

# Chapter 163

Lanita said with a gentle smile: "Good Brother Arron, I will listen to you."

After speaking, he deliberately looked at Suzi.

There is an indescribable sadness in Suzi's heart.

Maybe Arron didn't love Lanita, but Lanita had his child. This is the family of the three of them who cannot give up. Outsiders can't get in. Suzi stood here watching Arron dominate Lanita so much. Suzi felt like a joke.

A big joke.

For the expectant mother who was also pregnant, how could the fate of her and Lanita be so different?

She raised her chin, looked at everyone present arrogantly, and slowly said: "Since Mr. Fu is here, then I will speak clearly here today.

First of all, I have never seduce Arron!

It was Arron who took the initiative to find me because I had a good relationship with her mother. Arron couldn't find me to give his mother a dying comfort.

Yes, we have signed the contract.

But I was just to deceive Aunt Xia. Now that Aunt Xia has passed away, then I will repeat it here in front of many of you.

You all listen!

Me, Suzi! I have never coveted Aunt Xia for a penny. Aunt Xia and I have a real friendship. We are family relationships. Aunt Xia treats me as a daughter and I treat her as a mother!

My family relationship with Aunt Xia has nothing to do with Arron!

I die poor, starve to death, and beg for food. I will not blaspheme the affection between me and Aunt Xia!

Arron, do you understand? "Arron: "..."

Suzi looked at Arron very contemptuously: "Arron, the reason why I take care of Aunt Xia is not because you signed the contract for me, and I will not ask for the money from your contract. I will never want it! Because I took care of Aunt Xia. Be my relative!

As for you, if there is no Aunt Xia, I would never know you!

From now on, I have nothing to do with you! "

These words were extremely arrogant.

Christopher was shocked, and Arron had nothing to say.

None of those present here dared to say anything.

Suzi looked at Joan's mother again and said, "Mrs. Chu, as for your son, I have never loved him! It is he who provokes me again and again. I am willing to associate with him because I am grateful for him. I think he is the only light beam in my life, and I cherish it very much.

However, this little beam was also broken by himself.

I saved your son's life, and I never thought that your family would give me anything back.

However, to say that I seduce Joan is because you wronged me!

If you want your son not to interact with me, please take care of your own son!  
"

Joan's mother: "..."

"And you!" Suzi looked at everyone present, and she sneered: "Is your son and master very expensive? But in my eyes, Suzi is not as good as a fart! I, Suzi, never want to think about it again in my life. Step into this city! Never want to have anything to do with anyone in this city again! Have you seen this phone?"

Suzi raised his mobile phone and shook it: "Here is Joan's contact information, Sanford's, and Darius's. I'm throwing it down in front of you now!"

After that, there was a "bang!"

The phone was smashed to the ground and shattered.

## Chapter 164

Suzi's fall of his mobile phone was equivalent to falling on the face of the upper circle of Jeonnam City, and they had no face when they fell.

There are many wealthy family owners and wealthy ladies present, all of them looked at the mobile phone that was broken to the ground with embarrassment on their faces.

Suzi also looked at them with a contemptuous sneer: "I have already bought the ticket to return to my hometown. The day after tomorrow, I will leave Yuncheng in one and a half days. Yuncheng belongs to you people. I, Suzi, will always Not rare! Never come back. As for what kind of woman your own son will be hooked off in the future, it has nothing to do with Suzi. I wish your son

brother not to be seduced by any woman in the future. Now I ask Mr. Fu, have I explained things clearly enough?"

Fu Hengsheng's old face was really unbearable.

He originally wanted to ask Suzi to apologize to the people in these upper circles, and promised that in the future, he would never have anything to do with the brothers of the upper circles, and would never have any wrong thoughts about them.

As long as Suzi is willing to put an end to those elder brothers, and is willing to apologize and promise to these people here, Fu Hengsheng intends to compensate Suzi a sum of money.

After all, in the one or two months before Shanna's death, it was indeed Shanna who Suzi took care of in front of Shanna.

Even if Suzi has no credit, he still has toiled!

Although Fu Hengsheng is fierce, he is not so uncomfortable.

She is reasonable.

But Fu Hengsheng didn't expect that Suzi would be so violent that he would commit suicide here on the spot without fear of death.

She would rather commit suicide and would not apologize to them.

This really slapped their upper circles in the face!

She is not so rare about these prince brothers, are these prince brothers all rubbish!

However, Fu Hengsheng didn't dare to be too presumptuous in front of his grandson. He pushed the boat along the water and said: "You fell well, and

what you said is also very bold. These people here today have all heard it. I hope you can speak your words.

Don't say it nicely, don't sit like that when you turn around!

At that time, if you have any unruly intentions, those of us here will not spare you like this time! You go! "

Suzi turned around and left.

Never looked at Arron again.

Christopher next to him was very wronged for his father.

The Lord kept guarding all night, and helped her process those videos without blinking his eyes all night.

You must know that if those videos are circulated again, and the streets and alleys will be circulated again, then she might be thrown rotten eggs when she walks.

And she, who is not grateful to her father at all, can still look so decisively at him, so she just left?

Until Suzi's figure completely disappeared from Fu's old house, Suzi didn't look back at anyone.

How many tears did she shed. How sad she is, she will not let anyone until, because in this world, except for Aunt Xia, who has passed away, no one will really care about her and love her.

Suzi is gone.

Arron also hugged Lanita and sent her back to Lin's house.

Because of Arron's suppression in the hall, they became active instead.

The discussion is getting louder and louder.
