

Chapter 441

Suzi was too lazy to talk to Rayna for nothing: "I'm sorry, I should go to work, please don't disturb me, if I slander me in the company and affect my work, I will consider calling the police!"

After speaking, Suzi pulled Galia and said, "Galia, let's go in and ignore her."

Galia and Suzi entered together.

Almost turning a corner, Galia turned her head towards Rayna and gave Rayna a grimace: "Huh, I am mad at you!"

"I am mad! I am mad! You two wait for me. When my cousin comes back from Kyoto, you must be beautiful!" Rayna yelled at the front desk with his hips akimbo.

Anyway, he knew that the two major shareholders were absent these days.

The largest shareholder Darius has not come to the company for two or three weeks due to Grandpa Shu's illness, and Lenny Junshao was originally a Shenlong who missed the end, not to mention that Lenny was in Kyoto for the past two days.

So Rayna knew that even if she was making trouble here, no one could control her.

However, as soon as Rayna's words fell, someone from the personnel department came here: "Miss Min, please don't make a big noise in our company. This will seriously affect the operation of our company. Please leave immediately!"

Rayna: "Are you chasing me?"

Personnel Manager: "Miss Min, you are not our company employee. If you make trouble here again, I will call the police!"

Rayna: "Aw..." burst into tears, and then ran away, covering his face.

In addition to the company's door, she immediately took out her mobile phone and called Walton: "Cousin, Suzi, as you expected, she came to work in the company, she... even scolded me for being stupid, saying you used Me, cousin, you..."

"She didn't call you wrong! You are stupid, idiot! Mud can't help the wall, you still want to marry Young Master Jun! My fiance Joan doesn't like you, let alone Lenny! "On the other end, Walton shouted at the phone.

She just asked Rayna to see if Suzi went to work again today. Maybe Rayna and Suzi quarreled again. Such a cousin is really stupid!

Walton, who has never regarded Rayna as a human being, does not even consider Rayna as a human being at this time!

Rayna suddenly cried: "Cousin, I k!ssed you. I did it for your own good. I want you to marry Joan sooner. So even if you leave the Shu family, aren't you still a wealthy wife? I like Master Jun, but I never thought about marrying him, because I know I am not qualified. I just want him to sleep with me once, just once."

"Batch! Good! You ba5tard! Good! Why don't you die! Get out!" Walton was furious!

She hurriedly closed the line, angrily trying to smash the phone.

What makes Walton even more angry is that Suzi can actually go to the company to work in a big way.

The courage of a dog is really big!

And Suzi even provoke Rayna!

D*mn it!

Walton didn't even think about it, so she called Lanita who was far away in Kyoto. This time, her tone was much softer than last night: "That...Miss Lin, you are now Are you busy?"

Lanita sneered: "Walton, what you said last night actually inspired me. I'm afraid that Suzi is not pregnant with my fiancé's child, but is pregnant with your fiancé's child first. You are afraid The thing is that you can't even marry a down-and-out noble man like Joan."

Walton: "Lanita, I'm worried about my fiance being snatched away, but don't you worry too? Suzi is the goal of both of us to eradicate. Now we two should not slander each other?"

Lanita calmed down: "You are right! Although I am sick of you, I am even more sick of Suzi!"

Walton immediately said, "Then you still..."

"I have already started to attack Suzi!" Lanita said viciously.

Chapter 442

After closing the thread, Lanita hurriedly returned to Elder Shu's ward.

The reason why Mr. Su treated his illness in Kyoto was because he was a pivotal politician when he was young. Although he has retired now, his treatment is still there.

Elder Shu's treatment is in the whole country, and few people can catch up with him.

What's more, Elder Shu and many other subordinates are now working in Kyoto, so that Elder Shu fell ill this time and was directly taken to the best military hospital in Kyoto for treatment.

Elder Shu actually didn't have any serious illnesses, because he had been cultivating his body at home for a long time, and his physical foundation was very good. The reason for his serious illness this time was that he was irritated by Shen's only young ancestor on the day when he was a guest in the Fu's old house three weeks ago.

At the beginning, he didn't feel any discomfort. It wasn't until midnight that Elder Shu began to vomit blood, and his chest was tight. The Shu family took a special plane overnight, and they were sent to the military hospital within two hours.

The doctor checked the old man for a week. The whole body was up and down, almost accurate to every cell, but he didn't find out where the problem was. Later, the doctor asked the old man if he was irritated in the past two days?

Only then did Elder Shu tell about the incident that was at the Fu's old house that day, because Shen Sui had put a green hat on Lanita, which caused Lanita and Qin Shuang to fight and tear each other's hair. Hearing these things in the ears of everyone present, they felt that the little thing that Arron brought back from the remote county town of Quxian was not easy to provoke. The reason why the character of that little thing is so bad is that her character is not righteous. My mother, I taught it!

As a result, during the period when Mr. Shu was treating his illness in Kyoto, the upper circles in Kyoto also heard about Suzi, and they all knew that Suzi was a b!tch with no bottom line. Some people even ran up to Kraig and asked Kraig: "Have you seen the woman next to Arron? You have the best relationship with Arron. What kind of woman is that? Is it with three heads and six arms, or Looks like a fairy?"

Once someone asked Kraig this way, Kraig sullied his face: "Ask me about Arron and that woman again. You will end up like that tree!"

After speaking, Kraig raised his gun and discounted a poplar not far away from the middle!

After that, no one dared to ask again.

These are episodes from Kyoto.

At this moment, Lanita came outside her grandfather's ward, deliberately reddened her eyes outside, and then went in again.

The old man Shu, whose body has improved greatly, looked at his granddaughter's expression and immediately asked with concern: "Yueyue, tell grandpa what's wrong with you, why are you crying?"

Lanita sobbed and choked: "Grandpa, what is so good about Suzi? Why is she still alive so strong? She is still not honest yet. Walton also cried to me just now. It is said that Suzi has frequently seduce Joan these days. Just yesterday, my cousin mentioned Suzi in front of me, and my cousin also scolded me, "Lanita! Please listen to me, you are not good to Suzi again," I don't recognize your cousin.' Grandpa, I'm so tired. I really want to give up my fiance, I really want to be the granddaughter of the Shu family, so I just take my parents away, I can't bear it. Now, Suzi's destructive ability is too great, woo woo woo..."

"Bang!" Elder Shu raised his hand and hit Chuangbang.

"Grandpa." Lanita knelt at the head of Old Man Shu's bed with immediate concern: "Grandpa, don't do this to yourself. Don't do this to yourself. Grandpa. I'm not good with Grandpa. It's me. I'm always asking you to worry about me. The big deal is that I won't marry Arron in the future."
