

Chapter 485

Lilly didn't even understand: "Today is Saturday. My father is not at work. Even if my father is at work, my mother can take me to play. Why are you?"

Christopher said again: "Hi! Your father was a very good boss, but since your mother came back, your father has changed."

Lilly tilted his head and asked, "My father has changed for the better, right?"

Christopher shook his head: "NoNoNo, it has become like a handsome president in a soap opera."

Shen Wei was even more curious when he heard the three words 'soap opera', and she yelled at Christopher to tell her the meaning of soap opera.

Christopher then reduced the complexity to simplicity: "The soap opera is that in the entire TV series, only your parents are good people, especially your father, who is so handsome and so powerful that he especially loves your mother. There are the most bad women, those bad women. I tried everything I could to prevent your mother from marrying your father. This is a soap opera."

Shen Wei nodded immediately: "Understood."

She knew that the bad women in the soap opera in Uncle Christopher's mouth were just like the two women who were defeated by her at the grandfather's house.

However, Lilly did not say clearly.

She just raised her eyebrows and smiled at Luo Cuicui's mother.

Mother Cuicui was really fooled: "You kid! How do you speak! No education! Who do you say is bad! Why do you say that I am the bad lady of the soap opera!"

Lilly suddenly smiled: "Auntie! You have a guilty conscience. I didn't say that you are a bad woman. I said that you have watched too many soap operas. You said that you are a bad woman. You admit it. Auntie, you have admitted that you are a bad woman, how bad are you?"

Suzi: "..."

I finally understand the purpose of this little kid, she is incredible, why is this little thing so mindful?

After all, she followed her father.

Suzi looked at Cui Cui's mother innocently.

Cui Cui's mother was so angry that she wanted to fight the only one, but because she was an adult, she couldn't be so impulsive.

Lilly kindly reminded: "Auntie, you just think about bad women. You forgot to pick up Luo Cuicui. Auntie, listen. Luo Cuicui is so timid. If you go to pick her up late, she will cry. That's it."

"Oh, I'm going to die! I have forgotten my daughter." Luo Cuicui's mother no longer cared about Suzi and Lilly, so she hurried in to her sister Luo Cuicui.

Suzi squatted down and looked at the only one: "The one, don't quarrel with adults in the future, understand?"

Lilly confidently said to his mother: "Don't worry, mother. Mother Luo Cuicui can't beat me, even if she is fierce, we still have a father!"

Suzi: "..."

She already felt it. The only one came back in just two months, but the only one had no guard against Arron. Lilly now has feelings for Arron, which also shows that Arron really loves this daughter very much.

Thinking of this, Suzi felt relieved a lot.

This night, Arron was not at home. Suzi slept in the big bedroom with the only two of Shen's arms around. The little girl slept very sweetly, but Suzi could not fall asleep.

There were still shoe soles on her face. She applied a cold compress for another night, and the swelling disappeared, but the skin was still bluish-purple.

Next day

In the morning, Suzi went to the bank and opened a private account to deposit the five million dollars. After lunch, Suzi chose the clothes for himself and the only one, and then drove to the hotel arranged by his mothers in advance.

After arriving, Suzi realized that the party this time was far less simple than she thought.

Chapter 486

This hotel is extravagant.

As soon as Suzi arrived at the door, he could see that this hotel is definitely not something that ordinary wage earners can consume, and today's small parties are not just as simple as paying 50,000 yuan, and there may be other consumption.

Fortunately, she had the five million compensation fund that Arron gave her.

Suzi was emboldened and led Lilly to the large box that had been arranged in advance.

In the huge box, the sound is a bit noisy.

"Mother Susan, your bag is a limited edition, right? It's so expensive." Mother Luo Cuicui complimented Susan's mother in a high-profile manner.

"No, my husband bought me this bag from Hong Kong. It's very cheap, it's more than nine thousand. In other words, your bag is also good, what brand? It looks good. It's not cheap, right." Susanshan's mother was enjoying the superiority of being praised and praised each other smoothly.

"Well, this one is from...Coach Limited Edition, 28,000." Luo Cuicui's mother said casually.

Susan's mother was left with an awkward smile: "..."

Suzi was the only one who came in at this time.

Looking around, some of the ladies in the venue are wearing bright and shiny fur, some are wearing dazzling and dazzling gems and diamonds, or they are playing with their own expensive brooches worth hundreds of thousands, and then they gather in twos and threes to each other. Flattered.

In fact, they are all openly and secretly stepped on.

Suzi realized that this faction is not only to squeeze out the poor mother who was driven away from the poor child, right?

They want to show off to each other more. Whoever wins in the end will have the limelight and face.

When the group of Kuo wives who were enthusiastically comparing saw Suzi, they were also stunned.

Suzi is wearing a fitted turtleneck sweater and a long A-line orange leather skirt on the bottom.

This outfit is simple and clean, and gives people a warm and bright feeling, especially suitable for attending warm activities with children.

The clutch carried by Suzi also has no signs, only a simple clutch with diamond-shaped grooves on the handbag.

If Suzi dressed like this is replaced by a woman, the absolutely ordinary can't be more ordinary, especially the bag in her hand, which looks like a crude old yellow cowhide at first glance, but in Suzi's hands, there is something indescribable. The rugged and soft mashup beauty comes.

This woman is so beautiful.

It is an innocent and unknowing beauty.

Beauty is ethereal and clear.

The beauty of Suzi made all the jeweled and broad ladies present a sense of inferiority.

Cui Cui's mother, who had just suppressed Susan's mother, was compared by Suzi, and she instantly lost her sense of superiority.

Cui Cui's mother almost broke her silver teeth.

It's amazing!

Can't even wear earrings!

There is no jewelry on his body, so poor!

A zombie look!

I never saw you smile.

I don't know how many knives are passive on my face, I won't laugh anymore!
