

# Chapter 311

After a little big and small eyes rolled a few times, the five-year-old Lilly had already thought about a bad idea.

“Little dear grandson, come here and let the grandpa take a look. The grandpa missed you, come here soon.” Seeing Lilly’s magnificent approach, Fu Hengsheng waved to Lilly again and again.

The old lady next to him also looked at the little dumpling like they came by. She smiled and looked at the son and daughter-in-law who was sitting next to him: “Zhengxiong, this little thing is a small ball, even though it is a female doll. But no matter how I look at it, it looks like you were when you were a kid. Look, how much he looks like you.”

Fu Zhengxiong, a 60-year-old man, blushed when his mother said, “This child is Arron’s daughter. She looks like Arron.”

The old lady angered her son: “Isn’t Arron not your son!”

Fu Zhengxiong: “...”

“Zhengxiong daughter-in-law.” The old lady called Qin Wenyu next to him again: “Give this to you. This is also your true granddaughter. You take this and put it on your grandson. This is also a biography of our Fu family. One of the treasures of the family.”

Qin Wenyu nodded respectfully: “Hey, good mother.”

She took the golden lock with jade and gems that the old lady handed her in her hand, and looked at Lilly with a smile: “Come on, dear grandson, come to grandma, and grandma will put it on for you.”

Lilly looked at the jewel in front of him timidly, the old lady who had a fierce face but forced a smile.

The old lady still smiled.

Shen Only blinked his eyes, and asked innocently, "Did you really give it to me?"

The old lady still had a smile on her face: "Of course I gave it to you. You are the only granddaughter of our Fu family. If you don't give it to you, who will give it to you." Lilly happily took over the gold from the old lady. The small lock inlaid with jade and jewels is in his hand. In fact, she didn't like this little lock, it looked obedient and rustic, but Shen Wei only looked at the red and green beads inlaid on the little lock, and the old lady was wearing a necklace. Ah, the earrings are the same color.

Lilly guessed that this little lock must be very valuable.

Since it's a valuable thing, Shen Yiyi must hold it, and take it back to his mother.

This way mom no longer owes money to the badass dad.

Seeing Lilly's joy, Qin Wenyu's eyes flashed with a lonely and cruel expression inadvertently, but it was only a flash, and she returned to her kind smile.

This is a good grandson of the Fu family.

However, this is not her granddaughter Qin Wenyu. She has three sons, but they are all too short-lived. Now, although she is the head mother of the Fu family, she is also a helpless old woman. Now since her parents-in-law are willing to let Fu The only granddaughter of the family, Lilly, calls her grandma, and she can only regard the child as her own.

However, find her a reliable mother. In the future, the Fu family will still have the final say in Qin Wenyu.

Thinking about this, Qin Wenyu looked at the beautiful woman who was sitting not far away and was looking at Arron while wrapping Shen Weiwei in his arms.

The woman immediately understood, she looked at Arron with a smile: “Brother Arron, your daughter is really one of a hundred. The little princess not only looks like you, but even her lively, cute and innocent character is exactly the same as that of Brother Arron. Well, the little princess is really cute.

Brother Arron, congratulations on finding your jewel in your palm. “

The woman’s words and compliments were all compliments, but Arron’s expression was extremely cold. He didn’t even look at the woman. He only said to Lilly: “One and only, thank you, grandpa and grandma.”

Before Lilly could react, the woman already bent down enthusiastically to compliment Lilly: “Little princess, there is your grandpa and grandma sitting on it, hurry up and shout.”

Lilly pinched his nose, pouting his mouth and said, “You...you smell so bad.”

## Chapter 312

“You...what did you say?” The woman’s face suddenly changed.

Lilly still pinched his nose, looking at the beautiful woman in front of her with disgusting eyes. She just looked at this beautiful woman not pleasing to her eyes.

Who made this beauty keep staring at the bad guy!

Although the bad guy is stinky, he can only be his mother's man no matter how bad he is.

Lilly was very upset in his heart.

"You...you are too stinky, please stay away from me and stay away from my dad. If you get close to my dad and smell like my dad and me, wait for my dad to come home. , My mother will let my father and me kneel down. At home, my father and I are very afraid of my mother."

Woman: "You..."

She is going to be mad!

Want to get angry, but dare not.

The woman is the distant niece of Qin Wenyu's natal family. Qin Wenyu's family has no people at all, and there are no other nieces. But in order to ensure her status in Fu's family, she had to use this trick to personally visit her own natal family. Bian chooses a woman who looks good to him, let this woman marry Arron, and become his own daughter-in-law in the future, so that he will still be the mistress of the house in Fu's family.

Even if this distant niece gave birth to Arron in the future, she would be related to her grandmother who is not related by blood.

Qin Wenyu's wishful thinking is very good.

The distant niece she found was also very willing to approach Arron. If she could marry Arron, of course it would be best.

However, neither of their aunts and nieces expected that Arron hadn't spoken yet, and the five-year-old boy in front of him had already taken the initiative. "Qin Shuang, the only child who has just arrived, don't scare her." Qin Wenyu said sharply to the distant niece.

The woman named Qin Shuang immediately suppressed her anger on her face.

But even so, the anger on her face was clearly seen by Arron. However, the man who had always been fierce and decisive didn't have a lot of attacks at this moment, because he found that at this moment, something more combative than him appeared, and he could save trouble.

He came today, just watching a good show.

Arron remained silent, only a cold face.

He saw this in Qin Shuang's eyes, as if it were a hint. She had heard about this cousin as early as six years ago, and she wanted to make friends with this cousin six years ago, but she was helpless. Her family and family are very humble, and Arron has Lanita, a genuine fiancée, and Qin Shuang has made up for it.

Now, the aunt finally gave her a chance.

Who is the aunt!

Although all three sons have been killed in Huangquan, the aunt has worked hard with his uncle for nearly forty years. The relationship between the two people is very good. Although the aunt has no sons, she is still the head of the whole Fu family. .

Still the mistress of the house!

Now that an aunt is giving her the shots, Qin Yu must seize the opportunity!

She is also a very capable person. She knows that the little princess brought by Arron today is very important to the Fu family, and is like the jewel in the palm of the entire Fu family's old house.

Therefore, even if Shen So-only scolded her for being stinky, Qin Shuang thought that Shen So-only was praising her.

Qin Shuang looked at Arron with a smile, and then at the red little dumpling Lilly: "The only one, you can't say that to your father. You have just been brought back to Nancheng by your father. You still don't understand your father's temper. , So some things can't be said nonsense.
