

Chapter 105

"What way?" Jarod asked Moira.

Moira's brows and eyes were filled with a successful smile: "I think we really won a big victory this time, because the child in Lanita's stomach turned Lanita over and let Suzi have a meal at Arron's. Deflated.

But if we want to use Arron's hand to get rid of Suzi, we still have to add another fire. "

"Yes...Is it necessary to get rid of her?" Jarod shuddered in his heart and couldn't help but asked in an unpleasant tone.

Moira glared at Jarod viciously: "You love Suzi and don't want to get rid of her! But what did Suzi do to you? She wants to kill you, wants to kill our Lin family, she is as vicious as her mother! The same sc*mbag, the same dead skinny face! Have you forgotten how her mother framed you, how she deceived you?

Why are you so forgetful!

This vixen is as vicious and mean as her mother!

If yesterday wasn't the thoroughness of our plan, just in time for Arron to see the vicious side of Suzi when Arron arrived, then Suzi would really snatch Arron from Lanita in the near future.

The next step is to wipe out our Lin family.

Jarod, have you ever thought, if one day Arron learns the truth, will he let us live? "

Jarod: "..."

What the wife said is true.

If Arron knew the truth, he would definitely kill the Lin family.

Thinking of this, Jarod asked Moira: "Hurry up, what's your method?"

"Don't feel sorry for her now?" Moira asked Jarod in a strange tone of yin and yang. Jarod said impatiently: "This wicked obstacle shouldn't have come into this world! I have raised her for eight years, and I don't know how to be grateful. I still want to kill our whole family and try to steal her boyfriend with Lanita! Quickly say, what? The method can kill her!"

Moira smiled: "Yesterday we used the correct method. Arron has already started to hate Suzi. We have to add another fire to make Arron hate Suzi even more. The disgust is in my bones, and when I see her, I want to kill her. In this case, even if Shanna intervenes arbitrarily, it will not help."

After that, Moira was in Jarod's ear and underestimated it for a while.

Jarod hesitated for a few seconds, then said viciously, "Just do it!"

There was a satisfied smile on Moira's face.

"Where is Lanita?" Jarod asked.

"Upstairs, just two months of pregnancy, when she was sick, she was unwell. Let her lie down more." Moira said.

Jarod sighed: "Hey..."

The phone rang, Moira picked up the landline to connect: "Hello, who are you?"

Arron's low voice came from the other end: "Where is Lanita?" He didn't show much respect for Moira.

For some reason, even though the Lin family helped him, Lanita was also the one who saved his life. She is still pregnant with his child, but Arron doesn't

have any favor with the Lin family, perhaps because the Lin family used to be the eldest brother and the second uncle and the third uncle. The people on their side?

When Moira heard Arron's voice, she straightened up immediately: "Well, it's the Fourth Young Master, you are looking for Lanita...oh, Lanita...I feel a little uncomfortable. Resting upstairs, I'll go, and I will ask her to answer the phone immediately."

Arron's tone was very cold: "I'll call back later."

He called Lanita's cell phone, and Lanita turned it off before he called Lanita's landline again. Since learning that Lanita was pregnant with his child in the past few days, Arron has called Lanita once every morning and evening.

This was the first time that Lanita had her phone turned off and did not answer his call.

On this side, Moira hung up the phone and went upstairs to call Lanita to go. Lanita deliberately shut down the phone. According to her mother Moira's experience, that is, distance creates beauty, and Arron is not allowed to He can find you every time, if you turn off the phone once in a while, he will not find you, and he will worry about you even more.

Chapter 106

Spoil you more.

Lanita obeyed her mother's words and turned off her mobile phone all afternoon.

"Lanita, come down and wait for Fourth Master Fu's call. He will call you in a while." Moira smiled and looked at her daughter.

"Mom, your method really works." Lanita looked at her mother with a smile.

The mother and daughter went downstairs together, but Jarod, who was sitting downstairs, looked cold.

"Dad, what's the matter!" Lanita pouted and looked at her father.

Jarod scolded: "What's the matter! You are still happy! Seeing Arron caring about you now, his mother's condition has begun to deteriorate again. The day he will marry you is just around the corner, but what about the children in your stomach?!"

Lanita: "..."

"Who owns the baby! You have been pregnant for more than two months, and your mother and I don't even know who owns the baby!" Jarod roared.

Lanita shrank in Moira's arms in shock, tears falling out.

Father had never yelled at her like this.

Moira also pointed at Lanita: "You said you are a dead child, and your parents are so strict about you. You have been a good child since childhood. Why did you say that you were pregnant with someone else's child?"

You don't even talk to your parents!

Do you know how dangerous it is to tell Arron? "

Lanita was crying, but she didn't forget to defend herself: "If it weren't for the child in my stomach, could we manage Arron? I think my child came in time!" "Who is it? Child!" Jarod roared again.

Lanita shivered and said: "Yes... my ex-boyfriend's, he is also a rich second-generation, he abandoned me a while ago, and the family moved abroad..."

"I'll beat you to death!" Jarod's Qi Qiao Qi aroused smoke.

"Tip the bell." The phone rang again.

Lanita ran to answer the phone: "Hey..." there was a cry in her voice.

"What's the matter?" Arron asked gently on the other end.

"I... from yesterday to today, my body is a bit...uncomfortable." Lanita said weeping.

"Take care of yourself, I will visit you here when I'm busy, tell me what I want to eat, and I will send someone to deliver it to you."

"I'm fine, the fourth youngest, I know that your mother is very ill these past few days, so please take care of your mother at ease, I'm fine." Lanita looked very sensible.

"Okay." Arron hung up the phone.

The mother's condition is indeed not good.

Since yesterday, grandparents and aunts came to visit and forgot about her mother and admitted her identity, the mother's condition deteriorated sharply. At this moment, the doctor gave his mother the best injections in the world, which cost tens of thousands.

But it can only temporarily relieve the pain of the mother.

Once the effect of the medicine was over, the mother still had a high fever to a semi-coma state.

However, the mother's mouth kept calling: "Suzi, Suzi, Suzi..."

Suzi hurriedly rushed in from the outside of the ward, crawling in front of Shanna's bed: "Mom...I'm here."
