

Chapter 267

Some hold it again.

"Lao Jun, you made an appointment with me today, and I came here. I don't know if Lao Fu will give me face. You should know better than me how decisive he is. I can make peace with him. I I'm afraid he won't let me go!" The man who was talking was a man in his thirties with a horizontal scar on his face.

He looked very fierce, but the woman next to him was a charming and charming beauty.

"Lao Zhong!" Kraig said unceremoniously: "It's not that I said you! Don't say that Lao Fu doesn't give you face, even me, he and I have been playing together since childhood to become the fourth brother! He! Can you save me face?"

Although his person is a bit cruel, he never played with a knife behind his back. What did you do back then?

If it weren't for the trip you stumbled upon him back then, Lao Fu's mother, can Aunt Xia go to jail? If Aunt Xia does not go to jail, Aunt Xia would not die with him.

How did you make Arron make peace with you! "

Zhong Muzhan's tone vented: "I was forced by the older brothers of the old Fu. The Fu family was very popular in Nancheng. If I didn't do that, all of my Zhong family's properties in the southwest would have nothing to do. What can I do?"

"Then you will obediently admit your mistake now!" Kraig said without wanting to say: "Mu Zhan, I am for the sake of your dead brother and my

comrade-in-arms, so I will lead you to this line. As for you Whether you can make peace or not has nothing to do with me.”

“Understood. Thank you, Brother Jun.” Zhong Muzhan said.

As soon as his words fell, Arron opened the door and walked in.

All the people sitting in the box stood up unanimously.

“Old Fu!” Kraig shouted.

Two other men who were about the same age as Kraig also got up and laughed: “Old Fu, here comes.”

Arron nodded slightly.

Holding Suzi’s hand, he never let go, and Suzi’s expression was also indifferent and calm.

Especially the little dress she wore was totally different from the other women in this box.

These women are either mature or charming. Only Suzi is pure and pure like the new Xiaohejian from Qingchen.

Moreover, being held in a man’s hand is like a treasure protected by a man.

There are a few women in the huge box, and there are a few women who are jealous of Suzi.

“Old Fu, you are a full half an hour late. According to the rules, you have to fine 30 glasses of wine, one drink a minute, how about it?” The man sitting next to Kraig looked at Arron with a smile on his face. .

Arron didn’t look at the man.

Just looking at Zhong Muzhan: "Why are you here?"

There was a trace of anger in Zhong Muzhan's eyes, and it was just a flash, and he said: "Old Fu, friends for so many years, you are also angry with me. Six years have passed. For the sake of Brother Jun, You should forgive me, right?"

Arron said coldly: "You still know that I am the old Fu!"

Zhong Muzhan: "Back then, I was also forced by your older brothers. If I didn't follow them, our Southwest Zhong family would have to be annexed by your Fu family. If the Zhong family was really annexed by your brother, you would later When counterattack, what can I do to help you?

When you counterattacked back then, none of us gave you less strength! "

What Zhong Muzhan said was a matter.

Although Arron was alone in the Fu family, when he was in exile, he made some dead friends.

Among them is Kraig.

There is also Zhong Muzhan.

Moreover, these people are all forces outside of Cloud City. With the help of these people, Arron is now on the top of Cloud City.

Arron chuckled, "You kid, drink thirty glasses of wine for me!"

Zhong Muzhan immediately smiled: "No problem! But..."

He looked at the innocent girl next to Arron: "Arron, who is this? Shouldn't you have Lanita next to you?"

Hearing the question to himself, Suzi immediately replied: "I am the wine girl brought by Mr. Fu."

Chapter 268

As soon as Suzi spoke out, there was no peace in the huge box.

Arron captured a woman who came back from the field, as if he had an enemy with this woman. The spread has spread throughout Cloud City these days. Now, listening to the girl say this, it should be her.

Bringing this woman here today, it seems that you want to give a big gift to your brother?

Arron put a cruel face to Suzi's ear, and whispered: "Are you in such a hurry to identify your identity?"

Suzi's complexion was flat: "Yeah." There is not even a word left.

Here, she doesn't need to say much.

She didn't know what to say.

Just follow Arron's arrangement.

Arron: "... I really want to choke this woman to death!

Among those present here today are four of his brothers who were born and died. At that time, Arron was alone in the Fu family. His status and status were not even as good as a servant of the Fu family. Not only did he have no inheritance rights in the Fu family.

He is still unable to engage in business related to the Fu family.

To put it plainly, it means that he is the son of Fu Zhengxiong, but he will starve to death after he is born.

At that time, Arron could not be a servant in the Fu family because he was still the young master of the Fu family.

You can imagine how difficult the days are.

Later, Arron was exiled to a foreign country and was not allowed to return. Instead, he had a more relaxed and comfortable life because his mother had a good job abroad. From that time on, Arron became his first brother of the opposite sex, Jun Jing. Yu. The two had joined an employment organization in the country and had undergone the most arduous training. During that process, Arron had saved Kraig's life, and the two had a life-long friendship.

Later, Kraig returned to China for development.

Arron is still abroad.

Later, Arron got acquainted with Zhong Muzhan, who was equally depressed and squeezed out by the family's second uncle and third uncle, who had almost lost his life. When the clock Muzhan was chopped off, he was dying with a big wound on his face.

It was Arron who rescued Zhong Muzhan.

Provided him a shelter, after Zhong Muzhan was saved, he went back and took back the business of the Zhong family, a major town in the southwest. It was only when Zhong Muzhan did not know that Arron was expelled by the entire Fu family. Yes, after returning to China, Zhong Muzhan also went to the Fu family to thank him.

Then, he was almost taken advantage of by the Fu family. When the clock was on display, he could only deal with the Fu family by imagining the snake, in order to save Arron's life.

Later, Arron met Jiang Shenhe, a northerner.

Since then, Arron's circle of friendship has formed, but no one knows these in Nancheng, the largest city in the country.

In the eyes of the Fu family and even the people in Nancheng, Arron was still an illegitimate child who was exiled abroad and had no income.

They didn't know that Arron had begun to make arrangements quietly.

At the beginning of Arron's layout, his mother Shanna was sent to prison by his elder brother. The elder brother saw that his mother Shanna's architectural design abroad was very successful, and he was afraid that Arron's life would be a threat to him, so he first treated his mother Shanna. Down.

In order not to get rid of the trouble, and to let her son have a good development, her mother spent several years in prison.

During this period, Arron worked step by step.

Although he was useless on the face of it, and even had to rely on the Fu family's servants for alms and some leftovers for food, in fact, the entire Fu Group's core high-level executives had been replaced by Arron.
