

# Chapter 891

Lilly's happy eyes lit up: "Happy! Of course happy!"

"Then, let's wait patiently for Uncle. Uncle's legs will come back naturally when he gets better, okay?" Suzi patiently coaxed Shen Only.

Lilly nodded obediently.

In fact, it is not only Shen that only wants Sanford?

Suzi also thought.

How can you not think about your relatives who have depended on each other for six years?

"My brother... did he say that he missed me?" Suzi asked with a choked voice.

At that end, Joan said, "Your brother said...Although it was the Nancheng where he took you to leave at the beginning, you were taking care of him most of the time in the fleeting years when you were fleeing together. Your child was born and his leg was broken. At that time, you had to take care of the child as well as take care of him. You even donated blood for a fee so that he can eat something nutritious. The child is so small that you went to the construction site. Doing the same physical work as a man, I'm tired every day when I get home, and I don't even want to eat food."

At this point, Joan choked up.

He paused for a while before continuing to say: "But, even if life is like this, you immediately bought a wheelchair for him with your first month's salary,

and then pushed him out to sunbathe every day. Your brother said, he  
Although there is no love with you in this life, but if you have a sister like you  
and depended on him for six years, he would have no regrets even if he died.

He said that you are the most affectionate and righteous woman in the world.

Suzi, I missed you back then.

I regret it all my life.

I said it a thousand times that I regretted it all my life, but it was still difficult for  
me to offset the regret in my heart. “

Suzi: “...”

“Suzi, let me do one thing for you. I only have to do one thing, and I can still  
pay for the thing that you saved my life from the knife in the past. I won't do it  
for others in my life. Live, I only live for you. So Suzi, you don't have to  
persuade me, I won't come back.”

In the end, Joan's tone turned out to be full of happiness.

Suzi: “...”

She didn't know what to say, she just said sadly: “Joan, I...you all know that I  
am very affectionate and righteous. That's because I don't have many friends  
in my life. When I was young, I was bullied by others, and I had no friends in  
the whole elementary school. Later, when I came to Lin's house, when I was  
begging with a kid, I still had no friends. There were a few roommates in the  
university, but because I was in jail, I didn't contact me anymore. I really have  
no friends.

You are my only friends, and I... don't want you to have an accident.

You promise me to protect yourself on Gasing Island and promise me not to be accidental.

I beg you, can I? “

At that end, Joan said with great satisfaction: “I promise you, I will be fine! As for my parents, I will tell them personally.”

“I’m sorry, I shouldn’t have treated you so badly just now.” Suzi said sincerely: “By the way, what’s the matter when you called this time?”

At that end, Joan’s tone immediately became heavy: “Of course there is.”

“What’s wrong?” Suzi asked, “Is there any bad news?”

Joan snorted coldly, “I don’t know how they are so fate!”

Suzi subconsciously asked: “Who?”

## Chapter 892

Suzi knew that what Joan was talking about must be Lanita’s family of three.

At that end, Joan said: “But don’t worry about Suzi, I will definitely be able to kill them! Their family of three is now the guests of the Pan family, and they have already moved into the Pan family’s royal mansion. It’s in the west courtyard of Li, you know, the Emperor’s Mansion originally only lived with the two brothers, but now there are more of Lanita’s family.

Moreover, Pan Haojing, Pan’s boss, was planning to let his fourth brother marry Lanita.

Suzi: “...”

Joan said: "Now I have inquired, Lanita has already told Pan Haojing that the reason why Arron is so eager to plan to add Star Island is because you are bewildered, so now Pan Haojing and the Lin family are discussing. When Arron plans to add Star Island, they will send people to Nancheng to deal with you. I called you today to tell you this. You must be more careful in the future, you must be more careful, understand?"

Suzi: "I know, thank you Joan, thank you."

"Well, I can't tell you more, take care of yourself, I'm dead!"

"Well, goodbye, take care." Suzi's heart is also extremely heavy.

After closing the line, she sat on the ground, thinking about what Joan had said to her. It was not that she didn't want to let the Lin family go, but that the Lin family had never thought of letting her go.

With a sneer, Suzi went to the okay floor to find Dalia and the others.

"How about Suzi, you are a little unhappy?" Dalia asked concerned.

She is the oldest here, and she always speaks with gentle care.

Rayna and Galia met Dalia for the first time today, but they liked her very much.

Suzi shook his head and said with a happy look: "It's okay, how about it, have you ordered?"

"Not yet, waiting for you." Galia said.

Suzi raised his hand and poked Galia's forehead with a finger: "You little clever ghost, I don't know you yet! You are embarrassed to ask Sister Shan to pay the bill, waiting for me to come. Someone pays the bill, and Mu Meng only orders. Isn't the dish!"

Galia smiled: “Hehe, Sister Suzi, don’t pierce me if you see through it. Compared with the three of you, I am a pauper, okay, all three of you are rich ladies, just Lian Rayna, who used to rely on me to help, is now his wife Rayna.”

“Hey! Mrs. Dangkuo didn’t see it so well, it’s best to be self-reliant.” Suzi, Dalia and Rayna three colleagues said.

The words must be said, and the three of them smiled at each other again.

This meal was invited by Suzi.

It doesn’t cost much, but with four big beauties and one little one, five people eat very well.

The customers passing by them couldn’t help but look at them more.

“Whenever I come to Nancheng in the future, I will go shopping and eat with you. I find that this is also good.” Dalia usually goes in and out of some high-end places with Kraig. She really rarely comes to this kind of more lively and relatively cheap place for mass consumption.

After this one time, she felt that she was young.

Especially Shen’s only child will give her food: “Aunt Shanshan, you eat this.”

The child poked Dalia with a piece of purple mandarin fish. Before it was delivered to Suzi’s mouth, the mandarin fish was almost lost.

But Dalia resolutely ate very happily.

After a meal, the four beauties all ate very well, and they sat on the lounge benches again and chatted.

Regarding beauty, skin care, and care.

Women are always inseparable from this topic.

At this time, Suzi came to a secluded place and called Arron.

After a meal, Suzi still felt that it was necessary to tell Arron about the situation in Gasing Island. After all, if Arron had more of the situation there, the odds of winning would be a little bit more.

## Chapter 893

“Arron...” Suzi shouted.

“Huh? How about shopping outside today? Have you returned with a full load? I will send a car to pick you up?” Arron said gently on the other side.

Suzi’s tone was serious: “Arron, Joan called me just now...”

“What?” When Arron heard Joan’s call, his heart suddenly became cold.

“He said that the Lin family’s treatment in Gasing Island is very good now. Jarod and Lanita’s family of three have already lived in the Emperor’s Mansion, and they are on the same level as the Pan family in Gasing Island. What does this mean? Jun Chengyin must have given Gasing Island a lot of benefits...It is said that they also sent people...”

Before Suzi finished speaking, Arron was cut off over there: “Did Jiaxing Island send someone to sneak into Nancheng again?”

Suzi nodded: "Yeah."

"I see." Arron arrived.

"Arron..." Suzi suddenly shouted.

"Huh?"

"You have to be careful...you...can't have anything, otherwise I and the only...what should I do?" The woman wanted to cry as she spoke.

She was very strong on the outside.

But the hand in front of his own man often becomes extremely fragile.

Arron: "..."

He raised his eyes and looked at Kraig who was sitting opposite.

Kraig only laughed.

After laughing for a few seconds, he said, "Old Fu, you are becoming more and more like a husband, and more and more like a father. Sometimes I think you are like raising two daughters."

Arron: "So, I am busier than you now."

Yubi, he took away the hand covering the receiver, and said to the receiver: "If you are tired from shopping, come back early. If you buy too many things, I will send a car to pick you up."

Suzi smiled and said: "It's okay, we can go back by ourselves. I'm dead."

After closing the line, Arron and Kraig continued to talk about the topic of their partner.

“Arron, when are you going to stay still? You are not in a hurry, I am all anxious for you.” Kraig said.

Arron said calmly: “I’m waiting for your second uncle to see how many weapons he can fund Gasing Island! He has funded more, won’t I get more in the future? This kind of weapon that is easy to pick up for nothing. , Why don’t I? Not only I can salvage a fortune, but also roughly weaken his force. When your second uncle is with you, there is no room for counterattack.”

Kraig smiled suddenly: “You kid! Kill three birds with one stone! No loss is the brother I know, you have always been the one who can hold your breath!”

Arron sighed: “I just heard Suzi’s call. I was not idle on Gasing Island. I was also taking action. It seemed that I had to bring Suzi and the only one by my side so that they could not leave before I could leave. Don’t worry.”

Kraig nodded: “Their mother and daughter are your life now.”

“Of course!”

As he was talking, Arron’s cell phone rang. He picked it up and saw that the call was from Kyoto. Arron showed Kraig’s cell phone: “Whatever I say, whoever is talking, there will be movement. Up.”

If you speak, Arron immediately connected: “Hello?”

At the other end, the subordinates in Kyoto are reporting the situation: “Siye, Jun Chengyin is taking action again. He just broadcasted a call, and he actually dialed one-third of his powerful weapons to Jiaying Island. “

“Good!” Arron smiled coldly.

After closing the line, he looked at Kraig: "Close the net!"

## Chapter 894

Kraig's expression was relaxed: "Why? Suddenly something happened?"

Arron nodded: "Just now, Jun Chengyin suddenly and drastically allocated military equipment to Gasing Island. It seems that he knows something. The momentum is to destroy Arron on Gasing Island. Kill him. Jun Chengyin took out one-third of the power in his hands and provided it to Jiaying Island. This is what Jun Chengyin has lost."

Kraig smiled: "Arron, my second uncle provided military equipment to Gasing Island. Isn't this the result you want?"

Arron raised his hand and nodded Jun Chengyin: "You really deserve to be my brother of the opposite sex!"

After a pause, he said again: "Kraig, this time I am going to conquer Gasing Island, and when I come back, you and your second uncle will be really like fire and water."

Kraig smiled and said, "That will happen sooner or later. If you can come back from Gasing Island, then his power will lose at least half. By then, he may not have turned my face with me. That is, Shu The father's side..."

Speaking of Mr. Shu, Arron's expression turned cold: "After finishing the matters on Jiaying Island, I will bring back the Lin family of three and let Suzi dispose of it. As for Mr. Shu, as long as he has stopped honestly, I will give it to him. Retire! After all, he is not only kind to our Fu family, he has also saved my mother's life. In any case, I can't act on him."

Kraig sighed: "Elder Shu also relied on saving your Aunt Xia back then and was kind to the Fu family. That's why he can be so confident and help his niece again and again."

Arron sneered: "I hope he won't regret that day."

Kraig: "You have something in your words?"

Arron: "It is still not completely certain..."

Kraig knew about Arron's temperament. He didn't want to say anything he wasn't sure about. Kraig didn't force him. Kraig looked at the time and got up and said, "It's late, I have to go back. , Your sister-in-law is in poor health recently, I have to watch her take care of her body in person."

Arron: "You are quite concerned about your sister-in-law."

Kraig's face smiled warmly: "I have been with me for six or seven years without any credit or hard work. Your sister-in-law is the most obedient and sensible woman I have ever seen in my life. Since someone has followed me, I can't It's not good for her."

Arron nodded: "Then don't leave today and have dinner at my house. I'll let Suzi bring my sister-in-law over."

Kraig looked at Arron's set of flats: "Is it appropriate?"

This is not Fu's house, this is Arron's most personal place.

For so many years, although Arron has never lived in Fu's house, all his family banquets and activities are held in Fu's house, and his large flat in the city center is definitely his private residence. .

No one has been here.

“What is wrong between you and your sister-in-law?” Arron smiled lightly:  
“Yesterday, when Suzi came back to talk to the only sister-in-law, the only little thing was happy Pidianpidian.”

Kraig also smiled: “My little woman has no other abilities, she’s kind of like a kid. Okay! Eat at your house today, and let her show your hand in a while. She cooks deliciously.”

Arron nodded: “Okay.”

Next, he asked Mrs. Li to prepare the ingredients first.

Then, another phone call came out, ordering to go down and leave for Gasing Island.

After all these arrangements were made, Arron called Suzi again.

At the other end, Suzi and Rayna, Galia, and Dalia were taking Lilly and planning to have a beauty treatment, but they found that it was not appropriate to bring the only one.

“Huh, where are we going?” Galia was worried.

She hasn’t played enough yet. After only a day in the shopping mall, she didn’t spend a penny, earned more than a dozen skirts, and even feasted and drank, feeling proud.

Rayna doesn’t matter, she even wants to go back a bit, because she has been urged by the phone several times, and every time it’s the coquettish voice of Lenny on the other side of the phone: “My wife, when are you coming back next time? When going to the mall with my fourth aunt, can you take me? I’ll be your driver, and I can pay for you by the way. The four of you can spend hundreds of thousands on this day, right? “

Rayna smiled: “Okay, will you take you next time? It will definitely not work this time.”

“Then you will be right back now!”

Rayna: “...”

She really wanted to go shopping, chatting, eating and so on with Suzi, Dalia, and Galia.

## Chapter 895

However, I was also a little bit reluctant to Lenny.

Rayna looked at the three beauties in front of him with embarrassment.

At exactly this time, Arron’s call came in, and Suzi immediately connected: “Arron?”

“Come back, and bring my sister-in-law back home. Kraig is here.” Arron said.

“Oh, well, I will go back now.” Suzi said.

After closing the line, she looked at Rayna and said in an obedient tone:

“Rayna, you are not married yet, just follow Kraig and see what you will do if you get married in the future.”

“Oh, Suzi.” Rayna blushed suddenly.

“Okay, okay, I’m joking with you, go back quickly.”

“Yeah!” Rayna blushed and went to call the taxi.

Suzi looked at Galia again, and Galia immediately ran and said, “No, Sister Suzi, don’t you, I won’t go to your house, if my cousin finds out that I will go to your house, my cousin dare to beat me. .”

After saying a word, Galia had already taken a taxi and ran away.

“You die girl, just run away after taking advantage...” Suzi laughed and cursed behind him.

Reluctantly, she could only take the only one and Dalia home.

As soon as he walked in, Dalia felt the extremely strong family atmosphere.

The large flat-floor living room is full of children’s playfulness.

“Aunt Shanshan, do you like my house?” Lilly held Dalia’s hand and asked this and that. At this moment, Lilly and Dalia are better than his mother.

Suzi followed behind, carrying large and small bags.

When she saw Kraig sitting in the living room, she immediately said: “Mr. Jun, let’s eat here today.”

“That’s what I think.” Kraig was rude.

Dalia looked back at Kraig: “Kraig, is this... appropriate?”

“You’re a sister-in-law, you can cook this meal today.” Kraig smiled.

Dalia blushed slightly when he mentioned the word “sister-in-law”.

Hearing this name, her heart was still quite warm.

In fact, apart from not giving her status and not letting her have children for her, Kraig treated her very well.

“Well, I’m cooking today.” Dalia readily agreed, and then asked: “What do you guys want to eat? What kind of food do you have at home?”

“Report Sister-in-law, I want to eat steamed shrimp.” Suzi raised his hand and said.

Today I ate a bit oily in the Food City, and now I want to eat something lighter.

“I want to eat some fire dragon fire salad.” Lilly also raised his hand to report a dish.

Two men, you look at me and I look at you, and then the colleague said: “Whatever!”

“Whatever, it depends on my own mood.” Dalia was very happy. She had already taken the apron from the domestic helper Li’s wife. She tightened the kitchen with a smile. She didn’t forget to turn around and say to them: “You all sit down. Play in the living room.”

Play.

Suzi really can’t.

As soon as she sat down, Arron said to her: “Suzi, pack up tonight, and tomorrow we will go to Jiaying Island.”

## Chapter 896

Suzi was immediately taken aback: “Why is it so fast?”

Although she had always known that Arron was going, and that Arron had been conspiring in the company for a while, she did not expect it to be so soon.

“Both...” Suzi asked slightly worried: “Are you all ready?”

She didn’t see Arron preparing to fight.

Arron smiled and asked, “What do you want to prepare?”

Suzi: “Don’t you need force? Every aspect?”

Arron laughed: “I went to Gasing Island. One was not to burn, kill and loot, but not to seize someone’s property, and third, not to take it forcibly, so there was no need for those.”

When he heard Arron say this, Suzi didn’t understand: “Then...”

She had always thought that Arron was going to capture the entire Gasing Island.

Arron sighed: “The current monarch of Gasing Island is the Pan family. As early as fifty years ago, the Pan family was only the second family on Gasing Island. At that time, Gasing Island was not developed. So there is such a good prospect for later development because the Fu family in Nancheng went there to invest and then took a lot of advanced technology to where it was, which allowed the Jiaying Island in the small land to prosper.”

Suzi had heard of Gasing Island.

It is indeed a small place.

Gasing Island is not even as big as half of Nancheng.

“Then what?” Suzi asked.

“Fifty years ago, the monarch of Gasing Island was surnamed Xia.” Arron said quietly.

Suzi: “...Could it be...”

“Yes!” Arron’s eyes had distant memories: “Fifty years ago, the island owner of Gasing Island was my grandfather Xia Jingzhong. My grandfather had a very large family in his early years, and Gasing Island was bought by them alone. It came out of the wasteland. At that time, it was the Pan family who bought the Canadian Star Island in a joint venture with them. However, the Pan family only paid 20% of the money, and the Xia family paid 80% of the money.”

Suzi: “That’s it.”

“Later, the Fu family arrived on the island. For unknown reasons, they overthrew the Xia family, and then vigorously recommended the Pan family to take over as the monarch. The Xia family, the old and the young, plus the domestic helper Hundreds of people just flee and die to death. Grandpa and grandma have many children throughout their lives, but in the end, only my mother survived.”

Hearing this, Suzi felt extremely heavy: “Arron...”

“At that time, my mother was only ten years old. Fortunately, my grandparents left her a sum of money to support her studying abroad and the best school. After graduation, my mother returned to Gasing Island, although she was not there. It’s the princess of Gasing Island, but she just wanted to find a job in her hometown. When she was twenty-six years old, her mother met her father on Gasing Island.”

When it comes to these, Arron’s entire face is dimmed.

Kraig knows all these past events.

Therefore, when Arron said this to Suzi, Kraig kept silent.

When Suzi listened, the whole person was stunned.

Shanna's mother loves Fu Zhengxiong, and Suzi has always known it.

However, Shanna's mother never told Suzi about her and Fu Zhengxiong.

Knowing this time, Suzi heard Arron's heavy heart.

Fu Zhengxiong was the largest investor from Nancheng to Gasing Island at that time. The prosperity that the Fu family brought to Gasing Island was that the people of Gasing Island regarded the Fu family as a god, and Shanna, who had just returned to the island at that time, thought very much. Pure, she is poor and white, with nothing to rely on. How can a little girl who only wants to make a big splash in architecture can withstand the pursuit of a successful person like Fu Zhengxiong?

Before long, Shanna fell in love.

Then, Shanna became pregnant.
