

Chapter 431

Want to be Mrs. Chu.

With Mrs. Chu's name, her status can be consolidated in Nancheng.

She wants to marry Joan, but Joan's heart is still thinking about that bltch of Suzi!

The watch that made Walton hate to break her into pieces.

When Suzi came to work at the construction company for the first time, Walton had already heard Rayna say, but Walton did not tell her cousin that Suzi was the one who was beaten by everyone in the upper class six years ago. The woman who had a grudge with Arron, because of the incident six years ago, except for some people in the upper circle, all news was blocked.

Especially Suzi, few people have seen Suzi's true face.

The reason why Walton didn't tell Rayna that Suzi was the same woman six years ago was because she wanted to keep Suzi in the company. After Walton came back from Kyoto to serve Grandpa Shu, she vacated her hands. Suzi was resolved within the company.

What Walton didn't expect was that she did it on her own, but her fiance Joan had already returned ahead of time. Moreover, she came back specifically to protect Suzi, asking her how to be angry with Walton.

How can you not be angry!

When she was extremely angry, Walton's mobile phone rang. She picked it up and saw that it was her cousin Rayna who called. Walton immediately connected: "Rayna, tell me what's the matter!"

Walton has always looked down on her cousin's family because she is a celebrity in the upper class. At the other end, Rayna spoke to Walton cautiously: "Cousin, the company is good to me and told me today. Yes, my cousin-in-law went to the company specially today to find..."

"I already know!" Walton was even more furious.

"Cousin, who on earth is Suzi? How can she be so powerful? Young Master Jun who can hook her will never forget her, and her cousin will never forget her, she is like a fox..." "Rayna! How can you keep others' ambitions up! You are useless, I gave you such a good position in my cousin's company, so that the staff at the top and bottom of the company would flatter you. Please you, treat you like a eldest lady Enshrine, it's good for you, you can even look down on a woman!

You let that woman hurt you, almost crippled you, and you were squeezed out!

What are you doing alive!

Why don't you die! "

After speaking, Walton hung up the phone angrily.

On that end, Rayna, who was injured and unemployed, was extremely wronged.

And this end. Walton also cursed viciously: "Suzi, who you are from Arron, I don't care about it. Anyway, you will be tortured to death by Arron sooner or later, but before you are tortured to death by Arron, I will definitely let you go!

You must owe me all and get it back!

I just make you alive, but also ugly! "

After speaking, Walton dialed another group of telephones, which was quickly connected. This time, Walton accompanied him carefully, flattering her tone: "Lanita, is Grandpa Shu's body better?"

At the other end, Lanita, who was taking care of Elder Shu in Kyoto, ignored Walton, in a condescending tone: "Is something wrong, Walton?"

"Lanita, let me tell you the news that Suzi is now out of work, working in my cousin Darius, um, also the architectural design company opened by your cousin Darius."

"Really!" At that end, Lanita immediately asked excitedly.

Chapter 432

Here, Walton sneered secretly, and then continued: "Lanita, I didn't want to tell you about this. The woman Suzi was scornful and abused by your fiance Fu Siye. Just ask me to get angry.

Not only did she secretly hook up with my fiance, she also secretly hooked up with me to show Darius.

I also want to tell you a piece of news. I heard that she is now hooking up with Lenny, the young master of the Kyoto Jun family.

The only blame is that I have no chance to live in Shu's house, nor is it a famous Shuyuan in Nancheng. I can only watch Suzi's fisher girl, who used the cheapest means to seduce this upper class man. The shit woman, I can only watch her seduce my fiancé and can't do anything about it. "

At that end, Lanita sneered triumphantly: "Walton! What you said is the truth. You are indeed not a wealthy Shuyuan in Nancheng. The reason why my grandfather has raised you as a granddaughter for so many years is not because My grandfather lost a daughter, which is my mother!

My grandfather poured that paternal love on you because he missed my mother. Now that I am back, you are of course nothing.

However, I, Walton, is not such a ruthless woman.

You can't suppress that Suzi.

But I can! "

Hearing this, Walton was overjoyed in her heart.

In fact, Walton didn't like Lanita. Not only did she dislike it, but it could be said that she hated this upstart woman, but Walton couldn't help it. Who made Lanita Grandpa Shu's granddaughter?

Now she can only flatter Lanita, compliment Lanita, and then use Lanita's hand to eradicate Suzi.

Walton is more discerning than Lanita. She is calm, pretending to be nonchalant, and said, "Suzi, that woman is really hateful. To be honest, Lanita, I really do. Afraid of her."

"Are you afraid of her? Haha!" Lanita smiled wildly.

"Yeah, can I not be afraid? If I am not afraid of her, I will not take the initiative to tell you where she works. I am not afraid of her. The only thing I am afraid of is that she is now a prisoner of Arron. Arron took care of her. But Arron didn't give her money, and she had to make money back to Arron. In this way, she hooked up with my fiance, my cousin, and Mr. Jun.

Who do you think she counts if she becomes pregnant again?

Even if no one admits it, do you think Arron will let these people go?

If that woman insisted that she was pregnant with Fourth Master Fu's child, my fiance Joan would be unlucky. "

"She dares!" Lanita was immediately agitated by Walton's words: "Suzi, if she dares to be pregnant with my fiancé's child, I will cut her off!"

Walton smiled silently here: "Don't be excited, don't be excited about Lanita, when you come back from Kyoto, we will discuss this matter in the long term."

"But I can't wait anymore!" Lanita was so angry that she raised her hand and hit the wall, her skin was broken, and Lanita's painful yelling 'Wow'.

Here, Walton also hung up the phone with satisfaction.

After closing the thread, Walton was alone in the ward where she was staying, smiling very coldly and very coldly.

"Suzi! If you snatch a man from me, I will surely make you a fisherwoman, it's ugly to die!

You go to hell! "

Suzi at that end naturally couldn't hear Walton's various curses on her.

At this moment, Suzi and Arron picked up Shen Only and just arrived home.

Along the way, Shen Only talked to her parents again, so that Suzi did not specifically explain to Arron why she would sit in a cafe with Joan, she did not ask her about Arron and Joan after she left. What did Ling talk about.

When the car arrived home, the pain was as usual. A family of three got off the car, got on the elevator, and went home.

Sister Li in the family saw that the family of three came back together, and immediately said with a smile: "Mr. and Mrs., the little princess, they are all coming back. You wash your hands first. Sit in the dining room for a while, and the meal will be served immediately."

"Thank Sister Li." Suzi smiled politely, and then took Lilly to wash his hands in the bathroom.
