

## Chapter 724

"Chang Hongxi, are you going to do it yourself, or do you want me to do it?"

In the secret room, Qin Ming put away his benevolent heart and looked at the dishevelled Chang Hongxi, no longer with the respect he had at first, but more with disgust and dislike.

He was the one who had caused so much trouble.

If he hadn't been surrounded by brothers as skilled as Ah Lung and loyal secretaries like Song Ying, I'm afraid he would have really killed everyone in the Zhao family.

And he had arranged all that suffering in his childhood, thanks to which he had always felt that he and Chang Xue were just sinners.

Now he thought back to his childhood, when he had been beaten into the hospital every now and then, although the other side was also miserable, but now he realised that it was all man-made, and his mood became more and more upset.

So, Qin Ming wanted to make sure that when Chang Hongxi before the cruise ship returned to China.

If he did not die, his throne as the world's richest man would not be secure.

Chang Hongxi sneered, "Go ahead and do it, suicide is the act of a coward, I admit that I lost, but I will not be a coward."

Clicking, the bullet was loaded, Qin Ming pointed the gun at Chang Hongxi's head and said, "Yes, make it happen."

"Wait a minute, young Qin."

Suddenly, the pale voice of Bai Ying's sister-in-law came from the doorway.

Qin Ming turned back and asked, "Sister Bai Ying, what do you have to say? It's not that you know him, is it?"

Sister-in-law Bai Ying handed over a box and said, "This is a dowry from our young lady, a special kind of compulsion, one rarely found in a hundred years, used to control things of the human heart."

"Controlling the hearts of people?" Qin Ming's heart stirred, was there something so powerful under the sky?

Sister-in-law Bai Ying said, "If you don't believe me, young Qin, you can try it out, our young lady's dowry anyway."

Qin Ming said, "What would I do with her dowry? It's not like I'm going to marry her."

"But our young lady can't get married either." Sister Bai Ying said, "Not to mention our cottage, even to the local big families in the city town, they all know about our young lady. Wasn't it also you who married our young lady at the? The ancient castle of the country, with our young lady ....."

"Hey, okay, okay, okay." Qin Ming hurriedly interrupted Sister Bai Ying's words and said, "Name a price."

"No money." Sister-in-law Bai Ying said.

Qin Ming said stubbornly, "Make a price, it's not easy to return the favour."

Sister-in-law Bai Ying said, "Then it will be one dollar. If I really sell it to you, the lady will blame me. The family head might even punish me. Young Qin has helped our Lin family a lot, so it would be really ungrateful if we want more money."

"....." Qin Ming rolled his eyes rather torn, money was good to give but favours were hard to return, this Lin family was also shrewd.

However, the Lin family was good friends with him and had contributed a lot to this incident, so let's give the Lin family what they want.

Qin Ming took a glass breathable bottle and looked at a crawling worm the size of a fingernail that he had never seen before inside the road and asked, "How does this thing work? Is it that magical?"

Sister-in-law Bai Ying said, "It also needs to be utilised together with a hypnotic technique that takes a month to hypnotise a person, and once it succeeds, he will never lose his smile, unless the worm dies inside him. And the only method that can kill this compulsion is the most powerful mother worm in our Lin family. But that mother worm is in our young lady."

Sister Bai Ying paused and said, "If young Qin is in doubt, you can send someone to follow me back to Xiangxi, and in a month's time, I promise to hand over a Chang Hongxi who will do whatever you say."

Qin Ming narrowed his eyes, this was a really good calculation by the Lin family.

Wouldn't this allow Lin Yurou to have control over Chang Hongxi?

Since this inflammation, he and the Lin family were inextricably linked, especially Lin Yurou, and he was afraid that he would have to see them from time to time in the future.

Seeing Qin Ming's silence, Bai Ying's sister-in-law added, "Young Qin, I understand your concerns, but there is one thing that our Lin family is bound to confess. We will not work against you. Not only did you save my Lin family, but you also helped our Lin family get back the lost Bug Scripture."

"Secondly, our lady is in love with you, and she wouldn't do anything wrong to you, would she?"

"Moreover, as time goes by, Chang Hongxi's use value, will become less and less, and you will surely have the means to eliminate his influence, right? How dare we play tricks under your nose."

Qin Ming was indeed not afraid of the Lin family making small moves, last time he had even forced out the King of Companions, after cultivating the Breathing Gate Method, he had a sense of the blood and qi meridians of his body that did not hurt normal people, and he was not afraid of being put under compulsion.

But what made him more depressed was that the Lin family did all this to bring him closer to Lin Yurou.

Here the Lin family is really not dead set on it.

But Qin Ming also said explicitly, saying, "I will keep the Lin family's good intentions in mind, but the matter of your lady ..... is still impossible."

Qin Ming handed Chang Hongxi over to the Lin family and told them to take a special passage helicopter to depart towards Moss Bay, otherwise once they reached the territorial waters of China, they would be taken away by the Li family.

After everything was ready, Qin Ming also intended to leave in the direction of Stampin.

However, before leaving, Zhang Quanzhen approached him.

"Qin Ming ....." said Zhang Quanzhen, "There is something that I have to confess to you."

Qin Ming said, "You actually have no conflict with Zhao Zhen? It's all pretend?"

Zhang Quanzhen was surprised, "You guessed that?"

Qin Ming shook his head, "Just now my men said that you and Zhao Zhen had a long chat on the deck and he overheard some of the words. So I guessed, and this is you confirming it for me."

Zhang Quanzhen smiled sarcastically, "Indeed you are a clever boy. It's not that I don't have conflicts with him, but not to the extent of dying of old age. Moreover, over the years, I have been working on two things. That is to find out who was behind the murder that separated our five brothers in the first place. Because Chang Rui we found out was only being used as well, the real cause was the bizarre death of our teacher and the accidental death of Chang De Kai."

"The second thing is that Zhao Zhen he knew that Zhao Songli had a son who had been straying and had been swapped away. So he actually knew about your existence from the

beginning. He entrusted me to find out for him, and it was only in the first half of this year that I found you in Guangcheng."

Qin Ming was quite surprised: "So he's been acting? For whom?"

Zhang Quanzhen said, "For the people around him. Zhao Zhen is a suspicious man. Chang Rui has even deceived him all his life, and he has become even more suspicious. Sometimes, he even deceives himself."

Qin Ming was silent and suddenly smiled helplessly, "So, I am also a pawn in your chess game? Good, you old foxes. You obviously know everything, but you deliberately don't say anything and drag so many people into the drama. And he, on the other hand, is pretending like he doesn't know anything."

Suddenly, Qin Ming looked at Zhang Quanzhen and said, "You were the one who fooled Li Meng into having the fortune of a wealthy wife in the first place. Are you counting on breaking me up? Did you have a plan for me to join the Mu family. You just didn't expect me to fall in love with Nie Haitang?"

Zhang Quanzhen awkwardly avoided Qin Ming's eyes and said, "Not at all, that Li Meng does have a good destiny, but she is not of good character, she is delaying herself."

"You!" Qin Ming pointed at Zhang Quanzhen in annoyance, he was really convinced, in the end, he had been counted on by several old monsters, from the very beginning, just waiting, which old monster couldn't hold back and revealed his tail.

And he and Li Meng, originally for good reason, Li Meng was not such a money-hungry woman in the first place.

Qin Ming said in annoyance, "I'm leaving!"

"Boy, where are you going?"

Suddenly, Zhao Songli, who had bandaged his wounds at the back, hurriedly stepped forward and pulled Qin Ming, saying, "Where are you going, child? You're coming home with me."
