

## Chapter 765

Qin Ming had a bad feeling when he saw Mu Si Chun, this girl was ancient and quirky, and was still getting into trouble.

"Mu Sichen, do you think you can get away with it?"

As expected, the two of them hadn't chatted for two minutes before a few young women came up behind them, they gnashed their teeth at Mu Sichen, but only stopped when they saw Qin Ming.

Mu Sichen took Qin Ming's hand and said, "What do you want? My brother-in-law is here."

Qin Ming naturally protected his shortcomings and said, "I don't know what Si Chun has done to offend you guys, let's talk about it."

"Brother-in-law, right? She stole my boyfriend!"

"She stole my leading lady position."

"She stole my martial arts dance, so I didn't have a show to show for it."

"She also stole my scandalous news."

Qin Ming narrowed his eyes and asked, "You also stole someone's boyfriend?"

Instead of being ashamed, Mu Si Chun smiled and shook Qin Ming's hand, "Hey ..... sister~husband, so many questions, just care about this ah?"

"To tell you the truth, this is a relationship psychological test question I found, hehehe."

The few "aggressive" women just now also changed their faces, each pursing their lips and snickering.

"Oh yeah, we're actually friends of Si Chun's, and she said she wanted to catch you."

"What just happened was a relationship test question, testing which aspect of a girl you care about."

"This brother-in-law, picking the first one is a hint that it means you want to be a girl's boyfriend oh."

"Ouch, this is brother-in-law ah, ethics ah."

A few girls sniggered, and Mu Si Chun had a smug look on her face after a successful prank.

Qin Ming rolled his eyes, depressed, this little goblin, too abrasive.

He asked, "Where is your sister?"

Mu Sichen said, "Sister, she's busy working. She'll be here later. Brother-in-law, you can play with me for a while. The ones here are all limbless, don't know how to be funny and humorous, and just think about kung fu all day, it's no fun."

When he heard that Mu Xiaoqiao was also arriving, Qin Ming became a little anxious that he would not be able to meet up with Nie Haitang later, for fear that he might get into a fight.

Qin Ming said, "I'm not funny either, not funny ah. This is supposed to be the Huang family's feast, hey, what are they celebrating?"

Mu Si Chun said, "It seems to be celebrating the fact that the Huang family has researched a new martial arts secret, hahaha, I don't know what. Grandpa, just thought he'd bring me out to meet people, maybe some rich kid will look at me."

"Then you hurry up and go." Qin Ming said, "A woman should be married."

Mu Si Chun slapped Lin Jing in anger and said, "I'm only in my third year of university. Besides, who took away my first kiss?"

Lin Jing had a torn look on his face and said, "You still mention that thing back then, wasn't it just a broken kiss? I'm your brother-in-law."

"Yeah, or ex-brother-in-law. But I I just like ex-brother-in-law." Mu Si Chun reached out to hold Qin Ming again and said, "I heard you gave that sister of the Sun family a rejection." 新81文全文最快神人 <https://m.x/1zw.com/>

"How did the word get around so fast." Qin Ming cursed in his heart.

It was more painful for him to reject Sun Changxi inside, but he had to do that.

"You and my sister are actually divorced again, so why shouldn't we?" Mu Sichen said, "You say, where am I not better than my sister? I'm even younger than my sister."

As he said that, Qin Ming couldn't help but steal a few glances at Mu Sichen, with her light blue group, polished white arms like jade, plump breasts, and the charming smile of a young girl on her face, not many men could resist such a beauty.

Qin Ming has seen many beautiful women, all of them are different from each other, Mu Si Chun is also no exception, to say that it is not tempting is not a lie.

But Qin Ming couldn't continue to make mistakes, he pushed Mu Sichen away and said: "Go, go, go, go, your brother-in-law is the one who sees people with his brain, not with his bottom. You should stop thinking about it and hurry up to see if there are any handsome guys."

After saying that, Qin Ming hurriedly fled away to save himself from being caught again.

After Qin Ming escaped, Mu Sichen was so angry that she stomped her feet, not knowing that Nie Haitang had been watching the scene in the crowd, and when she saw that Qin Ming was not tempted, her heart was as sweet as honey.

She mused, "Count on you to keep your bottom line, philandering carrot."

Nie Haitang quickly followed Qin Ming and said, "Is the matter with Master Mu settled?"

Qin Ming said, "Ah, Haitang, nothing much, just some insatiable old guys. They want the Mu family's breathing method. I took it down."

When Nie Haitang heard this, she immediately frowned, "Why did you take this on? I heard that this matter is of great concern to every executive of the Huang School now."

"Because the Mu family did produce very powerful figures before, by virtue of the Mu family's ancestral breathing method, and each lived a long life."

"When I heard before that the Li family wanted to take the Mu family's ancestral house, they just wanted ugh that ancestral house to be torn down, even if they had to dig up the ground to find it again. Now within the Huang faction are like asking Master Mu to hand it over. I'm afraid that the people just now were just of a probing nature."

Qin Ming said disdainfully, "What an age it is. A book handed down in the past, just a few hundred words, doesn't fetch much money. The Yellow School dares to force the Mu family to die for this? Dare to ask for it with me."

"If you don't value it, more people do." Nie Haitang said, "You now have a head and a face, and an identity. Of course they don't dare to do anything to you. But the Mu family was never as powerful as the Huang School. You said that people nowadays will do anything to move up the ladder? Not to mention that the Mu Family's breathing method can also prolong life, doesn't that make it even rarer?"

Qin Ming said, "Damn it, dare I say that this banquet today is still a Hongmen Banquet for the Mu Family? Shouldn't Master Mu have no insight, why did he even bring his two granddaughters to lie in?"

Nie Haitang pulled Qin Ming over and whispered, "This celebration banquet for the Huang family is, firstly, that the Huang family has produced a genius who has already used his qigong to the point of perfection at a young age; secondly, the Huang School's revenue increased a lot last year, and they want to give dividends to each executor; the third point is to make my master Mu Shuyun an executor, and to make it widely known."

"But my master, so many grandmothers, has only become an executor here in the Yellow School from the head of money and has no roots, so he pulled in Master Mu to help. Because Master Mu was also a classmate with the oldest of the Huang family back then."

"Now it seems that I'm afraid this meal won't be easy either."

Qin Ming frowned deeply and looked back, between the two couples of Mu Hai Ran in the crowd, while Mu Si Chun was already chatting with a group of young people.

Throughout the hall, the eyes of the crowd were consciously or unconsciously looking towards Mu Hai Ran.

Qin Ming hummed, "They better not mess around, otherwise, I don't mind turning the whole Huang School upside down."

Hearing Qin Ming's words, Nie Haitang's heart did not worry again.

The more Qin Ming defended and helped the Mu family, the deeper his relationship with the Mu family would be, then the more pressure she would have to compete with Mu Xiaoqiao, a matter that seemed to have nothing to do with her, but one that made Nie Haitang very disturbed.

Nie Haitang clenched her teeth, "No, I have to think of a way to help the Mu family."
