

Chapter 181

Suzi didn't care: "Arron, that rainy night, do you remember that rainy night? That rainy night, you were in the dark room, you asked me sadly, asked if I was selling it?"

I cried, and I said I was not.

You were surprised to ask me if it was the first time.

Do you remember? Arron? "

At this time, Suzi could no longer care about blushing and nothing. She must let Arron know the truth, and she must not let her children lose the opportunity to recognize her father.

She can't let others occupy the magpie's nest.

"They, the Lin family... The Lin family was not trying to save you at all. They were trying to kill you. They were afraid to find a woman who sold you to use it for you. That woman could not keep her mouth tight, so Jarod was here. I was found in the prison, and Jarod didn't expect you to fight back.

When he found that you absolutely counterattack, he let his daughter impersonate me and tell you that it was Lanita that night.

While thanking them for the Lin family, you must marry Lanita as your wife.

Arron, you are a shrewd and decisive person, you must distinguish clearly. "

At this moment, Suzi, who has always been taciturn, is methodical. Although she is very excited and can't wait, she speaks clearly and says things in an orderly manner.

So Moira and Lanita behind them couldn't help being frightened.

Moira hopes that after Suzi knows the truth, he will come to the wedding scene and cry and make a lot of noise. In this way, although Lanita and Arron's wedding will be disturbed by their feet, Suzi's crying and loud hysteria can also be completely aroused. Arron rushed to extinction.

As long as Arron rushed to kill Suzi, their Lin family would be safe, and Mrs. Fu Lanita's position would be preserved.

However, Suzi is not hysterical at all.

On the contrary, Suzi was very brave. She was here to fight for Arron. Suzi was excited, but she was still organized.

Now it can only be seen how Arron disposes of Suzi. At this time, Darius, who sent Suzi over, was also stupid and generally stunned outside the car. He thought that Suzi and Arron had been married for two months and had feelings for Arron, or she and Arron had a substantial relationship. That's why Suzi came here.

But never thought, is the truth like this?

No wonder Suzi is so anxious to come over. However, in this situation, Darius is also very worried that Suzi will be killed in the next second.

He took out his phone and secretly sent a private message: Where are you, come here, I'm afraid Suzi is in danger!

As soon as Darius's private message was sent out, the two bodyguards next to Mr. Shu took the book celebrity away.

"What are you doing!" Darius struggled.

"Master, please go to his car!" The bodyguard said blankly.

In the trunk of Darius's car, there were two snakeskin bags from Suzi, which contained some cheap belongings from Suzi. At the request of Mr. Shu, two

bodyguards took out Suzi's belongings from the car and were still there. To the side of the road.

Comparing the two eye-catching snakeskin bags to this grand and luxurious wedding scene, they looked so out of place and ironic.

Some onlookers whispered: "Such a woman, delusionally approaching Mr. Arron, she really doesn't want her life."

"As for this kind of woman, there are people who are unclear at first. She neither takes fate nor shamelessly."

Suzi couldn't hear what they said.

"Boom her out!" Arron said coldly.

Moira and Lanita were shocked.

Didn't Arron order people to sack Suzi, but just blast Suzi out?

At this time, the four bodyguards of the Fu family carried Suzi and carried her out like a chicken.

One of the bodyguards said indifferently: "Miss, if you want to make trouble again, your life will be gone!"

Chapter 182

At this moment, Suzi couldn't feel despair. She could only try her best to convince Arron that this was all her hope, and she didn't care if she was dead or not, she just madly kicked and kicked the four bodyguards.

Two of the bodyguards were kicked away by her.

But this was also because Fourth Master Fu had an order not to hurt anyone.

The bodyguard didn't know how deep this troubled woman was with Siye Fu. She dared to make such a noise at the wedding, but Siye didn't even cut her off?

The bodyguards dare not act rashly for those who are not allowed to move by Fourth Master Fu.

Suzi bit one of the bodyguards' arm severely in one bite, and the bodyguard was so painful: "Aw..." and let go of Suzi.

When Suzi was struggling like a she-wolf hysterically, the last bodyguard failed to hold Suzi.

Suzi ran towards Arron again.

She and Arron are also ten meters away.

"Arron! Did you let your son follow your old path? Have you forgotten how hard Aunt Xia has pulled you? Arron..." Suzi roared.

Arron was really angry this time!

He shook off Lanita's wrist and turned and strode towards Suzi. Suzi also rushed towards Arron, and the two of them walked to Suzi's two big snakeskin bags at the same time.

The man looked condescendingly at Suzi.

Suzi was holding her two snakeskin bags because she could not stand firmly. She half bent her body, looked up at Arron, and said sincerely: "Arron, I am the woman who saved you... You must marry me. Arron..."

"Whimsical!" Behind him, Mr. Fu suddenly arrived.

Seeing that Suzi came to the scene brazenly to grab the marriage, Father Fu raised his foot and kicked Suzi to the ground.

Suzi held his snakeskin bag and looked up at the angry old man Fu.

"You really have no lower limit, no shame, and you can do everything. The swearing words you said yesterday are farts! At this time, all your faces are exposed! You lowly woman!

You don't see how ugly you are!

Do you think you can marry my grandson if you wear cheap clothes, carry two snakeskin bags, and roll around on the ground? Do you think this is a bargaining market where you buy groceries?

You lawless shrew. "

Some spectators nearby also gave pointers to Suzi.

"The woman who wants to eat swan meat! She is like a scavenger with two big snake skin bags. She is also worthy to marry Fourth Master Fu? The brain is burned out? Is she crazy?"

"80% is a neuropathy, I guess this neuropathy will not survive tonight."

"She's not insane, nor is she burnt out. This woman is very ambitious."

"What's wrong with her?"

"She went to Fourth Master Fu first, and then she was confused with Fourth Master Fu's cousin Chu Young Master. At the same time, she was also in contact with Young Master Xu from the Xu family. I heard that she disturbed the entire upper class society. A mess of dirt."

"There is also Young Master Shu. The old man of the Shu family is almost mad because of this incident."

"Oh my God, all of them are the most famous nobles, this woman is not simple."

"The four noble families have all been tainted by her. What she thinks is that she can be close to one or the other. No matter who is close to the four great families, she will make money. But it is best to be close to Siye Fu, Siye Fu One person can be on top of the other three."

"Isn't afraid that Fourth Master Fu would kill her in a rage? Her courage is really fat."

"This kind of people are all shameless and shameless. I heard that today's bride is still her righteous sister. She has been fostered in the bride's home since she was a child. As a result, she raised a white-eyed wolf and grew up to steal her sister's husband. "

"D*mn it!"

"There is such a vicious woman in the world!"

"Don't die!"
