

Chapter 277

If Ivy did not do well, she must correct it.

May I ask Mr. Fu to give Ivy a chance? "

Arron glanced at Ivy.

Then he looked at Suzi and said, "Why did she ask you to lift her shoes?"

Suzi lowered his head and shook his head: "I don't know her. My hands are a little sticky. I am washing my hands. This lady came in and asked me to lift her shoes."

After finishing speaking, Suzi looked at Arron with an indifferent expression: "Mr. Fu, I don't know what games you play. After all, I am the first one on this occasion. Just say what you want me to do, and I will do it all. Got."

Arron looked at Ivy again: "In this way, you squat and kneel to lift Suzi's shoes, and then find her forgiveness. If she forgives you, you don't need to punish you. Okay?"

Ivy: "... " Do you want her to wear shoes with a accompaniment woman?

Have to squat and kneel?

Have her to forgive herself?

Ivy felt this was a great shame, but when she saw Arron's eyes that would never let her go, Ivy immediately softened. She looked at Suzi in seconds and walked towards Suzi step by step.

Suzi reflexively hid to one side immediately: "You... don't get close to me! I hate the smell on you! Keep away from you, it's stinking!"

"Puff..." Kraig almost laughed and barked.

Dalia, a confidante beside Kraig, also looked at Suzi with a smile.

Zhong Muzhan and Jiang Chenhe looked at each other.

Ivy's face was embarrassed to the extreme. She smiled more embarrassedly than crying and pleaded with Suzi: "Shen...Miss Shen, please let me lift your shoes once, or I will fine you ninety. A glass of wine, I will be burned to death."

Suzi said in a cold and indifferent tone: "I'm sorry! I didn't let you drink, stay away from me!"

It's not that Suzi has no sympathy. In fact, she is also a woman who is slaughtered by others and does not know what will happen next. Where did she save others? What's more, this woman was so arrogant in the bathroom just now. After coming out of the bathroom, she was also exquisite. A woman who is like a fish in water.

Where does she need Suzi to give her a chance?

I'm afraid it's a kind of game, right?

Suzi can't afford to play games, she just wants to protect herself.

Moreover, the smell of women is indeed unpleasant.

"Come here!" Arron called to Suzi, "Sit down to me."

Suzi sat next to Arron obediently. Arron raised his eyes and looked at Ivy coldly: "Suzi disagrees, then you can only fine ninety cups of wine. Don't make conditions with me, otherwise, 100 Twenty cups.

Those who are familiar with me, Arron, know that, I say one thing.

Drink the bar, Miss Ai. Is your last name Ai? "

Ivy: "...” She can't do Ai. Ivy is her stage name. When asked by Arron at this time, she immediately answered honestly: "I...I don't My surname is Ai, my surname is Wang, and Wang Cai'e."

"Puff..."

"Hey..."

"God, such an earthy name."

As soon as Ivy's words were spoken, laughter was aroused.

Arron didn't laugh, he only said contemptuously: "You don't have a surname Ai, but you are called this word before. At first I thought you were suffering from that kind of disease, Ai Ai's!

Didn't you get sick! "

Ivy: "No... no complications."

"Then drink ninety glasses of wine!" Arron suddenly stern.

Chapter 278

Suzi, who was sitting next to Arron, was taken aback by Arron's actions.

Suzi was about to lean behind Arron, but saw Ivy kneeling in front of him with a puff, crying tears: "Miss Shen, please raise your hand high and let me go, okay?"

Suzi: "..."

She really doesn't want to care about this woman!

Obviously she didn't know this woman at all, but this woman wanted to let Suzi lift her shoes.

Still swearing!

"Miss, your face has changed so quickly." Suzi sighed calmly: "It was you who ordered me to lift your shoes in the bathroom. Mine is you.

Now, you are the one who kneels in front of me and cries with pitiful tears.

Which one is the real you?

I really don't know. I can't solve the problem of food and clothing. How do I know who you are?

Don't I know who you are is wrong?

Is that how you upper-class circles bully people? "

Ivy: "... " At this time Ivy discovered that Suzi didn't even know that she was a bright star in the entertainment industry.

Ivy held Suzi's feet with both hands, and kept begging: "Miss Shen, it's me who should die and I'm wrong. I shouldn't be arrogant and bully. Please forgive me this time, okay, please. Miss Shen."

Suzi shook his head: "Miss Ai, you may not know it. It's really useless to beg me. I'm just becoming someone else's plaything when I am here. What use is it for you to beg me?"

After speaking, Suzi sighed and looked at Arron and said, "Mr. Fu, if you punish this Miss Ai because of me, I personally don't think it is necessary.

I don't hate her. I don't think I personally have that special treatment. I have to punish a woman.

You punished her for other reasons, right?

Please don't let me be caught in it. If you really punish her because of me, please let her go.

I... don't need it.

I can't see through you, nor can I play your alternative games.

I'm willing to bet and lose no matter how you want to punish me. As for the affairs between you and other women, I... don't want to participate. "

From beginning to end, Suzi looked calm and lonely.

No one else could see any emotions in her.

Suzi really didn't.

What kind of depravity is she tonight, and whoever she accompanies, she will accept her fate and will never struggle.

However, she doesn't want to be involved in matters that are out of the question, and can't afford to participate.

Arron looked at Suzi with interest.

She is neither happy nor angry, humiliated and not surprised, as if she is a kind of calmness that bears cruelty but never screams, which is far different from Ivy, who was just arrogant but now humble and ugly.

Arron looked at Ivy again: "Is the new actress right?"

Ivy nodded: "Yes, yes, Mr. Fu. If... If you are willing to spare me, I will do it for you personally for the advertisement of your Fu Group for the next year, no... .No advertising fees, my appeal is still very much in the whole country..."

"Get out!" Arron said.

"What did you say?" Ivy thought she had heard it wrong.
