

# Chapter 111

Suzi immediately stood up straight, and when she saw the person who collided with her, she immediately became cold and said, "I'm sorry!"

The old man of the Shu family looked up and down Suzi with a very disgusting look, and then blocked Suzi with a sneer: "The last time I saw you, you had a vulgar makeup. This time, you are dirty and a nigger is ugly. Unbearable, who are you!"

Suzi didn't bother to pay attention to this person who looked serious and kind on the surface, but was not friendly to her at all, instead, he was an extremely mean old man.

She walked around Father Shu and continued on. But Elder Shu lifted the crutches and blocked her way.

Suzi asked coldly: "What are you going to do."

"Answer my question!" The old man ordered Suzi in a very respectful tone.

Suzi suppressed his anger and asked, "Dare to ask the old man, do I know you?"

"Aren't you Arron's contracted wife, the wife who bought you for two months for a wish of his mother's death?" Old man Shu asked in a questioning tone.

"Does this have anything to do with you?" Suzi asked again.

"It has nothing to do with me! But it has something to do with my grandson! Now that you are the wife Arron bought back for his mother Chongxi, you took this opportunity to hook up with the upper class and hook up with my grandson. You eat Look at the bowl and look at the pot, don't be ambitious! Yeah, listen to me. With me, you want to approach my grandson!"

Suzi looked at Elder Shu contemptuously: "Old man, listen to me too! You are rich! Your money can crush me to death, but is this amazing? You can't bring your money in either. In the coffin, you don't want others to beat your grandson's idea. Your best way is to keep your grandson in a cage, forever! Don't let him out for the rest of your life.

As for outsiders.

Me?

I am very vulgar and lowly in your eyes.

But you still have no right to ask anything about me!

Even if I am in love with your grandson! "

Elder Shu: "...You! Good job. You wait for me!" Suzi sneered.

Waiting?

Hasn't she been waiting?

Arron spotted him as soon as he was out of prison.

Went to the Lin family and was driven out by the Lin family.

Later, Darius took the initiative to strike up a conversation, and Joan took the initiative to strike up a conversation.

She is a groundless duckweed, a woman who has just come out of prison, who has provoked someone.

Waiting!

Big deal, go in again.

Who is she afraid of!

Suzi didn't even look at Old Man Shu, but walked straight into the ward.

Walked, but stopped.

She suddenly thought that Elder Shu should also go to see Aunt Shanna. After all, Aunt Shanna has been acknowledged by the Fu family in the past two days, so any family relationship with the Fu family will inevitably come to visit.

After all, it wasn't because of Arron's deterrence.

Since Elder Shu was going to visit Aunt Xia, Suzi had to stagger the time with Elder Shu, she stood at the entrance of the hospital and did not go in.

Elder Shu just walked over, followed by Walton.

Walton came to Suzi and smiled triumphantly: "Tu Niu, your makeup today looks like a clown in a circus. Don't tell me you can't even afford a mirror? Give it to you that day. Introduced such a good job, which allows you to earn tens of thousands of tips in one night. If you don't do it, you think Arron is really showing you. It turns out that he bought you back for the old lady Fu."

Suzi: "..."

## Chapter 112

She really didn't want to bother with anyone here.

She just wanted to see Aunt Xia's situation as soon as possible.

Walton asked herself to be boring, and went in with Elder Shu. Behind him, Darius, who had just parked the car, walked over.

Since the last time Darius was placed under house arrest by the Shu family elder who prevented him from coming out to see Suzi, Darius has never seen Suzi again. Goodbye, Darius has mixed feelings in his heart.

It is more distressed to Suzi.

"Why...make yourself like this?" Darius asked in a heartbroken tone.

Suzi: "Mr. Shu, if you don't want me to call the police, stay away from me!"

Darius: "..."

After a pause, he said sincerely: "Suzi, I know you are angry. I don't blame you. In a few days, Mrs. Fu's matter is over. I will arrange you properly."

Suzi: "..."

Darius ran a few steps quickly, following up with Father Shu and Walton.

Suzi was still standing at the entrance of the hospital. After waiting for 20 minutes, the Shu family did not come out. Suzi felt a little anxious. She didn't have much lunch break, so she could not delay too much, so she had to bite the bullet and head towards Shanna's ward. Go.

When I came to the door of the ward, I saw Shanna surrounded by a group of doctors, family members, and people who came to visit the patient.

They screamed in a frantic manner.

"Mrs. Fu, Mrs. Fu, can you still hear me?"

"Shu Min, I am your Uncle Shu, Shu Min? I know you have been wronged in this life. Uncle Shu came to see you now. Do you blame me, kid? Can you still hear me? What a good building you are Engineer, why did you get this disease?"

"Auntie?" Darius also shouted. "Auntie Xia?" This was Walton's voice.

There are also some other relatives of the Fu family.

And, Arron.

"Mom, mom, are you awake? Mom!" Arron's tone had an indescribable sense of desolation.

Suzi was startled.

Arron didn't go to the company to handle affairs today? The burden of the entire Fu Group rested on him. Even if his mother became ill, Arron did not delay, and went to the company to handle official duties every day.

However, he is here today.

It shows that Aunt Xia's condition has reached the point where it can no longer be restored.

Why is it so fast?

A week ago, Aunt Xia was still talking and laughing. She was able to drink half a bowl of porridge every day, and she was in a very good state of mind.

But now, is she really leaving this world?

Suzi was standing against the wall, crying, and she shrank herself a little bit. Thinking back to the two years she and Aunt Xia had spent in prison together, she suddenly realized that it was the happiest part of their wives. Days.

Every day she helped Shanna do some hard work. Shanna took advantage of the rest time to teach her architectural knowledge. At that time, although bitter and tired, although there was no personal freedom, she also had a warm feeling of relying on each other for life.

Today, Aunt Xia has only been released from prison for more than a month and is about to pass away.

Suzi squatted on the ground with his hands on his knees, crying like a homeless child.

A pair of brightly shined black leather shoes stood quietly in front of her.

Suzi forgot that he was dirty and black, so he raised his eyes with tears and looked at the man standing in front of her.

Arron was also looking down at her.
