

Chapter 489

"Shanshan, come here too!"

"Xinyi, come here!"

"Jiantao..."

"Cui Cui!"

Mrs. Kuo followed suit. Everyone scolded their children and told them not to play with Lilly.

But the children think differently.

"Mom, the little snake is not the only one brought here, the little snake was originally Cui Cui's." Guan Sitian said in a small voice.

Luo Cuicui also nodded and said, "Mom, the little snake belongs to me. I really like this snake toy. I used a lot of toys and exchanged it with the children downstairs... Our class children like it very much. A little snake, it's fun."

"Luo Cuicui!" Mother Luo Cuicui wished to delete Luo Cuicui and slapped her: "You didn't do this before! You have become like a wild child since you played with Lilly! You threw the snake to me."

"Woo..." Luo Cuicui cried immediately.

Here, Lilly clings to Suzi's leg, looking up at Suzi: "Mom, I want to go home..."

She was the only child who was very good at words and expressions, she saw it, and everyone disliked her. "Since you are here! You can't leave today! Lilly's mother, since you are a member of this group, and you have also participated in this party, you must come up with a plan today to deal with that matter, so that it can be shown. Show your sincerity to us, or else you would take the

initiative to admit that you and the woman who swollen face and fill the fat man are all the same! Your daughter will face the same fate as her daughter and be kicked out of the kindergarten!" Guan Sitian's mother is vicious. Said.

As soon as her words fell, Luo Cuicui's mother also screamed and yelled: "Lilly must have to apologize on the spot! Let her explain her evil deeds! Can't let this wild child who has no father teach me lightly!"

Lilly was so scared that he hid behind his mother.

Seeing this, Suzi felt distressed for her daughter. She put her bag aside, raised her hand and rolled up her sleeves.

Luo Cuicui's mother immediately flinched aside in fright: "What...what are you doing! Do you want to hit someone? Do you dare to hit me, I called the police..."

Seeing Luo Cuicui's mother stepped aside, Suzi sneered, and walked out after holding the only one.

After walking out of the siege, she turned her head and looked at a dozen ladies coldly: "My child did nothing wrong, and I will never let my child apologize! As for the plan? I came here today. The purpose is also to tell you that I never think that mother has done anything wrong! Did that mother offend you? Did it hinder you? People came here to go to kindergarten and paid money, what right do you have to prevent her children? Reading kindergarten here? Do you think how noble your behavior of forming cliques is!

It can't be ugly anymore!

Ugly makes me sick!

Putting my children together with people like you, I am afraid that my children will learn badly! "

After speaking, she took the only ladies who continued to go out and ignored the speechless ladies who were said by her.

The mother and daughter walked quickly. As soon as they left the house, they slammed into a person's chest. The person was hit: "Oh..."

Chapter 490

The man who was hit looked like he was waiting here to be hit by Suzi. His strength was so great that Shen only was thrown out for several steps. Fortunately, the only one was small and flexible, so he was not knocked down.

And the whole portrait of Suzi, who was over 1.7 meters tall, fell backwards when he was hit.

"Madam, are you okay!" The man immediately spread his arms around Suzi, and then bent over to pick Suzi in his arms with an elegant turn.

Not far away, a camera kept pressing the shutter, and the cameraman kept muttering: "This angle, absolutely!"

At this time, Suzi, who was held in his arms by the strange man, could see the man's face clearly.

There was a greasy powdery odor on the man's face. Suzi was disgusting at first glance. She stood up straight and pushed the man away: "Sorry, I hit you first. Sorry!"

The man raised his eyebrows and smiled: "I was hit by a beautiful woman. I have a beautiful blessing."

Suzi: "You are fine."

After she finished speaking, she staggered the man's body and walked forward to pull the only one.

Lilly pouted and said, "Mom, I hate bumping into your uncle."

Suzi also hated it, so he took the only one and quickened his pace: "Go home with your mother. Mom wants to write a letter to your kindergarten manager."

"Why do you write, mother?" Lilly asked Suzi.

Suzi relaxedly said to her daughter: "After your mother has written a letter to the school manager, you can continue to study in the kindergarten."

In fact, she wanted to leave a letter to Arron.

She wants to tell Arron that she must stay in this kindergarten because she likes it here.

She must make arrangements for the only one, because she doesn't know what fate will be to meet her tomorrow. Siu is in control of her current destiny.

What Suzi didn't know was that she had just come out of the box, and Siu and Jun Liuye also appeared in the box at the same time.

The ladies in the box looked at the pair of sisters, and they were all stunned.

Guan Sitian's mother asked first: "Who are these two women, do you know them?"

Several ladies shook their heads.

Siu sneered and came to the group of people, watching the ladies in a calm manner: "Don't know me? But it's normal, because I'm not in Nancheng, my family is in Kyoto, and my surname is Jun."

Jun?

The women present knew something about politics.

They all know about the Kyoto King's family.

Look at the woman in front of her, although she is not wearing gold and silver, but her aura is overwhelming.

Especially Siu, who has made every point of this group of ladies transparent.

"Fur girl, say you, your fur is bought in a fur store in southern Zhejiang, right? This fur is worth 170,000 yuan. You are curious why I know the price? Because your fur is from my private one. Scraps from custom fur."

Susan's mother: "..."

"And you! Ruby." Siu sneered again: "This ruby in your hand, don't you see a slight flaw on the side?"

Luo Cuicui's mother immediately took away her gem ring, and it was really true.

She immediately looked at Siu with her mouth wide open: "You...how do you know?"

"Ha!" Siu sneered without answering.
