

Chapter 209

Christopher's frightened legs softened, and he kept saying: "Madam, you must not talk nonsense, you will not die, and the little princess will not die. Fourth master is here this time..."

"Strictly wide!" Arron said harshly.

Christopher was so scared that he shut up immediately.

Lilly, who was crying, didn't dare to cry anymore, he only hugged his mother's neck tighter.

Christopher cautiously asked Arron: "Four Lord, you order."

"Someone bought Ji Yunting's real estate company in full. As for Ji Yunting, let him go abroad!" Arron said blankly.

Christopher: "Yes! Fourth Master, I'll do it on my own, um, which country did Mr. Ji send to?"

"The country farthest from Nancheng!" Arron said.

Christopher: "..."

Suzi: "..."

Simply unreasonable!

Suzi swallowed his anger, and looked at Arron as calmly as possible: "Mr. Ji just helped me say something fair. He neither saved me nor hindered you. You are so cruel to him, and you are too unreasonable. It's..."

"Christopher!" Arron shouted again.

"Yes, Fourth Master."

"Send Sanford and his parents before, now, immediately, to send abroad!" Arron's voice became more and more cold.

Christopher: "..."

Suzi immediately rushed to Arron, and grabbed Arron's arm involuntarily with both hands: "No! Please don't be okay! You want my life, the only life, we both give it to you, both of us! Please! You spare Sanford, as long as you spare Sanford, I will die as long as you let me die. You chop me and the only one into meat sauce, and cut our mother and daughter into eight pieces. I have no objection. How do you want to torture? I can do it, okay?" Arron looked at Suzi coldly: "You are born in this respect."

Suzi puzzled: "What?"

Arron said sarcastically, "No matter where you go, you can affect the hearts of many men. In the past, in Nancheng, you, a woman, affected the hearts of the entire upper-class men in Yuncheng. I have been looking for you for six years. Beaten up. Joan is mature and stable because of you.

But Sanford was even worse, he was paralyzed.

Now in the remote town of Quxian, you can still influence a big boss like Ji Yunting.

Suzi, I really look down on you. "

Suzi didn't know the irony in Arron's words.

She only smiled faintly: "You can say anything about me, but I beg you to let Sanford go. As long as you are willing to let Sanford go, I and the only one will be at your disposal."

"Are you qualified to negotiate terms with me? Even if I get Sanford to the horizon, you still have to let me deal with it." Arron looked at Suzi with a stern look.

Suzi: "..."

Looking back and seeing that Christopher was still there, Arron immediately shouted: "Now, immediately! Send Sanford to the farthest place abroad!"

Christopher turned and ran away hastily.

Suzi shed tears in despair.

Arron said blankly: "It's time for us to talk about compensation."

Suzi sneered: "If you want money, take it both for me and the only one!"

Arron sneered again: "If you threaten me with my daughter again, you will be more guilty!"

Suzi: "What?"

Arron didn't even look at Suzi, only one swollen eye socket was dark, and he squatted down again to look at Lilly and said, "Come here and call Dad."

Chapter 210

Suzi: "...". She didn't expect Arron to call him father only.

She laughed at herself: "It turns out that you are still willing to admit her?"

Arron looked at Suzi coldly: "Are you blind to me!"

Suzi: "..."

"Call Dad." Arron looked at Lilly's gentle voice again.

"You're not my father, you're a badass! You are the man my mother is most afraid of, you..." The five-year-old Lilly looked at Arron's darkening eyes, and suddenly felt inspired and said: "You are Half a panda blind!"

Arron: "... " The girl's imagination is really rich!

Suzi immediately put his daughter in his arms, gently holding Shen's only small head and said to her: "Baby obedient, don't irritate this person, listen to my mother."

She was afraid that in the next second Arron would get angry and kick the only one away.

Suzi didn't know why Arron suddenly let the only one call her father. She only remembered that in those days when she fled, he had always sent people to chase and kill her. On another occasion, the person who chased her told her in person: "Fu Siye knows that you are pregnant with his child.

But you still have to die.

Even if you give birth to the evil seed in your stomach, both you and your evil seed will die.

Because Arron didn't want his offspring to be born like him again.

Arron only let his wife bear children for him! All the illegitimate children and illegitimate daughters outside cannot live! "

At that time, Suzi was extremely desperate.

Fortunately, Sanford came faster that time and he rescued Suzi.

So at this moment, how could Suzi believe that Arron suddenly changed his temper and asked the only one to call him "Dad"?

What Arron thought Suzi didn't know. Her only hope was that she and her only mother and daughter could die together.

And the only thing, it's better not to let her die so fearful.

There were tears of fear in Lilly's eyes, but she still pretended to be brave: "Mom, don't be afraid. The only thing to protect mom is that this man is a badass!"

After finishing speaking, Lilly sharpened his throat again and screamed at Arron provocatively: "Smelly badass!"

It seemed that this would scare Arron away.

Arron stood up slowly: "Don't call my father, right? Since you don't call my father, then we will calculate based on the condition of not calling my father."

After speaking, he looked at Suzi coldly again: "Give you a chance to talk, you said, how do you pay back ten million?"

Suzi hugged Lilly tightly, looked at Arron with an indifferent expression, and slowly said: "I know that one day I won't be able to escape you from chasing me. Instead of hiding like this for a lifetime, I'd better just do it.

I don't have ten million.

Don't say ten million, you just ask me for one million, and I don't have either.

And you can't count the money you have. Your main purpose is not to ask me for money, right?

If you want to kill or slash, it's up to you! "

Arron sneered: "You are wrong! I am a businessman. For me, as long as it can be solved with money, I will definitely solve it with money. Besides, I am negotiating compensation for my friend.

If your daughter hurts someone, she has to pay compensation. "

Suzi: "I have no money!"

Arron: "You are shameless! Since you want to shame, then I have to use coercive means."

After finishing speaking, he walked to Suzi in a vigorous stride, grabbed Lilly and hugged him in his arms, and strode out.

"Mom..." Sheng Wei screamed in fright.

She wanted to kick the bad guy who hugged her, but how she kicked him just now, he didn't move, Lilly thought that the bad guy was afraid of her, but now the strength of the bad guy was too great, and Shen could not get rid of it.

She was particularly scared.

"Mom, mom, mom." Lilly's childish voice was very sharp.

"Arron! Arron, let go, let go of my daughter! Arron!" Suzi rushed forward like crazy, her hands clung to Arron's arms tightly: "Don't scare my daughter, I beg you not to scare her. Don't. Frighten her down, say, "I'll pay it back whatever you tell me to pay, I'm not shameless, what do you tell me to pay it back? Arron, you said, I'll listen to you, can't you?"

At this moment, Suzi suddenly understood that Arron was not here to kill her.

It couldn't be easier for a man like Arron to kill anyone.

What Arron wanted was to make her dead.

Arron stopped and looked at Suzi coldly: "Now that I figured it out? No shame, thinking about paying it back?"

Suzi cried and nodded: "I pay the money, I pay it! Please put my daughter down, she is only five years old, she will be afraid."

Arron returned the crying Lilly to Suzi.

The mother and daughter hugged tightly together, and Shen Only's small angry eyes glared at Arron. The stinky villain in front of him was tall and strong, much tougher than her kindergarten children, and she couldn't beat him.

Lilly thought of a solution in his heart silently.

How can I defeat this stinky, half-blind big bear.

Arron spoke unhurriedly: "Suzi, tell me, how are you going to pay back this ten million."

After speaking, he looked down at his shoes: "And my pair of shoes, my pair of shoes also cost more than 100,000 yuan, and count them together."

Suzi: "... " What would she say?

She couldn't pay it back at all.

Arron smiled meaningfully: "Suzi, thinking you were in Nancheng for the three months, you were very good at wrestling the situation, you played with all the elder brothers in the upper circle of Nancheng in your palms. At that time you were so beautiful and resourceful.

Why now, can't think of a good way to pay back the money? "

Suzi had to bite the bullet and said: "I have this house now. This house is designed and built by myself. It is not worth any money. Together with the land and the house, it is almost 300,000 yuan. I sold it. First pay part of it. For the rest, I work to make money and use the money I have earned in my entire life to pay it back."

Since she was not sincere at first, she is sincere now. She was telling the truth, she had no property, she had to sell the house, and then work to make money and repay the money for the rest of her life.

"Very good! This method is good. But how can I trust you? What if you run away again? Are you asking me to spend a few years looking for you?" Arron asked unhurriedly.

Just after asking, his cell phone rang and picked it up to connect: "Hello?"

The voice on the other end was very urgent: "Four Lord, the old man has a sudden illness and has just been sent to the hospital."

"I know, I'll go back right away!"

After closing the line, Arron didn't wait for Suzi to answer, and said bluntly: "Lilly will be a hostage to me, and then you will return to Nancheng and use you to pay back the money for the rest of your life."
