

# Chapter 239

Joan's heart throbbed more.

He looked at Suzi, and he wanted to say something but he didn't say anything. Instead, he looked at the seven or eight ladies headed by Lanita, and said in a slightly lonely tone: "Our Chu family has fallen, so you people look down on it. Me, to entertain me, I can only suffer humiliation.

But one thing I am certain is that, no matter what, I am still Arron's cousin. No matter what, Arron will not sit idly by.

One more thing, Lanita! "

Lanita sharply scolded, "Joan, you dare to call my name!"

Joan sneered contemptuously: "I don't know if you are my cousin Arron's fiancée! I only know, the woman you brought here, Suzi, is the woman my cousin Arron caught back, my cousin that person. It is strange that as long as it is his person, even the prisoner he brought back, he does not allow anyone to move a finger on the prisoner.

Otherwise, everyone, I don't have to say more about the end, right?

Lanita, don't take a bite. This is a prisoner of you and my cousin Arron. Suzi is only my cousin's, not yours!

Let's not talk about what you are to my cousin? You are only a fart with me! "

Lanita: "You! You ba5tard!"

Joan no longer looked at Lanita at all, only looked at the seven or eight ladies who were dumbfounded, and said with a sneer: "Are you tired and crooked? Dare to insult the woman brought back by my cousin with this stupid woman?"

Want to be forcibly sent to Africa by my cousin in front of your parents? "

"No...I'm sorry Young Master Ling, I...I'm leaving."

"Young Master Ling, I'm sorry, please forgive me, I...I'll get out of here too!"

"Mr. Ling, please forgive me...I am willing to sleep with you for one night, and don't betray me with your cousin." "Walk around, let's go quickly, don't hurry up and give Mr. Ling a bit."

Several celebrities were shocked, and they turned down their faces and begged Joan for mercy.

"Get out!" Joan only said one word.

The ladies kept Lanita in the private room and quickly fled the scene.

"Come back, you all come back to me!" Lanita cursed behind her. Several celebrities ignored her and all fled without a trace.

Lanita raised her hand with anger and wanted to hit Joan, but before the slap fell on Joan's face, she had already slapped Suzi firmly.

"You...you female prisoner, you dare to beat me, but I am Arron's fiancée!" Lanita touched her cheek and looked at Suzi blankly.

Suzi lifted his slap and slapped Lanita's right cheek fiercely. After the slap, he didn't understand his hatred. He raised his foot fiercely on Lanita's stomach, and kicked Lanita down. Suzi on Lanita's face: "Lanita, listen to me, I don't know whose fiancée you are! I only know that I'm Arron's prisoner, I'm already a prisoner, and I'm already dead. Not far away, who do I care about you?"

As long as I get the chance, I will definitely not spare you lightly. "

After speaking, he stomped on Lanita's face with one foot and one foot.

The stepped Lanita wailed like a pig. She was afraid that her cheeks would be trampled, so she held her head with both hands, like a mouse crossing the street, rolling everywhere. Where she rolled, Suzi stomped madly.

"Help..." Lanita cried.

Seeing that Suzi's fighting was almost done, it would be really troublesome if he played again. Joan hugged Suzi, dragged her out of the private room, then closed the private room door, and let Lanita cry in the private room.

Joan pulled Suzi to the corner at the end of the aisle, then stopped, and then looked at Suzi with a smile: "Suzi, your exploded temper is still the same as before, remember..."

Suzi looked at Joan calmly: "Young Master Chu, how do you plan to play with me if you save me?"

## Chapter 240

Joan: "...Suzi, that incident has passed for so many years, so you still refuse to forgive me?"

Suzi smiled: "Mr. Ling, I am no longer the little girl six years ago. I don't have any dreams now. There is no forgiveness or forgiveness between me and you. I have never hated you. I just want you to make it easier, okay?"

"Suzi! Do you believe me? From now on, Joan will not do anything to insult you..." Joan couldn't wait to grab Suzi's wrist and sincerely promised her.

Coincidentally at this time, a young man came out from the box he was in, and he saw Joan holding Suzi's hand in a blink of an eye: "Mr. Ling, why did you go out after so long? So you are here. When picking up a girl, I can tell you that the girl in the private room waited for you to cry, and it would be too unreasonable if you didn't go in again!"

Joan's tone was very impatient: "You go in first!"

Brother son: "..."

Just as he was about to pull Joan again, a few people came out of the box, and they walked straight towards Joan.

"D\*mn! Mr. Ling, don't you bring this, people say that Jinwu Cangjiao, but you put such a punctual woman outside, do you want to hide from your brothers and eat alone?"

"Lao Ze, you fellow, you are so unreliable!"

"Let me tell you Lao Ze, the girl in the room is crying coquettishly, why didn't you come in, there is someone outside?"

These buddies are usually idle dudes who play well with Joan.

Six years ago, Joan was famous for being able to play.

Therefore, those elder brothers are also willing to follow Joan. The person who had the best relationship with Joan before was Sanford. Within one dynasty, Sanford suddenly disappeared without a trace with Suzi, which made Joan. The psychological shock was great. Since then, Joan has been even more defiant.

Later, the Chu family's industry shrank and most of them belonged to the Fu Group. The Chu family only took a small dividend. Arron did not like relatives to participate in the Fu Group's affairs, so Joan became more and more unjustified. Occupation can be done.

He just has nothing to do every day, either in a bar or in a private room in the Golden Cave.

In fact, although Joan seems to be bohemian on the surface, deep down in his heart, he has been thinking, where can Suzi go?

Is Suzi dead or alive?

Six years have passed since that incident, and to this day, the scene where Suzi, who was pregnant at the time, risked his life to save Joan is still clearly visible in Joan's mind.

It's as clear as what happened yesterday.

Joan looked at a group of buddies with a lazy expression, and said, "You all return to the box. She is not the person in this box. She is different from the women in the box. Don't try to get her idea."

"What's the difference? Isn't it just a little purer than other women? No matter how pure, doesn't it also do this? Is it possible that she has more tricks than our Lianlian?" One of the sons who hugged the woman raised his hand. He put his arms around the woman and asked with a smile.

"fcuk you not serious! The old lady's trick, you saw it with your own eyes!" The woman named Lianlian smiled and cursed without shame.

"Why don't you show it to me in a while and I'll make a video?" the man laughed.

The woman raised her eyes and glanced at Suzi, and said with some jealousy: "There are masters here today, how can it be obvious that I am like this."

These people, whether men or women, speak on this occasion, and they are never small, and they can never be a vegetarian if they can feast.

This is also a kind of ostentatious capital.
