

Chapter 437

She blushed suddenly, like a ripe red tomato.

At the same time, the whole person was so upset: "It's you! It's you. Every time you go to bed, you have to take off all your clothes. If you don't do that kind of thing, you have to take it off. I... I'm so anxious, I forgot it! I hate it!"

After speaking, she didn't care, raised her arms and picked off the shirt he just put on, before he had time to button the button, she pulled it off after two clicks, and she wore it on herself without saying a word, in a mess. He buttoned the button and ran out embarrassedly.

Man: "..."

To say that she was a robber, really didn't say that she was in the wrong.

She is really addicted to wearing his shirt.

It seems that he will order more shirts in the future.

The man took a shirt in the closet again, put it on, tied a tie, trousers, and a suit, and came out after getting dressed neatly. Suzi and the only two were already sitting in the dining room.

The family of three ate breakfast as usual, then carried the briefcase with the briefcase, the schoolbag with the schoolbag, and went downstairs in a hurry.

The two domestic helpers behind Li and Tian couldn't help but smile at each other.

"Look at the Fourth Young Master now more and more humane, what he was like before, with a sullen face all day, I dare not talk to him."

"Who said no, since the wife and the little princess came back, the Fourth Young Master has also looked like a normal person."

"I thought the Fourth Young Master has always been a cruel person. It turns out that the Fourth Young Master will have such a gentle side when facing his wife and daughter."

"Hey!" Sister Tian said: "That was the night you came, I don't know. The Fourth Young Master looked cruel, even the people in Quannan City felt that he was disregarding family affection, but actually not, he still has a lot of affection in his heart. Heavy meaning."

There used to be a sister-in-law Qin who used to serve the mother of the Fourth Young Master. Later, one year after the death of the Fourth Young Master's mother, Qin became seriously ill. "

"Really?" Sister Li looked at Sister Tian incredulously.

Sister Tian nodded: "Of course! The Fourth Young Master is actually a good person." "In the future, their family of three will be able to make peace with each other."

At this time, the family of three had arrived at the gate of Shen's only kindergarten and sent the only one to the kindergarten. Suzi saw that Arron's car was still there, so she pulled the car door to enter and asked quietly, "I can still go to work today. Right?"

When he saw that Joan went to the company to look for her, Suzi estimated that he could not let her go to work at the company again. She felt that she was really unlucky enough to find such a job after only a week. Arron saw that Joan went to the company to look for her.

When will she be able to get a secure job, even if she only works for one year, she can work stably for one year, and she will have enough money to go to her hometown where she has been away for nearly two decades. Look at the dead mother.

Suzi bit his lip, waiting for Arron's answer.

Is it to let it or not to let it?

Only between his thoughts.

"Why can't you go to work?" he asked her.

"Joan came to me yesterday, so I just asked you, would you still let me go to work?"

"Will the robber still ask for advice?" he said grimly.

Suzi: "..."

"Puff..." The driver in front almost laughed and choked. How did you spend the night? The fourth master's name to his wife was changed to 'Robber'?

What did the madam do to the fourth master as a robber? The four grandfathers who have always been forced to speak so wronged Bara at this moment?

Christopher looked at Madam with admiration.

Suzi's tone was lighter: "I understand."

"Understand what?" Arron snorted coldly: "I understand that Joan is your cousin's uncle, you are his cousin's sister-in-law, and I won't let you move around as you should move between relatives. You are treating your husband as a robber like you. Logical person?"

Suzi's unexpected expression: "You... still agree with me to go to work?"

Chapter 438

"I'm not as unreasonable as you!" After speaking, the man closed his eyes and rested.

Suzi: "...". Suddenly pursed his lips and smiled.

She doesn't laugh much.

At least Christopher hadn't seen his wife laugh, but the way she laughed was still the same as six years ago, so sweet.

So clean.

In fact, she was the same person who seemed calm and transparent on the surface six years ago, but in the deepest part of her heart, she was a girl who shined brightly with some sunshine.

"Madam, take you to the company?" Christopher said.

Suzi nodded: "Well, thank you Assistant Yan."

"This is what I should, ma'am." Christopher turned around and drove towards the company where Suzi was.

When I arrive at the company, I still have ten minutes to go to work.

After getting off the car, Suzi looked up at the bright sunshine and smiled brighter.

Everything is still so good.

She did not lose her job.

She can also save money.

In fact, with only one month's salary, she can go back to her hometown to visit her mother's undead.

With a brisk footstep, Suzi entered the company.

Before entering the elevator, she saw Galia who had come one step later than her.

"Suzi." Galia shouted in surprise.

Suzi was very happy to see Galia. Galia is a good girl. She told Galia not to tell her cousin Christopher about what happened in the company during this time. Galia never told her.

Otherwise, Arron must have known about her and Rayna.

But now Arron doesn't know, which shows that Galia's mouth is very strict.

"Galia, I will invite you to dinner at noon. What do you want to eat?" Suzi asked.

Galia smiled and said, "What's the happy thing you have encountered? Would you like to invite me to dinner at noon?"

Suzi thought for a while and shrugged: "I thought I couldn't do this job again, but just now I learned that I can still continue to work.

You don't know the importance of work to me, I long for stable work.

So I am very happy, very happy.

I invite you to dinner at noon, but you can't kill me too hard. I only have a few hundred dollars in total. Um...how about two hundred dollars to buy you a buffet? "

Galia looked at Suzi seriously: "Suzi, is it because of Mr. Ling's visit to you yesterday?"

Suzi was startled: "You, do you also know that Mr. Ling came to me?"

Galia: "Well, Young Master Ling was talking to you in the aisle of the company and was seen by two female employees of the company. Not everyone knows it. They told you that it was terrible. How can I believe that you are innocent? It's even harder now. It is said that you are the mistress of Rayna's brother-in-law raised outside."

Suzi: "..."
