

Chapter 143

"Bah!" Sanford's courage who didn't know where it came from, suddenly spit out: "You...whether it is Joan, Darius, Huo Jianshan, or Fourth Master Fu, you are all of them. Man!

It's not shameful for a man to bully a woman who has no power to bind a chicken and is at your mercy!

Isn't it shabby?

Especially Master, when his mother was unable to enter the gate of Fu's house, she was also a poor woman, didn't he have any sympathy! "

After speaking, Sanford looked at Christopher as if he was dead.

He didn't have the guts to express such words at first, even though these were the things he had always wanted to say in his heart. But he was urged by Christopher just now, so he didn't care to speak out.

"Assistant Yan wants my life to go, just begging you not to hurt my family. Three months ago, the Fu family struggle was so sensational, so many families participated in this struggle, but our Xu family never participated. Therefore, please see Fourth Master Fu forgiving my family for the reason that our Xu family has never stepped on Fourth Master and his mother!"

Christopher looked at Sanford with a gentle expression: "Young man, you are really blind to being friends with Young Master Ling with such a behavior."

Sanford: "..."

"In the future, stay away from Joan, he is not worthy to be your friend!"
Christopher said.

Sanford laughed at himself and said: "I was not a good bird before. I am no better than Lao Ze, but because of Lao Ze's frequent fishing of Suzi, I passively understand Suzi a little bit.

I like Suzi. "

Christopher: "Boy, this is only if I didn't hear it, go away!"

"Are you not killing me?"

"I'm too lazy to care about you, get away!" Sanford: "Thank you..." Then he drove away.

Watching Sanford leave, Christopher suddenly smiled, then turned and walked towards Suzi's ward. He arrived in the ward. Hearing the conversation between the two in the ward, Christopher's footsteps stopped.

"Suddenly it was Huo Jianshan, and suddenly it was Aling. Now it is Sanford, Suzi, you are busy enough! Let's talk about it, in this upper-level circle, who do you want to be with, let me help you? How?" Arron asked coldly.

Suzi said quietly: "Mr. Fu, are you big people very free? Especially you, for an inconspicuous woman like me, you even deliberately asked me such boring questions?"

Arron: "..."

"Aunt Xia has passed away, and I have nothing to hide from you." Suzi sighed: "I neither want to seduce you nor Joan, let alone seduce someone who is more than 40 years older than me. He can be my grandfather's bad old man. As for Sanford who was going to feed me fish soup just now, I didn't even know him. When I first came out of prison, I wanted to find a job that could make a living and settle down slowly. .

It's you!

It was you who brought me into this vortex and made me kicked and kicked by you people like a ball.

It's you! "

"Then what do you want now?" Arron asked patiently.

"Give me fifty thousand yuan." Suzi gritted his teeth: "I voluntarily gave up the sum of money on the contract you signed, because I think it is a blasphemy against Aunt Shanna, I won't want it. Let's talk about it. If I guessed correctly, even if I asked you to, you wouldn't give it to me, would you?"

So I don't want it anymore and the contract is invalidated.

I only want 50,000 yuan. Give me 50,000 yuan. I immediately disappeared from this city. As for the urban household registration that I mentioned at the beginning, I don't want it either.

I want to change my life in the city and cut off contact with you forever. "

"Very good!" Arron said suddenly: "I'll give you one hundred thousand yuan, and you will get out of here!"

Chapter 144

Hearing Arron's words driving away like this, Suzi felt extremely painful in his heart. But she still smiled on the surface: "Okay, give me one hundred thousand, and I will get out of it right away."

"Get out of this city!"

"That is necessary!" Suzi insisted.

Arron got up, strode out, and while walking, he untied his tie.

I'm about to suffocate to death, suffocating want to kill!

As soon as he left the house, Arron saw Christopher standing outside the ward.

"Why are you standing here?" Arron asked.

"Siye, you made an appointment with the bank in the morning, and withdraw 5 million from your private account, which is the 5 million for Miss Shen. The bank has prepared it for you. They called me just now and asked you what Time to get it?" Christopher asked cautiously.

"No need!" Arron said coldly as he walked out.

"Huh?" Christopher asked knowingly.

"She doesn't want it!"

Christopher: "... " It's been a pity for Suzi a hundred times just now.

Silly girl!

Five million! How can you not!

What do you see that he can't give you five million, how can it be impossible?

Did you read it wrong, girl! Anyone who signed a contract with Fourth Master Fu has never failed to fulfill it!

Christopher was only muttering in his heart. He didn't even dare to let go of his mouth. Watching Arron stride out, he quickly followed behind.

Arron got in the car and Christopher drove out of the hospital. When he was about to ask where Arron was going, Arron's cell phone rang.

Arron picked up the connection: "Hello?"

"Fu Siye, hello, we are in a bridal shop. A few days ago, you used the wedding dresses in our shop when you got engaged. You said at the time that you will get married soon. The wedding dress in our shop just happened to have a new style in our shop. Would you like to take a look with your fiancée?" The tone of the call was very courteous.

Arron said coldly: "No need!"

"Huh?"

"I'll pay for the money. For the wedding dress, you can choose any one." Arron said.

"Will your fiancée be happy like this?"

"I said just choose one, just choose one!" Arron said impatiently.

"Oh, good, good Fourth Master Fu." At the other end, the sales of the bridal shop shut up, knowing the current affairs.

Here, Yan and Christopher did not even dare to breathe the atmosphere.

"Go to the cemetery!" Arron said in three short words.

"Good Fourth Master." Christopher turned around and headed straight to Shanna's graveyard.

Arron leaned back, his deep eyes closed.

His mind flashed with the woman's rejection of him.

Five million! She didn't want it!
