

# Chapter 473

"God! Does this b!tch have a daughter?"

"b!tch is a b!tch! Hidden deep enough!"

"A wh0re! I even confuse a few men in our department. I seriously suspect that this woman has polluted all the men in our office. Oh, you can check it out in the hospitals that are hurrying up. Dirty disease?" The most poisonous mouth is Linda.

Apart from Rayna, Linda is the woman who hates Suzi the most in this company.

Several male colleagues in the company, Zhao Xianda, Chen Liang, Tong Yue, and Song Zhuoer all looked at me and I looked at you.

Their hearts, liver and lungs are going to explode.

None of the four male colleagues dislikes Suzi. It is not the way men and women like Suzi. The main thing is that the little girl is quiet, thin and tender, but powerful in her bones. Rayna died as soon as she entered the company. Biting and holding, they solved Rayna without saying anything, and being squeezed out by Linda, she even helped Linda deal with the problem regardless of the predecessors, and became Linda's boss with confidence.

It stands to reason that such a little girl is the first girl in the company to be favored by Mr. Jun. If she wants to leave others, she has long been going to appointments with Mr. Jun. Even if she does not become Mr. Jun's girlfriend, it is a big deal. It's good, but people never have any private contact with Mr. Jun.

Is this Miss Jun's eyes blind?

It was Suzi, the person your nephew took the initiative to find. Why don't you go home and take care of your nephew first!

Although several male colleagues think so, but at this moment, who dares to say anything?

The youngest Song Zhuoer, an intern who just graduated from university, tried to open his mouth several times, but he stopped talking.

At this moment, Suzi looked at Siu, and Siu smiled leisurely.

Suzi knew that Siu was sure to be able to kill her.

Biting her lip, Suzi took out her mobile phone and dialed a set of numbers. Siu did not expect that she would do this. Siu was taken aback first, and then sneered: "Suzi, you are really toasting and not eating fine wine.!"

Here, Suzi's cell phone has been dialed. At the other end, Arron had just got off the plane and was on his way to the Kyoto Laogan Military Hospital. Arron had always been reluctant to come to Kyoto to visit Mr. Shu because he did not want Mr. Shu to be pissed off. Now, Mr. Shu has recovered from his illness and is recuperating, so he chose to come to Kyoto at this time.

After all, the root cause of Father Shu's qi illness was the only cause. Arron can't say it.

On the way, he received a call from Suzi, and the man immediately asked, "What's the matter?"

At the other end, Suzi asked warmly: "I want to know, if I am very good and obedient, you will be better with the only one?"

Manly sneered: "It's still up to you to ask!"

Suzi: "I see."

After speaking, the thread was closed.

On the other end, Arron held a cell phone and looked at it for a few seconds, still sneering in his heart: You are good, you are obedient, you just look good and obedient on the surface, when have you been obedient and obedient!

After he silently complained, he put down the phone, and then closed his eyes and rested.

He was thinking about how to deal with Mr. Shu.

At this end, Suzi, who has made a decision, looked at Siu calmly: "Well, as long as you are happy."

Siu: "Very good!"

After speaking, she clapped her hands outside: "Rayna, come in."

Rayna walked in from outside immediately, carrying two very torn and dirty shoes in her hands.

"Rayna, didn't this bltch hurt your hip a few days ago? Now you have a chance to take revenge. Use this pair of shoes to beat her face into a rotten eggplant." Siu said with a grin.

## **Chapter 474**

Suzi gasped.

She did not expect that Siu would punish her in this way.

Rayna, who was holding two big torn shoes in his hand, was also stunned.

Don't look at Rayna claiming to be the eldest lady all day long, but she just satisfies her poor vanity of wanting to be a eldest lady in front of these common people who depend on work to support their families. Compared

with the real eldest lady, she even Not even a shoe-lifter. The reason why she was called by Siu today was to give Siu a dog.

She was sitting in Siu's car. Siu didn't even look at her. When the car passed the overpass, Siu took out a thousand yuan from her bag and handed it to Rayna: "Go, get under the overpass. I bought two big torn shoes in the hands of the shoe repairer."

Rayna doesn't know what Siu buys two broken shoes to sit on? He stammered and asked, "Big...jun, Miss Jun, what do you want to do with two broken shoes?"

Siu smiled leisurely: "Hang Suzi's neck."

Rayna: "..."

I really admire the second lady of Jun, who is indeed the eldest of the big family. She can think of all kinds of tricks. When she thinks of putting two big shoes on Suzi's neck, then let Suzi hang the two shoes on the parade, Rayna looked forward to rubbing his hands with excitement.

But at this moment, Rayna never expected that Siu wanted her to beat Suzi in the face, and she would have to beat her to a rotten eggplant.

Rayna stammered and asked: "Jun...Miss Jun, do you want... to smash Shen b!tch's face?"

"Of course! Hit!"

Rayna: "..."

She dared not fight.

If it's really a big slap in the face of a person, will Rayna go to jail?

Rayna is usually arrogant and domineering, but she is only a small squabble, but she does not have the courage to do such a blatant and disfiguring thing, and she even slanders Siu in her heart: you are powerful and powerful, why don't you Do it yourself?

However, Rayna just slandered Siu, but she did not dare to say so bluntly.

Rayna's eyes were so frightened that he didn't dare to do anything.

Siu smiled when she saw Rayna like this: "Look at you so shit! Why, I'm still afraid that someone will avenge her? Don't worry, no one will avenge her in the entire Nancheng."

Speaking of this, Siu's enthusiastic eyes swept the audience around, and found that other departments had already blocked the design department. It was when she publicized Suzi that she was able to say: "Yes. , It should also be to let you know what the origin of this woman is, and what kind of stuff it is!"

As soon as Siu said this, the surroundings immediately whispered.

"Oh my god, what is the identity of this woman? Listening to Miss Jun's words, she seems to be more than a fake resume, she is so simple to have a child out of wedlock, this girl is not sold on the construction site, right? Selling those old, ugly and barbaric Old migrant worker? Dirty! Our office must be disinfected when she leaves." Linda said again.

Immediately afterwards, several women followed.

"How can this woman hide so deeply? Is this running to kill us all?"

"Linda, she can blackmail you one hundred thousand yuan!"

"Kill her! Such a woman should be immersed in a pig cage in ancient times!"
