

# Chapter 423

Linda: "..."

After a few seconds, she said angrily: "Don't deceive others too much, are you forcing me to resign? I'm willing to proofread your manuscript for you, what else do you want?"

Suzi handed Linda the few materials that he had just sorted out: "Although I am your main designer now, you are still yours. You have your own independent design space and ideas. If I make it free, I can still do it. Help you proofread, our work is the same as before. This is yours. After you finish, if you can trust me, just leave it to me to proofread."

Linda: "...What you said is true?"

"Go to work, I don't raise idlers." Suzi no longer looked at Linda, but lowered his head to work.

Linda reluctantly said in a low voice: "Thank you..."

Suzi did not look up.

Thanking her reluctantly was not that she couldn't hear it, so she didn't accept it either.

It is good that everyone is in peace with each other.

She didn't plan to be friends with Linda, as long as each other can grow up at work, it's not bad. At the very least, Suzi wants to learn from Linda what he lacks.

The day's work was so busy, Suzi still did not see Darius in the company. She knew that the reason why Darius had not come to the company during this period must be to take care of his seriously ill grandfather in Kyoto.

But it doesn't matter to Suzi whether Darius is here or not. She has to use her work strength to get her foot on the ground.

When she got off work in the evening, Suzi received a message of consent from the group of Lilly's classmates, and she immediately joined the group.

There are not too many people in the group, and there are only a dozen in total.

Since it was off work, Suzi had time to look at the personal information of everyone in the group. This didn't matter. After reading it, Suzi realized that all of them were rich and powerful. Even the bags carried by those people are not less than 10,000 yuan.

Kuo Taiqun, she is the first time she has entered.

She doesn't even know what to say after joining such a group.

I can only say hello in a very satisfactory manner: "Hi, everyone, I am Shen's only mother."

After a while, only Susan's mother jumped out and answered Suzi: Welcome Lilly's mother to join our big family. We will call Shangshen Lilly's mother for any other activities in the future.

After this response, no one said anything.

But Suzi didn't care.

She is not very interested in various activities at all.

Besides, with the current relationship between her and Arron, saying that the husband and wife are not husband and wife, that the contract is not a contract, and that the relationship between the creditor and the debtor is not proper, she really doesn't want to participate in any activities.

Because I don't know how to introduce myself, how to introduce my husband.

Does she have a husband?

Physically, there is. Or the most powerful man in Jeollanam-do.

Thinking of this, Suzi couldn't help but laugh at herself. She laughed and walked out carrying a briefcase.

"What makes you laugh so happy?" A low voice appeared in front of Suzi.

When Suzi looked up, he was taken aback for a moment: "You...Joan, you... why are you here?"

## Chapter 424

Joan was very worried about Suzi's expression.

However, Suzi's expression was cold and calm: "Joan, I'm sorry about Rayna."

"No, Suzi, I didn't come for Rayna's affairs." Joan was anxious to explain, he stretched out his hand and took Suzi's arm.

Suzi retreated suddenly.

Many people in the company are watching it.

Not far away, two female employees walked over, and they whispered to each other: "Isn't that the elder of the Chu family? Joan, the most powerful man in Nancheng, grandson of the Fu family."

"Ms. Rayna's cousin, right?"

"Oh my God, he really has a leg with Suzi? No wonder Rayna always called Suzi Xiaosan, Xiaosan, I thought it was Rayna who was unreasonable, and I blamed Suzi, it turns out... .."

The discussion of the two women was very quiet, but Suzi and Joan could all hear them.

Suzi said, "Can you let me do it?"

Joan still refused to let go.

Suzi really wanted to move a rock to Joan's feet, but this is the company, she can't make a loud noise, otherwise it will attract more colleagues to watch.

Suzi could only say softly and clearly: "Mr. Chu! Your fiancée's cousin repeatedly said that I was a junior, and abused me as the junior who broke her cousin's relationship with you. You know Mr. Chu. , I never took the initiative to find you, never!

I finally got a job, so please don't trouble me any more, okay?

Please leave! "

Speaking of this, Joan still had no intention of giving way.

"I've been in Kyoto all this time. Because the Shu family's father is sick, Walton is the father of Shu's father, so Walton and I are taking care of the father in Kyoto. I heard my parents say yesterday afternoon, say you Went to the old house of Fu's house." Joan said hurriedly.

Suzi sneered: "Does this have anything to do with you!"

"It has nothing to do with me, it has nothing to do with you!"

Suzi looked up at Joan: "What do you mean?"

Joan said earnestly and earnestly: "Suzi, the water in the Fu family is very deep, very deep and deep. I originally had no less than ten cousins, and I had more than one uncle. One uncle, only one cousin is left."

Suzi smiled coldly: "What is the use of you telling me this? Mr. Chu, can you tell me directly?"

"What I want to say is that the Fu family is not as peaceful as you can see. My grandfather, my uncle, and my aunt can't sit and wait. They even my fourth cousin are fortified so deeply, not to mention that you are not shown by me. Brother accepted, what about the woman who was notorious in Nancheng six years ago? My grandma was confused. She gave you the heirloom of the Fu family, but it would be trouble for you.

It's a trouble, you know, Suzi!

My mother said to me when she called last night, "Ling'er, your fourth cousin married Suzi, and your grandmother gave her the family heirloom." I heard my mother tell me this, and I stayed up all night. Came back from Kyoto.

I just want to tell you, you have to be more careful, you have to be careful step by step.

Do you understand that everything can happen in a rich mansion like the Fu family! "

Suzi: "..."

I have to admit that Joan's worry is right.

At least he was really caring for her.

When the old lady gave her the family heirloom yesterday, Suzi didn't want it either. She would also consider that the old lady was confused, what did the old lady think, what did Fu Zhengxiong and Qin Wenyu think?

Don't you want to hate her to death.

At this moment, Joan said this, which proved Suzi's thoughts yesterday.
