

Chapter 499

In the video, a man embraces a woman.

Neither the man nor the woman wore clothes. The man was facing away from the camera, while the woman's calm and unwavering face couldn't be more clear.

That is Suzi's face.

Suzi was hugged by an unfamiliar man, and this posture was posted on Douyin. There was more than one Douyin account, and he was also a big blogger with millions of fans.

Arron's hand clenched again unconsciously.

He felt that Suzi had something on his mind the night before, but in only one day, all the hot search videos came out.

In the ward, everyone looked at Arron who looked murderous at this moment.

In his hand, he still pinched Lanita's upper and lower lips to prevent her from speaking. Lanita's painful face was full of tears. It is estimated that when Arron let go, her lips looked like two sausages.

"Qin'er, what makes you so angry!" The old man Shu on the bed felt very sorry for his granddaughter, but when he saw Arron's anger and anger, he didn't dare to stop Arron too much.

Arron remained silent, only letting Lanita go temporarily.

Then he threw the phone to Lanita.

Lanita just breathed in loudly. She felt that her lips were numb, and she felt swollen when she touched it with her hand.

Without looking in the mirror, she also knew that she must be ugly now. She didn't want Arron to see. Lanita held her hands and cried: "uuu..."

However, Arron didn't give Lanita more at all. Instead, he threw his mobile phone and strode out, without even saying hello to the people in the ward.

In the ward, you see me and I see you. Father Shu, who was just getting better, asked Lanita: "Yueyue, what happened?"

Lanita cried aggrievedly: "Grandpa, you don't know that I have been taking care of you in this ward for the past three weeks. This video must not have been sent by me. This is a Tik Tok video of someone else, it must be It was Suzi and others who stole the sunshine and was secretly photographed.

Oh, it was the dead woman Suzi who made a mistake, but the Fourth Young Master wanted to punish me. "

As soon as her voice fell, Darius's mobile phone was snatched away.

After watching the video, Darius's brows frowned. He only had a cold face and watched Lanita crying without a word: "Cousin! Are you still facing that b!tch of Suzi? She is a b!tch at all. Arron only stayed here for three days, and Suzi could be like other men..."

Without finishing a word, Darius squeezed Lanita's lips in the same way as Arron.

Darius was not as vigorous as Arron. After all, Arron is a trainer, and his skill is very good. He pinched Lanita's hand like a vise. Because Arron's hand pinched Lanita's heart with a vise, so now Darius squeezed Lin again. Even if Lanita didn't have that great effort, it was enough for Lanita to cry her father and mother in pain.

Lanita snorted again: "Wow."

Darius said in a cold voice, "Lanita! Are you eager for Suzi to be like this? I tell you, this is not a trick behind your back. If it is you who is a trick, I will never take you lightly!"

"You..." The old man Shu on the hospital bed was out of breath. He pointed to his grandson: "You, A Zhen, do you want to... piss me off?"

Darius sneered: "Grandpa, I have been pretending to have a heart attack for a day and a night. Now that Arron is not here, you should remove the pretense!"

Elder Shu: "..."

Darius turned and left the ward.

He hurried back to the hotel and asked the hotel lobby manager to order the fastest ticket back to Nancheng for him. After the order was completed and everything was set up, Darius took out his mobile phone and called Suzi.

At the other end, it hasn't been connected for a long time.

Chapter 500

At this moment, Suzi's mobile phone is turned on silent.

Because she was in the office of the manager of the only kindergarten, talking to the manager alone.

Seeing Suzi who said little but with a cold face before him, the school manager was so frightened that he did not dare to speak.

Just now I really wanted to send the only one when he first came in, the school manager had actually already thought about it, and now he immediately persuades Shen to leave.

After all, the short video of Suzi being hugged by a man without wearing clothes is really bad.

However, before the head of the garden could speak, Suzi had already made a splash: "School Manager! I want to talk to you!"

"Yo!" The school manager sarcastically smiled, "Lilly's mother, are you, do you want your child to opt out of school?"

"No!" Suzi replied briefly.

School Manager: "..."

After listening for a few seconds, she said bluntly: "Then there is nothing to talk about, Lilly's mother, your personal matters, it stands to reason that our garden shouldn't be bothered, then you just wait for unilaterally to receive our force. Tell me to dismiss. My child, I can promise to be here one more day, and you won't come back after school today!"

Suzi's tone was very calm: "School manager, are you deaf?"

School Manager: "..."

"If you are deaf, I'm saying it again. I want to talk to you, not about my child dropping out of school, but about other things. If you don't talk about it, then you regret it in the future, don't come to me! I'll give you thirty seconds to talk?" Suzi's words were very calm, almost floating peacefully, but with a fatal force of surrender.

Somehow, the school manager stammered: "Talk, talk... come to my office with me."

For a moment, the school manager felt that Suzi's shortcomings were pinched in his hands?

She was frightened in a cold sweat. Close the windows and doors, afraid of being heard by others.

In order not to affect the conversation between them, Suzi also mute the phone.

So, at this time, when Darius, who was far away in Kyoto, called Suzi, Suzi didn't hear it.

At this moment, Suzi was saying to the school manager one word at a time: "The school manager! I know that you watched my unsightly video, but I tell you! My daughter is the only one of Shen and Arron, the richest man in Nancheng. Your biological daughter!

The black car that picks me up every day is Arron's.

That's right! I am the woman Arron captured. I have indeed been in jail.

But! It is absolutely impossible for Arron to let his biological daughter suffer any kind of grievance in the kindergarten!

That's right, the only one is an illegitimate daughter.

But don't forget, Arron himself is an illegitimate child. He has been in exile during his childhood and adolescence. It is impossible for him to let his daughter follow in his footsteps!

School manager, my daughter likes the environment here, she has taught her friends here.

If you dare to say something wrong to my daughter, the man who captured me back, Shen's only father, will put this place down! Will bloodbath here! "

School Manager: "..."

She looked at Suzi with a stunned expression, and slowly, the school manager's face became extremely pale.

She didn't even know how to call Suzi, she stammered: "Fu...Shen...Ms. Shen, what do you...what do you want to do? That little video on the Internet, Also...it was not sent to you by our kindergarten, and we did not slander you..."

Suzi sneered: "My business has nothing to do with you! I only want my daughter to have a good environment!"

School manager: "We will treat any child fairly."

"Fairness?" Suzi sneered: "What did the parent who was once strongly persuaded by you to resign?"
