

Chapter 155

"Mum, goodbye." Suzi reluctantly left the cemetery.

When I returned to the lane outside his residence, it was already four or five in the afternoon. Suzi thought about eating something casually outside before going back, saving himself the need to cook.

As soon as she sat down in a small casserole shop, two women kept watching her.

"It's her, it's definitely her! I think the background above is like ours, it's definitely her, it can't be wrong."

"I think it's her too! Don't tell me, look at her quietly and honestly, yet you haven't noticed that she actually has such a hook?"

"I heard that the two men are both descendants of famous aristocratic families in Yuncheng, and one of them is the grandson of the old master Fu of the Fu Group."

"Although the other family lineage is a bit declining, it's not ordinary people like us, it's also worth several hundred million, okay!"

Suzi is not deaf.

Those two women were clearly speaking of Joan and Sanford, and the seductive woman they were referring to was definitely she, Suzi.

Suzi quietly came to the two women and asked, "What are you looking at?"

The two women eating casserole were startled.

After one of the women recovered, she said in a tone of envy, jealousy, and sourness: "Oh, I really didn't see it. There are still women like you in our slums,

and they both hooked and hooked. , And both of them are the sons and brothers of rich people, can you teach us a little bit?"

The two women in front of me, from dress to speech, looked like women doing that kind of business. Suzi didn't want to say anything to them, just wanted to ask them what they were looking at on their mobile phones?

Suzi's mobile phone is an old model.

Cannot download advanced software.

"Can you show me the phone?" The two women handed the phone to Suzi, and Suzi saw that it was played in a short video software.

In the video, Suzi is sandwiched between two men. You drag me as if she is a prey. This only happened this morning. Who made this video and posted it on the Internet?

Suzi didn't know.

Two women who only heard about her said: "Your little video has a high hit rate and a lot of comments, but it's not a good thing, so you don't want to watch it."

Another woman immediately took it: "What's not a good thing, my old lady has her ability to hook others, and it's in your way! Those who criticize and scold someone, and they have to go to the upper circle at the expense of hue, they are all jealous. !

Pure jealousy!

They want to go to the upper circle, but they don't even have the ability to hook men like this.

No one can hook up, let alone two! "

Suzi: "..."

She didn't need to read the comments below to know what they were all about.

But she didn't want to know. Because knowing it will make me more psychologically burdened and powerless, anyway I am not afraid of shadow evil!

Besides, I will be able to leave Cloud City in three days.

Do you still care about what these uploaded things and comments do?

She calmly finished the small casserole and returned to her residence peacefully from the alley. During the period, someone was pointing to her from behind, but she just pretended not to hear it.

When he returned to his residence, closed the door, and was about to wash and wash and go to bed, Suzi's cell phone rang, and he picked it up to see that Arron was calling.

She hesitated for a moment and connected: "Hello?"

Chapter 156

There is no sound at that end.

Suzi said faintly: "Mr. Fu, I know what you want to say, and I don't want to explain. Please tell your sister-in-law and let her take care of her son..."

"You woman, do you really think I can't do anything with you? You're tired of life and crooked!" Arron was not at the end of the phone.

It was an old voice.

Suzi: "Are you?"

"Listen to me! I want to squeeze you to death, like an ant!" said the old man's angry voice on the other end of the phone.

Suzi still couldn't tell who was coming.

At this moment, there was a sudden commotion on the other end of the phone, and Suzi vaguely heard Christopher's voice from the phone.

"Master, you... how can you do this? The fourth master is in a meeting, how can you use his cell phone to dial out?" Christopher looked at Master Fu Hengsheng incredulously.

Suzi immediately knew who the other party was.

It is Arron's grandfather, Fu Hengsheng.

But what does it matter to her?

She is already leaving!

Suzi hung up the phone without hesitation.

On the other end, Fu Hengsheng was even more angry, and the mobile phone was also ordered by Christopher.

Fu Hengsheng slammed on the ground with a crutches: "That woman! Christopher! Christopher! You will find that woman for me! Is she going to disturb my Fu and Chu family? I will bury her alive. Up!"

Christopher: "..."

Not far away, the lady at the front desk said with great embarrassment: "Assistant Yan, the old lady is going in, I can't stop it even if I want to..." The front desk was very scared.

Since Arron took over the Fu Group four months ago, Arron has stipulated that idlers cannot enter the company. The so-called idlers in Arron's mouth include family members of the Fu family.

Including Arron's father and Arron's grandfather.

Because of this regulation, Fu Hengsheng never came to the company. He knew Arron's temper. Arron could do anything, so Fu Hengsheng didn't dare to come.

However, today Fu Hengsheng was really maddened. He asked the driver to send him to the Fu Group. He broke in after entering the company. He came to the company and found that Arron was in a meeting. It happened that Arron's mobile phone fell in the office. The old man was very smart. The password used to unlock is the birthday of Arron's mother Shanna.

It turned on.

Immediately, he dialed Suzi's number.

Unexpectedly, just as he said a word, Assistant Yan snatched the phone away, and the other party also hung up.

The old man was furious: "Where's Arron! Call me the dead boy Arron!"

Front desk: "..."

Christopher looked at the front desk and said, "It's okay for you. Go ahead."

The front desk gratefully said, "Thank you Assistant Yan." After that, he ran away quickly.

Here Arron came over.

The company seldom worked overtime, and Arron seldom had meetings after get off work.

The reason for this emergency meeting was that he saw the short video, and on the headline, various push videos were playing videos of Suzi sandwiched between Joan and Sanford.

Comments are also varied.

My aunt personally called Arron for help.

Arron had to deal with this matter urgently. This is the main reason for his meeting today.
