

# Chapter 147

"What is it? What is it not?" Suzi sneered at Arron: "Does this have anything to do with Mr. Fu? Even if I am pregnant with Huo Jianshan's child, it is also before I married you, even if I have a relationship with Huo Jianshan. What's the relationship? Isn't it okay with you now?"

Because we are already divorced!

The matter between me and the Huo family has nothing to do with you! "

"Then you just get out!" Arron said irritably.

"You made me stop!" Suzi shed tears aggrieved: "Mr. Fu, we will never see you again!"

After speaking, Suzi turned and left.

She had another sentence she wanted to ask Arron: "Can I go to the grave for Aunt Xia in the future?" At this moment, she also forgot.

As soon as Suzi took a step out, he was grabbed by Christopher behind him.

Christopher has always followed the rules very much. As Fu Siye's personal bodyguard and assistant, Christopher never dared to speak much. However, at this moment, watching the two people are divorced and still quarreling like this, Christopher is really watching. Can't go down.

Master has been accustomed to killing all his life. Even with the blood relatives of the Fu family, he does not have such good patience. In order to find out what the relationship between Suzi and Huo Jianshan is, Master even went to the Lin family to ask the teacher.

But even if you go to Lin's house, what can you ask?

Master just wanted to hear the truth from Suzi's mouth. Only when he knew the ins and outs, could he really help Suzi solve Huo Jianshan's problem.

"Mr. Yan, please let go!" Suzi looked at Christopher in embarrassment.

"Miss Shen, Master didn't mean that." Christopher persuaded.

"Let her go!" Arron scolded. Christopher disobeyed Fourth Master's order for the first time. He still took Suzi's arm and said, "Miss Shen, Fourth Master is for your own good. Can you live in Huo Jianshan? Joan, even if he is Huo Jianshan, used the Fourth Master's name to make a fake tiger, but you can also see that although Huo Jianshan on the surface did not dare to do anything to Joan, he was already irritated, and he spent money to buy it. The black hand went to assassinate Joan. That desperado Huo Jianshan dared to demand Joan's life. Do you think he will let you go?"

Suzi shuddered in shock.

She bit her lip and stopped moving.

"Only if you tell Arron the truth, can the Arron know how to help you and settle this matter." Christopher said bitterly.

Suzi paused and said aggrieved: "I don't know Huo Jianshan at all! I never knew it!"

"Okay, I know Miss Shen. What the Fourth Master wants is your words, you go back, don't worry, the Fourth Master will settle the matter for you, and you won't have to worry about Huo Jianshan making trouble for you in the future." Christopher said everything that Arron hadn't said.

He knew that it was very difficult for his father to say these things.

Suzi turned to look at Arron, the man still looked cold.

I was too lazy to take a look at Suzi.

Suzi calmed down and said sincerely, "Thank you!"

After speaking, he left sadly.

She just raised her foot and took a step when a woman in her thirties suddenly rushed over in front of her. The woman's hair was disheveled, and she was holding a knife in her hand. She rushed towards Suzi fiercely, and shouted, "Sao! You caused my family to be destroyed and my son lost his father at a young age. See if I will not hack you to death!"

Suzi: "... " She was shocked.

At the moment when the knife was about to fall into Suzi's chest, Arron held Suzi in his arms with a stride, and at the same time, he held the knife directly with the other hand.

The blood flowed down Arron's hand.

Suzi was frightened: "Ah..."

## Chapter 148

Arron's hands were bleeding, but his expression was calm and cold, and the tears of Suzi's fright in Arron's arms flowed out: "Arron, you...your hands are bleeding? Woo... .."

She also called him Arron before, when she was in front of Aunt Xia.

The man didn't frown his brows, he only murmured, "What are you crying about!"

At the same time, the woman who assassinated Suzi was kicked far away by Christopher.

The woman was kicked and vomited blood.

Here Arron threw the knife in her hand, and Suzi immediately embraced Arron's injured hand with both hands, but his blood flowed more and more, and she trembled with fright.

The man sneered: "When you stabbed Huo Jianshan, didn't you also stabbed him with blood?"

Suzi said angrily: "I stabbed him to protect myself. I was so angry that I couldn't stab him to death. I forgot to be afraid. But now..."

She burst into tears when she saw Arron's bleeding hand and the crack there.

"You can't die at this point! Take off your scarf and stop the bleeding in my arm!" the man ordered.

"Um." Suzi hurriedly untied the scarf to stop the bleeding by tying Arron's arm.

Christopher had already stepped on the woman here, crouched and looked over carefully before saying to Arron, "Master, I know this lady!"

Arron: "Who?"

"Huo Jianshan raises the old five and six? It looks like the old eight. This year, he is in his early thirties. A few years ago, I just gave birth to a son for Huo Jianshan. Fourth Lord, you have trapped most of Huo Jianshan's real estate, and he will be left. The dead money in the lower hand was probably divided up by his son, grandmother and second wife, and didn't leave it to the old man, so the old man cast his anger on Miss Shen?"

The woman was severely stepped on her feet and still yelled: "You watch, my husband wants to accept you and you are worthy of you! But you don't know how to stab him into a cripple, you still want to let him go bankrupt! Do you know, without Jianshan, how would we live with mother and son! You cousin! cousin!" Suzi: "..."

The woman in front of me is really pitiful.

At the age of early thirties, he followed Huo Jianshan with no name, just to let his son have a father.

This is exactly the same as Aunt Xia had originally thought.

It can be seen that mothers in this world are basically the same, no matter how glamorous she was before she became a mother, whether she was a more independent urban white-collar worker, or a canary that relies on men to feed her.

As long as she has a child and becomes a mother, her axis is the child, and all her starting points are for the child.

At this moment, Suzi knew that the woman in front of him, like Huo Jianshan, was also a desperate person. She was still not even a junior. It was just a woman who was a clear person for Huo Jianshan who came to kill her, but Suzi didn't hate it. Get up this woman.

However, Arron has always lacked sympathy for people. He coldly said to Christopher: "Leave it over to the police station!"

Christopher returned to his senses: "Master, your hand?"

"Can't die!" Arron said coldly.

"Should I take you to the hospital?" Suzi helped Arron.

Christopher followed the coming police car to the police station, and Arron was also taken to the hospital for debridement. Not far away, no one noticed, a pair of eyes were watching all this viciously.

Lanita walked out of the hidden place after all the people on the scene left. Her face was filled with jealousy, her eyes were filled with tears, and her mouth was gritted and said: "Suzi! You D\*mn woman! Why is your life always so big, why can't you always kill you!"

The woman who was taken by the police to assassinate Suzi was found by the Lin family.

Originally, the woman only lived in the comfortable nest that Huo Jianshan created for her. As soon as Huo Jianshan was tracked down, the woman's comfort and comfort were lost. When she was desperate, she saw Lanita and Moira.

The mother and daughter added fuel and jealousy in front of the woman, causing the woman to become angry.
