

Chapter 593 – 594 of Punished by His Love Novel

Chapter 593

But now, it's too late to talk about anything.

She came too impulsively.

At this time, he can only swallow his anger.

Lanita smiled half-heartedly: "Suzi, you must have misunderstood my sister before, and I never thought about robbing you..."

"No!" Suzi immediately interrupted Lanita's words: "I didn't misunderstand you. Since childhood, you have robbed me of everything. I can eat what you eat and the rest is good. It has always been you. Robbing things and people with me. It's not a day or two if you say that my husband Arron is your fiancée.

Moreover, people in Jeonnam City know that you often tell rumors like Three Steps. You have told more than one or two people on different occasions. You have told countless people that you are Arron's fiancée. "

Suzi's tone was extremely calm, and it didn't seem to be any lethality.

In fact, aggressive.

Forcing Lanita to have no retreat at all.

This made Lanita seem to be caught on the fire and roasted.

Lanita even begged Suzi in a very soft tone: “Sister, between our sisters, many things are just misunderstandings, you are my sister...”

However, Suzi did not buy Lanita’s monthly account: “On the first day I came to work in this company, I heard rumors about me in the elevator. What do you say? Arron has a fiancé, Arron. His fiancée is Lanita, the granddaughter of Mr. Shu. I am a female prisoner that Arron looted from a long distance.

Where did these news come from?

Are the employees of this company groundless? “

Speaking of words, Suzi took a special look at the lady Ge Meilin who served Suzi Green Mountain Coffee just now.

Ge Meilin immediately lowered her head in fright.

It turns out that in this company, who is good to Suzi, who has said bad things about Suzi, who has slandered Suzi, Suzi is very clear in his heart and knows well.

At this moment, Ge Meilin deeply felt that Suzi was actually very smart.

It’s just that she just doesn’t care about many things, so she doesn’t care about it. Ge Meilin carefully looked at Suzi’s face, while Suzi only looked at Lanita calmly.

Later, when Lanita was blocked by Suzi, she was in a dilemma. She had to let go of all her dignity and apologize like Suzi: “Sorry Suzi, it was me who was my sister before.

Always thinking that you are the adopted daughter of our Lin family, I want to crush you.

Your husband is Arron, I also want to cling to it, I want to compete with you.

It's all my fault.

Suzi, no, sister, can you forgive me? “

When she said this, Lanita wanted to slap herself in the face. At this moment, she regretted how much she regretted coming to the construction company today. This moment really caused her Suzi to encounter Waterloo.

At this moment, Suzi really grasped everything.

But what can be done?

Lanita only stared at Suzi, hoping that Suzi could say one thing: “Okay, I forgive you, you can go.”

She Lanita could leave quickly.

Then, in the future, she will definitely follow Grandpa's advice and one thing, and be calm.

Grandpa is right. You can't be impulsive, and you have to calm down before you can think of a good solution.

However, Lanita did not expect that Suzi said without emotion: “I don't forgive you!”

Lanita: “...”

Are you a fool?

Seeing Lanita stunned and waiting, Suzi looked at Lanita with a solemn expression, and then came to Lanita.

Approaching Lanita, he said one word at a time: “Lanita, how I planned to seek revenge from you. I haven’t found a good way, but you came to the door yourself. Very good!”

Lanita: “...”

Chapter 594

Lanita was startled for a moment, her eyes looked straight at Suzi.

Suzi’s eyes were very calm.

However, Lanita could clearly feel a deep hatred from Suzi’s calm expression.

Before Lanita came back to her senses, Suzi continued: “Lanita, I didn’t expect you to come to the door automatically, just to my liking!”

Lanita: “...”

“Guess?” Suzi smiled innocently: “Do you think my husband will turn you into blood today?”

“No! No, no, no!” Lanita was frightened, and the torn shoes she was holding in her hand immediately fell off.

She also coaxed Suzi with a very flattering tone: “Sister, don’t be familiar with me. I am here to apologize to you today. I will be a cow and a horse for you, and I will be at your disposal, okay, sister? On the basis that you are an elder sister and I am a younger sister, you shouldn’t be familiar with me, sister?”

Lanita took a mouthful of one sister, shouting as if Suzi was her own sister.

Suzi remained indifferent.

On the contrary, others have already begun to point to Lanita, and even abuse them.

“What? This is Lanita? I heard that she is the fiancée of Fourth Master Fu, is that her?”

“She’s not fake, but she must have spread the rumors. Fourth Master Fu and Mrs. Fu have been married for more than six years, so he must be fake.”

“My God, I’m a junior, but I want a thief to call to catch the thief?”

“Have you carried a torn shoe early in the morning to play in the main room?”

“This woman is arrogant enough. I heard that her grandpa’s subordinates are many important tasks now in power, so she can be so arrogant.”

“I heard that the Hongmen banquet hosted by Siu and the noble wives of Nancheng the day before yesterday was actually the main messenger behind Lanita. Regardless of Lanita’s absence at the time, but Lanita who was in Kyoto was very Good at remote command!”

“Lanita was the mastermind at that great banquet!” “It’s too shameless, too arrogant, it’s unscrupulous to hit the door!”

“That’s because she didn’t know that Mrs. Fu was already Mrs. Fu, so she was able to bully Mrs. Fu unscrupulously. Now that I know, ha! Didn’t she slap herself in the face?”

For a time, the voices pointing at Lanita came and went one after another.

This not too big design department, as well as several senior leaders, are accusing Lanita one after another.

For a time, Lanita became a target of public criticism.

“Look at how she slapped her face!”

“Aren’t you holding the soles in your hands? Hit yourself!”

“See if you will be a junior in the future, can you converge a little bit!”

“If she smashed her face today, she would really change her wrongs! If she didn’t, it would be a rogue behavior!”

Lanita: “...”

She looked around with terrified eyes.

In the face of Arron’s calmness, Suzi’s aggressiveness, and the triple-strikes and threats from the people in this office who accused her of face-to-face accusations, Lanita felt that if there was a crack in the ground at this time, she could get through.

Finally, I deeply realized what kind of situation Suzi was like when facing a more aggressive scene than this?

At this moment, no one helped Lanita.

Lanita’s knees were soft and soft, and she was about to kneel down.

At this time, Lanita would not hesitate to kneel if she could get out of her by kneeling.

However, Suzi did not give Lanita such an opportunity.

She didn't want to see the ugly appearance of Lanita kneeling, let alone letting others kneel for herself, it was a life-saving thing, she didn't want to watch Lanita kneeling in front of her.

Suzi came to his desk, and Arron naturally followed closely behind.

Chapter 595 – 596 of Punished by His Love Novel

Chapter 595

Immediately afterwards, the vice president of the company immediately pushed up a chair to Arron: "Fu Siye, you sit down."

This executive could tell that Arron was really just as posted on the official blog of the Fu Group. He was savage, cold and fierce, killing people like numbness, and everyone was scared.

But Arron feared inside.

The highest authority of the dignified Fu Group is afraid of his daughter-in-law.

Arron was not only afraid of his wife, he was also afraid that his little wife would be snatched away by other handsome men who were younger and more handsome.

This executive can understand that Siye Fu is not here to inspect the work today, nor is he here to discuss cooperation projects, Siye Fu is simply looking at the work of his daughter-in-law.

To be more precise, the chief executive wanted his wife, so he discarded all the work and all the contracts he had on hand, and went to his wife's company all morning to watch his wife work?

It really is!

That's what Arron thinks.

So early in the morning, he came to Suzi to work.

However, what Arron really didn't expect was that Lanita would come to Suzi with such arrogant money.

The words Lanita walked all the way from the front desk to say, Arron heard clearly. He originally thought that if Suzi was still silent as before and did not let Lanita do anything wrong, then he Arron today I really have to consider preventing Lanita from continuing to live in the world.

Arron wanted to destroy the person he didn't care about Elder Shu, or who else.

However, Suzi was not harmed in any way.

Not only that, Suzi was not afraid of Lanita at all. She was able to force Lanita to flee, neither was it to apologize, nor was it to be alive, to the embarrassment of being unwilling to die.

Arron actually smiled in his heart.

This little woman!

She seems to be silent and submissive all day long, but in fact she has a poisonous mouth! Simply, Arron said nothing.

Let Suzi alone carry Lanita to play.

Arron really saw it too, no wonder Suzi hated the Lin family, just like Lanita, who had to put Suzi to death again and again as long as there was a chance, how could Suzi not hate it?

Thinking of Suzi's hatred for the Lin family, Arron looked at Lanita inadvertently.

It doesn't matter at this point.

Lanita felt even more shocked. Arron's eyes showed a very strong murderous intent. At this time, Lanita could read it from Arron's eyes, even if your grandfather is Elder Shu. My Arron wants your life, and it is a matter of minutes. I still let you live now, it depends on your performance.

Lanita immediately came to Suzi with the saliva sprayed from the entire company, "Sister, are you thirsty or not, I will pour you a glass of water."

Suzi, who has already begun to review the drawings, immediately repelled and said: "I'm sorry, I'm afraid you will poison me, please stay away from me."

Lanita: "..."

She bit her lower lip, and was bitten by her to bleed: "Sister, what do you want me to do?"

"You can go!" Suzi didn't even look at Lanita: "This is where I work. I don't care to deal with you when I work."

Go?

Does Lanita dare?

She came here very arrogantly.

But she was afraid that as soon as she got out of here, she would be shot to death, or even worse.

She dared not go.

After gritting her teeth, Lanita lost a chapter with a smile that was more embarrassing than crying: "Sister, I actually have one more thing today. I just want to hang my broken shoes around my neck to let everyone know that I'm not The face of Xiaosan plus broken shoes, sister, do you think this is okay?"

Looking up, Lanita had hung her torn shoes around her neck.

Suzi: "..."

Chapter 596

The way Lanita hung a torn shoe around her neck was as ugly as it was.

The unattainable image of the granddaughter of Shu, who had worked so hard for six years, was completely defeated by her at this moment. Lanita with broken shoes hanging around her neck, plus the sweat that she had just gotten hot out of panic and pleading for various reasons, her sweaty hair was slightly messy hanging on her head, making it even more so that she had broken shoes. Looks, especially the image.

In this way, Lanita is no different from all the women in this world who have worn shoes on their necks and are paraded.

It's just that a large number of women in this world hang up their broken shoes on the streets, all involuntarily. They have more or less grievances and have no alternative, they are more or less bullied because of their weaknesses.

However, Lanita is different.

Lanita volunteered.

This kind of woman, when she gains power, looks like a tyrant who is arrogant to dominate life and kills the power next to her, but when she loses power, she has no sense of integrity.

Not as good as a sluggish slug.

But Lanita could still lose a smiling face.

The desire to survive is really gone.

From a distance, a bystander secretly took Lanita's appearance and sent it to her friend: "Look, Lanita, who has always claimed to be the first sister in the upper circle of Nancheng, is everywhere proclaiming that she is Arron's fiancée, and now she slaps her face. Right? She hung up a pair of torn shoes and pleaded guilty in front of her wife. Ha, that appearance is really soft. I will send you a few pictures for you to see."

After the text is posted, the picture is uploaded.

Friends at the other end are not too big to eat melons. When they saw such a big melon, they immediately sent it to their circle of friends.

Just pass ten, ten pass a hundred.

OMG, in a few minutes, Lanita had torn shoes hanging around her neck, and she passed to Elder Shu in front of Suzi's appearance of begging for sin. The

old man's body had been well restored since he was in Kyoto, but when he saw Lanita's appearance, he almost spewed out a mouthful of old blood.

However, the old man is the old man.

Although Elder Shu is more than 80 years old, he always has a breath of support. After all, the marriage of his granddaughter did not take place. The old man has been in the forefront of his life. When he was young, he joined politics and the army, and he was ranked nationally. When he was old, he worked in writing and settled in Nancheng, and he was also respected locally. The old man has experienced all kinds of storms and waves in his life, murdered, wronged, and wronged. Most of the time, he never had any regrets.

Because of the past things, let the past light and breezy.

But, only his only biological daughter.

Elder Shu always thought that it was the child born in his concubine, and he hadn't paid much attention to the girl, but who ever thought that the girl was the only girl between himself and his wife.

The girl had survived all her life under the neglect of her father and the suppression of the auntie. She lived for more than 20 years, and finally dared not bear the humiliation and ran away from home.

However, the old man also got the truth because of this, it turned out that the girl turned out to be the daughter of himself and the main house.

This kind of truth, this kind of blow, made Elder Shu unable to let go and forgive himself for the rest of his life.

He spent so much manpower, financial resources, and material resources searching for his palm jewel for so many years. In the end, he only found his daughter's offspring, his granddaughter.

How can you tell him not to be sincere and not loving?

Elder Shu wanted to give the entire Shu family to Lanita.

The old man, who has not used his military and political relations for his entire life, can personally travel to the north for his granddaughter, which shows how much he can love Lanita.

So, at this moment, when the old man saw Lanita like a completely domesticated slave girl, complimenting her without dignity in front of Suzi, the old man hated her teeth trembling.

He immediately asked his subordinates to call Arron's mobile phone number for him.

Chapter 597 – 598 of Punished by His Love Novel

Chapter 597

What the old man didn't know was that Arron was beside Suzi at this moment. The staff member who took the ugly photos of Lanita only dared to take pictures of Lanita, but she didn't dare to take pictures of Arron secretly.

People are bullying and fearing hardship.

At this moment, when Lanita was standing in front of Suzi with ugly soles hanging on his shoes, Arron sat beside Suzi and watched Suzi review the artwork.

Suzi drove him away: “You...why are you still here?”

Arron said calmly, “Do you think this product is here because you are afraid of you?”

In Arron’s mouth, Lanita didn’t even have a personal name.

It is: this one.

Lanita’s heart dripped with blood.

But she was extremely fortunate that Arron didn’t kill her. In order to keep Arron from killing herself, when she heard Arron calling her to sell her, Lanita also tried to greet her with a smile.

In this way, no mention of any dignity.

Everyone present can see that this is a smashing, arrogant eldest lady, which is clearly different from Suzi.

To say that when trapped in such an awkward situation, Suzi had more of them than Manager Lanita.

But every time Suzi was humiliated, it was an expression of death. Even if she could not resist anyone, she would resist silently to retain her last dignity.

Even if Suzi was stepped in a pit of shit, she would not lose her dignity.

Lanita was just the opposite. She voluntarily let go of her dignity and let herself fall into a pit of shit, just to survive.

It's really despised.

Suzi raised his head and glanced at Lanita, who was despised by everyone: "Miss Lin, please come back. I want to work. You will affect my work."

"Sister...you...I must hit you to your satisfaction. If you think it's not enough for me to hang a torn shoe, I can also write a few big words in front of me, "I'm shameless." Xiao San, I'm a broken shoe." Lanita reminded Suzi from time to time and thoughtfully that Suzi could still treat her Lanita with more cruel methods.

Suzi: "..."

After a pause, she said, "Lanita, I am different from you. You are a noble lady. You can play whatever game you want to play. You want to find a group of people in the clubhouse and almost turn me around. If you do, you can do it. Now you are selling miserable pretends in the company. You have the time to do these boring things here. I don't have one.

I need to work.

Besides, the grievances between me and you can't be wiped out because of your own clowning once.

Even if you don't pretend to be a clown 10,000 times, you won't be able to make up for the pain of being in jail.

Isn't it?

Even if you play the clown ten million times, my mother will not survive, and the five-year paternal love that my daughter has missed will never come back.

Therefore, between me and you, you'd better save the province.

Please leave immediately and don't affect my work. "

Lanita immediately cried again, and then forced a smile: “I...oooh, I want to leave, but I dare not.”

At this moment, Arron’s cell phone rang and he picked it up to connect: “Hey...”

Chapter 598

At the other end, there was the extremely old and sad voice of Mr. Shu: “Qin’er, Grandpa Shu, I only have one daughter, but I was lost by Grandpa Shu. I finally found a granddaughter. Do you even give Grandpa Shu to this granddaughter? Deprived, let Grandpa Shu, who is over 80 years old, die with hatred?”

Arron: “...”

After a pause, he said calmly: “Master, you are serious. If your granddaughter doesn’t catch up on her own, no one dares to touch her a finger. Besides, I have Arron to give you a place in Nancheng. , Who dares to move her? To put it bluntly, she can only move her. If your precious granddaughter chooses such a dignified way, no one can stop it!”

Elder Shu: “...”

He knows a hundred bad things about his granddaughter.

Hypocritical!

Arrogant and spoiled.

Without a little restraint!

She also looked like a shrew, without self-esteem at all.

But who can blame this?

If this child had lived in Shu's family since he was a child, wouldn't these things be all right?

In the final analysis, it was his Shu family's fault and Lin's fault.

It has nothing to do with children.

When he thought of this, Mr. Shu forgave Lanita for what he had done. Even though he was disgusted by his granddaughter, he still chose to spoil his granddaughter.

"Release her and come home. Grandpa Shu will educate her well, can you? Qin'er?" Grandpa Shu said in a pleading tone.

Arron nodded: "Yes, Grandpa Shu." The old man had just returned from treatment in Kyoto, and Arron didn't want to cause him to die in anger because of himself.

The old man can die!

But, not because of him Arron.

Arron never recites the pot that shouldn't be carried.

After closing the thread, Arron looked at Lanita in disgust, "Get out!"

Lanita: "Ah... Fourth Master, you... don't want my life?"

Arron said calmly, "Go out!"

Lanita immediately fled to the air. She didn't have time to remove the torn shoes on her neck along the way, so the whole company saw the rare scene all the way.

Someone knew Lanita.

"Isn't this the cousin of Aunt Shu's house?"

"I heard that I was very arrogant."

"It's even more arrogant than the cousin of Aunt Shu's house."

"Ha! It looks like this now, it's quite soothing, haha!"

"Ah!"

"Little San!"

Lanita escaped from the construction company amid these abuses and entered the elevator. She looked at herself in the elevator mirror, her pale face, sweat-soaked hair, ugly leather shoes, and a lot of laughter. Pile to the face of muscle pain.
