

Chapter 719 – 724 of Punished by His Love Novel

Chapter 719

It must be!

They found here without stopping for a minute.

Fortunately, fortunately!

What a blessing!

At this moment, Arron held Suzi tightly in his arms.

“Arron...” Suzi cried.

Suzi rarely shed tears in her life, and when she threw herself into Arron’s arms, she really burst into tears: “Arron, I thought...I thought I would never see you again in my life. , Can’t see our daughter, Arron... Am I still alive?”

“Alive.” Arron said.

“Isn’t this a dream?” Suzi asked again.

“No.”

“How...how did you find me? Did you see the distress signal I sent you?” Suzi asked again.

Arron shook his head.

He received no signal.

He only thought that she called him frequently last night, calling him again and again, and Arron thought that Suzi’s cell phone was out of power.

“I didn’t receive my distress signal, why did you come here?” Suzi asked.

“Intuition, because I am worried about you.” Arron said.

“Arron...” She buried her head and neck in his arms.

Behind him, Shen Cuishan still asked dumbfounded: “What...what’s going on? Who are you! Dare to run wild on my site in Shen Cuishan! Don’t look at who I am, Cuishan Shen!”

Shen Cuishan had never seen Arron in her life.

Even though I saw it on TV and Weibo, they were mostly side-faced and not too close, so that Shen Cuishan didn’t know Arron. She knew that a stranger had come, and she hugged Suzi. Go. I also saw that Jiu Ye, whom I knew, was beaten. All of this happened on her one-third of an acre of land. Naturally, she Shen Cuishan wanted to show her anger.

Arron looked at Shen Cuishan coldly, his tone of voice was colder than ever before: “Are you Shen Cuishan?”

“I don’t change my name, I don’t change my surname!” Shen Cuishan looked arrogantly at Arron: “I am Shen Cuishan, and Shen Cuishan is still a decent person in this small county! I am teaching my cousin, this It’s my family affair! You are a foreigner, it’s better not to be wild here! Quickly let my sister go!”

Suzi, nestled in Arron's arms, thought this piece was funny and ironic.

Arron looked at Shen Cuishan unhurriedly: "Have you received the money for the demolition of her house? You have the full authority to sign for her house as well?"

"Yes, what's the matter! Who are you? One of her concubines outside? Ha! Your concubine is affectionate and righteous, and came here for a bit, then tell me you can help her. Do you want to say something? You came here, on my site, you are nothing more than a few more brother-in-laws.

Your people beat Jiuye, let me tell you; you are dead today! "

Arron watched Shen Cuishan finished speaking. As soon as Shen Cuishan's voice fell, Arron also raised his foot and kicked Shen Cuishan's chest fiercely. There was a 20 centimeter blood gap in that chest.

He doesn't hurt people easily.

At least in the six years since he took office in the Fu Group, he has not hurt anyone.

Even if there are murders in jokes, it is also the work of subordinates.

Now, after six years, he has actually attacked a woman.

Anyone who is very familiar with Arron knows that the soles of his two pairs of shoes contain very sharp weapons that can instantly cut human bones.

"Aw..." Shen Cuishan wailed, looked at her gurgling chest, and asked with difficulty: "Who are you... on earth?"

Arron said blankly: "Suzi's husband."

Chapter 720

Suzi's husband?

Shen Cuishan was stunned: "She...she has no husband, she is a bitch, she has been fooling around for more than ten years, she has no husband...you...what is your last name? ?"

When Shen Cuishan asked these questions, the blood in her chest poured out.

She doesn't even feel the pain anymore.

She also didn't realize the problem of her own life and death.

She just continued to look at Arron.

Christopher, who was stepping on the Jiu Ye, and Suzi, who was nestling on Arron's chest, could see it. Shen Cuishan was called Huiguangfanzhao.

"Are you afraid?" Arron asked Suzi softly.

Suzi shook his head: "I am your wife and I am not afraid of it. Even if you didn't come just now, I am not going to spare this group of beasts. I intend to catch the leader and kill the leader alive!"

Suzi is not afraid.

I was not afraid when I was detained here before, and now I am even more afraid.

Is Shen Cuishan miserable?

Not bad at all!

She had never seen Shen Cuishan in her life, but Shen Cuishan could hate her so much.

He even planned to imprison her here and buy her a good price.

This kind of person really deserves it!

Suzi poked his head out of Arron's arms and looked at Shen Cuishan, who was getting paler and paler, and said innocently: "I'm sorry Miss Shen, oh, cousin! This is my husband, his name is Arron Fu."

Arron?

Shen Cuishan was stunned: "You...really Arron? Suzi, you really became Arron's wife? Lin...that Lanita lied to me? She said Suzi didn't Maybe she would marry Arron, Suzi could not marry Arron...Lanita lied to me!"

It's Lanita again!

She stretched out such a wicked hand to Suzi's hometown, to a cousin whom Suzi didn't even know.

Arron's heart suddenly became colder again.

His cold voice said to Christopher, "Buy this woman!"

Christopher responded, "It's Fourth Master, I'll do it later."

"No... don't bury me, I... I can live, hurry... call an ambulance. Suzi, I beg you, I am your cousin Ah, if you save me, I will give you back the 300,000 that I swallowed you, and I will also...I will also help you contact Lanita, it is her, she is the one who killed you, mine The original intention is to educate you well,

the cousin loves you...” At this moment, cousin Shen Cuishan was covering her wound that she couldn’t cover, and begged desperately for a hundred years.

Suzi was extremely calm.

Her voice was also calm and quiet: “I’m sorry, Ms. Shen! I never knew I had a cousin. I only knew that I grew up with my parents and my family of three. When my dad was most sick, I was only three. Years old, it was my mother who carried me up to the mountain to collect Chinese medicine for my father. Only then did my father’s legs be cured a little bit better. All the rough work in my family was done by my mother alone. Of.

My mother has been taking good care of my father.

When my dad died and our family was so poor that they couldn’t open the pot, I never saw your cousin’s family support me.

I didn’t see any relatives to take care of my dad.

How come now, you will become my cousin soon after your death? “

Shen Cuishan: “...”

After a long while, “I’m sorry... I’m really your cousin, I’m really your cousin, Suzi...”

Suzi remained unmoved: “I’m sorry, when you were in my old house, I beg you to tell you that I don’t want to give you all the money for the demolition, as long as you let me go.

But you said very clearly at the time that you are not a cousin.

Also, is my cousin looking for so many men over here, ready to round me up?

Shen Cuishan, you are determined to kill me! “

Chapter 721

Shen Cuishan: “...”

She watched her blood gurgling out, and slowly she lost consciousness, but the unconscious Shen Cuishan felt an endless regret in her heart.

I regret why I was so strong on Suzi.

As a result, he took his own life.

Shen Cuishan quickly ran out of blood and died. She died in a place where she opened half a dance hall and half a secret place, which was specially designed to provide a place for men of all walks of life.

It's ironic.

It's very realistic.

Shen Cuishan's dance hall was quickly cleaned up.

Arron hugged Suzi and went out. Behind him, Christopher had almost abandoned the Jiuye, and took the limp Jiuye out like a chicken.

When they went out, they happened to meet fourteen or five men.

“What are you doing! Where's Boss Shen?” one of the men asked.

These people were all found by Shen Cuishan, and they planned to let them fight and then kill Suzi.

Arron's expression was flat as if nothing happened: "Dead."

"Who, who died?" The unpaid man couldn't believe it.

"Shen Cuishan!" Arron said coldly.

These helpers: "..."

The fifteen helpers who came to help Shen Cuishan to tame Suzi were all stunned.

No one of them dared to speak out, and just watched Arron eagerly as she walked out of the Karaoke Hall with her arms around Suzi.

Behind the Fourth Master was the Nine Master who had been stepped on by Christopher just now.

Jiuye has been disbanded like this, who would dare to interrupt?

Suzi got in Arron's car and drove back to the hotel by Christopher.

The only one was still asleep in the hotel, and the husband and wife slid into the car again.

Suzi immediately urged: "Assistant Yan, please drive faster. I was kidnapped by Shen Cuishan. If I am kidnapped by her, I have to watch the excavator all the time. I am afraid of them. Start work. I must hurry up my parents' graves before they start."

Christopher accelerated again.

They arrived in the village where Suzi was in 15 minutes. As she expected, the excavators started to excavate again.

“Wait! Wait a minute! I am a member of this family. I have a household registration. I will give it to you. I have just returned. You must at least let me protect our privacy. It’s not too late for you to dig! “Suzi got out of the car and ran forward madly again.

It was the same as she had stopped under the excavator as it was three hours ago.

The excavator stopped again.

Suzi looked at all the staff present and looked at the neighbors around. She shouted and said: “I know you don’t want to see me. They all think I am the oil bottle my mother brought here. Okay! I’m a man. Tow the oil bottle, I have nothing to do with this village, and I don’t need the demolition money for my old house.

Who do you love to give to whom!

My only purpose now is to lift the graves of my parents, and I take away the ashes of both of them.

From now on, I will never come back again! “

It was very sad, but Suzi didn’t shed a single tear.

Yes, she didn’t want anything, just begging to lift up the graves of mom and dad and take away the ashes.

However, Grandpa Shen Er next to him asked Suzi incredulously: “Suzi, your father’s ashes can be taken away, but did your mother die? When did she die? You didn’t bury your mother here. Why? Grave her?”

Suzi's brain exploded.

Then, she murmured: "Second grandfather, what did you say, my mother...didn't die?"

Chapter 722

Grandpa Shen Er looked at Suzi in surprise: "Suzi, don't you think your mother is dead from today morning until now, and you think your mother is buried here?"

Suzi nodded: "Six years ago, Jarod told me that my mother was buried here."

Grandpa Shen Er asked: "Is Jarod the man who came here when your mother first married your dad?"

Suzi nodded: "Yeah."

"That man is not a good thing!" Grandpa Shen Er cursed angrily.

After scolding, he continued: "He said he was your mother's cousin, and he didn't care about your mother when he married your mother here.

Then your dad died, and he didn't even see your dad.

Later, your mother went out to work to help you go to college. At that time, your mother made five to six hundred yuan a month, and she only left one hundred pocket money. Jarod wanted to leave the rest and said yes. For your living expenses!

How bitter your mother is!

However, that Jarod is obviously a decent person with a status!

He didn't help your mother at all!

It's fine if you don't help, but in these five or six years, Jarod has been here three or four times.

Every time, he said viciously that you and your mother had committed a crime and escaped in the big city. He also said that as long as there is news about you, your mother from your hometown, you should notify them as soon as possible.

That Shen Cuishan was specifically in collusion with Jarod's family. “

Seeing Suzi being taken away by Shen Cuishan, Shen Er's grandfather and some well-meaning people in Murakami were very worried about Suzi's fate.

But now they think Suzi is back again, which shows that Shen Cuishan can't do anything to Suzi!

Moreover, Grandpa Shen Er saw a man in a suit and leather shoes next to Suzi. There was a car behind the man, and some entourage. Grandpa Shen Er guessed that Suzi must have come back this time.

Suzi should no longer be afraid of anyone.

Only then did Grandpa Shen Er dare to tell Suzi some bloody truth.

Until now, he was extremely worried and asked Suzi: “Suzi, you really haven't been with your mother? Where has your mother been for so many years? When your mother and your father were married, your father was in poor health. , Can't do physical work. Your mother does all the heavy work at home. She has suffered a lot. People in Murakami think your mother is with you. Where did she go?” Grandpa Shen Er asked worriedly .

Suzi: “...”

Mom is not dead?

No!

The more Suzi thought about it, the more he was afraid, maybe his mother was dead, but the Lin family threw it away, so the bones are not there?

Thinking of this, Suzi felt a terrible hatred in his heart!

“Suzi?” Seeing Suzi’s tears, Grandpa Shen Er called Suzi again.

Suzi’s laughter is more embarrassing than crying: “Second grandfather, I... have been separated from my mother for eight years, I... I don’t know where my mother went, I thought she would be caught Buried here, I...”

She cried and said something.

“Eh...” Grandpa Shen Er was very sad when he saw Suzi crying like this.

Poor child!

She was discriminated against by the villagers since she was a child, saying that she was dragging oil bottles and being a wild breeder.

Finally, she was sent out to study by her mother. She was separated from her for another eight years, and she didn’t know her life and death situation.

Why is this child so pitiful?

Suzi cried very helplessly.

When her mother was alive, she could not see her for the last time. Her mother was dead. She thought she would be buried here, but she didn’t.

Not unexpectedly!

“It’s all my fault, Mom! It’s all my fault! I didn’t take care of you. I was in jail, and I couldn’t come out to take care of you. Then I fled for another six years. I...I I’ve never been able to come back and see you. It’s all my fault. Mom, Mom, where are you? Are you dead or alive, Mom...” After that, Suzi couldn’t think about it, so he went to The broken tiles of my house ran into it.

Chapter 723

Arron hugged Suzi, “Suzi! You are calm! You are calm!”

Suzi: “I can’t calm down, Arron, I can’t calm down! I was jailed for Lanita! I haven’t seen my mother again since I was in jail. I came out two years later, but the Lin family told My mother is dead, Jarod personally told me that he buried my mother’s ashes in his hometown.

He told me in person!

After so many years, I want to come back and take a look at my mother.

I am pregnant.

For the child in my stomach, I can only give up going back to my hometown.

It’s all my fault!

My mother must be dead. What do you mean by my alive? “

Arron said firmly: “You still have one! You still have me!”

Suzi: "..."

"If your mother really has no bones left, you must at least avenge your mother!" Arron added calmly.

At this moment, Arron hated Jarod even more than Suzi!

If it hadn't been for Jarod to pretend to be Suzi with Lanita six years ago, Suzi would not be desperate.

What's even worse is that Jarod even lied to Suzi to take her mother's ashes back to her hometown for burial!

This Jarod!

It's enough to live!

"Arron..." Suzi cried down in Arron's arms: "Why did you make me suffer for six more years? Do you know how I spent the past six years? I am afraid every day. I was worried that you would kill my child. Because of this, I couldn't even come back to see my mother.

I'm sorry my mother! Woo woo...

Arron, I hate you!

I hate you!

I hate you! "

Suzi beat Arron on the chest.

Arron was heartbroken.

The person next to him watched this scene, and couldn't help crying.

None of them dared to say anything.

Even the excavators that started construction didn't dare to say anything. There were some people in this village who had a good relationship with Shen Cuishan. At this time, they didn't dare to ask, where is Shen Cuishan?

No one dared to say anything.

At this time, Christopher came to Arron and Suzi, and Christopher reminded Arron: "Siye, I know that some of the information we have collected so far is not perfect, but I think you can tell your wife first?"

Arron has always been a very stable person.

He will not tell Suzi until his news is completely conclusive.

In fact, in the past few months, Arron has been investigating the past of Jarod and the past of Suzi's parents. It's just that it's been so long, it's difficult to investigate, and progress is pretty good.

And what the final result will be, Arron doesn't want to let Suzi know.

He was afraid that it would be a bad result and was disappointing Suzi, so he kept the secret from Suzi.

At this time, after Christopher reminded him, Arron held Suzi's face and said, "Suzi, there is one thing I haven't told you. During the six years when you were exiled in Quxian County, your mother was caught by Jarod. The family was imprisoned for a while."

"What!" Suzi was stunned.

Chapter 724

Arron said to Suzi in a deep and sad voice: “Recently, Christopher has been investigating the relationship between Jarod’s family and your mother. Christopher found out that when you were taking care of my mother in the hospital six years ago, Jarod Imprisoned your mother for a while.”

Suzi grabbed Arron’s hand and asked excitedly, “Is my mother not dead? Arron, I don’t hate you anymore! What I said just now was all angry, please tell me quickly, did my mother not die? ?”

Arron patted her back to comfort her: “Suzi, you are calm.”

“You say! You say you say, you say Arron, hurry up!” She urged Arron again and again.

Arron looked at the construction site that was about to start, the excavators here, the workers here, and the villagers.

He looked at Suzi with a solemn face: “You have to calm down. The most important thing now is to get your dad’s ashes out and we will take it away. I will tell you the details when I get back to the hotel. People here are talkative and obedient.”

Suzi nodded: “Yeah, good Arron, I will listen to you.”

The man put her arms around her and helped her into the car, then kissed her lightly on the forehead, and said to her, “I’ll take care of the rest.”

Suzi nodded.

Next to her is the only one who is still sleeping.

Seeing the only sleeping face, the little bun sleeps incredibly sweetly, with a sweet smile on the corner of his mouth, Suzi's heart feels much calmer.

She sat in front of the car window, watching her man communicate with those outside.

A man is born with the king's style, wherever he goes, the people around him are respectful and cautious, as if the man will kill them in the next second.

Men are indeed murdering between talking and laughing.

However, he never kills innocent people indiscriminately.

After being in contact with Arron for a while, Suzi knew better about his man.

She knew that Arron could handle all this.

She just sat quietly in the car, lying in front of the car window like a little girl, watching her man deal with these things, and suddenly felt that she was safe and comfortable.

If...

Suzi tilted his head on the window and thought to himself, if his mother could still live, it would be great.

Suddenly, Suzi thought of the old lady she ran into when she drove the car for the first time. The old lady felt a lot like her mother.

Suzi suddenly wanted to see the old lady again.

Outside the car window, the man was negotiating.

Suzi couldn't hear what the man said, only saw the people around him nodding and bowing to the man. After a while, several cars came to the village, and a group of well-dressed people got off the car. These people were respectful and respectful all the way. Called Arron.

After getting closer, they even nodded and bowed to Arron.

On the contrary, his own man, Arron, has always been indifferent and complacent.

After a while, one of the people came to Suzi's car.

Suzi sat down subconsciously, and then opened the driving window.

"Madam." The man in his forties, dressed in an extremely decent manner, treated Suzi respectfully.

Suzi glanced at her man subconsciously. She knew that the reason why these people treated her respectfully was because of their man.
