

# Chapter 477

That should start from Arron.

Siu was the first woman to like Arron. At that time, Arron was still an exiled and downright young man. At that time, Siu wanted to give Arron a heart, but Arron never looked straight at Siu. Siu chased after Arron. Arron still didn't look at her too much. So later Siu began to hate because of love.

However, Siu's love is for Arron.

But hate was for the woman next to Arron.

Six years ago, Siu also hated Lanita. At that time, Siu came to Nancheng quietly. When she wanted to stab Lanita to death, she heard that Arron never liked Lanita. And, at that time, Siu found that Arron's mother was about to die, and Siu didn't want to wander in front of Arron's eyes at that time.

Siu knew Arron's cruelty best, so at that time Siu quietly returned to Kyoto.

Before long, she heard that Arron had retired from Lanita at the wedding.

At that time, Siu was so excited that she almost learned how to call a lamb.

From then on, she didn't hate Lanita so much.

Later, Lanita followed Mr. Shu to Kyoto several times, and each time it was Siu's father who received Mr. Shu, because Siu's father, Jun Chengyin, was a former subordinate of Mr. Shu. At that time, Jun Chengyin was promoted so much that the Jun Chengyin family had always respected Mr. Shu. In this way, the unmarried second daughter of the Jun family, Siu, also met Lanita.

Siu didn't like Lanita, but Lanita was the granddaughter of her master, and she had to keep in touch with Lanita all the time.

Two months ago, when Siu heard Lanita say that Suzi was back for the first time, Siu was severely stabbed in her heart. Although her heart was distorted because of the love of Arron, her mind was extremely deep and cruel. She had long seen that Arron didn't like Lanita at all, but that Suzi had already given birth to a child with Arron.

Siu will not let any woman who is pregnant with Arron's child live!

She wants that woman to die miserably!

Miserable!

What's more, this woman had just returned from being captured by Arron and broke the big affair of Siu's sister Jun Liuye! At that time, Jun Liuye's family had just come back from here and was about to break into Arron's business circle, but because of the destruction of this woman named Suzi, the brother-in-law was embarrassed on the spot and ruined her sister's best friend. Star Ivy's great star journey.

Thinking of this, Siu wanted to kill Suzi every minute.

She is not like the paper tigers like Lanita and Walton. She said that she would destroy Suzi, so she would definitely be destroyed!

"Suzi, you are not going to die now. When you die, I will definitely let you understand." After the speech, Siu gave Rayna an order: "Rayna, give me Smash this little third's face! Give a sigh of anger for your cousin! Also give a sigh of anger for my good girlfriend, good sister Lanita!"

Rayna: "Miss Jun Er, I...I dare not."

"You're a ba5tard!" Siu spit on Rayna's face, and Rayna was too scared to erase it.

"Shall I fight for you?" Linda looked at Siu with a grin. For Linda, it was a great opportunity to be able to cling to the second lady of the Jun family. Moreover, Linda hated Suzi more than Rayna.

Just public revenge.

Linda snatched the sole from Rayna, and approached Suzi with a grinning smile on her face.

Galia: "...Suzi, run away."

Suzi didn't move.

Linda raised the torn shoes in her hand fiercely, and was about to hit Suzi in the face, but heard a thunderous scream behind her: "Stop!"

## Chapter 478

Linda frightened a shoe held up in the air. She suddenly turned her head to see that it was Song Zhuoer, the youngest male clerk in the office, who stopped her. Song Zhuoer had just graduated from university and was twelve years old this year. He was an intern. Song Zhuoer did not speak when several male designers in the department made their debut for Suzi, but this time, Song Zhuoer suddenly spoke.

Before Linda could react, Song Zhuoer lifted his leg and kicked Linda to the ground.

A sturdy young man in his twenties, hitting a woman is not easy. The moment Linda was kicked, before she could react, Song Zhuoer had picked up Suzi like a fierce lion. Generally run outward.

Suzi: "..."

She is stupid.

Stunned.

This little boy...

Suzi has been in contact with Song Zhuoer for a few weeks while working here. The young man is flexible and studious. He often calls in front of her: "Sister, sister." Suzi is also willing to teach Song Zhuoer practical things. Just like Aunt Shanna taught herself without reservation. But even so, she doesn't deserve Song Zhuoer to save herself like this now.

While being held by Song Zhuoer and rushing out, Suzi desperately wanted to come down: "Xiao Song, you put me down, I must stay and be beaten today, you don't understand, I have a daughter, if I don't let Siu come out today If you take a breath of bad breath, my daughter may not even have a home in the future, you don't understand, let me down quickly, I will go back and let them fight."

Song Zhuoer: "...". Inexplicably, Song Zhuoer felt sad when she heard Suzi say such things. He didn't think he could cry as a man. He didn't listen to Suzi. He still held it. Suzi ran out madly.

He went all the way to the elevator, and it happened that the elevator happened to be open. He held Suzi downstairs. He didn't put Suzi down until he came to the main road outside the company. Song Zhuoer said breathlessly, "Suzi, you Run quickly. Take your daughter to the end of the world and never come back again."

Suzi shook his head helplessly: "I escaped for six years, but I was caught back."

Song Zhuoer: "D\*mn it!"

Suzi in turn comforted Song Zhuoer: "Xiao Song, leave this city and never come back again, obedient!"

Song Zhuoer: "...What about you?"

Suzi gave Song Zhuoer a wry smile: "Me? If I use my face to exchange the peace of my daughter's life, if they beat my face to a bad eggplant, I can live to watch my daughter grow up, I think It's worth it."

"You still have to go up and be beaten by them?"

Suzi did not answer any more, but turned around and walked towards the elevator door. She looked back at Song Zhuoer: "By the way, Xiao Song, send me your account on your cell phone, and I will call you one million. Yuan, so you can be outside for a while, and you must send me your account number. Obedient!"

Song Zhuoer's throat immediately choked: "Sister..."

"Go!"

Yubi Suzi immediately entered the elevator.

At the same time, on the design side, as soon as Suzi was rescued by Song Zhuoer, Rayna immediately snatched two broken shoes from Linda: "Miss Jun, I am going to chase Suzi now, the man holding Suzi must not run fast. I will smash her face if I catch up with her!"

Rayna hoped that Siu said to her, "Don't chase."

Unexpectedly, Siu said calmly: "She can't run, Suzi will still come back. Believe me, Suzi is so cheap!"
