

# Chapter 557 – 558 of Punished by His Love Novel

## Chapter 557

Did you just wake up, Mei Lolita? I know what you want to guess, what you want to guess, it's already the truth this afternoon, the overwhelming hot searches, headlines, haven't you seen it?

[Black Godfather]: This afternoon I have already witnessed how Fu Siye loves his wife on the Internet. At this moment, I even saw it. If a man becomes romantic, there is nothing wrong with a woman. He is overbearing and cold. If a man sprinkles dog food, it really doesn't matter to those men who are in love.

[Waiting for the beauty Lori]: Is it really Fourth Master Fu?

[Black Godfather] @[等爱的美罗莉]: You should first check out this afternoon's hot search.

...

When this wave of comments was showing that the speed of the rocket spacecraft was rising, the official blog of the Fu Group issued a second Weibo.

This time, several photos were sent.

Moreover, this time the man finally looks right.

Under the warm light, the man bowed his head slightly, looking at the sleeping woman in his arms with a gentle and calm expression. The woman curled up in the man's arms, sleeping very deep and well-behaved.

Very ignorant of world affairs.

Very uncontested.

As soon as this Weibo appeared, almost the entire Nancheng was awakened.

This Weibo from the Planning Department of the Fushi Group is a hundred times more popular than the hot search results produced by so many tabloid reporters and so many small media companies all day long.

At the same moment, almost the entire Nancheng women stared at these photos.

[I'm not a milf]: Oh, I'm so envious, if I can meet such a man in my life, I'm willing to die for ten years.

[Waiting for Love]: The woman in her arms is so happy. If I was loved by such a man, I would be happy to die for 20 years!

[Minuo Little Preserved Egg]: This kind of man who loves his wife so much is hard to find in the world.

[Follow the dog shit and go lucky]: In the morning, those people, those reports, those reporters, are they blind? They are obviously held by their own husbands. The husband is the president of the Fu Group. How about the president! See how the group of people dealt with themselves in the morning. Deserve it!

[It's just a pot]: It's all pure jealousy, jealousy makes people lose their reason and judgment.

[Purple Butterfly]: I really want to be hugged like this, I really want to be treated like Mrs. Fu. In one minute, it was enough.

[Mingyue Ying Peach Blossom]: Although the person involved is not me, I still have to fantasize about it. The fantasies are also sweet. This is the most powerful face-slashing stalk I have seen in history. Photo, slap you in the face! Too much hate!

In the middle of the night, Weibo's server was paralyzed.

The two microblogs in the middle of the night were already hot.

This night, the whole network is doomed to sleep.

This night, some people were happy and gratified for Suzi, and others went crazy when they saw this scene.

Lanita was the woman who went crazy.

In the middle of the night, her hair was torn off by herself, so I remember it wrong. Lanita, who was paralyzed in the ward, picked up her mobile phone, dialed the phone number, and frantically yelled at her parents: "On the official blog, What's going on, what's going on, what's going on, what's going on!"

Here, Elder Shu on the hospital bed shouted palely: "Lanita..."

Lanita screamed like crazy: "I'm going to take off Suzi's skin..."

## Chapter 558

This night, when Suzi slept quietly in Arron's arms, sleeping sweetly and dreamless all night, Lanita, who was far away in Kyoto, cried all night.

Later, her throat became hoarse, her eyes were swollen, and her dark circles were serious. When the doctor came to the hospital early in the morning to see Mr. Shu's condition, they thought they had seen a ghost when they saw Lanita.

One of the female interns was almost scared to cry by Lanita.

Lanita's eyes were slightly dull.

After the doctor rounded the ward with Elder Shu and informed Elder Shu that his condition was no longer serious, he left the ward. At this time, Lanita was standing in front of the old man.

"Grandpa..." Her tone was extremely hoarse.

When Grandpa Shu saw such a granddaughter, his distress was as painful as a knife cut, and his voice became old in a flash: "Lanita, my good granddaughter! Grandpa often tells you to be calm, to be calm. Calm down, don't be surprised if you want to change. Why don't you always listen to grandpa?"

Look at you, you tortured yourself like this all night, if Arron sees you like this, then you will never have the possibility of marrying him again in the future. "

Lanita looked at Elder Shu with a swollen face: "Grandpa, Arron has already married Suzi. What chance do I have? They already have a child. Grandpa, don't you know how hateful Suzi is? She has been fostered in my family since she was a teenager. My parents love her so much, but she wants to fight with me everywhere, rob me, and she also wants what I have.

She never thought that she was a foster girl herself.

Just know to grab it with me.

Especially jealous, jealous of me everywhere.

Suzi doesn't necessarily love Arron, what kind of love is there between them?

But, because Arron is my fiance, she must grab it. She swears since she was a child that her life will be 10,000 times better than my life.

Grandpa, Suzi is a change too! “

Seeing Lanita crying like this, Grandpa Shu's heart was filled with incomparable anger.

He finally found his granddaughter. He will not let his granddaughter make any grievances, certainly not!

“Lanita, listen to Grandpa, calm down first. Today we will pack our bags and go back to Nancheng.” Elder Shu said in an old voice.

I wiped tears with joy from you: “Grandpa, if I calm down, can the matter be resolved? Can Suzi not marry Arron?”

Elder Shu calmly said: “At the very least, you can come up with better countermeasures than when you are not calm.”

Lanita nodded: “Grandpa, I'll listen to you. When you arrive in Nancheng, you must be the master for me.”

Elder Shu leaned on the head of the bed and nodded.

He is bound to call the shots for Lanita.

It can't be cheaper. The woman who was fostered in Lin's family at the age of twelve, but wanted to take the arrogant woman!

This morning, Lanita had been leaving the hospital with the Grandpa's Office.

She said she was with her grandfather, but Lanita didn't actually have to do anything. In the military area hospital, some people would do all the work together for Mr. Shu. After all, Mr. Shu used to be the veteran here, and the staff here will do everything for comfort. The old man went through the discharge formalities.

Lanita, who was idle, called her parents when she had time.

On that end, Jarod's phone was connected quickly, and his tone was very frustrated: "Lanita... Mom and Dad have seen it, the online upload is crazy, and Arron also personally admitted that Suzi is his wife. , Lanita, my daughter..."

"Dad! Why are you crying?" Lanita asked.

Before Jarod could speak, Moira cried again: "Lanita, that b!tch Suzi! She...she thought of a trick to let me and your father kill each other... .."

"She succeeded in that trick?" Lanita asked.

Moira: "..."

"Don't tell me, you and my father, you two are beating each other!" No matter how stupid Lanita is, she guessed it.

# Chapter 559 – 560 of Punished by His Love Novel

## Chapter 559

Moira confessed on the other end of the phone: “It’s all the D\*mn Suzi, otherwise your father and I won’t beat each other to death.”

Lanita: “...you beat each other to death?”

Moira: “Yeah.”

Lanita: “This Suzi! D\*mn Suzi!”

At this moment, Lanita clenched her fist. If Suzi were here for a moment, Lanita would like to cut Suzi a lot.

She hung up the phone of her parents and immediately called Suzi.

At this time, Suzi was still nestled in Arron’s arms, sleeping well.

It was really stressful for the past two days, and I was too tired last night, coupled with the sudden relaxation of the originally highly nervous mood, so that Suzi’s whole body was extremely tired, and she did not wake up all night.

This night, her husband posted two or three Weibo about him and her, she didn’t even know it.

Moreover, the entire network is now standing on Suzi's side, and Suzi has no idea.

She just sleeps now, very quiet.

At this moment, Arron sent another morning Weibo.

In addition to the sweet and warm picture of the two, there is also a line of text written on it.

“As the president of a group company, the most important task is not to manage the company first, but to generate revenue for the company first. I personally think that the most important task for a man is to marry a wife, get married and have children, and accomplish these things. , It's not finished yet, you have to deal with the relationship with his wife.

The most important job of the president of a group company is to obey the life-long leader at home, that is, the arrangement of his wife.

Only when a man manages his family well can he draw lessons from marriage to the management of the group company.

If a group company boss who can't even manage his family, how can he manage the company? Therefore, home is very important. “

These words are inseparable from the words of lifelong leadership everywhere.

Arron's remarks shocked the entire network.

It turns out that a man who is not close to a woman, who is petting his woman, is so sweet, and even regards his wife as a lifelong leader.

It is so enviable.

At the same time as the whole company and even the whole network were discussing things, Lanita called Suzi who was sleeping.

Suzi woke up ignorantly, and when she saw Arron looking at her, she blushed immediately.

“Answer the phone.” Arron said.

Suzi picked it up and saw that it was Lanita who called. Without thinking, she said, “Your fiancée’s.”

Arron: “...”

At this moment, he seemed to understand that sometimes torturing people doesn’t necessarily mean using knives and guns or using mouth to insult people, but it is like Suzi that really kills people invisible.

He just posted a sweet and infinite photo and accompanying text on the official blog.

She said to him very innocently here: “Your fiancée’s.”

At this moment, Arron was almost like beating Suzi, but he was not willing. He only said to Suzi: “You just answer the phone and fcuk her!”

Suzi: “I can say anything?”

“Although it’s awkward.”

“Okay.” Yubi, Suzi picked up the phone and pressed the answer button.

## **Chapter 560**

“Suzi! You prisoner! Do you still have any conscience! My parents have raised you for seven or eight years, and you have provoked the relationship between them!” On the other end, Lanita cursed.

What if Arron married Suzi.

Lanita is not afraid of Suzi.

She followed her grandfather to Kyoto for treatment this time, and she accompanied her throughout the whole process. She also saw her in Kyoto and her network of relations in the political circle of the country.

Lanita really realized that it's no wonder that Grandpa was very respected in Nancheng, and even Arron wanted to give the old man a little bit of face.

It turns out that the old man's network of relationships is really huge.

And all of them are top-level dignitaries.

With her grandfather supporting herself, even if Suzi married the Heavenly King Lao Tzu, Lanita was not afraid of Suzi.

On this side, Suzi cleared his throat, and said in a very calm tone: “Lanita, I am not provoking their relationship. I originally wanted to kill them. I was unable to take a 10,000 step back and chose to provoke them. The relationship. But now it's better. My relationship with Arron is open. I am now Arron's wife, both in name and in fact.

In the next time, one of my things Suzi will do is to let the Lin family perish! “

What Suzi said made Lanita shiver.

Lanita calmly said: “Dare you!”

“That depends on how much I hate your Lin family.

Also, it depends on who I am married to.

I am married to Arron, and my husband can grind your Lin family into powder!

From now on, you must be prepared, maybe I will go to your Lin’s house when I am happy that day. “

Lanita asked mechanically: “Are you here to destroy us?”

“Yes.” Suzi cut a word short.

Then, hang up the phone.

After closing the thread, she looked at Arron and smiled calmly.

Said: “This is the second time I borrowed your name to suppress the Lin family. I still remember that the last time was six years ago. At the entrance of the hospital, I used your name to threaten the Lin family with a fox and a fake tiger. I also pushed Lin. Lanita has it. Because of this, the goodwill you have just established for me has been defeated by me again.”

She said very calmly.

There was a mute sound characteristic of the morning rise in her voice, which was a little lazy and indifferent.

Stopped in Arron’s ears, there was no smell.

Arron swept her in his arms with one arm, and asked in the same lazy voice: “Aren’t you afraid of me this time?”

Suzi shook his head and quietly said, “You are my husband, aren’t you? You are not Lanita’s husband. I have a grudge against the Lin family, so you should avenge me! Now I have figured it out.

You are my husband!

Not anyone’s!

What Lanita and Siu are all outsiders!

I am your only wife!

Arron’s name, only I use it is the most righteous!

As for whether you will oppose it, that is your business.

You can object. “

Arron: “...”

What she said was speechless.

Did he object?

Not only did he not object, he used the official blog of the Fu Group in the middle of the night to post Weibo with her, okay!

Seeing her calm expression that could no longer be calm, a grievance was born in his heart.

This little woman!

After staying by his side for a long time, she experienced more and more things, and she became more and more calm.

Maybe one day, she will even surpass him.

# **Chapter 561 – 562 of Punished by His Love Novel**

## **Chapter 561**

The man was stunned, and Suzi retracted into the bed again and continued to sleep.

Arron: “What’s wrong with you? Are you feeling sick?”

She turned her back to him, raised her arm with a bruise hickey and hit him on the chest.

He took her arm casually.

That arm seems to be able to pinch water out with a light pinch.

He stooped to get her out of the bed, let her face him, and then seriously asked her: “Is it uncomfortable?”

Suzi shook his head, his face reddened, and suddenly lowered his head and slammed into his chest.

The man smiled: "I'm a woman who has been born before, so I don't know how to say it!"

She muttered, "I don't have one!"

"That's why you sleep late! You don't usually sleep late!" Arron was afraid she had something to hide from him.

Suzi simply said: "I don't have a job anymore, what do I do when I get up so early."

"What does it mean to be out of work?" Arron asked.

Suzi: "I was fired from the company. Even if I didn't get fired from the company, I would be drowned in saliva even if I was spread on the Internet."

Suzi wants to have a job more than anyone, go to work, and earn a salary through his own efforts.

She felt it was very stable.

Heart is very calm.

However, in Nancheng, she always does not go well in terms of work.

"You can go to work." Arron said.

Suzi: "?"

"Why, you don't want to be a good example for your daughter and let Lilly only see that her mother is an independent woman?" Arron asked.

Suzi: "..."

The feeling of being beaten up was very wronged.

She gave Arron a vain look: “You let you go to the company with your saliva all the way from the time you went out, and then let the company’s people tell me in person that you have been fired, why are you coming back?”

“No one spat you, and no one removes you. You can go to work.” Arron said again.

Suzi: “...”

She suddenly realized something.

He is Arron, the king of Nancheng.

She immediately turned on her cell phone, sat in her arms and turned on the Internet, desperately looking for yesterday’s hot search.

But, except for that South City King Arron is actually a fear inside. “Besides, there are no other hot searches.

Of course, the official blog of the Fu Group does not count.

She looked up, looked at him incredulously, bit her lip and asked: “Yesterday...what the tabloid reporters reported, all...were all blocked?”

The man said irritably, “Didn’t you say that your husband is Arron, and your husband’s rights shouldn’t be in vain?”

Suzi: “...”

At this moment, it is impossible not to touch my heart.

“Thank you...” Suzi bit his lip and said.

“Why do you thank me?” Arron asked with interest.

Suzi: “...”

At this moment, she was still sitting in his arms, the kind that could see each other thoroughly, mainly because he saw her more thoroughly.

He has a city palace better than her, and she dare not look at him.

The man just stared at her like this, waiting for her way of thanking her.

After a while, Suzi raised his arms to hook his neck, and his red and hot face slowly approached his lips and covered them.

## Chapter 562

Her k!ss was still so jerky, covering his lips several times, and she was still at a loss and didn't know where to put herself.

Even, she will often pause and short-circuit.

Because I don't know what to do next.

Such an angry Arron's head was simply angry.

He clasped her back with his left arm and the back of her head with his right arm, then forced her to separate from him, forced her to look at her, and said coldly, “Stupid!”

She: “...”

“Why teach you so long, but you can't even k!ss!” he demanded.

She: "... It's really hard to tell, but it's hard to tell.

Is it her fault?

Did he teach her every time he attacked her?

Isn't it good at all?

He was not only looting the city and the land, he even robbed her of her thoughts. Every time, during the whole process, her brain was blank or two, and it was completely taken away by him. How could she learn Will it?

When did she learn?

Feeling aggrieved in my heart, my lips pursed involuntarily.

Seeing her sweet mouth and watery appearance, the man forced himself to suppress the evil fire in his heart, and said in a low voice: "It's already late to wake up today, so I can't tease you anymore! If you want to thank me, you have nothing to do. The way, get up, help me dress!"

Suzi: "Huh?"

Help him dress?

She has never done such a job.

"Why, is it not unusual for a wife to dress his own man?" Arron asked.

"Oh." Suzi immediately got up and got out of bed.

Suddenly I felt that something was wrong with me, and I looked down at myself, and didn't wear anything.

However, her clothes were not here, so she had to take out one of his shirts from the closet and put it on.

Chen Shang's sleeves were piled on the wrists, fat and fat, but it made her show a different kind of sexy. The man looked at this Suzi and couldn't help but froze for a few seconds.

In a daze, Suzi had already found all his clothes, and put it on the bedside and asked him, "Is it okay to match this way?"

"Yeah!" The man took a look, quite satisfied.

This is his usual style of dressing.

He asked casually: "How do you know that this outfit suits me?"

Suzi blushed: "I have been with you for so long. I haven't seen what clothes you wear every day."

The man suddenly felt small.

He stood up, got out of the bed, held her shoulders with his arms, and asked softly, "Do you like me very much in your heart?"

Suzi's head lowered lower.

She picked up the shirt and put it on him, without looking at him, just buttoning the buttons.

After the buttons were buttoned, she picked up the tie again to help him tie it.

This is the first time she has done this kind of work. Tying a tie is a very technical job. She has spent a lot of effort to tie her tie.

Then there is the following.

Then, the suit jacket.

When everything is well dressed, that's really the case.

"Okay...Okay." Suzi stammered, then turned and opened the door and left his room.

Back in her bedroom, she found her underwear to put on, and then went to the cloakroom. After she found simple clothes and passed them on, she came to the restaurant.

Both Sister Li and Sister Tian are here.

Both of them looked at Suzi gently.

"Let's eat, madam, today you and your husband are both up late. The food is a bit cold and I'm warming it up. Madam, sit down and I will serve it." Li's wife thoughtfully said.
