

# Chapter 813

Moreover, when the two elders in the family knew that their eldest son and daughter-in-law, who were most admired for them, had a plane crash, the two elderly couples, who were over 70 years old, died of heart disease due to distress and anxiety.

For a time, the Min family was originally a family of eight with three generations of young and old, but there were only four left in an instant.

Among them, there is a seven-month-old child who lost his parents and grandparents.

At that time, the Shu family was still in Kyoto, and Darius's parents were also abroad, so that the seven-month-old child was temporarily taken care of by his uncle and aunt.

However, at that time, Min Xiaolian's wife had just given birth to a child for a month and lacked milk. Because of her selfishness, she could only eat with her child first. If she had eaten enough, the rest could be for a seven-month-old baby. Rice mouth.

As a result, until Rayna was one and a half years old, her size and weight were the same height and weight as Walton, who was only one year old.

Even Rayna was not as tall as Walton, and not as strong as Walton.

Not only that, because Min Xiaolian and his wife are generally recognized, and Min Xiaolian's wife wants to feed the two children alone, so there is no way to go out to work, so the life of Min's family is stretched.

Life has always been extremely difficult.

Just after the sixth year of such hardship, when Min Xiaolian's wife even gave Rayna away, Shu's family came.

Darius's mother came to see his niece.

Moreover, Darius's mother said to Min Xiaozhong and his wife: "I know it's not easy for you. I want to take my niece to Shu's house to support. If you agree, I can buy you a property in Nancheng. Then I will buy you a small yard in the countryside. This way, your husband and wife's lives will be guaranteed, and when you are in your grade, you can leave the house to your daughter, and you will live in the country." "That... .." At first, Min Xiaolian couldn't bear it. After all, he brought up the two children: "Can we still see children in this life? She is the only seedling of my dead brother and sister-in-law!"

Upon hearing this, Darius's mother smiled gracefully on the spot: "Don't worry, I will take Galia away. Naturally, I will give her the best in South City. I will raise her as a little princess, not only that. Our Shu family's family style is obvious to all in Nancheng. Galia living in our Shu family will definitely be an elegant little lady. Since childhood, we will let her go to the best school and teach her. Her mother is as versatile and accomplished as her mother. In the future, she will find a good family for her, so that her beautiful family will be honorable and elegant for a lifetime."

Min Xiaolian was shocked when he heard Darius's mother say this.

After a long time, Min Xiaolian said to Darius's mother: "The child and her aunt, you...look, the child has always been in our house, and her aunt and I love her so much. Can you let her The child will stay with us for two or three days, and then let her go with you?"

Darius's mother immediately said gratefully: "You are good people as uncles and aunts. I also want to lighten your burden, so I want to pick Galia away. Even if we pick her up, you will still be able to come and go. , You can still see the child, you will not miss it, and you are still the child's relative uncle and relative aunt."

Min Xiaolian and his wife looked at each other without telling each other.

“We will look at her for three more days, just three days. From now on, we won’t be able to see her every day, so we can’t worry about it.”

“Okay, I can understand this. I’ll be coming in three days.” After speaking, Darius’s mother left.

Three days later, she came to Min’s house again to pick up her niece, and by the way, took Min Xiaolian and his wife to the notary office and gave them a house in the city and a small house in the country. After the transfer was completed, Darius’s mother left Min’s house with his younger sister’s daughter.

However, when Darius’s mother didn’t expect it, what she took away was not her sister’s biological daughter.

And Walton, the daughter of Min Xiaolian and his wife.

The couple looked forward to seeing their biological daughter being taken away by the bag, and the wife said with a look of yearning: “Our Galia will become rich and wealthy in the future.”

## Chapter 814

“Haha!” Hearing this, Rayna suddenly laughed wildly.

After laughing, she said sarcastically: “Should I call your parents now, or your uncles and aunts, or even your enemies?”

“Rayna, we...” Min’s father Qiqi Aiai said, “We have hurt you too.”

“Do you love me?” Rayna asked back: “I was taught to be a maid since I was a child, and your biological daughter, Walton, is the queen who loves me like this?”

Or have I been told since I was young that I am Walton’s thug, no matter what she does is right or wrong, I have to lead her?

Love me, will you let me pick Walton’s clothes to wear from childhood?

And she put it on me because she thought it was ugly.

Love me, why don’t you support me for school? But let me grow wild like a street shrew?

These are the ways you love me? “

Min’s father said nonchalantly: “Rayna, you didn’t do well in school since childhood...”

“I didn’t get good grades since I was a kid, because you either asked me to play mahjong for you or let me cook for you!” Rayna scolded, “When I grow up, I have thoughts of learning, but As soon as I want to study, you say that I don’t need it, and that my cousin is a wealthy eldest lady. In the future, she will be married to the Fu’s family, the number one family in Nancheng. If anything, as long as my cousin flies Huang Tengda, she will definitely take me to fly!

My cousin will at least find me a senior manager who works in the Fu family.

These are what you have instilled in me since I was young, right? “

Min’s father and Min’s mother: “...”

Having said this, Rayna cried: “I suddenly understand now. The reason why you have educated me like this since childhood is because you are afraid that

one day when I grow up and doubt you, I will go for a paternity test. , So you guys do everything possible to raise me up!

As long as I am raised and abandoned!

I can't think of a paternity test, right? "

Min's father and Min's mother really thought so.

So at this moment, they have nothing to say. Now that all the treasures were placed on his biological daughter, that elder brother's biological daughter naturally couldn't excel and could no longer be an excellent girl.

Therefore, from the very beginning, they wanted to put Rayna abolished and let Rayna become Walton's follower.

He even became Walton's servant.

Rayna was an inferiority existence in front of Walton.

In this way, Rayna would never be able to stand in Walton's way in this life.

This is the wishful thinking of the couple.

"It's a pity! Mr. Min and Mrs. Min!" Rayna smiled and shed tears. Her smile was uglier than crying.

At this moment, she is love-hate.

This painful contradiction strangled Rayna.

After all, hatred is still greater than love. She wiped a tear and continued: "It's a pity Mr. Min and Mrs. Min, no matter how good your abacus is, it is still not as good as heaven."

What this said was simply poke the heart of Min's father and Min's mother.

Min's father and Min's mother suddenly cried.

Because the facts are here.

"You want to exchange my innocence for one million for your biological daughter. In the end, I was rescued, but your daughter was tortured all night.

What is this called?

God is clear, retribution is unhappy!

Retribution is unhappy!

Pushing me into this abyss, is it also your love for me?

Ah!

## **Chapter 815**

Isn't it?

I ask if you guys are! "

At this moment, Rayna finally couldn't calm down anymore, her emotions almost collapsed.

Had Lenny held her tightly in his arms, Rayna would have been crying to the ground.

Her parents!

What makes her feel so embarrassed after calling her parents for twenty years!

Why is it so terrible!

How to let her give up?

But, don't you give up?

In the past twenty years, everything they did to her was hurt, endless hurt. The reason why she hasn't died yet is because she met Suzi.

It was Suzi who saved her soul, made her realize her shortcomings, and gave her her own new way of living.

Otherwise, she Rayna is already dead.

Moreover, it will definitely die extremely dirty.

After crying and laughing, Rayna has already made a decision in her heart. She calmly said: "From today onwards, I, Rayna, will be cut off from you. I want to sever all relations with you! We are no longer a parent-child relationship. From now on, we are strangers!"

If it is necessary, Rayna said to Lenny tiredly: "Lenny, cousin. Let's go."

"Rayna..." Father Min was anxious immediately.

"We will be strangers in the future! Please don't call me again. Every time you call my name, it will only make me very sick!"

Hearing that his daughter, who has been raising her for 20 years, talked to them like this, Min's father and Min's mother said that it is impossible not to feel uncomfortable. But what can they do?

After 20 years of raising this child, after all, they had a purpose to support this child and imposed a lot of humble knowledge on this child. From a young age, they taught her that she was an accessory of her sister Walton, so how could this child not hate them?

It's hateful and hateful. For his own daughter, Min's father still begged Rayna with his head: "Rayna, for the sake of raising you for 20 years, you have parents by your side, and your sister's parents It's all built, but I haven't enjoyed the feeling of my parents around me, please help her, okay?"

Save?

Seeing that his parents, whom he had been calling for twenty years, were devoting their lives to caring for Walton at this moment, Rayna's heart felt more uncomfortable than being cut by a knife.

She said very calmly: "Mr. Min, only you can save your daughter. As I said, the small courtyard my parents left for you can sell for more than two million..."

"Sold that small courtyard, where do you let our family of three live!" Min Mu shouted immediately.

"That's right if you have no place to live! This is how you live after you have worked out, isn't it?"

In the end, the benefit you have reaped is that your daughter has been asleep, and then your family of three is homeless. "Rayna's tone is very innocent.

After speaking, he left.

Walking far away, she could hear the crying and roaring of Min's father, Min's mother and Min's family of three.

"Galia, my daughter, tell mom, you...what happened to them?" Min Maqi Aiai asked.

"They...uuu to sleep

Min's mother screamed up to the sky: "Oh my God..."

At this end, when Rayna, who had already gotten into the car, heard all this, she was not too touched by hiding. With tears on her face, she said to Lenny and Darius: "Let's go."

Lenny asked inexplicably, "Rayna, you... have you let them go?"

Rayna nodded: "Let them fend for themselves."

After all, she is the father and mother who has raised her for 20 years. After all, she is the cousin whom she has called for 20 years. They are inhumane, and Rayna can't be so cruel. Forty or fifty men take turns in one night. Ruining is already a punishment for Walton.

"Then...I have to call Fourth Uncle Fu to report." Lenny said suddenly.

## **Chapter 816**

Rayna: "?"

Darius also looked at Lenny.

To be honest, although Darius is also angry with Walton, who has been angry with Walton's parents for so many years, but when he thinks that Walton has

lived in Shu's house for 20 years, they are indeed as close as cousins. In my heart, he agreed with Rayna's approach.

It is indeed black near ink and red near Zhu.

Rayna and Daily play with Suzi, and she is under the influence of Suzi.

At a moment, Darius admired his cousin Rayna very much. The real cousin was much broader than Rayna.

However, he didn't expect that why Lenny would suddenly report to Arron?

Lenny has dialed Arron's mobile phone number, and Arron is about to go to the conference room for a meeting. Recently, he has been preparing for the conquest of Gasing Island, so he has regular meetings with his confidants every morning.

It is a regular meeting instead of a progress meeting.

Before such an important meeting, when Arron saw the call from Lenny, he said to his subordinates: "Wait a moment, I will answer the call."

Yubi, he came to a quiet place and put the phone on: "Smelly boy! What's the matter!"

"Four uncle..." Lenny hesitated.

At the beginning, Arron only gave Walton to him Lenny to deal with it. In fact, Lenny asked Arron.

This is what Lenny said to Arron: "Uncle Si, I know you will definitely not let Walton go this time! Since you won't let her go, then give her to me. ! Look how I play with her! Joan, a woman who didn't want a kid, she marry me in a whimsical way, and almost killed my little Rayna.

This time, even if you want to forgive that woman, I will never forgive her! I want her to die! “

This is what Lenny said in front of Arron.

At that time, Arron said: “It’s up to you. I’m not interested in how she died. I just want this woman to stop. From then on, stop forever!”

Arron had actually given Rayna a chance. Arron didn’t intend to keep Walton’s at the Hongmen banquet that Siu set up for Suzi last time.

Helpless, at that time Darius pleaded for Walton, and Arron had to let Walton go.

Since you let you go, just be honest, but Walton is still dishonest, and still doesn’t want to make trouble all the time.

As long as she seizes the opportunity, she will have a vicious plan to ruin Suzi!

Arron definitely won’t keep such a woman anymore.

However, since Lenny wanted to get away from him, anyway, it was for this woman to shut up forever, and Arron gave Lenny a favor.

He doesn’t care how Walton died.

However, we must shut up, and we must not trouble Suzi again.

Lenny also felt that Walton must be a dead end in his hands. Apart from his beloved woman, the young master of the Jun family never felt sorry for women, and never pityed Yu Yu!

However, he didn't expect that his little wife, who had never passed the door, would actually spare Walton's life.

He could only bite the bullet and said to Arron: "Sixth Uncle... can I take care of my face and spare one's life?"

At that end, Arron's tone was very calm: "Walton?"

Lenny was frightened and shattered: "Uncle Si, you...how did you know that I want to ask Walton to intercede?"

## Chapter 817

"Because of Rayna." Arron's tone was extremely calm: "Rayna, like Suzi, has a soft heart. It was her cousin, and her parents had raised her for so long. Her heart was full of love, hatred, and hatred. Strangling together is normal."

Lenny: "..."

For the first time in his life, I discovered that Uncle Fu was so smart that he could see things so thoroughly at a glance.

It really deserves to be the most powerful president of the Fu family.

"Uncle Si, that... can you give me a face, this time I will spare Walton again..."  
Lenny said embarrassedly.

"You kid." Arron's tone was still flat.

This is not a big deal.

But he still said: “Your kid has shown her tightly. If there is anything in the future, I will count it directly on you.”

“Yes! Thank you Fourth Uncle!” Lenny could hear from Arron’s tone that this face was given to him.

After closing the line, he raised his eyebrows and looked at Rayna and Darius with a smile: “You two brothers and sisters really treat your enemies as relatives, but I really like the kindness of your cousins.”

Hearing Lenny screaming from a cousin, Darius looked at Rayna with a caring look: “Rayna... Cousin didn’t know you were my cousin before. I was sorry before. Where you are, you forgive cousin a lot and tell cousin, what compensation do you want?”

As soon as he found his cousin, Darius was naturally happy.

At this time, as long as Rayna makes a request, he will definitely satisfy her.

However, Rayna calmly said: “Cousin, can you transfer me to the design department? I know that I have a low degree and I don’t know how to design architecture. I just want to be an assistant for Suzi. If you study time architecture, you should always be able to learn it. I...just want to learn a skill.”

Hearing this from his cousin, Darius felt an unspeakable feeling in his heart.

“Will you go home with me first?” Darius said.

Rayna shook his head: “I’ll live in Galia first and let me get used to it for a while. I want to go to work as soon as possible, okay?”

“Okay!” Can you not agree?

At this time, only obeying her is the best comfort to her.

Rayna went to work normally the next day, and was transferred to Suzi as an assistant as soon as she went to work. She no longer looked like domineering and domineering. Regardless of changing jobs on the first day, she did it well. Reasonably serious, she was obviously Suzi's assistant, but only one day after she came to the design department, she took over the groceries of all the designers in the design department, and worked hard.

After such a day, everyone in the design department looked at Rayna with admiration.

Until after get off work, the youngest Song Zhuoer suggested: "Sister Suzi, you have such a good assistant, like a snail girl, our design department also has an extra beauty, do we want to spend the night in KTV? Ah.

Before Suzi could say anything, Rayna on the side spoke first: "No, Suzi has to go home first after work, or Fu..."

She wanted to say that Arron is not easy to provoke, so don't cause trouble to Suzi.

But before he could say it, he heard several people in the office unanimously say: "Four Lord Fu is now recognized as a tracheitis in our Nancheng. She is afraid of it. She still dares to control our wife Fu?"

These words made Suzi amused. She immediately took out her mobile phone and called Arron: "Arron, go pick the one and go home first. I will have a dinner with my colleagues in the evening and have fun together."

She said very casually.

She thought so in her heart. With the close relationship between her and Arron, her husband would be very enlightened.

However, what Suzi never expected was that this evening, in the KTV box, when she was singing a song with Song Zhuoer, the KTV door was suddenly opened.

Seeing the people coming, everyone was stunned.

## Chapter 818

The person here is Arron.

Arron, who had always had a calm face, had a gloomy face at this moment, as if he was carrying an iceberg on his body.

The original hilarious scene instantly became restrained, and several people even stood up directly when they saw Arron.

There was no sound in the field.

Suzi: "Arron, why are you here?"

She was also very hilarious.

She has loved music since she was a child.

It's just that no one has given her this opportunity to sing, especially when she went to Jarod's home, all her hobbies of singing and playing the piano were pinched by Jarod.

The Lin family has a piano, but it is a decoration.

From time to time, Lanita would also play a song, but Suzi felt that the sound of Lanita playing the piano was nothing like beating a broken gong.

And she Suzi had such a great talent, but she was buried alive.

Until today, my colleagues said that they would go to KTV to dance songs together, and Suzi was so happy. She is alive and kicking like a little girl.

She is mainly happy this time.

Dad's ashes were brought back. Although her mother's life or death is uncertain, it is another hope for her. The most important thing is that she has a good working environment. The colleagues are now friendly and harmonious, and the atmosphere is very good.

The most important thing is that her relationship with Arron has stabilized, and both of them deeply love each other.

Everything made Suzi so satisfied, so happy, so she became more and more cheerful as a whole.

At this moment, Suzi is planning to sing together with Song Zhuoer.

Her voice fits this song best.

Although Song Zhuoer is very young, he is a sunny boy, which is very suitable for this song.

Moreover, Suzi happily put one arm on Song Zhuoer's shoulder, and the two were like brothers and sisters.

However, Arron broke in.

Still looking cold.

Song Zhuoer was so frightened that he wanted to pee on the spot. He slammed his shoulder and withdrew himself to the corner.

After being shaken, Suzi almost threw him and ate a dog.

“Zall?” Suzi smiled angrily.

Song Zhuoer: “Four... Fourth Master, that... Sister Suzi Suzi... She... I... I used to, that is When Siu made trouble with Sister Suzi Suzi, I...I saved my sister once at the risk of death, and since then, Sister Suzi Suzi... treats me as... When the younger brother treats it, it’s...the kind of pure younger brother, um... Fourth Master, you...”

After a while, Song Zhuoer said that it was unsuccessful at all.

Suzi turned to look at Arron again: “Arron...”

The people next to him were scared to death, but Suzi shouted so relaxed, so casual, and not only that, but there was also a trace of anger in her tone, as if he was blaming a disobedient boy.

The people present were dumbfounded once again.

Even Rayna, the closest person to Suzi, was dumbfounded.

She knew that Arron loved Suzi in every possible way. Usually, when Arron was in front of Suzi and Shen’s only mother and daughter, he was very natural and peaceful.

But now, what’s wrong?

The fear of the Nancheng people towards Arron is in their bones. They have only become accustomed to Arron’s gentleness just now, and today they see Arron like this, and they all have no scared souls.

They all yearn that Arron will be called by Suzi in the next second, and he will return to the pattern of always loving his wife and always fearing inside.

However, Arron's face became darker and colder.

The deeper he became, the more terrifying he was. His cold and terrifying eyes looked at Song Zhuoer coldly.

Song Zhuoer was shocked and was about to cry.

"Do you know that she has skin allergies!" Arron said suddenly.

Song Zhuoer: "Wh...what?"

"She has skin allergies! As long as someone gets close to her, she will have skin allergies, respiratory allergies, do you know?" Arron continued to ask coldly.
