

Joan: "But she is the mother of your great-granddaughter."

"Humph." The guy snorted again: "The entire Nancheng, if you want to be the only woman who is a mother, can go around Nancheng!" Thinking that he should have escaped, Joan just stopped. Coaxing grandpa: "Grandpa, rest early, don't be angry, you still have to coax my cousin well in the future.

You rest early, I hang up grandpa. "

Didn't wait for Grandpa to recover. Joan hung up the phone.

He sat in the car alone and was silent for a long time.

What she thought in her mind was Suzi facing him, that calm, calm, calm and speechless appearance, her temperament has not changed much from six years ago, she is the kind of seemingly submissive, but in fact, her heart is very strong. A woman with her own opinion.

Moreover, Suzi has more mature flavor than six years ago.

She is more difficult to persuade now than she was six years ago.

The decision she made in her heart is impossible for anyone to shake.

When he thought of this, Joan had an unspeakable state of mind towards Suzi.

Is it love?

Is it regret?

Is it a kind of sadness that can never be obtained again?

Mix all kinds of moods together.

In short, he and Suzi are drifting away. Perhaps Suzi has no place for him to stay in his heart long ago, but he has to admit that he is full of Suzi.

He has been completely conquered by Suzi.

In this way, he drove back to the hotel where he was staying temporarily. As soon as he walked in, without turning on the lights, Joan slapped him firmly.

"You! Why are you!" Joan asked in surprise after seeing the person who beat him.

Chapter 430

Walton pointed at Joan's nose fiercely and cursed: "Joan! Let you and I take care of my grandpa Shu in Kyoto. If you are so unwilling, it doesn't matter if I don't want to take care of my grandpa Shu. But you actually came back to find Suzi's scooping goods, the scooping goods that were so bad that no one wanted them, and were about to be tortured to death by Arron! Joan, what do you think of me, Walton!"

Joan looked at Walton with anger, "You follow me!"

Walton said in a crying voice: "I don't want to follow you, but I know that you have been thinking about that sorrowful fox in your heart. I just want to see what you are doing in Nancheng. So you really came to find that bltch!"

"Slap!" Joan raised his hand and slapped Walton severely: "Woman! If you dare to scold Suzi again, I will break you down!"

Walton: "..."

She covered her face and looked at Joan. After a long time, she choked: "You...you hit me?"

Joan sneered indifferently: "Didn't you hit me just now!"

"Joan!" Dr. Walton shouted angrily, "Don't forget. Although you are Arron's cousin, your Chu family has fallen in Nancheng. It was my grandfather Shu who asked me to marry you. Live the status of your Chu family!"

"It's you?" Joan sneered: "Your Grandpa Shu originally wanted you to marry my cousin! But you don't have this blessing. Your Grandpa Shu has your own granddaughter, so you can only retreat and ask for the next best thing. Give it to me!"

Walton, don't forget, your surname is Min, it's not Shu!

I warn you not to let your cousin Rayna harass Suzi again! Otherwise, let alone me. Even your cousin Darius, guess whether he will spare you.

Did you know that Suzi's job was introduced to her by your cousin Darius?

You idiot! "After that, Joan slammed the door and left.

He and Walton didn't have the slightest affection. Even if they knew each other since they were young, even if they always knew that Walton was pampered, but Joan knew all of Walton's stinky problems.

What I didn't realize before, I compared Walton and Suzi, although one of them is a eldest lady, and the other is a beggar who is like a beggar.

However, in Joan's eyes, Walton was not as good as Suzi.

She is not as beautiful as Suzi, calm and calm, and not as bright as Suzi's kind of sunshine. Although she doesn't usually smile, when she really laughs, that expression can sweeten everything in this world.

That kind of laughter is very pitiful.

Joan had seen it once, but he could not keep Suzi's rare smile.

Walton is not as good as Suzi in all aspects, whether it is for survival or for courage.

So Joan has never seen Walton.

He and Walton have joined forces in an out-and-out business marriage. He didn't know whether his cousin would kill him next time. At this moment, how did Joan care about his relationship with Walton?

But Walton didn't think so.

If she didn't marry Joan, she would really not have the day to make her head. She has now returned to the Min family to live. The Min family has no status in Nancheng, and her cousin Rayna is not even considered the upper class in Nancheng. Ladies.

And the reason why her Walton was classified as a high-class lady was entirely because of the Shu family's relationship. Without the Shu family's umbrella, she was nothing, so Walton can't wait to marry Joan now.
